The Arms

Argent on a Cross Azure an open book proper, clasps Gold, between four Stars of eight points Or, on a chief Gules a Lion passant guardant also Or, together with this motto “Sidere mens eadem mutato”... to be borne and used forever hereafter by the said University of SYDNEY on their Common Seal, Shields, or otherwise according to the Law of Arms.

The motto, which was devised by FLS Merewether, Second Vice-Provost of the University, conveys the feeling that in this hemisphere all feelings and attitudes to scholarship are the same as those of our predecessors in the northern hemisphere.

INTRODUCTION
Introduction

The University of Sydney was incorporated by an Act of the Legislature of New South Wales on 1 October 1850, and was the first university to be established in Australasia.

The Act of Incorporation was amended by subsequent Acts enlarging the scope of the University and the whole were consolidated in the University and University Colleges Act 1900. This was then replaced by the University of Sydney Act 1989 (as amended).

By a Royal Charter issued 27 February 1858, the degrees of Bachelor of Arts, Master of Arts, Bachelor of Laws, Doctor of Laws, Bachelor of Medicine and Doctor of Medicine granted by the University of Sydney are entitled to rank, precedence and consideration as if the degrees had been granted by any university of the United Kingdom.

At the time of its inauguration on 11 October 1852 in the Sydney College Building – now the Sydney Grammar School near Hyde Park – the University had a staff of three professors and a total enrolment of 24 students. Women were admitted to membership of the University in 1881, the degree of Bachelor of Arts being conferred on the first two women graduates in 1885.

The Senate

By the University of Sydney Act 1989 (as amended), the University is a body corporate consisting of a Senate constituted of official, appointed and elected members.

The official members comprise the Chancellor (if the Chancellor is not otherwise a member of the Senate), the Vice-Chancellor and the presiding member of the Academic Board.

The appointed members comprise six external persons appointed by the Minister of whom one is to be appointed on the nomination of the Senate (and with Senate having the option of nominating up to two Members of Parliament as part of the six appointed members), and one external person appointed by the Senate.

The elected members comprise four persons elected by and from the members of the academic staff of the University, one person elected by and from the non-academic staff of the University, one person elected by and from the undergraduate students of the University (who is not a member of the academic or non-academic staff of the University), one person elected by and from the postgraduate students of the University (who is not a member of the academic or non-academic staff of the University), and five persons elected by and from the graduates of the University (who are not members of the academic or non-academic staff or undergraduate or postgraduate students of the University).

Elections must take place in the manner prescribed by the University of Sydney By-law 1999 (as amended).

Of the members of the Senate, at least two must have financial expertise (as demonstrated by relevant qualifications and by experience in financial management at a senior level in the public or private sector), and at least one must have commercial expertise (as demonstrated by relevant experience at a senior level in the public or private sector).

All appointed members of the Senate must have expertise and experience relevant to the functions exercisable by the Senate and an appreciation of the object, values, functions and activities of the University. The majority of members of the Senate must be external persons.

The Senate has power to provide courses, confer degrees, appoint all academic and other staff, and has the entire management and superintendence over the affairs of the University, with power to make by-laws governing discipline, curriculum, and other matters, subject to the approval of the Governor.

The Academic Board

The functions of the Academic Board, the University’s principal academic decision-making body subject to the Senate, include maintaining the highest standards in teaching, scholarship and research and, in that process, safeguarding the academic freedom of the University.

The Academic Board advises the Senate and the Vice-Chancellor on all academic matters relating to and affecting the University’s teaching and research activities and its educational programs, including general advice on the academic priorities and policies of the University. The faculties, academic colleges and board of studies are responsible for the supervision of teaching and the conduct of examinations.

The faculties, academic colleges and graduate schools in order of establishment in the University are as follows:

- the Graduate School of Government (relocated within the Faculty of Economics and Business in 2005).

There is also a Board of Studies in Indigenous Studies that supervises the award of degrees.

There are over 40 schools and departments in the University, spanning a wide range of interests, and a number of faculties have a unitary structure. In all of them active research and other scholarly activities are carried out aimed at advancing the fund of human knowledge. The University of Sydney has the largest academic library collection in Australia.

Campuses

The Camperdown and Darlington campuses, adjoining Parramatta Road and City Road, cover a total area of about 72 hectares,
comprising 50.6 hectares administered by the University and 21 hectares granted to the six affiliated colleges. In addition, several important parts of the University are located away from these campuses. These include:

In addition, the University issues annually (or biennially in some cases) a handbook for each faculty, academic college and board of studies. The University also issues a Postgraduate Studies Handbook and prospectuses for intending undergraduate and postgraduate students, a Map Guide and various other publications about the University’s achievements.

VICTORIA, by the Grace of God, of the United Kingdom of Great Britain and Ireland, Queen, Defender of the Faith, to all to whom these presents shall come Greeting: Whereas under and by virtue of the provisions of an Act of the Governor and Legislative Council of our Colony of New South Wales, passed in the fourteenth year of our reign, No. 31, intituled ‘An Act to Incorporate and Endow the University of Sydney’, and to which our Royal Assent was granted on the 9th day of December, One Thousand Eight Hundred and Fifty-one, a Senate, consisting of Sixteen Fellows, was incorporated and made a body politic with perpetual succession, under the name of the University of Sydney; with power to grant, after Examination, the several degrees of Bachelor of Arts, Master of Arts, Bachelor of Laws, Doctor of Laws, Bachelor of Medicine, and Doctor of Medicine, and to examine for Medical Degrees in the four Branches of Medicine, Surgery, Midwifery and Pharmacy.

And whereas our trusty and well-beloved Sir William Thomas Denison, Knight Commander of our most honourable Order of the Bath, Lieutenant-Colonel in the Royal Engineers, our Captain-General and Governor-in-Chief in and over our said Colony, has transmitted to us the humble Petition of the Senate of the said University of Sydney under their common seal, dated the 9th day of February, One Thousand Eight Hundred and Fifty-seven, wherein is set forth to all classes and denominations of our faithful subjects, without any distinction whatsoever, throughout our dominions encouragement for pursuing a regular and liberal course of education, and considering that many persons do prosecute and complete their studies in the Colony of New South Wales, on whom it is just to confer such distinctions and rewards as may induce them to persevere in their laudable pursuits; do, by virtue of our Prerogative Royal and our especial Grace and certain knowledge and mere motion, by these presents of us, our heirs and successors, will, grant and declare that the Degrees of Bachelor of Arts, Master of Arts, Bachelor of Laws, Doctor of Laws, Bachelor of Medicine, and Doctor of Medicine, already granted or conferred or hereafter to be granted or conferred by the Senate of the said University of Sydney shall be recognised as Academic distinctions and rewards of merit and be entitled to rank, precedence, and consideration in our United Kingdom and in our Colonies and possessions throughout the world as fully as if the said Degree had been granted by any University of our said United Kingdom.

And we further will and ordain that any variation of the Constitution of the said University which may at any time or from time to time be made by an Act of the said Governor and Legislature shall not, so long as the same or a like standard of knowledge is in the opinion of the said Governor preserved as a necessary condition for obtaining the aforesaid degrees therein, in any manner annul, abrogate, circumscribe, or diminish the privileges conferred on the said University by this our Royal Letters Patent, nor the ranks, rights, privileges, and consideration conferred by such degrees.

And, lastly, we do hereby for us, our heirs, and successors, grant and declare that these our Letters Patent or the enrolment or confirmation thereof shall be in and by all things valid and effectual, and shall be construed and adjudged in the most favourable and beneficial sense to the best advantage of the said University, as well in all our courts as elsewhere, notwithstanding any non-recital, uncertainty, or imperfection in these our Letters Patent. In witness whereof we have caused these our Letters to be made Patent.

Witness ourself at Westminster, the Twenty-seventh day of February, in the Twenty-first year of our Reign.

BY WARRANT under the Queen’s sign manual.

20.6.1 the candidate had not been nominated for election;
20.6.2 the candidate's name had not been included on the voting papers printed for the election; and

A candidate for election is not eligible to be a scrutineer.

At each stage of counting the total votes divided by the number
of candidates to be elected must correspond with the total
number of voting papers.

31.9 **Exhausted voting papers**
If there is no active secondary vote on any voting paper examined then that voting paper is exhausted.

Add together the primary votes and secondary votes for each remaining candidate and exclude the candidate with the lowest number of total votes.

31.11 **Distribution of secondary votes**
If, after the exclusion of a candidate, the next active secondary vote is to an excluded candidate then that secondary vote shall be disregarded and the next secondary vote, if any, distributed.

31.12 **Repeat process**
Repeat the process as set down in Rules 31.6 to 31.11 until one candidate receives an absolute majority of votes.

31.13 **Equal lowest vote**
If on any count two candidates have an equal number of votes and that number is the lowest on that count then:
31.13.1 the candidate with the lowest number of primary votes shall be eliminated; or
31.13.2 where the number of primary votes is equal, then the returning officer shall draw lots with the candidate first drawn remaining in the ballot.

Repeat the process as set down in Rules 33.5 to 33.9 until only the number of candidates required to fill the vacancies remain.

33.11 **Equal lowest vote**

35.1.2 If:
35.1.2.1 a casual vacancy cannot be filled according to Rule 35.1.1; or
35.1.2.2 there are insufficient nominations for any category of academic staff members, then the Academic Board may fill that vacancy or position by appointing a person from the relevant Faculty who is eligible to be elected to that category of members, after first consulting with the relevant Dean.

35.1.3 If a casual vacancy or position cannot be filled according to Rule 35.1.2, then the position shall remain vacant until it can be filled for the remainder of the term according to Rule 35.1.1 or 35.1.2 [as the case may be].

Explanatory note: This Sub-rule is designed to enable more than one attempt to fill a casual vacancy or position while the relevant term of office remains current.

61.3 Except in respect to a candidate undertaking approved distance and/or off-campus study, a candidate pursuing candidacy outside Australia must also complete a cumulative minimum period of candidacy within the University that, in the case of a candidate for the degree of Doctor of Philosophy is a minimum of two semesters, and in the case of a research master's candidate is a minimum of one semester.

89. Lodgment

89.1 In all cases where a higher degree has been awarded, after examination of a thesis the Registrar shall lodge with the University Librarian one bound copy of the thesis, printed on permanent or archival paper.

89.2 It is the policy of the Senate that a candidate for a higher degree should not normally be permitted to undertake a program of advanced study and research which is likely to result in the lodgment of a thesis which cannot be available for use immediately, to be read, photographed or microfilmed, except as provided in Rule 92 below.

89.3 An applicant for admission to candidature for a higher degree shall be required to acknowledge awareness of this policy when applying for such admission.

89.4 Subject to Rules 80 and 91, a higher degree thesis lodged in the University Library or in a departmental library shall be available immediately for use. The University Librarian (or, in the case of a departmental library, the head of department) may supply a copy of the thesis to an individual for research or study, or to a library.

89.5 Except as provided in Rule 90, a candidate for a higher degree lodging a thesis for examination shall sign the following undertaking:

"I ............................................. understand that if I am awarded a higher degree for my thesis entitled ‘.................................................................’ being lodged herewith for examination, the thesis will be lodged in the University Library and be available immediately for use. I agree that the University Librarian (or, in the case of a departmental library, the head of department) may supply a copy of the thesis to an individual for research or study or to a library. Signed......................................................... Date............."

