Message from the Dean

Welcome to the Sydney Conservatorium of Music

Audacious, Bold, Creative, Daring

The Sydney Conservatorium of Music is a place for artists and scholars – a magical and wonderful place. Since its inception in 1915, the Conservatorium has been reinventing the musical experience. As a forum for interpreting culture through music and the arts, our talented faculty members, students and visitors engage with the dynamic music and ideas of our time, as well as with the great masters and musical traditions of the past. The Conservatorium is a distinctive part of the arts and educational nucleus that celebrates all that is unique to New South Wales while contributing to music worldwide.

The Conservatorium’s superb facilities and the building’s location in the centre of downtown Sydney’s cultural precinct provides a place for musicians of all ages to engage in the creation, performance and study of music in all its forms. The foyer, an extraordinary showplace of the University, invites audiences to enter some of the finest performance spaces in Sydney: the beautifully restored Verbrugghen Hall, two recital halls and an opera teaching and performance space. A music technology suite, an excellent library, a world-class research centre and numerous teaching and practice rooms add to the Conservatorium’s unique position worldwide.

The strength and heart of the Conservatorium’s excellent programs lie with the faculty members and their significant contributions to research, to creative activity and to outstanding teaching. The spirit of great music lives in Sydney – in every room and on every stage at the Sydney Conservatorium of Music.

Among our faculty members are acclaimed musicians and scholars with international careers who regularly perform with Australia’s finest orchestras and ensembles. Our composers regularly win awards and their work is performed both in Australia and overseas. Our music education faculty and musicology faculty are internationally recognised for their expertise in areas such as children’s song, music practice in Bali, Australian Indigenous music and late 20th-century modernism and their courses offer a pathway to a variety of rewarding careers from music broadcasting and criticism to teaching and research.

An illustrious list of visiting artists and scholars regularly give lectures and master-classes, including some of the greatest names in the music world. Recent international guests include soprano Yvonne Kenny, pianist Dimitri Alexeiev, trombonist Hans Stroeker from the Vienna Philharmonic, conductor Vladimir Ashkenazy, pianist Lang Lang, cellist Stephen Isserlis and the Tokyo String Quartet.

We offer degree and diploma courses in a range of undergraduate areas of interest including musicology, composition, music education, and opera, instrumental and vocal performance. In 2007, the Conservatorium and the Faculty of Medicine have combined to offer the innovative Bachelor of Music Studies and Graduate Medicine program for the best and brightest of students. Our postgraduate courses range from electronic music production to conducting, from practical graduate certificate level to research doctorates in academic and performance specialisations.

Students perform the great classical repertoire as well as modern music, early music, jazz, choral, vocal and operatic works. The opera program is outstanding: students have the opportunity to observe rehearsals with Opera Australia and to perform in a fully staged opera as well as two concert operas a year. With an outstanding orchestral program, the Conservatorium has provision for postgraduate students to perform in professional ensembles, such as the Brandenburg Orchestra, the Australian Chamber Orchestra, the Australian Opera and Ballet Orchestra and the Sydney Symphony.

All courses focus on developing students’ talents on their exciting journey to become leaders in their fields: the Conservatorium’s alumni enjoy exceptional careers worldwide as performers and scholars in the finest musical company. Alumni include conductors Charles Mackerras, Richard Bonynge and Simone Young, violinists Richard Tognetti and Kirsten Williams, cellists Nathan Waks and David Pereira, pianists Roger Woodward and Michael Kieran Harvey, jazz virtuoso James Morrison, composers Gerard Brophy, Elena Kats-Chernin, Michael Smetanin and countless others.

Students come to the Conservatorium from diverse places and backgrounds, all sharing the same passion for music. In 2007, we anticipate awarding scholarships worth in excess of $350,000. All students, local and international, are considered for over 80 merit-based scholarships which are awarded to those who demonstrate excellence in their studies. The Conservatorium also awards scholarships to students who require financial support.

Many international students choose Sydney for their studies at both undergraduate and postgraduate level. We have in place international student exchange agreements with highly regarded institutions in the USA, UK, Europe and Asia for our Australian students wishing to expand their experience and networks overseas.

Finally, our concert programs combine student orchestra and ensemble concerts, faculty recitals, visiting conductors and guest artist performances together with an exciting and extensive chamber music program. They are attracting audiences from all over the city, and providing a unique and enriching learning and performance opportunity for our students.

Music is the most universal language ever developed, and nowhere is it spoken more eloquently than here in Sydney. I invite you to join our conversation.

The Sydney Conservatorium of Music, University of Sydney, seeks to be the foremost school of music in Australasia and one of the world leaders, achieving pre-eminence in performance, scholarship and pedagogy, and through its graduates promoting and shaping the cultural identity of Australia and music worldwide.

Mission
The Sydney Conservatorium of Music is a cultural catalyst inspiring the study, research and performance of music in all its forms to prepare students for artistic performance and scholarship at the highest level of excellence, to foster lifelong commitment to music and culture and to provide enjoyment and enlightenment to all people.

Graduate Attributes
Students of the Sydney Conservatorium of Music, University of Sydney, will have a stance towards knowledge, the world, and themselves that sets them apart from other graduates in their lives and work.

SCHOLARSHIP – an attitude or stance towards knowledge:
Graduates will have a scholarly attitude to knowledge and understanding. As scholars, the University’s graduates will be leaders in the production of new knowledge and understanding through inquiry, critique and synthesis. They will be able to apply their knowledge to solve consequential problems and communicate their knowledge confidently and effectively.

GLOBAL CITIZENSHIP – an attitude or stance towards the world:
Graduates will be global citizens, who will aspire to contribute to society in a full and meaningful way through their roles as members of local, national and global communities.

LIFELONG LEARNING – an attitude or stance towards themselves:
Graduates will be lifelong learners committed to and capable of continuous learning and reflection for the purpose of furthering their understanding of the world and their place in it.

Students will be supported in achieving these broad outcomes during their studies at the Sydney Conservatorium of Music through the development of the following generic attributes:

Research and Inquiry
Graduates of the University will be able to develop new knowledge and understanding through the process of research and inquiry.

For example, students will:
- be able to identify, define and analyse problems in written work, composition, teaching or performance and identify or create processes to solve them
- be able to exercise critical judgement and critical thinking in creating new understandings in relation to some or all of the following: music analysis, music composition, music education, music history, music technology, and music performance
- be creative, imaginative and independent thinkers in their artistic endeavours
- have an informed understanding of the principles, standards, values and boundaries of current music knowledge, pedagogy and performance practice
- be able to question critically and to evaluate current music knowledge of compositional, pedagogical and performance practices, acknowledging global and historical diversity and recognising the limitations of their own knowledge

Information Literacy
Graduates of the University will be able to use information effectively in a range of contexts.

For example, students will:
- be able to recognise the extent of information needed for professional and informed music performance, composition, teaching and research
- locate needed information efficiently and effectively using a variety of printed, audiovisual and digital media and online sources
- evaluate information and its sources
- use information in critical thinking and problem solving contexts to construct knowledge and improve music composition, performance or teaching
- understand economic, legal, social and cultural issues in the use of printed, audiovisual and online information
- use contemporary technology and audiovisual media to access and manage information
- recognise the importance of observation of the composition, performance and music education practices of others, as a source of knowledge

Personal and Intellectual Autonomy
Graduates of the University will be able to work independently and sustainably, in a way that is informed by openness, curiosity and a desire to meet new challenges.

For example, students will:
- be intellectually curious and able to sustain intellectual interest
- be capable of rigorous and independent thinking
- be open to new ideas, methods and ways of thinking
- be able to respond effectively to unfamiliar problems in unfamiliar contexts
- be able to identify processes and strategies to learn and meet new challenges in scholarly work, composition, teaching or performance
- be independent learners who take responsibility for their own learning
- recognise and be able to undertake lifelong learning through reflection, self-evaluation and self-improvement
- have a personal vision and goals, and be able to work towards these in a sustainable way by establishing good work practices in music scholarship, composition, teaching or performance

Ethical, Social and Professional Understanding
Graduates of the University will hold personal values and beliefs consistent with their role as responsible members of local, national, international and professional communities.

For example, students will:
- strive for truth, honesty, integrity, open-mindedness, fairness and generosity
- acknowledge their personal responsibility for their own value judgements and behaviour
- understand and accept social, cultural, global and environmental responsibilities
- be committed to social justice
- have an appreciation of and respect for diversity
- hold a perspective that acknowledges local, national and international concerns
- work with, manage, and lead others in music teaching contexts, research partnerships or performance ensembles in ways that value their diversity and equality and that facilitate their contribution to the group and to the wider community

Communication
Graduates of the University will recognise and value communication as a tool for negotiating and creating new understanding, interacting with others, and furthering their own learning.

For example, students will:
- use oral, aural, written and visual communication to further their own learning
- make effective use of appropriate forms of communication to critique, negotiate and create understanding
- use spoken, audiovisual, written media and music performance as communicative tools for interacting with and relating to others
Welcome to the Sydney Conservatorium of Music Handbook. In it you will find information on what you need to know about the Faculty and the University. In particular, it will guide you to:

- finding the best possible way to meet your own goals for learning as well as meeting the requirements of your chosen degree
- administrative requirements you need to be familiar with, such as how to change your enrolment
- how we can support you through providing facilities such as practice rooms, technology labs as well as more personal support such as the Counselling Service

and very importantly, how to find more help: who to ask, where to go.

Where to find what in the handbook

Course terminology

University terminology – like 'credit point', 'unit of study', 'WAM' etc – can be found in the Abbreviations and Glossary sections, at the back of this handbook.

Dates/Calendar

The start and end dates of semester can be found in the front section of the handbook where you will find two calendars, one for the University in general and one for the Conservatorium in particular. Please read these and take note of important dates such as cut-off dates for changing enrolments, semester start dates at the Conservatorium and examination periods.

Contents and index

The Index lists units of study only. It allows you to check every reference which refers to your unit of study within the handbook. If you wish to find other information, please check in the comprehensive contents section at the front of the Handbook. A detailed outline of the information about the courses offered by the conservatorium can be found below.

Faculty rules and regulations

Faculty resolutions are the regulations pertaining to specific degrees in a faculty. The Conservatorium’s Degree Resolutions (Undergraduate) can be found in Chapter 8 of this Handbook. They cover issues that include admission requirements, structure and graduation requirements of each undergraduate degree. The equivalent for postgraduate degrees can be found in the Senate Resolutions published in the University Calendar.

The Conservatorium also sets out other rules that cover all degrees in a more general way. The Conservatorium Rules can be found in Chapter 12 of this Handbook.

These chapters should be read along with the University’s Coursework Rule 2000 (as amended) or the University’s Doctor of Philosophy(PhD) Rule 2004 which can be found in the general University information towards the back of this Handbook.

Altogether, these Rules and Resolutions outline the agreement between student and faculty, and student and University.

General University Information and Student Services Information sections

These are handy reference pages for all sorts of services on campus from where to play sport to where to find help with study skills. You can find a complete list in the Contents at the front of the Handbook. The section includes, among other things:

- Summer and Winter Schools information
- the University Coursework Rule
- the PhD Rule
- international student information

Maps

The Maps section contains

- a map of Camperdown-Darlington campus.
- a public transport access map to the Conservatorium and also to the Arts-Music Unit located on Darlington Campus in the Seymour Centre
- a guide to what’s where in the Conservatorium

Course planning

You might like to plot the course of your degree as you read about your units of study. A course planner can be found at the back of the handbook, as well as some tips for planning your course.
1. How to use this handbook

Chapter outline

The staff of the Conservatorium is listed in Chapter 2.

Chapter 3 is an overview of study at the Conservatorium, career pathways and information on events at the Conservatorium open to your family and friends such as public concerts and courses at the Conservatorium Open Academy.

Chapter 4 is an important source of information about studying at the Conservatorium, including information on some University policies and rules you should become familiar with. For example, there are Resolutions and Rules governing how you make your way through the course (academic progress), there are Rules and policies on how to apply for special consideration. This chapter explains some of the rules in simpler language.

You can find out about the Conservatorium’s facilities such as how to hire a locker, how your email works and how to find support for personal and study issues.

It also includes information on the ‘who and where’ of the Faculty: names and locations of people and offices you are likely to need to contact during the year.

Undergraduate study

Chapters 5-7 – the ivory pages – are about undergraduate study. They contain information and enrolment advice about undergraduate courses offered by the Faculty and as well as important policy affecting students in the Faculty. You should read the particular sections devoted to your degree in conjunction with the resolutions in Chapter 8.

Chapter 5 outlines requirements for each undergraduate degree we offer including core areas of study and which units you need to do when. We have also included some typical enrolment patterns for each degree to help give you an idea of what your enrolment may look like.

Chapters 6 and 7 cover information on the units of study. If you want to know what a unit of study is and how it fits into your degree plan, this is the best place to look. You should read these chapters in conjunction with the section in chapter 5 on your degree as well as Chapter 8.

In Chapter 8 you will find the fine print: the Undergraduate Degree Resolutions covering your degree. The information in this chapter takes precedence over all other information in this handbook. You should read the relevant parts of this chapter, and refer to them from time to time during your studies to make sure you are on track to satisfy the requirements of your degree.

Postgraduate study

Chapters 9-11 – the blue pages – are for postgraduate students. Chapter 9 covers information on research degrees and Chapter 10 on coursework degrees. Chapter 11 contains a complete listing of all postgraduate units of study.

Please note that the Resolutions covering Postgraduate degrees at the Faculty are not in this Handbook. You can find them in the Senate Resolutions which are published in the University Calendar. The information in the Senate Resolutions takes precedence over other information in this Handbook.

The final section of the Handbook contains a variety of useful information.

Chapter 12 contains the Rules for the Conservatorium. The University’s Coursework rule that governs undergraduate degrees, and the University’s PhD Rule that governs graduate research degrees follow.

The remainder of the Handbook contains a Glossary and Abbreviations section, General University information and Student Services information sections, Maps and also a new Course planning tips and Course planner section.

Handbook updates

The information in the Handbook is current at the time of publication. Updated information to handbooks and references to University policies such as plagiarism and special consideration, among others can be found in the University’s website.

Degrees at the Conservatorium

Welcome to studying at the Sydney Conservatorium of Music!

The Conservatorium of Music offers the following undergraduate courses for enrolment in 2007:

Undergraduate courses

**Diploma of Music**
DipMus – Two years full-time

**Diploma of Opera**
DipOp – Three years full-time

**Bachelor of Music (Composition)**
BMus(Comp) – Four years full-time

**Bachelor of Music (Music Education)**
BMus(MusEd) – Four years full-time

**Bachelor of Music (Musicology)**
BMus(Musicol) – Four years full-time

**Bachelor of Music (Performance)**
BMus(Perf) – Four years full-time

**Bachelor of Music Studies**
BMusStudies – Three years full-time

**Bachelor of Arts/Bachelor of Music Studies**
BA/BMusStudies – Five years full-time

**Bachelor of Music Studies/Bachelor of Medicine/Bachelor of Surgery**
BMusStudies/MBBS – Three years full-time followed by Graduate Medicine (four years)

**Bachelor of Music**
The Bachelor of Music is a degree for musically talented students aspiring to a professional career in music. The goals of the program are:

- to develop musicianship and performance, musicology, composition or music education;
- to develop students’ ability to see themselves, their musical art and their educational activity in a wide cultural perspective; and
- to develop the generic attributes of Graduates of The University of Sydney

**Bachelor of Music Studies**
This is a flexible course of study without specialisation so students may study in the four key areas of playing music (performance), writing music (composition and music skills), writing about music (historical and cultural studies) and teaching music.

If you enrol in the Bachelor of Music or Bachelor of Music Studies degrees you can generally choose from subjects common to both courses with the option to transfer at the end of the first year. Both degrees allow for study in other faculties at the University of Sydney if you wish to pick up subjects in non-musical disciplines.

**Combined degrees**
The combined degree Bachelor of Arts/Bachelor of Music Studies allows students to acquire musical skills in performance, composition, music education or musicology together with expertise in an arts discipline within a broad humanities context.

The new combined Bachelor of Music Studies/Bachelor of Medicine/Bachelor of Surgery will allow students to combine their demonstrated interests in music and in medicine.

**Principal Study in Bachelor degree programs**
If you are enrolled in a Bachelor of Music or Bachelor of Music Studies degree you will need to select a unit of Principal Study. If you choose a Principal Study in a performance unit, it will consist of instrumental or vocal lessons as well as Performance Workshop or small group study giving you plenty of chances to perform. You can choose from a range of brass, keyboard, organ, strings, woodwind, percussion and jazz performance instruments, as well as voice (opera, classical or jazz). You can also choose a Principal Study in composition or musicology.

A major in a Principal Study requires a high level of achievement and commitment and is geared to those wanting a career as a performer, composer or musicologist. A minor gives those wanting a broad music-based career the opportunity to explore subjects beyond the Principal Study. You can audition at both levels and apply to transfer after one year if you meet the required standard. Composition, jazz performance and voice (opera) are not available at the minor level. Voice (jazz) is only offered at the minor level.

**Diplomas**
The Diploma of Music is a specialised vocational course that provides training in high-level performance skills and develops artistic and intellectual knowledge that will prepare you for a career as a professional classical or jazz musician.

The Diploma of Opera will teach you to sing with technical proficiency and to perform with a sense of musical style and dramatic interpretation. This is complemented by an awareness of the professional and practical demands of the theatre and its environment. You will also be able to gain basic piano skills, demonstrate a thorough understanding of musicianship, sing in the major operatic languages, perform movement and dance sequences and build a character on developed stagecraft skills. You need to be at least 21 years old on 1 March of your first year in the program.

Career pathways

Studying music offers a variety of pathways to a vast array of rewarding careers: composition and/or arrangement; musicology including ethnomusicology; broadcasting; performance including conducting; teaching, from early childhood to secondary; music therapy; and music administration including arts and cultural planning. For a description of some of the broad areas in which you can work you can look on the Arts-Music website at: http://www.arts.usyd.edu.au/departs/music/ (click on About Us and scroll down) or go to the Careers Good Guide at: http://jobguide.dest.gov.au/

This chapter provides information about studying at the Conservatorium, and explains some of the rules in simpler language. For example, there are rules governing what’s called academic progress, and other rules such as how to apply for special consideration. You can also find out about the Conservatorium’s facilities including how to hire a locker, how your email works and how to find support for personal and study issues.

