Introduction

The University of Sydney was incorporated by an Act of the Legislature of New South Wales on 1 October 1850, and was the first university to be established in Australasia. The Act of incorporation was amended by subsequent Acts enlarging the scope of the University and the whole were consolidated in the University and University Colleges Act 1900, as amended. This was then replaced by the University of Sydney Act 1989, as amended.

By a Royal Charter issued 27 February 1858, the degrees of Bachelor of Arts, Master of Arts, Bachelor of Laws, Doctor of Laws, Doctor of Medicine granted by the University of Sydney are entitled to rank, precedence and consideration as if the degrees had been granted by any university of the United Kingdom.

At the time of its inauguration on 11 October 1852 in the Sydney College of New South Wales—now the Sydney Grammar School near Hyde Park—the University had a staff of three professors and a total enrolment of 24 students.

Women were admitted to membership of the University in 1881, the degree of Bachelor of Arts being conferred on the first two women graduates in 1885.

By the University of Sydney Act 1989, as amended, the University is a body corporate consisting of a Senate constituted of parliamentary, official, appointed and elected members. The parliamentary members comprise two members, one elected by and from the Legislative Council and one elected by and from the Legislative Assembly; the official members comprise the Chancellor (if the Chancellor is not otherwise a member of the Senate), the Vice-Chancellor and the presiding member of the Academic Board; the appointed members comprise four persons appointed by the Minister of whom one is to be appointed on the nomination of Senate; the elected members comprise four persons elected by and from the members of the academic staff of the University, one person elected by and from the non-academic staff of the University, one person elected by and from the undergraduate students of the University (who is not a member of the academic or non-academic staff of the University), one person elected by and from the postgraduate students of the University (who is not a member of the academic or non-academic staff of the University), and five persons elected by and from the graduates of the University (who are not members of the academic or non-academic staff or undergraduate or postgraduate students of the University). The Senate may appoint one other person to be a member of Senate.

Elections must take place in the manner prescribed by the University of Sydney By-law 1999. The Senate has power to provide courses, confer degrees, appoint all academic and other staff, superintendence over the affairs of the University, with power to make by-laws governing discipline, curriculum, and other matters, subject to the approval of the Governor.

The functions of the Academic Board, the University's primary academic advisory body, include advising the Senate and the Vice-Chancellor on all matters relating to and affecting the University's teaching and research activities and its educational programs, including general advice on the academic priorities and policies of the University. The Academic Forum is an advisory body that reports directly to the Academic Board on matters of academic policy. The faculties, academic colleges and boards of studies are responsible for the supervision of teaching and the conduct of examinations.

The fifteen faculties in order of establishment in the University are: Arts, Law, Medicine, Science, Engineering, Dentistry, Veterinary Science, Agriculture (renamed Faculty of Agriculture, Food and Natural Resources in January 2002), Economics (renamed Economics and Business in September 1999), Architecture, Education, Nursing, Health Sciences, Pharmacy and Rural Management. The Graduate School of Business at the University of Sydney and the Australian Graduate School of Management at the University of New South Wales merged to become the Australian Graduate School of Management (at the University of Sydney and the University of New South Wales) as of 1 January 1999. There are also boards of studies that supervise the award of degrees: Indigenous Studies, Music and Social Work.

In 1989, the New South Wales government legislated for the amalgamation within the University of Sydney of the Cumberland College of Health Sciences, the Sydney College of the Arts and the Sydney Conservatorium of Music as academic colleges of the University. Two members of the Sydney College of Advanced Education, the Institute of Nursing Studies and the Sydney Institute of Education, also became part of the University. These consolidations came into effect on 1 January 1990. Nursing became a faculty on 1 January 1991; the Faculty of Health Sciences was established on 28 October 1991; and Education merged with the Faculty of Education on 1 January 1992. Orange Agricultural College, formerly an academic college of the University of New England, was established as a college of the University of Sydney, with effect from 1 January 1994, and from 1 January 2000, became the Faculty of Rural Management.

There are over 60 departments and schools in the University, spanning a wide range of interests. In all of them active research and other scholarly activities are carried out aimed at advancing the fund of human knowledge. The University of Sydney Library has the largest university collection in Australia.

The Camperdown and Darlington campuses, adjoining Parramatta Road and City Road, cover a total area of about 72 hectares, comprising 50.6 hectares administered by the University and 21 hectares granted to the six affiliated colleges. In addition, several important parts of the University are located away from these campuses. These include Sydney Conservatorium of Music at the Australian Technology Park and in Pitt Street; the Law School in Phillip Street; the Faculty of Dentistry at the United Dental Hospital in Chalmers Street and at Westmead; the Faculty of Health Sciences at Lidcombe; Sydney College of the Arts at Rozelle; the Faculty of Nursing at Camperdown; the Faculty of Rural Management at Orange; the University Farms, Rural Veterinary Centre and some teaching and research accommodation for the Faculties of Veterinary Science and Agriculture at Camden; the Cremmelion Biological Research Station at Pearl Beach; One Tree Island Marine Biology Research Station; the Plant Breeding Institute, Camden; I.A. Watson Wheat Research Centre,Narrabri; the McGarvie Smith Animal Husbandry Farm near St Marys; the Molonglo Radio Observatory at Bungendore, the Fleurs Radio Astronomy Station near St Marys; the Livingstone Farm Management Institute at Moree; and ‘Arthursleigh’ and Mount Pleasant at Marulan. In addition, there are nine general teaching hospitals, seven special teaching hospitals and over twenty other hospitals where medical teaching and research are carried out. Large numbers of students and staff are located in the hospitals. The hospitals include—General: Calvary Hospital, A.C.T.; Concord Repatriation General Hospital, Lidcombe Hospital, Nepean Hospital, Royal Alexandra Hospital for Children, Royal North Shore Hospital, Royal Prince Alfred Hospital, Westmead Hospital and Woden Valley Hospital, A.C.T.; Special: Blacktown Hospital, Manly Hospital, Royal Rehabilitation Centre Sydney, Sydney Eye Hospital, Sydney Hospital and Sydney Urology and Surgery Centre. Dental teaching and research...
take place at the United Dental Hospital and Westmead Hospital.

The published record of the work and proceedings of the University is contained in the Calendar and the Annual Report. In addition, the University issues annually (or biennially in some cases) a handbook for each faculty and college and for each of the boards of studies, as well as prospectuses for intending undergraduate and graduate students, a Map Guide and various other publications about the University’s achievements. Copies of all publications may be obtained on application to the Registrar.

A major two-volume history of the University, entitled Australia’s First: A History of the University of Sydney, has been published. Volume I 1850–1939 was published in 1991, and Volume II 1940–1990 was published in 1995. There is also Australia’s First: a pictorial history of the University of Sydney 1850–1990, published in 1994.

Any information required about the University, about courses offered and about admission to the University, will be readily supplied on application to the Registrar. All correspondence should be addressed to:

Royal Charter of the University of Sydney

February 27th, 1858

Recites Act of Incorporation. VICTORIA, by the Grace of God, of the United Kingdom of Great Britain and Ireland, Queen, Defender of the Faith, to all whom these presents shall come Greeting: Whereas under and by virtue of the provisions of an Act of the Governor and Legislative Council of our Colony of New South Wales, passed in the fourteenth year of our reign, No. 31, intitled 'An Act to Incorporate and Endow the University of Sydney', and to which our Royal Assent was granted on the 9th day of December, One Thousand Eight Hundred and Fifty-one, a Senate, consisting of Sixteen Fellows, was incorporated and made a body politic with perpetual succession, under the name of the University of Sydney, with power to grant, after Examination, the several degrees of Bachelor of Arts, Master of Arts, Bachelor of Laws, Doctor of Laws, Doctor of Medicine, and Doctor of Medicine, and to examine for Medical Degrees in the four Branches of Medicine, Surgery, Midwifery and Pharmacy. And whereas our trusty and well-beloved Sir William Thomas Denison, Knight Commander of our most honourable Order of the Bath, Lieutenant-Colonel in the Royal Engineers, our Captain-General and Governor-in-Chief in and over our said Colony, has transmitted to us the humble Petition of the Senate of the said University of Sydney under their common seal, dated the 9th day of February, One Thousand Eight Hundred and Fifty-seven, wherein is set forth a statement of the establishment of the said University, the appointment of learned Professors of the Faculty of Arts, and the Provisions adopted and to be adopted in respect of the Faculties of Laws and Medicine, and the course of Education and discipline for the Scholars, Undergraduates, and Graduates of the said University, and in which it is humbly submitted that the standard of acquirements which must be attained by Graduates in the University of Sydney is not below that prescribed by the most learned Universities of the United Kingdom, and the direction of the studies in the said University has been committed to Professors who have highly distinguished themselves in British Universities, that the rules under which the high standard in the University has been fixed cannot be altered without the approval of our representative in the Colony, and that there is invested in him the power of interference should the rules laid down be unduly relaxed in practice, and that, therefore, the Memorialists confidently hope that the Graduates of the University of Sydney will not be inferior in scholastic requirements to the majority of Graduates of British Universities, and that it is desirable to have the degrees of the University of Sydney generally recognised throughout our dominions; and it is also humbly submitted that although our Royal Assent to the Act of Legislature of New South Wales herebefore recited fully satisfies the principle of our law that the power of granting degrees should flow from the Crown, yet that as that assent was conveyed through an Act which has effect only in the territory of New South Wales, the Memorialists believe that the degrees granted by the said University under the authority of the said Act, are not legally entitled to recognition beyond the limits of New South Wales; and the Memorialists are in consequence most desirous to obtain a grant from us of Letters Patent requiring all our subjects to recognise the degrees given under the Act of the Local Legislature in the same manner as if the said University of Sydney had been an University established within the United Kingdom under a Royal Charter or an Imperial enactment; and the Memorialists therefore hereby most humbly pray that we will be pleased to take the premises into our gracious consideration and grant to the University of Sydney Letters Patent effective of the object therein set forth.

Now know ye that we, taking the premises into consideration, and deeming it to be the duty of our Royal office, and for the advancement of religion and morality and the promotion of useful knowledge to hold forth to all classes and denominations of our faithful subjects, without any distinction whatsoever, throughout our dominions encouragement for pursuing a regular and liberal course of education, and considering that many persons do prosecute and complete their studies in the Colony of New South Wales, on whom it is just to confer such distinctions and rewards as may induce them to persevere in their laudable pursuits; do, by virtue of our Prerogative Royal and our especial Grace and certain knowledge and mere motion, by these presents of us, our heirs and successors, will, grant and declare that the Degrees of Bachelor of Arts, Master of Arts, Bachelor of Laws, Doctor of Laws, Doctor of Medicine, and Doctor of Medicine, already granted or conferred or hereafter to be granted or conferred by the Senate of the said University of Sydney shall be recognised as Academic distinctions and rewards of merit and be entitled to rank, precedence, and consideration in our United Kingdom and in our Colonies and possessions throughout the world as fully as if the said Degree had been granted by any University of our said United Kingdom. And we further will and ordain that any variation of the Constitution of the said University which may at any time or from time to time be made by an Act of the said Governor and Legislature shall not, so long as the same or a like standard of knowledge is in the opinion of the said Governor preserved as a necessary condition for obtaining the aforesaid degrees therein, in any manner annul, abrogate, circumscribe, or diminish the privileges conferred on the said University by these our Royal Letters Patent, nor the ranks, rights, privileges, and consideration conferred by such degrees. And, lastly, we do hereby for us, our heirs, and successors, grant and declare that these our Letters Patent or the enrolment or exemplification thereof shall be in and by all things valid and effectual in law according to the true intent and meaning of same, and shall be construed and adjudged in the most favourable and beneficial sense to the best advantage of the said University, as well in all our courts as elsewhere, notwithstanding any non-recital, uncertainty, or imperfection in these our Letters Patent. In witness whereof we have caused these our Letters to be made Patent.

Witness ourself at Westminster, the Twenty-seventh day of February, in the Twenty-first year of our Reign.

By Warrant under the Queen's sign manual.

C. ROMILLY

received are stored securely until the counting of votes
begins in accordance with (as the case may be) Division
6 or 7.

37. Election not invalidated because of certain errors
   (1) An election is not invalid because of any one or more of
the following:
      (a) any one or more of the events described in clause
17(5) occurs, or
      (b) an eligible voter did not receive a ballot paper or
did not see a notice of election, or
      (c) an eligible voter's vote has not been accepted at the
election.
2. Notwithstanding subclause (1) and without limiting any of the returning officer's other powers, the returning officer may at any time declare an election invalid because, in his or her opinion, one or more of the events described in that subclause has materially affected, or is likely to materially affect, the outcome of that election.

38. Scrutineers
(1) Each candidate for election may appoint one person to be present as that candidate's scrutineer at any counting of votes for that election. Any appointment under this clause must be in writing, signed by the candidate, and given to the returning officer before counting of votes commences.

(3) A scrutineer may inspect any ballot paper provided that, in the opinion of the returning officer, that scrutiney does not delay the counting of votes unreasonably.

39. Informal ballot papers
A ballot paper is informal if, and only if that ballot paper:
(a) contains any mark or writing that, in the opinion of the returning officer, enables any person to identify the voter, or
(b) is not validated by the returning officer, or

40. Tally sheet to be kept
(1) The returning officer must keep a tally sheet for each ballot containing the following information:
(a) total number of ballot papers,

(2) At each stage of counting, the total number of votes divided by the number of candidates to be elected must correspond with the total number of formal ballot papers (including exhausted ballot papers).

Division 6: Procedures for election to fill one position only

41. Counting votes
In an election to fill one position only, the returning officer must follow the following procedure for counting votes, in the order specified:

(b) count the primary votes for each candidate on the formal ballot papers,
(c) enter the total number of primary votes for each candidate next to that candidate's name on the tally sheet,
(d) if a candidate receives an absolute majority of primary votes, declare that candidate elected,
(e) if no candidate receives an absolute majority of primary votes, distribute secondary votes according to paragraphs (f) to (k) inclusive until only one candidate receives an absolute majority of votes,
(f) exclude the candidate with the fewest primary votes,
(g) for each ballot paper where the excluded candidate received a primary vote, allocate the next active secondary vote to the remaining candidates,
(h) indicate on the tally sheet the excluded candidate and that the next active secondary vote has been allocated,
(i) add together the primary votes and the allocated secondary votes for each remaining candidate, and exclude the candidate with the lowest number of total votes,
(j) if, after the exclusion of a candidate, the next active secondary vote is to an excluded candidate, disregard that secondary vote and distribute the next active secondary vote,
(k) repeat the process described in paragraphs (f) to (j) inclusive until only one candidate receives an absolute majority of votes,
(1) if on any count, 2 or more candidates have an equal number of votes, and that number is the lowest on that count, the returning officer must:
(i) eliminate the candidate with the lowest number of primary votes, or
(ii) if the number of primary votes is equal, in the presence of any scrutineers present, draw lots with the candidate drawn first remaining in the ballot.

Division 7: Procedures for election to fill more than one position

42. Counting votes
In an election to fill more than one position, the returning officer must follow the following procedure for counting votes, in the order specified:
(a) exclude all informal ballot papers,
(b) count the primary votes for each candidate on the formal ballot papers,
(c) enter the total number of primary votes for each candidate next to that candidate's name on the tally sheet,
(d) exclude the candidate with the fewest primary votes,
(e) for each ballot paper where the excluded candidate received a number 1 vote, allocate the next active secondary vote to the remaining candidates,
(f) indicate on the tally sheet the excluded candidate and that the next active secondary vote has been allocated,
(g) add together the primary votes and the allocated secondary votes for each remaining candidate and exclude the candidate with the lowest number of total votes,
(h) if, after the exclusion of a candidate, the next active secondary vote indicates an excluded candidate, disregard that preference and allocate the next active secondary vote,
(i) repeat the process described in paragraphs (d) to (h) inclusive until only the number of candidates required to fill the vacancies remain,
(j) if on any count, 2 or more candidates have an equal number of votes, and that number is the lowest on that count, the returning officer must:
(i) eliminate the candidate with the lowest number of primary votes, or
(ii) if the number of primary votes is equal, in the presence of any scrutineers present, draw lots with the candidate first drawn remaining in the ballot,
(k) in order to determine which candidate is next in order of preference:
(i) the votes counted for any excluded candidate must not be considered further, and

(1) Upon receipt of an appeal, the Senate must determine whether to hear the appeal itself or whether to refer the appeal to the Appeals Committee.

(2) A Fellow must not participate in or be present at the hearing of an appeal by the Senate or the Appeals Committee against a determination made by a Board of which the Fellow was a member or, if the Fellow is the Vice-Chancellor, against any determination.

(3) The Senate or the Appeals Committee must, on the hearing of an appeal by a student:
(a) allow the appeal if it is of the opinion that the determination of the Vice-Chancellor or Board should be set aside on any of the grounds of appeal referred to in clause 79(2)(c), or
(b) dismiss the appeal if it is of the opinion that:
   (i) the determination of the Vice-Chancellor or Board should not be set aside on any of the grounds of appeal referred to in clause 79(2)(c), or
   (ii) notwithstanding that the determination may be set aside on any 1 or more of the grounds referred to in clause 79(2)(c)(ii) to (vii) (both inclusive), no substantial miscarriage of justice has actually occurred.