90. Use of confidential material

90.1 If, at any time between application for admission to candidature and the lodgment of the thesis, it shall appear to the supervisor and to the head of the department that successful prosecution
of the candidature will require the use of confidential material which the candidate would not be at liberty fully to disclose in the thesis, the matter shall be reported as soon as practicable to the faculty or board of studies concerned.

90.2 The faculty or board of studies may, if it thinks fit, recommend to the Research and Research Training Committee of the Academic Board that the candidate be granted:

90.2.1 permission to include in an appendix to the thesis such material as is essential to the thesis but which, for a limited period, may not be available for general inspection; and

90.2.2 exemption, in respect of such an appendix, from the requirement to give the undertaking specified in Rule 89.3.

90.3 Subject to the provisions of Rule 91, if the Research and Research Training Committee of the Academic Board resolves to grant such permission and exemption, the University Librarian shall restrict access, for a period to be specified by the Research and Research Training Committee of the Academic Board, to any appendix referred to in Rule 90.2.2.

This period of restriction shall not exceed five years unless there are exceptional reasons for an extension of the period.

91. Access to restricted thesis

91.1 The University Librarian may grant access to an appendix to a thesis to which access has been restricted in accordance with Rule 90.3, to a scholar who:

91.1.1 demonstrates bona fide concern with the material in that appendix; and

91.1.2 has the written consent of either:

91.1.2.1 the author of the thesis, or

91.1.1.2 the head of the department concerned in a case where the author cannot be contacted, notwithstanding that all reasonable steps have been taken to contact him or her.

91.2 Notwithstanding any other provision of these resolutions, the examiners of a thesis, including any committee or board of postgraduate studies of a faculty or board of studies or any committee of the Academic Board which is directly concerned with the examination of such thesis, shall have access to the thesis and any appendix of it for the purposes of any examination or re-examination.

91.3 Immediately a candidate for a higher degree lodges the prescribed number of copies of the thesis with the Registrar for examination, the Registrar shall arrange for a label stating the rights of the author under the laws relating to copyright to be affixed to the inside of the front cover of each copy or to any disk or other electronic medium on which the thesis is submitted.

92. Public availability of theses

92.1 For the purposes of this Part 10, references to 'theses' shall be taken to include also reference to treatises, dissertations and other similar productions where there is a requirement that a copy of the production be lodged by the Registrar with the University Librarian.

92.2 The Senate recognises that there are certain circumstances where deferment of the public availability of the thesis is appropriate.

92.3 In a case where a candidate or potential candidate is to be associated with a project in collaboration with industry that has potential for concern over exploitation of intellectual property, the Dean, if satisfied that the circumstances warrant it, may recommend to the Research and Research Training Committee of the Academic Board that:

92.3.1 the candidate or prospective candidate be granted exemption from the requirement to give the undertaking specified in Rules 89.3 and 89.5; and

92.3.2 authorisation be given to the Registrar to delay lodgment of the thesis in the Library for a period that, except in exceptional circumstances, shall not exceed 18 months from the date of the award of the degree.

92.4 The Senate authorises the Chair of the Research and Research Training Committee to approve such applications where the Chair is satisfied that they are appropriate.

92.5 If, at any time between application for admission to candidate and the lodgment of the thesis, it shall appear to the candidate, supervisor and to the head of the department that there are reasons to believe that the candidate's interests would be at risk if the thesis were immediately made available, the candidate may apply in writing for deferment of the availability of that thesis in the University Library for a specific period of time. Any such application should set out clearly the reasons for the request and include supporting evidence, as appropriate.

92.6 The dean, if satisfied that such a deferment is necessary to protect the interests of the candidate, may:

92.6.1 authorise the Registrar not to lodge the thesis in the Library for a period not exceeding 6 months from the date of award of the degree; and

92.6.2 recommend to the Research and Research Training Committee of the Academic Board that a longer period of deferment, or an extension of the original deferment, be approved provided that, except in exceptional circumstances, the total period shall not exceed 18 months.

Preliminary

1. Commencement and purpose of Rule
   1.1 This Rule is made by the Senate pursuant to section 37(1) of the University of Sydney Act 1989 for the purposes of the University of Sydney By-Law 1999.
   1.2 This Rule comes into force on 1 January 2001.
   1.3 This Rule governs all coursework award courses in the University. It is to be read in conjunction with the University of Sydney (Amendment Act) Rule 1999 and the Resolutions of the Senate and the faculty resolutions relating to each award course in that faculty.

Rules relating to coursework award courses

1. Definitions
   In this Rule:
   1.1 award course means a formally approved program of study which can lead to an academic award granted by the University.
   1.2 coursework means an award course not designated as a research award course. While the program of study in a coursework award course may include a component of original, supervised research, other forms of instruction and learning normally will be dominant.
   1.3 credit means advanced standing based on previous attainment in another award course at the University or at another institution. The advanced standing is expressed as credit points granted towards the award course. Credit may be granted as specific credit or non-specific credit.
   1.3.1 specific credit means the recognition of previously completed studies as directly equivalent to units of study;
   1.3.2 non-specific credit means a 'block credit' for a specified number of credit points at a particular level. These credit points may be in a particular subject area but are not linked to a specific unit of study; and
   1.3.3 credit points means a measure of value indicating the contribution each unit of study provides towards meeting award course completion requirements stated as a total credit point value.
   1.4 dean means the dean of a faculty or the director or principal of an academic college or the chairperson of a board of studies.
   1.5 degree means a degree at the level of bachelor or master for the purpose of this Rule.
   1.6 embedded courses/programs means award courses in the graduate certificate/graduate diploma/master's degree by coursework sequence which allow unit of study credit points to count in more than one of the awards.
   1.7 faculty means a faculty, college board, a board of studies or the Australian Graduate School of Management Limited as established in each case by its constitution and in these Rules refers to the faculty or faculties responsible for the award course concerned.
   1.8 major means a defined program of study, generally comprising specified units of study from later stages of the award course.
   1.9 minor means a defined program of study, generally comprising units of study from later stages of the award course and requiring a smaller number of credit points than a major.
   1.10 postgraduate award course means an award course leading to the award of a graduate certificate, graduate diploma, degree of master or a doctorate. Normally, a postgraduate award course requires the prior completion of a relevant undergraduate degree or diploma.
   1.11 research award course means an award course in which students undertake and report systematic, creative work in order to increase the stock of knowledge. The research award courses offered by the University are: higher doctorate, Doctor of Philosophy, doctorates by research and advanced coursework, and certain degrees of master designated as research degrees. The systematic, creative component of a research award course must comprise at least 66 per cent of the overall award course requirements.
   1.12 stream means a defined program of study within an award course, which requires the completion of a program of study specified by the award course rules for the particular stream, in addition to the core program specified by award course rules for the award course.
   1.13 student means a person enrolled as a candidate for a course.
   1.14 testamur means a certificate of award provided to a graduate, usually at a graduation ceremony.
   1.15 transcript or academic transcript means a printed statement setting out a student's academic record at the University.
   1.16 unit of study means the smallest stand-alone component of a student's award course that is recordable on a student's transcript. Units of study have an integer credit point value, normally in the range 3–24.
   1.17 undergraduate award course means an award course leading to the award of an associate diploma, diploma, advanced diploma or degree of bachelor.

2. Authorities and responsibilities
   2.1 Authorities and responsibilities for the functions set out in this Rule are also defined in the document Academic Delegations of Authority. The latter document sets out the mechanisms by which a person who has delegated authority may appoint an agent to perform a particular function.
   2.1 The procedures for consideration of, and deadlines for submission of, proposals for new and amended award courses will be determined by the Academic Board.

Division 1: Award course requirements, credit points and assessment

3. Award course requirements
   3.1 To qualify for the award of a degree, diploma or certificate, a student must:
       3.1.1 complete the award course requirements specified by the Senate for the award of the degree, diploma or certificate concerned;
       3.1.2 complete any other award course requirements specified by the Academic Board on the recommendation of the faculty and published in the faculty resolutions relating to the award course;
       3.1.3 complete any other award course requirements specified by the faculty in accordance with its delegated authority and published in the faculty resolutions relating to the award course; and
       3.1.4 satisfy the requirements of all other relevant by-laws, rules and resolutions of the University.

4. Units of study and credit points
   4.1 A unit of study comprises the forms of teaching and learning approved by a faculty. Where the unit of study is being provided specifically for an award course which is the responsibility of another faculty, that faculty must also provide approval.
   4.2 Any faculty considering the inclusion of a unit of study in the tables of units available for an award course for which it is responsible may review the forms of teaching and learning of that unit, may consult with the approving faculty about aspects of that unit and may specify additional conditions with respect to inclusion of that unit of study.
   4.2 A student completes a unit of study if the student:
       4.2.1 participates in the learning experiences provided for the unit of study;
       4.2.2 meets the standards required by the University for academic honesty;
       4.2.3 meets all examination, assessment and attendance requirements for the unit of study; and
       4.2.4 passes the required assessments for the unit of study.
   4.3 Each unit of study is assigned a specified number of credit points by the faculty responsible for the unit of study.
   4.4 The total number of credit points required for completion of an award course will be as specified in the Senate resolutions relating to the award course.
4.5 The total number of credit points required for completion of award courses in an approved combined award course will be specified in the Senate or faculty resolutions relating to the award course.

4.6 A student may, under special circumstances, and in accordance with faculty resolutions, be permitted by the relevant dean to undertake a unit or units of study other than those specified in the faculty resolutions relating to the award course and have that unit or those units of study counted towards fulfilling the requirements of the award course in which the student is enrolled.

5. Unit of study assessment

5.1 A student who completes a unit of study will normally be awarded grades of high distinction, distinction, credit or pass, in accordance with policies established by the Academic Board. The grades high distinction, distinction and credit indicate work of a standard higher than that required for a pass.

5.2 A student who completes a unit of study for which only a pass/fail result is available will be recorded as having satisfied requirements.

5.3 In determining the results of a student in any unit of study, the whole of the student's work in the unit of study may be taken into account.

5.4 Examination and assessment in the University are conducted in accordance with the policies and directions of the Academic Board.

6. Attendance

6.1 A faculty has authority to specify the attendance requirements for courses or units of study in that faculty. A faculty must take into account any University policies concerning modes of attendance, equity and disabled access.

6.2 A faculty has authority to specify the circumstances under which a student who does not satisfy attendance requirements may be deemed not to have completed a unit of study or an award course.

Division 2: Enrolment

7. Enrolment restrictions

7.1 A student who has completed a unit of study towards the requirements of an award course may not re-enrol in that unit of study, except as permitted by faculty resolution or with the written permission of the dean. A student permitted to re-enrol may receive a higher or lower grade, but not additional credit points.

7.2 Except as provided in section 7.1, a student may not enrol in any unit of study which overlaps substantially in content with a unit that has already been completed or for which credit or exemption has been granted towards the award course requirements.

7.3 A student may not enrol in units of study additional to award course requirements without first obtaining permission from the relevant dean.