The chapter contains 4 sections:

- Enrolment and Academic Information
- Facilities
- Student Support Services
- Useful contacts and further information

Enrolment & academic information

Please look after your enrolment. Your journey from first year to graduation involves a combination of meeting your academic work requirements and making sure you do your administration correctly. This section will give you information on both of these requirements. If you have any other questions, you have access to several sources of information: Student Administration Office, Student Support Office and the Conservatorium and University websites.

Some important things to note:

- Check the dates each semester for enrolment, withdrawal and discontinuation.
- Check your pathway through the course so that you enrol in the correct prerequisites and/or corequisites.
- Check you have enrolled in the correct number of credit points in the required areas.
- Please stay in contact. Keep your address (including email) updated, respond when required to written University correspondence and check your University email address regularly.
- If something unforeseen occurs, such as illness or accident, let your teacher, Chair of Unit, Head of School and/or Student Administration know. There are many services to assist you and arrangements can be made in certain circumstances.
- If you are struggling to meet your course requirements for any reason – work, personal issues or family commitments for example – talk to your teacher, Chair of Unit, Student Administration, Head of School or make an appointment to see a Student Counsellor. All of these people can help you and/or refer you to a number of services that the Conservatorium and the University provide to students.
- If you have any questions about your enrolment, please go to the Student Administration Office at the Conservatorium.

You are responsible for ensuring your enrolment is correct each year and that your progress is in accordance with the Resolutions of the Faculty and the University Senate. While the Conservatorium makes every effort to provide advice and information, the onus is on you to ensure that deadlines and course requirements are met.

There are many University procedures and services (such as Special Consideration and the Counselling Service) to accommodate students who experience personal problems, illness and misadventure. It is important for you to familiarise yourself with the regulations for your chosen course and with the services available at the University.

All students enrolled in the Conservatorium of Music are required to familiarise themselves with the following key policies:

It is also expected that you will meet the University’s code of conduct for students. For more information please read the Academic Board policy (http://www.usyd.edu.au/ab/policies/Student_code_conduct.pdf)

See also: Academic honesty and academic misconduct, Student Support Services, Special consideration.

Student Administration Office

The Student Administration Office is the initial point of contact for administrative enquires. You can obtain information and advice on enrolment and your degree here, as well as accessing various forms relating to your candidature including application for transfer, leave of absence and variations of enrolment.

You can find us on Level 4 (Greenway Building) between 10am and 4pm Monday to Friday.

If you are on Camperdown campus, you can also go to the Student Centre. The Student Centre is located on Level 1 of the Carslaw Building (Building Code F07), Eastern Avenue. The Centre is open 9am to 5pm Monday to Friday.

Student Files and Privacy

All major documentation related to your candidature is attached to your student file held in the Student Administration Office. You may request access to your file. Privacy legislation applies to student records and is enforced by the University of Sydney. This means we cannot release any of your information to anyone but you or someone you have authorised in writing.

Getting enrolled

Admission (new students)

All undergraduate applicants are required to lodge an application for admission to a course with the Student Administration Office as well as with the Universities Admission Centre (UAC). All postgraduate applicants must submit an application to the Student Administration Office only. International Students must apply to the International Office (http://www.usyd.edu.au/internationaloffice/)

If you have undertaken any previous tertiary studies you may be eligible for credit or advanced standing. Please contact the Student Administration Office to discuss obtaining approval for previous studies.

Fees for non-award courses

Students may not generally undertake or enrol in a Principal Study on a non-award basis. Tuition fees are payable by students enrolled in non-award units of study. Tuition fees are calculated on a semester basis. All fees are payable in advance.

Enrolment (new students)

New students should enrol using this Handbook as a reference. On enrolment day you choose your units of study for your first year. You should check the requirements for your degree, set out in the course
information chapters and in the Resolutions for your degree (in Chapter 8 for undergraduate courses and in the University Calendar for postgraduate courses) as well as the unit of study tables and listings. You may wish to use the course planner at the end of this handbook. See also: Course planner, Resolutions, Student Administration Office.

Enrolment (continuing students)
Continuing students are required to pre-enrol in October each year. At this time you choose your units of study for the following year. Pre-enrolment should be completed online. Information regarding pre-enrolment is emailed in late September. See also: MyUni, Student Administration Office.

Enrolment confirmation
All students receive a confirmation of their enrolment at the beginning of the semester. It is your responsibility to ensure that your enrolment is correct. You will receive a confirmation via email and you will also be given your Unikey login which gives you access to your MyUnikey account. See also: Student Administration Office.

Prerequisites/corequisites
If you wish to enrol in a unit of study that has a pre- or corequisite that you do not meet, you are required to obtain the written approval of the coordinator for the unit of study in which you wish to enrol. Student Administration cannot override any pre- or corequisites without academic approval.

Student ID card
All undergraduate and postgraduate students will be issued with a student ID card upon enrolment. New students will obtain their ID card on enrolment day. Continuing students will receive information via mail once they are successfully pre-enrolled. Your ID card will indicate your student ID number and will be used as a library card. You should carry your card at all times during attendance at the Conservatorium. If you need to replace your card because it has been lost or stolen, you will have to pay for a new one. Please contact Student Administration to replace your card. See also: Student Administration Office.

Timetable
The Conservatorium timetable is prepared twice a year. You should check class and rehearsal times at the beginning of each semester. You will be required to attend tutorials when you enrol in some units of study at the Conservatorium. You will be assigned to a tutorial through the timetabling process.

Individual timetables for Semester 1 will be available by 21 February 2007 and for Semester 2 by 12 June 2007. Your timetable is available through MyUni. If you have any clashes on your timetable you need to let the Timetables Unit know. Please see information on how to do this on the Timetabling unit’s website:
http://web.timetable.usyd.edu.au/changingTimetables.jsp

You can find the Conservatorium dates at the front of this Handbook and you can find more information on timetabling on the Conservatorium’s website at:
See also: Conservatorium Calendar, MyUni.

Changing enrolment
Changing your degree
If you wish to transfer from one undergraduate degree offered by the Conservatorium to another you must obtain an application form to transfer. Forms are available from the Student Administration Office. Your application must be received at least two weeks prior to the commencement of the semester. You must meet all admission requirements of the degree in which you wish to transfer. Please note that it is not possible to transfer to another Conservatorium degree course in the last semester of an award. See also: Admission.

Upgrading your degree
If you wish to upgrade your candidature from a Graduate Diploma to a Master’s degree or from a Master’s degree to a PhD, you must apply to the Student Administration Office. You should also discuss this with your Chair of Unit or Supervisor and with the Conservatorium’s Associate Dean (Graduate Studies).

Changing units of study
You can make changes to your enrolment within the timeline specified at the front of this handbook. You can withdraw and add units for a semester until the end of Week 2 of classes. You can withdraw from a unit of study without any penalty until the end of March for Semester 1, and the end of August for Semester 2. Variations to your enrolment can affect your Weighted Average Mark (WAM) and your HECS liability. For example, if you discontinue a unit of study after 31 March, with the permission of the Head of School, you will receive a Discontinue Not Fail (DNF) grade and be liable for HECS for that unit of study. Otherwise, if you discontinue a unit of study after 31 March without permission, you receive a Discontinue Fail (DF) grade. This will affect your WAM and you will be liable for HECS.

Most variations can be done using the MyUni website. Any other variations can be completed at the Student Administration Office. Your confirmation of enrolment can be used at the Student Administration Office to make variations to your enrolment. No one but you can make or request variations to your enrolment. See also: Enrolment, Glossary, Important dates, MyUni.

Staying enrolled
Academic honesty and academic misconduct
Academic honesty is a core value of the University of Sydney and the Sydney Conservatorium of Music. The University is committed to the basic academic right that students receive due credit for work submitted for assessment.

Deliberate breaches of academic honesty constitute academic misconduct. These breaches may include:

- plagiarism
- fabrication of data
- recycling previously submitted material
- engaging someone else to complete an assessment task or examination on one’s behalf
- misconduct during examinations
- submitting a fraudulent special consideration application
Plagiarism can be broadly defined as presenting another person’s ideas, findings or work as one’s own by copying or reproducing the work without due acknowledgment of the source. The most common form of plagiarism is where a student presents written work, including sentences, paragraphs or longer extracts from published work without attribution of its source. Work submitted for assessment may also be regarded as plagiarised where significant proportions of an assignment have been reproduced from the work of another student, since this exceeds the boundaries of legitimate cooperation.

Misconduct during examinations involves any actions not permitted during the exam, including communicating with others, attempting to read another student’s work, and bringing unauthorised material or equipment into the exam room.

Students with any queries should consult the University’s policy – Study: Plagiarism: Coursework. This policy can be found at: http://www.usyd.edu.au/senate/policies/Plagiarism.pdf

In addition, the Conservatorium publishes a guide called “What’s Expected: The Conservatorium Guide to Academic Writing and Thinking” which you can find at:

How to avoid academic misconduct
You must submit original, non-plagiarised work. In developing original work, you will often draw on the words and ideas of others. It is vitally important that these words and ideas be fully referenced.

If you require assistance with academic writing and referencing skills you are strongly advised to participate in the support programs offered by the Learning Centre in Student Services: +61 2 9351 3853 or email: lc@stuserv.usyd.edu.au
See also: Student Support.

Your address
You can view or update your address details through MyUni. You may record up to three addresses but you must nominate which of these is your preferred correspondence address. You should check for University correspondence regularly.

Alternatively, you can change your address using the Change of Address form, in person at the Student Administration Office or Student Centre on Camperdown Campus, or by mail directed to the Student Centre, Level 1, Carslaw Building, F07, The University of Sydney, NSW, 2006. Please make sure you include your name and student identification number.

Change of Address Forms are available at:
http://www.usyd.edu.au/studentcentre/forms/changefofaddress.pdf or from the Student Administration Office or from the Student Centre on Camperdown Campus.
See also: MyUni.

Appeals
If you have a complaint about an academic decision, you must first attempt to discuss the matter with the academic staff member who assigned the mark (if the appeal concerns a particular assessment task) or the unit of study coordinator (if the appeal concerns the final assessment for the whole unit of study). If the matter is not resolved in the course of the initial discussion, you can ask the unit of study coordinator to have the assignment re-marked by another academic staff member. If this approach is unsatisfactory, you may write a formal appeal letter to the Chair of Unit.

Where the Chair of Unit is the subject of complaint, reports should be made to the Head of School. You should contact the Student Administration Office for further avenues for appeal or if you need help with this process.

In cases where you feel you have been harassed or discriminated against, and in cases of professional misconduct, or the failure of a staff member to attend to teaching or supervisory duties, you should first approach the lecturer in charge. However, given the nature of such complaints, this may be difficult. In such situations, you are advised to contact the Student Administration Office for guidance. You should refer to the University Policy on Appeals for further information on the appeals process.
See also: CSA; Grievances; SRC.

Attendance
Attendance is essential to the completion of your degree. You should notify your unit of study coordinator if you cannot attend any class. See also: Counselling Service, Leave of absence, Special arrangements, Special consideration.

Leave of absence
A student who is absent for any reason must notify the Student Administration Office, and in the case of a performance activity, the person responsible for that activity. Acceptable reasons for leave of absence include illness, professional activity or family or financial difficulties.
See also: Counselling Service, Special arrangements, Special consideration.

Performance requirements
All students must complete some core performance requirements, including participation in large ensemble. Performance students are required to enrol in Principal Study in their performance area, as well as to participate in large ensemble, Performance Workshop and selected master classes in their unit areas. Information about performance examinations and Performance Workshop follows.

Performance examinations
The Conservatorium requires all public performance examination programs to be approved. Each student must complete an Application for Recital Examination Program Approval when preparing for their performance examinations, and must submit this six (6) weeks prior to the examination.

Performance Workshop
All performance students are required to participate in and attend Performance Workshop. Programs must be presented by the due date on an appropriate form.

Information about Performance Workshop is displayed on the Performance Workshop notice board on Level 1 (opposite the Percussion Studios).

Show cause and exclusions
Students may be asked to explain why they should be allowed to continue in their course if they fail a major component of any course of study, fail to pass more than 50 per cent of their enrolled units, or fail for a second time in a unit of study. Students will be notified in writing of the requirement to show cause and a reply must be received in writing. Any student who does not show cause will be excluded from their degree and will not be permitted to re-enrol for two years. More information is available at:
See also: Counselling Service; Enrolment; Student Administration Office.

Special arrangements
The Special Arrangements for Examination and Assessment Policy is designed to support and assist students who are experiencing difficulty in meeting their assessment requirements or in attending examinations due to competing essential community commitments.

If you are having difficulty with the following community commitments you may wish to apply for Special Arrangements:
4. Guide to the Conservatorium

- Essential religious commitments or essential beliefs;
- Compulsory legal absence (e.g. jury duty, court summons, etc);
- Sporting or cultural commitments, including political and union commitments, where you are representing the University, state or nation;
- Australian Defence Force commitments (including Army Reserve)

Special Arrangements may only be considered in the above circumstances if the commitment falls on the same day as an assessment task or examination. Special Arrangements will not be made if the commitment falls before or after the assessment task or examination.

Please see Student Administration for an application. You must submit the Application for Special Arrangements no later than seven (7) days prior to the due date of the assessment or examination you would like to make alternative arrangements for. See also: Counselling Service; Enrolment; Student Administration Office.

Special consideration

The Conservatorium recognises that the work of students may be adversely affected by illness or misadventure which can lead to absence from lectures, inability to perform at a recital, failure to hand in an assignment and/or poor performance in an examination. In such cases, for example, you can discuss the issue with your teacher or Chair of Unit.

In the event of serious illness or misadventure, provision is made for special consideration. If you believe that your performance has been or may be adversely affected by an occurrence of serious illness or misadventure you may request that the Conservatorium grant you special consideration. All such requests must:

- include the completion of a special consideration application form available from the Student Administration Office, http://www.music.usyd.edu.au/docs/special_consideration_form.pdf or the main Student Centre located in the Carslaw Building at the Camperdown Campus;
- be accompanied by an appropriate Professional Practitioner’s Certificate, such as a doctor’s certificate or counsellor’s letter, or other relevant documentary evidence apart from your own submission. For guidelines on what constitutes satisfactory documentation, refer to the Special Consideration section at: http://www.usyd.edu.au/studentcentre/exams/documentation.shtml

The Conservatorium will only compensate for sub-standard performance in assessments that do not reflect your true competence in a unit of study, and will ensure this compensation does not act to the disadvantage of other students. It is important to understand that non-attendance at an examination, together with submission of any accompanying Professional Practitioner’s Certificate or documentary evidence of misadventure, does not guarantee that a deferred assessment will take place.

If you have a serious disability that is likely to affect a high proportion of end-of-semester examinations you are advised to discuss the situation with your Chair of Unit and to contact the Disability Services Office on +61 2 9351 2228. See also: Counselling Service; Disability Services; Enrolment; Student Administration Office.

Leaving

Graduation

If you are enrolled in your final year you are strongly encouraged to confirm that the units you have enrolled in will enable you to complete all requirements for the award.

Changes to enrolment to establish potential graduand status must be made by 31 March for Semester 1 and 31 August for Semester 2. You should apply to the Student Administration Office for a graduation check well before the end of March or August. See also: Student Administration Office.

Other information

Scholarships

Through generous donations and bequests, the Sydney Conservatorium of Music is able to offer many scholarships that are available to all local and international students. There are three main types of scholarships – merit, financial aid and travel. The Faculty endeavours to award more than 200 scholarships annually. Individual scholarship awards vary in value between $800 and $10,000 annually.

All new students are considered for merit-based scholarships based on their performance at audition or interview. Students do not need to fill out an application form or present a separate scholarship audition. Continuing scholarships can be awarded throughout the students’ course (subject to maintaining a high level of achievement in assessment).

To support students with Financial Assistance, there are many scholarships available. To be considered for these scholarships, you will need to complete an application form. These forms will be available annually from the Conservatorium’s Student Administration Office (contact details) from 1 November. The forms will also be available from http://www.music.usyd.edu.au/FS/undergrad/costs_scholarships/financeaidform_101105v1.pdf

As part of the University of Sydney, Sydney Conservatorium of Music students are also eligible for scholarships for new, continuing and international students. Further information about these scholarships can be found at http://www.usyd.edu.au/FS/student/scholarships.shtml

Student Exchange Opportunities

Both the Conservatorium and the University of Sydney have a range of Student Exchange Programs with universities and music schools. The exchange programs allow you to complete a semester or a year of your degree overseas and have the results credited towards your degree at the University of Sydney. The Conservatorium has special exchange agreements with a number of institutions including the Royal Academy of Music, the Royal College of Music, the Staatliche Hochschule fur Musik, Freiburg, and the Hochschule fur Musik, Detmold. If you wish to apply for an overseas exchange please contact the Study Abroad and Exchange Office on +61 2 9351 3699. See also: Scholarships; Study Abroad.

See also: MyUni, Unikey.

Music Technology
The Conservatorium Music Technology area provides information technology (IT), audio-visual (AV) and music technology resources and support for students and staff to assist with their learning/teaching and research needs while at the Conservatorium. Located on Level 1 of the Conservatorium building, underneath the Library, the Music Technology area includes:

- two Apple computer labs

MyUni
MyUni is the University of Sydney’s student Web portal which enables all students at the University to access a broad range of services such as the Library, student support services and student self-administration. These services are common to all University students. MyUni can be found at: http://myuni.usyd.edu.au/ You will need a UniKey account to login.

For Conservatorium-specific services you need to visit the current student section of the Conservatorium website; the Web address is http://www.music.usyd.edu.au/CS/index.shtml
See also: Email accounts; Enrolment; Timetable, Website.
UniKey account
The University provides a number of electronic facilities to all University of Sydney students. The account you use to access them is called your “UniKey” account. Most systems which are only available to University of Sydney students, such as MyUni, will ask you for this login to confirm that you are a student here. Your UniKey account is generally created after your enrolment is processed and is included on most students’ confirmation of enrolment letter. See also: Email accounts, MyUni.

Conservatorium Library
Library hours during semester are generally:
Monday to Thursday from 8am to 8pm
Friday from 8am–6pm, and
Saturday from 10am–5pm.

Variations will appear on noticeboards and the Conservatorium webpage.

Students can borrow from all University of Sydney Libraries. You can request items from other libraries to be made available for pick-up at the Conservatorium Library by using the inter-library loans interface. You can also place holds on material currently on loan.

