Introduction
The University of Sydney was incorporated by an Act of the Legislature of New South Wales on 1 October 1850, and was the first university to be established in Australasia. The Act of incorporation was amended by subsequent Acts enlarging the scope of the University and the whole were consolidated in the University and University Colleges Act 1900, as amended. This was then replaced by the University of Sydney Act 1989, as amended. By a Royal Charter issued 27 February 1858, the degrees of Bachelor of Arts, Master of Arts, Bachelor of Laws, Doctor of Laws, Bachelor of Medicine and Doctor of Medicine granted by the University of Sydney are entitled to rank, precedence and consideration as if the degrees had been granted by any university of the United Kingdom. At the time of its inauguration on 11 October 1852 in the Sydney College Building—now the Sydney Grammar School near Hyde Park—the University had a staff of three professors and a total enrolment of 24 students. Women were admitted to membership of the University in 1881, the degree of Bachelor of Arts being conferred on the first two women graduates in 1885.

By the University of Sydney Act 1989, as amended, the University is a body corporate consisting of a Senate constituted of parliamentary, official, appointed and elected members. The parliamentary members comprise two members, one elected by and from the Legislative Council and one elected by and from the Legislative Assembly; the official members comprise the Chancellor (if the Chancellor is not otherwise a member of the Senate), the Vice-Chancellor and the presiding member of the Academic Board; the appointed members comprise four persons appointed by the Minister of whom one is to be appointed on the nomination of Senate; the elected members comprise four persons elected by and from the members of the academic staff of the University, one person elected by and from the non-academic staff of the University, one person elected by and from the undergraduate students of the University (who is not a member of the academic or non-academic staff of the University), one person elected by and from the postgraduate students of the University (who is not a member of the academic or non-academic staff of the University), and five persons elected by and from the graduates of the University (who are not members of the academic or non-academic staff or undergraduate or postgraduate students of the University). The Senate may appoint one other person to be a member of Senate. Elections must take place in the manner prescribed by the University of Sydney By-law 1999. The Senate has power to make by-laws governing discipline, curriculum, and other matters, subject to the approval of the Governor. The functions of the Academic Board, the University's principal academic decision-making body subject to the Senate, include maintaining the highest standards in teaching, scholarship and research and, in that process, safeguarding the academic freedom of the University. The Academic Board advises the Senate and the Vice-Chancellor on all academic matters relating to and affecting the University's teaching and research activities and its educational programs, including general advice on the academic priorities and policies of the University. The faculties, academic colleges and boards of studies are responsible for the supervision of teaching and the conduct of examinations.

The faculties/academic colleges/graduate schools in order of establishment in the University are: Arts, Law, Medicine, Science, Engineering, Dentistry, Veterinary Science, Agriculture (renamed Faculty of Agriculture, Food and Natural Resources in January 2002), Economics (renamed Economics and Business in September 1999), Architecture, Education (renamed Education and Social Work from January 2003), Sydney College of the Arts, Sydney Conservatorium of Music (the Department of Music will amalgamate with the Conservatorium in 2005), Nursing (renamed Nursing and Midwifery in 2005), Health Sciences, Pharmacy, the Australian Graduate School of Management (at the University of Sydney and the University of New South Wales), Rural Management (a Board of Studies in Rural Management will operate from 1 January 2005 as operations are transferred from the Faculty to Charles Sturt University) and the Graduate School of Government. There is also a Board of Studies in Indigenous Studies that supervises the award of degrees; the board of studies in social work merged with the Faculty of Education in January 2003 and the board of studies in music was dissolved in October 2004.

In 1989, the New South Wales government legislated for the amalgamation within the University of Sydney of the Cumberland College of Health Sciences, the Sydney College of the Arts and the Sydney Conservatorium of Music as academic colleges of the University. Two members of the Sydney College of Advanced Education, the Institute of Nursing Studies and the Sydney Institute of Education, also became part of the University. These consolidations came into effect on 1 January 1990. Nursing became a Faculty on 1 January 1991; the Faculty of Health Sciences was established on 28 October 1991; and Education merged with the Faculty of Education on 1 January 1992. Orange Agricultural College, formerly an academic college of the University of New England, was established as a college of the University of Sydney, with effect from 1 January 1994, and from 1 January 2000, became the Faculty of Rural Management. The Graduate School of Business at the University of Sydney and the Australian Graduate School of Management at the University of New South Wales merged to become the Australian Graduate School of Management (at the University of Sydney and the University of New South Wales) as of 1 January 1999. From 2005 operations will be transferred from the Faculty of Rural Management to Charles Sturt University, and responsibility for undergraduate nursing will be distributed among Charles Sturt University, the University of Technology, Sydney and the Australian Catholic University.

There are over 50 departments and schools in the University, spanning a wide range of interests. In all of them active research and other scholarly activities are carried out aimed at advancing the fund of human knowledge. The University of Sydney Library has the largest university collection in Australia.

The Camperdown and Darlington campuses, adjoining Parramatta Road and City Road, cover a total area of about 72 hectares, comprising 50.6 hectares administered by the
University and 21 hectares granted to the six affiliated colleges. In addition, several important parts of the University are located away from these campuses. These include the Sydney Conservatorium of Music at the redeveloped Greenway Building in Macquarie Street; the Law School in Phillip Street; the Faculty of Dentistry at the United Dental Hospital in Chalmers Street and at Westmead; the Faculty of Health Sciences at Lidcombe; Sydney College of the Arts at Rozelle; the Faculty of Nursing at Camperdown; the Faculty of Rural Management at Orange; the University Farms. Rural Veterinary Centre and some teaching and research accommodation for the Faculties of Veterinary Science and Agriculture at Camden; the Crommelin Biological Research Station at Pearl Beach; One Tree Island Biological Research Station; the Plant Breeding Institute, Camden; I.A. Watson Wheat Research Centre, Narrabri; the McGarvie Smith Animal Husbandry Farm near St Marys; the Molonglo Radio Observatory at Bungendore; the Fleurs Radio Astronomy Station near St Marys; the Livingston Farm Management Institute at Moree; and ‘Arthursleigh’ and Mount Pleasant at Marulan. In addition, there are nine general teaching hospitals, seven special teaching hospitals and over twenty other hospitals where medical teaching and research are carried out. Large numbers of students and staff are located in the hospitals. The hospitals include—General: Calvary Hospital, A.C.T.; Concord Repatriation General Hospital, Lidcombe Hospital, Nepean Hospital, Royal Alexandra Hospital for Children, Royal North Shore Hospital, Royal Prince Alfred Hospital, Westmead Hospital and Woden Valley Hospital, A.C.T.; Special: Blacktown Hospital, Manly Hospital, Royal Rehabilitation Centre Sydney, Sydney Eye Hospital, Sydney Hospital and Sydney Urology and Surgery Centre. Dental teaching and research take place at the United Dental Hospital and Westmead Hospital.

The published record of the work and proceedings of the University is contained in the Calendar and the Animal Report. In addition, the University issues annually (or biennially in some cases) a handbook for each faculty and college and for each of the boards of studies, as well as prospectuses for intending undergraduate and graduate students, a Map Guide and various other publications about the University’s achievements. Copies of all publications may be obtained on application to the Registrar.

A major two-volume history of the University, entitled Australia’s First: A History of the University of Sydney, has been published. Volume I 1850–1939 was published in 1991, and Volume II 1940–1990 was published in 1995. There is also Australia’s First: A pictorial history of the University of Sydney 1850–1990, published in 1994 and Liberal Education and Useful Knowledge: A brief history of the University of Sydney —1850–2000 by Professor Sir Bruce Williams published in 2002.

Any information required about the University, about courses offered and about the University, will be readily supplied on application to the Registrar. All correspondence should be addressed to:

Royal Charter of the University of Sydney
Royal Charter of the University of Sydney

February 27th, 1858

Recites Act of Incorporation. VICTORIA, by the Grace of God, of the United Kingdom of Great Britain and Ireland, Queen, Defender of the Faith, to all to whom these presents shall come Greeting: Whereas under and by virtue of the provisions of an Act of the Governor and Legislative Council of our Colony of New South Wales, passed in the fourteenth year of our reign, No. 31, intituled 'An Act to Incorporate and Endow the University of Sydney', and to which our Royal Assent was granted on the 9th day of December, One Thousand Eight Hundred and Fifty-one, a Senate, consisting of Sixteen Fellows, was incorporated and made a body politic with perpetual succession, under the name of the University of Sydney, with power to grant, after Examination, the several degrees of Bachelor of Arts, Master of Arts, Bachelor of Laws, Doctor of Laws, Bachelor of Medicine, and Doctor of Medicine, and to examine for Medical Degrees in the four Branches of Medicine, Surgery, Midwifery and Pharmacy. And whereas our trusted and well-beloved Sir William Thomas Denison, Knight Commander of our most honourable Order of the Bath, Lieutenant-Colonel in the Royal Engineers, our Captain-General and Governor-in-Chief in and over our said Colony, has transmitted to us the humble Petition of the Senate of the said University of Sydney under their common seal, dated the 9th day of February, One Thousand Eight Hundred and Fifty-seven, wherein is set forth a statement of the establishment of the said University, the appointment of learned Professors of the Faculty of Arts, and the Provisions adopted and to be adopted in respect of the Faculties of Laws and Medicine, and the course of Education and discipline for the Scholars, Undergraduates, and Graduates of the said University, and in which it is humbly submitted that the standard of acquirements which must be attained by Graduates in the University of Sydney is not below that prescribed by the most learned Universities of the United Kingdom, and the direction of the studies in the said University has been committed to Professors who have highly distinguished themselves in British Universities, that the rules under which the high standard in the University has been fixed cannot be altered without the approval of our representative in the Colony, and that there is invested in him the power of interference should the rules laid down be unduly relaxed in practice, and that, therefore, the Memorialists confidently hope that the Graduates of the University of Sydney will not be inferior in scholastic requirements to the majority of Graduates of British Universities, and that it is desirable to have the degrees of the University of Sydney generally recognised throughout our dominions; and it is also humbly submitted that although our Royal Assent to the Act of Legislature of New South Wales herebefore recited fully satisfies the principle of our law that the power of granting degrees should flow from the Crown, yet that as that assent was conveyed through an Act which has effect only in the territory of New South Wales, the Memorialists believe that the degrees granted by the said University under the authority of the said Act, are not legally entitled to recognition beyond the limits of New South Wales; and the Memorialists are in consequence most desirous to obtain a grant from us of Letters Patent requiring all our subjects to recognise the degrees given under the Act of the Local Legislature in the same manner as if the said University of Sydney had been an University established within the United Kingdom under a Royal Charter or an Imperial enactment; and the Memorialists therefore hereby most humbly pray that we will be pleased to take the premises into our gracious consideration and grant to the University of Sydney Letters Patent effective of the object therein set forth. Now know ye that we, taking the premises into consideration, and deeming it to be the duty of our Royal office, and for the advancement of religion and morality and the promotion of useful knowledge to hold forth to all classes and denominations of our faithful subjects, without any distinction whatsoever, throughout our dominions encouragement for pursuing a regular and liberal course of education, and considering that many persons do prosecute and complete their studies in the Colony of New South Wales, on whom it is just to confer such distinctions and rewards as may induce them to persevere in their laudable pursuits; do, by virtue of our Prerogative Royal and our especial Grace and certain knowledge and mere motion, by these presents of us, our heirs and successors, will, grant and declare that the Degrees of Bachelor of Arts, Master of Arts, Bachelor of Laws, Doctor of Laws, Doctor of Medicine, and Doctor of Medicine, and Doctor of Medicine, already granted or conferred or hereafter to be granted or conferred by the Senate of the said University of Sydney shall be recognised as Academic distinctions and rewards of merit and be entitled to rank, precedence, and consideration in our United Kingdom and in our Colonies and possessions throughout the world as fully as if the said Degree had been granted by any University of our said United Kingdom. And we further will and ordain that any variation of the Constitution of the said University which may at any time or from time to time be made by an Act of the said Governor and Legislature shall not, so long as the same or a like standard of knowledge is in the opinion of the said Governor preserved as a necessary condition for obtaining the aforesaid degrees therein, in any manner annul, abrogate, circumscribe, or diminish the privileges conferred on the said University by these our Royal Letters Patent, nor the ranks, rights, privileges, and consideration conferred by such degrees. And, lastly, we do hereby for us, our heirs, and successors, grant and declare that these our Letters Patent or the enrolment or exemplification thereof shall be in and by all things valid and effectual in law according to the true intent and meaning of same, and shall be construed and adjudged in the most favourable and beneficial sense to the best advantage of the said University, as well in all our courts as elsewhere, notwithstanding any non-rectal, uncertainty, or imperfection in these our Letters Patent. In witness whereof we have caused these our Letters to be made Patent. Witness ourself at Westminster, the Twenty-seventh day of February, in the Twenty-first year of our Reign. BY WARRANT under the Queen's sign manual.

**Division 5: Higher degree theses**

**90. Lodgment**

(1) In all cases where a higher degree has been awarded, after examination of a thesis the Registrar shall lodge with the University Librarian one bound copy of the thesis, printed on permanent or archival paper.

(2) It is the policy of the Senate that a candidate for a higher degree should not normally be permitted to undertake a program of advanced study and research which is likely to result in the lodgment of a thesis which cannot be available for use immediately, to be read, photocopied or microfilmed, except as provided in Rule 92 below.

(3) An applicant for admission to candidature for a higher degree shall be required to acknowledge awareness of this policy when applying for such admission.

(4) Subject to Rules 90 and 91, a higher degree thesis lodged in the University Library or in a departmental library shall be available immediately for use. The University Librarian (or, in the case of a departmental library, the head of department) may supply a copy of the thesis to an individual for research or study, or to a library.

(5) Except as provided in Rule 90, a candidate for a higher degree lodging a thesis for examination shall sign the following undertaking:

I ............................................. understand that if I am awarded a higher degree for my thesis entitled ............................................................... *being lodged herewith for examination, the thesis will be lodged in the University Library and be available immediately for use. I agree that the University Librarian (or, in the case of a departmental library, the head of department) may supply a copy of the thesis to an individual for research or study or to a library.

Signed................................. Date ............

**91. Access to restricted thesis**

(1) The University Librarian may grant access to an appendix to a thesis to which access has been restricted in accordance with Rule 90(3), to a scholar who—

(a) demonstrates bona fide concern with the material in that appendix; and

(b) has the written consent of either:

(i) the author of the thesis, or

(ii) the head of the department concerned in a case where the author cannot be contacted, notwithstanding that all reasonable steps have been taken to contact him or her.

(2) Notwithstanding any other provision of these resolutions, the examiners of a thesis, including any committee or board of postgraduate studies of a faculty or board of studies or any committee of the Academic Board which is directly concerned with the examination of such thesis, shall have access to the thesis and any appendix of it for the purposes of any examination or re-examination.

(3) Immediately a candidate for a higher degree lodges the prescribed number of copies of the thesis with the Registrar for examination, the Registrar shall arrange for a label stating the rights of the author under the laws relating to copyright to be affixed to the inside of the front cover of each copy or to any disk or other electronic medium on which the thesis is submitted.

**92. Public availability of theses**

(1) For the purposes of this Part 10, references to 'theses' shall be taken to include also reference to treatises, dissertations and other similar productions where there is a requirement that a copy of the production be lodged by the Registrar with the University Librarian.

(2) The Senate recognises that there are certain circumstances where deferment of the public availability of the thesis is appropriate.

(3) In a case where a candidate or potential candidate is to be associated with a project in collaboration with industry that has potential for concern over exploitation of intellectual property, the Dean, if satisfied that the circumstances warrant it, may recommend to the Graduate Studies Committee of the Academic Board that:

(a) the candidate or prospective candidate be granted exemption from the requirement to give the undertaking specified in Rules 89(3) and 89(5); and

(b) authorisation be given to the Registrar to delay lodgment of the thesis in the Library for a period that, except in exceptional circumstances, shall not exceed 18 months from the date of the award of the degree.

(4) The Senate authorises the Chair of the Graduate Studies Committee to approve such applications where the Chair is satisfied that they are appropriate.
(5) If, at any time between application for admission to candidate and the lodgment of the thesis, it shall appear to the candidate, supervisor and to the head of the department that there are reasons to believe that the candidate's interests would be at risk if the thesis were immediately made available, the candidate may apply in writing for deferment of the availability of that thesis in the University Library for a specific period of time. Any such application should set out clearly the reasons for the request and include supporting evidence, as appropriate.

(6) The dean, if satisfied that such a deferment is necessary to protect the interests of the candidate, may:
(a) authorise the Registrar not to lodge the thesis in the Library for a period not exceeding 6 months from the date of award of the degree;
and may also
(b) recommend to the Graduate Studies Committee of the Academic Board that a longer period of deferment, or an extension of the original deferment, be approved provided that, except in exceptional circumstances, the total period shall not exceed 18 months.

PRELIMINARY

1. Commencement and purpose of Rule
   (1) This Rule is made by the Senate pursuant to section 37(1) of the University of Sydney Act 1989 for the purposes of the University of Sydney By-law 1999.
   (2) This Rule comes into force on 1 January 2001.
   (3) This Rule governs all coursework award courses in the University. It is to be read in conjunction with the University of Sydney (Amendment Act) Rule 1999 and the Resolutions of the Senate and the faculty resolutions relating to each award course in that faculty.