(4) In allowing an appeal by a student, the Senate or the Appeals Committee may:
   (a) quash a determination made by the Vice-Chancellor or a Board, or
   (b) quash a determination made by the Vice-Chancellor or a Board and direct that all or any of the allegations the subject of the appeal be reheard by:
      (i) if the determination was made by the Vice-Chancellor—a Board, or
      (ii) if the determination was made by a Board—another Board, or
   (c) if the appeal was made on the ground specified in clause 79(2)(c)(viii), substitute a different penalty for the one imposed or a different order for the one made, or
   (d) if an appeal is made on the ground specified in clause 79(2)(c)(iv), consider any fresh evidence offered by the student and determine the matter itself without directing a rehearing.

(5) In relation to the hearing of an appeal by a student, the student, any representative of the student and the person designated for that purpose by the Registrar may make written submissions or, with the consent of the Senate or Appeals Committee, may make oral submissions.

(6) The Senate or the Appeals Committee must, except in the case of an appeal made on the ground specified in clause 79(2)(c)(iv), determine an appeal on the basis of such official record of evidence as may have been taken at the hearing of the allegation in respect of which the determination was made.

(7) The provisions of clauses 69, 71, 72(1), 73, 74 and 75 apply to the Senate or the Appeals Committee in the same way as they apply to and in respect of the hearing of an allegation by the Vice-Chancellor or a Board.

(8) If a student has filed an appeal in accordance with clause 79(2) against a determination of the Vice-Chancellor or a Board to impose a penalty for misconduct or against an order made by the Vice-Chancellor or a Board under clause 76(2), the penalty or order is not to be enforceable against the student until the appeal is withdrawn or the Senate or the Appeals Committee has determined the appeal.

(9) Subject to clause 81, the determination of the Senate or the Appeals Committee on an appeal is final and conclusive.

Division 8: Miscellaneous

81. Request to quash determination
The Senate may at any time, on the recommendation of the Vice-Chancellor, quash a determination made by the Vice-Chancellor, a Board, the Appeals Committee or itself, whether or not an appeal has been made against that determination.

All disciplinary hearings in the University under this By-law are limited to those persons who in accordance with this chapter are required or entitled to be present.

83. Savings and transitional

   (a) a Board has commenced a hearing but has not made a determination in respect of an allegation of misconduct against a student, or
   (b) the Senate or an Appeals Committee has commenced the hearing of an appeal by a student arising out of a decision of a Board but has not made a determination in respect of the appeal, a Board constituted by the same members as the Board, the Senate or the Appeals Committee, as the case may be, is to continue to hear and determine that allegation or appeal under this chapter as if the initial proceedings had been commenced before or conducted by that Board.

(2) A Panel or a Board constituted in accordance with this chapter before the commencement of this By-law, the members of which held office as members of the Panel or Board immediately before that commencement, are, subject to this chapter, to be taken to be duly constituted under this chapter as a Panel or Board, as the case may be.

University of Sydney (Coursework) Rule 2000 (as amended)

PRELIMINARY

1. Commencement and purpose of Rule
(1) This Rule is made by the Senate pursuant to section 37(1) of the University of Sydney Act 1989 for the purposes of the University of Sydney By-law 1999.
(2) This Rule comes into force on 1 January 2001.
(3) This Rule governs all coursework award courses in the University. It is to be read in conjunction with the University of Sydney (Amendment Act) Rule 1999 and the Resolutions of the Senate and the faculty resolutions relating to each award course in that faculty.

RULES RELATING TO COURSEWORK AWARD COURSES

1. Definitions
In this Rule:
award course means a formally approved program of study which can lead to an academic award granted by the University;
coursework means an award course not designated as a research award course. While the program of study in a coursework award course may include a component of original, supervised research, other forms of instruction and learning normally will be dominant. All undergraduate award courses are coursework award courses;
credit means advanced standing based on previous attainment in another award course at the University or at another institution. The advanced standing is expressed as credit points granted towards the award course. Credit may be granted as specific credit or non-specific credit.

Specific credit means the recognition of previously completed studies as directly equivalent to units of study;
Non-specific credit means a 'block credit' for a specified number of credit points at a particular level. These credit points may be in a particular subject area but are not linked to a specific unit of study;
Credit points mean a measure of value indicating the contribution each unit of study provides towards meeting award course completion requirements stated as a total credit point value;
dean means the dean of a faculty or the director or principal of an academic college or the chairperson of a board of studies;
degree means a degree at the level of bachelor or master for the purpose of this Rule;
embedded courses/programs means award courses in
the graduate certificate / graduate diploma / master's degree by coursework sequence which allow unit of study credit points to count in more than one of the awards; faculty means a faculty, college board, a board of studies or the Australian Graduate School of Management Limited as established in each case by its constitution and in these Rules refers to the faculty or faculties responsible for the award course concerned;
minor means a defined program of study, generally comprising specified units of study from later stages of the award course;
postgraduate award course means an award course leading to the award of a graduate certificate, graduate diploma, degree of master or a doctorate. Normally, a postgraduate award course requires the prior completion of a relevant undergraduate degree or diploma.
research award course means an award course in which students undertake and report systematic, creative work in order to increase the stock of knowledge. The research award courses offered by the University are: higher doctorate, Doctor of Philosophy, doctorates by research and advanced coursework, and certain degrees of master designated as research degrees. The systematic, creative component of a research award course must comprise at least 66% of the overall award course requirements;
stream means a defined program of study within an award course, which requires the completion of a program of study specified by the award course rules for the particular stream, in addition to the core program specified by award course rules for the award course.
student means a person enrolled as a candidate for a course;
testamur means a certificate of award provided to a student, usually at a graduation ceremony;
transcript or academic transcript means a printed statement setting out a student's academic record at the University;
unit of study means the smallest stand-alone component of a student's award course that is recordable on a student's transcript. Units of study have an integer credit point value, normally in the range 3-24;
undergraduate award course means an award course leading to the award of an associate diploma, diploma, advanced diploma or degree of bachelor.

2. Authorities and responsibilities
(1) Authorities and responsibilities for the functions set out in this Rule are also defined in the document Academic Delegations of Authority. The latter document sets out the mechanisms by which a person who has delegated authority may appoint an agent to perform a particular function.
(2) The procedures for consideration of, and deadlines for submission of, proposals for new and amended award courses will be determined by the Academic Board.

Division I: Award course requirements, credit points and assessment

3. Award course requirements
(1) To qualify for the award of a degree, diploma or certificate, a student must:
(a) complete the award course requirements specified by the Senate for the award of the degree, diploma or certificate concerned;
(b) complete any other award course requirements specified by the Academic Board on the recommendation of the faculty and published in the faculty resolutions relating to the award course;
4. Units of study and credit points

(1) A unit of study comprises the forms of teaching and learning approved by a faculty. Where the unit of study is being provided specifically for an award course which is the responsibility of another faculty, that faculty must also provide approval.

(2) A student completes a unit of study if the student:

- participates in the learning experiences provided for the unit of study;
- meets the standards required by the University for academic honesty;
- meets all examination, assessment and attendance requirements for the unit of study; and
- passes the required assessments for the unit of study.

(3) Each unit of study is assigned a specified number of credit points by the faculty responsible for the unit of study.

Division 2: Enrolment

7. Enrolment restrictions

(1) A student who has completed a unit of study towards the requirements of an award course may not re-enrol in that unit of study, except as permitted by faculty resolution or with the written permission of the dean. A student permitted to re-enrol may receive a higher or lower grade, but not additional credit points.

(2) Except as provided in sub-section (1), a student may not enrol in any unit of study which overlaps substantially in content with a unit that has already been completed or for which credit or exemption has been granted towards the award course requirements.

(3) A student may not enrol in units of study additional to award course requirements without first obtaining permission from the relevant dean.

(4) Except as prescribed in faculty resolutions or with the permission of the relevant dean:

- a student enrolled in an undergraduate course may not enrol in units of study with a total value of more than 32 credit points in any one semester, or 16 credit points in the summer session; and
- a student enrolled in a postgraduate award course may not enrol in units of study with a total value of more than 24 credit points in any one semester, or 12 credit points in the summer session.

Division 3: Credit, cross-institutional study and their upper limits

8. Credit for previous studies

(1) Students may be granted credit on the basis of previous studies.

(2) Notwithstanding any credit granted on the basis of work completed or prior learning in another award course at the University of Sydney or another institution, in order to qualify for an award a student must:

- for undergraduate award courses, complete a minimum of two full-time semesters of the award course at the University; and
- for postgraduate award courses, complete at least fifty percent of the requirements prescribed for the award course at the University.

These requirements may be varied where the work was completed as part of an embedded program at the University or as part of an award course approved by the University in an approved conjoint venture with another institution.

(3) The credit granted on the basis of work completed at an institution other than a university normally should not exceed one third of the overall award course requirements.

(4) A faculty has authority to establish embedded academic sequences in closely related graduate certificate, graduate diploma and master’s degree award courses. In such embedded sequences, a student may be granted credit for all or some of the units of study completed in one award of the sequence towards any other award in the sequence, irrespective of whether or not the award has been conferred.

(5) In an award course offered as part of an approved conjoint venture the provisions for the granting of credit are prescribed in the Resolutions of the Senate and the faculty resolutions relating to that award course.

9. Cross-institutional study

(1) The relevant dean may permit a student to complete a unit or units of study at another university or institution and have that unit or those units of study credited to the student's award course.

(2) The relevant dean has authority to determine any conditions applying to cross-institutional study.
Division 4: Progression

10. Repeating a unit of study
   (1) A student who repeats a unit of study shall, unless granted exemption by the relevant dean:
       (a) participate in the learning experiences provided for the unit of study; and
       (b) meet all examination, assessment and attendance requirements for the unit of study.
   (2) A student who presents for re-assessment in any unit of study is not eligible for any prize or scholarship awarded in connection with that unit of study without the permission of the relevant dean.

11. Time limits
    A student must complete all the requirements for an award course within ten calendar years or any lesser period if specified by Resolution of the Senate or the faculty.

Division 5: Discontinuation of enrolment and suspension of candidature

12. Discontinuation of enrolment
    (1) A student who wishes to discontinue enrolment in an award course or a unit of study must apply to the relevant dean and will be presumed to have discontinued enrolment from the date of that application, unless evidence is produced showing:
        (a) that the discontinuation occurred at an earlier date; and
        (b) that there was good reason why the application could not be made at the earlier time.
    (2) A student who discontinues enrolment during the first year of enrolment in an award course may not re-enrol in that award course unless:
        (a) the relevant dean has granted prior permission to re-enrol; or
        (b) the student is reselected for admission to candidature for that course.
    (3) No student may discontinue enrolment in an award course or unit of study after the end of classes in that award course or unit of study, unless he or she produces evidence that:
        (a) the discontinuation occurred at an earlier date; and
        (b) there was good reason why the application could not be made at the earlier time.
    (4) A discontinuation of enrolment may be recorded as Withdrawn (W) or Discontinued Not To Count As Failure (DNF) where that discontinuation occurs within the time-frames specified by the University and published by the faculty, or where the student meets other conditions as specified by the relevant faculty.

13. Suspension of candidature
    (1) A student must be enrolled in each semester in which he or she is actively completing the requirements for the award course. A student who wishes to suspend candidature must first obtain approval from the relevant dean.
    (2) The candidature of a student who has not re-enrolled and who has not obtained approval from the dean for suspension will be deemed to have lapsed.
    (3) A student whose candidature has lapsed must apply for re-admission in accordance with procedures determined by the relevant faculty.
    (4) A student who enrols after suspending candidature shall complete the requirements for the award course under such conditions as determined by the dean.

Division 6: Unsatisfactory progress and exclusion

14. Satisfactory progress
    A faculty has authority to determine what constitutes satisfactory progress for all students enrolled in award courses in that faculty, in accordance with the policies and directions of the Academic Board.

15. Requirement to show good cause
    (1) For the purposes of this Rule, good cause means circumstances beyond the reasonable control of a student, which may include serious ill health or misadventure, but does not include demands of employers, pressure of employment or time devoted to non-University activities, unless these are relevant to serious ill health or misadventure. In all cases the onus is on the student to provide the University with satisfactory evidence to establish good cause. The University may take into account relevant aspects of a student's record in other courses or units of study within the University and relevant aspects of academic studies at other institutions provided that the student presents this information to the University.
    (2) The relevant dean may require a student who has not made satisfactory progress to show good cause why he or she should be allowed to re-enrol.
    (3) The dean will permit a student who has shown good cause to re-enrol.

16. Exclusion for failure to show good cause
    The dean may, where good cause has not been established:
    (1) exclude the student from the relevant course; or
    (2) permit the student to re-enrol in the relevant award course subject to restrictions on units of study, which may include, but are not restricted to:
        (a) completion of a unit or units of study within a specified time;
        (b) exclusion from a unit or units of study, provided that the dean must first consult the head of the department responsible for the unit or units of study; and
        (c) specification of the earliest date upon which a student may re-enrol in a unit or units of study.

17. Applying for re-admission after exclusion
    (1) A student who has been excluded from an award course or from a unit or units of study may apply to the relevant dean for readmission to the award course or re-enrolment in the unit or units of study concerned after at least 4 semesters, and that dean may readmit the student to the award course or permit the student to re-enrol in the unit or units of study concerned.
    (2) With the written approval of the relevant dean, a student who has been excluded may be given credit for any work completed elsewhere in the University or in another university during a period of exclusion.

18. Appeals against exclusion
    (1) In this Rule a reference to the Appeals Committee is a reference to the Senate Student Appeals Committee (Exclusions and Readmissions).
    (2) (a) (i) A student who has been excluded in accordance with this Rule may appeal to the Appeals Committee.
        (ii) A student who has applied for readmission to an award course or re-enrolment in a unit of study after a period of exclusion, and who is refused readmission or re-enrolment may also apply to the Appeals Committee.
    (b) The Appeals Committee shall comprise:
        (i) 3 ex officio members (the Chancellor, the Deputy Chancellor and the Vice-Chancellor and Principal);
        (ii) the Chair and Deputy Chairs of the Academic Board;
        (iii) 2 student Fellows; and
        (iv) up to 4 other Fellows.
(c) The Appeals Committee may meet as one or more sub-committees providing that each sub-committee shall include at least 1 member of each of the categories of:  
   (i) ex officio member;  
   (ii) Chair or Deputy Chair of the Academic Board;  
   (iii) student Fellow; and  
   (iv) other Fellows.

(d) Three members shall constitute a quorum for a meeting of the Appeals Committee or a sub-committee.

(e) The Appeals Committee and its sub-committees have authority to hear and determine all such appeals and must report its decision to the Senate annually.

(f) The Appeals Committee or a sub-committee may uphold or disallow any appeal and, at its discretion, may determine the earliest date within a maximum of four semesters at which a student who has been excluded shall be permitted to apply to re-enrol.

(g) No appeal shall be determined without granting the student the opportunity to appear in person before the Appeals Committee or sub-committee considering the appeal. A student so appearing may be accompanied by a friend or adviser.

(h) The Appeals Committee or sub-committee may hear the relevant dean but that dean may only be present at those stages at which the student is permitted to be present. Similarly, the dean is entitled to be present when the Committee or sub-committee hears the student.

(i) If, due notice having been given, a student fails to attend a meeting of the Appeals Committee or sub-committee scheduled to consider that student's appeal, the Appeals Committee or sub-committee, at its discretion, may defer consideration of the appeal or may proceed to determine the appeal.

(j) A student who has been excluded in accordance with these resolutions and has lodged a timely appeal against that exclusion may re-enrol pending determination of that appeal if it has not been determined by the commencement of classes in the next appropriate semester.

Division 7: Exceptional circumstances

19. Variation of award course requirements in exceptional circumstances
The relevant dean may vary any requirement for a particular student enrolled in an award course in that faculty where, in the opinion of the dean, exceptional circumstances exist.

(2) Each faculty shall publish the grading systems and criteria for the award of honours in that faculty.

(3) Classes which may be used for the award of honours are:
   First Class
   Second Class/Division 1
   Second Class/Division 2
   Third Class.

(4) With respect to award courses which include an additional honours year:
   (a) a student may not graduate with the pass degree while enrolled in the honours year;
   (b) on the recommendation of the head of the department concerned, a dean may permit a student who has been awarded the pass degree at a recognised tertiary institution to enrol in the honours year in that faculty;
   (c) faculties may prescribe the conditions under which a student may enrol part-time in the honours year;
   (d) a student who fails or discontinues the honours year may not re-enrol in it, except with the approval of the dean.

22. University Medal
An honours bachelor's degree student with an outstanding academic record throughout the award course may be eligible for the award of a University medal, in accordance with Academic Board policy and the requirements of the faculty resolutions relating to the award course concerned.

23. Award of the degree of master with honours or merit
The award of honours or pass with merit is reserved to indicate special proficiency or particular pathways to completion. The basis on which a student may qualify for the award of honours or the award with merit in a particular degree is specified in the faculty resolutions concerning the award course.

24. Transcripts and testamurs
(1) A student who has completed an award course or a unit of study at the University will receive an academic transcript upon application and payment of any charges required.

Division 9: Transitional provisions

25. Application of this Rule during transition
This Rule applies to all candidates for degrees, diplomas and certificates who commence candidature after 1 January 2001. Candidates who commenced candidature prior to this date may choose to proceed in accordance with the resolutions of the Senate in force at the time they enrolled, except that the faculty may determine specific conditions for any student who has re-enrolled in an award course after a period of suspension.

PART 8 — INTELLECTUAL PROPERTY*

*This Part is under review. It is anticipated that it will be repealed and replaced by a new Rule, the University of Sydney (Intellectual Property) Rule 2002, which will take effect early in 2002. Please refer to http://db.usyd.edu.au/policy/policy_index.stm for the new Rule.