The library also provides a range of facilities and training including photocopying and printing; video-viewing, audio and seminar rooms and a comprehensive Information Literacy Program that trains students to use databases, e-journals, internet searching and document delivery facilities. The Library also runs Library tours at the beginning of each semester.

The Library can be found on Level 2 of the Conservatorium. See also: General University information.

Lockers
A limited number of instrument and bag lockers are available in the Conservatorium building. You should complete an application form and present it at the Finance Office, Room 4026 (Greenway Building). The charge is $32.50 per semester or $50 per year (including GST). In some cases, combinations will be supplied rather than keys. You need to agree and adhere to the terms and conditions as part of the application. Application forms will be available on the Conservatorium website at: www.music.usyd.edu.au/CS/index.shtml

Postgraduate room
Postgraduates may use the Postgraduate Room located on Level 1. This room provides a quiet study space with desks, access to computers and the Internet as well as lockers. One hour of dedicated IT support is offered to postgraduate students. Please see the noticeboard in the postgraduate room for times.

For more information on obtaining a swipe card to access this room and obtaining a locker, please see the Facilities Officer.

Practice facilities
The Conservatorium has a generous supply of acoustically treated practice rooms (approximately 70) for enrolled students to use. These rooms are located:
- on Level 1 in the inner corridor at the rear of the building and near the Percussion studios (percussion only)
- on Levels 2 and 3 in the corridors around the recital halls
- in the front turrets of Level 4 in the Greenway building

Enrolled students may use these facilities at any time when the building is open without booking and are encouraged to use the rooms as much as possible.

The efficient management and sharing of this resource requires that students using practice facilities adhere to the following code of conduct:
- Students must carry their current student card with them at all times and show that card to Conservatorium or security staff on request.
- Students may practise for as long as they wish unless another student requires the room in which case they must vacate it on the hour. In periods of heavy use, if no practice rooms are available, students may knock on the door of any room on the hour and politely request that it be vacated. The student occupying the room at that time should vacate it promptly. Students who have vacated one room in this way may relocate to another room either when one becomes available or by using this principle.
- Practice rooms cannot be held by leaving instruments in the rooms, nor can they be used as storage facilities.
- Practice rooms equipped with studio pianos are to be used only by pianists.
- Practice rooms are to be used for practice only. Students may not take food or drink into practice rooms.
- Under no circumstances should practice rooms be used for private teaching. Students who teach in practice rooms may have their rights to practise in the Conservatorium rooms revoked.
- Music stands must be returned to their original location at the conclusion of any group rehearsal.
- Keyboard students requiring the use of a grand piano may request special access to teaching studios at the Student Support Office (Room 2151). Double bass, harp and harpsichord students may also book studios for practice. In all other cases, teaching studios should not be used for student practice.
- Please look after the practice rooms for present and future students.
- It is important for you to take responsibility for your property, as the Conservatorium cannot accept liability for broken, missing or stolen items. The building is open to the general public and the security of your property cannot be guaranteed.

Room bookings
Ensemble room bookings can be made up to 2 weeks in advance or, at the minimum, 24 hours before. You can make a room booking with the Space and Timetabling Coordinator, in Room 2137. Please bring your student card as we cannot accept room bookings by email or phone.

Please note students cannot book large venues such as the Recital Halls, the Music Workshop or Verbrugghen Hall.

Financial assistance

The University of Sydney can provide some funds to assist students who experience financial difficulties. This assistance is for help in emergencies and to supplement other income. It is not intended to provide ongoing income support or payment of fees.

Financial Assistance is available for any student enrolled at the University of Sydney who is making satisfactory progress and who is experiencing genuine financial hardship. Non-degree students are not eligible. See also: Casual Employment Service in General University Information, Scholarships.

Student Support Office

This office provides many useful services such as:

- return and submission of student assignments
- studio allocations
- practicum organisation for Music Education students
- audio equipment hire
- performance workshop administration
- harpsichord request forms
- information on how to contact staff
- bookings to see the Student Counsellor

The Student Support Office is located on Level 2 of the Conservatorium. You can contact them on +61 2 9351 1237 or at syates@usyd.edu.au

Conservatorium Student Support Network: The Mentoring Program

The Mentoring Program is a recent initiative of Conservatorium staff and students. The program aims to assist new students with the transition from secondary to tertiary study. Through the program new students are helped to:

- meet other students
- gain familiarity with the building
- access useful information
- build networks of support; and
- make the most of the Conservatorium community

The program works by assigning every first year student (or ‘mentee’) to a senior student (or ‘mentor’). Each student is also placed in a small group with other first year students who share the same mentor. All the mentors volunteer to work in the program. Student mentors are not trained to deal with serious personal or academic issues but they are supportive and encouraging, and often provide the most immediate means of learning about Camperdown Campus services as well as life at the Conservatorium.

The program is coordinated by Dr Diane Collins. You can contact her on: +61 2 9351 1327, diane.collins@usyd.edu.au

A mentoring website is also under development and the program will be online in 2007.

Students with disabilities

If you have a disability you should contact Disability Services to familiarise yourself with the services and support you are eligible to receive.

Disability Services can arrange services such as:

- access to buildings
- provision of notetaking in lectures
- loan of equipment
- letters of support to lecturers
- information on parking permits
- special exam conditions

The Disability Services staff work closely with others in the administration and academic departments of the University to make sure that arrangements relating to teaching and assessment are made for students with disabilities.

The Conservatorium’s Disability Liaison Officer is Cathy-Anne Jones (see Student support contacts on the previous page) or you can call the Disability Services office directly on +61 2 9351 2228. You can find further information on the Disability Services website at: http://www.usyd.edu.au/stuserv/disability/

Student organisations

Student organisations are an important part of university life. Being involved in non-academic interests at university helps you to develop a network of friends and to broaden your outlook and skills. These organisations also provide a range of support and advocacy services.

Conservatorium Students’ Association (CSA)

The Conservatorium Students’ Association (CSA) represents the student body. Its aim is to promote student morale and to encourage communication amongst students and between students and staff. It also acts as a liaison organisation between Conservatorium students and the University of Sydney student organisations. The Student Council meets monthly to consider student needs and requirements. The Executive Committee of the Association meets weekly.

The CSA Annual General Meeting is held in September or October each year when office bearers, year and course representatives are elected. The CSA offices are located on Level 4.

An Administrative Assistant is available on Tuesdays, Wednesdays and Thursdays to assist with student matters. You can reach them on +61 2 9351 1291. This position is provided courtesy of the Students’ Representative Council (SRC).

Other student organisations

The University of Sydney Union offers many welfare, social and cultural services to all students. It provides catering facilities around the University, coordinates recreational activities and funds over 250 clubs and societies. The Union also provides welfare services such as a resting room and lockers for students with disabilities.

The Students’ Representative Council (SRC) represents undergraduate students at the University. The SRC has Welfare and Education Officers to provide advice and assistance with Ausstudy, Social Security, harassment and discrimination, tenancy, course problems, grievances, assessment and many other matters. There are also free legal advice and interest-free loans.

The Sydney University Postgraduate Representative Association (SUPRA) is the organisation concerned with the welfare and interests of postgraduate students. SUPRA provides advice to postgraduate students on most academic and welfare matters.

SU Sport provides an extensive range of sporting and recreation services including many sporting clubs you can join.

You can find more information and contact details for these organisations in the General University information at the back of this Handbook.

Further information

Noticeboards
An official Conservatorium noticeboard with information relevant to enrolled students is located in the corridor outside the Student Administration Office. Additional noticeboards containing information about ensemble activities, Performance Workshop, Health and Safety and Music Technology can be found at the rear of the building on Level 1 and Level 2. All students are advised to check the noticeboards regularly for announcements.

Website
The Conservatorium website, www.music.usyd.edu.au, provides information for staff and students specifically relating to the Conservatorium resources, facilities, policies, courses and staff.

Students are encouraged to visit the website regularly as information relating to their studies is consistently updated. For example, information on performance examinations is updated every semester, and information on new scholarships is updated as they are established.

The Conservatorium website is also designed to give an overview of Conservatorium events and concerts that will enrich your experience here as a student.

In addition, you can access MyUni services such as email and self-administration through the Conservatorium website at: http://www.music.usyd.edu.au/CS/index.shtml

Bachelor of Music (BMus)

The Bachelor of Music is a degree for musically talented students aspiring to a professional career in music. The course supports the development of scholar-musicians through their acquisition of an integrated body of knowledge, skills and attitudes which provide a sound basis for future professional growth.

The goals of the Bachelor of Music are:

- to develop musicianship whether it be in the area of performance, musicology, composition or music education;
- to develop students' ability to see themselves, their musical art and their educational activity in a wide cultural perspective; and
- to develop generic attributes of a tertiary graduate.

The degree is offered in four areas of specialisation: Performance (including Jazz Studies), Composition, Music Education and Musicology. Candidates nominate their specialisation on entry but may apply to change the specialisation at the end of the first year provided they meet the prerequisites for the new area of specialisation.

Admission for all areas of specialisation is determined on the basis of the NSW Higher School Certificate [HSC], or its equivalent, at a level determined each year by the Sydney Conservatorium. Candidates should normally:

- have gained a Universities Admission Index (UAI) at the Higher School Certificate or equivalent, including English and Music at the level of the Music 2 syllabus (or equivalent), and
- undertake a practical audition or interview or submit work according to the proposed specialisation as set out below:

(a) **BMus (Performance)** [including Jazz Studies] – a practical audition for Major level study in the nominated instrument or voice

(b) **BMus (Composition)** – submission of at least three compositions in different performance media to demonstrate the level of achievement as composers, and an interview

(c) **BMus (Musicology)** – submission of an example of recent written work and an interview

(d) **BMus (Music Education)** – an interview and an audition, submission and/or further interview for either Major or Minor level of study in instrument or voice, composition or musicology, and

- undertake a written Music Skills test or Jazz Aptitude Test.

Course structure

The course is structured to allow students to:

- achieve a high standard in their area of specialisation;
- undertake core musical studies central to the development of the professional musician; and
- pursue other studies in an area of their choice, either within their area of specialisation, in another area of musical study at the Conservatorium or in another faculty of the University of Sydney.

The Bachelor of Music is awarded at both pass and honours level. To qualify for the pass degree, candidates must specialise in one of four areas, Performance, Composition, Musicology or Music Education, and complete courses to the value of 192 credit points, which include:

(a) requirements for their specialisation, including a Principal Study,
(b) core requirements, and
(c) other units of the student’s choice.

The course requires the successful completion of 192 credit points of study over four years of full-time study. A minimum of half of the credit points for the entire course is taken in the area of specialisation.

Part-time study may be available to students on application. A student who is granted approval to undertake a course on a part-time basis shall undertake units of study as determined by the Conservatorium.

Bachelor of Music – Honours

Honours is begun in the different specialisations as follows:

- **Performance**: seventh semester
- **Composition, Musicology and Music Education**: fifth semester

**Eligibility for admission to honours**

To be eligible for admission to honours candidates will normally have achieved the requirements as set out below according to their specialisation:

(a) **BMus (Performance)**

- a Distinction in Principal Study 4 and 6 (Major), a Credit average in all other units in the first three years of the course, successful completion of 144 credit points of study including the prerequisites for Principal Study 7 (Honours) as set out in Chapter 6 of the Handbook

(b) **BMus (Composition)**

- a Distinction in Principal Study Composition 4 and a Credit average in all other units in the first two years of the course and successful completion of the prerequisites for Composition 5 (Honours) as set out in Chapter 6 of the Handbook

(c) **BMus (Musicology)**

- a Distinction average in Musicology and Education units of study, a credit average in all other units in the first two years of the course and a proven capacity to write extended essays of quality; the number of honours students in any one-year group in the BMus (Music Education) will not normally exceed 25 per cent of the total numbers of that year group

(d) **BMus (Music Education)**

- a Distinction in Musicology 3 and 4 and a credit average in all other units in the first two years of the course

**Honours enrolment requirements**

Honours candidates complete a research project in their area of specialisation. To qualify for an honours degree, candidates must complete the requirements for the pass degree, except as set out below, and additional requirements according to their specialisation as set out below:
(a) **BMus (Performance)**
Enrol in Principal Study (Honours) 7 and Principal Study (Honours) 8 in place of Principal Study 7 and 8 (Major) and successfully complete those units of study.

(b) **BMus (Composition)**
Enrol in Composition 5-8 (Honours) in place of Composition 5-8 (Major), and successfully complete those units of study; and take units of study in the Faculty of Arts with a minimum credit point value of 12.

(c) **BMus (Music Education)**
Complete Music Education Honours 1: Research Methods 1, Music Education Honours 2: Research Methods 2, Music Education Honours 3: Special Study 1, Music Education Honours 4: Special Study 2.

(d) **BMus (Musicology)**

Candidates wishing to undertake Honours must apply in writing to the Student Administration Office in the semester before honours study is to commence:

- generally by no later than the end of October (for enrolment in first semester the following year), or
- generally by no later than the end of the second week of May (for enrolment in second semester).

**Honours mark and class**

The honours mark that determines the class of honours awarded by the University of Sydney is determined from the results in each particular specialisation as follows:

<table>
<thead>
<tr>
<th>Honours class</th>
<th>Honours mark</th>
</tr>
</thead>
<tbody>
<tr>
<td>First Class</td>
<td>80–100</td>
</tr>
<tr>
<td>Second Class/Division 1</td>
<td>75–79</td>
</tr>
<tr>
<td>Second Class/Division 2</td>
<td>70–74</td>
</tr>
<tr>
<td>Third Class</td>
<td>65–69</td>
</tr>
<tr>
<td>Honours not awarded</td>
<td>50–64</td>
</tr>
<tr>
<td>Fail</td>
<td>Below 50</td>
</tr>
</tbody>
</table>

Candidates who achieve First Class Honours with an honours mark of 90% or higher will be considered for the award of a University Medal. Award of a Medal will be made by the Conservatorium College Board in recognition of outstanding performance throughout the degree. Normally not more than one Medal shall be awarded in any one year.
Bachelor of Music (Performance)

As the focus is the development of performance skills, Performance specialists must take a vocal or instrumental Principal Study at the Major level of study. Performance specialists in jazz take Jazz Performance as their Principal Study. Principal Study is taken together with Chamber Music or Jazz Small Ensemble (for Jazz Majors), Orchestral Studies (for those playing an orchestral instrument) and other performance-related studies. In addition, students take core studies in aural perception (jazz ear training for Jazz Majors), harmony and analysis (jazz harmony and arranging for Jazz Majors), music history, music technology, pedagogy, and historical and cultural studies. Major level study is available in:

- Brass: French horn, trombone, trumpet, tuba
- Jazz Performance: areas of bass, brass, drums, guitar, piano, vibraphone, voice, woodwind
- Keyboard: harpsichord, piano
- Organ
- Percussion
- Strings: cello, double bass, guitar, harp, lute, viola, violin
- Voice
- Woodwind: bassoon, clarinet, flute, baroque flute, oboe, recorder, saxophone.

Core requirements for graduation with a Bachelor of Music (Performance)

Students should complete at least the minimum number of credit points in each area throughout their course, and reach the minimum levels of achievement, as outlined in Table 5.1. Units of study in each area are listed in Tables 5.18 to 5.25 at the end of this chapter.

Typical enrolment pattern

Tables 5.2 and 5.3 show typical enrolment patterns with the appropriate credit points. These patterns are for guidance and are not mandatory as the course structure is designed to allow considerable choice in the units of study taken and flexibility over when units are taken.

*** Studies in the History and Analysis of Music units are listed in Table 5.22 at the end of this chapter.
Bachelor of Music (Composition)

The major focus is the development of composition skills, together with work in Electronic Music, and studies in Compositional Techniques and Analysis. Students work with performers in Composer-Performer Workshop where they have the opportunity to hear and refine the music they write. In addition students take core studies in aural perception, harmony and analysis, music history, music technology, pedagogy, and historical and cultural studies.

Core requirements for graduation with a Bachelor of Music (Composition)

Students should complete at least the minimum number of credit points in each area throughout their course, and reach the minimum levels of achievement, as outlined in Table 5.4. Units of study in each area are listed in Tables 5.18 to 5.25 at the end of this chapter.

Typical enrolment pattern

Table 5.5 shows a typical enrolment pattern with the appropriate credit points. These patterns are for guidance and are not mandatory as the course structure is designed to allow considerable choice in the units of study taken and flexibility over when units are taken.

Bachelor of Music (Music Education)

The major focus is on developing teaching skills through studies in education, music education, choral and instrumental pedagogy and music technology. In the third and fourth year students undertake extended Practice Teaching (Practicum) sessions in schools supported by both high school teachers and experienced music education lecturers from the Conservatorium.

Music Education specialists also develop practical, compositional, or research skills by taking a minimum of 6 semesters Principal Study in an instrument, voice, composition or musicology. The Principal Study may be taken at either Major (6 credit points) or Minor level (3 credit points), depending on ability. Students also take part in Choir, Wind Symphony or Orchestra and other performance units. All students take core studies in aural perception, harmony and analysis, music history, music technology, pedagogy and historical and cultural studies.

For Music Education specialists, Principal Study is Major or Minor level study in:

- Brass: French horn, trombone, trumpet, tuba
- Composition (Major level only)
- Jazz Performance (Major level only): bass, brass, drums, guitar, piano, vibraphone, voice, woodwind
- Keyboard: harpsichord, piano
- Musicology
- Organ
- Percussion
- Strings: cello, double bass, guitar, harp, lute, viola, violin
- Voice: Jazz (Minor Level only) or Classical
- Woodwind: bassoon, clarinet, flute, baroque flute, oboe, recorder, saxophone.

Core requirements for graduation with a Bachelor of Music (Music Education)

Students should complete at least the minimum number of credit points in each area throughout their course, and reach the minimum levels of achievement, as outlined in Table 5.8. Units of study in each area are listed in Tables 5.18 to 5.25 at the end of this chapter.

Tables 5.9.1 to 5.9.5 show a typical enrolment pattern giving the appropriate credit points. These patterns are for guidance and are not mandatory as the course structure is designed to allow considerable choice in the units of study taken and flexibility over when units are taken.

Bachelor of Music Studies (BMusStudies)

The Bachelor of Music Studies is a degree for students seeking a broad musical education and its structure facilitates creative interdisciplinary links within music disciplines and between music and other subject areas in the University of Sydney. The course develops broadly educated musicians who are able to apply their knowledge, skills and attitudes creatively and flexibly in a variety of music and music-related professions.