RULES RELATING TO COURSEWORK AWARD COURSES

1. Definitions
   In this Rule:
   - award course means a formally approved program of study which can lead to an academic award granted by the University.
   - coursework means an award course not designated as a research award course. While the program of study in a coursework award course may include a component of original, supervised research, other forms of instruction and learning normally will be dominant. All undergraduate award courses are coursework award courses;
   - credit means advanced standing based on previous attainment in another award course at the University or at another institution. The advanced standing is expressed as credit points granted towards the award course. Credit may be granted as specific credit or non-specific credit.
   - Specific credit means the recognition of previously completed studies as directly equivalent to units of study.
   - Non-specific credit means a 'block credit' for a specified number of credit points at a particular level. These credit points may be in a particular subject area but are not linked to a specific unit of study.
   - credit points mean a measure of value indicating the contribution each unit of study provides towards meeting award course completion requirements stated as a total credit point value;
   - dean means the dean of a faculty or the director or principal of an academic college or the chairperson of a board of studies;
   - degree means a degree at the level of bachelor or master for the purpose of this Rule;
   - embedded courses/programs means award courses in the graduate certificate / graduate diploma / master's degree by coursework sequence which allow unit of study credit points to count in more than one of the awards;
   - faculty means a faculty, college board, a board of studies or the Australian Graduate School of Mana7ement Limited as established in each case by its constitution and in these Rules refers to the faculty or faculties responsible for the award course concerned;
   - major means a defined program of study, generally comprising specified units of study from later stages of the award course;
   - minor means a defined program of study, generally comprising units of study from later stages of the award course and requiring a smaller number of credit points than a major;
   - postgraduate award course means an award course leading to the award of a graduate certificate, graduate diploma, degree of master or a doctorate. Normally, a postgraduate award course requires the prior completion of a relevant undergraduate degree or diploma.
   - research award course means an award course in which students undertake and report systematic, creative work in order to increase the stock of knowledge. The research award courses offered by the University are: higher doctorate, Doctor of Philosophy, doctorates by research and advanced coursework, and certain degrees of master designated as research degrees. The systematic, creative component of a research award course must comprise at least 66% of the overall award course requirements;
   - stream means a defined program of study within an award course, which requires the completion of a program of study specified by the award course rules for the particular stream, in addition to the core program specified by award course rules for the award course.
   - student means a person enrolled as a candidate for a course;
   - testamur means a certificate of award provided to a graduate, usually at a graduation ceremony;
   - transcript or academic transcript means a printed statement setting out a student's academic record at the University;
   - unit of study means the smallest stand-alone component of a student's award course that is recordable on a student's transcript. Units of study have an integer credit point value, normally in the range 3-24;
   - undergraduate award course means an award course leading to the award of an associate diploma, diploma, advanced diploma or degree of bachelor.

2. Authorities and responsibilities
   (1) Authorities and responsibilities for the functions set out in this Rule are also defined in the document Academic Delegations of Authority. The latter document sets out the mechanisms by which a person who has delegated authority may appoint an agent to perform a particular function.

Division 3: Credit, cross-institutional study and their upper limits

8. Credit for previous studies

(1) Students may be granted credit on the basis of previous studies.

(2) Notwithstanding any credit granted on the basis of work completed or prior learning in another award course at the University of Sydney or in another institution, in order to qualify for an award a student must:

(a) for undergraduate award courses, complete a minimum of the equivalent of two full-time semesters of the award course at the University; and

(b) for postgraduate award courses, complete at least fifty percent of the requirements prescribed for the award course at the University.

These requirements may be varied where the work was completed as part of an approved conjoint venture at an institution other than a university normally should not exceed one third of the overall award course requirements.

(3) The credit granted on the basis of work completed at an institution other than a university normally should not exceed one third of the overall award course requirements.

(4) A faculty has authority to establish embedded academic sequences in closely related graduate certificate, graduate diploma and master's degree award courses. In such embedded sequences, a student may be granted credit for all or some of the units of study completed in one award of the sequence towards any other award in the sequence, irrespective of whether or not the award has been conferred.

(5) In an award course offered as part of an approved conjoint venture the provisions for the granting of credit are prescribed in the Resolutions of the Senate and the faculty resolutions relating to that award course.
9. Cross-institutional study
(1) The relevant dean may permit a student to complete a unit or units of study at another university or institution and have that unit or those units of study credited to the student’s award course.

A student must complete all the requirements for an award course within ten calendar years or any lesser period if specified by Resolution of the Senate or the faculty.

Division 5: Discontinuation of enrolment and suspension of candidature

12. Discontinuation of enrolment
(1) A student who wishes to discontinue enrolment in an award course or a unit of study must apply to the relevant dean and will be presumed to have discontinued enrolment from the date of that application, unless evidence is produced showing:
(a) that the discontinuation occurred at an earlier date; and
(b) that there was good reason why the application could not be made at the earlier time.
(2) A student who discontinues enrolment during the first year of enrolment in an award course may not re-enrol in that award course unless:
(a) the relevant dean has granted prior permission to re-enrol; or
(b) the student is reselected for admission to candidature for that course.
(3) No student may discontinue enrolment in an award course or unit of study after the end of classes in that award course or unit of study, unless he or she produces evidence that:
(a) the discontinuation occurred at an earlier date; and
(b) there was good reason why the application could not be made at the earlier time.
(4) A discontinuation of enrolment may be recorded as Withdrawn (W) or Discontinued Not To Count As Failure (DNF) where that discontinuation occurs within the time-frames specified by the University and published by the faculty, or where the student meets other conditions as specified by the relevant faculty.

13. Suspension of candidature
(1) A student must be enrolled in each semester in which he or she is actively completing the requirements for the award course. A student who wishes to suspend candidature must first obtain approval from the relevant dean.
(2) The candidature of a student who has not re-enrolled and who has not obtained approval from the dean for suspension will be deemed to have lapsed.
(3) A student whose candidature has lapsed must apply for re-admission in accordance with procedures determined by the relevant faculty.
(4) A student who enrolls after suspending candidacy shall complete the requirements for the award course under such conditions as determined by the dean.

Division 6: Unsatisfactory progress and exclusion

14. Satisfactory progress
A faculty has authority to determine what constitutes satisfactory progress for all students enrolled in award courses in that faculty, in accordance with the policies and directions of the Academic Board.

15. Requirement to show good cause
(1) For the purposes of this Rule, good cause means circumstances beyond the reasonable control of a student, which may include serious ill health or misadventure, but does not include demands of employers, pressure of employment or time devoted to non-University activities, unless these are relevant to serious ill health or misadventure. In all cases the onus is on the student to provide the University with satisfactory evidence to establish good cause. The University may take into account relevant aspects of a student’s record in other courses or units of study within the University and relevant aspects of academic studies at other institutions provided that the student presents this information to the University.
(2) The relevant dean may require a student who has not made satisfactory progress to show good cause why he or she should be allowed to re-enrol.
(3) The dean will permit a student who has shown good cause to re-enrol.

16. Exclusion for failure to show good cause
The dean may, where good cause has not been established:

(4) Theses shall be written in English, except that:
   (a) in the case of a candidature governed by an approved cotutelle agreement, the thesis may be written in English or in another language; and
   (b) in the Faculty of Arts, in the case of language departments, theses may be written either in English or in their target language as determined by
the department, unless a department has specified by means of a Faculty resolution that it will consider applications to submit the thesis in a language other than:
(i) English; or
(ii) a target language of the department.
Such applications should be:
(iii) made in writing; and
(iv) approved by the head of department concerned and the Dean of the Faculty, before the commencement of candidature. In considering applications a head of department shall take into account arrangements for supervision and examination.

(5) A candidate shall submit to the Registrar four copies of the thesis in a form prescribed by resolution of the Academic Board and four copies of a summary of about 300 words in length.
(6) The thesis shall be accompanied by a certificate from the supervisor stating whether, in the supervisor's opinion, the form of presentation of the thesis is satisfactory.

(3) Notwithstanding (1) and (2) above, a faculty may, on the recommendation of the head of department and supervisor concerned, permit a candidate to submit a thesis for examination up to one semester earlier than prescribed if, in the opinion of the faculty, evidence has been produced that the candidate has made exceptional progress in his or her candidature.
(4) Notwithstanding (1), (2) and (3) above, the Chair of the Academic Board may, on the recommendation of the dean of the faculty in which the candidate is enrolled, permit a candidate to submit a thesis for examination earlier than prescribed if, in the opinion of the Chair of the Academic Board, evidence has been produced that the candidate has made exceptional progress in his or her candidature. The Chair of the Academic Board may take advice from the Chair of the Graduate Studies Committee and shall report any applications under this provision and the action taken to the next meeting of the Academic Board.

14. Latest date for submission
(1) Except as provided in (2) to (3) below, a candidate shall submit the thesis for examination not later than the end of the eighth semester of candidature.

Division 2: Ownership of intellectual property created by staff members

3. University asserts ownership
   (1) Subject to Rule 4(1), the University asserts ownership of all intellectual property created by a staff member in pursuance of the terms of his or her employment with the University, including, without limitation, copyright in any material that is (i) teaching material, (ii) computer programs; or (iii) created at the express request or direction of the University.
   (2) In the absence of a third party agreement to the contrary, the ownership and the associated rights of all intellectual property generated from a research project funded by any publicly funded research agency will vest in the University.

4. Exceptions to Rule 3
   (1) The University does not assert copyright ownership over any work created by a staff member that is a work of a scholarly nature, including, without limitation, a journal article, conference paper, creative works or other material of a scholarly nature, including, without limitation, a journal article, conference paper, creative works or other material of a scholarly nature.
   (2) This Rule is to be read and interpreted in conjunction with the University's Code of Conduct for Responsible Research, as amended from time to time.

5. Sharing commercial benefits
   (1) Subject to Rule 5(2), staff members who create intellectual property over which the University asserts ownership under Rule 3 are entitled to a share of any commercial benefits that the University receives from developing it in accordance with Rule 14.
   (2) The sharing of commercial benefits with staff members in accordance with Rule 5(1) does not apply to any use of teaching materials as an aid or tool for instruction in a course.

Division 3: Intellectual property created by students

6. Ownership
   The University does not assert any claim in respect of intellectual property created by a student, unless:
   (a) prescribed otherwise by law; or
   (b) that the student agrees otherwise (including in any form prescribed by law).

7. Assignment
   (1) A student cannot be required by the University to assign his or her intellectual property:
      (a) in order to qualify for enrolment, or to remain enrolled in a course, or to complete the requirements of a course in which he or she has enrolled, under any circumstances; or
      (b) otherwise, including where that student is engaged in or otherwise participates in any third party activity, unless that student does so freely and with consent.
   (2) If a student wishes to participate in any third party activity or in any activity that has, or may in future create intellectual property that may be the subject of development ("activity") then, before that student is permitted to begin that activity:
      (a) the University may, as a condition of the student participating in that activity, require the student to:
         (i) assign his or her intellectual property; and
         (ii) give consent with respect to any moral right subsisting in that work, to the extent that either of these relate to or affect the activity concerned;
      (b) it is the responsibility of (as the case may be):
         (i) the person who is in charge of that activity (for example, the chief researcher); and
         (ii) the student’s supervisor, to notify the student about all requirements for participating in that activity including, without limitation:
            (a) any requirement to assign that student’s intellectual property or give consent in relation to any moral right he or she may have in the relevant work; and
            (b) especially where a student is required to assign his or her intellectual property or give consent in relation to any moral right he or she may have in a work, a recommendation that the student should seek advice (which may include legal advice).
   Note: Legal advice may be arranged through, as the case may be, the Students' Representative Council or the Sydney University Postgraduate Representative Association.
   (3) If a student is required to do any thing under Rule 7(2), then that student should be given a reasonable period ("response deadline") to review all documentation and seek appropriate advice (including legal advice), which in most cases should not be less than 14 days. However, the response deadline may be reduced by the University, depending on what is reasonable under the circumstances including taking into account any obligations to third parties that the University may have in respect of that activity.
   (4) If a student does not agree to do any thing required under Rule 7(2), or else does not respond to a request to do so, or on or before the response deadline, then the University may decline to permit the student to participate in that activity.

8. Sharing commercial benefits
   (1) Students who assign their intellectual property rights and, if required to do so, give consent in respect of any moral right under Rule 7(2) are, subject to any agreement, entitled to a share of any commercial benefits that the University receives from developing that intellectual property according to Rule 14.
(2) If a student assigns his or her intellectual property under Rule 7(2), the University will pay any stamp duty assessable on any instrument that the University deems necessary to give effect to that assignment.

Division 4: Ownership of intellectual property created by visitors

9. Requirement of confidentiality and assignment

As a condition of any visitor:

(a) having access to and use of any University facilities, equipment or accommodation;

(b) having access to and use of any intellectual property of the University; or

(c) participating in any teaching or research activities of the University (including any third party activity).

("visitor privileges"), the University may require that visitor to do one or more of the following things:

(i) sign a confidentiality agreement on terms acceptable to the University;

(ii) disclose to the Business Liaison Office, within 14 days of its creation, full details of any intellectual property created by that visitor and arising from the visitor being granted those visitor privileges;

(iii) do all things and sign all instruments necessary to assign to the University, or another person designated by the University, any intellectual property created by that visitor arising from that visitor being granted any visitor privileges; and

(iv) give consent in relation to any moral right he or she may have in the relevant work.

10. Assumption

Unless and until the University gives a visitor notice under Rule 9:

(a) a visitor is entitled to assume that the University:

(i) makes no claim in respect of any intellectual property;

(ii) does not require the consent of the visitor in relation to any moral right he or she may have in any work,

that the visitor creates in respect of any research conducted by the visitor using any University facilities or intellectual property of the University.

but

(b) must still observe the visitor’s obligations under Rule 9(ii).

Division 5: Reporting and developing intellectual property

11. Staff responsibilities

The Code of Conduct for Responsible Research, as amended from time to time, makes it clear that staff have responsibilities in relation to intellectual property protection including, where appropriate, the maintenance of research laboratory records and the prevention of premature public disclosure of research results prior to obtaining intellectual property protection.

12. Reporting by staff members

(1) Staff members who believe they have created any intellectual property for which the University asserts ownership pursuant to Rule 3 must, as soon as possible after its creation:

(a) report that fact to their Head of Department and to the Business Liaison Office; and

(b) provide full details of the intellectual property created and the names of the originators in a form prescribed by the Business Liaison Office from time to time.

(2) Staff members who create exempt intellectual property within the meaning of Rule 4(1) must provide a copy of the thing to which that intellectual property relates to their Head of Department within 90 days of its creation or modification.

(3) In the event that the Head of Department considers that the intellectual property reported in accordance with Rule 12(2) is intellectual property over which the University asserts ownership and is subject to Rules 3 and 12(1) then that Head of Department shall:

(a) notify both the staff member and the Business Liaison Office within 7 days;

(b) together with the staff member take such actions as required to protect the value of the intellectual property; and

(c) provide sufficient disclosure to the Business Liaison Office to enable assessment of the value of the intellectual property.

(4) If notice is given under Rule 12(1), the University has 8 weeks from the time the Business Liaison Office receives full details of intellectual property reported under Rule 12(1)(b) (“notice period”) in which to decide whether it wishes to protect or develop that intellectual property (“reported intellectual property”). The notice period may be extended beyond 8 weeks with the consent of the staff member who gave notice under Rule 12(1).

(5) Until the University makes a decision under Rule 12(4), the staff member who gives notice under Rule 12(1) must take all reasonable steps to protect the reported intellectual property. The University encourages staff members to seek advice from the Business Liaison Office on how best to do so.

13. Dealing with reported intellectual property

(1) If the University:

(a) makes no decision by the end of a notice period (or any extension of it); or

(b) decides it does not wish to protect or develop the reported intellectual property,

then the originator is free, at his or her own cost, to protect or develop the reported intellectual property in any manner he or she chooses.

(2) Nothing in Rule 13(1) prejudices any right of the University to:

(a) claim a share in any commercial benefit received; or

(b) recover any establishment costs or continuing costs already incurred by the University, because of any subsequent development of reported intellectual property, unless that right is expressly waived by the Vice-Chancellor in writing.

(3) If the University decides that it wishes to protect or develop reported intellectual property, then the Business Liaison Office must notify:

(a) the staff member concerned; and

(b) that staff member’s Head of Department.

(4) If the University decides to protect or develop reported intellectual property in collaboration with a third party, then the originator should be given the opportunity to participate in any negotiations concerning ownership, protection or development of that reported intellectual property, but:

(a) negotiations will be undertaken on a case-by-case basis, according to the relevant circumstances; and

(b) the University shall make any decisions arising from those negotiations which shall be binding on the originator.

14. Distribution of commercial benefits

(1) All commercial benefits received by the University shall be distributed as follows, after the University first deducts any costs:
The application of Rules 14 and 15 may not be varied in originator to the reported intellectual property, unless those distributed according to the individual contribution of each Division 6: Dispute resolution notify their supervisor and the Business Liaison Office. apply, except that, for the purposes of Rule 12(1), they must specified in Rules 10, 12, 13 [except Rule 13(2)], 14 and 15 University to protect or develop, then the procedures created by students If students create any intellectual property that they wish the originators agree otherwise, and subject to Rule 14(2).

15. Where more than one originator If there is more than one originator of any reported intellectual property, then any commercial benefits must be distributed according to the individual contribution of each originator to the reported intellectual property, unless those originators agree otherwise, and subject to Rule 14(2).

16. Protecting and developing intellectual property created by students If students create any intellectual property that they wish the University to protect or develop, then the procedures specified in Rules 10, 12, 13 [except Rule 13(2)], 14 and 15 apply, except that, for the purposes of Rule 12(1), they must notify their supervisor and the Business Liaison Office.

17. Application of Rules 14 and 15 The application of Rules 14 and 15 may not be varied in individual circumstances except with the prior written approval of the Vice-Chancellor, or the Vice-Chancellor’s nominee.

RESOLUTIONS OF THE SENATE

APPOINTMENT OF A DEAN, DIRECTOR OR COLLEGE PRINCIPAL

For the definitions of terms refer to the Delegations of Authority. As appropriate for local nomenclature and reporting lines, when this refers to department read also school or unit; to faculty read also college or Australian Graduate School of Management; to dean read also director or college principal.

Policy statement
1. A dean is appointed by Senate to lead and manage the academic, administrative, staffing and financial affairs of the faculty.

There is provision for a simultaneous appointment of a dean and a professor.

All deanships will be advertised both internally and externally, except where Senate agrees otherwise on the recommendation of the Vice-Chancellor.

Governing principles
2. (1) The dean of a faculty has a dual role first in regard to academic leadership and decision-making, and second in regard to the management of the financial and other resources allocated to the faculty. The process of selecting the dean will reflect this dual role, and the dean will be accountable for performance in both areas.

(2) Not all academic units (departments, schools, centres and so forth) assigned to a faculty for the purposes of academic cohesion and co-ordination will fall within a dean’s responsibilities for managing financial and other resources. Deans will be given clear directions by their supervisor on the scope of their academic and resource management role.

Procedures
3. Refer to the Policy Document on the appointment of a dean, director or college principal as approved by Senate, 5 May 1997;

Attachment 1: Position Description for a Dean; and

Pro-Deans
4. (1) The dean may nominate from the full-time members of the academic staff who are members of the faculty, and the faculty may appoint the person so nominated, a pro-dean to hold office for such period...
within the term of office of the dean as the faculty may determine; and
(2) subject to section 1 the pro-dean shall have such duties and powers as may from time to time be assigned to him or her by the dean.

Associate Deans
5. (1) A faculty may elect from the full-time members of the academic staff who are members of the faculty one or more persons as associate dean or associate deans to assist the dean in the exercise of his or her duties or powers.