7.4 Except as prescribed in faculty resolutions or with the permission of the relevant dean:

7.4.1 a student enrolled in an undergraduate course may not enrol in units of study with a total value of more than 32 credit points in any one semester, or 16 credit points in the summer session; and

7.4.2 a student enrolled in a postgraduate award course may not enrol in units of study with a total value of more than 24 credit points in any one semester, or 12 credit points in the summer session.

Division 3: Credit, cross-institutional study and their upper limits

8. Credit for previous studies

8.1 Students may be granted credit on the basis of previous studies.

8.2 Notwithstanding any credit granted on the basis of work completed or prior learning in another award course at the University of Sydney or in another institution, in order to qualify for an award a student must:

8.2.1 for undergraduate award courses, complete a minimum of the equivalent of two full-time semesters of the award course at the University; and

8.2.2 for postgraduate award courses, complete at least 50 per cent of the requirements prescribed for the award course at the University. These requirements may be varied where the work was completed as part of an embedded program at the University or as part of an award course approved by the University in an approved conjoint venture with another institution.

8.3 The credit granted on the basis of work completed at an institution other than a university normally should not exceed one third of the overall award course requirements.

8.4 A faculty has authority to establish embedded academic sequences in closely related graduate certificate, graduate diploma and master's degree award courses. In such embedded sequences, a student may be granted credit for all or some of the units of study completed in one award of the sequence towards any other award in the sequence, irrespective of whether or not the award has been conferred.

8.5 In an award course offered as part of an approved conjoint venture the provisions for the granting of credit are prescribed in the Resolutions of the Senate and the faculty resolutions relating to that award course.

9. Cross-institutional study

9.1 The relevant dean may permit a student to complete a unit or units of study at another university or institution and have that unit or those units of study credited to the student's award course.

9.2 The relevant dean has authority to determine any conditions applying to cross-institutional study.

Division 4: Progression

10. Repeating a unit of study

10.1 A student who repeats a unit of study shall, unless granted exemption by the relevant dean:

10.1.1 participate in the learning experiences provided for the unit of study; and

10.1.2 meet all examination, assessment and attendance requirements for the unit of study.

10.2 A student who presents for re-assessment in any unit of study is not eligible for any prize or scholarship awarded in connection with that unit of study without the permission of the relevant dean.

11. Time limits

11.1 A student must complete all the requirements for an award course within ten calendar years or any lesser period if specified by resolution of the Senate or the faculty.

Division 5: Discontinuation of enrolment and suspension of candidature

12. Discontinuation of enrolment

12.1 A student who wishes to discontinue enrolment in an award course or a unit of study must apply to the relevant dean and will be presumed to have discontinued enrolment from the date of that application, unless evidence is produced showing:

12.1.1 that the discontinuation occurred at an earlier date; and

12.1.2 that there was good reason why the application could not be made at the earlier time.

12.2 A student who discontinues enrolment during the first year of enrolment in an award course may not re-enrol in that award course unless:

12.2.1 the relevant dean has granted prior permission to re-enrol; or

12.2.2 the student is reselected for admission to candidature for that course.

12.3 No student may discontinue enrolment in an award course or unit of study after the end of classes in that award course or unit of study, unless he or she produces evidence that:

12.3.1 the discontinuation occurred at an earlier date; and

12.3.2 there was good reason why the application could not be made at the earlier time.

12.4 A discontinuation of enrolment may be recorded as 'Withdrawn (W)' or 'Discontinued – not to count as failure (DNF)' where that discontinuation occurs within the time-frames specified by the University and published by the faculty, or where the student meets other conditions as specified by the relevant faculty.
13. Suspension of candidature
13.1 A student must be enrolled in each semester in which he or she is actively completing the requirements for the award course. A student who wishes to suspend candidature must first obtain approval from the relevant dean.
13.2 The candidature of a student who has not re-enrolled and who has not obtained approval from the dean for suspension will be deemed to have lapsed.
13.3 A student whose candidature has lapsed must apply for re-admission in accordance with procedures determined by the relevant faculty.
13.4 A student who enrols after suspending candidature shall complete the requirements for the award course under such conditions as determined by the dean.

Division 6: Unsatisfactory progress and exclusion

14. Satisfactory progress
14.1 A faculty has authority to determine what constitutes satisfactory progress for all students enrolled in award courses in that faculty, in accordance with the policies and directions of the Academic Board.

15. Requirement to show good cause
15.1 For the purposes of this Rule, ‘good cause’ means circumstances beyond the reasonable control of a student, which may include serious ill health or misadventure, but does not include demands of employers, pressure of employment or time devoted to non-University activities, unless these are relevant to serious ill health or misadventure. In all cases the onus is on the student to provide the University with satisfactory evidence to establish good cause. The University may take into account relevant aspects of a student’s record in other courses or units of study within the University and relevant aspects of academic studies at other institutions provided that the student presents this information to the University.
15.2 The relevant dean may require a student who has not made satisfactory progress to show good cause why he or she should be allowed to re-enrol.
15.3 The dean will permit a student who has shown good cause to re-enrol.

16. Exclusion for failure to show good cause
The dean may, where good cause has not been established:
16.1 exclude the student from the relevant course; or
16.2 permit the student to re-enrol in the relevant award course subject to restrictions on units of study, which may include, but are not restricted to:
16.2.1 completion of a unit or units of study within a specified time;
16.2.2 exclusion from a unit or units of study, provided that the dean must first consult the head of the department responsible for the unit or units of study; and
16.2.3 specification of the earliest date upon which a student may re-enrol in a unit or units of study.

17. Applying for re-admission after exclusion
17.1 A student who has been excluded from an award course or from a unit or units of study may apply to the relevant dean for re-admission to the award course or re-enrolment in the unit or units of study concerned after at least four semesters, and that dean may readmit the student to the award course or permit the student to re-enrol in the unit or units of study concerned.
17.2 With the written approval of the relevant dean, a student who has been excluded may be given credit for any work completed elsewhere in the University or in another university during a period of exclusion.

18. Appeals against exclusion
Repealed and replaced by the University of Sydney (Student Appeals against Academic Decisions) Rule 2006.

Division 7: Exceptional circumstances

19. Variation of award course requirements in exceptional circumstances
19.1 The relevant dean may vary any requirement for a particular student enrolled in an award course in that faculty where, in the opinion of the dean, exceptional circumstances exist.

Division 8: Award of degrees, diplomas and certificates

20. Classes of award
20.1 Undergraduate diplomas may be awarded in five grades – pass, pass with merit, pass with distinction, pass with high distinction or honours.
20.2 Degrees of bachelor may be awarded in two grades – pass or honours.
20.3 Graduate diplomas and graduate certificates may be awarded in one grade only – pass.
20.4 Degrees of master by coursework may be awarded three grades – pass, pass with merit or honours.

21. Award of the degree of bachelor with honours
21.1 The award of honours is reserved to indicate special proficiency. The basis on which a student may qualify for the award of honours in a particular award course is specified in the faculty resolutions relating to the course.
21.2 Each faculty shall publish the grading systems and criteria for the award of honours in that faculty.
21.3 Classes which may be used for the award of honours are:
21.3.1 First Class
21.3.2 Second Class/Division 1
21.3.3 Second Class/Division 2
21.3.4 Third Class
21.4 With respect to award courses which include an additional honours year:
21.4.1 a student may not graduate with the pass degree while enrolled in the honours year;
21.4.2 on the recommendation of the head of the department concerned, a dean may permit a student who has been awarded the pass degree at a recognised tertiary institution to enrol in the honours year in that faculty;
21.4.3 faculties may prescribe the conditions under which a student may enrol part-time in the honours year;
21.4.4 a student who fails or discontinues the honours year may not re-enrol in it, except with the approval of the dean.

22. University Medal
22.1 An honours bachelor’s degree student with an outstanding academic record throughout the award course may be eligible for the award of a University Medal, in accordance with Academic Board policy and the requirements of the faculty resolutions relating to the award course concerned.

23. Award of the degree of master with honours or merit
23.1 The award of honours or pass with merit is reserved to indicate special proficiency or particular pathways to completion. The basis on which a student may qualify for the award of honours or the award with merit in a particular degree is specified in the Faculty Resolutions relating to that degree.

24. Transcripts and testamurs
24.1 A student who has completed an award course or a unit of study at the University will receive an academic transcript upon application and payment of any charges required.
24.2 Testamurs may indicate streams or majors or both as specified in the relevant faculty resolutions.

Division 9: Transitional provisions

25. Application of this Rule during transition
25.1 This Rule applies to all candidates for degrees, diplomas and certificates who commence candidature after 1 January 2001.

12.4.2.3 Such applications should be made in writing; and approved by the head of department concerned and the Dean of the Faculty, before the commencement of candidature.

13.4.1 Notwithstanding 13.1, 13.2 and 13.3 above, the Chair of the Academic Board may, on the recommendation of the dean of the faculty in which the candidate is enrolled, permit a candidate to submit a thesis for examination earlier than prescribed if, in the opinion of the Chair of the Academic Board, evidence has been produced that the candidate has made exceptional progress in his or her candidature.
13.4.2 The Chair of the Academic Board may take advice from the Chair of the Research and Research Training Committee and shall report any applications under this provision and the action taken to the next meeting of the Academic Board.

Division 2 – Ownership of intellectual property created by staff members

3. University asserts ownership

3.1 Subject to Rule 4.1, the University asserts ownership of all intellectual property created by a staff member in pursuance of the terms of his or her employment with the University, including, without limitation, copyright in any material that is:

3.1.1 teaching material;

3.1.2 computer programs; or

3.1.3 created at the express request or direction of the University.

3.2 In the absence of a third party agreement to the contrary, the ownership and the associated rights of all intellectual property generated from a research project funded by any publicly funded research agency will vest in the University.
4. Exceptions to Rule 3

4.1 The University does not assert copyright ownership over any work created by a staff member that is a work of a scholarly nature, including, without limitation, a journal article, conference paper, creative works or proceeding or text ("exempt intellectual property") but subject to the conditions that:

4.1.1 the University retains a non-exclusive, royalty-free, perpetual licence to develop that exempt intellectual property anywhere in the world and in any manner the University thinks fit, subject to any obligation that the University may have relating to any moral right subsisting in that work; and

4.1.2 if the University exercises its rights under Rule 4.1.1, then the originator is entitled to a share of any commercial benefit in accordance with Rule 14.

4.2 The University grants to the author of any teaching material that is subject to Rule 3.1 a non-transferable, perpetual, royalty-free licence to use the teaching material created for the sole purpose of teaching any course. This licence does not:

4.2.1 include any right of sub-licence; or

4.2.2 where the teaching material is a work of joint authorship as defined in section 10 of the Copyright Act 1968 (C’wlth), does not confer on the author any additional rights to deal with the teaching materials except as a joint author.

5. Sharing commercial benefits

5.1 Subject to Rule 5.2, staff members who create intellectual property over which the University asserts ownership under Rule 3 are entitled to a share of any commercial benefits that the University receives from developing it in accordance with Rule 14.

5.2 The sharing of commercial benefits with staff members in accordance with Rule 5.1 does not apply to any use of teaching materials as an aid or tool for instruction in a course.