The goals of the Bachelor of Music Studies are:

- to develop general musical abilities in the areas of performance, musicology, composition and music education;
- to develop students’ ability to see themselves, their musical art and their educational activities in a wide cultural perspective; and
- to develop the generic attributes of graduates of the University of Sydney.

A more detailed explanation of the aims and objectives of the Bachelor of Music Studies can be found at: www.music.usyd.edu.au and follow the links to future students/courses.

Admission is determined on the basis of the NSW Higher School Certificate [HSC], or its interstate or overseas equivalent, at a level determined each year by the Sydney Conservatorium. Candidates should normally:

- have gained a Universities Admission Index (UAI) at the Higher School Certificate or equivalent, including English and Music at the level of the Music 2 syllabus (or equivalent),
- undertake a written Music Skills Test, and
- undertake a practical audition or submit work according to their proposed Principal Study specialisation as set out below:

(a) **Major level of study in an instrument or voice**
   an audition according to the requirements laid out for the relevant Major study

(b) **Minor level of study in an instrument or voice**
   an audition according to the requirements laid out for relevant Minor study

(c) **Major level of study in composition**
   submission of at least three compositions in different performance media to demonstrate the level of achievement as composers and an interview

(d) **Major or Minor level of study in musicology**
   submission of an example of recent written work and an interview

**Course structure**

The degree is structured to allow students flexibility in their choice of units so they may pursue their own combinations of musical and non-musical disciplines. Students may choose units of study taught at another faculty of the University of Sydney up to a maximum credit point value of 28 credit points or take units of study taught only within the Conservatorium.

All students take a Principal Study in an instrument, voice, composition or musicology, core units in music skills, music history and technology and other units of their own choice. Principal Study may be at Major level (6 credit points) or Minor level of study (3 credit points) depending on preference and level of ability. Principal Study is available in:

- Brass: French horn, trombone, trumpet, tuba
- Composition (Major level only)
- Keyboard: harpsichord, piano
- Musicology
- Organ
- Percussion
- Strings: cello, double bass, guitar, harp, lute, viola, violin
- Voice (including Jazz Minor)
- Woodwind: bassoon, clarinet, flute, baroque flute, oboe, recorder, saxophone.

The course requires the successful completion of 144 credit points of study over three years of full-time study and is awarded only as a Pass degree. The credit points for units completed should include:

- (a) six semesters of Principal Study, as defined above
- (b) core requirements, as tabled below
- (c) other units of the student’s choice

Part-time study may be available to students on application. A student who is granted approval to undertake a course on a part-time basis shall undertake units of study as determined by the Conservatorium.

**Core requirements for graduation with a Bachelor of Music Studies**

Students should complete at least the minimum number of credit points in each area throughout their course, and reach the minimum levels of achievement, as outlined in Table 5.10. Units of study in each area are listed in Tables 5.18 to 5.25 at the end of this chapter.

**Typical enrolment pattern**

A typical program in the Bachelor of Music Studies, together with the credit point value, is set out in Table 5.11.1. The course structure is designed to allow considerable choice in the units of study taken and flexibility over when units are taken.

Diploma of Opera (DipOp)

The Diploma of Opera prepares graduates for the various demands of the profession. At the end of the course students will sing with technical proficiency and perform with a sense of musical style and dramatic interpretation. Study of the vocal and physical aspects of performance will be complemented by a general awareness of professionalism and the practicalities of theatre, its requirements and environment.

During the course, students will acquire a thorough understanding of musicianship, the capacity to sing in the major operatic languages and perform movement and dance sequences, and learn to build a character on developed stagecraft skills.

Applicants must be at least 21 years old by 1 March 2007. Admission is determined on the basis of the NSW Higher School Certificate [HSC], or its interstate or overseas equivalent, at a level determined each year by the Sydney Conservatorium. Candidates are expected to have presented a minimum of two units of English and two units of Music for the HSC examination or equivalent, and must also undertake an audition. Admission may also be granted on the basis of having undertaken other tertiary studies, adult entry or special admission.

Course structure

The Diploma of Opera is a three-year course of full-time, intensive study and students must demonstrate satisfactory progress in vocal, musical and performance skills in order to progress through the course.

All full-time students must complete units of study worth 24 credit points per semester: a total of 144 credit points for the entire diploma course.

The course structure of the Diploma of Opera, together with the credit point value, is set out in Table 5.16.

Public examination recitals (undergraduate)

All students enrolled in BMus, BMusStudies, BA/BMusStudies, BMusStudies/MBBS, DipMus and DipOp whose Principal Study is an instrument or voice at the Major level are required to present public performance examination recitals as part of their course. All performance students must also successfully complete “in-unit” examinations which are usually not open to the general public. The examination recitals normally take place in June and October/November each year.

The requirements for public examination recitals are set out in Table 5.17.

Please note: Students must pass all assessed components of Principal Study. Students will not normally progress if they have failed an assessed component of Principal Study.

Students should discuss their recital programs with their teacher and Chair of Unit at the beginning of the examination semester or the semester before. It is the student’s responsibility to discuss suitable repertoire and performance requirements with their teachers to avoid inappropriate choices and problems with the availability of associate artists/accompanists. Recital programs must be submitted for formal approval by the Chair of Unit by the conclusion of week 9 of the appropriate semester. Forms and information concerning performance examinations and recitals will be available on the Conservatorium website: www.music.usyd.edu.au. Please also see Chapter 4 of this handbook for other relevant information.

Candidates for public recital examinations are assessed against the following criteria:

- The performance, as a whole, displayed instrumental or vocal control appropriate to the level of examination.
- The performance was accurate with respect to rhythm, pitch, articulation and dynamic.
- The performance (where appropriate) was a faithful reading and/or memorisation of the composer’s text.
- The performance displayed musically effective production, projection and variation of tone.
- The candidate communicated well with other players, demonstrating good listening and ensemble skills, and leadership (where appropriate).
- The performance communicated an understanding of expressive, stylistic, musical and structural issues.
- The performance displayed musical creativity, artistic individuality and effective audience communication.
Transfer from Minor to Major Principal Study

Instrumental and vocal students may apply to transfer from Minor level study to Major level at the end of Principal Study 2. Students requesting transfer will be expected to undertake an audition to demonstrate skills and achievement equivalent to that required of equivalent Major level students. Successful students will usually be permitted to transfer to Principal Study 3 (Major) only on the understanding that they would be required to have maintained the 48 credit point per annum model across their enrolment and that no credit would be given to bridge the gap between Principal Study at Minor level and Principal Study at Major level.

Students should apply to take the audition and transfer levels before the end of the mid-semester break for the following semester. Students should note that in some cases a transfer from Major level to Minor level of Principal Study will also require a transfer to another undergraduate award. Application forms are available from Student Administration. For further information students should contact the appropriate Chair of Unit.

Transfer between undergraduate awards

Students may apply to transfer from one undergraduate award to another. Students transferring into an undergraduate award from another Conservatorium award must meet the entrance requirements for the award into which they are transferring and may apply for admission with credit or advanced standing on the basis of units of study completed previously under the conditions set out in Chapter 16 of this handbook. Applications to transfer must be submitted to the Manager, Student Administration at least two weeks before the commencement of teaching in the semester for which the transfer is sought. Students should note that it is not possible to apply to transfer to another course in their last semester.

Undergraduate units of study by area

Tables 5.18 to 5.25 list units of study for the Diploma of Music, Bachelor of Music, Bachelor of Music Studies, Bachelor of Arts/Bachelor of Music Studies and the Bachelor of Music Studies/Bachelor of Medicine/Bachelor of Surgery. They are listed by area as described in the Core Requirements tables (Tables 5.1, 5.4, 5.6, 5.8, 5.10 and 5.12). Students should consult the individual unit of study descriptions for information about prerequisites and corequisites, restrictions on enrolment and other information.

Brass Major and Minor
French Horn Major and Minor
French Horn is offered at a Major and Minor level of study. The level of study is decided in the audition. At the beginning of the major or minor level of study each student will be assigned a lecturer with whom they will normally work for the duration of the award. Continuing consultation between lecturer and student, including appraisal of technical and interpretative strengths and weaknesses, will enable regular clarification of specific learning objectives and content. At the beginning of all units included in the major and minor levels of study the lecturer will discuss past achievements and clarify weaknesses with each student, assist them to articulate personal objectives for advancement, recommend suitable content and advise the Chair of Unit. The unit descriptions which follow should be read as a guide to the minimum requirements of the major and minor study in French Horn.

**Pianoforte Major and Minor**  

Pianoforte is offered at a Major and Minor level of study. The level of study is decided in the audition. At the beginning of the major or minor level of study each student will be assigned a lecturer with whom they will normally work for the duration of the award. Continuing consultation between lecturer and student, including appraisal of technical and interpretative strengths and weaknesses, will enable regular clarification of specific learning objectives and content. At the beginning of all units included in the major and minor levels of study the lecturer will discuss past achievements and clarify weaknesses with each student, assist them to articulate personal objectives for advancement, recommend suitable content and advise the Chair of Unit. The unit descriptions which follow should be read as a guide to the minimum requirements of the major and minor study in Pianoforte. Those students enrolled at the major level are required to attend all nominated Pianoforte masterclasses and special projects. Students enrolled at the minor level are also encouraged to also attend all masterclasses and special activities. * For Piano Accompaniment units, see Accompaniment 1 – 8 in the Principal Study section

Musicology Major and Minor

Musicology is offered at Major and Minor levels, with the possibility of Honours for those studying at the major level in the Bachelor of Music. The study of musicology is suitable for students who intend to become professional musicologists, to specialise in the higher levels of music education, or to follow careers in broadcasting, recording, music administration, music librarianship, publishing, criticism and other related industries. Musicology trains students in the methods and skills of musicological study and research. Students gain experience in various methodologies, and in the application of techniques of observation and analysis which are traditionally cultivated for the detailed investigation of Western art music. Students will develop skills in music information literacy, research method, writing and the presentation of spoken papers. They will furthermore develop a deeper and broader knowledge and understanding of music history than is normally possible in the undergraduate degrees. By the end of third year students will have the independent research skills suitable for the conduct of the substantial project which is undertaken throughout the fourth year. Subjects for study in the fourth year and earlier may be chosen subject to the availability of suitable supervisory staff. Transfer from another major is allowed, subject to the consent of the Chair of Musicology, at any time up to the end of the second year. Transferring students must complete the first year of the Musicology major before any advanced standing will be considered. Transfer from Musicology minor to Musicology major is also possible subject to the consent of the Chair of Musicology. The two units of the minor will normally be deemed equivalent to one unit of the major.

Musicology 5 and 6 (Major and Honours) lead to a greater degree of autonomy and specialisation. Each student prepares one major paper
each semester, and is expected to participate to an increasing extent
in the selection and definition of research topics. Attention is given to
the criteria which lead to the definition of fruitful research areas, and
to the discipline required to conduct independent study within
prescribed time limits. Assessment is based primarily on the major
paper in its final submitted form. In addition the assessing tutor will
normally take into account the research process and initiative
demonstrated by the students throughout the semester. Honours
students will normally be encouraged to acquire a reading knowledge
of a major European language if they do not already have such
knowledge. Students taking the major as part of the BMus Studies

**Credit points:** 3  
**Session:** Semester 1  
**Classes:** 2hr lec/wk  
**Prerequisites:** CMPN1005 Composition 1 (Major)  
**Assessment:** Assignments, take home exam (100%)

Studies will fall primarily into the following areas: 1. Overview of music and composition in the 20th century. The aim is to introduce students to a range of compositional styles, concepts and developments in the period ranging from the late 19th century to the present. 2. Concepts of notation. This component includes an historical overview of the development of musical notation and will also focus on changing practices in the 20th century - additions and modifications to traditional notation, time/space and aleatoric notation, musical graphics, notation of electronic music etc, and the ideas which underlie the techniques covered. 3. Aspects of pitch rhythm and form: an introduction to concepts relating to the way musical/sound material is organised ranging from traditional to more contemporary approaches. 4. Introduction to orchestration. Students will look at the development of the orchestra and will examine techniques of orchestration up to, and including, works from the early 20th century repertoire. For further information, contact the Chair of Unit.

Brief survey of major developments in 20th century composition. Basic vocabulary of early 20th century composition: - modes (ecclesiastic modes, synthetic modes), pentatonic and hexatonic scales; - symmetrical pitch constructions (equal subUnit of octave, symmetrical pitch collections); - Messiaen's modes of limited transposition; - importance of Golden Section and Fibonaccii series in pitch organisation of Bartok; - intervallic cells; - atonal atonal theory including the pitch-class set theory; and - dodecaphony. Works by the following composers will be investigated: Debussy, Stravinsky, Bartok, Messiaen, Varese, Schoenberg, Berg, Weber, Crumb. Rhythmic practices and innovations of Stravinsky, Messiaen and early serialists. Study of 'rhetorical' [sic] dramatic and tonal aspects of classical forms, with particular emphasis on musical syntax in works by Mozart and Beethoven. Isorhythmic techniques of Machaut and his contemporaries. For further information, contact the Chair of Unit.

A major component of the unit is the study of variation technique as a compositional principle. Works from various historical periods are analysed in-so-far as they relate to variational patterns and cycles. Techniques of linear elaboration in both solo and multi-voiced composition such as contrapuntal techniques and processes of prolongation and elongation are investigated. Concepts of timbre and texture are introduced by the study of works by various composers and the processes of klangfarben construction are examined in works such as Schoenberg's Orchestral Pieces Op. 16 and Webern's Five Pieces for Orchestra Op. 10. This unit provides innovations in ensemble and orchestral writing in the works of composers such as Ives, Varese, Messiaen and early post-war composers such as Lutoslawski, Ligeti and Xenakis.

This unit covers the investigation of diverse structural and formal aspects of music written primarily in the second half of the 20th century. Works of many composers from this period will be analysed in some detail with respect to organisation of pitch, rhythm, harmony (vertical pitch organisation), timbre, texture, syntax, orchestration, transformational processes and formal problems. Investigation of influences of various transformational and structural processes, originally developed in electronic/computer music, on orchestration, structure and transformational processes in instrumental music is included. The role of the concepts of time and space in late 20th century compositional thought will also be considered. Some emphasis will be given to class discussion on aesthetics and philosophical backgrounds of various stylistic trends and compositional approaches in the 20th century.

Accompaniment Performance

The sequence of Accompaniment Performance 1 – 4 and the co-requisites; Accompaniment 5 – 8, is taken in lieu of Pianoforte (Major) 5 – 8 only by students who have successfully auditioned for entry into the Accompaniment major. The Principal Study is Accompaniment 5 – 8. The four Accompaniment Performance units focus on the study of solo repertoire and technical work aimed at improving the keyboard technique. Content is chosen to be particularly relevant for the accompaniment specialisation. The sequence is designed to emphasise the need for accompanists to be more than adequate pianists and students will be able to consult with their keyboard lecturer on any technical matter which may arise in the preparation of their Accompaniment Senior Recitals.

Cello Ensemble

The Cello Ensemble offers more challenge to advanced cellists than the cello part in most chamber music or orchestral literature. A wide variety of ensemble works will be studied and performed. New pieces are commissioned every year, concerts, broadcasts and tours undertaken. Performing with or without a conductor and in different positions will improve aural awareness, develop rhythmic control, coordinate pulse, balance, intonation and listening skills. Students will learn strategies to develop a cohesive ensemble with a refined and sophisticated cello sound and develop an autonomous and professional attitude to rehearsal and performance.

**Chamber Music**

Inherent in chamber music training are numerous key skills that will enable a musician to maximize his/her effectiveness and expressiveness in all performance situations. The essential entrepreneurial skills of producing and promoting concerts are natural extensions of forming a chamber music group and creating a niche in the marketplace. In conjunction with the outreach program, our students can learn to create performance opportunities throughout the region at public and private schools, churches, senior citizen centres, music clubs, local cultural organizations and on campus thus offering a testing ground while serving the community. Chamber music and chamber music skills are studied through the focused engagement with specific repertoire selected by relevant groups. Students are expected to form chamber ensembles of standard configurations which in this context is defined as a group of 3-10 musicians, performing without a conductor. Students are assigned a Principal Tutor who will advise of appropriate works for each level and coach the ensemble through the semester. Groups will be expected to cover a wide range of historical periods and styles.

**Jazz Big Band**

The Big Band may, at any time, comprise students enrolled in Big Band 1 – 8. The music that is studied and performed in Big Band 1 – 8 covers a wide range of styles from early to contemporary Jazz. Student compositions are specifically encouraged as the ensemble serves as a rehearsal band for student arrangements. Unit content in each semester is based on all aspects of professional and creative ensemble performance, including: reading, improvisation, dynamics, tone, intonation, articulation, swing, time-feel, style and ensemble interaction. Big Band membership is determined by staff from audition results so that students of similar experience can work together. The ensemble is the premier large ensemble of the Jazz unit and will give several public performances each year. NOTE: All Jazz Instrumental majors are required to audition for Big Band. Acceptance depends upon instrumentation balance and student competency. Jazz students who do not gain to Big Band will enrol in another unit of study of their choice. Non-Jazz majors may apply to audition and may be accepted by the Chair of Jazz Studies unit.

Orchestral Studies

The purpose of Orchestral Studies is to develop the entire range of skills which musicians must possess to prepare them to be a member of a professional orchestral ensemble. All students enrolled in Orchestral Studies must participate in two performance projects per semester. This is supported by the orchestral development program: students will receive weekly training/instruction in all aspects of orchestral playing. This includes participating in weekly repertoire sessions in the Symphony Orchestra or, in other training ensembles and groups such as the Chamber Orchestra, Wind Symphony, Early Music Ensemble, Modern Music Ensemble and Brass Ensemble. For wind and percussion students, participation in the Wind Symphony program can contribute to assessment in Orchestral Studies, providing the students are not enrolled separately in Wind Symphony. The objectives of Orchestral Studies are to develop: A thorough knowledge of orchestral playing styles and practices; ensemble intonation – the ability to play precisely and rhythmically and in tune with other members of an ensemble; the ability to concentrate and play with commitment; teamwork: the ability to work with a conductor and interpret his gestures. Assessment is based on all aspects of participation in the orchestral ensemble (assessed by the ensemble director/coordinator), in the weekly orchestral development classes and, in a final exam. Assessment criteria are: level of preparation, actual performance in the ensemble. Commitment, concentration, ability and teamwork. For further information contact the relevant Chair of Unit. For administrative arrangements contact the Ensembles Coordinator/orchestral manager.