(2) An associate dean holds office for such period within the term of the dean as the faculty may determine.

(3) An associate dean has such duties and powers as may from time to time be assigned to him or her by the dean.

(4) Where a faculty so recommends, the Senate may appoint a person as an associate dean of that faculty and that person shall hold office for such period as the Senate may determine.

(5) On the termination of office of an appointed associate dean a further recommendation of the faculty concerned shall be made before any other person is appointed to that office.

(6) The selection committee for an appointed associate dean shall be either:

(a) where the associate dean is to be appointed from within the University, on the recommendation of an appointments committee appointed by the Senate on the recommendation of the Standing Committee of the Academic Board,

(i) the Vice-Chancellor or a deputy vice-chancellor nominated by the Vice-Chancellor, who is to preside at meetings of the Committee;

(ii) five nominees of the Vice-Chancellor, at least two of whom shall be members of the faculty concerned;

(iii) the dean of the faculty concerned; and

(iv) five nominees of the faculty concerned; or

(b) where the associate dean is to be appointed following advertisement both within and outside the University, on the recommendation of an appointments committee appointed by the Senate on the recommendation of the Standing Committee of the Academic Board,

(i) the Vice-Chancellor or a deputy vice-chancellor nominated by the Vice-Chancellor, who is to preside at meetings of the Committee;

(3) The sub-dean or sub-deans shall hold office for such period or periods within the term of the dean as the faculty may determine.

(4) A sub-dean has such duties and powers as may from time to time be assigned to him or her by the dean.

Acting Deans
7. Where a dean is from time to time absent from that office through illness or any other cause the Vice-Chancellor, or a deputy vice-chancellor nominated by the Vice-Chancellor, may appoint an acting dean from the full-time members of the academic staff who are members of the faculty to hold office during that absence and the acting dean shall be deemed to be, and shall have the duties and powers of, the dean.

Election of person to preside at meetings of the faculty
8. (1) Where a faculty has decided that a person other than the dean is to preside at meetings of the faculty and of its standing committee, if any, the election shall be held after the dean has assumed office.

(2) The person to be elected as presiding member shall be a full-time member of the academic staff being a member of the faculty and shall be elected by the members of the faculty at a meeting of the faculty, due notice having been given in accordance with the Senate resolutions relating to the election of chairs of faculties and college boards.

   (6) Any person who, without authority, brings a vehicle into the University grounds, may be subject to legal prosecution.

   (7) A person, not being a permit holder, who commits a breach of these Resolutions may be declared by the Director, Facilities Planning and Management, to be ineligible for the issue of a permit for entry to the grounds or a "Pay and Display" parking ticket for a specified or indefinite period notwithstanding that person's current or future eligibility in terms of Resolutions 9, 10, 11 or 12.

Degree of Doctor of Philosophy*

RESOLUTIONS OF THE ACADEMIC BOARD

*Please see also the University of Sydney (Doctor of Philosophy (PhD)) Rule 2004. Additional Academic Board policy relating to the PhD can be found at the following web address: http://www.usyd.edu.au/policy/

Form of the thesis

Four copies of the thesis shall be submitted for examination for the degree of Doctor of Philosophy and shall normally be submitted in one of the forms set out below in sections 1 and 2.

1. The four copies may be bound in either a permanent or temporary form as set out in subsections (a) and (b).
   (a) A thesis submitted in permanent binding shall be on international standard A4 size paper sewn and bound in boards covered with buckram or other binding fabric. The title of the thesis, the candidate's initials and surname, the title of the degree, the year of submission and the name of the University of Sydney should appear in lettering on the front cover or on the title page. The lettering on the spine, reading from top to bottom, should conform as far as possible to the above except that the name of the University of Sydney may be omitted and the thesis title abbreviated. Supporting material should be bound in the back of the thesis as an appendix or in a separate set of covers.
   (b) A thesis submitted in a temporary binding should be strong enough to withstand ordinary handling and postage. The preferred form of temporary binding is the 'perfect binding' system — ring-back or spiral binding is not acceptable. A thesis submitted in temporary form shall have fixed to the cover a label clearly identifying the name of the candidate, the title of the thesis and the year of submission.

   The Xerox Demand Binding system is acceptable both for temporary and permanent purposes.

2. A thesis may also be submitted in electronic form in accordance with the provisions of section 3.
   (a) When a thesis is submitted in electronic form, four copies must be submitted as set out in subsection (b).
   (b) A thesis submitted in electronic form must normally be submitted on disk and must be in a format which the faculty determines as acceptable to both the candidate and the examiner(s), with the same structure as the ultimate printed version referred to in sections 1(a) and 4, and each chapter must be in a separate document.

   The title of the thesis, the candidate's initials and surname, the title of the degree, the year of submission and the name of the University of Sydney should appear on the title page and on a label affixed to the disk.

   A hard copy of the thesis should normally be submitted for retention by the faculty office, and further copies for any examiner(s) unwilling or unable to examine the thesis electronically.

   Individual faculties may determine, however, that the copy for retention in the faculty office may also be submitted in electronic form.

3. Procedures for electronic submission of theses:

   Provision for electronic submission of theses for the purpose of examination may occur where both the candidate wishes to submit in this form and examiners are prepared to examine in this way.

   Candidates wishing to submit electronically are required to advise of their intent to submit so that arrangements may be made with prospective examiners.

   The usual examination process will be followed when a thesis is submitted electronically, except as set out below.

   (a) A student who wishes to submit electronically must so advise the supervisor and the department at least three months prior to submission.

   This advice should be by the completion of a (centrally-designed) form, on which the student must indicate the likely length of the thesis and any special features relating to its format.

   (b) Examiners must be selected in the normal way and no regard paid to whether or not they would wish to examine electronically.

   (c) When confirming the appointment of examiners, the faculty office should confirm their willingness or otherwise to examine an electronic version of the thesis.

   (d) Prospective examiners must be advised of the format in which the thesis is available and they must be asked whether they prefer to accept it in that form (on disk, but possibly as an e-mail attachment) or in the traditional hard copy form.

   (e) Under certain circumstances particular specialised electronic applications may form part of the thesis. In such circumstances, it should be ascertained that the examiner has the capability to accept this format, and this must be done three months prior to submission.

   (f) If an examiner advises that he or she does not wish to examine electronically, then the examiner will be sent a hard copy of the thesis.

4. The degree shall not be awarded until the candidate has submitted a permanently bound copy of the thesis (containing any corrections or amendments that may be required) and printed on acid-free or permanent paper, for lodgement in the University Library.

THE EXAMINATION PROCESS

1. Appointment of examiners

   Faculty or college board to seek recommendation for examiners

   (1) After the prescribed number of copies of the thesis have been lodged and the supervisor's certificate has been received, the faculty or college board, having considered the certificate, shall seek a recommendation for the appointment of examiners from the head of department concerned, unless the faculty or college board considers that examiners should not be appointed.
Examiners not appointed
(2) If a faculty or college board, after consideration of the supervisor’s certificate, has resolved not to proceed to the appointment of examiners, it shall report the circumstances and the reasons for the decision to the PhD Award Sub-Committee which may note the decision or require the faculty or college board to appoint examiners.

Delays in appointment to be avoided
(3) (a) The head of department and the faculty or college board shall take all possible steps to ensure that examiners are appointed within four weeks of the submission of the thesis and, where this does not occur, shall report the circumstances to the PhD Award Sub-Committee.
(b) The head of department should normally have taken the steps outlined below in sections 1(4) to 1(11), noting the provisions of section 1(13), before the thesis is submitted.

Head to consult and recommend
(4) The head of department shall, if reasonably possible, before making his or her recommendation for the appointment of examiners, consult the supervisor and, if it is considered by the supervisor to be necessary, any appointed associate supervisor.
(5) The head of department shall recommend the appointment of three examiners of the thesis of whom at least two shall be external to the University, i.e. not being a member of the staff of the University or holding a clinical academic title. The supervisor shall not be an examiner.
(6) The head of department may also recommend the appointment of one or more qualified additional persons who may be called on to act in place of one or more of the three first appointed examiners.

Qualifications of examiners
(7) (a) Examiners recommended should be known to be familiar with the supervision and examination of research theses and should normally still be active in research and/or scholarship.
(b) An examiner appointed to act as an assessor under section 4(3)(e) should possess very high standing in the subject in question.

Examiners free from bias
(8) A head of department, in making a recommendation, shall take all reasonable steps to ensure that the examiners proposed are free from bias either for or against the candidate or the supervisor.

Involvement of candidate
(9) The head of department or the supervisor or the candidate may initiate a general discussion with the candidate by the supervisor and/or the head of department of a wide range of possible examiners, including the possibility of the student submitting to an oral examination of the thesis.
(10) The head of department or the supervisor or the candidate may initiate a general discussion with the candidate by the supervisor and/or the head of department of a wide range of possible examiners, including the possibility of the student submitting to an oral examination of the thesis.

Faculty to appoint examiners
(11)(a) The head of department shall make a recommendation to the faculty for the appointment of examiners. In making this recommendation, the head of department should indicate: whether or not he or she has ascertained the prospective examiners' willingness to examine (i) electronically; or (ii) conduct an oral examination whether or not they wish to examine in this way, and, if so, the format(s) in which they are able to receive the thesis. Examiners must be selected in the normal way and no regard paid to whether or not they would wish to examine electronically or participate in an oral examination of the thesis.
(b) The faculty or college board, on receipt of a recommendation for the appointment of examiners from a head of department, and having considered through its dean or chair of the board of postgraduate studies any advice from the candidate, may appoint the examiners as recommended or appoint different examiners after consultation with the head of department.

Report to PhD Award Sub-Committee
(12) The faculty or college board shall, using the prescribed form, report the names and qualifications of the examiners appointed to the PhD Award Sub-Committee which may itself appoint, or may request the faculty or college board to recommend for appointment, one or more additional examiners. When an unusual choice of internal examiner is made, a short justification of why that examiner was chosen should be provided by the faculty concerned. The faculty or college board shall indicate on the form which, if any, of the examiners will be examining the thesis electronically or if the student will be submitting to an oral examination of the thesis.

Names not to be disclosed
(13) Except as may be necessary when an oral examination is required, the names of the examiners appointed shall not be disclosed to the candidate until a determination has been made about the award of the degree.

Invitation to examiners
(14) After the appointment of examiners by the faculty or college board, the Registrar shall write to each external examiner inviting him or her to act, specifying the conditions applicable to the examination process and enclosing the resolutions for the degree, an information statement. An examiner's report form will be enclosed with the letter and, if possible, will also be sent to the examiner in electronic form via electronic mail if the examiner is able to receive it in one of the formats available. If the examiner has indicated a willingness to participate in an oral examination of the thesis the date and arrangements for the oral examination will also be notified.
(15) On receipt of an acceptance of the invitation to act, or on advice from the head of department concerned that the examiner is willing to act under those conditions, the Registrar shall dispatch a copy of the thesis in either hard copy or electronic form if the examiner has indicated willingness to examine in electronic form.
(16) The Registrar shall similarly write to any internal examiner advising him or her of the appointment and the conditions which apply and enclosing the resolutions for the degree and the examiner's report form together with a copy of the thesis either in hard copy or electronic form.
Delay between appointment of examiners and receipt of thesis

(17) In the event of a candidate’s thesis not being received within three months of the acceptance by the examiners of their appointment, the faculty shall write to all examiners concerned, both internal or external, to ascertain their willingness to continue to act as examiners of the thesis in question.

Delegations of authority

(18) A head of department may delegate to a specified member of the academic staff his or her responsibilities under this section by countersigning a specific recommendation in respect of a particular candidature or by making, and forwarding to the Registrar, a written statement of delegation of those powers.

2. Consideration by examiners

Examiners to report within two months

(1) An examiner is required to complete the examination of the thesis and submit a report on the prescribed form within two months of receipt of the thesis. The examiner may return the report by electronic mail, but if using this medium must also send a signed, hard copy of the report by mail or facsimile.

Examiners to submit independent reports

(2) The examiner shall be advised by the Registrar of the names of the other examiners who have agreed to act and may consult these co-examiners directly at any stage of the examining process, but shall submit an independent report and shall not have any right of access to other examiners' reports.

Content of report

(3) The report shall include the recommendation that:

(a) the candidate be awarded the degree without further examination; or
(b) the candidate be awarded the degree subject to correcting typographical errors before the degree is conferred (typographical errors include spelling, grammar, punctuation, capitalisation and reference dates); or
(c) the candidate be awarded the degree subject to conditions listed in the examiner's report being addressed to the satisfaction of the University (which may include a recommendation that if reasonably possible the candidate should be required to take an additional oral or other examination); or
(d) the candidate be not awarded the degree, but be permitted to resubmit the thesis in a revised form for re-examination following a further period of study, the examiner having formed the opinion that the errors or deficiencies substantially affect the argument or the thesis; or
(e) the candidate be not awarded the degree.

In the case of a thesis which is also to be examined by an oral examination, the report of the examiners shall be an interim report, to be completed following the conclusion of the oral examination.

(4) The report shall also record whether in the opinion of the examiner—

(a) the thesis is a substantially original contribution to the knowledge of the subject concerned;
(b) the thesis affords evidence of originality by the discovery of new facts;
(c) the thesis affords evidence of originality by the exercising of independent critical ability;
(d) the thesis is satisfactory as regards literary presentation; and

(e) a substantial amount of material in the thesis is suitable for publication.

(5) The examiner shall state the rounds on which his or her recommendation is based, indicating the strengths and weaknesses of the thesis and the particular contributions made by the candidate and may list emendations that it is considered should be made and shall indicate the extent of any consultation with other examiners or associate or co-examiners.

Release of examiners’ names

(6) As part of the report form, the examiner shall be asked to indicate whether he or she is willing to have his or her name and/or his or her report in full or in part released to the candidate, either at the conclusion of the examination, or in the circumstances outlined in sections 4(17) to 4(20).

Receipt of reports to be monitored

(7) The Registrar shall acknowledge receipt of reports as received and arrange for payment of the examiner's fee to external examiners.

(8) The Registrar shall contact any examiner who has not submitted his or her report within six weeks of despatch of the thesis, reminding the examiner of the due date for the report, and the Registrar shall contact any examiner who has not submitted his or her report within ten weeks of despatch of the thesis, requesting advice as to when it will be submitted and reminding the examiner of the conditions of the examination.

Replacement examiner if report not received

(9) The Registrar shall contact any examiner who has not submitted the report by the end of the fourteenth week after despatch of the thesis, advising that it will be necessary to proceed to the appointment of a replacement examiner if the report is not received within a further two weeks and shall proceed to do so if the report is not received within that time.

(10) Notwithstanding the fact that replacement examiners may previously have been appointed, the Registrar shall seek advice from the head of department as to who should act as a replacement examiner in the event of an examiner being replaced under the circumstances referred to in section 2(9) and, if necessary, the faculty or college board shall appoint a further qualified examiner on the recommendation of the head of department who shall, if necessary, have carried out the same consultative procedures as applied to the initial appointment of examiners.

(11) Should the process of appointing a replacement examiner under the circumstances referred to in section 2(9) have proceeded to the point where a copy of the thesis has been dispatched to the replacement examiner, any report subsequently received from the examiner who has been replaced shall not be considered in determining the result of the candidature.

(12) Notwithstanding the provisions of sections 2(9) to 2(11), the PhD Award Sub-Committee or its Chair may, in such circumstances as it shall determine are exceptional, and on the recommendation of the faculty or college board concerned, allow some specific variation to those requirements.

Release of examiners’ names

(13) In the case of a thesis also being examined by an oral examination, the procedures for the conduct of the oral examination and the consideration of the examiners' reports shall be those adopted by the Academic Board.

3. Consideration of examiners' reports

By the faculty

(1) When all three examiners’ reports have been received,
(a) if all examiners have recommended either that the degree be awarded without qualification or the degree be awarded subject to correction of typographical errors, the faculty may award the degree either without further examination or subject to the correction of typographical errors (as specified by the examiners) being made in all copies of the thesis to be retained in the University before the degree is conferred and shall forward the reports to the head of department and supervisor for information; or

(b) if any other recommendations have been made, the faculty shall forward the reports to the head of department for a recommendation and to the supervisor.

(c) In the case of a thesis also being examined by an oral examination, the procedures for the consideration of the examiners' reports shall be those adopted by the Academic Board.

(2) Neither head of department nor supervisor shall have a right of access to the examiners' reports before they have all been received, except where the dean of the faculty or chair of the college board considers that special circumstances exist.

Head of department to consult

(3) The head of department, if there is disagreement among the examiners, or, if asked to comment of the report of an oral examination, shall, before making a recommendation, if reasonably possible, consult the candidate's supervisor and shall consult the candidate's annual progress reports.

(4) The head of department shall indicate when making his or her recommendation the nature and extent of consultation that has been carried out and shall forward a copy of any written report he or she has received from the supervisor.

Head of department's recommendation

(5) The head of department, having considered the reports of the examiners and carried out any required consultation, may make one of the following recommendations:

(a) that the degree be awarded without further conditions; or

(b) that the degree be awarded subject to the correction of typographical errors being made in all copies of the thesis to be retained in the University before the degree is conferred; or

(c) that the degree be awarded subject to emendations being made in all copies of the thesis to be retained in the University; or

(d) except in the case of the report of an oral examination, that the candidate be required to take an additional oral or other examination or answer specific questions put by an examiner; or

(e) except in the case of the report of an oral examination, that an additional examiner be appointed; or

(f) except in the case of the report of an oral examination, that an additional examiner be appointed to examine the thesis and act as an assessor of the reports of the other examiners, and the comments of the supervisor, whether or not already an examiner, subject to endorsement by the PhD Award Sub-Committee which will consider the reports of the examiners and the justification forwarded by the Board of Postgraduate Studies. In cases where the faculty had previously formed the intention to resolve that the degree be not awarded, or the candidate be allowed to revise and resubmit, and the candidate's comments have been received, the faculty's Postgraduate Committee should determine whether the candidate's comments should be forwarded to the assessor.

(g) except in the case of the report of an oral examination, that the reports of the examiners, together with comments from the supervisor, whether or not already an examiner, shall be referred to all the examiners for their comment; or

(h) that the candidate not be awarded the degree, but be allowed to revise and resubmit the thesis within a prescribed maximum period of time; or

(i) that the degree be not awarded.