Division 1: Preliminary

23. Introduction
(1) Universities are places of scholarship and research. Those who work in the University value excellence in teaching and research and assume responsibility for the acquisition, generation and dissemination of knowledge in the most general way. Intrinsic to this process is the need to have open channels of communication and to be able to engage in discussion freely and without inhibition. One of the most attractive features of working in an academic environment is this aspect of academic freedom.
(2) Within this knowledge-based environment, occasions will arise when work is done which has potential value beyond simply its knowledge base. The most obvious way in which this can occur is through the generation of inventions or innovative ideas which have possible commercial value. Other examples include software packages, which might be marketable, or creative works which have a monetary value to others. Work of this nature can be done deliberately by practising academics, or such innovations may simply arise by chance as part of the normal pursuit of academic activity. However they occur, their existence raises a question about how such work can and should be handled for the best interests of the people involved, the University, and society at large. For example, the premature publication of an invention may prevent subsequent patent coverage and thus impact negatively on a future income stream. Similarly, a piece of teaching material, which was generated for a specific course within the University, may be highly sought after by others and thus be deemed to have a monetary value. Matters such as these inevitably impinge on the ethos and values that drive our normal knowledge-based activities. The University needs to consider how best to address these issues in a way which retains as much as possible of the important features that make the University an exciting and creative place in which to work, but at the same time protects the financial and commercial potential of the innovations.
(3) This document outlines policies which have been developed to address these matters. These policies represent a compromise between the competing demands of academic freedom and commercial reality. To the maximum extent possible, however, the policies have been designed to retain traditional academic values, and existing freedoms of individual academics. Within these constraints, the policies also reflect the quite reasonable societal expectation that universities demonstrate that they are giving 'value' back to society for the funds invested in them. The universities have responsibility to manage the resources given to them in
an effective way, and in a way which reflects the intentions of those who provide most of our support.

(4) In dealing with intellectual property issues, the University cannot treat students the same as staff. Students differ from staff in two important respects: they are not employees of the University, and the University has an obligation to them to facilitate their progress toward the completion of their studies.

24. Definitions

In this Part:

Business Liaison Office means the administrative unit of the University of Sydney that has that name, or any replacement of it;

intellectual property means any intellectual property rights, including:

(a) patents, copyright, rights in circuit layouts, plant breeder's rights, registered designs, trademarks and the right to have confidential information kept confidential; and

(b) any application or right to apply for registration of any intellectual property right;

staff member or member of staff means a person appointed as a member of the University's academic or non-academic staff including part-time and casual staff at the time he or she creates or develops intellectual property;

student means a person enrolled as a student of the University, or in a course or program of study conducted by or on behalf of the University, at the time he or she creates or develops intellectual property;

visitor means any person other than a student or staff member of the University who takes part in any research project or scholarly activity that is conducted by any staff member or student, or who visits any part of the University in which research or scholarship, or any related activity, is conducted.

25. Preliminary overview of types of intellectual property

(1) Rule 25 is a brief guide provided only as general information, and is not intended to provide an exhaustive explanation or act as a substitute for professional legal advice.

(2) Copyright is the exclusive right to deal with intellectual property in certain ways for a limited period of time, and to authorise others to do so, for example, to copy or to license a work that is subject to copyright. The length of the copyright period is prescribed in the Copyright Act 1968 (Cth) and depends on factors such as the type of work involved and whether it is published. Copyright in Australia does not have to be registered, but it is desirable to signify claim to copyright ownership by including on the work the copyright symbol © plus the name of the copyright owner and the year of creation of the work.

(3) The Copyright Act provides copyright protection for the following types of works:

(a) literary works (including computer software);

(b) collective works (for example, a journal containing contributions by a number of authors);

(c) dramatic works;

(d) musical works;

(e) adaptations of literary, dramatic or musical works;

(f) artistic works;

(g) paintings, sculptures, drawings, engravings and photographs;

(h) buildings or models of buildings;

(i) works of artistic craftsmanship.

(4) A patent is an exclusive right to manufacture, license, sell import or otherwise use an invention that is commercially useful and novel. That exclusive right is conditional upon full public disclosure of the invention. Note that human beings and biological processes for human reproduction cannot be patented. Patents must be registered under the Patents Act 1990 (Cth).

(5) A trademark is a sign or a mark, which is used to distinguish one type of goods or services from another, and is an exclusive right to apply the trademark to certain goods or services, including sale and licensing rights. Trademarks can be depicted in a number of ways, including letters, words, numerals, logos, colour, sound or scent. Trademarks can be unregistered or else registered under the Trademarks Act 1995 (Cth). Unregistered trademarks are protected under common law, or else by legislation such as the Trade Practices Act 1974 (Cth). However, the trademark owner must be able to establish a continuous reputation for that trademark.

(6) New or original designs (which can be 2 dimensional shapes or configurations or 3 dimensional patterns or ornaments) may be registered under the Designs Act 1906 (Cth), which confers an exclusive right to manufacture, sell, license or import items to which that design is applied. Designs do not include principles or methods of construction.

(7) Original layout designs for integrated circuits or computer chips may be registered under the Circuit Layouts Act 1989 (Cth), which confers an exclusive right to copy the layout, to manufacture, sell or distribute circuits made from the layout, and to license circuit layout rights.

(8) New varieties of plants (but not protected plant varieties) may be registered under the Plant Breeder's Rights Act 1994 (Cth), which confers an exclusive right to produce, reproduce, sell, import or export the plant variety registered.

(9) Confidential information consists of trade secrets, knowledge or other information that involves an obligation of confidentiality, for example, as between employers and employees. There is no legislation available to protect confidential information: common law principles apply and protection depends on the relationship between the parties, for example, the signing of a confidentiality agreement.

Division 2: Ownership of Intellectual Property

26. Members of academic and non-academic staff

(1) The University will not assert ownership of any intellectual property over materials covered by the Copyright Act unless a contract has been entered into with a third party to the contrary. The originator may deal with such intellectual property as owner and the University agrees that, upon request, it will assign any right to the originator that it may have in such intellectual property. The University has the right to retain a copy of original information and data if this is essential to the maintenance of an established program in the University. The only exceptions to this are:

(a) computer software: if a staff member (academic or non-academic) generates computer software as part of their normal activities, then this will be treated as the same as inventions. However, if a person is specifically employed by the University to write or develop computer software, then this will be treated as a copyright work created in pursuance of that person's employment for the purposes of s35(6) of the Copyright Act, and the University will assert copyright ownership as employer, and the staff member will not be entitled to any share of income generated through commercialisation.

(b) teaching materials: if a staff member creates teaching materials as part of his or her normal activities, the University will not assert copyright ownership. However, the University will assert the right to retain a copy of those materials (not including lecture notes) for educational purposes
only, if this is essential to maintain an established teaching program in the University. If a person is specifically employed by the University to produce teaching materials, then this will be treated as a copyright work created in pursuance of that person’s employment for the purposes of s35(6) of the Copyright Act, and the University will assert copyright ownership as employer. The University may, however, in its absolute discretion, grant a non-exclusive licence to the author to use those materials for other teaching purposes only, provided this is not in direct competition with any courses taught at the University.

(2) The University will assert ownership rights as employer in respect of all other forms of intellectual property. However, staff will be entitled to a share of income as set out in more detail below.

27. Students
(1) Students own any intellectual property they create pursuant to their studies, unless they sign an agreement relinquishing ownership. A standard University agreement is available for this purpose. Any signing away of a student’s intellectual property rights must be given freely, in full knowledge of what they are doing.

 Assignment of a student’s intellectual property rights must not be a condition of enrolment in the University under any circumstances.

(2) There may be circumstances where student involvement in a particular research program is subject to assignment of intellectual property rights (for example, where research is funded by a third party). In these cases, it is the responsibility of the head of the research project to advise the student as follows before the student is allowed to participate in the project:
(a) that the student is required to assign his or her intellectual property rights; and
(b) that the student should seek independent legal advice (which can be arranged through the Students’ Representative Council or the Sydney University Postgraduate Representative Association) about his or her rights.

(3) The University will pay any stamp duty assessable on an instrument assigning a student’s intellectual property rights to the University.

28. Visitors to the University
(1) Before a visitor attends any University facility or participates in a University program, he or she may be required to sign as a condition of that attendance or participation an agreement to keep intellectual property and information that relates to it confidential and to transfer intellectual property created or developed by the visitor to the University.

(2) In the absence of such an agreement, the University makes no claim on any intellectual property that a visitor creates or develops in a research project that is conducted using the University’s facilities.

Division 3: Reporting and exploiting intellectual property

29. Reporting by staff members
(1) Members of staff who believe they have generated intellectual property over which the University asserts ownership as specified in this Part must report its creation, through their Head of Department or Unit, to the Business Liaison Office as soon as possible.

(2) The University then has 8 weeks from the time the Business Liaison Office is notified in which to assess whether it wishes to proceed with protecting or commercialising that intellectual property. This 8 week period may be extended by mutual consent.

(3) Members of staff who give notice under Rule 29(1) are responsible for taking all reasonable steps to protect that intellectual property while the University makes its assessment under Rule 29(2). They may seek advice from the Business Liaison Office on how best to do so.

30. Commercialising intellectual property developed by members of staff
(1) If the University, through the Business Liaison Office, decides not to proceed with the protection or commercialisation of the intellectual property within 8 weeks of notification of the intellectual property to the Business Liaison Office, the originator may seek commercial partners elsewhere. This will not prejudice the University’s rights to a share of the income outlined below unless this right is specifically waived by the Vice-Chancellor.

(2) If commercialisation occurs in collaboration with a third party, ownership of intellectual property may need to be negotiated on a case by case basis before that collaboration begins. The originator should be given the opportunity to participate in such negotiations.

(3) Shares of income resulting from intellectual property that is commercialised by the University will be distributed according to the following principles:
(a) until the establishment costs incurred by the University in the commercialisation and registration of a piece of intellectual property are recovered, the originator receives 15% of gross income, the University 85%.
(b) following recovery of establishment costs, first call on income is any continuing protection costs;
(c) once these are covered, income is split a third to the originator, a third to the Department, and a third to the University centre (where there is more than one originator, income is shared according to the individual contribution to the creation, unless otherwise agreed).

31. Reporting and commercialising intellectual property developed by students
If students who create intellectual property wish to seek its commercialisation, they are encouraged to approach the University to do so, in which case the same conditions will apply to them as to staff.

32. Variation of application of this Part in individual circumstances
A staff member, student or visitor may apply to the Vice-Chancellor to vary this policy’s operation. Any agreement which the Vice-Chancellor (or the Vice-Chancellor’s nominee) may make with the applicant must be in writing. Copies must be provided to the applicant, all members of the group participating in the project, the Head of Department or Unit within which the project is being conducted, and the Director of the Business Liaison Office.

33. Use of the University’s Share of Net Revenue from Intellectual Property
Any net revenue received by the University will be paid into the Vice Chancellor’s Innovative Development Fund.

Division 4: Dispute resolution

34. Procedure
(1) If a dispute arises about how to interpret or apply this policy, anyone involved may call for all involved in the work to meet with the Director of the Business Liaison Office (or nominee) within 14 days of the dispute arising with a view to resolving it.

(2) If there is no resolution, or the meeting is not held within 14 days, the matter may be referred to the Pro-Vice-Chancellor (Research), who must attempt to resolve the dispute within 14 days.

(3) If there is still no resolution, the matter may be referred
to the Vice-Chancellor, who must decide within 31 days. The Vice-Chancellor's decision is final.

35. Review Committee
(1) The Intellectual Property Committee is a committee established by the University as at the date this Part comes into effect.
(2) The Committee's purpose is to monitor this Part's operation and to seek amendments where this is deemed necessary. The Committee must meet annually or more frequently as required, where it will receive a report from the Pro-Vice-Chancellor (Research) on the operation of this Part during the preceding twelve months. The Committee will consist of:
(a) the Vice-Chancellor or the Vice-Chancellor's nominee;
(b) the Pro-Vice-Chancellor (Research);
(c) the Chair of the Academic Board;
(d) the Chair of the Research Committee of the Academic Board;
(e) one member of academic staff from each of the three academic colleges of the University;
(f) one member of the non-academic staff of the University; and
(g) one student of the University nominated by the President of the Sydney University Postgraduate Representative Association.

(2) The Vice-Chancellor may determine quotas for commencing students in courses, in units of study and in special categories of admission on the basis of such measures of merit and upon such notice as the Vice-Chancellor may think proper.

50. Immigration status
Applicants who are not Australian citizens or permanent residents must hold an appropriate immigration authority enabling them to undertake courses of study in Australia.

Division 6: Additional selection criteria, entry requirement prerequisites and assumed knowledge for local and international students
51. General
Applicants shall become eligible for consideration for admission to candidature to particular courses if they satisfy such other selection criteria as may be prescribed by the Senate or the Academic Board.

52. Additional entry requirements
Additional entry requirements may be prescribed. These are additional selection criteria that must be satisfied before applicants are admitted to candidature for particular courses.

53. Prerequisites
(1) For enrolment in some units of study, applicants must successfully complete specified subjects in the HSC or equivalent or an audition. These are called prerequisites.

(2) Prerequisites apply to some foreign languages, where first year units of study are given at a number of different levels. A prescribed level of knowledge may be necessary before a student is admitted to the higher level units of study.

54. Assumed knowledge
(1) For some first year units of study, students are assumed to have reached a certain level of knowledge, expressed in terms of programs studied and performance achieved at the HSC or equivalent.

(2) Students who have not reached the level of knowledge assumed may enrol in any unit of study as part of a course for which they have received an offer of a place, but before enrolling they should undertake any supplementary work recommended. Information on the supplementary work is available from the relevant department.

(3) Students who proceed with the units of study for which they have not previously reached the specified level of assumed knowledge place themselves at considerable disadvantage.

(a) they are not undertaking another tertiary course unless that course has a direct bearing on the deferred course;

(b) applicants granted deferment from a course at the University of Sydney Conservatorium of Music are required to complete a further satisfactory audition prior to commencement of studies.

(2) All other categories of applicant (that is, those admitted under tertiary or other criteria, or those who completed secondary studies other than in the preceding year) will not be permitted to defer enrolment unless there have been extreme and unpredictable changes in circumstances.

Division 8: Granting credit

57. Credit for previous study or recognised prior learning

(1) A candidate may be granted credit towards the requirements of a course on the basis of previous study or recognised prior learning. Credit will be granted in accordance with Academic Board policy and the specific resolutions for the course concerned. Candidates granted credit are also described as having been admitted with advanced standing.

(2) Generally, credit will not be granted for units of study completed more than 10 years before admission to candidature for the course concerned.

(3) When granting credit for units of study, faculties may impose requirements with respect to progression to more advanced units within a particular course and with respect to the time limits for completion of the course.

(4) A candidate seeking credit for units of study completed towards an uncompleted course should indicate that he or she has abandoned credit in respect of that course.

(5) A graduate may be granted a limited amount of credit in respect of a completed course. Except where provided otherwise in the specific resolutions for the course concerned, a graduate who is admitted to candidature for a degree of bachelor with credit for completed units of study shall attend units of study for the equivalent of at least two full-time years in that course, unless additional credit from an uncompleted course or courses has also been granted.

58. Credit for units of study after exclusion from another institution

A student who has been admitted to candidature for a course at the University of Sydney after having been excluded, or having been asked to show good cause why he or she should not be excluded, from another tertiary institution, should not be automatically granted credit for units of study completed at the other institution. (2) It is the policy of the Senate that a candidate for a higher degree should not normally be permitted to undertake a

3. An applicant for admission to candidacy for a higher degree shall be required to acknowledge awareness of this policy when applying for such admission.

Signed __________________________ Date____________

90. Use of confidential material

(1) If, at any time between application for admission to candidacy and the lodgment of the thesis, it shall appear to the supervisor and to the head of the department that successful prosecution of the candidacy will require the use of confidential material which the candidate would not be at liberty fully to disclose in the thesis, the matter shall be reported as soon as practicable to the faculty or board of studies concerned.

(2) The faculty or board of studies may, if it thinks fit, recommend to the Graduate Studies Committee of the Academic Board that the candidate be granted:

(a) permission to include in an appendix to the thesis such material as is essential to the thesis but which, for a limited period, may not be available for general inspection; and

(b) exemption, in respect of such an appendix, from the requirement to give the undertaking specified in Rule 89(5).

(3) Subject to the provisions of Rule 91, if the Graduate Studies Committee of the Academic Board resolves to grant such permission and exemption, the University Librarian shall restrict access, for a period to be specified by the Graduate Studies Committee of the Academic Board, to any appendix referred to in Rule 90(2)(b). This period of restriction shall not exceed five years unless there are exceptional reasons for an extension of the period.

91. Access to restricted thesis

(1) The University Librarian may grant access to an appendix to a thesis to which access has been restricted in accordance with Rule 90(3), to a scholar who—

(a) demonstrates bona fide concern with the material in that appendix; and

(i) the author of the thesis; or

(ii) the head of the department concerned in a case where the author cannot be contacted, notwithstanding that all reasonable steps have been taken to contact him or her.

(2) Notwithstanding any other provision of these resolutions, the examiners of a thesis, including any committee or board of postgraduate studies of a faculty or board of studies or any committee of the Academic Board which is directly concerned with the examination of such thesis, shall have access to the thesis and any appendix of it for the purposes of any examination or re-examination.

(3) Immediately a candidate for a higher degree lodges the prescribed number of copies of the thesis with the Registrar for examination, the Registrar shall arrange for a label stating the rights of the author under the laws relating to copyright to be affixed to the inside of the front cover of each copy or to any disk or other electronic medium on which the thesis is submitted.