Wind Symphony
Enrolment in these units of study may require an audition. Positions within the ensemble are allocated each semester. As is a standard practice in many conservatories in Australia and abroad, this subject mixes all years of all awards into a composite class. First year students work side by side with their colleagues in other years and learn the necessary skills of ensemble performance in the same way as do younger, less experienced musicians in first class ensembles in the professional music world. The skills to be studied include intonation, ensemble skills (playing together precisely and rhythmically), interpreting gestures, mannerisms and wishes of the conductor, tone control as well as ethics and correct behaviour of a member of an ensemble. In this regard, assessment is based on aspects of participation in the ensemble and will be assessed by the conductor. These aspects will be: level of preparation, performance in the ensemble, commitment, concentration, ability and teamwork. The repertoire for this ensemble is enormous and covers a wide range of styles ranging from transcriptions of early baroque works through to contemporary scores requiring new performance techniques. The units Wind Symphony 1 – 8 endeavour to give students a picture of these styles over a cycle of eight semesters. During that time, progressive assessment will be made regularly by the ensemble director and/or visiting conductors and improvement and greater understanding of the technique, styles and skills outlined earlier will be expected. Students can expect to take part in public performance. Students enrolled in this subject who are also undertaking Practice Teaching are expected to attend all rehearsals, which will be arranged after school hours. For wind and percussion students, participation in the Wind Symphony program can contribute to assessment in Orchestral Studies, providing the students are enrolled in Orchestral Studies and
not enrolled separately in Wind Symphony. For more information on teaching and assignments contact the Chair of Woodwind. For organisational matters, contact the Ensembles Coordinator.

This unit will explore specific works of literature which deal with musical matters or which make significant statements about musical aesthetics. The contribution towards understanding musical experience of creative artists who are not, or not primarily, musicians, is sometimes ignored in courses for the training of musicians. Yet, in the case of writers, such artists are often better equipped than musical professionals to capture in words, the ineffable nature of musical experience and aesthetics. Moreover their place as receivers rather than creators sometimes enables them to make statements about the broader cultural significance from a perspective outside that of production and performance. This course exists to allow trainee performers, teachers and musicologists an opportunity to explore such perspectives. Topics will include novels by: Thomas Mann, Herman Hesse, Gunter Grass, Milan Kundera, James Joyce, Bruce Chatwin, Thea Astley, Vikram Seth and others. The purpose of this unit is to use the prior practical and academic experiences of those enrolled in the Bachelor of Music (Music Education) program as a basis for the development of further skills in, and understanding of, classroom teaching. The content will consist of two related strands, namely, cooperative learning and classroom
management. Cooperative learning is emphasised because there has been a tendency for music teachers to work mainly in a teacher-centred setting. Students will study cooperative learning by working in small groups practising advanced questioning and active listening skills. The second strand, classroom management, will emphasise such concepts as demonstrating authority, organising the classroom, choosing rules and procedures, communicating with students and the management approaches of Glasser, Canter and Dreikurs. Students not enrolled in BMus(Music Education) are required to meet with the Course Coordinator before enrolling in this unit. For further information contact Dr D. Collins (General Studies).

The study of curriculum asks, "What should students learn?", and, "How should this learning take place?". In a democratic society where teachers have considerable choice in the selection of content and the mode of delivery it is essential that student teachers be aware of the undermining secondly and theoretical issues relating to curriculum and to the process of curriculum design. Thus, the purpose of this unit is to introduce students to curriculum theory through the study of current practices and through the activity of course design. The content of the unit will be presented under four major headings: i. Forms of curriculum organisation; ii. Curriculum development in New South Wales; iii. The elements of curriculum, viz., objectives, content, method and evaluation; iv. Alternative views of curriculum. Students not enrolled in BMus(Music Education) are required to meet with the Course Coordinator before enrolling in this unit. For further information contact Dr R. **Aural Perception**
Aural Perception Aural Perception (AP) is taken as a sequence of either four or five semester units. On entry to the BMus, DipMus or BMus Studies awards students will – on the basis of a written test – be assigned either to AP1 or to AP1A and AP1B. Both options cover the same material and have the same exit standard, but while AP1 is a one semester unit, AP1A and AP1B extend over one year (two semesters) to enable students with limited experience or weakness to progress at a slower pace. Regardless of the results of the written test, students may request enrolment in AP1A and AP1B. Students who successfully complete AP1 in first semester progress to AP2 in second semester. Students who successfully complete AP1B at the end of second semester progress to AP2 in first semester of the following year. The AP units aim to foster musical understanding by developing the aural perception skills which are essential for any professional musician: The ability to recognise, memorise and note musical patterns heard (dictation and analysis work); and The ability to imagine in one's 'inner ear', and reproduce vocally, musical patterns from notation (Solfege work). Students are encouraged to apply the ideas and procedures studied in class to their own musical pursuits. Within the Musicology unit, AP is integrated as closely as possible with the Harmony and Music History units. For further information contact the Aural Perception Co-ordinator, Alan Maddox (Musicology).

Session: Semester 1  
Classes: 1 lecture, 1 tutorial/wk  
Prerequisites: MCGY2008 Harmony and Analysis 1  
Assessment: Assignments (40%), examination (60%)  
Associated degrees: B Mus Studies, Dip Mus, UG Study Abroad Program.

An understanding of the materials of tonal music is fundamental to all aspects of a student's musicianship. The acquisition of practical skills in harmony provides a means of examining in their essence issues of musical structure and technique that apply throughout the tonal repertoire. In February Semester students gain fluency in writing four-part harmonisations using diatonic vocabulary, learning the basic chord functions and voice-leading patterns that will provide a framework for later elaboration. Exercises in species counterpoint are included to assist in the comprehension of voice leading principles, and the linear conception of music is further explored through introductory exercises in analysis.

Having acquired basic skills in voice leading and an understanding of diatonic chord functions, students are introduced to more advanced concepts that are encountered frequently in the tonal repertoire. These include modulation, diatonic sequences and techniques for working with instrumental textures. Counterpoint studies are continued, both in practice and in analysis, where some aspects of Baroque musical forms are considered.

Associated degrees: B Mus Studies, Dip Mus, UG Study Abroad Program.

In Semesters 1 and 2 some separation is maintained between studies in counterpoint and harmony but the emphasis here is upon drawing together those two aspects. An ideal model for this approach is offered by the chorales of J.S. Bach, which form a focus in Semester 3. Each topic is, however, extended to embrace later styles and assignments include the writing of short piano pieces, along with chorale settings and figured-bass exercises. With the benefit of a broader harmonic vocabulary, students will also investigate some aspects of fugal technique and sonata forms.

The study of pre-20th century tonal harmony is completed with a consideration of chromatic techniques, particularly those found in the
music of the first half of the 19th century. An exhaustive study of later 19th century chromaticism is beyond the scope of a course at this level, but is intended that students will at least acquire the ability to look further into the music of that period as they encounter it. In keeping with the stylistic orientation of the course, emphasis is placed upon developing facility with instrumental textures and working with some of the smaller forms found in 19th century music.

Composer Performer Workshop
The Composer Performer Workshop (CPW) provides both composers and performers with the opportunity to work together in the performance of new and experimental compositions. Student performers are encouraged to explore new instrumental techniques and combinations and to gain experience in performing the music of their contemporaries. Composers have the opportunity to try out ideas, compose for a variety of ensembles, direct and conduct their works and gain experience in working with performers. Moreover, composers gain experience in concert production and management. Performers are allocated to ensembles according to either pre-existing works by the composers or to ensembles for which new works will be composed. Under the supervision of staff composers and performers, student compositions are rehearsed, workshoped and, where appropriate, publicly performed at the assessment concerts at the conclusion of the semester. Performance students wishing to join CPW for their compulsory Chamber Music unit should refer also to the entry on Chamber Music in this handbook. Assessment for Composers: Professional approach in workshops to include presentation of clear scores and parts, assistance to performers, conducting rehearsals as necessary and supporting ideas with research when appropriate. Attendance at each workshop is compulsory. Each non-attendance other than those for which a medical certificate has been produced will result in the loss of 5 percentage points. (60%)Performance at the CPW concerts. (40%) Assessment for Performers: Professional approach in workshops to include presentation or assistance to composers of research pertinent to each player’s instrument and an openness to experimentation with various performance techniques. **Early Music Seminar**

Early Music Seminar is a seminar-style class devoted to preparing and presenting material relating to the candidate’s Principal Study, focussing on music before 1800. Aspects for study will include relevant repertoire, performance practice and/or technology. Students are also encouraged, where possible to explore the use of period instruments. The objective of the seminar is to use research to support performance. It will require both relevant performance and written work. It is open to any student in any undergraduate course at the Conservatorium with approval from their Course Coordinators. Assessment is based on attendance and involvement, performance, delivery of a short paper/presentation to the class and written work (graded). This consists of either of the following: An investigation of a treatise or other primary source material relevant to performance practice, normally historical and relating to the student's own principal study, discussed with and approved by the lecturer in charge of the unit, or: A report on a live performance of early music attended by the student AND program notes for one of the works being performed in the assessed performance. The presentation normally includes a lecture and demonstration/performance on the student’s chosen instrument/voice. Students select new topics each semester. Students also participate in an assessed performance which is intended to demonstrate aspects of historically informed performance practice studied during the semester. Each student will normally participate in one small ensemble item, and one larger work involving the whole class.

The Strings Performance Class aims to develop a comprehensive understanding of the relationship between technical and interpretative decisions. Visiting artists are invited from time to time to give presentations or masterclasses and students are encouraged to explore a variety of repertoire including orchestral audition repertoire. While performances of works-in-progress are not assessed, students will be expected to submit a recording of studied repertoire or etudes as specified by the lecturer including a brief analytical essay (max 1500 words) discussing relevant performance development issues such as practice techniques, technical analysis of works or problem-constellations, choice of fingerings/bowings and their interpretative implications, comparative analysis of editions of selected works, stylistic requirements and appropriate means of interpretative realisation, etc. For further information contact A/Prof G. Richter.

- Master of Music (Applied Research in Music Performance)
- Master of Music (Composition)
- Master of Music (Music Education)
- Master of Music (Musicology)
- Master of Music (Performance)

Language requirements

Teaching at the Conservatorium is in English. Students for whom English is not their first language must be able to demonstrate to the University of Sydney their ability to undertake study in English. The following IELTS levels, or their equivalents, have been set for this.

For all Conservatorium graduate research degrees

IELTS level of 7.0 with no component below 6.5.

Master’s preliminary course

Candidates who demonstrate through audition, interview and/or portfolio of work that they have a capacity to undertake the Master of Applied Science in Music Performance or the Master of Music degree in Performance, Composition, Musicology, Applied Research in Music Performance or Music Education, but whose prior learning is deficient in a specific area may, on the advice of the Graduate Studies Committee be admitted to the Master’s Preliminary Course. Students will undertake:

- Programs within the master’s preliminary courses drawn from existing undergraduate units of study within the Conservatorium.
- Programs delivered by the Student Learning Centre at the University of Sydney.
- Preliminary research projects in the student’s area of research interest, (designed to give the student basic research competencies).

Programs will be designed around the individual needs of particular students on the advice of the admission panel. The course normally represents 15 credit points per semester, and is subject to pro-rata fee payment.

Assessment in this course will consist of the following:

- Completion of assessment requirements of specified undergraduate units of study and Student Learning Centre units as stipulated by the Head of School, and
- A long essay of 5000 words on a negotiated topic, demonstrating competence in research and academic writing.

Master’s preliminary units of study:

PREL4001 Project 1 (6cp)
PREL4002 Project 2 (6cp)

PreL4003 Elective A (3cp)
PreL4004 Elective B (3cp)

Doctor of Philosophy

Candidates may undertake supervised research in composition, music education, musicology, performance or interdisciplinary applied research in The Australian Centre for Applied Research in Music Performance (ACARMP). Regulations for doctoral study at the Conservatorium are governed by the regulations of the Senate of the University of Sydney for the degree of Doctor of Philosophy and by resolutions of the Academic Board. These are set out in the Postgraduate Research and Coursework Handbook available from the Conservatorium.

Admission is determined on the basis that an applicant will:

- have gained either a relevant master’s degree by research, a relevant master’s degree by coursework with a minimum grade point average of 80 per cent, or a relevant bachelor’s degree with 1st Class Honours or 2nd Class Division 1 Honours.
- submit to the Conservatorium an outline of proposed research which, in the opinion of the Conservatorium, is appropriate for study at doctoral level and will make a substantial contribution to the candidate’s field of study
- demonstrate to the satisfaction of the Conservatorium that the necessary training, skills and ability required for doctoral study and successful completion of the proposed research have been acquired, and
- in addition to these requirements, in the case of progression by performance and thesis, successfully perform at an audition on the chosen instrument/voice.

Admission to candidacy for the PhD is probatory for the first twelve months of enrolment. The University's policies governing annual review of candidacy apply.

The degree of Doctor of Philosophy is awarded by the University to appropriately qualified candidates who have fulfilled a program of research and submitted a thesis. The means for meeting these requirements consist of either a thesis of between 15,000 and 20,000 words, or three substantial recitals with an accompanying thesis of between 30,000 and 80,000 words. Candidates can also be expected to attend seminars to support their research as directed. In the case of the Doctor of Philosophy by portfolio of compositions and thesis, the thesis consists of analytical notes on the portfolio. In the case of the Doctor of Philosophy by performance and thesis, candidates will perform twice a semester in a suitable graduate context and in addition to the thesis, write detailed, analytical documentation to support the required three recitals (minimum of 3000 words for each recital).

Candidates for the degree of PhD are supervised by appropriately appointed staff. In the case of candidates studying for the PhD by thesis and performance, this is normally four full-time semesters of performance supervision and two full-time semesters of academic supervision.

Intending candidates should refer to the admission and degree requirements in the University of Sydney Statutes and Regulations and the Postgraduate Research Studies Handbook. They should also discuss their application and intended research with the Associate Dean (Graduate Studies) in the first instance.

**Master of Music (Composition)**

The Master of Music (Composition) program consists of two streams of study. The first stream of study is a semester-based series of seminar topics selected from the following six fields: Foundations of Music Education; Comparative Music Education; Curriculum Design for Music Education; Technology in Music Education; Multicultural Studies in Music Education; and Sociology of Music Education. A concurrently running research stream provides instruction in research methodology which underpins the writing of a thesis, the major component of the degree. The term 'thesis' is interpreted loosely in this context, and refers to any form of research-based work approved by the Conservatorium.

Admission is determined on the basis that applicants will:

- have gained a Bachelor of Music degree with a major in Music Education from the Sydney Conservatorium of Music; or
- have completed studies deemed by the Conservatorium to be equivalent to the standard of knowledge and ability required for the award of the degree of Bachelor of Music; or
- in exceptional circumstances, if the Conservatorium determines that such applicant, although not meeting the requirements of (a) or (b), has exceptional qualifications and the aptitude required for undertaking the award program; and
- present a 500-word summary of their proposed area of research, and
- attend an interview. Candidates should be prepared to discuss their background, attitudes and research interest in music education and their music teaching background.

**Course structure**

The Master of Music (Composition) course can be completed in either four semesters of full-time study or six semesters of part-time study. Candidature will include:

- enrolment in units of study in Musicoanalytical Research Methods and Musical Analysis;
- enrolment in Seminar topics approved for the Musicoanalytical program;
- attendance at the Musicoanalytical Research Workshop and, as required, at Musicoanalytical Workshop. These supplement classes and individual research and provide a forum for discussion. Candidates will be required to present reports of their research in the Research Workshop;
- supervised research on an approved topic;
- submission of a thesis of 40,000 words embodying the results of the research.
At the end of the first year candidates may be required to take a qualifying examination. This examination is designed to test a number of aspects of the progress of the candidate and to assess his/her preparedness and ability to undertake the intellectual demands of independent research. Candidates will not be permitted to proceed to the thesis without being able to demonstrate that they have integrated and can apply what they have learned thus far in the course, and that their methodological base is sound.

Students should use the following table as a guide to normal progression through the Master of Music (Musicology) course.

**Master of Music (Performance)**

The purpose of the Master of Music (Performance), which is a research degree, is to produce candidates able to organise and present performances which demonstrate independence of thought, critical awareness, interpretative capabilities, a research approach to musical performance and high levels of musical scholarship. The program for the Master of Music (Performance) requires both skills as a performer and those of academic research, including the writing of research-based documentation to support a candidate's repertoire and instrumental/vocal practice. This necessitates an approach that extends the boundaries of musical performance, questions stylistic practices, historiscises approaches to performance, proposes new interpretative models for music and incorporates critical and analytical thinking into candidates' performances.

Admission is determined on the basis that applicants will:

- have gained a Bachelor of Music degree with a major in Performance from the Sydney Conservatorium of Music; or
- have completed studies deemed by the Conservatorium to be equivalent to the standard of knowledge and ability required for the award of the degree of Bachelor of Music; or
- in exceptional circumstances, if the Board determines that such applicant, although not meeting the requirements of (a) or (b), has exceptional qualifications and the aptitude required for undertaking the award program; and
- present a program on their principal instrument in audition at graduating undergraduate recital standard; and
- present a 500-word summary of their proposed area of research/creative work and attend an interview.

Applicants should be prepared to present an audition comprising a 50min recital of works at an advanced level of difficulty to a high standard of excellence. The audition panel retains the right to curtail the performance and select excerpts of the works presented as it sees fit. At the interview, candidates should be prepared to discuss their proposed area of research and its relationship to their performance work.

### Course structure

The Master of Music (Performance) course is minimally completed in two years of full-time study and comprises a Major study in an instrument or voice, and academic units. The academic studies component assumes that candidates have a sound basic knowledge of the history and harmonic practice of Western music from at least the Baroque era to the present day. The purpose of the seminar program is to build upon this knowledge in a manner appropriate to the requirements of the mature postgraduate performance Major.

Candidate will include:

- Individual lessons together with masterclasses and performance workshops (attendance and performances mandatory);
- participation in seminars dealing with essential areas of research method and music analysis and areas relevant to the student's interests;
- development and presentation of four 50 minute recitals or performance projects which demonstrate originality and which investigate and expand the boundaries of the discipline of performance. Each performance is accompanied by Critical Notes which articulate the aim of the performance and its place in the area of the student's research enquiry;
- submission of a thesis of 10,000 - 15,000 words on a topic relevant to the performance interest developed with the supervisors.

Students should use the following table as a guide to normal progression through the Master of Music (Performance) course.