Head of department to specify emendations

(6) A head of department, if recommending under section 3(5)(b) or (c) that the degree be awarded subject to typographical corrections or emendations, shall specify the typographical corrections or emendations to be made, if not already specified in the report of an oral examination, noting that the PhD Award Sub-Committee normally expects any typographical corrections or emendations or errors identified by examiners to be corrected after consideration of the examiners' reports and head of department's recommendation.

Release of examiners' reports

(7) The head of department shall, with his or her recommendation, after noting the wishes of the examiners, indicate what portions of the examiners' reports may be released to the candidate, but the reports shall remain confidential until after consideration by the PhD Award Sub-Committee, faculty or college board.

Delegation of authority

(8) A head of department may delegate to a specified member of the academic staff his or her responsibilities under this section by countersigning a specific recommendation in respect of a particular candidature or by making, and forwarding to the Registrar, a written statement of delegation of those powers.

4. Examiners' reports and head of department's recommendation

Referral of head of department's recommendation and faculty or college board action

(1) (a) The head of department shall forward his or her recommendation to the dean of the faculty or chair of the college board.

(b) If the head of department has recommended that the degree be awarded, under section 3(5)(c), subject to emendations as specified by one or more of the examiners, and one or more of the examiners have recommended that the degree be awarded subject to emendations and the remaining examiners have recommended award without further examination or subject to the correction of typographical error, the faculty may award the degree subject to all the corrections and/or emendations required by the examiners being carried out in all the copies of the thesis to be retained in the University before the degree is conferred.

(c) If the head of department has recommended, under section 3(5)(c), that the degree be awarded but that not all the emendations required by all the examiners should be carried out, the faculty may not award the degree, and the reports of the examiners, together with the recommendation of the head of department and of the faculty or college board, shall be
forwarded to the PhD Award Sub-Committee. The recommendation of the Faculty shall specify the nature of such corrections, emendations or other conditions as may be intended.

(d) Except as provided under section 3(1)(a) or 4(1)(b), the dean of the faculty or chair of the college board shall refer the recommendation of the head of department to the faculty or college board, which shall forward a recommendation to the PhD Award Sub-Committee together with the recommendation of the head of department and copies of the reports of the examiners. The recommendation of the Faculty shall specify the nature of such corrections, emendations or other conditions as may be intended.

PhD Award Sub-Committee action

(2) The PhD Award Sub-Committee, after consideration of the examiners' reports and the recommendation of the head of department and where these have been made any recommendation from the faculty or college board:

(a) may award the degree without further examination; or

(b) may award the degree subject to the correction of typographical errors being made in all the copies of the thesis to be retained in the University before the degree is conferred; or

(c) may award the degree subject to emendations specified by the head of department or the Sub-Committee being made in all copies of the thesis to remain available in the University; or

(d) may refer the candidature to the faculty or college board concerned; and shall refer the candidature to the faculty or college board concerned if a member of the Sub-Committee so requires and the examiners' reports and the recommendation of the head of department have not already been considered by the faculty or college board.

Faculty or college board action

(3) The faculty or college board, after considering the recommendation of the head of department and the reports of the examiners that have been referred directly to it or by the PhD Award Sub-Committee, may resolve:

(a) to recommend to the PhD Award Sub-Committee that the degree be awarded without further examination; or

(b) to recommend to the PhD Award Sub-Committee that the degree be awarded subject to the correction of typographical errors being made in all the copies of the thesis to be retained in the University before the degree is conferred; or

(c) to recommend to the PhD Award Sub-Committee that the degree be awarded subject to emendations specified by the head of department or the faculty or college board being made in all copies of the thesis to remain available in the University; or

(d) except in the case of the report of an oral examination, that the candidate be required to take an additional oral or other examination or answer specific questions put by an examiner, this not being a substitute for requiring the candidate to make emendations to the thesis or to revise and resubmit the thesis; or

(e) except in the case of the report of an oral examination, that an additional examiner be appointed to examine the thesis and act as an assessor of the reports of the other examiners, and the comments of the supervisor, whether or not already an examiner, subject to endorsement by the PhD Award Sub-Committee which will consider the reports of the examiners and the justification forwarded by the Board of Postgraduate Studies. In cases where the faculty had previously formed the intention to resolve that the degree be not awarded, or the candidate be allowed to revise and resubmit, and the candidate's comments have been received, the faculty's Postgraduate Committee should determine whether the candidate's comments should be forwarded to the assessor.

(g) except in the case of the report of an oral examination, that the reports of the examiners, together with comments from the supervisor, whether or not already an examiner, shall be referred to all the examiners for their comment; or

(h) that the candidate not be awarded the degree, but be allowed to revise and resubmit the thesis within a prescribed maximum period of time; or

(i) that the degree be not awarded.

Award without further conditions

(4) Where the faculty or college board or PhD Award Sub-Committee has approved the award of the degree without further conditions, the Registrar shall advise the candidate that the degree has been awarded subject to the lodgement of a permanently bound copy of the thesis printed on archival or permanent paper, shall lodge this copy with the University Librarian, and shall advise the examiners, head of department and supervisor.

Award subject to correction of typographical errors

(5) Where the faculty or college board or PhD Award Sub-Committee has approved the award of the degree subject to the correction of typographical errors, the Registrar shall advise the candidate that the degree has been awarded subject to the lodgement of a permanently bound copy of the thesis printed on archival or permanent paper in which the typographical corrections have been made to the satisfaction of the head of department, shall lodge this copy with the University Librarian, and shall advise the examiners, head of department and supervisor.

Award subject to emendations

(6) When the award of the degree has been approved by a faculty or college board or by the PhD Award Sub-Committee, subject to specified emendations being made in all copies of the thesis to remain available in the University, the Registrar shall advise the candidate of the decision and of the nature of the emendations required and the latest date by which the emendations shall be made, being, unless otherwise determined by the faculty or college board, within a further three months, and shall provide such detail in relation to the examiners' reports as the head of department recommends.

Additional oral or other examination

(7) (a) Where a faculty or college board has resolved under section 4(3)(d) that the candidate be required to take an additional oral or other examination, or answer specific questions put by an examiner, unless the faculty or college board has determined otherwise, the faculty or college board shall be responsible for the oversight of these further examining processes.
(b) At the completion of an additional oral or other examination, or once a specific question(s) put by an examiner have been answered, the faculty or college board shall obtain a further recommendation from the head of department and shall then resolve in accordance with section 4(3)(a) — (c), (h) or (i).

Conduct of oral examination

(8) Those present at an oral examination may include one or more of the examiners and persons, other than the examiners, nominated by the faculty or college board; shall include the supervisor if he or she wishes; and may include, with the approval of the dean of the faculty or chair of the college board, a member of the University nominated by the candidate.

(9) A candidate shall be given reasonable notice of any oral examination and of the nature of the examination and the names of the persons who will be present, and may advise the dean of the faculty or chair of the college board of reservations he or she may have about the presence of any particular person, giving reasons in writing.

Additional examiner

(10) Where a faculty or college board resolves under section 4(3)(e) that an additional examiner be appointed, the provisions of sections 1, 2 and 3 shall apply as appropriate and the Registrar shall write to the examiner as provided in section 1(14) or 1(15) and shall advise the previously appointed examiners of the name of the additional examiner.

(11) A faculty or college board, having received a further recommendation from the head of department together with an additional examiner’s report, may then resolve as provided in section 4(3)(a) — (d), (h) or (i).

Additional examiner as assessor

(12) Except in special circumstances, an additional examiner acting as assessor will be an external appointment.

(13) Where a faculty or college board resolves under section 4(3)(f) that an additional examiner be appointed to examine the thesis and act as an assessor of the reports of the other examiners, the provisions of sections 1, 2 and 3 of these resolutions shall apply as appropriate and the Registrar shall seek comments from the supervisor and then write to the examiner as provided in section 1(14) or 1(15), inviting the examiner to act as an assessor of the examiners’ reports as well as an examiner of the thesis and shall provide copies of the unidentified examiners’ reports, and the comments of the supervisor, whether or nor already an examiner. In cases where the faculty had previously formed the intention to resolve that the degree be not awarded, or the candidate be allowed to revise and resubmit, and the candidate’s comments have been received, the faculty’s Postgraduate Committee should determine whether the candidate’s comments should be forwarded to the assessor. The Registrar shall also advise the previously appointed examiners of the name of the additional examiner who is also to act as assessor.

(14) A faculty or college board, having received a further recommendation from the head of department (with any written report provided by the supervisor) together with an additional examiner-as-assessor’s report, may then resolve as provided in section 4(3)(a) — (c), (h) or (i), except that, where the faculty or college board does not substantially resolve in the terms recommended by the assessor, it shall include a report of the reasons for its decision with any recommendation to the PhD Award Sub-Committee.

Referral of reports to examiners

(15) Where a faculty or college board resolves under section 4(3)(g) that the reports of the examiners, together with comments from the supervisor, shall be referred to all the examiners for their comment, the Registrar shall seek comments from the supervisor and then send copies of the examiners’ reports and the supervisor’s comments to each of the examiners, advising them that it is in order for them to confer and seeking a further report from each examiner within a period of four weeks.

(16) The Registrar shall forward the responses received, following the circulation of reports, to the head of department for such consultation as is required under section 3 and to make a recommendation, and the faculty or college board on receipt of that recommendation may then resolve as provided in section 4(3).

Candidate to be consulted before degree not awarded

(17) Where a faculty or college board forms the intention, either to resolve under section 4(3)(h) that the degree not be awarded but that the candidate be allowed to revise and resubmit the thesis within a prescribed maximum period of time, or to resolve under section 4(3)(i) that the degree not be awarded, that resolution shall be deferred to allow a process of consultation with the candidate.

(18) The Registrar shall advise the candidate in writing of the faculty or college board’s intent; shall provide unidentified copies of such of the examiners’ reports as the examiners have indicated may be released and shall advise the candidate that he or she may within a period of four weeks give notice of intention to provide comment on the foreshadowed recommendation of the faculty or college board, such comments to be submitted in writing by no later than a total of eight weeks from the date of the Registrar’s advice.

(19) The faculty or college board shall further consider the examiners’ reports and the head of department’s recommendation, together with any comments provided by the candidate and any further comments provided by the head of department or supervisor and may then resolve as provided in section 4(3).

(20) The dean of a faculty or chair of a college board may extend either of the time limits set out in section 4(17).

Revise and resubmit

(21) Where a faculty or college board, following the consultation process referred to in sections 4(17)—4(20), resolves under section 4(3)(h) that the degree not be awarded but the candidate be allowed to revise and resubmit the thesis within a prescribed maximum period of time, this decision shall be reported to the PhD Award Sub-Committee, which may note the decision or refer it back to the faculty or college board for further consideration, and the Registrar shall advise the candidate of the decision, of any provisions relating to appeals, the particular conditions applying and the general requirements in respect of revision and resubmission and shall provide such detail in relation to the examiners’ reports as the head of department recommends and shall also advise the examiners, head of department and supervisor of the terms of the decision.

Degree not awarded

(22) Where a faculty or college board, following the consultation process referred to in sections 4(17)—4(20), resolves under section 4(3)(j) that the degree not be awarded, this decision shall be reported to the PhD Award Sub-Committee which may note the decision or
refer it back to the faculty or college board for further consideration, and the Registrar shall advise the candidate of the decision, of any provisions relating to appeals, shall provide such detail in relation to the examiners’ reports as the head of department recommends and shall also advise the examiners, head of department and supervisor of the decision.

Emendations and lodging of corrected thesis
(23) A candidate, on receipt of advice from the Registrar that the degree has been awarded subject to emendations being made, shall make these emendations in consultation with his or her supervisor or head of department on all the copies of the thesis which are to be available within the University, including the copy printed on permanent or acid-free paper which is to be lodged with the University Librarian; shall comply with the requirements with respect to permanently binding a copy of the thesis; shall request the head of department to certify that the corrections have been made and shall submit the thesis copies to the Registrar by no later than the latest date advised for completing such action.
(24) The Registrar, on receipt of at least one corrected, permanently bound copy of the thesis and a statement from the head of department that the corrections have been made to his or her satisfaction, shall cause all corrected hard copies submitted to be stamped, and electronic copies to be annotated and stored as ‘read-only file’ to indicate that the thesis is in the form which has been accepted for the degree; shall advise either the PhD Award Sub-Committee or the faculty, as appropriate, that the corrections have been made and that the faculty or Sub-Committee can therefore approve the award of the degree; shall write to the candidate advising that all the requirements for the award of the degree have been met; shall lodge the permanently printed copy with the University Librarian, and shall so advise the examiners, head of department and supervisor.
(25) If a candidate does not carry out the required emendations within the time limit set, or the head of department after consultation with the supervisor does not consider that the emendations made are satisfactory, the head of the department shall refer the matter to the faculty or college board which may grant additional time or set different conditions or may initiate proceedings under the provisions for the termination of candidature.

Transfer to master’s candidature
(26) A faculty or college board may permit a candidate for the degree of Doctor of Philosophy who, after examination, has not been awarded the degree, to use part or all of the material in the thesis as a thesis to be submitted for a master’s degree, subject to completing all of the necessary administrative requirements.

Participation of supervisor and head of department
(27) The supervisor and head of department may be present at any discussion by a faculty or college board of a recommendation by the head of department in respect to examiners’ reports on the thesis of a candidate.

Delegation of authority
(28) A head of department may delegate to a specified member of the academic staff his or her responsibilities under this section by countersigning a specific recommendation in respect of a particular candidature or by making, and forwarding to the Registrar, a written statement of delegation of those powers.
(29) The Sub-Committee may delegate to its chair, or in the absence of the chair to the chair’s nominee from the Sub-Committee, its powers to award the degree under section 4(2)(a), (b) or (c).
(30) The Sub-Committee may delegate to its chair, or in the absence of the chair to the chair’s nominee from the Sub-Committee, its powers under section 4(21), where the candidate has been consulted in accordance with section 4(17) and agrees with the recommendation of the faculty.
(31) Where the PhD Award Sub-Committee has delegated to faculties and colleges the authority to approve the award of the degree under sections 3(1)(a) or 4(1)(b), the authority for the approval of the award shall be the responsibility of the faculty’s or college board's postgraduate committee which may delegate authority to act on its behalf to its chair, or in the absence of the chair to the chair’s nominee.

5. Revision and re-examination

Faculty or college board to prescribe conditions
(1) A faculty or college board which has resolved that a candidate not be awarded the degree but be permitted to revise and resubmit the thesis for re-examination, shall prescribe a maximum period of further candidature and may prescribe particular conditions to be met.

Candidate to re-enrol
(2) A candidate permitted to revise and resubmit shall re-enrol while remaining a candidate for the degree and shall proceed according to the provisions of these resolutions.

Appointment of examiners
(3) A head of department shall recommend examiners for a revised and resubmitted thesis after the consultation processes provided for in section 1, but the faculty shall normally reappoint the original examiners of the thesis, provided that they are available, unless one or more of those examiners has required modifications of the thesis that the faculty or college board consider to be unnecessary or undesirable or, in the opinion of the faculty or college board, there are academic reasons for not reappointing any or all of the original examiners.

Process of examination
(4) Subject to section 5(5), all the provisions of sections 1, 2, 3 and 4 relating to the examination process apply to the examination of a revised and resubmitted thesis.
(5) Except where the Graduate Studies Committee on the recommendation of the faculty or college board permits otherwise, the recommendation that a candidate be not awarded the degree but be permitted to resubmit the thesis in a revised form for re-examination shall not be available to examiners of a thesis that has itself been submitted for re-examination.

6. Faculty and college board delegations
Where in these resolutions reference is made to a faculty or a college board or action to be taken by a faculty or a college board, that reference shall also include a faculty or college board of postgraduate studies or equivalent and any dean, chair, associate dean or other officer of the faculty or college board acting with the authority of the faculty or college board.

7. Annual quarterly reports to the PhD Award Sub-Committee
Where the degree is awarded by faculty delegation, the faculty shall report to the PhD Award Sub-Committee at the end of March, June, September and December of each year the details of such awards for the previous three months showing for each the name of the candidate, the faculty, the title of the thesis, the category of award recommended by each examiner, the

(2) Where a candidature has been conducted under an approved cotutelle agreement with other than a French university the examination arrangements must be approved by the Graduate Studies Committee.

RESOLUTIONS OF THE SENATE

UNIVERSITY GOVERNANCE

Introduction
Following an extensive process of consultation by Cordiner King and a constructive meeting between the senior executive group and Senate, on the 6th October 2001, the Senate of the University of Sydney met in colloquium. The Senate considered a lengthy report on governance from Cordiner King and discussed a number of suggestions that were made in that document. The Senate reached a clear resolution on those matters for final ratification at a subsequent November 2001 Senate meeting.

The discussions centred on the working arrangements and governance role of the Senate. It was recognised that executive matters properly rested with the Vice-Chancellor and his team seeking the counsel of Senate, as appropriate, and ultimately accountable to the Senate as the governing body of the University under its Act. It was recognised that academic matters fell within the purview of the Academic Board, advising the Vice-Chancellor and Senate under the Rules.

In the broadest sense, the Senate felt that there are two main groupings of their resolutions, those that relate to outcomes and those that refer to means of achieving outcomes.

The first group reinforces the fundamental that governance is vested solely in the Senate through the collective action of the Fellows, presided over by the Chancellor and supported and advised by the Vice-Chancellor, directing the development of policy, assessing strategy, monitoring performance and reporting to the community. Those resolutions define the following:
1. Role of the Senate
2. Role of the Chancellor
3. Role of the Vice-Chancellor
4. Evaluation of Senate Performance

The second group gives effect to Senate’s determination to be fully supported in this governance role, through the establishment of working committees, the development of governance skills in Fellows, the review of Senate performance and the provision of adequate resources:
5. Executing the Senate’s Task
6. Establishing Committees and Task Forces
7. Induction and Development of Fellows
8. Support for the Office of Chancellor and the Senate

To give effect to the outcome of the colloquium, Senate ratified resolutions earlier reached in or to the effect of the following matters pertaining to governance.
1. Role of the Senate
The Senate is the governing body of the University. It is accountable for the delivery of teaching, learning and research outcomes which extend the knowledge base of the wider community taking into account the resources available to the University. The executive is accountable to it. The statutory powers and responsibilities of the Senate are defined under Section 16 of the Act (and elsewhere in the Act, By-laws and Rules). In this regard, the Senate should, without fettering such powers and discretions as derive from the office, undertake the following:

1.1 Accept the fiduciary responsibilities and accountability of Fellows as derive from the office while respecting academic freedom, ethical standing and legal requirements.