Division 3 – Intellectual property created by students

6. Ownership

6.1 The University does not assert any claim in respect of intellectual property created by a student, unless:

6.1.1 prescribed otherwise by law; or

6.1.2 that the student agrees otherwise (including in any form prescribed by law).

7. Assignment

7.1 A student cannot be required by the University to assign his or her intellectual property:

7.1.1 in order to qualify for enrolment, or to remain enrolled in a course, or to complete the requirements of a course in which he or she has enrolled, under any circumstances; or

7.1.2 otherwise, including where that student is engaged in or otherwise participates in any third party activity, unless that student does so freely and with consent.

Subject to the provisions of any prior agreement between the student and the University, where a student creates intellectual property jointly with a staff member or a visitor, the University will negotiate with that student in connection with the development of that intellectual property.

7.2 If a student wishes to participate in any third party activity or in any activity that has, or may in future create intellectual property that may be the subject of development ("activity") then, before that student is permitted to begin that activity:

7.2.1 the University may, as a condition of the student participating in that activity, require the student to:

7.2.1.1 assign his or her intellectual property; and

7.2.1.2 give consent with respect to any moral right subsisting in that work, to the extent that either of these relate to or affect the activity concerned;

7.2.2 it is the responsibility of (as the case may be):

7.2.2.1 the person who is in charge of that activity (for example, the chief researcher); and

7.2.2.2 the student’s supervisor, to notify the student about all requirements for participating in that activity including, without limitation:

7.2.2.2.1 any requirement to assign that student’s intellectual property or give consent in relation to any moral right he or she may have in a work; and

7.2.2.2.2 especially where a student is required to assign his or her intellectual property or give consent in relation to any moral right he or she may have in a work, a recommendation that the student should seek advice (which may include legal advice).

Note: Legal advice may be arranged through, as the case may be, the Students’ Representative Council or the Sydney University Postgraduate Representative Association.

7.3 If a student is required to do any thing under Rule 7.2, then that student should be given a reasonable period ("response deadline") to review all documentation and seek appropriate advice (including legal advice), which in most cases should not be less than 14 days. However, the response deadline may be reduced by the University, depending on what is reasonable under the circumstances including taking into account any obligations to third parties that the University may have in respect of that activity.

7.4 If a student does not agree to do any thing required under Rule 7.2, or else does not respond to a request to do so, on or before the response deadline, then the University may decline to permit the student to participate in that activity.

8. Sharing commercial benefits

8.1 Students who assign their intellectual property rights and, if required to do so, give consent in respect of any moral right under Rule 7.2 are, subject to any agreement, entitled to a share of any commercial benefits that the University receives from developing that intellectual property according to Rule 14.

8.2 If a student assigns his or her intellectual property under Rule 7.2, the University will pay any stamp duty assessable on any instrument that the University deems necessary to give effect to that assignment.

Division 4 – Ownership of intellectual property created by visitors

9. Requirement of confidentiality and assignment

9.1 As a condition of any visitor:

9.1.1 having access to and use of any University facilities, equipment or accommodation;

9.1.2 having access to and use of any intellectual property of the University;

9.1.3 participating in any teaching or research activities of the University (including any third party activity), ("visitor privileges");

9.2 the University may require that visitor to do one or more of the following things:

9.2.1 sign a confidentiality agreement on terms acceptable to the University;

9.2.2 disclose to the Business Liaison Office, within 14 days of its creation, full details of any intellectual property created by that visitor and arising from the visitor being granted those visitor privileges;

9.2.3 do all things and sign all instruments necessary to assign to the University, any intellectual property created by that visitor arising from that visitor being granted any visitor privileges; and

9.2.4 give consent in relation to any moral right he or she may have in the relevant work.

10. Assumption

10.1 Unless and until the University gives a visitor notice under Rule 9:

10.1.1 a visitor is entitled to assume that the University:

10.1.1.1 makes no claim in respect of any intellectual property;

10.1.1.2 does not require the consent of the visitor in relation to any moral right he or she may have in any work that the visitor creates in respect of any research conducted by the visitor using any University facilities or intellectual property of the University; but

10.1.2 must still observe the visitor’s obligations under Rule 9.2.2.

Division 5 – Reporting and developing intellectual property

11. Staff responsibilities

The Code of Conduct for Responsible Research, as amended from time to time, makes it clear that staff have responsibilities in relation to intellectual property protection including, where appropriate, the maintenance of research laboratory records and the prevention of
premature public disclosure of research results prior to obtaining intellectual property protection.

12. Reporting by staff members

12.1 Staff members who believe they have created any intellectual property for which the University asserts ownership pursuant to Rule 3 must, as soon as possible after its creation:

12.1.1 report that fact to their Head of Department and to the Business Liaison Office; and

12.1.2 provide full details of the intellectual property created and the names of the originators in a form prescribed by the Business Liaison Office from time to time.

12.2 Staff members who create exempt intellectual property within the meaning of paragraph 4.1 must provide a copy of the thing to which that intellectual property relates to their Head of Department within 90 days of its creation or modification.

12.3 In the event that the Head of Department considers that the intellectual property reported in accordance with Rule 12.2 is intellectual property over which the University asserts ownership and is subject to Rules 3 and 12.1 then that Head of Department shall:

12.3.1 notify both the staff member and the Business Liaison Office within seven days;

12.3.2 together with the staff member take such actions as required to protect the value of the intellectual property; and

12.3.3 provide sufficient disclosure to the Business Liaison Office to enable assessment of the value of the intellectual property.

12.4 If notice is given under Rule 12.1, the University has eight weeks from the time the Business Liaison Office receives full details of intellectual property reported under Rule 12.1.2 ("notice period") in which to decide whether it wishes to protect or develop that intellectual property ("reported intellectual property"). The notice period may be extended beyond 8 weeks with the consent of the staff member who gave notice under Rule 12.1.

12.5 Until the University makes a decision under Rule 12.4, the staff member who gives notice under Rule 12.1 must take all reasonable steps to protect the reported intellectual property. The University encourages staff members to seek advice from the Business Liaison Office on how best to do so.

13. Dealing with reported intellectual property

13.1 If the University:

13.1.1 makes no decision by the end of a notice period (or any extension of it); or

13.1.2 decides it does not wish to protect or develop the reported intellectual property, then the originator is free, at his or her own cost, to protect or develop the reported intellectual property in any manner he or she chooses.

13.2 Nothing in Rule 13.1 prejudices any right of the University to:

13.2.1 claim a share in any commercial benefit received; or

13.2.2 recover any establishment costs or continuing costs already incurred by the University because of any subsequent development of reported intellectual property, unless that right is expressly waived by the Vice-Chancellor in writing.

13.3 If the University decides that it wishes to protect or develop reported intellectual property, then the Business Liaison Office must notify:

13.3.1 the staff member concerned; and

13.3.2 that staff member's Head of Department.

13.4 If the University decides to protect or develop reported intellectual property in collaboration with a third party, then the originator should be given the opportunity to participate in any negotiations concerning ownership, protection or development of that reported intellectual property, but:

13.4.1 negotiations will be undertaken on a case-by-case basis, according to the relevant circumstances; and

13.4.2 the University shall make any decisions arising from those negotiations which shall be binding on the originator.

14. Distribution of commercial benefits

14.1 All commercial benefits received by the University shall be distributed as follows, after the University first deducts any costs:

14.1.1 one-third to the originator;

14.1.2 one-third to the originator's Department; and

14.1.3 one-third to the Vice-Chancellor's Innovative Development Fund.

14.2 If it is not practicable to distribute commercial benefits of a non-monetary kind in accordance with Rule 14.1.2, then the University, after first consulting with the originator, may determine a mechanism for distributing commercial benefits by some other means, which may include, without limitation, the University holding commercial benefits in trust for the originator.

15. Where more than one originator

If there is more than one originator of any reported intellectual property, then any commercial benefits must be distributed according to the individual contribution of each originator to the reported intellectual property, unless those originators agree otherwise, and subject to Rule 14.2.

16. Protecting and developing intellectual property created by students

If students create any intellectual property that they wish the University to protect or develop, then the procedures specified in Rules 10.12, 13 [except Rule 13.2], 14 and 15 apply, except that, for the purposes of Rule 12.1, they must notify their supervisor and the Business Liaison Office.

17. Application of Rules 14 and 15

Appointment

Resolutions of the Senate

Appointment of a Dean, Director or College Principal

1. For the definitions of terms refer to the Delegations of Authority. As appropriate for local nomenclature and reporting lines, when this refers to department read also school or unit; to faculty read also college; to dean read also director or college principal.

1. Policy statement

1.1 A dean is appointed by Senate to lead and manage the academic, administrative, staffing and financial affairs of the faculty.

1.2 There is provision for a simultaneous appointment of a dean and a professor.

1.3 All deanships will be advertised both internally and externally, except where Senate agrees otherwise on the recommendation of the Vice-Chancellor.

2. Governing principles

2.1 The dean of a faculty has a dual role first in regard to academic leadership and decision-making, and second in regard to the management of the financial and other resources allocated to the faculty. The process of selecting the dean will reflect this dual role, and the dean will be accountable for performance in both areas.

2.2 Not all academic units (departments, schools, centres and so forth) assigned to a faculty for the purposes of academic cohesion and coordination will fall within a dean’s responsibilities for managing financial and other resources. Deans will be given clear directions by their supervisor on the scope of their academic and resource management role.

3. Procedures

3. Refer to the Policy Document on the appointment of a dean, director or college principal as approved by Senate, 5 May 1997; Attachment 1: Position Description for a Dean; and Attachment 2: Related Issues, available at http://www.usyd.edu.au/policy/.

4. Pro-Deans

4.1 The dean may nominate from the members of the faculty, and the faculty may appoint the person/s so nominated, one or more persons who shall be pro-dean/s to assist in the exercise of their duties and powers as may from time to time be assigned to him or her by the dean. Typically, the duties of a pro-dean or deputy dean will include:

4.1.1 representing the dean as requested

4.1.2 serving as acting dean when the dean is absent

4.1.3 being a member of committees of the faculty

4.1.4 chairing ad hoc working parties within the faculty

4.2 Subject to section 4.1, the pro-dean or deputy dean shall have such duties and powers as may from time to time be assigned to him or her by the dean. Typically, the duties of a pro-dean or deputy dean will include:

4.2.1 representing the dean as requested

4.2.2 serving as acting dean when the dean is absent

4.2.3 being a member of committees of the faculty

4.2.4 chairing ad hoc working parties within the faculty

4.3 Where a faculty has appointed more than one pro-dean or deputy dean, their duties may be confined to a specific area or areas of management responsibility, as determined by the faculty on the recommendation of the dean, and this may be reflected in the title approved by the faculty.

5. Associate Deans

5.1 The dean may nominate from the members of the faculty, and the faculty may appoint the person/s so nominated, one or more persons as associate dean/s to assist the dean or a pro-dean/deputy dean in the exercise of his or her duties or powers.

5.2 The number of associate deans appointed by a faculty should generally be commensurate with the size of the faculty.

5.3 An associate dean appointed by faculty holds office for such period within the term of the dean as the faculty may determine, subject to the possibility of early termination by the dean after consultation with the faculty or, in exceptional circumstances, the Provost.