This information should be read in conjunction with the Postgraduate Research Studies Handbook and the Postgraduate Research and Coursework Handbook, published by the University of Sydney and available from the Conservatorium Student Administration or online.

The Conservatorium offers two types of graduate degree programs: research degrees and coursework degrees. At the University of Sydney, Coursework degrees are fee paying. Please refer to the University website.

Coursework degrees

- Graduate Certificate in Music/Graduate Diploma in Music/Master of Music Studies (Creative Sound Production)
- Graduate Certificate in Music/Graduate Diploma in Music/Master of Music Studies (Pedagogy)
- Graduate Diploma in Music (Accompaniment)
- Graduate Diploma in Music/Master of Music Studies (Opera)
- Graduate Diploma in Music/Master of Music Studies (Performance)
- Master of Music Studies (Conducting)

Language requirements

Teaching at the Conservatorium is in English. Students for whom English is not their first language must be able to demonstrate to the University of Sydney their ability to undertake study in English. The following IELTS levels, or their equivalents, have been set for this:

Certificate/Diploma/Master of Music Studies (Pedagogy) and Certificate/Diploma/Master of Music Studies (Creative Sound Production)

IELTS level of 7.0 with no component below 6.5

Graduate Diploma of Music (Performance) and Master of Music Studies (Performance) IELTS level of 6.0.

Graduate Certificate in Music (Creative Sound Production)

Graduate Diploma in Music (Creative Sound Production)

Master of Music Studies (Creative Sound Production)

The Graduate Certificate in Music (Creative Sound Production), Graduate Diploma in Music (Creative Sound Production), Master of Music Studies (Creative Sound Production) provide students with technical, aesthetic and artistic foundations in the medium of sound recording to create just documentation of musical events, imaginative recorded representations of musical works, and original artworks utilising the recorded medium. These awards prepare graduates with the skills necessary to seek employment in the music industry and aim to produce well rounded, multi-skilled graduates who have developed conceptual as well as technical skills. This approach equips graduates with the necessary skills to operate effectively in freelance contexts, in small business or in larger organisations.

These three awards are designed as a package of modularised postgraduate coursework programs with exit points after the Graduate Certificate, the Graduate Diploma, or the Master of Music Studies. Suitably qualified students may apply to transfer from one award to another and will receive credit for work successfully completed in the prior award. Such candidates do not receive the earlier award in these cases.

Admission is determined on the basis that students will:

- have gained a relevant undergraduate degree, or have completed courses appropriate to the area of study;
- have gained qualifications and experience, and demonstrated aptitude which are deemed by the Conservatorium to warrant admission, and
- successfully complete an interview at which they will provide examples of their work in the area of sound production.

Course structure

The Graduate Certificate in Music (Creative Sound Production) requires one full-time semester of candidature and consists of four areas of study. The Graduate Diploma in Music (Creative Sound Production) and the Master of Music Studies study (Creative Sound Production) each require two semesters of full-time study.

Graduate Diploma in Music (Opera)

Master of Music Studies (Opera)

The study of opera within the Graduate Diploma and the Master of Music Studies (Opera) is designed to meet the needs of graduate opera students who wish to extend their technical knowledge of the repertoire and performance practice. It is intended for graduates and professional singers who wish to enhance those skills required on the opera and music theatre stage.

Admission is determined on the basis of:

- successful completion of a relevant undergraduate program. Applicants who do not have a recognised tertiary award but who demonstrate an equivalent musical ability and maturity at the audition and interview, and who can show considerable performing experience may be admitted; and
  - an audition; and
  - an interview.

Audition requirements

Candidates should be prepared to present a varied program of at least four arias at an advanced level of difficulty and to a high standard of excellence. In an interview following the performance, the student will outline a proposed plan of study.

Course structure

The course aims to develop and refine the technical and interpretive qualities of the student’s voice as an operatic instrument with emphasis on developing self-sufficiency in role selection, concert repertoire and program building.

It includes a focus on text related matters in various kinds of vocal music to foster the development of skills as an interpreter in all the major operatic languages. Candidates also study language structure, poetry, and operatic text within a cultural and historical context and will focus on increasing awareness of the word/music relationship.

Both the Graduate Diploma and the Masters include a series of masterclasses, ensemble rehearsals, workshops and concert and/or staged performances to develop skills as an operatic performer, with particular emphasis on character and role building, movement and gesture, the understanding of emotional context and general communication skills.

The Opera Performance Portfolio in the Masters course requires selection of a particular aspect of operatic specialisation for an extensive exploration. This investigation may focus on the historical, cultural, and political contexts of the operas or could explore unifying thematic or stylistic elements of selected roles. The final presentation of all the roles studied is accompanied by a written reflective element.

Tables 10.8 and 10.9 show the structures of the Graduate Diploma of Music (Opera) and the Master of Music Studies (Opera). These programs normally available only for full-time study.

Students enrolled in the Graduate Diploma of Music (Opera) may apply for admission to the Master of Music Studies (Opera) at the end of Semester 2 if they wish to continue and do not take out the Graduate Diploma.
Graduate Diploma in Music (Performance)

Master of Music Studies (Performance)

The Graduate Diploma in Music (Performance) and Master of Music Studies (Performance) are designed to extend candidates' technical mastery of their instrument/voice while deepening their knowledge of repertoire and performance practice. Upon completion of these awards, candidates can expect to be prepared for professional placement in the music profession. On successful completion, graduates will be able to:

- select, research and perform repertoire at standards of excellence commensurate with professional expectations;
- have command of relevant performance technique;
- communicate through musical performance;
- deal with the exigencies of the concert stage and/or theatre;

Admission is determined on the basis of:

- successful completion of a relevant undergraduate program;
- Applicants who do not have a recognised tertiary award but who demonstrate an equivalent musical ability and maturity at the audition and interview, and who can show considerable performing experience may be admitted;
- an audition; and
- an interview.

Course structure

The required units of study for these awards indicate the practical focus placed on performance as both a soloist and member of a musical ensemble. Students enrolled in the Graduate Diploma in Music (Performance) may apply for admission to the Master of Music Studies (Performance) at the conclusion of semester 2 but do not receive the Graduate Diploma in Music (Performance) if they are successful in their application.

Candidature for the Graduate Diploma in Music (Performance) will include:

- two recitals;
- participation in nominated music ensembles.

Tables 10.10 and 10.11 show the structures of the Graduate Diploma in Music (Performance) and the Master of Music Studies (Performance).

(Repetiteur)

This method of undertaking the GradDipMus(Perf) allows accomplished pianists to develop skills necessary for undertaking professional placement in opera/theatre companies that require repetiteurs. At audition an applicant must demonstrate both solo performance and accompaniment skills; demonstrate vocal coaching ability; and discuss understanding of the roles and responsibilities of a repetiteur. In Principal Study, a repetiteur student undertakes study in vocal coaching, score reading and repertoire, with assessment based on those skills rather than a jury exam and recital. In Graduate Ensemble 1 and 3, a repetiteur student will work with vocal students in various contexts; in Graduate Ensemble 2 and 4, a repetiteur student will work in Graduate Production 2 and 4.

Master of Music Studies (Conducting)

The Master of Music Studies (Conducting) is a four semester coursework degree for the training of conductors to a level that allows them to seek professional placement with music ensembles. The degree program combines detailed study of conducting techniques, in-house experience of working with ensembles and conductors, and supporting academic units of study to produce comprehensively prepared conductors.

Admission is determined on the basis that an applicant will:

- Have gained a Bachelor of Music from the Sydney Conservatorium of Music, or have completed studies deemed by the Conservatorium to be equivalent to the standard of knowledge and ability required for the award of the degree of Bachelor of Music, or in exceptional circumstances, if the Conservatorium determines that an applicant, although not meeting either of the first two requirements, has exceptional qualifications and the aptitude required for undertaking the award program;
- Submit a film/video/VCD/DVD of her/himself conducting an ensemble in the repertoire expected of a professional conducting level and demonstrating the candidates's conducting abilities;
- Successfully complete such tests of musical ability as the Sydney Conservatorium of Music requires;
- Perform a short program on their respective instrument or voice and demonstrate a level of performance commensurate with that expected of the holder of an undergraduate Music degree or equivalent;
- Conduct a nominated repertoire with an ensemble and demonstrate ability and potential to perform as a conductor;
- Successfully complete an interview.

Course structure

Candidature will include: lessons, masterclasses and workshops in conducting; participation in seminar subjects designed to support the training of conductors; design and implementation of an individual student project; performances as required.

Music Analysis Today
Credit points: 4 Session: Semester 2 Classes: One 1hr lec/seminar/wk Assessment: 2500-3000w essay (100%)
Associated degrees: M Mus (Performance).
Consolidates previously acquired analytic skills and makes the student aware of recent developments in music theory and analysis applicable to music since 1650, with particular emphasis on 19th and early 20th century music. The basic approach is discursive rather than dictatorial, and students are required to discuss and criticise the analytic methods dealt with in the seminar. The precise contents of the unit are subject to revision in the light of recent research but typical subjects might include the analysis of composers’ sketches from Beethoven to Webern; the limits and limitations of layer analysis after Schenker; the application of the Golden Section in formal analysis; Allen Forte’s criteria for the analysis of atonal music; analysis and cultural studies. Students taking Principal Study in Jazz examine analytic methodologies appropriate to research in Jazz. For further information contact Associate Professor P. McCallum (Musicology).

The course aims to survey current methodologies and issues in music analysis to a level relevant to the contemporary scholar, and to develop expertise in analytical methodologies relevant to the student's area of research expertise. It is assumed that students will have at least an introductory knowledge of current methodologies such as Schenkerian analysis, set theory and a sound understanding of traditional approaches to form. The unit extends and deepens this knowledge with an emphasis on both critical discussion and on developing analytical skills. Topics studied include: aspects of Schenkerian theory, semiotic approaches to music, issues in the analysis of atonal music, a historical survey of approaches to the analysis of music, modernist analysis and “new” musicology, and analysis and the creative process. For further information contact Associate Professor P. McCallum.

Session: Semester 1, Semester 2
Classes: 2hr seminar/wk
Assessment: Continual assessment and individual task assessment; literature review
Associated degrees: M Mus (Mus Ed.), PG Coursework Exchange.

The aims of this unit of study are to develop an understanding of music education research processes, and to identify research methods suitable for individual students' research topics. In this unit of study, students examine a range of music education research paradigms which can broadly be categorised as qualitative or quantitative, and are introduced to related research procedures. Readings and seminar activities are designed to facilitate students' critical analysis of research in terms of the relevant research methods. Students will also develop strategies for locating and reviewing literature pertaining to their fields of research interest. At the culmination of this course, students will submit a preliminary literature review as the initial phase in the preparation of their research.

Associated degrees: M Mus (Mus Ed ), PG Coursework Exchange.

This unit of study consolidates and extends skills acquired in Research Methods 1. The first objective is to acquaint students with a variety of data analysis procedures employed in music education research. Evolving skills will be extended through practical tasks in which students examine and apply a range of qualitative and quantitative data analysis procedures. A further objective is the completion of a research proposal. Through ongoing reading and critical evaluation of related research literature, students will prepare a research proposal for implementation in the final year of the program. Ethical issues in music education research are an adjunct area of study, and students will submit all documentation required for ethics approval for their proposed research.

Admission
Please also see Admission in the Glossary at the back of this handbook.

All undergraduate applicants are required to lodge an application for admission to a course with the Student Administration Office as well as the Universities Admission Centre (UAC). All applicants for admission to a postgraduate course must submit an application form to the Student Administration Office at the Sydney Conservatorium. Postgraduate applicants are requested to attach a certified copy of their full academic record. Photocopies cannot be accepted unless they are clear copies and officially signed and certified as to their accuracy.

Admission restrictions
It is necessary to regulate the admission of candidates for courses to ensure that students accepted will not exceed the number for which adequate accommodation and facilities are available. Entry to the courses is competitive. For further information please refer to course descriptions later in this Handbook.

Advanced standing
Please also see Credit in the Glossary at the back of this handbook.

Students admitted to a course at the Conservatorium may be granted advanced standing based on previous attainment in another course at a recognised tertiary institution. Advanced standing is granted in the form of credit points which count towards the requirements for the course.

Applications for advanced standing in Principal Study shall be made at the time of making application for admission and determined at the audition. Application forms are available from the Student Administration Office and must be submitted along with complete information about the relevant prior study before a student will be permitted to enrol with advanced standing.

Award
An accredited tertiary course of study conducted by the Conservatorium consisting of such units of study, progressive sequences and other requirements as are presented in the Conservatorium Rules, Faculty Resolutions for each course (where enacted) and associated schedules and documents. After successful completion of a course of study, students graduate with an academic award.

Board
The College Board of the Sydney Conservatorium of Music.

Census dates
Please see HECS Census date in the Glossary at the back of this handbook.

Credit
Please also see Credit in the Glossary at the back of this handbook.

Credit is the recognition of prior work successfully undertaken by the student in an approved academic institution and allowing its contribution towards a Conservatorium award. Specific credit may be given as recognition of prior work as directly equivalent to a unit of study at the Conservatorium or as non-specific credit when it is not linked to a Conservatorium unit of study. Generally, the same unit of study cannot be counted towards the requirements for two different awards.

Graduates, however, may be given a limited amount of credit for units of study already counted in a completed qualification. The Academic Board policy on Advanced Standing, Credit and Exemption states that the maximum credit granted in such cases will be determined by the requirement that a graduate who is admitted to candidature for a degree of bachelor with credit for completed units of study shall attend units of study for the equivalent of at least two full-time years in that course, unless additional credit from an uncompleted course or courses has also been granted.

Application forms are available from the Student Administration Office.

Credit point
The value assigned to a unit of study as specified in the schedule for the course and indicative of the relative weight of the unit of study in the course. The requirements for each course are expressed as a minimum total number of credit points. Students earn an approved number of credit points for each unit of study which is successfully completed.

Concurrent enrolments
A student enrolled in a course at the Conservatorium cannot be concurrently enrolled in another course at the Conservatorium, the University of Sydney or in another tertiary institution without the approval of the Board.

Conservatorium
The Sydney Conservatorium of Music.

Corequisite
A unit of study which must be undertaken concurrently with another prescribed unit of study.

Course transfer
Students wishing to transfer from one Conservatorium course to another [possible only at the beginning of a semester] must submit an application form at least two weeks prior to the commencement of semester to the Manager, Student Administration, who will submit the application to the Chair, Undergraduate or Graduate Studies Committee for determination.

Deferment of enrolment
Please also see Admission (deferment) in the Glossary at the back of this Handbook.
A candidate offered admission to a Conservatorium course who then applies to defer enrolment in that course for a semester, is subject to re-audition/interview prior to enrolment.

Enrolment
Enrolment is the process by which an applicant officially accepts the offer of a place in a particular course. Enrolment is the nomination by a student of the units of study to be studied in a specified semester or year of a course. Enrolment comprises completion of the official enrolment form and payment of all prescribed fees, including arrangements for the Higher Education Contribution Scheme (HECS).

Exemption
Exemption is the granting of a "waiver" from parts of the prescribed work for a particular unit of study on the basis of fully documented study successfully undertaken by the student at an approved academic institution. In such cases no credit is given and the student will still be required to complete an alternative unit of study as approved by the appropriate Chair of Unit and the Assistant Principal.

Application forms are available from the Student Administration Office.

Full-time student
Please also see Attendance pattern/type in the Glossary at the back of this handbook.

A student who undertakes a minimum of three-quarters (18 credit points in any one semester) of a full time enrolment (24 credit points in any one semester).

Major and minor level of study
Principal Study (as defined below) is, in some instances, available at major or minor level, reflecting different levels of entry and attainment, different workload expectations and different credit point values.

Principal Study
In undergraduate awards, Principal Study is major level study in Jazz Performance or Composition, or major or minor level study in Musicology, Voice, Piano, Harpsichord, Organ, Violin, Viola, Cello, Double Bass, Guitar, Lute, Harp, Flute, Oboe, Clarinet, Saxophone, Bassoon, Recorder, French Horn, Trumpet, Trombone, Tuba, Percussion and such other instruments as may be approved by the Undergraduate Studies Committee.

Except with the approval of the Board, students will normally be enrolled in a Principal Study in each semester of their course, until they have completed the minimum requirements in Principal Study for their award.

Part-time student
A student who undertakes less than three-quarters (18 credit points in any one semester) of a full-time enrolment (24 credit points in any one semester).

Prerequisite
A prescribed unit of study which must be completed satisfactorily before a student is permitted to enrol in another prescribed unit of study. Units of study which have prerequisite requirements are either related in subject matter or are at a higher level of difficulty than the previous unit of study.

Unit of study
Please also see Unit of study in the Glossary at the back of this handbook.

appropriate, authorised electronic forms) of the units to be
studied in the year or the semester; and

Winter School

The Summer School
The Summer School is a full fee-paying, intensive program offering high quality undergraduate and postgraduate units of study from most faculties. These units of study are the same as those offered in Semesters One and Two, but are taught as an intensive program over summer. Some classes commence in December, others commence in January and continue into February (including the exam week). Some units of study run for seven weeks others are shorter. Students can take a maximum of two units of study.

The Winter School
The Winter School is held every July during the academic year. The Winter School is a smaller, more intensive three week program.

Advantages
Attending classes at Sydney University during summer offers many advantages. You can
• use this time to accelerate your academic career and to finish your degree sooner
• devote your full attention to a single area of study
• take courses that might be outside your normal degree
• reduce your workload throughout the rest of the year
• repeat units of study in which you may have been unsuccessful
• combine study with a field trip in Australia or a tour overseas.

For high school graduates, you can
• sample a university program
• get a head start on your degree.

How to apply
Applications will only be accepted online. Our website is www.summer.usyd.edu.au

Some units have limited places and fill very quickly. All places are filled strictly on a first in first served basis so it is recommended that you apply early.

Preliminary

1. Commencement and purpose of Rule

1.1 This Rule is made by the Senate pursuant to section 37(1) of
the University of Sydney Act 1989 for the purposes of the
University of Sydney By-Law 1999.

1.2 This Rule comes into force on 1 January 2001.

1.3 This Rule governs all coursework award courses in the
University. It is to be read in conjunction with the University of
Sydney (Amendment Act) Rule 1999 and the Resolutions of
the Senate and the faculty resolutions relating to each award
course in that faculty.

Rules relating to coursework award courses

1. Definitions In this Rule:

1.1 award course means a formally approved program of study
which can lead to an academic award granted by the University.