1.2 Ensure that academic standards are maintained, working through the Academic Board and the Vice-Chancellor.

1.3 Set and continually review the relevance of important policy and strategy, ensuring that it is properly informed about matters pertaining to its governance functions.

1.4 Appoint the Vice-Chancellor, agree on limitations to executive authority and regularly evaluate performance.

1.5 Set strategic direction within overall University policy on the advice of the Vice-Chancellor.

1.6 Reconcile capital plans and operating budgets against the strategic direction agreed with the Vice-Chancellor.

1.7 Monitor the progress of plans and audit compliance with overall policy.

1.8 Deepen and widen the links and communication between the University and the wider community.

1.9 Report formally to the wider community on strategic direction and outcomes.

1.10 Develop the collective knowledge of the Senate through a process of comprehensive induction of Fellows and ongoing learning.

1.11 Seek out expert advice from knowledgeable authorities on major issues to complement the skill base and experience of the Fellows and from within the University.

1.12 Formally review the collective performance of the Senate in discharging its responsibilities. (See 4)

1.13 Elect the Chancellor in accordance with the Act. Insofar as certain of these functions may from time to time be properly carried out in Committee, this is only to be done without fettering such powers and discretions as derive from the office, undertake the following:

2. Role of the Chancellor
The Chancellor is elected by the Senate to facilitate its work and collegiality by effective and ethical means, providing a focal point to ensure the high standing of the University in the wider community. The statutory powers and responsibilities of the Chancellor are defined under Section 10 of the Act (and elsewhere in the Act, By-laws and Rules). The Chancellor should, without fettering such powers and discretions as derive from the office, undertake the following:

2.1 Preside over Senate meetings, oversee the development of Senate agendas and exercise the functions conferred by the By-laws working collaboratively with the Senate, the Vice-Chancellor and the University community; promoting the aims, ethos, independence, morale and spirit of the University and encouraging high standards.

2.2 With the Vice-Chancellor, ensure the Senate, the senior executives and the relevant Committees work fairly, with integrity, respecting confidentiality within transparent process and in an atmosphere of mutual trust and respect in an informed fashion; in particular ensuring that the Senate functions as it should, as a cohesive, accessible, effective, enquiring and informed body with a paramount fiduciary duty of loyalty to act in the best interests of the University owed by its members both individually and collectively. (See 3.6)

2.3 Preside on important ceremonial occasions such as graduation ceremonies, public lectures or seminars, sharing that responsibility as the Chancellor judges appropriate and facilitating the visibility and accessibility of the Senate within the University community and in particular to staff, students and alumni.

2.4 Work co-operatively with the Vice-Chancellor, available to give counsel and encouraging free, trusting and frank communication on all issues concerning the well being of the University.

2.5 In consultation with the Vice-Chancellor, provide a high level bridge to members of the wider community, promoting the aims of the University and responding to interest and concerns of society. (See 3.8)

In particular:
(1.) Regarding graduation ceremonies:-
(a) a small Task Force will review the post-2002 format and procedures, to report to the Senate meeting in December 2001 (and Fellows may contact the Chancellor by e-mail about joining this Task Force),
(b) in 2002 the Chancellor will preside at about three-quarters of the graduations, including Hong Kong and Singapore, and the rest will be shared between the Deputy Chancellor and the Chair of the Academic Board, by mutual arrangement.
(2.) Regarding reporting of the Chancellor’s role:
(a) the personal assistant to the Chancellor will keep a record of public appearances by the Chancellor and Senators in a representative role for tabling at Senate meetings.
(3.) Regarding communications about University matters:
(a) the overriding principle is that the Senate should be properly informed on all important matters or matters pertaining to the exercise of the Senate’s functions.
(b) the Vice-Chancellor is free to communicate directly to Senate Fellows keeping the Chancellor informed. (See 8)
(c) sensitivity in particular cases may justify communication first to the Chancellor, then at an appropriate time for the Senate to be informed, by the Chancellor or as determined by the Vice-Chancellor, although this and other communications may be with safeguards to maintain confidentiality, where this is warranted.

3. Role of the Vice-Chancellor
The Vice-Chancellor is the Chief Executive Officer of the University and while a Fellow, is in essence the only officer of the University employed as such while a member of the Senate, other than officers of the Senate Secretariat (see 8). The statutory responsibilities of the Vice-Chancellor are defined under Section 12 of the Act (and elsewhere in the Act, By-laws and Rules). The Vice-Chancellor should, without fettering such powers and discretions as derive from the office, undertake the following:

3.1 Promote the interests of and further the development of the University through prudent, effective and ethical means as chief executive and Fellow of the Senate and as the senior representative of its academic body, participating in ceremonial occasions.

3.2 Manage all the business of the University except where the Senate has explicitly determined limitations, such as:
- matters of self interest or reward;
- the appointment and termination of particular officers serving the Senate (the Secretariat); (See 8)
- the composition of the Academic Board; and
- the work of the internal auditor and audit committee.
3.3 Delegate to senior officers and academics the conduct of that business as appropriate and ensure that such delegations are effectively monitored.

3.4 Ensure that the Senate is thoroughly informed of administrative or academic implications and fiduciary risks or legal constraints which affect policy recommendations and strategic direction.

3.5 Establish supporting systems to monitor the performance of the University against agreed strategic direction and operating plans.

3.6 With the Chancellor, ensure the Senate, the senior executives and the relevant Committees work fairly, with integrity respecting confidentiality within a transparent process and in an atmosphere of mutual trust and respect in an informed fashion; in particular ensuring that the Senate functions as it should, as a cohesive, accessible, effective, enquiring and informed body with a paramount fiduciary duty of loyalty to the University to act in the best interests of the University owed by its members both individually and collectively. (See 2.2)

3.7 Provide Senate with the particular background knowledge to support Fellows in the discharge of their governance responsibilities. (See 7)

3.8 Act as the key representative of the University with the wider community; sharing that responsibility with nominated officers and Fellows as appropriate and, in particular, with the Chancellor. (See 2.5)

4. Evaluation of Senate Performance

The prime concern of Senate and, indeed, all executive and academic leaders, must be on outcomes which improve the University. There is an increasing emphasis on a range of performance measures, which apply to the Vice-Chancellor and senior executive officers. However, the Senate itself should undertake a process of self-evaluation and form a collective view of its own performance.

Early in each year, and perhaps at an annual retreat, there should be a facilitated assessment of the Senate’s performance. The Senate should consider disclosing the result to the University.

Annually, there should also be an assessment of past performance of the University against its earlier goals, and a determination of goals for the ensuing year. The goals will be derived from the present Strategic Plan, as refined from time to time, and others identified by the Vice-Chancellor and his executive team.

Although this annual assessment will need to be coordinated with the budget process, the goals in question are likely to be not only budgetary, but of a qualitative nature related to the Strategic Plan.

5. Executing the Senate’s Task

The policy making role of Senate is not an isolated task, but requires informed views and the input of those who will, in due course, implement policy. So, meetings of Senate require a structured approach. Senate should:

5.1 Ensure that Fellows have ready access to all relevant information about the University through, inter alia:

- well developed induction processes for new Fellows (See 7);
- direct access by Fellows via the Vice-Chancellor to any officer to develop a background understanding;
- direct requests for information to the most senior officers, being the senior executive team;
- channelled requests for more detailed information via the Secretariat; (See 5.3) and
- focussed background issue papers for meetings and colloquia.

5.2 Recognise that, subject to 1.3 above, the provision of information for Fellows should not unduly burden the officers concerned. It should be relevant to key issues of interest to the Senate as a whole and focussed in terms of scope and detail. The Chancellor and Vice-Chancellor may be asked to intercede in cases where requests are too onerous. (See 2.2)

5.3 Provide and separately account for the Secretariat (which would include the Secretary to the Chancellor) responsible for the concise assembly of material, in conjunction with the Registrar, to enable Senate to consider relevant issues in a fully informed manner and with appropriate input. The Secretariat will prepare and issue draft agendas and minutes for Senate and Committees of Senate and support the Fellows in other official aspects of their roles. (See 8)

5.4 Establish agendas for meetings of Senate through the Chancellor and Vice Chancellor that reflect, in order:

- priorities for important issues of policy and strategy;
- urgent decisions for ratification;
- matters of a legal or compliance nature;
- progress reports on operating performance and strategic goals;
- minutes of Committee or Taskforce work;
- review of matters deferred from other meetings;
- and other important initiatives of a policy nature.

5.5 Establish, subject to the necessary rule changes, a reduced number of six routine Senate meetings per year in the Senate room. Routine Senate meetings will consist of whatever is not allocated to Senate colloquia within the ambit of Senate business. (See 5.6)

In addition, routine Senate meetings should have an identified opportunity, where practicable for the consideration of confidential matters, after which time the public may enter to listen to proceedings in public session.

5.6 Establish up to five Senate colloquia per year, at which matters of broad policy or subjects otherwise appropriate for colloquia will be dealt with and resolutions reached. The colloquia should be held from time to time at other University sites, particularly where a colloquium relates to activities at a certain site. Such colloquia should be identified as constituting formal Senate meetings. However, these formal meetings would not ordinarily deal with any other matter than the pre-set subject of the colloquium, save exceptional or urgent cases which can be dealt with in short compass. To deal with matters otherwise, a special separate Senate meeting should be convened.

5.7 Through the Secretariat (See 8), prepare minutes of all Senate meetings, colloquia and Senate committees, which

- provide concise background on the issue;
- reflect decisions reached and action agreed; and
- incorporate key points of dissent from recommendations or where policy might need to be reviewed.

Such minutes should be issued to Fellows as quickly as practicable after Senate meetings. On confidentiality, the general approach should be for all minutes — save those on matters dealt with in confidential session and justifying continuing confidential treatment — to be made publicly available.

5.8 Review via a Task Force to be established (also for the purpose of 6.4), the legislative and regulatory implications of limiting consecutive terms of membership of Senate, to ensure that Senate retains sufficient history and yet refreshes its objectivity and resources.

5.9 Establish a formal procedure of personal commitment to the values and collective unity of the Senate by new Fellows (and at this time initially by all Fellows); and, ways of enhancing collegiality. (See 7.1)

5.10 Review with the Vice-Chancellor ways of co-opting both internal and external expertise to assist with specific tasks or strategic goals.
6. Establishing Committees and Task Forces
Initially, the Senate should establish a Convening Committee, comprising the Chancellor, the Deputy Chancellor, the Vice-Chancellor, the Chair of the Finance Committee and the Chair of the Academic Board. This Committee should be responsible for recommending to the Senate the charter, composition, chair and mode of communication of all Committees and Task Forces of the Senate. Like all other Committees, this Convening Committee would not be a decision-making body except where expressly delegated so by the Senate. The Senate should restructure its Senate Committees so that they include the following Committees (and Task Force) with the following responsibilities and composition (whilst leaving in place those other Committees such as the Advisory Committee for the Selection of Candidates for Honorary Awards (Honorary Awards Committee) now in existence as have separate responsibilities not inconsistent with the restructure):

6.1 An Audit Committee, reporting directly to Senate, comprising only non-executive and non-staff Fellows but with the capacity to add outside persons of appropriate expertise, and charged with reviewing:
- compliance with policy;
- the effectiveness of policy; and
- the integrity of reporting.

6.2 A Finance Committee, to include oversight of investments, controlled or affiliated commercial entities and capital works, as well as oversight of financial, administration and policy implementation matters generally but so that the formation and continuous operation of commercial arrangements, joint ventures and corporate entities shall be reviewed and monitored in such a way that the Senate is kept fully informed by a set of protocols and accountabilities that are prudent and effective, consisting of quantitative and qualitative outcomes measured against pre-set objectives and benchmarks, such to be developed and reviewed by that Committee on a continuous basis.

6.3 A Remuneration Committee or Committees, as follows, to deal with sensitive personal aspects relating to:
- the remuneration and performance evaluation of the Vice-Chancellor — to be evaluated by a Committee comprising the Chancellor, the Deputy Chancellor, the Chair of the Finance Committee) and one person appointed from outside the University, and the performance criteria and assessment against the criteria for senior executives, on the recommendation of the Vice-Chancellor — to be evaluated by such Committee that does not include staff or student Fellows, with the understanding that once those Committees have established outcomes, they will report back to the Senate.

6.4 A Task Force referred to in 5.8 to take submissions on, and then consider, the preferred balance and composition of the Senate in future, and frame any recommendations with regard to Fellows to be appointed to the Senate.

6.5 Maintain the Honorary Awards Committee as recommends honorary degrees and Honorary Fellows — in line with the conclusions of the recent review presented to the Senate.

6.6 Consider whether to establish a Human Resources Task Force, with a sunset clause, to assist Senate, after a presentation, through the Vice-Chancellor, on the following:
- identifying and ordering in priority the numerous human resources policies embedded in the Rules and Resolutions of Senate; and establishing where those policies do not meet best practice and which might be considered redundant; framing overriding policies which emphasize Senate’s commitment to the effective oversight of the University’s human resources;
- issues concerning harassment or the Ombudsman;
- recruitment, career paths and age distribution actual and projected at different levels within the academic and administration staff; and
- identifying human resource policy matters and issues that should be reported to Senate on a regular basis.
While human resources play the major part within the University, and related issues cover matters as diverse as student needs and academic resources, it is felt that strong policy-making by the Senate would give the right emphasis to this critical function. However, establishing a Committee, rather than a Task Force, might be seen to unduly interfere in management.

6.7 Allow any Senate Fellow to attend any Committee meeting except the Remuneration Committees. In relation to the Finance Committee, it is expected that the Chair will invite Senate Fellows not serving 4 on this Committee to attend it on a rotating basis.

7. Induction and Development of Fellows
Given the widely different nature of appointments and the very diverse backgrounds from which Senate Fellows are drawn, it is critical to the effective working of Senate that Fellows be properly prepared for their role. Senate should:

7.1 Design an induction programme which brings new Fellows up to speed with the work of Senate, including:
- governance discussion with the Chancellor and the Vice-Chancellor
- express formal commitment to the work of the Senate; (See 5.9)
- comprehensive information package;
- briefing from two (or more) faculties of the University;
- mentoring provided by particular experienced Fellows;
- immediate assignment to a Committee or Taskforce; (See 6)
- training programme on governance (perhaps from the AGSM), and
- continuing education.

7.2 Ensure on-going maintenance of governance skills through a programme which includes:
- further faculty briefings and review of specific administration functions;
- mentorship role with new Fellows;
- transfers between Committees to broaden understanding; (See 6) and
- feedback from the Chancellor on his/her perception of each Fellow’s contribution. (See 4)

7.3 Ensure that all Fellows are fully supported in their representative roles within the wider community, by:
- pre-briefing on particular issues by senior executives; and
- assistance with logistics and communications. (See 8)

8. Support for the Office of Chancellor and the Senate
Fellows give freely of their time and many have onerous commitments outside the University. Most do not have personal resources to facilitate their work as Fellows, yet for the effective working of Senate adequate support for all Fellows is essential. The Senate should:

8.1 Ensure the Secretariat has an appropriate line budget and is enabled to support the Senate and the Chancellor in their respective roles. The monitoring of that budget and the approval of expenditure should be the responsibility of the Audit Committee and the amounts should be fully disclosed in the University’s annual financial statements.
8.2 Maintain an ongoing programme of Faculty briefings.
(See 7)
In particular:

1. The resolutions covered in this Section are to be evaluated by the Finance Committee to establish the cost, the principle being full disclosure of:
   (a) a line item showing the costs of servicing the Senate; and
   (b) a sub-item of the costs of the Chancellor.
2. It was also agreed that the Chancellor should immediately appoint a suitable person to:
   (a) act as personal assistant to the Chancellor,
   (b) be available, through the Chancellor, to Senate,
   (c) appropriately assist the Chancellor in carrying out the Chancellor’s tasks,
   (d) assist as appropriate in maintaining active communications with Fellows; and
   (e) facilitate the reasonable requirements of Senate Fellows in relation to their tasks.
3. Consideration will also be given to a system by which individual Fellows can be reimbursed for reasonable out of pocket expenses in the Senate duties.

RESEARCH STAFF
For the purposes of membership of the faculties, and departmental boards, the Senate defines 'research staff' as those staff who hold the title of research fellow, senior research officer, senior research fellow, research scientist, principal research fellow or senior principal research fellow.

THE ROLES OF HEADS OF DEPARTMENTS AND SCHOOLS AND THEIR AUTHORITIES AND DELEGATIONS
In this document references to departments and to faculties include schools and academic colleges respectively. The delegations need to be read in conjunction with the University's delegations of authority which can be found at the following web address: http://dsusyd.edu.au/policy/policy_all.htm

1. Responsibilities
General responsibilities
The primary responsibility of heads of department is to foster the academic and research purposes of the department by effective leadership and management.
Heads of department have a responsibility to convene and report to departmental board meetings in accordance with the by-laws, to maintain an effective relationship with the departmental board and to ensure that an effective sub-committee system or another means of consultation and opportunities to contribute to decision-making exist within the department.
Departments are the basic academic organisational units within the University. Heads of department are free to manage the operation of their departments as they wish, provided that they meet the requirements of the University in doing so.
Heads of department, as members of the academic staff, are expected to continue to participate in academic work in their discipline.
Heads of department have a responsibility to maintain an effective relationship with the dean of the relevant faculty as head of the devolved funding unit and with such other deans as are chairs of relevant faculties.
Where a dean and a head of department are unable to reach agreement on a particular matter either the dean or the head of department may request that a deputy vice-chancellor act as a mediator. Should agreement then not be reached the deputy vice-chancellor may make a report to the Vice-Chancellor for decision.

Resolutions
The responsibilities of heads of departments within the resolutions of the Senate are to be found within sections 17 to 22 of the resolutions of the Senate relating to the faculties, colleges, college boards, boards of studies, departments, schools and committees.

(2) They are answerable through the dean to the Senate and the Vice-Chancellor for the administration of their departments in accordance with the policies and decisions of the Senate, the Academic Board and the faculty concerned. RESOLUTIONS OF THE SENATE

RESTRICTION UPON RE-ENROLMENT*

* The Resolutions of the Senate are under review.

Students in all faculties, colleges and boards of studies

1. The Senate authorises any faculty, college board or board of studies to require a student to show good cause why he or she should be allowed to repeat in that faculty, college or board of studies a) a year of candidature in which he or she has failed or discontinued more than once, or b) any course in which he or she has failed or discontinued more than once, whether that course was failed or discontinued when he or she was enrolled for a degree supervised by that faculty, college board or board of studies, or by another faculty, college board or board of studies.