92. Public availability of theses

(1) For the purposes of this Part 10, references to 'theses' shall be taken to include also reference to treatises, dissertations and other similar productions where there is a requirement that a copy of the production be lodged by the Registrar with the University Librarian.

(2) The Senate recognises that there are certain circumstances where deferment of the public availability of the thesis is appropriate.

(3) In a case where a candidate or potential candidate is to be associated with a project in collaboration with industry that has potential for concern over exploitation of intellectual property, the Dean, if satisfied that the circumstances warrant it, may recommend to the Graduate Studies Committee of the Academic Board that:

(a) the candidate or prospective candidate be granted exemption from the requirement to give the undertaking specified in Rules 89(3) and 89(5); and

(b) authorisation be given to the Registrar to delay lodgment of the thesis in the Library for a period that, except in exceptional circumstances, shall not exceed 18 months from the date of the award of the degree.

(4) The Senate authorises the Chair of the Graduate Studies Committee to approve such applications where the Chair is satisfied that they are appropriate.

(5) If, at any time between application for admission to candidacy and the lodgment of the thesis, it shall appear to the candidate, supervisor and to the head of the department that there are reasons to believe that the candidate's interests would be at risk if the thesis were immediately made available, the candidate may apply in writing for deferment of the availability of that thesis in the University Library for a specific period of time. Any such application should set out clearly the reasons for the request and include supporting evidence, as appropriate.

(6) The dean, if satisfied that such a deferment is necessary to protect the interests of the candidate, may:

(a) authorise the Registrar not to lodge the thesis in the Library for a period not exceeding 6 months from the date of award of the degree; and may also

(b) recommend to the Graduate Studies Committee of the Academic Board that a longer period of deferment, or an extension of the original deferment, be approved provided that, except in circumstances where deferment of availability is appropriate, the total period shall not exceed 18 months.

* The Resolutions of the Senate are under review.

A. Students in all faculties, colleges and boards of studies
1. The Senate authorises any faculty, college board or board of studies to require a student to show good cause why he or she should be allowed to repeat in that faculty, college or board of studies (a) a year of candidature in which he or she has failed or discontinued more than once, or (b) any course in which he or she has failed or discontinued more than once, whether that course was failed or discontinued when he or she was enrolled for a degree supervised by that faculty, college board or board of studies, or by another faculty, college board or board of studies.
2. The Senate authorises the several faculties, colleges or boards of studies to require a student who, because of failure or discontinuation has been excluded from a faculty, college or course, either in the University of Sydney or in another tertiary institution, but who has subsequently been admitted or readmitted to the University of Sydney, to show good cause why he or she should be allowed to repeat either (a) the first year of attendance in which after such admission or readmission he or she fails or discontinues, or (b) any course in which in the first year after admission or readmission he or she fails or discontinues.

B. Faculty of Agriculture, Food and Natural Resources
3. (1) The Senate authorises the Faculty of Agriculture, Food and Natural Resources to require a student to show good cause why he or she should be allowed to re-enrol in the Faculty of Agriculture, Food and Natural Resources if, in the opinion of the Faculty, he or she has not made satisfactory progress towards fulfilling the requirements for the degree.
   (2) Satisfactory progress cannot be defined in all cases in advance but a student who has (i) twice failed, or discontinued enrolment to count as a failure any course as defined in sections 1, 2, 3 and 4 relating to the degrees of Bachelor of Science in Agriculture or Bachelor of Agricultural Economics, or (ii) at the annual examinations in the second or any subsequent year of enrolment, failed more than sixty percent of the units for which enrolled and has also obtained a weighted average mark of less than fifty percent in the total number of units for which enrolled in the two most recent years of enrolment, shall be deemed not to have made satisfactory progress.
(3) In cases where the Faculty permits the re-enrolment of a student whose progress has been deemed unsatisfactory, the Faculty may require the completion of specified courses in a specified time, and if the student does not comply with these conditions the student may again be called upon to show good cause why he or she should be allowed to re-enrol in the Faculty of Agriculture, Food and Natural Resources.

C. Faculty of Architecture
4. The Senate authorises the Faculty of Architecture to require a student who is a candidate for the degree of Bachelor of Science (Architecture) or Bachelor of Architecture to show good cause why he or she should be allowed to re-enrol in the Faculty of Architecture if he or she fails to maintain a weighted average mark of at least 50 per cent.

Therefore, students must remain enrolled in at least 16 units each year, except when they need less than 16 units to qualify for the award of the degree.

RESOLUTIONS OF THE SENATE

APPOINTMENT OF A DEAN, DIRECTOR OR COLLEGE PRINCIPAL
For the definitions of terms refer to the Delegations of Authority. As appropriate for local nomenclature and reporting lines, when this refers to department read also school or unit; to faculty read also college or Australian Graduate School of Management; to dean read also director or college principal.

Policy statement
1. A dean is appointed by Senate to lead and manage the academic, administrative, staffing and financial affairs of the faculty.
   There is provision for a simultaneous appointment of a dean and a professor.
   All deanships will be advertised both internally and externally, except where Senate agrees otherwise on the recommendation of the Vice-Chancellor.

Governing principles
2. (1) The dean of a faculty has a dual role first in regard to academic leadership and decision-making, and second in regard to the management of the financial and other resources allocated to the faculty. The process of selecting the dean will reflect this dual role, and the dean will be accountable for performance in both areas.
   (2) Not all academic units (departments, schools, centres and so forth) assigned to a faculty for the purposes of academic cohesion and co-ordination will fall within a dean’s responsibilities for managing financial and other resources. Deans will be given clear directions by their supervisor on the scope of their academic and resource management role.

   • Attachment 1: Position Description for a Dean

(5) On the termination of office of an appointed associate dean a further recommendation of the faculty concerned shall be made before any other person is appointed to that office. (6) The selection committee for an appointed associate dean shall be either: (a) where the associate dean is to be appointed from within the University, on the recommendation of an appointments committee appointed by the Senate on the recommendation of the Standing Committee of the Academic Board, (i) the Vice-Chancellor or a deputy vice-chancellor nominated by the Vice-Chancellor, who is to preside at meetings of the Committee; (ii) five nominees of the Vice-Chancellor, at least two of whom shall be members of the faculty concerned; (iii) the dean of the faculty concerned; and (iv) five nominees of the faculty concerned; or (b) where the associate dean is to be appointed following advertisement both within and outside the University, on the recommendation of an appointments committee appointed by the Senate on the recommendation of the Standing Committee of the Academic Board, (i) the Vice-Chancellor or a deputy vice-chancellor nominated by the Vice-Chancellor, who is to preside at meetings of the Committee; (ii) the Chair of the Academic Board or a deputy chair; (iii) three nominees of the Vice-Chancellor; (iv) the dean of the faculty concerned; (v) four nominees of the faculty concerned; and (vi) two persons nominated by the Standing Committee of the Academic Board.

Where a dean is from time to time absent from that office through illness or any other cause the Vice-Chancellor, or a deputy vice-chancellor nominated by the Vice-Chancellor, may appoint an acting dean from the full-time members of the academic staff who are members of the faculty to hold office during that absence and the acting dean shall be deemed to be, and shall have the duties and powers of, the dean.

Election of person to preside at meetings of the faculty

Degree of Doctor of Philosophy

RESOLUTIONS OF THE ACADEMIC BOARD

Form of the thesis

Four copies of the thesis shall be submitted for examination for the degree of Doctor of Philosophy and shall normally be submitted in one of the forms set out below in sections 1 and 2.

1. The four copies may be bound in either a permanent or temporary form as set out in subsections (a) and (b).

(a) A thesis submitted in permanent binding shall be on international standard A4 size paper sewn and bound in boards covered with bookcloth or buckram or other binding fabric. The title of the thesis, the candidate’s initials and surname, the title of the degree, the year of submission and the name of the University of Sydney should appear in lettering on the front cover or on the title page. The lettering on the spine, reading from top to bottom, should conform as far as possible to the above except that the name of the University of Sydney may be omitted and the thesis title abbreviated. Supporting material should be bound in the back of the thesis as an appendix or in a separate set of covers.

(b) A thesis submitted in temporary binding should be strong enough to withstand ordinary handling and postage. The preferred form of temporary binding is the ‘perfect binding’ system — ring-back or spiral binding is not acceptable. A thesis submitted in temporary form shall have fixed to the cover a label clearly identifying the name of the candidate, the title of the thesis and the year of submission.

The Xerox Demand Binding system is acceptable both for temporary and permanent purposes.

2. A thesis may also be submitted in electronic form in accordance with the provisions of section 3.

(a) When a thesis is submitted in electronic form, four copies must be submitted as set out in subsection (b).

(b) A thesis submitted in electronic form must normally be submitted on disk and must be in a format which the faculty determines as acceptable to both the candidate and the examiner(s), with the same structure as the ultimate printed version referred to in sections 1(a) and 4, and each chapter must be in a separate document.

The title of the thesis, the candidate’s initials and surname, the title of the degree, the year of submission and the name of the University of Sydney should appear on the title page and on a label affixed to the disk.

A hard copy of the thesis should normally be submitted for retention by the faculty office, and further copies for any examiner(s) unwilling or unable to examine the thesis electronically. Individual faculties may determine, however, that the copy for retention in the faculty office may also be submitted in electronic form.

3. Procedures for electronic submission of theses:

Provision for electronic submission of theses for the purpose of examination may occur where both the candidate wishes to submit in this form and examiners are prepared to examine in this way.

Candidates wishing to submit electronically are required to advise of their intent to submit so that arrangements may be made with prospective examiners.

The usual examination process will be followed when a thesis is submitted electronically, except as set out below.

(a) A student who wishes to submit electronically must so advise the supervisor and the department at least three months prior to submission.

(b) Examiners must be selected in the normal way and no regard paid to whether or not they would wish to examine electronically.

(c) When confirming the appointment of examiners, the faculty office should confirm their willingness or otherwise to examine an electronic version of the thesis.

(d) Prospective examiners must be advised of the format in which the thesis is available and they must be asked whether they prefer to accept it in that format (on disk, but possibly as an e-mail attachment) or in the traditional hard copy form.

(e) Under certain circumstances particular specialised electronic applications may form part of the thesis. In such circumstances, it should be ascertained that the examiner has the capability to accept this format, and this must be done three months prior to submission.

(f) If an examiner advises that he or she does not wish to examine electronically, then the examiner will be sent a hard copy of the thesis.

4. The degree shall not be awarded until the candidate has submitted a permanently bound copy of the thesis (containing any corrections or amendments that may be required) and printed on acid-free or permanent paper, for lodgement in the University Library.

THE EXAMINATION PROCESS

1. Appointment of examiners

Faculty or college board to seek recommendation for examiners

(1) After the prescribed number of copies of the thesis have been lodged and the supervisor’s certificate has been received, the faculty or college board, having considered the certificate, shall seek a recommendation for the appointment of examiners from the head of department concerned, unless the faculty or college board considers that examiners should not be appointed.

Examiners not appointed

(2) If a faculty or college board, after consideration of the supervisor’s certificate, has resolved not to proceed to the appointment of examiners, it shall report the circumstances and the reasons for the decision to the PhD Award Sub-Committee which may note the decision or require the faculty or college board to appoint examiners.
Delays in appointment to be avoided

(3) (a) The head of department and the faculty or college board shall take all possible steps to ensure that examiners are appointed within four weeks of the submission of the thesis and, where this does not occur, shall report the circumstances to the PhD Award Sub-Committee.

(b) The head of department should normally have taken the steps outlined below in sections 1(4) to 1(11), noting the provisions of section 1(13), before the thesis is submitted.

Head to consult and recommend

(4) The head of department shall, if reasonably possible, before making his or her recommendation for the appointment of examiners, consult the supervisor and, if it is considered by the supervisor to be necessary, any appointed associate supervisor.

(5) The head of department shall recommend the appointment of three examiners of the thesis of whom at least two shall be external to the University, i.e. not being a member of the staff of the University or holding a clinical academic title. The supervisor shall not be an examiner.

(6) The head of department may also recommend the appointment of one or more qualified additional persons who may be called on to act in place of one or more of the three first appointed examiners.

Qualifications of examiners

(7) (a) Examiners recommended should be known to be familiar with the supervision and examination of research theses and should normally still be active in research and/or scholarship.

(b) An examiner appointed to act as an assessor under section 4(3)(e) should possess very high standing in the subject in question.

Examiners free from bias

(8) A head of department, in making a recommendation, shall take all reasonable steps to ensure that the examiners proposed are free from bias either for or against the candidate or the supervisor.

Involvement of candidate

(9) The head of department or the supervisor or the candidate may initiate a general discussion with the candidate by the supervisor and/or the head of department of a wide range of possible examiners, including the possibility of the student submitting to an oral examination of the thesis.

(10) The head of department or the supervisor or the candidate may initiate a general discussion with the candidate by the supervisor and/or the head of department of a wide range of possible examiners, including the possibility of the student submitting to an oral examination of the thesis.

Faculty to appoint examiners

(11) (a) The head of department shall make a recommendation to the faculty for the appointment of examiners. In making this recommendation, the head of department should indicate: whether or not he or she has ascertained the prospective examiners’ willingness to examine (i) electronically; or (ii) conduct an oral examination whether or not they wish to examine in this way, and, if so, the format(s) in which they are able to receive the thesis. Examiners must be selected in the normal way and no regard paid to whether or not they would wish to examine electronically or participate in an oral examination of the thesis.

(b) The faculty or college board, on receipt of a recommendation for the appointment of examiners from a head of department, and having considered through its dean or chair of the board of postgraduate studies any advice from the candidate, may appoint the examiners as recommended or appoint different examiners after consultation with the head of department.

Report to PhD Award Sub-Committee

(12) The faculty or college board shall, using the prescribed form, report the names and qualifications of the examiners appointed to the PhD Award Sub-Committee which may itself appoint, or may request the faculty or college board to recommend for appointment, one or more additional examiners. When an unusual choice of internal examiner is made, a short justification of why that examiner was chosen should be provided by the faculty concerned. The faculty or college board shall indicate on the form which, if any, of the examiners will be examining the thesis electronically or if the student will be submitting to an oral examination of the thesis.

Names not to be disclosed

(13) Except as may be necessary when an oral examination is required, the names of the examiners appointed shall not be disclosed to the candidate until a determination has been made about the award of the degree.

Invitation to examiners

(14) After the appointment of examiners by the faculty or college board, the Registrar shall write to each examiner advising him or her to act, specifying the conditions applicable to the examination process and enclosing the resolutions for the degree, an information statement. An examiner’s report form will be enclosed with the letter and, if possible, will also be sent to the examiner in electronic form via electronic mail if the examiner is able to receive it in one of the formats available. If the examiner has indicated a willingness to participate in an oral examination of the thesis the date and arrangements for the oral examination will also be notified.

(15) On receipt of an acceptance of the invitation to act, or on advice from the head of department concerned that the examiner is willing to act under those conditions, the Registrar shall dispatch a copy of the thesis in either hard copy or electronic form if the examiner has indicated willingness to examine in electronic form.

(16) The Registrar shall similarly write to any internal examiner advising him or her of the appointment and the conditions which apply and enclosing the resolutions for the degree and the examiner’s report form together with a copy of the thesis either in hard copy or electronic form.

Delay between appointment of examiners and receipt of thesis

(17) In the event of a candidate’s thesis not being received within three months of the acceptance by the examiners of their appointment, the faculty shall write to all examiners concerned, both internal or external, to ascertain their willingness to continue to act as examiners of the thesis in question.

(8) The Registrar shall contact any examiner who has not submitted his or her report within six weeks of despatch of the thesis, reminding the examiner of the due date for the report, and the Registrar shall contact any examiner who has not submitted his or her report within ten weeks of despatch of the thesis, requesting advice as to when it will be submitted and reminding the examiner of the conditions of the examination.

Replacement examiner if report not received

(9) The Registrar shall contact any examiner who has not submitted the report by the end of the fourteenth week after despatch of the thesis, advising that it will be necessary to proceed to the appointment of a replacement examiner if the report is not received within a further two weeks and shall proceed to do so if the report is not received within that time.

(10) Notwithstanding the fact that replacement examiners may previously have been appointed, the Registrar shall seek advice from the head of department as to who should act as a replacement examiner in the event of an examiner being replaced under the circumstances referred to in section 2(9) and, if necessary, the faculty or college board shall appoint a further qualified examiner on the recommendation of the head of department who shall, if necessary, have carried out the same consultative procedures as applied to the initial appointment of examiners.

(11) Should the process of appointing a replacement examiner under the circumstances referred to in section 2(9) have proceeded to the point where a copy of the thesis has been dispatched to the replacement examiner, any report subsequently received from the examiner who has been replaced shall not be considered in determining the result of the candidature.

(12) Notwithstanding the provisions of sections 2(9) to 2(11), the PhD Award Sub-Committee or its Chair may, in such circumstances as it shall determine are exceptional, and on the recommendation of the faculty or college board concerned, allow some specific variation to those requirements.

(13) In the case of a thesis also being examined by an oral examination, the procedures for the conduct of the oral examination and the consideration of the examiners' reports shall be those adopted by the Academic Board.