1.2 coursework means an award course not designated as a
research award course. While the program of study in a
coursework award course may include a component of original,
supervised research, other forms of instruction and learning
normally will be dominant. All undergraduate award courses
are coursework award courses.

1.3 credit means advanced standing based on previous attainment
in another award course at the University or at another
institution. The advanced standing is expressed as credit points
granted towards the award course. Credit may be granted as
specific credit or non-specific credit.

1.3.1 specific credit means the recognition of previously
completed studies as directly equivalent to units of study;

1.3.2 non-specific credit means a ‘block credit’ for a specified
number of credit points at a particular level. These credit
points may be in a particular subject area but are not linked
to a specific unit of study; and

1.3.3 credit points means a measure of value indicating the
contribution each unit of study provides towards meeting
award course completion requirements stated as a total credit
point value.

1.4 dean means the dean of a faculty or the director or principal
of an academic college or the chairperson of a board of studies.

1.5 degree means a degree at the level of bachelor or master for
the purpose of this Rule.

1.6 embedded courses/programs means award courses in the
graduate certificate/graduate diploma/master’s degree by
coursework sequence which allow unit of study credit points
to count in more than one of the awards.

1.7 faculty means a faculty, college board, a board of studies or
the Australian Graduate School of Management Limited as
established in each case by its constitution and in these Rules
refers to the faculty or faculties responsible for the award course
concerned.

1.8 major means a defined program of study, generally comprising
specified units of study from later stages of the award course
and requiring a smaller number of credit points than a major.

1.9 minor means a defined program of study, generally comprising
units of study from later stages of the award course and
requiring the overall award course requirements.

1.10 postgraduate award course means an award course leading
to the award of a graduate certificate, graduate diploma, degree
of master or a doctorate. Normally, a postgraduate award
course requires the completion of a relevant undergraduate degree or
diploma.

1.11 research award course means an award course in which
students undertake and report systematic, creative work in
order to increase the stock of knowledge. The research award
courses offered by the University are: higher doctorate, Doctor
of Philosophy, doctorates by research and advanced
coursework, and certain degrees of master designated as
research degrees. The systematic, creative component of a
research award course must comprise at least 66 per cent of
the overall award course requirements.

1.12 stream means a defined program of study within an award
course, which requires the completion of a program of study
specified by the award course rules for the particular stream,
in addition to the core program specified by award course rules
for the award course.

1.13 student means a person enrolled as a candidate for a course.

1.14 testamur means a certificate of award provided to a graduate,
usually at a graduation ceremony.

1.15 transcript or academic transcript means a printed statement
setting out a student's academic record at the University.

1.16 unit of study means the smallest stand-alone component of
a student's award course that is recordable on a student’s
transcript. Units of study have an integer credit point value,
normally in the range 3–24.

1.17 undergraduate award course means an award course leading
to the award of an associate diploma, diploma, advanced
diploma or degree of bachelor.

2. Authorities and responsibilities

2.1 Authorities and responsibilities for the functions set out in this
Rule are defined in the document Academic Delegations
of Authority. The latter document sets out the mechanisms by
which a person who has delegated authority may appoint an
agent to perform a particular function.

2.1 The procedures for consideration of, and deadlines for
submission of, proposals for new and amended award courses
will be determined by the Academic Board.

Division 1: Award course requirements, credit
points and assessment

3. Award course requirements

3.1 To qualify for the award of a degree, diploma or certificate, a
student must:

3.1.1 complete the award course requirements specified by the
Senate for the award of the degree, diploma or certificate
concerned;

For the latest updates, visit Handbooks online.
http://www.usyd.edu.au/handbooks
3.1.2 complete any other award course requirements specified by the Academic Board on the recommendation of the faculty and published in the faculty resolutions relating to the award course;

3.1.3 complete any other award course requirements specified by the faculty in accordance with its delegated authority and published in the faculty resolutions relating to the award course; and

3.1.4 satisfy the requirements of all other relevant by-laws, rules and resolutions of the University.

4. Units of study and credit points

4.1 A unit of study comprises the forms of teaching and learning approved by the University. Where the unit of study is being provided specifically for an award course which is the responsibility of another faculty, that faculty must also provide approval.

4.1.1 A unit of study may be deemed not to have been completed if the student:

4.1.2 Any faculty considering the inclusion of a unit of study in the tables of units available for an award course for which it is responsible may review the forms of teaching and learning of that unit, may consult with the approving faculty about aspects of that unit and may specify additional conditions with respect to inclusion of that unit of study.

4.2 A student completes a unit of study if the student:

4.2.1 participates in the learning experiences provided for the unit of study;

4.2.2 meets the standards required by the University for academic honesty;

4.2.3 meets all examination, assessment and attendance requirements for the unit of study; and

4.2.4 passes the required assessments for the unit of study.

4.3 Each unit of study is assigned a specified number of credit points by the faculty responsible for the unit of study.

4.4 The total number of credit points required for completion of an award course will be as specified in the Senate resolutions relating to the award course.

4.5 The total number of credit points required for completion of award courses in an approved combined award course will be specified in the Senate or faculty resolutions relating to the award course.

4.6 A student may, under special circumstances, and in accordance with faculty resolutions, be permitted by the relevant dean to undertake a unit or units of study other than those specified in the faculty resolutions relating to the award course and have that unit or those units of study counted towards fulfilling the requirements of the award course in which the student is enrolled.

5. Unit of study assessment

5.1 A student who completes a unit of study will normally be awarded grades of high distinction, distinction, credit or pass, in accordance with policies established by the Academic Board. The grades high distinction, distinction and credit indicate work of a standard higher than that required for a pass.

5.2 A student who completes a unit of study for which only a pass/fail result is available will be recorded as having satisfied requirements.

5.3 In determining the results of a student in any unit of study, the whole of the student's work in the unit of study may be taken into account.

5.4 Examination and assessment in the University are conducted in accordance with the policies and directions of the Academic Board.

6.2 A faculty has authority to specify the circumstances under which a student who does not satisfy attendance requirements may be deemed not to have completed a unit of study or an award course.

Division 2: Enrolment

7. Enrolment restrictions

7.1 A student who has completed a unit of study towards the requirements of an award course may not re-enrol in that unit of study, except as permitted by faculty resolution or with the written permission of the dean. A student permitted to re-enrol may receive a higher or lower grade, but not additional credit points.

7.2 Except as provided in section 7.1, a student may not enrol in any unit of study which overlaps substantially in content with a unit that has already been completed or for which credit or exemption has been granted towards the award course requirements.

7.3 A student may not enrol in units of study additional to award course requirements without first obtaining permission from the relevant dean.

7.4 Except as prescribed in faculty resolutions or with the permission of the relevant dean:

7.4.1 a student enrolled in an undergraduate course may not enrol in units of study with a total value of more than 32 credit points in any one semester, or 16 credit points in the summer session; and

7.4.2 a student enrolled in a postgraduate award course may not enrol in units of study with a total value of more than 24 credit points in any one semester, or 12 credit points in the summer session.

Division 3: Credit, cross-institutional study and their upper limits

8. Credit for previous studies

8.1 Students may be granted credit on the basis of previous studies.

8.2 Notwithstanding any credit granted on the basis of work completed or prior learning in another award course at the University of Sydney or in another institution, in order to qualify for an award a student must:

8.2.1 for undergraduate award courses, complete a minimum of the equivalent of two full-time semesters of the award course at the University; and

8.2.2 for postgraduate award courses, complete at least 50 per cent of the requirements prescribed for the award course at the University.

These requirements may be varied where the work was completed as part of an embedded program at the University or as part of an award course approved by the University in an approved conjoint venture with another institution.

8.3 The credit granted on the basis of work completed at an institution other than a university normally should not exceed one third of the overall award course requirements.

8.4 A faculty has authority to establish embedded academic sequences in closely related graduate certificate, graduate diploma and master's degree award courses. In such embedded sequences, a student may be granted credit for all or some of the units of study completed in one award of the sequence towards any other award in the sequence, irrespective of whether or not the award has been conferred.

8.5 In an award course offered as part of an approved conjoint venture the provisions for the granting of credit are prescribed in the Resolutions of the Senate and the faculty resolutions relating to that award course.

9. Cross-institutional study

9.1 The relevant dean may permit a student to complete a unit or units of study at another university or institution and have that unit or those units of study credited to the student's award course.

9.2 The relevant dean has authority to determine any conditions applying to cross-institutional study.

Division 4: Progression

10. Repeating a unit of study

10.1 A student who repeats a unit of study shall, unless granted exemption by the relevant dean:

10.1.1 participate in the learning experiences provided for the unit of study; and

11. Time limits

11.1 A student must complete all the requirements for an award course within ten calendar years or any lesser period if specified by resolution of the Senate or the faculty.
Division 5: Discontinuation of enrolment and suspension of candidature

12. Discontinuation of enrolment
12.1 A student who wishes to discontinue enrolment in an award course or a unit of study must apply to the relevant dean and will be presumed to have discontinued enrolment from the date of that application, unless evidence is produced showing:
12.1.1 that the discontinuation occurred at an earlier date; and
12.1.2 that there was good reason why the application could not be made at the earlier time.
12.2 A student who discontinues enrolment during the first year of enrolment in an award course may not re-enrol in that award course unless:
12.2.1 the relevant dean has granted prior permission to re-enrol; or
12.2.2 the student is reselected for admission to candidature for that course.
12.3 No student may discontinue enrolment in an award course or unit of study after the end of classes in that award course or unit of study, unless he or she produces evidence that:
12.3.1 the discontinuation occurred at an earlier date; and
12.3.2 there was good reason why the application could not be made at the earlier time.
12.4 A discontinuation of enrolment may be recorded as 'Withdrawn (W)' or 'Discontinued — not to count as failure (DNF)' where that discontinuation occurs within the time-frames specified by the University and published by the faculty, or where the student meets other conditions as specified by the relevant faculty.

13. Suspension of candidature
13.1 A student must be enrolled in each semester in which he or she is actively completing the requirements for the award course. A student who wishes to suspend candidature must first obtain approval from the relevant dean.

13.3 A student whose candidature has lapsed must apply for re-admission in accordance with procedures determined by the relevant faculty.
13.4 A student who enrolls after suspending candidature shall complete the requirements for the award course under such conditions as determined by the dean.

14. Satisfactory progress
14.1 A faculty has authority to determine what constitutes satisfactory progress for all students enrolled in award courses in that faculty, in accordance with the policies and directions of the Academic Board.

15. Requirement to show good cause
15.1 For the purposes of this Rule, ‘good cause’ means circumstances beyond the reasonable control of a student, which may include serious ill health or misadventure, but does not include demands of employers, pressure of employment or time devoted to non-University activities, unless these are relevant to serious ill health or misadventure. In all cases the onus is on the student to provide the University with satisfactory evidence to establish good cause. The University may take into account relevant aspects of a student’s record in other courses or units of study within the University and relevant aspects of academic studies at other institutions provided that the student presents this information to the University.
15.2 The relevant dean may require a student who has not made satisfactory progress to show good cause why he or she should be allowed to re-enrol.
15.3 The dean will permit a student who has shown good cause to re-enrol.

16. Exclusion for failure to show good cause
The dean may, where good cause has not been established:
16.1 exclude the student from the relevant course; or
16.2 permit the student to re-enrol in the relevant award course subject to restrictions on units of study, which may include, but are not restricted to:

Examinations
The Examinations and Exclusions Office looks after the majority of examination arrangements and student progression. Some faculties, such as the Sydney Conservatorium of Music, make all examination arrangements for the units of study that they offer.
While application may be made to access University documents, some may not be released in accordance with particular exemptions provided by the act. There are review and appeal mechanisms which apply when access has been refused.

The University is required to report to the public on its freedom of information (FOI) activities on a regular basis and to produce two documents: a Statement of Affairs (annually) and a Summary of Affairs (every six months). The Statement of Affairs contains information about the University, its structure, function and the kinds of documents held. The Summary of Affairs identifies the University's policy documents and provides information on how to make an application for access to University documents.

Further information and copies of the current Statement and Summary may be found at http://www.usyd.edu.au/arms/foi

Financial Assistance Office

The University of Sydney has a number of loan and bursary funds to assist students experiencing financial difficulties. Loan assistance is available for undergraduate and postgraduate students enrolled in degree and diploma courses at the University. The assistance is not intended to provide the principle means of support but to help enrolled students in financial need with expenses such as housing bonds and rent; phone and electricity bills; medical expenses; buying textbooks and course equipment. Loans are interest free and are repayable usually within one year. Bursaries may be awarded depending on financial need and academic merit and are usually only available to local full-time undergraduate students. Advertised bursaries, including First Year Bursaries, are advertised through the MyUni student portal in January each year. For details of types of assistance and online resources provided by the service see the Financial Assistance website via your MyUni student portal or the Services for Students website.

(Grievances) Appeals

You may consider that a decision affecting your candidature for a degree or other activities at the University has not taken into account all relevant matters.

In some cases the by-laws or resolutions of the Senate (see the University Calendar) provide for a right of appeal against particular decisions; for example, there is provision for appeal against academic decisions, disciplinary decisions and exclusion after failure.

A document outlining the current procedures for appeals against academic decisions is available at the Student Centre, at the SRC, and on the University's policy online website (click on 'Study at the University', then click on 'Appeals' – see the Academic Board and Senate resolutions).

Postgraduate students (Coursework)

For postgraduate coursework students part-time or full-time status is determined by credit-point load. Enrolment in units of study which total at least 18 credit points in a semester is classified as full-time. Anything under this amount is a part-time study load.

Please note that classes for some coursework programs are held in the evenings (usually 6–9pm).

Postgraduate students (Research)

Full-time candidates for research degrees do not keep to the normal semester schedule, instead they work continuously throughout the year with a period of four weeks recreation leave. There is no strict definition of what constitutes full-time candidature but if you have employment or other commitments that would prevent you from devoting at least the equivalent of a 35-hour working week to your candidature (including attendance at the University for lectures, seminars, practical work and consultation with your supervisor) you should enrol as a part-time candidate. If in doubt you should consult your faculty or supervisor.

International students

Student visa regulations require international students to undertake full-time study. International students on visas other than student visas may be permitted to study part-time.

Policy online

In addition to the resolutions covering specific courses there are a number of University policies that apply to students. These include:

- The code of conduct for students
- Academic honesty in coursework
- Student plagiarism: Coursework assessment and examination of coursework

All of these policies can be accessed from the University's Policy online website.

Privacy

The University is subject to the NSW Privacy and Personal Information Protection Act 1998 and the NSW Health Records and Information Privacy Act 2002. Central to both acts are the sets of information protection principles (IPPs) and health privacy principles which regulate the collection, management, use and disclosure of personal and health information. In compliance with the Privacy and Personal Information Protection Act the University developed a Privacy Management Plan which includes the University Privacy Policy. The Privacy Management Plan sets out the IPPs and how they apply to functions and activities carried out by the University. Both the plan and the University Privacy Policy were endorsed by the Vice-Chancellor on 28 June 2000.

Further information and a copy of the plan may be found at http://www.usyd.edu.au/arms/privacy.

The Sydney Summer School

Most faculties at the University offer units of study from undergraduate degree programs during summer. There are also some units of study available for postgraduate coursework programs from some faculties.

As the University uses its entire quota of Commonwealth supported places in first and second semester, these units are full fee-paying for both local and international students and enrolment is entirely voluntary. However, Summer School units enable students to accelerate their degree progress, make up for a failed unit or fit in a unit which otherwise would not suit their timetables. New students may also gain a head start by completing subjects before they commence their degrees. Units start at various times from late November and run for up to six weeks (followed by an examination week). Notice of the units available is on the Summer School website and is usually circulated to students with their results notices. A smaller Winter School is also run from the Summer School office. It commences on 3 July and runs for up to three weeks (followed by an examination week). It offers mainly postgraduate and a few undergraduate units of study.

Information can be found on the Summer School website: http://www.summer.usyd.edu.au.

The University of Sydney Foundation Program (USFP)

The University of Sydney offers its foundation program to international students as a preparation for undergraduate degrees at several Australian universities.

The Foundation Program is conducted by Taylors College on behalf of Study Group Australia and the University of Sydney. The Foundation Program allows both first and second semester entry to undergraduate courses at the University of Sydney and other universities within Australia.

Full-time study
International students must maintain full-time enrolment at all times (a minimum of 18 credit points). However, in the following limited circumstances, part-time study is permitted:

- students studying in Australia on a different type of visa that does not carry study restrictions;
- students in their final semester who are required to take additional units to complete their course;
- cross-institutional students enrolled full-time at their home institution;
- students enrolled in an approved joint delivery program that involves enrolment at two institutions.

Satisfactory academic progress
The University is required to report to the Department of Immigration and Multicultural Affairs (DIMA) any International Student who fails to maintain satisfactory academic progress. This may result in automatic visa cancellation. It is important that International Students contact the International Office if they are experiencing academic difficulties.

Distance/web-based study
International students studying onshore in Australia are not permitted to enrol in distance or web-based courses. However, a small number of web-based units within a course taught largely in face-to-face mode are allowed. Contact the faculty to discuss enrolment options.

Work permits
International students with a work permit are permitted to work for up to 20 hours during semester and full-time during the University’s official vacation periods. Contact the International Office for more information.

Change of address
International Students must notify the University of their residential address within seven days of arrival and notify any change of address within seven days. This may be done via the University’s MyUni Web portal.

Course transfers
Sponsored students will need permission from their sponsors before transferring courses. Australian Government sponsored students (AusAID, Endeavour) and Asia Development Bank (ADB) sponsored students should contact the International Office in the early stages of considering a course transfer.

Suspension/discontinuation
The University is required to report to DIMA international students who discontinue or suspend their studies. Students who suspend their studies for severe medical or compassionate reasons should contact the International Office urgently.

Overseas student health cover
Australian Student Visa holders must maintain overseas health cover for the duration of their stay. The International Office arranges health cover for the first year but it is the individual student’s responsibility to maintain health cover for each subsequent year.

Additional information
For more information related to international students, please see the Glossary in this handbook.

(For further information, see the University Calendar.)

Academic cycle
The program of teaching sessions offered over a year. Currently the cycle runs from the enrolment period for Semester One through to the completion of the processing of results at the end of Semester Two. (See also Stage.)

Academic dishonesty
Academic dishonesty occurs when a student presents another person’s ideas, findings or written work as his or her own by copying or reproducing them without due acknowledgement of the source and with intent to deceive the examiner. Academic dishonesty also covers recycling, fabrication of data, engaging another person to complete an assessment or cheating in exams. (See also Plagiarism.)