2. The Senate authorises the several faculties, colleges or boards of studies to require a student who, because of failure or discontinuation has been excluded from a faculty, college or course, either in the University of Sydney or in another tertiary institution, but who has subsequently been admitted or readmitted to the University of Sydney, to show good cause why he or she should be allowed to repeat either (a) the first year of attendance in which after such admission or readmission he or she fails or discontinues, or (b) any course in which in the first year after admission or readmission he or she fails or discontinues.

Faculty of Agriculture, Food and Natural Resources

(1) The Senate authorises the Faculty of Agriculture, Food and Natural Resources to require a student to show good cause why he or she should be allowed to re-enrol in the Faculty of Agriculture, Food and Natural Resources if, in the opinion of the Faculty, he or she has not made satisfactory progress towards fulfilling the requirements for the degree.

(2) Satisfactory progress cannot be defined in all cases in advance but a student who has (a) twice failed, or discontinued enrolment to count as a failure any course as defined in sections 1, 2, 3 and 4 relating to the degrees of Bachelor of Science in Agriculture or Bachelor of Agricultural Economics, or (b) at the annual examinations in the second or any subsequent year of enrolment, failed more than sixty percent of the units for which enrolled and has also obtained a weighted average mark of less than fifty percent in the total number of units for which enrolled in the two most recent years of enrolment, shall be deemed not to have made satisfactory progress.

4. (a) The Senate authorises the Faculty of Arts to require students to show good cause why they should be allowed to re-enrol in the Faculty of Arts if, in the opinion of the Faculty, they have not made satisfactory progress towards fulfilling the requirements for the degree.

(b) Satisfactory progress cannot be defined in all cases and in advance but a student who does not complete at least 16 units in any year of enrolment shall normally be deemed not to have made satisfactory progress. Therefore, students must remain enrolled in at least 16 units each year, except when they need less than 16 units to qualify for the award of the degree.

(c) Notwithstanding (b), a student who qualifies for the award of the degree shall be deemed to have made satisfactory progress.

(d) For the purpose of these resolutions, where students 'Discontinue with Permission', 'Fail' their total enrolment for an academic year, that year is to be regarded as a year of enrolment.

(e) In cases where the Faculty permits the re-enrolment of a student whose progress has been deemed unsatisfactory, the Faculty may require the completion of a specified number of units in a specified time.

If a student does not comply with these conditions, the student may again be deemed not to have made satisfactory progress.

(ii) in any two successive years of enrolment, the student fails to gain credit for the equivalent of at least six full semester courses.

(2) In cases where the Faculty permits the re-enrolment of a student whose progress has been deemed unsatisfactory, the Faculty may place restrictions on the number and type of courses in which the student may re-enrol in that year and may require the completion of specified courses in a specified time, and if the student does not comply with these conditions the student may again be called upon to show good cause why he or she should be allowed to re-enrol in the Faculty of Economics.

Faculty of Education and Social Work

9. (1) The Senate authorises the Faculty of Education and Social Work to require a student to show good cause why he or she should be allowed to re-enrol in the Bachelor of Social Work degree course if, in the opinion of the Faculty, he or she has not made satisfactory progress towards fulfilling the requirements for the degree.

(ii) has failed or discontinued enrolment in more than one course twice, shall be deemed not to have made satisfactory progress.

(3) In cases where the Faculty permits the re-enrolment of a student whose progress has been deemed unsatisfactory, the Faculty may require the completion of specified courses in a specified time, and if the student does not comply with these conditions the student may again be called upon to show good cause why he or she should be allowed to re-enrol in the Bachelor of Social Work degree course.

(3) In cases where the Faculty permits the re-enrolment of a student whose progress is deemed unsatisfactory, the Faculty may require the completion of specified courses in a specified time, and if the student does not comply with these conditions the student may again be called upon to show good cause why he or she should be allowed to re-enrol in the Faculty of Health Sciences.

Postgraduate award programs

11. (1) The Senate authorises any faculty, college board or board of studies to require a candidate for a coursework higher degree or for a graduate diploma or graduate certificate, to show good cause why that candidature should not be terminated by reason of unsatisfactory progress towards the completion of the award and where, in the opinion of the faculty, college board, or board of studies, the candidate does not show good cause, terminate the candidature.

Student appeals against academic decisions*

RESOLUTIONS OF THE SENATE
*These Resolutions are under review.
Information about appeals against exclusion can be found in section 18 of the University of Sydney (Coursework) Rule 2000 (as amended) in this Calendar.

STUDENT APPEALS AGAINST ACADEMIC DECISIONS

Any student may appeal to the Senate against an academic decision. Normally such an appeal will not be heard unless the student has exhausted all other avenues. For undergraduates and for postgraduate students undertaking coursework award programs, this means appeal to the department and/or faculty/college board/board of studies concerned, and for postgraduate students undertaking research degrees, also to the Committee for Graduate Studies.

Appeals solely against questions of academic judgement that have, in the view of the Chair of the Academic Board, been thoroughly investigated by the faculty/college board/board of studies in accordance with the procedures adopted by the Academic Board, will not be heard unless there are grounds for believing due academic process has not been observed.

Appeals against exclusion from re-enrolment in undergraduate award programs and against termination of candidature for postgraduate awards are heard by the Student Appeals Committee (Exclusions and Readmissions), and appeals against disciplinary action are heard by the Student Disciplinary Appeals Committee.

Note
It has been expedient throughout this document to refer to faculties and deans of faculties; it should be understood that the procedures are to be read as applying, mutatis mutandis, to colleges and the graduate school and the college principals and directors.

Hearing of appeals

The Senate has resolved as follows with respect to the hearing of appeals against academic decisions:

1. Appeals against academic decisions may be referred by the Senate to the Student Academic Appeals Committee, a standing committee of the Senate.

2. The membership of the Student Academic Appeals Committee shall be:

   (i) the Chancellor, the Deputy Chancellor, and the Vice-Chancellor and Principal (ex officio);
   (ii) the Chair of the Academic Board;
   (iii) the Deputy Chair of the Academic Board (or nominee of the Chair of the Academic Board);
   (iv) two student Fellows of the Senate; and
   (v) two Fellows of the Senate who are not members of the academic staff.

3. The Student Academic Appeals Committee acts on behalf of the Senate in hearing an appeal and in determining its outcome.

4. On receipt of an appeal the Chancellor or the Chancellor's nominee shall appoint one person from each category of membership listed in section 2 above.

5. Four members of the sub-committee shall form a quorum.

6. A unanimous decision of the sub-committee shall be final and reported to the Senate for noting.

7. An appellant will be advised as soon as practicable of the decision and the reasons for it.

8. In the event that the sub-committee is unable to reach a unanimous decision, majority and/or minority reports together with supporting papers will be referred to the Senate for final decision. The Senate should give a written statement for its decision to the parties concerned.

9. The sub-committee shall observe the following procedures in hearing an appeal:

   (a) The dean of the faculty or chairperson of the board of studies concerned shall be provided with a copy of the student's letter of appeal and be asked to provide, within ten working days, written comment from whatever source is appropriate on this matter, including the recommendations of the staff member, professor and head of department concerned, so far as is practicable.

RESOLUTIONS OF THE ACADEMIC BOARD
*These Resolutions are under review.

PRINCIPLES FOR STUDENT APPEALS AGAINST ACADEMIC DECISIONS

Preliminary

1. Any student may complain about an academic decision that affects him or her. This document describes the principles and procedures to be followed by students, academic units and decision-makers when a student complains about an academic decision:

   (1) First, at a local level, to enable a student's concerns to be addressed in an informal way; and

   (2) Secondly, by means of a formal, central procedure.

2. These procedures apply to all academic decisions made in relation to undergraduate and postgraduate course awards. A separate set of procedures applies with respect to postgraduate research awards.

3. In these procedures, an 'academic decision' means a decision of a member of the academic staff that affects the academic assessment or progress of a student.
4. Each stage below represents an opportunity to resolve the complaint. Members of academic staff are expected to attempt to resolve all students' complaints at a local, informal level, wherever possible.

**Principles that underpin these procedures**

5. The following principles apply with respect to any dispute about an academic decision, whether dealt with formally or informally:

   (1) **Timeliness.** All disputes should, wherever possible, be resolved as quickly as possible. A procedure that creates a number of opportunities to resolve a problem should not be treated as a series of hurdles which prolong the dispute. Unresolved disputes have a detrimental effect on the performance of both students and staff involved.

   Deadlines prescribed in these procedures should always be followed, unless there are exceptional circumstances. If the deadline is to be exceeded by staff, the student must always be informed of the length of, and the reason for, the delay.

   Time limits allowed to students are generally longer than those allowed to staff. As a general rule, it may be more appropriate to relax time limits for students within reason.

   Students may find pursuing a complaint or an appeal a difficult and stressful undertaking. They may need further time to marshal the confidence, support and evidence they need to pursue a complaint. Students should also be able to express their complaint in their own terms.

   (2) **Confidentiality.** All student appeals must be treated confidentially at all stages of the process. Any information about a complaint must be strictly limited to those staff who need to know about it in order to deal with the complaint. For example, where a complaint is dealt with at departmental or faculty level, any sensitive personal information about the student should only be available to the head of the department, dean (or college principal) or the staff member assigned to the appeal. If information needs to be distributed at a broader level, then the student’s written consent must first be obtained.

   (3) **Without disadvantage.** The fact that a student has made a complaint under these procedures should not disadvantage the student in any way, especially by way of victimisation. That said, the fact that a student has had to complain often does, of itself, cause disadvantage, for example, delay in finalising the mark for a unit of study. However, students should be able to complain under these procedures and feel confident that they will not be disadvantaged in any other way.

   (4) **Procedural fairness.** All staff involved in a complaint or an appeal have a duty to observe the principles of procedural fairness (sometimes called natural justice), which include the following.

   (a) Staff and students involved in a complaint are entitled to raise all issues which are important to them, and to put their points of view in their own terms. In most cases, any formal complaint will be dealt with by means of written submissions. In some cases, however, it may be appropriate to deal with the matter by interviewing the relevant parties. This will be determined by the relevant decision-maker.

   (b) Staff and students are entitled to have matters dealt with in an unbiased manner, and lack of bias should always be apparent. It is impossible to list all types of potential bias. One example is where a staff member involved in conciliating a complaint has a close personal relationship with the student. The question for any decision-maker is whether he or she has a pre-conceived view that is so strong, and so related to the matter being decided by the staff member, that it is reasonable to suspect that he or she is unable to listen to the complaint in a fair manner, and to deal with that complaint on its merits alone. Any person concerned about bias is expected to raise it with the appropriate person promptly.

   (c) Parties are entitled to know the basis on which decisions about them have been made, and in sufficient detail that it is reasonable to expect a student to be able to understand the decision.

   (5) **Support.** Any person involved in this process who is disadvantaged in any way in their ability to present their case should be allowed the support and advice they need to participate effectively. While a conciliatory approach is preferred and encouraged under these rules, it may be appropriate, in some circumstances that the student or staff member has another person speak on his or her behalf.

   (6) **Record-keeping.** In order to facilitate resolution of student complaints, it is important that staff establish and maintain proper records (through the Central Records filing system) once a complaint becomes formal. Staff are also advised to keep brief notes of any informal discussions with students. Copies of documentation given to students in relation to a unit of study should be kept, as well as a record of the date on which that information was supplied to students and the means by which it was disseminated. This may be important to the speedy resolution of a complaint.

   (7) **Access.** Students should normally have a right of free access to all documents concerning their appeal. This right does not apply to any documents for which the University claims legal professional privilege.

**PROCEDURES FOR STUDENT APPEALS AGAINST ACADEMIC DECISIONS FOR UNDERGRADUATE AND POSTGRADUATE COURSEWORK AWARDS**

6. Informal resolution with teacher

   (1) If a student is concerned about any academic decision, he or she should first discuss the issue informally with the relevant teacher or unit of study co-ordinator. This should be done within three months of the particular academic decision being made.

   (2) The teacher or unit of study co-ordinator should then deal with the issue promptly, giving a full explanation to the student of the reasons for the academic decision. Many complaints should be resolved at this stage.

   (a) If the student’s concerns are not resolved by this means, then the teacher should:

      (i) Explain the next step and the procedure, which is set out in paragraph 7 below; and

      (ii) Give to the student a copy of these principles and procedures.

   (3) If the teacher or unit of study co-ordinator is the head of the department or school, then the student should approach the dean or college principal or director (see 8 below).

7. Approach head of department or school

   **Informal complaints**

   (1) If the student's concerns cannot be resolved under paragraph 6, or because of a failure to follow procedures, the student may then approach the head of department or school. The student may, at this point, choose to approach the head of department on an informal basis, or else put his or her complaint in writing. The student should do either of these things within 15 working days of the outcome of discussions under paragraph 6.
(2) If a student chooses to approach the head of department informally under para 7(1), this does not later preclude the student from proceeding formally under this paragraph 7 by putting his or her complaint in writing to the head of department.

(3) The head of department should deal with informal complaints promptly, giving a full explanation to the student of the reasons for the academic decision. Many complaints should be resolved at this stage.

Formal complaints

(4) The head of department must acknowledge receipt of a formal complaint in writing within 3 working days of receipt.

(5) The head of department must try to resolve the complaint within 10 working days of receiving the complaint, and then advise the student in writing of his or her decision:
(a) setting out the reasons;
(b) advising that if the student does not agree with the decision, then the student has a right of appeal under these procedures; and
(c) giving to the student a copy of these principles and procedures, if the student does not already have a copy.

8. Approach the dean or college principal or director or their nominee

Informal complaints

(1) If the student's concerns cannot be resolved under paragraph 7, or because of a failure to follow procedures, the student may then approach the dean or college principal or director. The student may, at this point, choose to approach the dean or college principal or director on an informal basis, or else put his or her complaint in writing. The student should do either of these things within 15 working days of the outcome of discussions under paragraph 7. In some cases the dean, college principal or director may nominate another faculty officer, for example a pro-dean or associate dean to deal with the matter.

(2) If the dean or college principal or director is the decision-maker under paragraphs 6 or 7, then the pro-vice-chancellor of the relevant academic college shall act as decision-maker under this paragraph 8.

(3) If a student chooses to approach the dean or college principal informally under para 8(1), this does not later preclude the student from proceeding formally under this paragraph 8 by putting his or her complaint in writing to the dean or college principal or director.

(4) The dean or college principal or director should then deal with informal complaints promptly, giving a full explanation to the student of the reasons for the academic decision. Many complaints should be resolved at this stage.

Formal complaints

(5) The dean or college principal or director must acknowledge receipt of a formal complaint in writing within 3 working days of receipt.

(6) The dean or college principal or director must try to resolve the complaint within 10 working days of receiving the complaint, and then advise the student in writing of his or her decision:
(i) setting out the reasons;
(ii) advising that if the student does not agree with the decision, then the student has a right of appeal under these procedures; and
(iii) giving to the student a copy of these principles and procedures, if the student does not already have a copy.

9. Written appeal to the Senate

(1) If the student is not satisfied that his or her concerns have been addressed satisfactorily under para 8, then the student may make a written appeal to Senate.

(2) Note that an appeal to Senate is covered by the Senate resolution 'Student Appeals against Academic Decisions' above in this University of Sydney Calendar. This resolution provides that an appeal to Senate will not normally be heard unless the student has exhausted all other avenues. In other words before the student makes an appeal to Senate he or she should have followed the procedures set out in this document by attempting to find a resolution with his or her teacher, head of department and dean or college principal or director.

(3) Note that the Senate resolution provides for a hearing before the Senate Appeals Committee, but a complaint does not go straight to that Committee. It is first referred to the Chair of the Academic Board who attempts to resolve the matter. The procedures are outlined below. In some cases the Chair of the Academic Board may nominate the Alternative Chair or a deputy chair of the Academic Board to deal with the matter.

(4) A written appeal to Senate should outline the matter clearly, concisely and fully, and include any relevant documentation or evidence. The written appeal should be submitted to the Registrar, Main Quadrangle, A14.

(5) The Registrar will refer the appeal to the Student Centre. The Student Centre will check that the student has exhausted all avenues. If the student has not exhausted all other avenues the Student Centre will advise the student what steps can be taken. If the student has exhausted all other avenues, the Student Centre will collect together the complaint, the student's file and documentation from the faculty and forward it to the Chair of the Academic Board normally within five working days.

(6) The Chair of the Academic Board will seek to resolve the matter as informally and quickly as possible in accordance with the principles set out in this document. Normally within ten working days of receiving the file from the Student Centre, the Chair of the Academic Board will communicate his or her decision on the complaint to the student.

(7) Note that the Senate resolution provides that where the appeal is solely against a question of academic judgement, the Chair of the Academic Board will not refer the appeal to the Student Appeals Committee if: (a) the complaint has been thoroughly investigated by the faculty; and (b) these procedures, especially the principles of procedural fairness, have been followed.

(8) If the matter has not been resolved by the Chair of the Academic Board, the Chair will refer it to the Senate Appeals Committee.

(9) The procedure which the Senate Appeals Committee will follow is set out in the resolution of Senate, Student Appeals Against Academic Decisions, referred to in paragraph 9(2) above.

11. The decision of an Appeal Committee under these resolutions shall be communicated in writing to the parties with a brief statement of the reasons for the decision. If the appeal is dismissed the appellant shall be advised of any further avenues of appeal and of sources of advice.

(ii) The Faculty may permit part-time candidates for the MAgrEc or the MScAgr degree admitted under the provisions of Chapter 10 of the By-laws** to complete the investigation elsewhere, after two years have been spent in this or equivalent candidature within the University.

(iii) Candidates admitted to part-time candidature are expected to devote a minimum of 20 hours per week (or equivalent) to their candidature.

(v) Research assistants or associate lecturers in the University shall enrol part-time unless they can demonstrate to the satisfaction of the Faculty that they have sufficient time to pursue full-time candidature.

(b) for up to 12 credit points of unspecified coursework towards MAgr candidature for units of study completed in another faculty of this University or of other tertiary institutions;
(c) for up to 8 credit points of unspecified coursework towards graduate diploma candidature for units of study completed in another faculty of this University or of other tertiary institutions; provided that:
   (i) no unit of study for which credit is granted has been a basis for the award of any other degree or diploma;
   (ii) the unit or units were passed at a level of competence or with such additional assessment or other requirements as may be determined by the Board in each case;

Form of a thesis

12. (1) A thesis may be bound for submission in either a temporary or a permanent form.
(2) Temporary binding must be strong enough to withstand ordinary handling and postage. The preferred form of binding is the 'perfect binding' system; ring-back or spiral binding is not permitted.
(3) The cover of a temporarily bound thesis must have a label with the candidate’s name, name of the degree, the title of the thesis and the year of submission.
(4) The requirements for permanent binding are set out in the Statutes and Regulations in the Academic Board’s resolutions for binding of PhD theses.