3. Consideration of examiners' reports

By the faculty

(1) When all three examiners' reports have been received,
(a) if all examiners have recommended either that the degree be awarded without qualification or the degree be awarded subject to correction of typographical errors, the faculty may award the degree either without further examination or subject to the correction of typographical errors (as specified by the examiners) being made in all copies of the thesis to be retained in the University before the degree is conferred and shall forward the reports to the head of department and supervisor for information; or
(b) if any other recommendations have been made, the faculty shall forward the reports to the head of department for a recommendation and to the supervisor.
Head of department to consult

(3) The head of department, if there is disagreement among the examiners, or, if asked to comment of the report of an oral examination, shall, before making a recommendation, if reasonably possible, consult the candidate's supervisor and shall consult the candidate's recommendation. If, after consultation, the head of department has not been resolved, the recommendation of the head of department and the candidate's recommendation shall be forwarded to the PhD Award Sub-Committee.

Head of department's recommendation

(5) The head of department, having considered the reports of the examiners and carried out any required consultation, may make one of the following recommendations:

- that the degree be awarded without further conditions;
- that the degree be awarded subject to the correction of typographical errors being made in all the copies of the thesis to be retained in the University before the degree is conferred;
- that the degree be awarded subject to emendations being made in all copies of the thesis to be retained in the University; or
- except in the case of the report of an oral examination, that an additional examiner be appointed; or
- except in the case of the report of an oral examination, that an additional examiner be appointed to examine the thesis and act as an assessor of the reports of the other examiners, the comments of the supervisor, whether or not already an examiner, subject to endorsement by the PhD Award Sub-Committee which will consider the reports of the examiners and the justification forwarded by the Board of Postgraduate Studies. In cases where the faculty had previously formed the intention to resolve that the degree be not awarded, or the candidate be allowed to revise and resubmit, the candidate's comments have been received, the faculty's Postgraduate Committee should determine whether the candidate's comments should be forwarded to the assessor.

(6) A head of department, if recommending under section 3(5)(b) or (c) that the degree be awarded subject to typographical corrections or emendations, shall specify the typographical corrections or emendations to be made, if not already specified in the report of an oral examination, noting that the PhD Award Sub-Committee normally expects any typographical corrections or errors identified by examiners to be corrected after consideration of the examiners' reports and head of department's recommendation.

Release of examiners' reports

(7) The head of department shall, with his or her recommendation, after noting the wishes of the examiners, indicate what portions of the examiners' reports may be released to the candidate, but the reports shall remain confidential until after consideration by the PhD Award Sub-Committee, faculty or college board.

Delegation of authority

(8) A head of department may delegate to a specified member of the academic staff his or her responsibilities under this section by countersigning a specific recommendation in respect of a particular candidature or by making, and forwarding to the Registrar, a written statement of delegation of those powers.
PhD Award Sub-Committee action

(2) The PhD Award Sub-Committee, after consideration of the examiners' reports and the recommendation of the head of department and where these have been made any recommendation from the faculty or college board:
(a) may award the degree without further examination; or
(b) may award the degree subject to the correction of typographical errors being made in all the copies of the thesis to be retained in the University before the degree is conferred; or
(c) may award the degree subject to emendations specified by the head of department or the Sub-Committee being made in all copies of the thesis to remain available in the University; or
(d) may refer the candidature to the faculty or college board concerned;
and shall refer the candidature to the faculty or college board concerned if a member of the Sub-Committee so requires and the examiners' reports and the recommendation of the head of department have not already been considered by the faculty or college board.

Faculty or college board action

(3) The faculty or college board, after considering the recommendation of the head of department and the reports of the examiners that have been referred directly to it or by the PhD Award Sub-Committee, may resolve:
(a) to recommend to the PhD Award Sub-Committee that the degree be awarded without further examination; or
(b) to recommend to the PhD Award Sub-Committee that the degree be awarded subject to the correction of typographical errors being made in all the copies of the thesis to be retained in the University before the degree is conferred; or
(c) to recommend to the PhD Award Sub-Committee that the degree be awarded subject to emendations specified by the head of department or the faculty or college board being made in all copies of the thesis to remain available in the University; or
(d) except in the case of the report of an oral examination, that the candidate be required to take an additional oral or other examination or answer specific questions put by an examiner, this not being a substitute for requiring the candidate to make emendations to the thesis or to revise and resubmit the thesis; or
(e) except in the case of the report of an oral examination, that an additional examiner be appointed; or
(f) except in the case of the report of an oral examination, that an additional examiner be appointed to examine the thesis and act as an assessor of the reports of the other examiners, and the comments of the supervisor, whether or not already an examiner, subject to endorsement by the PhD Award Sub-Committee which will consider the reports of the examiners and the justification forwarded by the Board of Postgraduate Studies. In cases where the faculty had previously formed the intention to resolve that the degree be not awarded, or the candidate be allowed to revise and resubmit, and the candidate's comments have been received, the faculty's Postgraduate Committee should determine whether the candidate's comments should be forwarded to the assessor.
(g) except in the case of the report of an oral examination, that the reports of the examiners, together with comments from the supervisor, whether or not already an examiner, shall be referred to all the examiners for their comment; or
(h) that the candidate not be awarded the degree, but be allowed to revise and resubmit the thesis within a prescribed maximum period of time; or
(i) that the degree be not awarded.

Award without further conditions

(4) Where the faculty or college board or PhD Award Sub-Committee has approved the award of the degree without further conditions, the Registrar shall advise the candidate that the degree has been awarded subject to the lodgement of a permanently bound copy of the thesis printed on archival or permanent paper, shall lodge this copy with the University Librarian, and shall advise the examiners, head of department and supervisor.

Award subject to correction of typographical errors

(5) Where the faculty or college board or PhD Award Sub-Committee has approved the award of the degree subject to the correction of typographical errors, the Registrar shall advise the candidate that the degree has been awarded subject to the lodgement of a permanently bound copy of the thesis printed on archival or permanent paper in which the typographical corrections have been made to the satisfaction of the head of department, shall lodge this copy with the University Librarian, and shall advise the examiners, head of department and supervisor.

Award subject to emendations

(6) When the award of the degree has been approved by a faculty or college board or by the PhD Award Sub-Committee, subject to specified emendations being made in all copies of the thesis to remain available in the University, the Registrar shall advise the candidate of the decision and of the nature of the emendations required and the latest date by which the emendations shall be made, being, unless otherwise determined by the faculty or college board, within a further three months, and shall provide such detail in relation to the examiners' reports as the head of department recommends.

Additional oral or other examination

(7) (a) Where a faculty or college board has resolved under section 4(3)(d) that the candidate be required to take an additional oral or other examination, or answer specific questions put by an examiner, unless the faculty or college board has determined otherwise, the faculty or college board shall be responsible for the oversight of these further examining processes.
(b) At the completion of an additional oral or other examination, or once a specific question(s) put by an examiner have been answered, the faculty or college board shall obtain a further recommendation from the head of department and shall then resolve in accordance with section 4(3)(a) — (e), (h) or (i).

Conduct of oral examination

(8) Those present at an oral examination may include one or more of the examiners and persons, other than the examiners, nominated by the faculty or college board; shall include the supervisor if he or she wishes; and may include, with the approval of the dean of the faculty or chair of the college board, a member of the University nominated by the candidate.

(9) A candidate shall be given reasonable notice of any oral examination and of the nature of the examination.
and the names of the persons who will be present, and may advise the dean of the faculty or chair of the college board of reservations he or she may have about the presence of any particular person, giving reasons in writing.

Additional examiner
(10) Where a faculty or college board resolves under section 4(5)(c) that an additional examiner be appointed, the provisions of sections 1, 2 and 3 shall apply as appropriate and the Registrar shall write to the examiner as provided in section 1(14) or 1(15) and shall advise the previously appointed examiners of the name of the additional examiner.

(11) A faculty or college board, having received a further recommendation from the head of department together with an additional examiner's report, may then resolve as provided in section 4(3)(a)-(d), (h) or (i).

Additional examiner as assessor
(12) Except in special circumstances, an additional examiner acting as assessor will be an external appointment.

(13) Where a faculty or college board resolves under section 4(5)(f) that an additional examiner be appointed to examine the thesis and act as an assessor of the reports of the other examiners, the provisions of sections 1, 2 and 3 of these resolutions shall apply as appropriate and the Registrar shall write to the examiner as provided in section 1(14) or 1(15), inviting the examiner to act as an assessor of the examiners' reports as well as an examiner of the thesis and shall provide copies of the unidentified examiners' reports, and the comments of the supervisor, whether or not already an examiner. In cases where the faculty had previously formed the intention to resolve that the degree be not awarded, or the candidate be allowed to revise and resubmit, and the candidate's comments have been received, the faculty's Postgraduate Committee should determine whether the candidate's comments should be forwarded to the assessor. The Registrar shall also advise the previously appointed examiners of the name of the additional examiner who is also to act as assessor.

(14) A faculty or college board, having received a further recommendation from the head of department together with an additional examiner-as-assessor's report, may then resolve as provided in section 4(3)(a)-(c), (h) or (i), except that, where the faculty or college board does not substantially resolve in the terms recommended by the assessor, it shall include a report of the reasons for its decision with any recommendation to the PhD Award Sub-Committee.

Referral of reports to examiners
(15) Where a faculty or college board resolves under section 4(5)(g) that the reports of the examiners, together with comments from the supervisor, shall be referred to all the examiners for their comment, the Registrar shall seek comments from the supervisor and then send copies of the examiners' reports and the supervisor's comments to each of the examiners, advising them that it is in order for them to confer and seek a further report from each examiner within a period of four weeks.

(16) The Registrar shall forward the responses received, following the circulation of reports, to the head of department for such consultation as is required under section 3 and to make a recommendation, and the faculty or college board on receipt of that recommendation may then resolve as provided in section 4(3).

Candidate to be consulted before degree not awarded
(17) Where a faculty or college board forms the intention, either to resolve under section 4(3)(h) that the degree not be awarded but that the candidate be allowed to revise and resubmit the thesis within a prescribed maximum period of time, or to resolve under section 4(3)(i) that the degree not be awarded, that resolution shall be deferred to allow a process of consultation with the candidate.

(18) The Registrar shall advise the candidate in writing of the faculty or college board's intent; shall provide unidentified copies of such of the examiners' reports as the examiners have indicated may be released and shall advise the candidate that he or she may within a period of four weeks give notice of intention to provide comment on the foreshadowed recommendation of the faculty or college board, such comments to be submitted in writing by no later than a total of eight weeks from the date of the Registrar's advice.

(19) The faculty or college board shall further consider the examiners' reports and the head of department's recommendation, together with any comments provided by the candidate and any further comments provided by the head of department or supervisor and may then resolve as provided in section 4(3).

Revise and resubmit
(21) Where a faculty or college board, following the consultation process referred to in sections 4(17)-4(20), resolves under section 4(5)(b) that the degree not be awarded but the candidate be allowed to revise and resubmit the thesis within a prescribed maximum period of time, this decision shall be reported to the PhD Award Sub-Committee, which may note the decision or refer it back to the faculty or college board for further consideration, and the Registrar shall advise the candidate of the decision, of all provisions relating to appeals, the particular conditions applying and the general requirements in respect of revision and resubmission and shall provide such detail in relation to the examiners' reports as the head of department recommends and shall also advise the examiners, head of department and supervisor of the terms of the decision.

Degree not awarded
(22) Where a faculty or college board, following the consultation process referred to in sections 4(17)-4(20), resolves under section 4(5)(j) that the degree not be awarded, this decision shall be reported to the PhD Award Sub-Committee which may note the decision or refer it back to the faculty or college board for further consideration, and the Registrar shall advise the candidate of the decision, of all provisions relating to appeals, shall provide such detail in relation to the examiners' reports as the head of department recommends and shall also advise the examiners, head of department and supervisor of the decision.

Emendations and lodging of corrected thesis
(23) A candidate, on receipt of advice from the Registrar that the degree has been awarded subject to emendations being made, shall make these emendations in consultation with his or her supervisor or head of department on all the copies of the thesis which are to be available within the University, including the copy printed on permanent or acid-free paper which is to be lodged with the University Librarian; shall comply with the requirements with respect to permanently binding a copy of the thesis; shall request the head of department to certify that the corrections have been made and shall submit the thesis copies to the Registrar by no later than the latest date advised for completing such action.
(24) The Registrar, on receipt of at least one corrected, permanently bound copy of the thesis and a statement from the head of department that the corrections have been made to his or her satisfaction, shall cause all corrected hard copies submitted to be stamped, and electronic copies to be annotated and stored as ‘read-only file’ to indicate that the thesis is in the form which has been accepted for the degree; shall advise either the PhD Award Sub-Committee or the faculty, as appropriate, that the corrections have been made and that the faculty or Sub-Committee can therefore approve the award of the degree; shall write to the candidate advising that all the requirements for the award of the degree have been met; shall lodge the permanently printed copy with the University Librarian, and shall so advise the examiners, head of department and supervisor.

(25) If a candidate does not carry out the required emendations within the time limit set, or the head of department after consultation with the supervisor does not consider that the emendations made are satisfactory, the head of the department shall refer the matter to the faculty or college board which may grant additional time or set different conditions or may initiate proceedings under the provisions for the termination of candidature.

Transfer to master’s candidature

(26) A faculty or college board may permit a candidate for the degree of Doctor of Philosophy who, after examination, has not been awarded the degree, to use part or all of the material in the thesis as a thesis to be submitted for a master’s degree, subject to completing all of the necessary administrative requirements.

Participation of supervisor and head of department

(27) The supervisor and head of department may be present at any discussion by a faculty or college board of a recommendation by the head of department in respect to examiners’ reports on the thesis of a candidate.

Delegation of authority

(28) A head of department may delegate to a specified member of the academic staff his or her responsibilities under this section by countersigning a specific recommendation in respect of a particular candidature or by making, and forwarding to the Registrar, a written statement of delegation of those powers.

(29) The Sub-Committee may delegate to its chair, or in the absence of the chair to the chair’s nominee from the Sub-Committee, its powers to award the degree under section 4(2)(a), (b) or (c).

(30) Where the PhD Award Sub-Committee has delegated to faculties and colleges the authority to approve the award of the degree under sections 3(1)(a) or 4(1)(b), the authority for the approval of the award shall be the responsibility of the faculty’s or college board’s postgraduate committee which may delegate authority to act on its behalf to its chair, or in the absence of the chair to the chair’s nominee.

5. Revision and re-examination

Faculty or college board to prescribe conditions

(1) A faculty or college board which has resolved that a candidate not be awarded the degree but be permitted to revise and resubmit the thesis for re-examination, shall prescribe a maximum period of further candidature and may prescribe particular conditions to be met.

Candidate to re-enrol

(2) A candidate permitted to revise and resubmit shall re-enrol while remaining a candidate for the degree and shall proceed according to the provisions of these resolutions.

Appointment of examiners

(3) A head of department shall recommend examiners for a revised and resubmitted thesis after the consultation processes provided for in section 1, but the faculty shall normally reappoint the original examiners of the thesis, provided that they are available, unless one or more of those examiners has required modifications of the thesis that the faculty or college board consider to be unnecessary or undesirable or, in the opinion of the faculty or college board, there are academic reasons for not reappointing any or all of the original examiners.

Process of examination

(4) Subject to section 5(5), all the provisions of sections 1, 2, 3 and 4 relating to the examination process apply to the examination of a revised and resubmitted thesis.

(5) Except where the Graduate Studies Committee on the recommendation of the faculty or college board permits otherwise, the recommendation that a candidate be not awarded the degree but be permitted to resubmit the thesis in a revised form for re-examination shall not be available to examiners of a thesis that has itself been submitted for re-examination.

6. Faculty and college board delegations

Where in these resolutions reference is made to a faculty or a college board or action to be taken by a faculty or a college board, that reference shall also include a faculty or college board of postgraduate studies or equivalent and any dean, chair, associate dean or other officer of the faculty or college board acting with the authority of the faculty or college board.

7. Annual quarterly reports to the PhD Award Sub Committee

Where the degree is awarded by faculty delegation, the faculty shall report to the PhD Award Sub-Committee at the end of March, June, September and December of each year the details of such awards for the previous three months showing for each the name of the candidate, the department, the title of the thesis, the category of award recommended by each examiner, the final result, the date of submission of the thesis and the date on which the candidate was informed of the result.

8. Cotutelle agreements

(1) Where a candidature has been conducted under an approved cotutelle agreement with a French university four examiners shall be appointed, two being on the recommendation of each participating institution.

(2) Where a candidature has been conducted under an approved cotutelle agreement with other than a French university the examination arrangements must be approved by the Graduate Studies Committee.
Endowment of academic positions

RESOLUTIONS OF THE SENATE

ENDOWMENT OF ACADEMIC POSITIONS

On 7 April 1986 the Senate approved the following guidelines relating to endowment (external or private funding by gift in perpetuity or by annual grants) of academic positions. Staff who are or might expect to be involved in discussions about possible external/private funding of academic positions, are asked to take note of these guidelines.

(a) No new endowed post or endowment of an existing post will be approved by Senate unless it is in the interest of the University to do so.

(b) No appointment will be made except in accordance with the regular processes approved by Senate on advice of the Academic Board. These include advertisement of the post and Academic Board recommendation to Senate of appointments.

(c) Short-term appointments should be for five years (or in special cases three years) as a minimum and all appointments should be at the normal rates of remuneration.

(d) Funds contributed to raise a lectureship or senior lectureship to the level of a Chair should be sufficient to cover for the designated period the full salary, superannuation, payroll tax and all other costs for the Chair. (In some cases these might include clerical and research assistance and academic staff.) Care needs to be taken in negotiating such arrangements to preserve a proper number of lectureships and senior lectureships.