5.4 An associate dean has such duties and powers as may from time to time be assigned to him or her by the dean. Typically, the duties of an associate dean will include:

5.4.1 promoting and co-ordinating a specified area of responsibility within faculty and also chairing the faculty committee responsible for the area

5.4.2 undertaking academic functions in relation to their area of responsibility, which are delegated by the dean

5.4.3 representing the faculty on University committees in their area of responsibility

5.4.4 taking a leadership role in writing reports and responding to requests for information in relation to their area of responsibility

5.5 Where a faculty, on the advice of the dean, so recommends, the Senate may appoint a person as an associate dean of that faculty and that person shall hold office for such period as the Senate may determine.

5.6 On the termination of office of an appointed associate dean, a further recommendation of the faculty concerned shall be made before any other person is appointed to that office.

5.7 The selection committee for an appointed associate dean shall be the same as that provided for under University policy for a Level E Academic appointment.

6. Sub-Deans

6.1 The dean may nominate from the members of the faculty, and the faculty may appoint the person/s so nominated, one or more persons who shall be sub-dean/s to assist the dean or an associate dean in the exercise of their duties or powers.

6.2 The number of sub-deans appointed by a faculty shall generally be commensurate with the size of the faculty.

6.3 A sub-dean shall hold office for such period or periods within the term of the dean as the faculty may determine, subject to the possibility of early termination by the dean after consultation with the faculty or, in exceptional circumstances, the Provost.

6.4 A sub-dean has such duties and powers as may from time to time be assigned to him or her by the dean or relevant associate dean. Typically, the duties of a sub-dean will include:

6.4.1 promoting and co-ordinating a specified narrow area of responsibility within the portfolio of a dean or associate dean on behalf of the dean or associate dean

6.4.2 undertaking functions in relation to their narrow area of responsibility, as delegated by the dean or relevant associate dean

6.4.3 writing reports and responding to requests for information in relation to their narrow area of responsibility

7. Acting Deans

7. Where a dean is from time to time absent from that office through illness or any other cause the Vice-Chancellor, or a deputy vice-chancellor nominated by the Vice-Chancellor, may appoint an acting dean from the full-time members of the academic staff who are members of the faculty, or hold office during that absence and the acting dean shall be deemed to be, and shall have the duties and powers of, the dean.

8. Election of person to preside at meetings of the faculty

8.1 Where a faculty has decided that a person other than the dean is to preside at meetings of the faculty and of its standing committee, if any, the election shall be held after the dean has assumed office.

8.2 The person to be elected as presiding member shall be a full-time member of the academic staff being a member of the faculty and shall be elected by the members of the faculty at a meeting of the faculty, due notice having been given in accordance with the Senate resolutions relating to the election of chairs of faculties and college boards.

8.3 The presiding member of a faculty shall hold office for a period to be determined by the faculty but not exceeding the period of office of the dean.

9. Attendance at meetings of the Senate

9.1 The dean of a faculty, the director of a college or a college principal or an elected chair of a faculty or college board who is not a Fellow of Senate may be present and shall be entitled to be heard during the confidential section of any meeting of Senate if any matter is to be discussed which in the opinion of the Chancellor directly relates to that faculty or college.

9.2 The dean of a faculty, the director of a college or a college principal or an elected chair of a faculty or college board who is not a Fellow of Senate may be present during the open section of any meeting of Senate and shall be entitled to be heard if any matter is to be discussed which in the opinion of the Chancellor directly relates to that faculty or college and
may ask the Chancellor that any matter on the agenda that would not otherwise be discussed may be so discussed.

Selection Committee for Deputy Vice-Chancellor
1. **Ex officio:**
   1.1 Chancellor
   1.2 Deputy Chancellor
   1.3 Chair of the Academic Board
   1.4 Vice-Chancellor and Principal
2. **Appointed by Senate:**
   2.1 Two nominees of Senate (to be current Fellows) nominated to Senate by the Chancellor following consultation after receipt of expressions of interest from Fellows
   2.2 One additional member of the Academic Board, on the nomination of the Chair of the Board
   2.3 One member, external to the University, on the nomination of the Vice-Chancellor

Selection Committee for Pro-Vice-Chancellor
1. **Ex officio:**
   1.1 Vice-Chancellor and Principal
   1.2 Chair of the Academic Board or nominee
   1.3 Deputy Vice-Chancellor to whom the Pro-Vice-Chancellor reports
2. **Appointed by Senate:**
   2.1 Two nominees of Senate (to be current Fellows) nominated to Senate by the Chancellor following consultation after receipt of expressions of interest from Fellows
   2.2 Two members (plus one reserve) nominated by the Academic Board
   2.3 One member, external to the University, on the nomination of the Vice-Chancellor

Procedures for consultation between the Senate and the Academic Board in respect of appointment of Vice-Chancellor and for selection of a Vice-Chancellor – Selection Committee
1. Senate will appoint a Joint Committee of Senate to be chosen in accordance with principles of good governance consisting of:
   1.1 members **ex officio** (namely, the Chancellor, the Deputy Chancellor, and the Chair of the Academic Board),
   1.2 members of Senate appointed by the Senate, and
   1.3 members equal in number to those appointed under 1.2, to be appointed by the Senate on the nomination of the Academic Board through its chair,
   to identify and review applicants for appointment as the next Vice-Chancellor and to make recommendations to Senate for its determination in respect of such appointment reporting to Senate on a regular basis. Such will include the appointment by the committee of a suitable search firm of the highest integrity and competence in order to maximise the University’s capacity to approach possible outstanding applicants on a strictly confidential basis in the first instance in order to ascertain their interest who may not otherwise respond and to have the benefit of objective external input and additional due diligence.
2. In order to represent the width of interest on the Board, it would be desirable to have four members appointed under 1.3. The Joint Committee will be a committee of the Senate which will report to that body.
3. The members of the Board to be nominated to Senate for appointment to the Joint Committee will be nominated to the Board by the Chair of the Academic Board.
4. The Senate is to approve the final composition of the committee, maintaining the equality of number referred to in 1.3 above and be in a position, should circumstances warrant this, to replace a member of the Committee or require in the case of those nominated by the Academic Board that the Chair of the Academic Board nominate a replacement for appointment by Senate.
5. A majority of the members of the Committee must be external, but so that a student Fellow may constitute an external member.

Form of the thesis

Four copies of the thesis shall be submitted for examination for the degree of Doctor of Philosophy and shall normally be submitted in one of the forms set out below in sections 1 and 2.

1. The four copies may be bound in either a permanent or temporary form as set out in sections 1.1 and 1.2.

1.1 A thesis submitted in permanent binding shall be on international standard A4 size paper sewn and bound in boards covered with bookcloth or buckram or other binding fabric. The title of the thesis, the candidate's initials and surname, the title of the degree, the year of submission and the name of the University of Sydney should appear in lettering on the front cover or on the title page. The lettering on the spine, reading from the bottom, should conform as far as possible to the above except that the name of the University of Sydney may be omitted and the title abbreviated. Supporting material should be bound in the back of the thesis as an appendix or in a separate set of covers.

1.2 A thesis submitted in a temporary binding should be strong enough to withstand ordinary handling and postage. The preferred form of temporary binding is the 'perfect binding' system – ring-back or spiral binding is not acceptable. A thesis submitted in temporary form shall have fixed to the cover a label clearly identifying the name of the candidate, the title of the thesis and the year of submission. The Xerox Demand Binding system is acceptable both for temporary and permanent purposes.

2. A thesis may also be submitted in electronic form in accordance with the provisions of section 3.

2.1 When a thesis is submitted in electronic form, four copies must be submitted as set out in section 2.2.

2.2 A thesis submitted in electronic form must normally be submitted on disk and must be in a format which the faculty determines as acceptable to both the candidate and the examiner(s), with the same structure as the ultimate printed version referred to in sections 1.1 and 4, and each chapter must be in a separate document.

The title of the thesis, the candidate's initials and surname, the title of the degree, the year of submission and the name of the University of Sydney should appear on the title page and on a label affixed to the disk. A hard copy of the thesis should normally be submitted for retention by the faculty office, and further copies for any examiner(s) unwilling or unable to examine the thesis electronically. Individual faculties may determine, however, that the copy for retention in the faculty office may also be submitted in electronic form.

3. Procedures for electronic submission of theses

Provision for electronic submission of theses for the purpose of examination may occur where both the candidate wishes to submit in this form and examiners are prepared to examine in this way. Candidates wishing to submit electronically are required to advise of their intention to submit so that arrangements may be made with prospective examiners.

The usual examination process will be followed when a thesis is submitted electronically, except as set out below.

3.1 A student who wishes to submit electronically must so advise the supervisor and the department at least three months prior to submission. This advice should be by the completion of a (centrally-designed) form, on which the student must indicate the likely length of the thesis and any special features relating to its format.

3.2 Examiners must be selected in the normal way and no regard paid to whether or not they would wish to examine electronically.

3.3 When confirming the appointment of examiners, the faculty office should confirm their willingness or otherwise to examine an electronic version of the thesis.

3.4 Prospective examiners must be advised of the format in which the thesis is available and they must be asked whether they prefer to accept it in that form (on disk, but possibly as an email attachment) or in the traditional hard copy form.

3.5 Under certain circumstances particular specialised electronic applications may form part of the thesis. In such circumstances, it should be ascertained that the examiner has the capability to accept this format, and this must be done three months prior to submission.

3.6 If an examiner advises that he or she does not wish to examine electronically, then the examiner will be sent a hard copy of the thesis.

4. The degree shall not be awarded until the candidate has submitted a permanently bound copy of the thesis (containing any corrections or amendments that may be required) and printed on acid-free or permanent paper, for lodgement in the University Library.

The examination process

1. Appointment of examiners

Faculty or college board to seek recommendation for examiners

1.1 After the prescribed number of copies of the thesis have been lodged and the supervisor's certificate has been received, the faculty or college board, having considered the certificate, shall seek a recommendation for the appointment of examiners from the head of department concerned, unless the faculty or college board considers that examiners should not be appointed.

Examiners not appointed

1.2 If a faculty or college board, after consideration of the supervisor's certificate, has resolved not to proceed to the appointment of examiners, it shall report the circumstances and the reasons for the decision to the PhD Award Sub-Committee which may note the decision or require the faculty or college board to appoint examiners.

Delays in appointment to be avoided

1.3.1 The head of department and the faculty shall take all possible steps to ensure that examiners are appointed at least four weeks before the submission of the thesis and, where this does not occur, shall report the circumstances to the PhD Award Sub-Committee.

1.3.2 The head of department should normally have taken the steps outlined below in sections 1.4 to 1.11, noting the provisions of section 1.13, before the thesis is submitted.

Head to consult and recommend

1.4 The head of department shall, if reasonably possible, before making his or her recommendation for the appointment of examiners, consult the supervisor and, if it is considered by the supervisor to be necessary, any appointed associate supervisor.

1.5 The head of department shall recommend the appointment of three examiners of the thesis of whom at least two shall be external to the University, i.e. not being a member of the staff of the University or holding a clinical academic title. The supervisor shall not be an examiner.