(2) The Board of Postgraduate Studies may permit an unsuccessful candidate to prepare for re-examination if, in its opinion, the candidate’s work is of sufficient merit to warrant this concession and the head of the department has so recommended.

*5* In order to ensure that the copies which are retained in the University are as free of error as possible, the Board of Postgraduate Studies may award the degree subject to emendation even if the Discipline Leader has not recommended the correction of minor errors which examiners have listed. To avoid any confusion as to what is required, the Board of Postgraduate Studies will draw to the attention of the Discipline Leader the emendations it requires.

Satisfactory progress

14. (1) A candidate proceeding by research and thesis shall lodg[e] a progress report annually with the Registrar.
(2) The Board of Postgraduate Studies may require a candidate proceeding by coursework to show good cause why he or she should be allowed to re-enrol in a course which has been twice failed or discontinued to count as failure.

Preliminary requirements

15. When an applicant is not qualified for admission to a master’s degree by research, the Faculty may require satisfactory completion of a preliminary examination before admission to candidature can be granted. In such a case a candidate may be enrolled in a master’s preliminary program which shall consist of such coursework or other requirements as the Faculty may determine.

(d) within a professional working environment considered to be appropriate by the Dean.

(2) A candidate shall be regarded as engaging in work within the University if he or she is undertaking approved distance and/or off-campus study, this being a mode of study in which the student would not be in regular physical attendance on a designated campus of the University.

11. Supervision

(1) Appointment of supervisor

(a) The Dean, on the recommendation of the relevant head of department, shall appoint a suitably qualified supervisor for each candidate to take primary responsibility for the conduct of the candidature.
(b) The Dean, on the recommendation of the relevant head of department, shall normally appoint one or more associate supervisors for each candidate to assist in the supervision of that candidature.

(2) Qualifications of supervisors

A person appointed as a supervisor must be:
(a) a member of the academic staff;

A person appointed as an associate supervisor must:
(a) hold the qualifications referred to in sub-section (2); or
(b) have been appointed as an honorary associate of the University.

12. Progress

(a) At the end of each year of candidature, each candidate shall complete and submit an annual progress report form to provide evidence of progress to the satisfaction of the supervisor, the relevant head of department and the Dean.
(b) The supervisor shall comment on the candidate's report, and the form will then be referred back to the candidate who shall sign the report to indicate that he or she has sighted the supervisor's comments.
14. Suspension of candidature
(1) A candidate must be enrolled in each semester in which he or she is actively completing the requirements for the degree. A candidate who wishes to suspend candidature must first obtain approval from the Dean.
(2) The candidature of a candidate who has not re-enrolled and who has not obtained approval from the Dean for suspension will be deemed to have lapsed.
(3) A student whose candidature has lapsed must apply for re-admission in accordance with procedures determined by the Committee. If re-admitted to candidacy, the candidate shall complete the degree requirements under such conditions as determined by the Dean.
(4) A candidate who enrols after suspending candidacy shall complete the requirements for the degree under such conditions as determined by the Dean.

15. Examination
Except as prescribed in these resolutions, the examination procedures shall be in accordance with the policies and procedures prescribed by the Academic Board for the degree of Doctor of Philosophy.

16. Appointment of Examiners
(1) On receiving the thesis and having considered the certificate of the supervisor, the Dean shall consult with the relevant head of department and, if the Dean sees fit, appoint examiners.
(2) If the Dean resolves to appoint examiners, two independent examiners shall be appointed. Of the examiners so appointed:
(a) at least one examiner shall be external to the University;
(b) the supervisor may not be appointed as an examiner;
(c) each examiner shall hold a professional doctorate or PhD-level qualification and/or be a member of staff at a recognised university;
(3) In any case where the Dean, having received the thesis and having considered the report of the supervisor, resolves not to appoint examiners, the Dean shall report the circumstances to the Graduate Studies Committee of the Academic Board.

13. Discontinuation of enrolment
(1) A candidate who wishes to discontinue enrolment in the degree or in a unit of study must apply to the relevant head of department and will be presumed to have discontinued enrolment from the date of that application, unless evidence is produced showing:
(a) that the discontinuation occurred at an earlier date; and
(b) that there was good reason why the application could not be made at the earlier time.
(2) A candidate who discontinues enrolment in a unit of study shall have that discontinuation recorded as Withdrawn (W) or Discontinued Not to Count as Failure (DNF) where that discontinuation occurs within the time-frames specified by the University or where the candidate meets other conditions as specified by the relevant head of department.

(b) The form shall then be referred to the head of the relevant department, who, on the basis of the evidence provided, shall recommend the conditions of candidature to apply for the following year. The head may require the candidate to provide further evidence of progress at the end of one semester or such other period as the head considers appropriate.

The progress report form is then forwarded to the Dean for consideration and comment.
(2) Interview at the end of the first year of candidature
(a) In addition to the requirement for the submission of an annual progress report, at the end of the first year of candidature each candidate’s progress will be reviewed at an interview to be organised by the relevant department.
(b) The review shall include an assessment of the research project including the resources being made available, the candidate’s progress and the supervisory arrangements. If both the supervisor and the relevant head of department participate in the review, another member of staff—usually the departmental postgraduate co-ordinator—shall normally also participate in the review. There shall also be a segment where the candidate has the opportunity to discuss in confidence his or her progress in the absence of the supervisor.
(c) An outcome will be considered by the head of department, if not directly involved, and the Dean. Where difficulties have been identified, the report will include an agreed course of action which may include discontinuation of candidature.

(3) Lack of evidence of satisfactory progress
(a) If a candidate fails to submit evidence of progress or if the relevant head of department considers that the evidence submitted does not indicate satisfactory progress, the Dean may, on the head’s recommendation, call upon the candidate to show good cause why that candidature should not be terminated by reason of unsatisfactory progress towards completion of the degree and where, in the opinion of the Dean, the candidate does not show good cause, the Dean may terminate that candidature or may impose conditions on the continuation of that candidature.
(b) For the purposes of these Resolutions, good cause means circumstances beyond the reasonable control of a candidate, which may include serious ill-health or misadventure, but does not include demands of employers, pressure of employment or time devoted to non-University activities, unless these are relevant to serious ill health or misadventure. In all cases the onus is on the candidate to provide the University with satisfactory evidence to establish good cause.

17. Determination of the result of the candidature
The Dean will consider the results of the coursework and the examiners’ reports on the thesis, together with a recommendation concerning the award of the degree, and shall determine the result of the candidature.

18. Public availability of thesis
(1) It is the policy of the Senate that a candidate for a higher degree should not normally be permitted to undertake a program of advanced study and research which is likely to result in the lodgment of a thesis that cannot be available for use immediately, to be read, photocopied or microfilmed, except as provided in sub-sections (3) and (4) below.
An applicant for admission to candidature for a higher degree shall be required to acknowledge awareness of this policy when applying for such admission.
(3) Use of confidential material and access to a restricted thesis
(a) If, at any time between application for admission to candidature and the lodgment of the thesis, it shall appear to the supervisor and to the relevant head of department that successful prosecution of the candidature will require the use of confidential material which the candidate would not be at liberty fully to disclose in the thesis, the matter shall be reported as soon as practicable to the Dean.
(b) The Dean may, if the Dean thinks fit, recommend to the Graduate Studies Committee of the Academic Board that the candidate be granted:
   (i) permission to include in an appendix to the thesis such material as is essential to the thesis but which, for a limited period, may not be available for general inspection; and
   (ii) exemption, in respect of such an appendix, from the requirement to give the undertaking specified in sub-section (2) above.
(c) Subject to the provisions sub-section (d) below, if the Graduate Studies Committee of the Academic Board resolves to grant such permission and exemption, the University Librarian shall restrict access, for a period to be specified by the Graduate Studies Committee of the Academic Board, to any appendix referred to in sub-section (b) above. This period of restriction shall not exceed five years unless there are exceptional reasons for an extension of the period.
(d) The University Librarian may grant access to an appendix to a thesis to which access has been restricted in accordance with sub-section (c) above, to a scholar who —
   (i) demonstrates bona fide concern with the material in that appendix; and
   (ii) has the written consent of either: the author of the thesis; or the head of the relevant department in a case where the author cannot be contacted, notwithstanding that all reasonable steps have been taken to contact the author.
Notwithstanding any other provision of these resolutions, the examiners of a thesis, includin any Faculty committee or any committee of the Academic Board which is directly concerned with the examination of such thesis, shall have access to the thesis and any appendix to the thesis for the purposes of any examination or re-examination.
(4) Deferment of public availability of thesis
(a) The Senate recognises that there are certain circumstances where deferment of the public availability of the thesis is appropriate.
(b) In a case where a candidate or potential candidate is to be associated with a project in collaboration with industry that has potential for concern over exploitation of intellectual property, the Dean, if satisfied that the circumstances warrant it, may recommend to the Graduate Studies Committee of the Academic Board that:
   (i) the candidate or prospective candidate be granted exemption from the requirement to give the undertaking specified in sub-section (2) above; and
   (ii) authorisation be given to delay lodgment of the thesis in the Library for a period that, except in exceptional circumstances, shall not exceed eighteen months from the date of the award of the degree.
(c) The Chair of the Graduate Studies Committee of the Academic Board may approve such applications on behalf of the Graduate Studies Committee, where the Chair is satisfied that they are appropriate.

(d) If, at any time between application for admission to candidature and the lodgment of the thesis, it shall appear to the candidate, supervisor and to the relevant head of department that there are reasons to believe that the candidate’s interests would be at risk if the thesis were immediately made available, the candidate may apply in writing for deferment of the availability of that thesis in the University Library for a specific period of time. Any such application should set out clearly the reasons for the request and include supporting evidence, as appropriate.
(e) The Dean, if satisfied that such a deferment is necessary to protect the interests of the candidate, may:
   (i) give authorisation for the thesis not to be lodged in the Library for a period not exceeding six months from the date of award of the degree; and may also
   (ii) recommend to the Graduate Studies Committee of the Academic Board that a longer period of deferment, or an extension of the original deferment, be approved provided that, except in exceptional circumstances, the total period shall not exceed eighteen months.

19. Chairs of department
A chair of department may delegate to a specified member of the academic staff his or her responsibilities under these resolutions by countersigning a specific recommendation in respect of a particular candidature or by making, and forwarding to the Registrar, a written statement of delegation of those powers.

**18. Public availability of thesis**

(1) It is the policy of the Senate that a candidate for a higher degree should not normally be permitted to undertake a program of advanced study and research which is likely to result in the lodgment of a thesis that cannot be available for use immediately, to be read, photocopied or microfilmed, except as provided in sub-sections (3) and (4) below.

(2) An applicant for admission to candidature for a higher degree shall be required to acknowledge awareness of this policy when applying for such admission.

(3) Use of confidential material and access to a restricted thesis

(a) If, at any time between application for admission to candidature and the lodgment of the thesis, it shall appear to the supervisor and to the relevant chair of department that successful prosecution of the candidature will require the use of confidential material which the candidate would not be at liberty fully to disclose in the thesis, the matter shall be reported as soon as practicable to the Dean.

(b) The Dean may, if the Dean thinks fit, recommend to the Graduate Studies Committee of the Academic Board that the candidate be granted:

(d) The University Librarian may grant access to an appendix to a thesis to which access has been restricted in accordance with sub-section (c) above, to a scholar who —

(i) demonstrates bona fide concern with the material in that appendix; and

(e) Notwithstanding any other provision of these resolutions, the examiners of a thesis, including any Faculty committee or any committee of the Academic Board which is directly concerned with the examination of such thesis, shall have access to the thesis and any appendix to the thesis for the purposes of any examination or re-examination.

(a) The Senate recognises that there are certain circumstances where deferment of the public availability of the thesis is appropriate.

(b) In a case where a candidate or potential candidate is to be associated with a project in collaboration with industry that has potential for concern over exploitation of intellectual property, the Dean, if satisfied that the circumstances warrant it, may recommend to the Graduate Studies Committee of the Academic Board that:

(i) the candidate or prospective candidate be granted exemption from the requirement to give the undertaking specified in sub-section (2) above; and

(ii) authorisation be given to delay lodgment of the thesis in the Library for a period that, except in exceptional circumstances, shall not exceed eighteen months from the date of the award of the degree.

(c) The Chair of the Graduate Studies Committee of the Academic Board may approve such applications on behalf of the Graduate Studies Committee, where the Chair is satisfied that they are appropriate.

(d) If, at any time between application for admission to candidate and the lodgment of the thesis, it shall appear to the candidate, supervisor and to the relevant chair of department that there are reasons to believe that the candidate's interests would be at risk if the thesis were immediately made available, the candidate may apply in writing for deferment of the availability of that thesis in the University Library for a specific period of time. Any such application should set out clearly the reasons for the request and include supporting evidence, as appropriate.

(e) The Dean, if satisfied that such a deferment is necessary to protect the interests of the candidate, may:

(i) give authorisation for the thesis not to be lodged in the Library for a period not exceeding six months from the date of award of the degree; and may also

(ii) recommend to the Graduate Studies Committee of the Academic Board that a longer period of deferment, or an extension of the original deferment, be approved provided that, except in exceptional circumstances, the total period shall not exceed eighteen months.

**19. Chairs of department**

DOCTOR OF EDUCATION
The Doctor of Education is considered as an equivalent of, yet as an alternative to the PhD degree. The EdD thesis of 50 000 words, together with the three literature reviews, involves writing and research equivalent to the 80 000 words associated with the degree of PhD. (2) The Dean may permit a candidate to include within the required 48 credit points of units of study up to a maximum of 24 credit points for postgraduate units of study offered by another faculty in the University or by another tertiary institution, subject to the approval of that other body.

(3) Notwithstanding any permission to include units of study offered by another faculty in accordance with sub-section (2) above or any credit granted for previous study in accordance with section 10(b) below, a candidate must complete at least 24 credit points of units of study offered for the coursework master's degrees in the Faculty.

7. Seminar program and supervised research

(1) In the doctoral seminar program a candidate must present three research colloquia to his or her peers in the form of a thesis proposal and two "work in progress" seminars, one of which might be analogous to an oral defence of the nearly-completed thesis.

(2) A candidate must carry out, under supervision, a research project in a field of study approved by the Dean. The research project will normally comprise the investigation of a specific aspect or specific aspects of either the candidate's own and/or others' professional practice. While normally only one research project is undertaken, the Dean may permit a candidate to undertake research in a series of different projects that must be related and form a coherent body of research.

8. The thesis

(1) On completing the course of advanced study and research, a candidate shall present a thesis embodying the results of the work undertaken in the research project, that shall be a substantially original contribution to the subject concerned. The candidate shall state, generally in the preface and specifically in notes, the sources from which the information is derived, the extent to which use has been made of the work of others, and the portion of the work the candidate claims as original. The thesis shall normally be approximately 60 000 words in length (that is, about 200 pages) and shall in no circumstances be longer than 80000 words.

(2) The topic of the thesis must have the prior approval of the Dean.
9. Length of candidature
   (1) A candidate may proceed either on a full-time or part-time basis.
   (2) Except with the express approval of the Dean—
      (a) a full-time candidate shall complete the degree requirements no earlier than the end of the sixth semester of candidature and no later than the end of the eighth semester of candidature; and
      (b) a part-time candidate shall complete the degree requirements no earlier than the end of the eighth semester of candidature and no later than the end of the sixteenth semester of candidature.
   (3) Where a candidate is granted credit for previous studies in accordance with section 10 below, the candidate's minimum and maximum length of candidature may be adjusted accordingly.
   (4) Where a candidate is granted a period of suspension of candidature, this period will not count as part of the candidate's minimum and maximum length of candidature.
   (5) The thesis shall be written in English.
   (6) A candidate shall submit to the relevant department four copies of the thesis and four copies of a summary of about 300 words in length.
   (7) The copies of the thesis submitted for examination will be either printed copies or, where prior approval has been obtained from the relevant head of department, in the form of CDs, as provided in the Resolutions of the Academic Board relating to the Form of the Thesis for the degree of Doctor of Philosophy.
   (8) The thesis shall be accompanied by a certificate from the supervisor stating whether, in the supervisor's opinion, the form of presentation of the thesis is satisfactory.
   (9) When the degree has been awarded, a hard copy of the thesis printed on archival paper and incorporating any required emendations and revisions shall be lodged in the University Library, except as provided in section 20 below.

10. Credit transfer
   (1) Coursework component
       (a) A candidate who, at the date of admission to candidature, has completed postgraduate coursework (whether a degree for that work has been awarded or not) may apply for credit transfer towards the degree.
       (b) On the recommendation of the relevant head of department, the Dean may grant a candidate credit for previous studies provided that —
           (i) the coursework for which credit is sought is deemed by the Dean to have been completed with a high level of competency and to be relevant to the candidate's total program of study; and
           (ii) no more than 24 credit points shall normally be so credited, unless the units of study for which credit is sought were completed in an embedded program at this University, in which case there shall be no restriction on the amount of credit that may be granted.
   (2) Research component
       (a) A candidate who, at the date of admission to candidature, has completed not less than one semester as a candidate for a degree of master in the Faculty of Engineering or in another faculty in the University of Sydney, may be permitted by the Dean to transfer credit for the whole or any part of that candidature towards the DEngPrac degree, provided that —
           (i) the period of candidature for the degree of master for which credit is sought shall have been in a program of full-time or part-time advanced study and research under a supervisor appointed by the faculty and directly related to the candidate's proposed course of advanced study and research for the DEngPrac degree; and
           (ii) the candidate shall have abandoned candidature for that degree of master.
       (b) A candidate who, at the date of admission to candidature, has completed not less than one semester as a candidate for the degree of Doctor of Philosophy in the University of Sydney may be permitted by the Dean to transfer credit for the whole or any part of that candidature towards the DEngPrac degree, provided that —
           (i) the period of candidature for the PhD degree for which credit is sought shall have been in a program directly related to the candidate's proposed course of advanced study and research for the DEngPrac degree; and
           (ii) the candidate shall have abandoned candidature for the PhD degree.
       (c) A candidate who, at the date of admission, has completed not less than one semester as a candidate for a higher degree in another university or institution may be credited for the whole or any part of that period of candidature towards the DEngPrac degree, provided that —
           (i) the period of candidature for the higher degree for which credit is sought shall have been in a program of full-time or part-time advanced study and research under a supervisor appointed by the other university or institution concerned and is directly related to the candidate's proposed course of advanced study and research for the DEngPrac degree; and
           (ii) the candidate shall have abandoned candidature for the higher degree of master.
   (3) A candidate may also submit in support of the candidature any publication of which the candidate is the sole or joint author. In such a case the candidate must produce evidence to identify satisfactorily the sections of the work for which the candidate is responsible.
   (4) A candidate may not present as the thesis any work that has been presented for a degree or diploma at this or another university, but the candidate will not be precluded from incorporating such in the thesis, provided that, in presenting the thesis, the candidate indicates the part of the work which has been so incorporated.
   (5) The thesis shall be written in English.
   (6) A candidate shall submit to the relevant department four copies of the thesis and four copies of a summary of about 300 words in length.
   (7) The copies of the thesis submitted for examination will be either printed copies or, where prior approval has been obtained from the relevant head of department, in the form of CDs, as provided in the Resolutions of the Academic Board relating to the Form of the Thesis for the degree of Doctor of Philosophy.
   (8) The thesis shall be accompanied by a certificate from the supervisor stating whether, in the supervisor's opinion, the form of presentation of the thesis is satisfactory.
   (9) When the degree has been awarded, a hard copy of the thesis printed on archival paper and incorporating any required emendations and revisions shall be lodged in the University Library, except as provided in section 20 below.