(e) Funds intended to endow any academic post completely and perpetually should be large enough to bear the whole cost involved as set out in (d) and the reservation of part of the income earned on capital to sustain the real value of the endowment.

(f) If endowment is offered in respect of an academic post (for example a lectureship) from which promotion is possible, the funding must be adequate to fund such promotion. Senate may, however, agree to a person holding a rank higher than that of lecturer also being designated as the holder of the endowed lectureship. The costs of the position would continue to be funded by the endowment and the extra costs resulting from a higher rank paid by the University.

(g) When a benefactor wishes to endow and name a post already sustained by University or other funds, the benefaction must normally be large enough in annual earnings or payments to supply at least two-thirds of the annual cost of the post as set out in (d) above, and should be indexed. The privilege of naming will continue only so long as the appointed funds are available.

(h) Titles given to academic posts should accord with normal academic propriety and there will be no publicity to the benefactor except in the naming of the post and of its incumbent in, for example, regular University listing of gifts and positions and in normal advertising and reporting of the filling of the post concerned.

(i) Any special clause in an agreement to fund a post, such as, for example, an opportunity of consultancy in aid of the benefactor, should be within the limitations of the University’s rules on outside work. Research work and some forms of consultancy may require the use by the member of staff concerned of plant, equipment, materials and assistance provided by the benefactor. In all such cases the University should ensure wherever possible that the circumstances are announced in advertising for the post. The University’s rules on outside work will not normally allow a benefactor to claim an exclusive right to any consultancy work that a member of staff may be able to undertake. It is the responsibility of the Vice-Chancellor to ensure that every post is used for the purposes of the University and to report problems to Senate.

(j) Appointments made to posts from special endowments, whether or not naming privileges are involved, will normally cease when the funds providing for them are no longer adequate, provided that an endowed post may be held vacant until funds are available. Endowed short-term posts will at termination impose no residual financial obligation on the University.

(k) Where an endowed post is to be held only part-time within the University, the above rules shall be applied as nearly as is reasonably possible.

RESEARCH STAFF

THE ROLES OF HEADS OF DEPARTMENTS AND SCHOOLS AND THEIR AUTHORITIES AND DELEGATIONS

In this document references to departments and to faculties include schools and academic colleges respectively, the delegations need to be read in conjunction with the University's delegations of authority.
1. Responsibilities

General responsibilities
The primary responsibility of heads of department is to foster the academic and research purposes of the department by effective leadership and management.

Heads of department have a responsibility to convene and report to departmental board meetings in accordance with the by-laws, to maintain an effective relationship with the departmental board and to ensure that an effective sub-committee system or another means of consultation and opportunities to contribute to decision-making exist within the department.

Departments are the basic academic organisational units within the University. Heads of department are free to manage the operation of their departments as they wish, provided that they meet the requirements of the University in doing so.

Heads of department, as members of the academic staff, are expected to continue to participate in academic work in their discipline.

Heads of department have a responsibility to maintain an effective relationship with the dean of the relevant faculty as head of the devolved funding unit and with such other deans as are chairs of relevant faculties.

Where a dean and a head of department are unable to reach agreement on a particular matter either the dean or the head of department may request that a deputy vice-chancellor act as a mediator. Should agreement then not be reached the deputy vice-chancellor may make a report to the Vice-Chancellor for decision.

(1) in the case of a ballot to fill one vacancy,
(a) the voter shall vote for all candidates; and
(b) the voter shall vote by placing the figure ‘1’ in the rectangle opposite and to the left of the name of the candidate for whom the voter votes in first preference and by placing the figures ‘2’ and ‘3’ in the rectangles opposite and to the left of the names of the candidates for whom the voter votes as second and third preference, and so on, until the voter has voted for all candidates; and
(2) in the case of a ballot to fill more than one vacancy,
(a) the voter shall mark the voting paper by making a cross in the rectangle opposite the name of each candidate voted for; and
(b) the voter shall vote for as many candidates as there are vacancies to be filled.

Invalid voting papers
8. The Registrar shall reject any voting paper that is not completed in accordance with the instructions contained in it, or upon which the numbers indicating the order of preference are not consecutive, or upon which the voter has voted for more candidates than the number of vacancies to be filled or for fewer candidates than the number of vacancies to be filled, or that is otherwise invalid, and in any case of doubt as to the validity of a voting paper the Registrar's decision shall be final.

Conduct of ballots to fill one vacancy
9. The procedure for the counting of votes in a ballot to fill one vacancy shall be as follows—
(1) After any invalid votes have been rejected, the Registrar shall count the total number of first preference votes given for each candidate.
(2) The candidate who has received the largest number of first preference votes shall, if that number constitutes an absolute majority of votes, be declared elected.
(3) If no candidate has received an absolute majority of first preference votes on the first count, the candidate who has received the fewest first preference votes shall be excluded and each voting paper counted to the excluded candidate shall be counted to the continuing candidate next in the order of the voter’s preference.
(4) If a candidate then has an absolute majority of votes, that candidate shall be declared elected, but if no candidate then has an absolute majority of votes, the process of excluding the candidate with the fewest votes and counting each of the candidate’s voting papers to the continuing candidates next in the order of the voter’s preference shall be repeated by the Registrar until one candidate has received an absolute majority of votes, and the Registrar shall declare that candidate elected.
(5) Where in the process of counting there is more than one candidate with the fewest votes the candidate to be excluded shall be determined by the Registrar by lot.

Conduct of ballots to fill more than one vacancy
10. The procedure for the counting of votes in a ballot to fill more than one vacancy shall be as follows:
(1) The Registrar shall reject any voting paper in which a voter has voted for more candidates than the number of vacancies to be filled or for fewer candidates than the number of vacancies to be filled or which is otherwise invalid, and in any case of doubt as to the validity of a voting paper the Registrar's decision shall be final.
(2) The Registrar shall rank the candidates in descending order of the number of votes received by each candidate.
(3) Where two or more candidates have received an equal number of votes, the Registrar shall—
(a) write the name of each candidate concerned on separate and similar slips of paper;
(b) fold the slips so as to prevent identification; and
(c) mix the slips and draw the slips at random, and for the purposes only of ranking among those candidates, a candidate whose name is drawn before the name of another candidate shall be deemed to have received one less vote than the candidate whose name is drawn next.
(4) The Registrar shall declare elected the candidate who has received the highest number of votes and such further candidates in descending order of the rank as may be required to fill the remaining vacancies, if any.

Casual vacancies
11. An election shall be held in accordance with these resolutions to fill a casual vacancy.

Some Senior Administrative Appointments: procedures for consultation between the Senate and the Academic Board

RESOLUTIONS OF THE SENATE

PROCEDURES FOR CONSULTATION BETWEEN THE SENATE AND THE ACADEMIC BOARD IN RESPECT OF SOME SENIOR ADMINISTRATIVE APPOINTMENTS

When one of the senior administrative positions, viz. those of Vice-Chancellor, Deputy Vice-Chancellor and Pro-Vice-Chancellor, falls vacant, the Senate will appoint a Joint Committee consisting of:

(a) members ex officio (namely, the Chancellor, the Deputy Chancellor, the Vice-Chancellor and Principal, except in cases where the position of Vice-Chancellor is under consideration, and the Chair of the Academic Board),
(b) members appointed by the Senate; and
(c) members equal in number to those appointed under (b), to be appointed by the Senate on the nomination of the Academic Board.

In order to represent the width of interest on the Board, it would be desirable to have four members appointed under (c).

The Joint Committee will be a committee of the Senate which will report to that body, but the Board would wish the Joint Committee's recommendations on the conditions of appointment and the method of advertisement and, in the case of a position of Deputy Vice-Chancellor or Pro-Vice-Chancellor, the specifications for the position, to be referred to the Academic Board for comment.

The members of the Board to be nominated to the Senate for appointment to the Joint Committee will be nominated to the Board by the Standing Committee of the Academic Board.

Student appeals against academic decisions

RESOLUTIONS OF THE SENATE

STUDENT APPEALS AGAINST ACADEMIC DECISIONS

Any student may appeal to the Senate against an academic decision. Normally such an appeal will not be heard unless the student has exhausted all other avenues. For undergraduates and for postgraduate students undertaking coursework award programs, this means appeal to the department and/or faculty/board of studies concerned, and for postgraduate students undertaking research degrees, also to the Committee for Graduate Studies.

Appeals solely against questions of academic judgement that have, in the view of the Chair of the Academic Board, been thoroughly investigated by the faculty/board of studies in accordance with the procedures adopted by the Academic Board, will not be heard unless there are grounds for believing the academic process has not been observed.

Appeals against exclusion from re-enrolment in undergraduate award programs and against termination of candidature for postgraduate awards are heard by the Student Appeals Committee (Exclusions and Readmissions), and appeals against disciplinary action are heard by the Student Disciplinary Appeals Committee.

Note

It has been expedient throughout this document to refer to faculties and deans of faculties; it should be understood that the procedures are to be read as applying, mutatis mutandis, to colleges and the graduate school and the college principals and directors.

Hearing of appeals

The Senate has resolved as follows with respect to the hearing of appeals against academic decisions:

1. Appeals against academic decisions may be referred by the Senate to the Student Academic Appeals Committee, a standing committee of the Senate.

2. The membership of the Student Academic Appeals Committee shall be:
   (i) the Chancellor, the Deputy Chancellor, and the Vice-Chancellor and Principal (ex officio);
   (ii) the Chair of the Academic Board;
   (iii) a deputy chair of the Academic Board, nominated by the Chair;
   (iv) two student Fellows of the Senate; and
   (v) two Fellows of the Senate who are not members of the academic staff.

3. The Student Academic Appeals Committee acts on behalf of the Senate in hearing an appeal and in determining its outcome.

4. On receipt of an appeal the Chancellor or the Chancellor's nominee shall appoint one person from each category of membership listed in section 2 above.

5. Four members of the sub-committee shall form a quorum.

6. A unanimous decision of the sub-committee shall be final and reported to the Senate for noting.

7. An appellant will be advised as soon as practicable of the decision and the reasons for it.

8. In the event that the sub-committee is unable to reach a unanimous decision, majority and/or minority reports together with supporting papers will be referred to the Senate for final decision. The Senate should give a written statement for its decision to the parties concerned.

9. The sub-committee shall observe the following procedures in hearing an appeal:
   (a) The dean of the faculty or chairperson of the board of studies concerned shall be provided with a copy of the student's letter of appeal and be asked to provide, within ten working days, written comment from whatever source is appropriate on this matter, including the recommendations of the staff member, professor and head of department concerned, so far as is practicable.
   (b) The appellant shall be given a copy of the response elicited from the dean or chairperson of the board of studies seven working days in advance of appearing before the sub-committee.
   (c) The sub-committee will interview both the respondent and the appellant together and may call on other witnesses if it determines they are relevant, provided that the appellant has the opportunity to respond to later adverse material, if presented. The respondent shall be the dean or chairperson of the board of studies, except in a case where the dean or chairperson does not support the particular decision, in which case the Senate shall nominate the respondent.
   (d) The appellant shall respond to requests for further information, normally within fifteen working days; otherwise the Vice-Chancellor may determine that the appeal has lapsed.
   (e) The appellant will have the right to be accompanied at the interview(s) by a friend.

RESOLUTIONS OF THE ACADEMIC BOARD

PRINCIPLES FOR STUDENT APPEALS AGAINST ACADEMIC DECISIONS

Preliminary

1. Any student may complain about an academic decision that affects him or her. This document describes the principles and procedures to be followed by students, academic units and decision-makers when a student complains about an academic decision:

   (1) First, at a local level, to enable a student's concerns to be addressed in an informal way; and
   (2) Secondly, by means of a formal, central procedure.

2. These procedures apply to all academic decisions made in relation to undergraduate and postgraduate course awards. A separate set of procedures applies with respect to postgraduate research awards.

3. In these procedures, an 'academic decision' means a decision of a member of the academic staff that affects the academic assessment or progress of a student.

4. Each stage below represents an opportunity to resolve the complaint. Members of academic staff are expected to attempt to resolve all students' complaints at a local, informal level, wherever possible.
Principles that underpin these procedures

5. The following principles apply with respect to any dispute about an academic decision, whether dealt with formally or informally:

(1) **Timeliness.** All disputes should, wherever possible, be resolved as quickly as possible. A procedure that creates a number of opportunities to resolve a problem should not be treated as a series of hurdles which prolong the dispute. Unresolved disputes have a detrimental effect on the performance of both students and staff involved.

Deadlines prescribed in these procedures should always be followed, unless there are exceptional circumstances. If the deadline is to be exceeded by staff, the student must always be informed of the length of, and the reason for, the delay.

Time limits allowed to students are generally longer than those allowed to staff. As a general rule, it may be more appropriate to relax time limits for students within reason.

Students may find pursuing a complaint or an appeal a difficult and stressful undertaking. They may need further time to marshal the confidence, support and evidence they need to pursue a complaint. Students should also be able to express their complaint in their own terms.

(2) **Confidentiality.** All student appeals must be treated confidentially at all stages of the process. Any information about a complaint must be strictly limited to those staff who need to know about it in order to deal with the complaint. For example, where a complaint is dealt with at departmental or faculty level, any sensitive personal information about the student should only be available to the head of the department, dean (or college principal) or the staff member assigned to the appeal. If information needs to be distributed at a broader level, then the student's written consent must first be obtained.

(3) **Without disadvantage.** The fact that a student has made a complaint under these procedures should not disadvantage the student in any way, especially by way of victimisation. That said, the fact that a student has had to complain often does, of itself, cause disadvantage, for example, delay in finalising the mark for a unit of study. However, students should be able to complain under these procedures and feel confident that they will not be disadvantaged in any other way.

(4) **Procedural fairness.** All staff involved in a complaint or an appeal have a duty to observe the principles of procedural fairness (sometimes called natural justice), which include the following.

(a) Staff and students involved in a complaint are entitled to raise all issues which are important to them, and to put their points of view in their own terms. In most cases, any formal complaint will be dealt with by means of written submissions. In some cases, however, it may be appropriate to deal with the matter by interviewing the relevant parties. This will be determined by the relevant decision-maker.

(b) Staff and students are entitled to have matters dealt with in an unbiased manner, and lack of bias should always be apparent. It is impossible to list all types of potential bias. One example is where a staff member involved in conciliating a complaint has a close personal relationship with the student. The question for any decision-maker is whether he or she has a pre-conceived view that is so strong, and so related to the matter being decided by the staff member, that it is reasonable to suspect that he or she is unable to listen to the complaint in a fair manner, and to deal with that complaint on its merits alone. Any person concerned about bias is expected to raise it with the appropriate person promptly.

(c) Parties are entitled to know the basis on which decisions about them have been made, and accordingly reasons should be given for a decision, in sufficient detail that it is reasonable to expect a student to be able to understand the decision.

(5) **Support.** Any person involved in this process who is disadvantaged in any way in their ability to present their case should be allowed the support and advice they need to participate effectively. While a conciliatory approach is preferred and encouraged under these rules, it may be appropriate, in some circumstances that the student or staff member has another person speak on his or her behalf.

(6) **Record-keeping.** In order to facilitate resolution of student complaints, it is important that staff establish and maintain proper records (through the Central Records filing system) once a complaint becomes formal. Staff are also advised to keep brief notes of any informal discussions with students. Copies of documentation given to students in relation to a unit of study should be kept, as well as a record of the date on which that information was supplied to students and the means by which it was disseminated. This may be important to the speedy resolution of a complaint.

(7) **Access.** Students should normally have a right of free access to all documents concerning their appeal. This right does not apply to any documents for which the University claims legal professional privilege.

PROCEDURES FOR STUDENT APPEALS AGAINST ACADEMIC DECISIONS FOR UNDERGRADUATE AND POSTGRADUATE COURSEWORK AWARDS

6. Informal resolution with teacher

(1) If a student is concerned about any academic decision, he or she should first discuss the issue informally with the relevant teacher or unit of study co-ordinator. This should be done within three months of the particular academic decision being made.

(2) The teacher or unit of study co-ordinator should then deal with the issue promptly, giving a full explanation to the student of the reasons for the academic decision. Many complaints should be resolved at this stage.

(a) If the student's concerns are not resolved by this means, then the teacher should:

(i) Explain the next step and the procedure, which is set out in paragraph 7 below; and

(ii) Give to the student a copy of these principles and procedures.

(3) If the teacher or unit of study co-ordinator is the head of the department or school, then the student should approach the dean or college principal or director (see 8 below).

7. Approach head of department or school

**Informal complaints**

(1) If the student's concerns cannot be resolved under paragraph 6, or because of a failure to follow procedures, the student may then approach the head of department or school. The student may, at this point, choose to approach the head of department on an informal basis, or else put his or her complaint in writing. The student should do either of these things within 15 working days of the outcome of discussions under paragraph 6.

(2) If a student chooses to approach the head of department informally under paragraph 7(i), this does not later preclude the student from proceeding formally under this paragraph 7 by putting his or her complaint in writing to the head of department.

(3) The head of department should deal with informal complaints promptly, giving a full explanation to the
student of the reasons for the academic decision. Many complaints should be resolved at this stage.

Formal complaints
(4) The head of department must acknowledge receipt of a formal complaint in writing within 3 working days of receipt.
(5) The head of department must try to resolve the complaint within 10 working days of receiving the complaint, and then advise the student in writing of his or her decision:
(a) setting out the reasons;
(b) advising that if the student does not agree with the decision, then the student has a right of appeal under these procedures; and
(c) giving to the student a copy of these principles and procedures, if the student does not already have a copy.