1.6 The head of department may also recommend the appointment of one or more qualified additional persons who may be called on to act in place of one or more of the three first appointed examiners.

Qualifications of examiners

1.7.1 Examiners recommended should be known to be familiar with the supervision and examination of research theses and should normally still be active in research and/or scholarship.

1.7.2 An examiner appointed to act as an assessor under section 4.3.5 should possess very high standing in the subject in question.

Examiners free from bias and conflict of interest

1.8 A head of department, in making a recommendation, shall take all reasonable steps to ensure that the examiners proposed are free from bias (either for or against the candidate or the supervisor) and conflict of interest.

Involvement of candidate

1.9 The head of department or the supervisor or the candidate may initiate a general discussion with the candidate by the supervisor and/or the head of department of a wide range of
possible examiners, including the possibility of the student submitting to an oral examination of the thesis.

1.10 The head of department or the supervisor or the candidate may initiate a general discussion with the candidate by the supervisor and/or the head of department of a wide range of possible examiners, including the possibility of the student submitting to an oral examination of the thesis.

Faculty to appoint examiners

1.11.1 The head of department shall make a recommendation to the faculty for the appointment of examiners. In making this recommendation, the head of department should indicate: whether or not he or she has ascertained the prospective examiners' willingness to examine
electronically; or
1.11.1.2 conduct an oral examination whether or not they wish to examine in this way, and, if so, the format(s) in which they are able to receive the thesis. Examiners must be selected in the normal way and no regard paid to whether or not they would wish to examine electronically or participate in an oral examination of the thesis.

1.11.2 The faculty or college board, on receipt of a recommendation for the appointment of examiners from a head of department, and having considered through its dean or chair of the board of postgraduate studies any advice from the candidate, may appoint the examiners as recommended or appoint different examiners after consultation with the head of department.

Report to PhD Award Sub-Committee

1.12 The faculty shall, using the prescribed form, report the names and qualifications of the examiners appointed to the PhD Award Sub-Committee which may itself appoint, or may request the faculty to recommend for appointment, one or more additional examiners. The faculty shall indicate on the form if the examiners are currently active in research and/or have previous experience as an examiner and are free from bias and conflict of interest. The prescribed form should also indicate which, if any, of the examiners will be examining the thesis electronically or if the student will be submitting to an oral examination of the thesis. If an examiner does not fulfil the above criteria, a short justification of why that examiner was chosen should be provided by the faculty concerned. The appointment of examiners for all PhD candidates shall be endorsed by the PhD Award Sub-Committee prior to the examination process commencing.

Names not to be disclosed

1.13 Except as may be necessary when an oral examination is required, the names of the examiners appointed shall not be disclosed to the candidate until a determination has been made about the award of the degree.

Invitation to examiners

1.14 After the appointment of examiners by the faculty or college board, the Registrar shall write to each external examiner inviting him or her to act, specifying the conditions applicable to the examination process and enclosing the resolutions for the degree, an information statement. An examiner's report form will be enclosed with the letter and, if possible, will also be sent to the examiner in electronic form via electronic mail if the examiner is able to receive it in one of the formats available. If the examiner has indicated a willingness to participate in an oral examination of the thesis the date and arrangements for the oral examination will also be notified.

1.15 On receipt of an acceptance of the invitation to act, or on advice from the head of department concerned that the examiner is willing to act under those conditions, the Registrar shall dispatch a copy of the thesis in either hard copy or electronic form if the examiner has indicated willingness to examine in electronic form.

1.16 The Registrar shall similarly write to any internal examiner advising him or her of the appointment and the conditions which apply and enclosing the resolutions for the degree and the examiner's report form together with a copy of the thesis either in hard copy or electronic form.

Delay between appointment of examiners and receipt of thesis

1.17 In the event of a candidate’s thesis not being received within three months of the acceptance by the examiners of their appointment, the faculty shall write to all examiners concerned, both internal or external, to ascertain their willingness to continue to act as examiners of the thesis in question.

Delegations of authority

1.18 A head of department may delegate to a specified member of the academic staff his or her responsibilities under this section by countersigning a specific recommendation in respect of a particular candidate or by making, and forwarding to the Registrar, a written statement of delegation of those powers.

2 Consideration by examiners

Examiners to report within two months

2.1 An examiner is required to complete the examination of the thesis and submit a report on the prescribed form within two months of receipt of the thesis. The examiner may return the report by electronic mail, but if using this medium must also send a signed, hard copy of the report by mail or facsimile.

Examiners to submit independent reports

2.2 The examiner shall not be advised of the names of the other examiners who have agreed to act. The University requires that there be no consultation among co-examiners during the examination process and that examiners submit an independent report.

Content of report

2.3 The report shall include the recommendation that:
2.3.1 the candidate be awarded the degree without further examination; or
2.3.2 the candidate be awarded the degree subject to correcting typographical errors before the degree is conferred (typographical errors include spelling, grammar, punctuation, capitalisation and reference dates); or
2.3.3 the candidate be awarded the degree subject to conditions listed in the examiner's report being addressed to the satisfaction of the University (which may include a recommendation that if reasonably possible the candidate should be required to take an additional oral or other examination); or
2.3.4 the candidate be not awarded the degree, but be permitted to resubmit the thesis in a revised form for re-examination following a further period of study, the examiner having formed the opinion that the errors or deficiencies substantially affect the argument or the thesis; or
2.3.5 the candidate be not awarded the degree.
2.3.6 In the case of a thesis which is also to be examined by an oral examination, the report of the examiners shall be an interim report, to be completed following the conclusion of the oral examination.
2.4 The report shall also record whether in the opinion of the examiner:
2.4.1 the thesis is a substantially original contribution to the knowledge of the subject concerned;
2.4.2 the thesis affords evidence of originality by the discovery of new facts;
2.4.3 the thesis affords evidence of originality by the exercising of independent critical ability;
2.4.4 the thesis is satisfactory as regards literary presentation; and
2.4.5 a substantial amount of material in the thesis is suitable for publication.
2.5 The examiner shall state the grounds on which his or her recommendation is based, indicating the strengths and weaknesses of the thesis and the particular contributions made by the candidate and may list emendations that it is considered should be made and shall indicate the extent of any consultation with other examiners or associate or co-examiners.

Release of examiners' names

2.6 As part of the report form, the examiner shall be asked to indicate whether he or she is willing to have his or her name and/or his or her report in full or in part released to the candidate, either at the conclusion of the examination, or in the circumstances outlined in sections 4.17 to 4.20.

Receipt of reports to be monitored

2.7 The Registrar shall acknowledge receipt of reports as received and arrange for payment of the examiner’s fee to external examiners.
2.8 The Registrar shall contact any examiner who has not submitted his or her report within six weeks of despatch of the thesis, reminding the examiner of the due date for the report, and the Registrar shall contact any examiner who has not submitted his or her report within ten weeks of despatch of the thesis,
3.1 When all three examiners' reports have been received, 3.1.1 if all examiners have recommended either that the degree be awarded without qualification or the degree be awarded subject to correction of typographical errors, the faculty may award the degree either without further examination or subject to the correction of typographical errors (as specified by the examiners) being made in all copies of the thesis to be retained in the University before the degree is conferred and shall forward the reports to the head of department and supervisor for information; or 3.1.2 if any other recommendations have been made, the faculty shall forward the reports to the head of department for a recommendation and to the supervisor. 3.1.3 In the case of a thesis also being examined by an oral examination, the procedures for the conduct of the oral examination and the consideration of the examiners' reports shall be those adopted by the Academic Board. 3.2 Neither head of department nor supervisor shall have a right of access to the examiners' reports before they have all been received, except where the dean of the faculty or chair of the college board considers that special circumstances exist. 3.3 The head of department, if there is disagreement among the examiners, or, if asked to comment on the report of an oral examination, shall, before making a recommendation, if reasonably possible, consult the candidate's supervisor and shall consult the candidate's annual progress reports. 3.4 The head of department shall indicate when making his or her recommendation the nature and extent of consultation that has been carried out and shall forward a copy of any written report he or she has received from the supervisor. 3.5 The head of department, having considered the reports of the examiners and carried out any required consultation, may make one of the following recommendations: 3.5.1 that the degree be awarded without further conditions; or 3.5.2 that the degree be awarded subject to the correction of typographical errors being made in all the copies of the thesis to be retained in the University before the degree is conferred; or 3.5.3 that the degree be awarded subject to emendations being made in all copies of the thesis to be retained in the University; or 3.5.4 except in the case of the report of an oral examination, that the candidate be required to take an additional oral or other examination or answer specific questions put by an examiner; or 3.5.5 except in the case of the report of an oral examination, that an additional examiner be appointed; or 3.5.6 except in the case of the report of an oral examination, that an additional examiner be appointed to examine the thesis and act as an assessor of the reports of the other examiners, and the comments of the supervisor, whether or not already an examiner, subject to endorsement by the PhD Award Sub-Committee which will consider the reports of the examiners and the justification forwarded by the Board of Postgraduate Studies. In cases where the faculty had previously formed the intention to resolve that the degree be not awarded, or the candidate be allowed to revise and resubmit, and the candidate's comments have been received, the faculty's Postgraduate Committee should determine whether the candidate's comments should be forwarded to the assessor. 3.5.7 except in the case of the report of an oral examination, that the reports of the examiners, together with comments from the supervisor, whether or not already an examiner, shall be referred to all the examiners for their comments; or 3.5.8 that the candidate not be awarded the degree, but be allowed to revise and resubmit the thesis within a prescribed maximum period of time; or 3.5.9 that the degree be not awarded. 3.6 A head of department, if recommending under section 3.5.2 or 3.5.3 that the degree be awarded subject to typographical corrections or emendations, shall specify the typographical corrections or emendations to be made, if not already specified in the report of an oral examination, noting that the PhD Award Sub-Committee normally expects any typographical corrections or emendations or errors identified by examiners to be corrected before consideration of the examiners' reports and head of department's recommendation. 3.7 The head of department shall, with his or her recommendation, after noting the wishes of the examiners, indicate what portions of the examiners' reports may be released to the candidate, but the reports shall remain confidential until after consideration by the PhD Award Sub-Committee, faculty or college board. 3.8 A head of department may delegate to a specified member of the academic staff his or her responsibilities under this section by countersigning a specific recommendation in respect of a particular candidature or by making, and forwarding to the Registrar, a written statement of delegation of those powers.
be forwarded to the PhD Award Sub-Committee. The recommendation of the Faculty shall specify the nature of such corrections, emendations or other conditions as may be intended.

4.1.4 Except as provided under section 3.1.1 or 4.1.2, the dean of the faculty or chair of the college board shall refer the recommendation of the head of department to the faculty or college board, which shall forward a recommendation to the PhD Award Sub-Committee together with the recommendation of the head of department and copies of the reports of the examiners. The recommendation of the Faculty shall specify the nature of such corrections, emendations or other conditions as may be intended.