11. Control of candidature
   (1) Each candidate shall pursue his or her course of advanced study and research wholly under the control of the University.
   (2) Where a candidate is employed by an institution other than the University, the Dean may require a statement from that employer acknowledging that the candidature will be under the control of the University.

12. Location of candidature
   (1) Subject to the approval of the supervisor, relevant head of department and the Dean, a candidate shall pursue the program of advanced study and research:
13. Supervision
(1) Appointment of supervisor
(a) The Dean, on the recommendation of the relevant head of department, shall appoint a suitably qualified supervisor for each candidate to take primary responsibility for the conduct of the candidature.
(b) The Dean, on the recommendation of the relevant head of department, shall normally appoint one or more associate supervisors for each candidate to assist in the supervision of that candidature.
(2) Qualifications of supervisors
A person appointed as a supervisor must be:
(a) a member of the academic staff;
(b) a member of the senior research staff;
(c) a person upon whom the Senate has conferred an academic title or a clinical academic title; or
(d) such other member of the staff of the University as may be considered appropriate in a particular case by the Graduate Studies Committee of the Academic Board.
(3) Qualifications of associate supervisors
A person appointed as an associate supervisor must:
(a) hold the qualifications referred to in sub-section (2); or
(b) have been appointed as an honorary associate of the University.

14. Progress
(1) Annual review
(a) At the end of each year of candidature, each candidate shall complete and submit an annual progress report form to provide evidence of progress to the satisfaction of the supervisor, the relevant head of department and the Dean.
(b) The supervisor shall comment on the candidate's report, and the form will then be referred back to the candidate who shall sign the report to indicate that he or she has sighted the supervisor's comments.
(c) The form shall then be referred to the head of the relevant department, who, on the basis of the evidence provided, shall recommend the conditions of candidature to apply for the following year. The head may require the candidate to provide further evidence of progress at the end of one semester or such other period as the head considers appropriate.
(d) The progress report form is then forwarded to the Dean for consideration and comment.
(2) Interview at the end of the first year of candidature
(a) In addition to the requirement for the submission of an annual progress report, at the end of the first year of candidature each candidate's progress will be reviewed at an interview to be organised by the relevant department.
(b) The review shall include an assessment of the research project including the resources being made available, the candidate's progress (including seminar performance) and the supervisory arrangements. If both the supervisor and the relevant head of department participate in the review, another member of staff — usually the departmental postgraduate co-ordinator — shall normally also participate in the review. There shall also be a segment where the candidate has the opportunity to discuss in confidence his or her progress in the absence of the supervisor.
(c) An outcome will be considered by the head of department, if not directly involved, and the Dean. Where difficulties have been identified, the report will include an agreed course of action which may include discontinuation of candidature.
(3) Lack of evidence of satisfactory progress
(a) If a candidate fails to submit evidence of progress or if the relevant head of department considers that the evidence submitted does not indicate satisfactory progress, the Dean may, on the head's recommendation, call upon the candidate to show good cause why that candidature should not be terminated by reason of unsatisfactory progress towards completion of the degree and where, in the opinion of the Dean, the candidate does not show good cause, the Dean may terminate that candidature or may impose conditions on the continuation of that candidature.
(b) For the purposes of these Resolutions, good cause means circumstances beyond the reasonable control of a candidate, which may include serious ill-health or misadventure, but does not include demands of employers, pressure of employment or time devoted to non-University activities, unless these are relevant to serious ill health or misadventure. In all cases the onus is on the candidate to provide the University with satisfactory evidence to establish good cause.

15. Discontinuation of enrolment
(1) A candidate who wishes to discontinue enrolment in the degree or in a unit of study must apply to the relevant head of department and will be presumed to have discontinued enrolment from the date of that application, unless evidence is produced showing:
(a) that the discontinuation occurred at an earlier date; and
(b) that there was good reason why the application could not be made at the earlier time.
(2) A candidate who discontinues enrolment in a unit of study shall have that discontinuation recorded as Withdrawn (W) or Discontinued Not to Count as Failure (DNF) where that discontinuation occurs within the time-frames specified by the University or where the candidate meets other conditions as specified by the relevant head of department.
(3) A candidate who discontinues candidature for the degree shall have that discontinuation recorded as Withdrawn (W) or Not Enrolled or Not Continuing where that discontinuation occurs within the time-frames specified by the University or where the candidate meets other conditions as specified by the relevant head of department.
16. Suspension of candidature
(1) A candidate must be enrolled in each semester in which he or she is actively completing the requirements for the degree. A candidate who wishes to suspend candidature must first obtain approval from the Dean.
(2) The candidature of a candidate who has not re-enrolled and who has not obtained approval from the Dean for suspension will be deemed to have lapsed.
(3) A student whose candidature has lapsed must apply for re-admission in accordance with procedures determined by the Committee. If re-admitted to candidature, the candidate shall complete the degree requirements under such conditions as determined by the Dean.
(4) A candidate who enrols after suspending candidature shall complete the requirements for the degree under such conditions as determined by the Dean.

17. Examination
Except as prescribed in these resolutions, the examination procedures shall be in accordance with the policies and procedures prescribed by the Academic Board for the degree of Doctor of Philosophy.

18. Appointment of Examiners
(1) On receiving the thesis and having considered the certificate of the supervisor, the Dean shall consult with the relevant head of department and, if the Dean sees fit, appoint examiners.
(2) If the Dean resolves to appoint examiners, three independent examiners shall be appointed. Of the examiners so appointed:
   (a) at least two examiners shall be external to the University;
   (b) the supervisor may not be appointed as an examiner;
   (c) an industry-based associate supervisor may not be appointed as an external examiner; and
   (d) each examiner shall hold a professional doctorate or PhD-level qualification and/or be a member of staff at a recognised university at the level of professor or associate professor.
(3) The Dean shall report the names of the examiners appointed to the PhD Award Sub-Committee of the Graduate Studies Committee of the Academic Board, which may appoint one or more additional examiners.
(4) In any case where the Dean, having received the thesis and having considered the report of the supervisor, resolves not to appoint examiners, the Dean shall report the circumstances to the PhD Award Sub-Committee of the Graduate Studies Committee of the Academic Board.

19. Determination of the result of the candidature
The Head of Department will refer the results of the coursework and the examiners’ reports on the thesis, together with a recommendation concerning the award of the degree, to the Faculty Board. The Head’s recommendation for the thesis shall then be treated as for a PhD (Section 3 of the Resolutions for PhD), in that the award of the degree can be made if the Head recommends typographical corrections or minor emendations. If the Head recommends that changes asked for by the examiners not be carried out, or there is disagreement among the examiners, then the Faculty shall forward a report (along with the Head’s report and the student’s comments on the examiner’s reports) to the PhD Award Sub-Committee of the Academic Board’s Graduate Studies Committee, which shall determine the result of the candidature.

20. Public availability of thesis
(1) It is the policy of the Senate that a candidate for a higher degree should not normally be permitted to undertake a program of advanced study and research which is likely to result in the lodgement of a thesis that cannot be available for use immediately, to be read, photocopied or microfilmed, except as provided in subsections (3) and (4) below.
(2) An applicant for admission to candidature for a higher degree shall be required to acknowledge awareness of this policy when applying for such admission.
(3) Use of confidential material and access to a restricted thesis (a) If, at any time between application for admission to candidature and the lodgement of the thesis, it shall appear to the supervisor and to the relevant head of department that successful prosecution of the candidature will require the use of confidential material which the candidate would not be at liberty fully to disclose in the thesis, the matter shall be reported as soon as practicable to the Dean.
   (b) The Dean may, if the Dean thinks fit, recommend to the Graduate Studies Committee of the Academic Board that the candidate be granted:
      (i) permission to include in an appendix to the thesis such material as is essential to the thesis but which, for a limited period, may not be available for general inspection; and
      (ii) exemption, in respect of such an appendix, from the requirement to give the undertaking specified in sub-section (2) above.
(4) Deferment of public availability of thesis
   (a) In a case where a candidate or potential candidate is aware of this policy when applying for such admission, the University Librarian may grant access to an appendix to a thesis to which access has been restricted in accordance with sub-section (c) above, to a scholar who—
      (i) demonstrates bona fide concern with the material in that appendix; and
      (ii) has the written consent of either: the author of the thesis; or the head of the relevant department in a case where the author cannot be contacted, notwithstanding that all reasonable steps have been taken to contact the author.
   (c) Subject to the provisions of sub-section (d) below, if the Graduate Studies Committee of the Academic Board resolves to grant such permission and exemption, the University Librarian shall restrict access, for a period to be specified by the Graduate Studies Committee of the Academic Board, to any appendix referred to in sub-section (b) above. This period of restriction shall not exceed five years unless there are exceptional reasons for an extension of the period.
   (d) The University Librarian may grant access to an appendix to a thesis to which access has been restricted in accordance with sub-section (c) above, to a scholar who—
      (i) demonstrates bona fide concern with the material in that appendix; and
      (ii) has the written consent of either: the author of the thesis; or the head of the relevant department in a case where the author cannot be contacted, notwithstanding that all reasonable steps have been taken to contact the author.
   (e) Notwithstanding any other provision of these resolutions, the examiners of a thesis, including any Faculty committee or any committee of the Academic Board which is directly concerned with the examination of such thesis, shall have access to the thesis and any appendix to the thesis for the purposes of any examination or re-examination.
(4) Deferment of public availability of thesis
   (a) In a case where a candidate or potential candidate is to be associated with a project in collaboration with industry that has potential for concern over exploitation of intellectual property, the Dean, if satisfied that the circumstances warrant it, may recommend to the Graduate Studies Committee of the Academic Board that:

3. A candidate for the Graduate Certificate in Greenhouse Gas Mitigation shall proceed by coursework.

Time limits
4. A candidate shall complete the requirements of the Graduate Certificate in Greenhouse Gas Mitigation within a minimum length of candidature of 6 months and a maximum length of candidature of 24 months. Thesis candidates

What are the rules concerning Honours dissertations in the Master of Jurisprudence?

3.28A thesis candidate must present to the Faculty a thesis in the subject approved by the Committee. 3.29A candidate may be required by the head of department (or delegate) to attend lectures or seminar courses subject to the approval of any other relevant head of department.

3.30A thesis candidate must personally consult with the supervisor or supervisors appointed by the Committee, on a regular basis and in accordance with University and Faculty policies about supervision practices. These
requirements may be adapted to meet special geographic or other circumstances.

Before each re-enrolment a thesis candidate must submit to the Associate Dean (Postgraduate Research) a short statement of the work done by the candidate in the preceding 12 months.

A full-time thesis candidate must present three copies of the thesis not less than one year and not more than two years after the date of admission to candidature.

A thesis must be accompanied by a certificate from the supervisor stating whether, in the supervisor’s opinion, the thesis is presented in a satisfactory form and prima facie examinable.

The candidate must state in the thesis, generally in a preface, and specifically in notes, the sources from which the information was derived, the extent to which the work of others has been used, and the portions of the thesis claimed as original.

The candidate must not lodge as the thesis any work previously submitted for a degree of this or any other University. However, work of that kind may be incorporated in the thesis, provided that the thesis indicates the work so incorporated.

The Committee must determine the grade at which the degree is to be awarded to a successful thesis candidate in the light of the reports of the examiners.

The Committee must ensure that the result is in accordance with University policy and procedures as stipulated in the University’s publication Postgraduate Studies Handbook.

Granting credit for other study

Coursework candidates

Applications for credit for other study are to be made to the Committee or its nominee.

The other study may include:

(i) study prior to enrolment; and
(ii) study elsewhere during enrolment.

Can I get credit for units of study offered towards another degree or diploma?

The Committee or its delegate may in its discretion grant a candidate for a Master's degree by coursework or a Graduate Diploma credit for completion of units of study offered towards another degree or diploma in this university or an equivalent provider of tertiary education. The following conditions apply to such credit:

(a) credit may only apply to have units credited towards that Faculty within ten years immediately preceding the commencement of candidature for the Masters degree;
(b) a candidate for a Masters degree by coursework who is given such credit is not thereby exempted from fulfilling the coursework requirements for that degree, including the completion of any compulsory units that currently apply; and
(c) credit in accordance with this paragraph, in respect of units of study comprising a Graduate Diploma, may not be given more than once in respect of the same units.
(d) students who qualified for a GradDipCrim under previous resolutions (which required a candidate to complete 8 units of study, rather than 4), may apply to upgrade to the Master of Criminology. Such a student will be treated as having completed 24 credit points (4 units of study) towards the Master of Criminology, including the compulsory units required for the Master of Criminology degree.

Can I get credit for non-law units of study towards the MLRR and MALP?

A candidate for the Master of Labour Law and Relations and the Master of Administrative Law and Policy may take and obtain credit for non-law units as prescribed in the course requirements for each degree.

In exceptional circumstances a candidate for a Masters degree by coursework or a Graduate Diploma may apply to enroll in designated undergraduate law units of study as approved and offered by the Faculty. Approval may be granted where the candidate can demonstrate that the undergraduate unit would enhance their area of specialisation or otherwise contribute to a program of postgraduate learning. A candidate may enroll in undergraduate law units totaling at most 12 credit points in the case of a Masters degree and 6 credit points in the case of a Graduate Diploma. A candidate may not enroll in the unit 'Foundations of Law'. Postgraduate students
undertaking an undergraduate unit of study for credit will be required to comply with any additional assessment requirements imposed in respect of that candidate for that undergraduate unit of study, and to be assessed at postgraduate standard. The Committee may award the credit on the recommendation of the Associate Dean (Postgraduate Coursework). Each 8 credit point undergraduate unit may only count as one 6 credit point unit towards a postgraduate degree.

**Can I include any undergraduate units of study?**

4.6 A candidate for a Master's degree by coursework or a Graduate Diploma may include in the degree or diploma units of study totalling at most 12 credit points in the case of a Master's degree and six credit points in the case of a Graduate Diploma selected from designated undergraduate law units of study as approved and offered by the Faculty. However, the candidate must have complied with any special unit of study assessment requirements specified for candidates for the course of study. Postgraduate students undertaking an undergraduate unit of study for credit will normally be required to submit a research paper constituting not less than 60 per cent of the assessment requirements for the unit of study, and be assessed at postgraduate standard.

The Committee may award the credit on the recommendation of the Associate Dean (Postgraduate Coursework). Each 8 credit point undergraduate unit may only count as one 6 credit point unit towards a postgraduate degree.

**Can I get credit for single unit enrolment?**

4.7 A candidate who has completed a unit of study in the Faculty as a single unit enrolment may be granted credit for that unit towards a degree or diploma on terms the Committee determines from time to time.

**Thesis candidates**

**Can I count work done in an uncompleted PhD towards a Master of Laws by thesis or a Master of Criminology by thesis?**

4.8 The Committee may deem time spent or work done towards the degree of Doctor of Philosophy by a candidate before admission to candidacy for the Master of Laws by thesis or the Master of Criminology by thesis to be time spent or work done after admission, provided the candidate has ceased to be a candidate for the Doctor of Philosophy.

(e) In special circumstances and with the approval of the Committee, a candidate may complete a degree or diploma outside the periods specified in (a) and (b).

**What are the rules concerning suspension, deferment and termination of candidacy?**

5.2 The Committee or its nominee may

(a) on written application by a candidate suspend the candidacy on the grounds and conditions the Committee or its nominee thinks fit. Any period of suspension does not count towards any period within which the course of study would otherwise have been required to be completed;

(b) on written application permit a candidate who has been admitted to candidacy but has not enrolled for a first time to defer enrolment for one year;

5.3 (a) The Committee may require a candidate to show cause why the candidacy should not be terminated for unsatisfactory progress, in any of the following circumstances:

(i) a candidate has not completed all the requirements of the degree or diploma within the time specified in section 5.1; or

(ii) in the case of a thesis candidate, the annual review of progress concludes that the candidate is not making adequate progress; or

(iii) in the case of a candidate for a Master's degree by coursework, the candidate has obtained failures in any two units of study or two failures in one unit of study; or

(iv) in the case of a candidate for a Graduate Diploma, the candidate has obtained a failure in any unit of study.

(b) If the Committee considers that the candidate has not shown good cause why the candidacy should not be terminated, the Committee may terminate the candidacy.

**What are the attendance requirements?**

5.4 (a) A coursework candidate whose attendance record at classes in a unit of study in which the candidate is enrolled is unsatisfactory may be refused permission to take the assessments in that unit of study. A candidate refused permission will be deemed to have discontinued the unit of study with permission.

(b) For the purpose of this resolution, attendance at less than 70 per cent of scheduled classes is an unsatisfactory attendance record.

**6. Assessment and grades**

**What are the requirements before sitting an examination?**

6.1 In exceptional circumstances, the Committee may waive any or all of the unit of study attendance, practical, research or written work requirements normally required before candidates can present for an examination of a unit of study for any Master's degree or Graduate Diploma.

**What are the grades applicable to units of study?**

6.2 (a) Each unit of study is assessed in grades of High Distinction, Distinction, Credit and Pass. The range

</tbody>
</table>

(b) An Order of Merit is published in each unit of study.