Academic record
The complete academic history of a student at the University. It includes, among other things: personal details; all units of study and courses taken; assessment results (marks and grades); awards and prizes obtained; infringements of progress rules; approvals for variation in course requirements and course leave; thesis and supervision details. Access to a student’s academic record is restricted to authorised University staff and is not released to a third party without the written authorisation of the student. (See also Academic transcript.)

Academic transcript
A printed statement setting out a student’s academic record at the University. There are two forms of academic transcript: external and internal. (See also External transcript, Internal transcript.)

Academic year
The current calendar year in which a student is enrolled. (See also Academic cycle, Stage.)

Admission
Governed by the University’s admission policy, this is the process for identifying applicants eligible to receive an initial offer of enrolment in a course at the University. Admission to most courses is based on performance in the HSC, with applicants ranked on the basis of their UAI. Other criteria such as a portfolio, interview, audition, or results in standard tests may also be taken into account for certain courses.

Admission basis
The main criteria used by a faculty in assessing an application for admission to a course. The criteria used include, among other things, previous secondary, TAFE or tertiary studies; work experience; special admission; and the Universities Admission Index (UAI).

Admission (Deferment)
An applicant who receives an offer of admission to a course may apply to defer enrolment in that course for one semester or one academic cycle.

Admission mode
A classification based on how a student was admitted to a course, for example 'UAC' or 'direct'.

The formula for this calculation is:

\[ AAM = \frac{\sum (\text{marks} \times \text{credit point value})}{\sum (\text{credit point value})} \]

(sums over all units of study completed in the selected period)

Where the mark is the actual mark obtained by the student for the unit of study, or in the case of a failing grade with no mark – 0. Pass/fail assessed subjects and credit transfer subjects (from another institution) are excluded from these calculations; however, the marks from all attempts at a unit of study are included.

Annual progress report
A form which is used to monitor a research student’s progress each year. The form provides for comments by the student, the supervisor, the head of the department and the dean (or their nominee). The completed form is attached to the student’s official file.

Appeals
Students may lodge an appeal against academic or disciplinary decisions. An academic appeal (e.g. against exclusion) is managed by the Student Centre – Exclusions Office while it is under consideration and a record of the outcome of the appeal will be retained.
Assessment
The process of measuring the performance of students in units of study and courses. Performance may be assessed by examinations, essays, laboratory projects, assignments, theses, treatises or dissertations. (See also Result processing, Result processing schedule.)

Formative assessment
Formative assessment is used principally to provide students with feedback on their progress in learning. It reinforces successful learning, and is an opportunity for students to expose the limitations in their knowledge and understanding.

Summative assessment
Summative assessment is used to certify competence, or to arrange students in a rank order of merit. It certifies the attainment of a standard, and is used as the basis for progression to the next part of a program, or to graduation.

Associate supervisor
A person who is appointed in addition to the supervisor of a research student, who can provide the day-to-day contact with the candidate or provide particular expertise or additional experience in supervision. (See also Advisor, Instrumental supervisor/teacher, Research supervisor, Supervision.)

Assumed knowledge
For some units of study, a student is assumed to have passed a relevant subject at the HSC and this is called assumed knowledge. While students are generally advised against taking a unit of study for which they do not have the assumed knowledge, they are not prevented from enrolling in the unit of study. (See also Prerequisite.)

Attendance pattern
Attendance pattern is classified as full-time, part-time or external, this is dependant on the student's mode of attendance and the student load.

Attendance mode
A Department of Education, Science and Technology (DEST) classification defining the manner in which a student is undertaking a course, i.e. internal, external, mixed or offshore.

Each enrolled student is liable to pay annual (or semester) subscriptions, as determined by the Senate, to the student organisations at the University. There are different organisations for undergraduate and postgraduate students.

The student organisations are specific to different campuses. The organisations at campuses other than Camperdown and Darlington include: the Conservatorium Student Association, the Cumberland Student Guild, the Orange Agricultural College Student Association and the Student Association of Sydney College of the Arts. (See also Compulsory subscription exemption, Joining fee, Life membership.)

Compulsory subscription exemption
Students of a certain age or those with disabilities or medical conditions may be exempt from the subscription to the sports body. Conscientious objectors to the payment of subscriptions to unions of any kind may apply to the Registrar for exemption. The Registrar may permit such a student to make the payment to the Jean Foley Bursary Fund instead. (See also Compulsory subscriptions.)

This form is issued to each student after enrolment, showing the course and the units of study in which the student is enrolled, together with the credit point value of the units of study and the HECS weights. Until all fees are paid, it is issued provisionally. A new confirmation of enrolment form is produced every time a student's enrolment is varied.

Conjoint ventures
Two or more institutions cooperate to provide a unit or course of study to postgraduate coursework students. Arrangements exist between individual departments at the University of Sydney and individual departments at the University of New South Wales (UNSW) and the University of Technology Sydney (UTS), whereby students enrolled for a degree at one institution complete one or more units of study at the other institution to count towards the award program at their 'home' institution.

Continuing professional education
A process which provides a number of programs of continuing education courses for professionals as they move through their career. These programs are presently administered by the Centre for Continuing Education and a number of departments and foundations across the University. If successful, the student receives a doctorate from both universities with each testamur acknowledging the circumstances under which the award was made.

Course
An undertaking of study at the University of Sydney.

Award course
A formal course of study that will see attainment of a recognised award. Award courses are approved by Senate, on the recommendation of the Academic Board. Course alias
A unique five character alpha-numeric code which identifies a University course.

Course code
(See Course alias.)

Course enrolment status
A student's enrolment status in a course is either 'enrolled' or 'not enrolled'. 'Not enrolled' reasons include: cancelled; suspended; under examination; or terminated. (See also Cancellation, Candidature, Course leave, Enrolment, Enrolment variation, Terminated, Under examination.)

Course leave
Students are permitted to apply for a period away from their course without losing their place. Course leave is formally approved by the supervising faculty for a minimum of one semester. Students on leave are regarded as having an active candidature, but they are not entitled to a student card. At undergraduate level, leave is not counted towards the total length of the course. Students who are absent from study without approved leave may be discontinued and may be required to formally reapply for admission. (See also Progression.)

Course rules
Rules which govern the allowable enrolment of a student in a course. Course rules may be expressed in terms of types of units of study taken, length of study, and credit points accumulated, e.g. a candidate
may not enrol in units of study having a total value of more than 32 credit points per semester. Course rules also govern the requirements for the award of the course, e.g. a candidate must have completed a minimum of 144 credit points. (See also Award course, Corequisite, Prerequisite.)

Credit may be granted as specified credit or non-specified credit.

Specified credit
The recognition of previously completed studies as directly equivalent to units of study.

Non-specified credit
A ‘block credit’ for a specified number of credit points at a particular level. These credit points may be in a particular subject area but are not linked to a specific unit of study. (See also AAM – Annual average mark, Waiver, Weighted average mark (WAM).)

Credit points
The value of the contribution each unit of study provides towards meeting course completion requirements. Each unit of study will have a credit point value assigned to it. The total number of credit points required for completion of award courses will be specified in the Senate Resolutions relevant to the award course.

Cross-institutional enrolment
An enrolment in units of study at one university to count towards an award course at another university. Cross-institutional enrolments incur a student-contribution liability (see Commonwealth-supported student) or tuition fee charge at the institution at which the unit of study is being undertaken. (See also Non-award course).

Data Audit Committee (DAC)
The Data Audit Committee’s role is to oversee the integrity and accuracy of the course and unit of study data as strategic University data. It also advises the Academic Board on suggested policy changes related to course and unit of study data. A subcommittee of the VCAC Enrolment Working Party, it is chaired by the Registrar, with membership including the deans, the Student Centre, FlexSIS and the Planning Support Office.

Deadlines (Enrolment variations)
(See Enrolment variation.)

Deadlines (Fees)
The University has deadlines for the payment of fees (e.g. HECS, compulsory subscriptions, course fees). Students who do not pay fees by these deadlines may have their enrolment cancelled or they may have a barrier placed on the release of their record. (See also Barrier, Cancellation.)

Dean
The head of a faculty, or the principal or director of a college (such as the Sydney Conservatorium of Music or the Sydney College of Arts).

Dean’s certificate
A statement from the Dean certifying that all requirements, including fieldwork and practical work, have been met and that the student is eligible to graduate. Not all faculties use Dean’s Certificates. In faculties that do, qualified students have ‘Dean’s Certificate’ noted on their academic record.

Deferment (Deferral)
(See Admission (deferment), Course leave.)

Degree
(See also Award course, Bachelor’s degree.)

Delivery mode
Indicates how students receive the instruction for a unit of study. The delivery mode must be recorded for each unit as distinct from the attendance mode of the student, i.e. an internal student may take one or more units by distance mode and an external student may attend campus for one or more units.

Distance education
Where subject matter is delivered in a more flexible manner, such as correspondence notes, and student may only attend campus if required. (See also Extended semester, Distance education, International – off shore.)

Intensive on campus
Attendance of scheduled lectures, tutorials etc at a campus of the University.

Department
(See School.)

Department of Education, Science and Training (DEST)
The Commonwealth Government department responsible for higher education.

Differential HECS
(See Higher Education Contribution Scheme (HECS).)

Diploma
The award granted following successful completion of diploma course requirements. A diploma course usually requires less study than a degree course. (See also Award course.)

Direct admissions
For some courses, applications may be made directly to the University. Applications are received by faculties or the International Office, and considered by the relevant department or faculty body. Decisions are recorded and letters are forwarded to applicants advising them of the outcome. (See also Admission, UAC.)

Disability information
Students may inform the University of any temporary or permanent disability which affects their life as a student. Disability information is recorded but it is only available to particular authorised users because of its sensitive nature.

Disciplinary action
Undertaken as the result of academic or other misconduct, e.g. plagiarism, cheating, security infringement, criminal activity.

Discipline
A defined area of study, for example, chemistry, physics, economics.

Discipline group
A DEST code used to classify units of study in terms of the subject matter being taught or being researched.
Discontinuation (course)
(See Enrolment variation.)

Discontinuation (unit of study)
(See Enrolment variation.)

Dissertation
A written exposition of a topic which may include original argument substantiated by reference to acknowledged authorities. It is a required unit of study for some postgraduate award courses in the faculties of Architecture and Law.

Distance education
Where a student does not attend campus on a daily basis for a given course or unit of study. (See also Delivery mode, Extended semester.)

Doctorate
A high-level postgraduate award. A doctorate course normally involves research and coursework; the candidate submits a thesis that is an original contribution to the field of study. Entry to a doctorate course often requires completion of a master’s degree course. Note that the doctorate course is not available in all departments at the University. (See also Award course, PhD.)

Domestic Student
A student who is not an international student. (See also Local student.)

Double degree
A double degree is a program where students are permitted by participating faculties (and/or by specific resolutions within a single award) to transfer between courses in order to complete two awards.

Downgrade
Where a student enrolled in a PhD reverts to a master’s by research, either on the recommendation of the University on the basis that the research they are undertaking is not at an appropriate level for a PhD; or at the student’s own request, for personal or academic reasons.

E
Equivalent full-time student unit (EFTSU)
The equivalent full-time student unit (EFTSU) is a measure of student load based on the workload for a student undertaking a full year of study in a particular course. A student is then recorded as having generated one EFTSU. (See also Load, Stage.)

Equivalent full-time student load (EFTSL)
The equivalent full-time student load (EFTSL) for a year. It is a measure, in respect of a course of study, of the study load for a year of a student undertaking that course of study on a full-time basis (effective 1 January 2005).

Embedded courses
Award courses in the graduate certificate, graduate diploma and master’s degree by coursework sequence which allow unit of study credit points to count in more than one of the awards, e.g. the Graduate Certificate in Information Technology, Graduate Diploma in Information Technology and Master of Information Technology.

Enrolment
A student enrolls in a course by registering with the supervising faculty in the units of study to be taken in the coming year, semester or session.

Commencing
An enrolment is classified as commencing if a student has enrolled in a particular degree or diploma for the first time.

Continuing
Students already in a course at the University re-enrol each year or semester. Most continuing students are required to pre-enrol. (See also Pre-enrolment.)

Enrolment list
A list of all currently enrolled students in a particular unit of study. (See also Unit of study.)

Enrolment status
(See Course enrolment status.)

Enrolment Variation
Students may vary their enrolment at the beginning of each semester. Each faculty determines its deadlines for variations, but HECS liability depends on the HECS census date. (See also HECS.)

Examination
A set of questions or exercises evaluating on a given subject given by a department or faculty. (See Examination period, Assessment.)

Examination period
The time set each semester for the conduct of formal examinations.

Examiner (Coursework)
The person assessing either the written/oral examination, coursework assignments, presentations, etc of a student or group of students.

Exchange student
Either a student of the University of Sydney who is participating in a formally agreed program involving study at an overseas university or an overseas student who is studying here on the same basis. The International Office provides administrative support for some exchanges.

Exclusion
A faculty may ask a student whose academic progress is considered to be unsatisfactory to ‘show good cause’ why the student should be allowed to re-enrol. If the faculty deems the student’s explanation unsatisfactory, or if the student does not provide an explanation, the student may be excluded either from a unit of study or from a course or faculty. An excluded student may apply to the faculty for permission to re-enrol. Normally, at least two years must have elapsed before such an application would be considered.

University policy relating to exclusion is set out in the University Calendar. (See also Progression, Senate appeals.)

Exemption
A decision made at a sub-unit of study level to allow a student to complete a unit of study without also completing all the prescribed components of coursework and/or assessment. (See also Credit, Waiver.)

• the student is not allowed to be admitted or to re-enrol in any course at the University;
• the student does not receive their results;
• the student is not allowed to graduate; and
• the student does not receive a transcript or testamur.

External transcript
A certified statement of a student’s academic record printed on official University security paper. It includes the student’s name, any credit granted, all courses the student was enrolled in and the final course result and all units of study attempted within each course together with the result. It also acknowledges prizes the student has received.

Registration
In addition to enrolling with the faculty in units of study, students must register with the department responsible for teaching each unit. This is normally done during Orientation Week. Note that unlike enrolment, registration is not a formal record of units attempted by the student.

(See Course – Research.)

Research supervisor
A supervisor is appointed to each student undertaking a research postgraduate degree. The supervisor will be a full-time member of the academic staff or a person external to the University recognised for their association with the clinical teaching or the research work of the University. Normally the supervising faculty is the faculty offering the course. However, in the case of combined courses, one of the two faculties involved will usually be designated the supervising faculty. Further, in the case where one course is jointly offered by two or more faculties (e.g. the Liberal Studies course), a joint committee may make academic decisions about candidature and the student may be assigned a supervising faculty for administration.

Supervision
Refers to a one-to-one relationship between a student and a nominated member of the academic staff or a person specifically appointed to the role. (See also Advisor, Associate supervisor, Instrumental supervisor/teacher, Research supervisor.)

**Winter School**
An intensive session offered by the University during the mid-year break.

**Weighted average mark (WAM)**
This mark uses the unit of study credit point value in conjunction with an agreed 'weight'. The formula for this calculation is:
Where $W_c$ is the weighted credit point value – i.e., the product of the credit point value and the level of weighting of 1, 2, 3, or 4 for a first, second, third or fourth year unit of study respectively; and where $M_c$ is the greater of 45 or the mark out of 100 for the unit of study.

The mark is the actual mark obtained by the student for the unit of study, or in the case of a failing grade with no mark – 0. Pass/fail assessed subjects and credit transfer subjects (from another institution) are excluded from these calculations; however, the marks from all attempts at a unit of study are included. (Effective from 1 January 2004.)

In addition, faculties may adopt other average mark formulae for specific progression or entry requirements. If such a formula is not specified in the faculty resolutions, the formula outlined above is used. (See also WAM weight.)

**WAM weight**
A weight assigned to each unit of study to assist in the calculation of WAMs.

Course Planning Tips

Once you have accepted your offer of admission to the Conservatorium, it is worth taking time to preview your degree and study options. If you are studying full-time, you will usually complete 24 credit points per semester. Most courses (units of study) at the Con are worth either 3 or 6 credit points.

In addition, all degrees at the Conservatorium have mandatory core units of study, which must be fulfilled to a set minimum level of achievement. For some degrees such as the Diploma of Opera every unit of study is prescribed. For the Bachelor degrees and other Diplomas, mandatory core units of study are combined with other elective units.

The main areas of study encompassed in the core for the Bachelor and Diploma degrees are:

- Principal Study
- Music Skills
- Studies in the History & Analysis of Music
- Performance (including ensemble study)
- Teaching Music
- Historical & Cultural Studies.

Each degree has a unique enrolment pattern and core requirement, and you should refer to the information and tables in Chapter 5 of this handbook for exact details. Chapter 7 in the handbook outlines every undergraduate unit of study available for 2007. Each unit is listed with the following information:

- course coordinator
- description
- semester it is on offer
- class type (e.g. lecture, tutorial, rehearsal)
- assessment requirement; and
- credit point value.

You can use the Course Planner that follows this section to help plan your course over the years of study.

An academic advisor will be available on enrolment day to guide you through the process of enrolment. Most students will enrol in all their units of study for both semesters. However it is possible to change your enrolment choices up to a certain date. University cut-off dates to either add, or withdraw a unit of study are listed at the very front of this handbook. Contact the Student Administration Office for any further advice.

**Unit of Study:** These can be thought of as the building blocks of your degree and are “subjects.” For example, “Russian Music History” or “Trombone 1 (Major).” Each unit of study is assigned a credit point value and for each unit of study you successfully complete, you will be awarded credit points towards the completion of your degree.

**Credit Points:** You accumulate credit points by successfully completing units of study. For a three-year degree you need to complete units of study to a total of 144 credit points, a four-year degree to a total of 192 credit points, and a five-year degree to a total of 240 credit points.

**Pre- and Co-Requisites:** Many Units of Study build on previous units (prerequisites), which provides progression through your degree. Some are obvious such as having to complete French Horn 1 (Minor) before French Horn 2 (Minor). However, some are not, and may require multiple prerequisites. Some units can also require co-requisites, such as Orchestra Studies 2 when you enrol in Violin 2 (Major). If you are enrolled in a degree that allows you some scope of choice, carefully check the unit of study pre- and co-requisites before you enrol. If you feel you meet the requirements of the course in other ways, please talk to your Chair of Unit. In some cases, these requirements can be waived with written approval.