PhD Award Sub-Committee action

4.2 The PhD Award Sub-Committee, after consideration of the examiners’ reports and the recommendation of the head of department and where these have been made any recommendation from the faculty or college board:

4.2.1 may award the degree without further examination; or
4.2.2 may award the degree subject to the correction of typographical errors being made in all the copies of the thesis to be retained in the University before the degree is conferred; or
4.2.3 may award the degree subject to emendations specified by the head of department or the Sub-Committee being made in all copies of the thesis to remain available in the University; or
4.2.4 may refer the candidature to the faculty or college board concerned; and shall refer the candidature to the faculty or college board concerned if a member of the Sub-Committee so requires and the examiners’ reports and the recommendation of the head of department have not already been considered by the faculty or college board.

Faculty or college board action

4.3 The faculty or college board, after considering the recommendation of the head of department and the reports of the examiners that have been referred directly to it or by the PhD Award Sub-Committee, may resolve:

4.3.1 to recommend to the PhD Award Sub-Committee that the degree be awarded without further examination; or
4.3.2 to recommend to the PhD Award Sub-Committee that the degree be awarded subject to the correction of typographical errors being made in all the copies of the thesis to be retained in the University before the degree is conferred; or
4.3.3 to recommend to the PhD Award Sub-Committee that the degree be awarded subject to emendations specified by the head of department or the faculty or college board being made in all copies of the thesis to remain available in the University; or
4.3.4 except in the case of the report of an oral examination, that the candidate be required to take an additional oral or other examination, or answer specific questions put by an examiner, this not being a substitute for requiring the candidate to make emendations to the thesis or to revise and resubmit the thesis; or
4.3.5 except in the case of the report of an oral examination, that an additional examiner be appointed; or
4.3.6 except in the case of the report of an oral examination, that an additional examiner be appointed to examine the thesis and act as an assessor of the reports of the other examiners, and the comments of the supervisor, whether or not already an examiner, subject to endorsement by the PhD Award Sub-Committee which will consider the reports of the examiners and the justification forwarded by the Board of Postgraduate Studies. In cases where the faculty had previously formed the intention to resolve that the degree be not awarded, or the candidate be allowed to revise and resubmit, and the candidate's comments have been received, the faculty’s Postgraduate Committee should determine whether the candidate’s comments should be forwarded to the assessor.
4.3.7 except in the case of the report of an oral examination, that the reports of the examiners, together with comments from the supervisor, whether or not already an examiner, shall be referred to all the examiners for their comment; or
4.3.8 that the candidate not be awarded the degree, but be allowed to revise and resubmit the thesis within a prescribed maximum period of time; or
4.3.9 that the degree be not awarded.

Award without further conditions

4.4 Where the faculty or college board or PhD Award Sub-Committee has approved the award of the degree without further conditions, the Registrar shall advise the candidate that the degree has been awarded subject to the lodgement of a permanently bound copy of the thesis printed on archival or permanent paper, shall lodge this copy with the University Librarian, and shall advise the examiners, head of department and supervisor.

Award subject to correction of typographical errors

4.5 Where the faculty or college board or PhD Award Sub-Committee has approved the award of the degree subject to the correction of typographical errors, the Registrar shall advise the candidate that the degree has been awarded subject to the lodgement of a permanently bound copy of the thesis printed on archival or permanent paper in which the typographical corrections have been made to the satisfaction of the head of department, shall lodge this copy with the University Librarian, and shall advise the examiners, head of department and supervisor.

Award subject to emendations

4.6 When the award of the degree has been approved by a faculty or college board or by the PhD Award Sub-Committee, subject to specified emendations being made in all copies of the thesis to remain available in the University, the Registrar shall advise the candidate of the decision and of the nature of the emendations required and the latest date by which the emendations shall be made, being, unless otherwise determined by the faculty or college board, within a further three months, and shall provide such detail in relation to the examiners’ reports as the head of department recommends.

Additional oral or other examination

4.7.1 Where a faculty or college board has resolved under section 4.3.4 that the candidate be required to take an additional oral or other examination, or answer specific questions put by an examiner, unless the faculty or college board has determined otherwise, the faculty or college board shall be responsible for the oversight of these further examining processes.

4.7.2 At the completion of an additional oral or other examination, or once a specific question(s) put by an examiner have been answered, the faculty or college board shall obtain a further recommendation from the head of department and shall then resolve in accordance with section 4.3.1–4.3.3, 4.3.8 or 4.3.9 Conduct of oral examination

4.8 Those present at an oral examination may include one or more of the examiners and persons, other than the examiners, nominated by the faculty or college board; shall include the supervisor if he or she wishes; and may include, with the approval of the dean of the faculty or chair of the college board, a member of the University nominated by the candidate.

4.9 A candidate shall be given reasonable notice of any oral examination and of the nature of the examination and the names of the persons who will be present, and may advise the dean of the faculty or chair of the college board of reservations he or she may have about the presence of any particular person, giving reasons in writing.

Additional examiner

4.10 Where a faculty or college board resolves under section 4.3.5 that an additional examiner be appointed, the provisions of sections 1, 2 and 3 shall apply as appropriate and the Registrar shall write to the examiner as provided in section 1.14 or 1.15 and shall advise the previously appointed examiners of the name of the additional examiner.

4.11 A faculty or college board, having received a further recommendation from the head of department together with an additional examiner's report, may then resolve as provided in section 4.3.1–4.3.4, 4.3.8 or 4.3.9.

Additional examiner as assessor

4.12 Except in special circumstances, an additional examiner acting as assessor will be an external appointment.

4.13 Where a faculty or college board resolves under section 4.3.6 that an additional examiner be appointed to examine the thesis
and act as an assessor of the reports of the other examiners, the provisions of sections 1, 2 and 3 of these resolutions shall apply as appropriate and the Registrar shall seek comments from the supervisor and then write to the examiner as provided in section 1.14 or 1.15, inviting the examiner to act as an assessor of the examiners’ reports as well as an examiner of the thesis and shall provide copies of the unidentified examiners’ reports, and the comments of the supervisor, whether or not already an examiner. In cases where the faculty had previously formed the intention to resolve that the degree be not awarded, or the candidate be allowed to revise and resubmit, and the candidate’s comments have been received, the faculty’s Postgraduate Committee should determine whether the candidate’s comments should be forwarded to the assessor. The Registrar shall also advise the previously appointed examiners of the name of the additional examiner who is also to act as assessor.

4.14 A faculty or college board, having received a further recommendation from the head of department (with any written report provided by the supervisor) together with an additional examiner-as-assessor’s report, may then resolve as provided in section 4.3.1–4.3.3, 4.3.8 or 4.3.9, except that, where the faculty or college board does not substantially resolve in the terms recommended by the assessor, it shall include a report of the reasons for its decision with any recommendation to the PhD Award Sub-Committee.

Referral of reports to examiners

4.15 Where a faculty or college board resolves under section 4.3.7 that the reports of the examiners, together with comments from the supervisor, shall be referred to all the examiners for their comment, the Registrar shall seek comments from the supervisor and then send copies of the examiners’ reports and the supervisor’s comments to each of the examiners, advising them that it is in order for them to confer and seeking a further report from each examiner within a period of four weeks.

4.16 The Registrar shall forward the responses received, following the circulation of reports, to the head of department for such consultation as is required under section 4.3 and any recommendation, and the faculty or college board on receipt of that recommendation may then resolve as provided in section 4.3.

Candidate to be consulted before degree not awarded

4.17 Where a faculty or college board forms the intention, either to resolve under section 4.3.8 that the degree be not awarded but that the candidate be allowed to revise and resubmit the thesis within a prescribed maximum period of time, or to resolve under section 4.3.9 that the degree not be awarded, that resolution requiring faculty or college board referral to allow a process of consultation with the candidate.

4.18 The Registrar shall advise the candidate in writing of the faculty or college board’s intent; shall provide unidentified copies of such of the examiners’ reports as the examiners have indicated may be released; and shall advise the candidate that he or she may within a period of four weeks give notice of intention to provide comment on the foreshadowed recommendation of the faculty or college board, such comments to be submitted in writing by no later than a total of eight weeks from the date of the Registrar’s advice.

4.19 The faculty or college board shall further consider the examiners’ reports and the head of department’s recommendation, together with any comments provided by the candidate and any further comments provided by the head of department or supervisor and may then resolve as provided in section 4.3.

4.20 The dean of a faculty or chair of a college board may extend either of the time limits set out in section 4.17.

Revise and resubmit

4.21 Where a faculty or college board, following the consultation process referred to in sections 4.17–4.20, resolves under section 4.3.8 that the degree not be awarded but the candidate be allowed to revise and resubmit the thesis within a prescribed maximum period of time, this decision shall be reported to the PhD Award Sub-Committee, which may note the decision or refer it back to the faculty or college board for further consideration, and the Registrar shall advise the candidate of the decision, of any provisions relating to appeals, shall provide such detail in relation to the examiners’ reports as the head of department recommends and shall also advise the examiners, head of department and supervisor of the terms of the decision.

Degree not awarded

4.22 Where a faculty or college board, following the consultation process referred to in sections 4.17–4.20, resolves under section 4.3.10 that the degree not be awarded, this decision shall be reported to the PhD Award Sub-Committee which may note the decision or refer it back to the faculty or college board for further consideration, and the Registrar shall advise the candidate of the decision, of any provisions relating to appeals, shall provide such detail in relation to the examiners’ reports as the head of department recommends and shall also advise the examiners, head of department and supervisor of the decision.

Emendations and lodging of corrected thesis

4.23 A candidate, on receipt of advice from the Registrar that the degree has been awarded subject to emendations being made, shall make these emendations in consultation with his or her supervisor or head of department on all the copies of the thesis which are to be available within the University, including the copy printed on permanent or acid-free paper which is to be lodged with the University Librarian; shall comply with the requirements with respect to permanence and labelling of a copy of the thesis; shall request the head of department to certify that the corrections have been made and shall submit the thesis copies to the Registrar by no later than the latest date advised for completing such action.

4.24 The Registrar, on receipt of at least one corrected, permanently bound copy of the thesis and a statement from the head of department that the corrections have been made to his or her satisfaction, shall cause all corrected hard copies submitted to be stamped, and electronic copies to be annotated and stored as ‘read-only file’ to indicate that the thesis is in the form which has been accepted for the degree; shall advise either the PhD Award Sub-Committee or the faculty, as appropriate, that the corrections have been made and that the faculty or Sub-committee can therefore approve the award of the degree; shall write to the candidate advising that all the requirements for the award of the degree have been met; shall lodge the permanently printed copy with the University Librarian, and shall so advise the examiners, head of department and supervisor.

4.25 If a candidate does not carry out the required emendations within the time limit set, or the head of department after consultation with the supervisor does not consider that the emendations made are satisfactory, the head of the department shall refer the matter to the faculty or college board which may grant additional time or set different conditions or may initiate proceedings under the provisions for the termination of candidature.

Transfer to master’s candidature

4.26 A faculty or college board may permit a candidate for the degree of Doctor of Philosophy who, after examination, has not been awarded the degree, to use part or all of the material in the thesis as a thesis to be submitted for a master’s degree, subject to the provisions of sections 1, 2 and 3 of these resolutions shall apply as appropriate and the Registrar shall seek comments from the supervisor or head of department on all the copies of the thesis which are to be available within the University, including the copy printed on permanent or acid-free paper which is to be lodged with the University Librarian; shall comply with the requirements with respect to permanence and labelling of a copy of the thesis; shall request the head of department to certify that the corrections have been made and shall submit the thesis copies to the Registrar by no later than the latest date advised for completing such action.