8. Approach the dean or college principal or director or their nominee

Informal complaints
(1) If the student's concerns cannot be resolved under paragraph 7, or because of a failure to follow procedures, the student may then approach the dean or college principal or director. The student may, at this point, choose to approach the dean or college principal or director on an informal basis, or else put his or her complaint in writing. The student should do either of these things within 15 working days of the outcome of discussions under paragraph 7. In some cases the dean, college principal or director may nominate another faculty officer, for example a pro-dean or associate dean to deal with the matter.
(2) If the dean or college principal or director is the decision-maker under paragraphs 6 or 7, then the pro-vice-chancellor of the relevant academic college shall act as decision-maker under this paragraph 8.
(3) If a student chooses to approach the dean or college principal informally under paragraph 8(1), this does not preclude the student from proceeding formally under this paragraph 8 by putting his or her complaint in writing to the dean or college principal or director.
(4) The dean or college principal or director should then deal with informal complaints promptly, giving a full explanation to the student of the reasons for the academic decision. Many complaints should be resolved at this stage.

Formal complaints
(5) The dean or college principal or director must acknowledge receipt of a formal complaint in writing within 3 working days of receipt.
(6) The dean or college principal or director must try to resolve the complaint within 10 working days of receiving the complaint, and then advise the student in writing of his or her decision:
(i) setting out the reasons;
(ii) advising that if the student does not agree with the decision, then the student has a right of appeal under these procedures; and
(iii) giving to the student a copy of these principles and procedures, if the student does not already have a copy.

9. Written appeal to the Senate
(1) If the student is not satisfied that his or her concerns have been addressed satisfactorily under paragraph 8, then the student may make a written appeal to Senate.
(2) Note that an appeal to Senate is covered by the Senate resolution 'Student Appeals against Academic Decisions' above in this University of Sydney Calendar.

This resolution provides that an appeal to Senate will not normally be heard unless the student has exhausted all other avenues. In other words before the student makes an appeal to Senate he or she should have followed the procedures set out in this document by attempting to find a resolution with his or her teacher, head of department and dean or college principal or director.
(3) Note that the Senate resolution provides for a hearing before the Senate Appeals Committee, but a complaint does not go straight to that Committee. It is first referred to the Chair of the Academic Board who attempts to resolve the matter. The procedures are outlined below. In some cases the Chair of the Academic Board may nominate the Alternative Chair or a deputy chair of the Academic Board to deal with the matter.
(4) A written appeal to Senate should outline the matter clearly, concisely and fully, and include any relevant documentation or evidence. The written appeal should be submitted to the Registrar, Main Quadrangle, A14.
(5) The Registrar will refer the appeal to the Student Centre. The Student Centre will check that the student has exhausted all avenues. If the student has not exhausted all other avenues the Student Centre will advise the student what steps can be taken. If the student has exhausted all other avenues, the Student Centre will collect together the complaint, the student's file and documentation from the faculty and forward it to the Chair of the Academic Board normally within five working days.
(6) The Chair of the Academic Board will seek to resolve the matter as informally and quickly as possible in accordance with the principles set out in this document. Normally within ten working days of receiving the file from the Student Centre, the Chair of the Academic Board will communicate his or her decision on the complaint to the student.
(7) Note that the Senate resolution provides that where the appeal is solely against a question of academic judgement, the Chair of the Academic Board will not refer the appeal to the Student Appeals Committee if: (a) the complaint has been thoroughly investigated by the faculty; and (b) these procedures, especially the principles of procedural fairness, have been followed.
(8) If the matter has not been resolved by the Chair of the Academic Board, the Chair will refer it to the Senate Appeals Committee.
(9) The procedure which the Senate Appeals Committee will follow is set out in the resolution of Senate, Student Appeals Against Academic Decisions, referred to in paragraph 9(2) above.

PROCEDURES FOR STUDENT APPEALS AGAINST ACADEMIC DECISIONS FOR POSTGRADUATE RESEARCH AWARDS

Informal resolution
1. Students are expected to seek to resolve any problems or difficulties through, in order, the supervisor, departmental postgraduate coordinator, the head of department or school, chair of the faculty board of postgraduate studies or equivalent.

Approach the dean or college director or principal or chair of the board of studies
2. (1) A student who has not resolved a problem in respect of an academic decision made by the faculty, college or board of studies (hereafter referred to as "the faculty") in respect of the award of a degree or other matter which affects the student's candidature may approach the relevant dean or college principal or director or chairperson of the board of studies.
(2) The student may, at this point, choose to approach the dean or college principal or director or chairperson
of the board of studies (hereafter referred to as "the dean") on an informal basis, or else put his or her complaint in writing. A student intending to approach the dean informally or formally must:

(a) give notice of this intent to the dean within one calendar month of the date of notification of the decision; and

(b) lodge the formal appeal with the dean within two calendar months from the date of the notification of the decision.

Informal complaints

(3) In some cases the dean may nominate another faculty officer, for example a pro-dean or associate dean, to deal with the matter, except that the dean may not nominate any faculty officer to deal with the matter under this paragraph 2 who was the decision-maker in respect of the matter concerned.

(4) If the dean was the decision-maker in respect of the matter concerned, then the pro-vice-chancellor of the relevant academic college shall act as decision-maker under this paragraph 2.

(5) If a student chooses to approach the dean informally under paragraph 2(2), this does not later preclude the student from proceeding formally under paragraph 2(2) by putting his or her complaint in writing to the dean.

(6) The dean should then deal with informal complaints promptly, giving a full explanation to the student of the reasons for the academic decision. Many complaints should be resolved at this stage.

Formal complaints

(7) The dean must acknowledge receipt of a formal complaint in writing within three working days of receipt.

(8) The dean must try to resolve the complaint within ten working days of receiving the complaint, and then advise the student in writing of his or her decision:

(i) setting out the reasons;

(ii) advising that, if the student does not agree with the decision, then the student has a right of appeal under these procedures; and

(iii) giving to the student a copy of these principles and procedures, if the student does not already have a copy.

Approach the Chair of the Graduate Studies Committee

3. (1) A student who has not resolved a problem relating to an academic decision made by the faculty in respect of the award of a degree or which affects the student's candidature under paragraph 2, may approach the Chair of the Graduate Studies Committee.

2) The student may, at this point, choose to approach the Chair of the Graduate Studies Committee on an informal basis, or else put his or her complaint in writing. A student intending to approach the Chair of the Graduate Studies Committee informally or formally must:

(a) give notice of this intent to the Chair within one calendar month of the date of notification of the decision by the dean under paragraph 2; and

(b) lodge the formal appeal with the Chair within two calendar months from the date of the notification of the decision under paragraph 2.

Consideration of appeal by the Chair of the Graduate Studies Committee

4. (1) The Chair must acknowledge receipt of a formal complaint in writing within three working days of receipt.

(2) The Chair must seek a report from the dean of the faculty and may consult with other persons as appropriate.

(3) If, after considering that report, the Chair concludes:

(a) that the appeal is based solely on a question of academic judgement;

(b) that the proper academic procedures (including any procedures specifically established by the faculty or department) have been followed; and

(c) that the appeal raises no issue of general principle requiring consideration by the Graduate Studies Committee, the Chair should disallow the appeal.

(b) refer the matter to the Graduate Studies Committee. Having received a report after referring the matter to the dean the Chair may refer the matter to the Graduate Studies Committee.

(5) The Chair shall inform the student in writing of his or her decision. If the decision is to disallow the appeal, the student will be informed of any further avenues of appeal. If the decision is to allow the appeal to proceed, the student will be informed that the appeal has been referred to the Appeal Committee of the Graduate Studies Committee.

Appeal Committee of the Graduate Studies Committee

5. There is to be an Appeal Committee of the Graduate Studies Committee consisting of:

(a) three academic staff members of the Committee (not involved in the candidature),

(b) one postgraduate student member of the Committee selected by the Chair, and

(c) the Chair of the Chair's nominee (who is to preside).

Any four members constitute a quorum.

6. If the appeal raises an issue of general principle, the Appeal Committee may consider that issue and may direct the Chair of Graduate Studies Committee or the dean of the faculty concerned to deal with the appeal in accordance with its decision on that issue.

7. The Appeal Committee may:

(a) refer the matter back to a faculty with a recommendation for action,

(b) dismiss the appeal, or

Traffic: control of traffic within the University

RESOLUTIONS OF THE SENATE

CONTROL OF TRAFFIC WITHIN THE UNIVERSITY

Preamble

University grounds are private property. It is a privilege to bring a vehicle into the grounds. These resolutions control that privilege.

For the purpose of these resolutions, 'Camperdown Campus' means that area of the University grounds situated between Parramatta Road and City Road, and includes the Telfer Building carpark. ‘Darlington Campus' means that area situated on the southern campus, generally bounded by City Road and Abercrombie Street, including the Carillon Avenue and Shepherd Street Carparks. 'Western Avenue' means the underground carpark situated between St. Andrew’s Oval and the Bosch Building. ‘Mallett Street Carpark' means those parking areas forming part of the Mallett Street Campus.

Entry – general conditions

Notwithstanding any other provisions contained in these resolutions, Security Patrol or Traffic Office staff are authorised to refuse entry to any vehicle.

Vehicles may not enter the University grounds other than as provided for in these resolutions.

3. (1) Vehicles displaying a valid permit issued in accordance with resolution 9 may be admitted to the grounds, in accordance with these resolutions, by Security Patrol or Traffic Office staff.

Expired permits must be removed. A permit is not valid unless these conditions are observed.

15. No permit is transferable.

16. (1) A person who is eligible to hold a permit and who wishes to use more than one vehicle may purchase, for an additional fee determined by the Director, Facilities Planning and Management, a portable permit to enable such approved vehicles to enter and be parked in the University grounds, provided that only one such vehicle shall enter and be parked in the grounds at any one time.

(2) The portable permit shall be shown on entry to the University grounds and shall be displayed prominently on the inside of the lower corner of the driver’s side of the windscreen of the vehicle at all times while the vehicle is in the University grounds and shall not be valid unless so displayed.

(3) With each portable permit, a distinguishing mark, approved by the Traffic Manager, shall be issued for each of the approved vehicles and shall be affixed, in accordance with the instructions accompanying the distinguishing mark, on the inside of the lower corner of the driver’s side of the windscreen of the vehicle or at the top or bottom of the middle of the windscreen of the vehicle for which it is issued. **Expired permits must be removed.** A permit is not valid unless these conditions are observed.

17. All permits remain the property of the University and must be surrendered on demand made by the Traffic Manager.

18. A replacement permit shall be issued only on the production of the original permit or clear evidence that the original has been removed and destroyed. A fee, determined by the Director, Facilities Planning and Management, shall be charged for replacement permits.

19. The University accepts no liability for any damage or destruction to or loss of property or for any injury or death to a person as a consequence of a vehicle being permitted to enter the University grounds. A person who brings a vehicle into the University grounds must indemnify the University against any liability or damage or loss the University suffers because that person causes damage or destruction to or loss of property, or injury or death to a person, as a direct or indirect consequence of his or her bringing a vehicle onto the University grounds.

20. (1) A recommendation by the Director of the University Health Service (or a person nominated by the Director to act on his or her behalf) shall be obtained in determining the eligibility of an applicant seeking a permit under Resolution 9 that is detailed in the ‘table of permits’ (vii).

As each quarter of the calendar year expires, permits may be purchased at a reduced rate related to the annual fee.

23. (1) A member of staff who is eligible for a permit may alternatively be provided on request with a book of ten gate entry tickets one of which must be surrendered to the gatekeeper in exchange for a ‘no charge’ ticket, on each occasion that he or she brings the approved vehicle onto the University grounds.

(2) Each ticket book will be inscribed with the registration number(s) of the approved vehicle(s), and may only be used for those vehicles, in accordance with the
provisions relating to portable permits in resolution 16.

(3) Books of tickets shall be valid for entry to either the Camperdown Campus or the Darlington Campus as specified in resolution 8, and shall have coloured covers corresponding with the respective permit colours for those areas.

(4) The book of tickets must be displayed on the dashboard of the parked vehicle, with the front cover showing the registration number of the vehicle being clearly visible. The 'no charge' ticket issued by the gatekeeper must be similarly displayed.

(5) Alteration of registration numbers on covers shall only be carried out by the Traffic Manager.

University Governance

RESOLUTIONS OF THE SENATE

UNIVERSITY GOVERNANCE

Introduction
Following an extensive process of consultation by Cordiner King and a constructive meeting between the senior executive group and Senate, on the 6th October 2001, the Senate of the University of Sydney met in colloquium. The Senate considered a lengthy report on governance from Cordiner King and discussed a number of suggestions that were made in that document. The Senate reached a clear resolution on those matters for final ratification at a subsequent November 2001 Senate meeting.

The discussions centred on the working arrangements and governance role of the Senate. It was recognised that executive matters properly rested with the Vice-Chancellor and his team seeking the counsel of Senate, as appropriate, and ultimately accountable to the Senate as the governing body of the University under its Act. It was recognised that academic matters fell within the purview of the Academic Board, advising the Vice-Chancellor and Senate under the Rules.

In the broadest sense, the Senate felt that there are two main groupings of their resolutions, those that relate to outcomes and those that refer to means of achieving outcomes.

The first group reinforces the fundamental that governance is vested solely in the Senate through the collective action of the Fellows, presided over by the Chancellor and supported and advised by the Vice-Chancellor, directing the development of policy, assessing strategy, monitoring performance and reporting to the community. Those resolutions define the following:

1. Role of the Senate
2. Role of the Chancellor
3. Role of the Vice-Chancellor
4. Evaluation of Senate Performance

The second group gives effect to Senate’s determination to be fully supported in this governance role, through the establishment of working committees, the development of governance skills in Fellows, the review of Senate performance and the provision of adequate resources:

5. Executing the Senate’s Task
6. Establishing Committees and Task Forces
7. Induction and Development of Fellows
8. Support for the Office of Chancellor and the Senate

To give effect to the outcome of the colloquium, Senate ratified resolutions earlier reached in or to the effect of the following matters pertaining to governance.

1. Role of the Senate
   The Senate is the governing body of the University. It is accountable for the delivery of teaching, learning and research outcomes which extend the knowledge base of the wider community taking into account the resources available to the University. The executive is accountable to it. The statutory powers and responsibilities of the Senate are defined under Section 16 of the Act (and elsewhere in the Act, By-laws and Rules). In this regard, the Senate should, without fettering such powers and discretions as derive from the office, undertake the following:
   1.1 Accept the fiduciary responsibilities and accountability of Fellows as derive from the office while respecting academic freedom, ethical standing and legal requirements.
   1.2 Ensure that academic standards are maintained, working through the Academic Board and the Vice-Chancellor.
   1.3 Set and continually review the relevance of important policy and strategy, ensuring that it is properly informed about matters pertaining to its governance functions.
   1.4 Appoint the Vice-Chancellor, agree on limitations to executive authority and regularly evaluate performance.
   1.5 Set strategic direction within overall University policy on the advice of the Vice-Chancellor.
   1.6 Reconcile direction within overall University policy against the strategic direction agreed with the Vice-Chancellor.
   1.7 Monitor the progress of plans and audit compliance with overall policy.
   1.8 Deepen and widen the links and communication between the University and the wider community.
   1.9 Report formally to the wider community on strategic direction and outcomes.
   1.10 Develop the collective knowledge of the Senate through a process of comprehensive induction of Fellows and ongoing learning.
   1.11 Seek out expert advice from knowledgeable authorities on major issues to complement the skill base and experience of the Fellows and from within the University.
   1.12 Formally review the collective performance of the Senate in discharging its responsibilities. (See 4)
   1.13 Elect the Chancellor in accordance with the Act. Insofar as certain of these functions may from time to time be properly carried out in Committee, this is only to be done under that authority and without detracting from the Senate’s ultimate accountability. (See 6) Interaction between the Senate and senior executives should be based on mutual respect and the maintenance of high standards.

2. Role of the Chancellor
   The Chancellor is elected by the Senate to facilitate its work and collegiality by effective and ethical means, providing a focal point to ensure the high standing of the University in the wider community. The statutory powers and responsibilities of the Chancellor are defined under Section 10 of the Act (and elsewhere in the Act, By-laws and Rules). The Chancellor should, without fettering such powers and discretions as derive from the office, undertake the following:
   2.1 Preside over Senate meetings, oversee the development of Senate agendas and exercise the functions conferred by the By-laws working collaboratively with the Senate, the Vice-Chancellor and the University community promoting the aims, ethos, independence, morale and spirit of the University and encouraging high standards.
   2.2 With the Vice-Chancellor, ensure the Senate, the senior executives and the relevant Committees work fairly, with integrity, respecting confidentiality within transparent process and in an atmosphere of mutual trust and respect in an informed fashion; in particular
The Vice-Chancellor is the Chief Executive Officer of the University. In particular:

2.5 In consultation with the Vice-Chancellor, provide a high level bridge to members of the wider community, promoting the aims of the University and responding to interest and concerns of society. (See 3.8)

In particular:

1. Regarding graduation ceremonies:
   (a) a small Task Force will review the post-2002 format and procedures, to report to the Senate meeting in December 2001 (and Fellows may contact the Chancellor by e-mail about joining this Task Force),
   (b) in 2002 the Chancellor will preside at about three-quarters of the graduations, including Hong Kong and Singapore, and the rest will be shared between the Deputy Chancellor and the Chair of the Academic Board, by mutual arrangement.

2. Regarding reporting of the Chancellor’s role:
   (a) the personal assistant to the Chancellor will keep a record of public appearances by the Chancellor and Senators in a representative role for tabling at Senate meetings.

