SECTION OF ENTIRE SITE (SCALE 1:200)

design
The proposed design is a multi-function building which accommodates a motorcycle workshop, café, multi-purpose hall and apartment houses in a single three-storey building. It is a multi-function motorcycle workshop with a café and serene apartments for temporary or permanent accommodation. The workshop offers motorcycle repair, services and maintenance as motorcycle is one of Jerusalem main transportation modes.

ROOF PLAN (SCALE 1:200)
1. Roof
2. Verandah - 3rd floor
3. Courtyard - ground

ARCHITECTURAL PLANNING

3RD FLOOR PLAN (SCALE 1:200)
1. Apartments
2. Hallway
3. Verandah
4. Apartments

Legend:
1) Apartments
2) Public toilets
3) Multi-purpose hall
4) Store room

2ND FLOOR PLAN (SCALE 1:200)
1. Apartments
2. Hallway
3. Verandah

A peak into the cafe and multi-purpose hall

For private spaces, the use of windows & glasses are minimal

Space for signboard or advertisement purposes

Large open verandah allow residents to enjoy the scenic surroundings

Choose to dine in or outside

This is the view of the main entrance to the building. The heavy use of glass as part of the building's cladding enables the public to see what's actually going on inside of the building.