3. Regarding communications about University matters:
   (a) the overriding principle is that the Senate should be properly informed on all important matters or matters pertaining to the exercise of the Senate’s functions,
   (b) the Vice-Chancellor is free to communicate directly to Senate Fellows keeping the Chancellor informed. (See 8)
   (c) sensitivity in particular cases may justify communication first to the Chancellor, then at an appropriate time for the Senate to be informed, by the Chancellor or as agreed by the Vice-Chancellor, although this and other communications may be with safeguards to maintain confidentiality, where this is warranted.

3. Role of the Vice-Chancellor

The Vice-Chancellor is the Chief Executive Officer of the University and while a Fellow, is in essence the only officer of the University employed as such while a member of the University and while a Fellow, is in essence the only officer serving the Senate (the Secretariat); (See 8).

The statutory responsibilities of the Vice-Chancellor are defined under Section 12 of the Act (and elsewhere in the Act, By-laws and Rules). The Vice-Chancellor should, without fettering such powers and discretions as derive from the office, undertake the following:

3.1 Promote the interests of and further the development of the University through prudent, effective and ethical means as chief executive and Fellow of the Senate and as the senior representative of its academic body, participating in ceremonial occasions.

3.2 Manage all the business of the University except where the Senate has explicitly determined limitations, such as:
   - matters of self interest or reward;
   - the appointment and termination of particular officers serving the Senate (the Secretariat); (See 8)
   - the composition of the Academic Board; and
   - the work of the internal auditor and audit committee.

3.3 Delegate to senior officers and academics the conduct of that business as appropriate and ensure that such delegations are effectively monitored.

3.4 Ensure that the Senate is thoroughly informed of administrative or academic implications and fiduciary risks or legal constraints which affect policy recommendations and strategic direction.

3.5 Establish supporting systems to monitor the performance of the University against agreed strategic direction and operating plans.

3.6 With the Chancellor, ensure the Senate, the senior executives and the relevant Committees work fairly, with integrity respecting confidentiality within transparent process and in an atmosphere of mutual trust and respect in an informed fashion; in particular ensuring that the Senate functions as it should, as a cohesive, accessible, effective, enquiring and informed body with a paramount fiduciary duty of loyalty to the University to act in the best interests of the University owed by its members both individually and collectively. (See 2.2)

3.7 Provide Senate with the particular background knowledge to support Fellows in the discharge of their governance responsibilities. (See 7)

3.8 Act as the key representative of the University with the wider community; sharing that responsibility with nominated officers and Fellows as appropriate and, in particular, with the Chancellor. (See 2.5)

4. Evaluation of Senate Performance

The prime concern of Senate and, indeed, all executive and academic leaders, must be on outcomes which improve the University. There is an increasing emphasis on a range of performance measures, which apply to the Vice-Chancellor and senior executive officers. However, the Senate itself should undertake a process of self-evaluation and form a collective view of its own performance. Early in each year, and perhaps at an annual retreat, there should be a facilitated assessment of the Senate’s performance. The Senate should consider disclosing the result to the University. Annually, there should also be an assessment of past performance of the University against its earlier goals, and a determination of goals for the ensuing year. The goals will be derived from the present Strategic Plan, as refined from time to time, and others identified by the Vice-Chancellor and his executive team.

Although this annual assessment will need to be coordinated with the budget process, the goals in question are likely to be not only budgetary, but of a qualitative nature related to the Strategic Plan.

5. Executing the Senate’s Task

The policy making role of Senate is not an isolated task, but requires informed views and the input of those who will, in due course, implement policy. So, meetings of Senate require a structured approach. Senate should:

5.1 Ensure that Fellows have ready access to all relevant information about the University through, inter alia:
   - well developed induction processes for new Fellows (See 7);
   - direct access by Fellows via the Vice-Chancellor to any officer to develop a background understanding;
   - direct requests for information to the most senior officers, being the senior executive team;
   - channelled requests for more detailed information via the Secretariat; (See 5.3) and
   - focussed background issue papers for meetings and colloquia.

5.2 Recognise that, subject to 1.3 above, the provision of information for Fellows should not unduly burden the officers concerned. It should be relevant to key issues of interest to the Senate as a whole and focussed in terms of scope and detail. The Chancellor and Vice-Chancellor may be asked to intercede in cases where requests are too onerous. (See 2.2)
5.3 Provide and separately account for the Secretariat (which would include the Secretary to the Chancellor) responsible for the concise assembly of material, in conjunction with the Registrar, to enable Senate to consider relevant issues in a fully informed manner and with appropriate input. The Secretariat will prepare and issue draft agendas and minutes for Senate and Committees of Senate and support the Fellows in other official aspects of their roles. (See 8)

5.4 Establish agendas for meetings of Senate through the Chancellor and Vice-Chancellor that reflect, in order:
- priorities for important issues of policy and strategy;
- urgent decisions for ratification;
- matters of a legal or compliance nature;
- progress reports on operating performance and strategic goals;
- minutes of Committee or Taskforce work;
- review of matters deferred from other meetings;
- and other important initiatives of a policy nature.

5.5 Establish, subject to the necessary rule changes, a reduced number of six routine Senate meetings per year in the Senate room. Routine Senate meetings will consist of whatever is not allocated to Senate colloquia within the ambit of Senate business. (See 5.6)

In addition, routine Senate meetings should have an identified opportunity, where practicable for the consideration of confidential matters, after which time the public may enter to listen to proceedings in public session.

5.6 Establish up to five Senate colloquia per year, at which matters of broad policy or subjects otherwise appropriate for colloquia will be dealt with and resolutions reached. The colloquia should be held from time to time at other University sites, particularly where a colloquium relates to activities at a certain site.

Such colloquia should be identified as constituting formal Senate meetings. However, these formal meetings would not ordinarily deal with any other matter than the pre-set subject of the colloquium, save exceptional or urgent cases which can be dealt with in short compass. To deal with matters otherwise, a special separate Senate meeting should be convened.

5.7 Through the Secretariat (See 8), prepare minutes of all Senate meetings, colloquia and Senate committees, which
- provide concise background on the issue;
- reflect decisions reached and action agreed; and
- incorporate key points of dissent from recommendations or where policy might need to be revised.

Such minutes should be issued to Fellows as quickly as practicable after Senate meetings. On confidentiality, the general approach should be for all minutes – save those on matters dealt with in confidential session and justifying continuing confidential treatment – to be made publicly available.

5.8 Review via a Task Force to be established (also for the purpose of 6.4), the legislative and regulatory implications of limiting consecutive terms of membership of Senate, to ensure that Senate retains sufficient history and yet refreshes its objectivity and resources.

5.9 Establish a formal procedure of personal commitment to the values and collective unity of the Senate by new Fellows (and at this time initially by all Fellows); and, ways of enhancing collegiality. (See 7.1)

5.10 Review with the Vice-Chancellor ways of co-opting both internal and external expertise to assist with specific tasks or strategic goals.

6. Establishing Committees and Task Forces

Initially, the Senate should establish a Convening Committee, comprising the Chancellor, the Deputy Chancellor, the Vice-Chancellor, the Chair of the Finance Committee and the Chair of the Academic Board. This Committee should be responsible for recommending to the Senate the charter, composition, chair and mode of communication of all Committees and Task Forces of the Senate. Like all other Committees, this Convening Committee would not be a decision-making body except where expressly delegated so by the Senate.

The Senate should restructure its Senate Committees so that they include the following Committees (and Task Force) with the following responsibilities and composition (whilst leaving in place those other Committees such as the Advisory Committee for the Selection of Candidates for Honorary Awards (Honorary Awards Committee) now in existence as have separate responsibilities not inconsistent with the restructure):

6.1 An Audit Committee, reporting directly to Senate, comprising only non-executive and non-staff Fellows but with the capacity to add outside persons of appropriate expertise, and charged with reviewing:
- compliance with policy;
- the effectiveness of policy; and
- the integrity of reporting.

6.2 A Finance Committee, to include oversight of investments, controlled or affiliated commercial entities and capital works, as well as oversight of financial, administration and policy implementation matters generally but so that the formation and continuous operation of commercial arrangements, joint ventures and corporate entities shall be reviewed and monitored in such a way that the Senate is kept fully informed by a set of protocols and accountabilities that are prudent and effective, consisting of quantitative and qualitative outcomes measured against pre-set objectives and benchmarks, such to be developed and reviewed by that Committee on a continuous basis.

6.3 A Remuneration Committee or Committees, as follows, to deal with sensitive personal aspects relating to:
- the remuneration and performance evaluation of the Vice-Chancellor — to be evaluated by a Committee comprising the Chancellor, the Deputy Chancellor, the Chair of the Finance Committee) and one person appointed from outside the University, and
- the performance criteria and assessment against the criteria for senior executives, on the recommendation of the Vice-Chancellor – to be evaluated by such Committee that does not include staff or student Fellows, with the understanding that once those Committees have established outcomes, they will report back to the Senate.

6.4 A Task Force referred to in 5.8 to take submissions on, and then consider, the preferred balance and composition of the Senate in future, and frame any recommendations with regard to Fellows to be appointed to the Senate.

6.5 Maintain the Honorary Awards Committee as recommends honorary degrees and Honorary Fellows – in line with the conclusions of the recent review presented to the Senate.

6.6 Consider whether to establish a Human Resources Task Force, with a sunset clause, to assist Senate, after a presentation, through the Vice-Chancellor, on the following:
- identifying and ordering in priority the numerous human resources policies embedded in the Rules and Resolutions of Senate;
- establishing where those policies do not meet best practice and which might be considered redundant;
- framing overriding policies which emphasize
Senate's commitment to the effective oversight of the University's human resources;

- issues concerning harassment or the Ombudsman;
- recruitment, career paths and age distribution actual and projected at different levels within the academic and administration staff; and
- identifying human resource policy matters and issues that should be reported to Senate on a regular basis.

While human resources play the major part within the University, and related issues cover matters as diverse as student needs and academic resources, it is felt that strong policy-making by the Senate would give the right emphasis to this critical function. However, establishing a Committee, rather than a Task Force, might be seen to unduly interfere in management.

6.7 Allow any Senate Fellow to attend any Committee meeting except the Remuneration Committees. In relation to the Finance Committee, it is expected that the Chair will invite Senate Fellows not serving on this Committee to attend it on a rotating basis.

7. Induction and Development of Fellows

Given the widely different nature of appointments and the very diverse backgrounds from which Senate Fellows are drawn, it is critical to the effective working of Senate that Fellows be properly prepared for their role. Senate should:

7.1 Design an induction programme which brings new Fellows up to speed with the work of Senate, including:

- governance discussion with the Chancellor and the Vice-Chancellor;
- express formal commitment to the work of the Senate; (See 5.9)
- comprehensive information package;
- briefing from two (or more) faculties of the University;
- mentoring provided by particular experienced Fellows;
- immediate assignment to a Committee or Taskforce; (See 6)
- training programme on governance (perhaps from the AGSM), and
- continuing education.

7.2 Ensure on-going maintenance of governance skills through a programme which includes:

- further faculty briefings and review of specific administration functions;
- mentorship role with new Fellows;
- transfers between Committees to broaden understanding; (See 6) and
- feedback from the Chancellor on his/her perception of each Fellow's contribution. (See 4)

7.3 Ensure that all Fellows are fully supported in their representative roles within the wider community, by:

- pre-briefing on particular issues by senior executives; and
- assistance with logistics and communications. (See 8)

8. Support for the Office of Chancellor and the Senate

Fellows give freely of their time and many have onerous commitments outside the University. Most do not have personal resources to facilitate their work as Fellows, yet for the effective working of Senate adequate support for all Fellows is essential. The Senate should:

8.1 Ensure the Secretariat has an appropriate line budget and is enabled to support the Senate and the Chancellor in their respective roles. The monitoring of that budget and the approval of expenditure should be the responsibility of the Audit Committee and the amounts should be fully disclosed in the University's annual financial statements.

8.2 Maintain an ongoing programme of Faculty briefings. (See 7)

In particular:

1. The resolutions covered in this Section are to be evaluated by the Finance Committee to establish the cost, the principle being full disclosure of:

   - a line item showing the costs of servicing the Senate; and
   - a sub-item of the costs of the Chancellor.

2. It was also agreed that the Chancellor should immediately appoint a suitable person to:

   - act as personal assistant to the Chancellor,
   - be available, through the Chancellor, to Senate,
   - appropriately assist the Chancellor in carrying out the Chancellor's tasks,
   - assist as appropriate in maintaining active communications with Fellows; and
   - facilitate the reasonable requirements of Senate Fellows in relation to their tasks.

3. Consideration will also be given to a system by which individual Fellows can be reimbursed for reasonable out of pocket expenses in the Senate duties.

RESOLUTIONS OF THE FACULTY

POSTGRADUATE CANDIDATURES

1. Supervision of postgraduate candidates

Where a question of the continuity of supervision arises in relation to the appointment of a probationary or fixed-term lecturer or a member of staff nearing retirement, an associate supervisor should also be appointed. The Faculty recognises the need to plan for supervision of a candidate after retirement of a supervisor, and stresses that such a need should be clearly enunciated at the commencement of such candidatures.

2. Length of PhD theses

For students admitted to candidature for the degree of Doctor of Philosophy after 24 September 1987, the Faculty of Education has resolved that there should be a nominal upper limit of 100,000 words of text for PhD theses which may be exceeded only with the permission of the Faculty's Postgraduate Degrees Committee. Such permission could be granted following consideration of an application from the candidate establishing academic justification for the proposed length together with a supporting statement from the candidate's supervisor.

3. Length of MPhilEd theses

For students admitted to candidature for the degree of Master of Philosophy in Education after 24 September 1987, the Faculty of Education has resolved that there should be a nominal upper limit of 80,000 words of text for Master of Philosophy in Education theses which may be exceeded only with the permission of the Faculty's Postgraduate Degrees Committee. Such permission could be granted following consideration of an application establishing academic justification for the proposed length together with a supporting statement from the candidate's supervisor.

4. Role of a supervisor with regard to the presentation of postgraduate theses

Supervisors should undertake to locate gross errors of spelling and syntax in theses which should then be rectified before being forwarded to the Registrar for examination.

5. Binding of MPhilEd theses

The principles pertaining to the binding of theses submitted for the degree of Doctor of Philosophy have been adopted in relation to theses submitted for the degree of Master of Philosophy in Education. The resolutions of the Academic Board relating to the binding of theses include the following resolutions pertaining to temporary binding of theses for examination:

(a) that the four copies of theses submitted for examination for the degree of Doctor of Philosophy may be bound in either a temporary or a permanent form;

(b) theses submitted in a temporary binding should be strong enough to withstand ordinary handling and postage; (iii) the preferred form of temporary binding is the perfect binding system; ring-back or spiral binding is not acceptable;

(iv) theses submitted in temporary form shall have fixed to the cover a label clearly identifying the name of the candidate, the title of the thesis, and the year of submission;

(v) the degree shall not be awarded until the candidate has caused at least two copies of the thesis (containing any corrections or amendments that may be required) to be bound in a permanent form. Only three copies of theses are required to be submitted for examination for the degree of Master of Philosophy in Education.

6. Problems with emendations: Master of Philosophy in Education

The Faculty of Education has resolved that in the case where a candidate is awarded the degree subject to emendations being made to the satisfaction of the head of the school:

(a) when the head of the school, having made appropriate consultations, feels that the emendations submitted are not satisfactory, the head of the school should refer the matter to the Faculty's Postgraduate Degrees Committee;

(b) under normal circumstances all emendations should be submitted and ratified within three months of the decision to award. If a case is not resolved within that time, the head of the school should be required to report the circumstances to the Faculty's Postgraduate Degrees Committee which may determine the matter.

7. Outstanding results

Except with the permission of the relevant associate dean, no candidate may carry an incomplete result for more than six weeks from the end of each semester. The associate dean may grant a candidate an extension of time to complete the seminar unit of study in extraordinary circumstances only. At the end of the six-week period following the formal end of each semester, all incomplete results will be recorded as 'fail' unless otherwise determined by the associate dean. Except with the permission of the relevant associate dean, no candidate will be permitted to re-enrol if he or she has any results recorded as incomplete. In adopting this policy, the Faculty also adopted the following conditions:

(1) The associate dean will ensure that the incomplete result is due to the student's failure to submit work and not to the examiner's failure to submit results; and

(2) There is coordination of results supplied from examiners' meetings within the Department of Linguistics and those supplied by the Schools of the Faculty of Education, and consultation with the Department of Linguistics and other relevant departments and schools before the result of 'fail' is recorded.

8. School endorsement for new or revised programs and individual seminar unit of study proposals

(1) Individual seminar unit of study proposals must not be submitted to the Postgraduate Degrees Committee for consideration and recommendation without prior written approval for each unit of study from the appropriate head of school; and

(2) the Faculty approval for new or revised designated areas of study, program or individual unit of study proposals is contingent upon the availability of resources (including staffing resources) within schools (which is to be determined by the appropriate head of school).

9. Length of Master of Philosophy in Education theses

For students admitted to candidature for the degree of Master of Philosophy in Education after the commencement
of first semester 1993, the Faculty of Education has resolved that there should be a nominal upper limit of 40,000 words of text for Honours stream theses.

10. Binding of Master of Philosophy in Education theses
The principles pertaining to the binding of theses submitted for examination for award of the degree of Doctor of Philosophy have been adopted by the Faculty in relation to these submitted for examination for award of the degree of Master of Philosophy in Education.