Participation of supervisor and head of department

4.27 The supervisor and head of department may be present at any discussion by a faculty or college board of a recommendation by the head of department in respect to examiners’ reports on the thesis of a candidate.

Delegation of authority

4.28 A head of department may delegate to a specified member of the academic staff his or her responsibilities under this section by countersigning a specific recommendation in respect of a particular candidature or by making, and forwarding to the Registrar, a written statement of delegation of those powers.

4.29 The Sub-Committee may delegate to its chair, or in the absence of the chair to the chair’s nominee from the Sub-Committee, its powers to award the degree under section 4.2.1, 4.2.2 or 4.2.3.

4.30 The Sub-Committee may delegate to its chair, or in the absence of the chair to the chair’s nominee from the Sub-Committee, its powers under section 4.2.1, where the candidate has been consulted in accordance with section 4.17 and agrees with the recommendation of the faculty.
4.31 Where the PhD Award Sub-Committee has delegated to faculties and colleges the authority to approve the award of the degree under sections 3.1.1 or 4.1.2, the authority for the approval of the award shall be the responsibility of the faculty's or college board's postgraduate committee which may delegate authority to act on its behalf to its chair, or in the absence of the chair to the chair's nominee.

5. **Revision and re-examination**

**Faculty or college board to prescribe conditions**

5.1 A faculty or college board which has resolved that a candidate not be awarded the degree but be permitted to revise and resubmit the thesis for re-examination, shall prescribe a maximum period of further candidature and may prescribe particular conditions to be met.

**Candidate to re-enrol**

5.2 A candidate permitted to revise and resubmit shall re-enrol while remaining a candidate for the degree and shall proceed according to the provisions of these resolutions.

**Appointment of examiners**

5.3 A head of department shall recommend examiners for a revised and resubmitted thesis after the consultation processes provided for in section 1, but the faculty shall normally reappoint the original examiners of the thesis, provided that they are available, unless one or more of those examiners has required modifications of the thesis that the faculty or college board consider to be unnecessary or undesirable or, in the opinion of the faculty or college board, there are academic reasons for not reappointing any or all of the original examiners.

**Process of examination**

5.4 Subject to section 5.5, all the provisions of sections 1, 2, 3 and 4 relating to the examination process apply to the examination of a revised and resubmitted thesis.

5.5 Except where the Graduate Studies Committee on the recommendation of the faculty or college board permits otherwise, the recommendation that a candidate be not awarded the degree but be permitted to resubmit the thesis in a revised form for re-examination shall not be available to examiners of a thesis that has itself been submitted for re-examination.

6. **Faculty and college board delegations**

Where in these resolutions reference is made to a faculty or a college board or action to be taken by a faculty or a college board, that reference shall also include a faculty or college board of postgraduate studies or equivalent and any dean, chair, associate dean or other officer of the faculty or college board acting with the authority of the faculty or college board.

7. **Annual quarterly reports to the PhD Award Sub-Committee**

Where the degree is awarded by faculty delegation, the faculty shall report to the PhD Award Sub-Committee at the end of March, June, September and December of each year the details of such awards for the previous three months showing for each the name of the candidate, the department, the title of the thesis, the category of award recommended by each examiner, the final result, the date of submission of the thesis and the date on which the candidate was informed of the result.

8. **Cotutelle agreements**

8.1 Where a candidature has been conducted under an approved cotutelle agreement with a French university four examiners shall be appointed, two being on the recommendation of each participating institution.

8.2 Where a candidature has been conducted under an approved cotutelle agreement with other than a French university the examination arrangements must be approved by the Graduate Studies Committee.

Resolutions of the Senate

University Governance

Following an extensive process of consultation by Cordiner King and a constructive meeting between the senior executive group and Senate, on the 6 October 2001, the Senate of the University of Sydney met in colloquium. The Senate considered a lengthy report on governance from Cordiner King and discussed a number of suggestions that were made in that document. The Senate reached a clear resolution on those matters for final ratification at a subsequent November 2001 Senate meeting.

The discussions centred on the working arrangements and governance role of the Senate. It was recognised that executive matters properly rested with the Vice-Chancellor and his team seeking the counsel of Senate, as appropriate, and ultimately accountable to the Senate as the governing body of the University under its Act. It was recognised that advice of the Vice-Chancellor need not be necessarily infallible and that Senate should, as appropriate, when seeking the advice of the Vice-Chancellor, ensure that it was independent and seeking counsel in the best interests of the University and the wider community.

The resolutions define the following:

1. Role of the Senate
2. Role of the Chancellor
3. Role of the Vice-Chancellor
4. Evaluation of Senate Performance

The second group gives effect to Senate’s determination to be fully supported in this governance role, through the establishment of working committees, the development of governance skills in Fellows, the review of Senate performance and the provision of adequate resources:

5. Executing the Senate’s Task
6. Establishing Committees and Task Forces
7. Induction and Development of Fellows
8. Support for the Office of Chancellor and the Senate

To give effect to the outcome of the colloquium, Senate ratified resolutions earlier reached in or to the effect of the following matters pertaining to governance.

1. Role of the Senate

The Senate is the governing body of the University. It is accountable for the delivery of tertiary education and research outcomes which extend the knowledge base of the wider community taking into account the resources available to the University. The executive is accountable to it. The statutory powers and responsibilities of the Senate are defined under Section 16 of the Act (and elsewhere in the Act, By-laws and Rules). In this regard, the Senate should, without fettering such powers and discretions as derive from the office, undertake the following:

1.1 Accept the fiduciary responsibilities and accountability of Fellows as derive from the office while respecting academic freedom, ethical standing and legal requirements.
1.2 Ensure that academic standards are maintained, working through the Academic Board and the Vice-Chancellor.
1.3 Set and continually review the relevance of important policy and strategy, ensuring that it is properly informed about matters pertaining to its governance functions.
1.4 Appoint the Vice-Chancellor, agree on limitations to executive authority and regularly evaluate performance.
1.5 Set strategic direction within overall University policy on the advice of the Vice-Chancellor.
1.6 Reconcile capital plans and operating budgets against the strategic direction agreed with the Vice-Chancellor.
1.7 Monitor the progress of plans and audit compliance with overall policy.
1.8 Deepen and widen the links and communication between the University and the wider community.
1.9 Report formally to the wider community on strategic direction and outcomes.

1.10 Develop the collective knowledge of the Senate through a process of comprehensive induction of Fellows and ongoing learning.
1.11 Seek out expert advice from knowledgeable authorities on major issues to complement the skill base and experience of the Fellows and from within the University.
1.12 Formally review the collective performance of the Senate in discharging its responsibilities. (See 4)
1.13 Elect the Chancellor in accordance with the Act.

Insofar as certain of these functions may from time to time be properly carried out in Committee, this is only to be done under that authority and without detracting from the Senate’s ultimate accountability. (See 6) Interaction between the Senate and senior executives should be based on mutual respect and the maintenance of high standards.

2. Role of the Chancellor

The Chancellor is elected by the Senate to facilitate its work and collegially by effective and ethical means, providing a focal point to ensure the high standing of the University in the wider community. The statutory powers and responsibilities of the Chancellor are defined under Section 10 of the Act (and elsewhere in the Act, By-laws and Rules). Between the Deputy Chancellors and the Chair of the Academic Board, by mutual arrangement.

2.1 Preside over Senate meetings, oversee the development of Senate agendas and exercise the functions conferred by the By-laws working collaboratively with the Senate, the Vice-Chancellor and the University community; promoting the aims, ethos, independence, morale and spirit of the University and encouraging high standards.
2.2 With the Vice-Chancellor, ensure the Senate, the senior executives and the relevant Committees work fairly, with integrity, respecting confidentiality within transparent process and in an atmosphere of mutual trust and respect in an informed fashion; in particular ensuring that the Senate functions as it should, as a cohesive, accessible, effective, enquiring and informed body with a paramount fiduciary duty of loyalty to act in the best interests of the University owed by its members both individually and collectively. (See 3.6)
2.3 Preside on important ceremonial occasions such as graduation ceremonies, public lectures or seminars, sharing that responsibility as the Chancellor judges appropriate and facilitating the visibility and accessibility of the Senate within the University community and in particular to staff, students and alumni.
2.4 Work co-operatively with the Vice-Chancellor, available to give counsel and encouraging free, trusting and frank communication on all issues concerning the well being of the University.

2.5 In consultation with the Vice-Chancellor, provide a high level bridge to members of the wider community, promoting the aims of the University and responding to interest and concerns of society. (See 3.8)

In particular:

2.5.1 Regarding graduation ceremonies:

2.5.1.1 a small Task Force will review the post-2002 format and procedures, to report to the Senate meeting in December 2001 (and Fellows may contact the Chancellor by email about joining this Task Force),

2.5.1.2 in 2002 the Chancellor will preside at about three-quarters of the graduations, including Hong Kong and Singapore, and the rest will be conducted by the Deputy Chancellors and the Chair of the Academic Board, by mutual arrangement.

2.5.2 Regarding reporting of the Chancellor’s role:

2.5.2.1 the personal assistant to the Chancellor will keep a record of public appearances by the Chancellor and Senators in a representative role for tabling at Senate meetings.

2.5.3 Regarding communications about University matters:

2.5.3.1 the overriding principle is that the Senate should be properly informed on all important matters or matters pertaining to the exercise of the Senate’s functions.
2.5.3.2 the Vice-Chancellor is free to communicate directly to Senate Fellows keeping the Chancellor informed. (See 8) sensitivity in particular cases may justify communication first to the Chancellor, then at an appropriate time for the Senate to be informed, by the Chancellor or as agreed by
3. **Role of the Vice-Chancellor**

The Vice-Chancellor is the Chief Executive Officer of the University and while a Fellow, is in essence the only officer of the University employed as such while a member of the Senate, other than officers of the Senate Secretariat (see 8). The statutory responsibilities of the Vice-Chancellor are defined under Section 12 of the Act (and elsewhere in the Act, By-laws and Rules). The Vice-Chancellor should, without fettering such powers and discretions as derive from the office, undertake the following:

3.1 Promote the interests of and further the development of the University through prudent, effective and ethical means as chief executive and Fellow of the Senate and as the senior representative of its academic body, participating in ceremonial occasions.

3.2 Manage all the business of the University except where the Senate has explicitly determined limitations, such as:

3.2.1 matters of self interest or reward;

3.2.2 the appointment and termination of particular officers serving the Senate (the Secretariat); (See 8)

3.2.3 the composition of the Academic Board; and

3.2.4 the work of the internal auditor and audit committee.

3.3 Delegate to senior officers and academics the conduct of that business as appropriate and ensure that such delegations are effectively monitored.

3.4 Ensure that the Senate is thoroughly informed of administrative or academic implications and fiduciary risks or legal constraints which affect policy recommendations and strategic direction.

3.5 Establish supporting systems to monitor the performance of the University against agreed strategic direction and operating plans.

3.6 With the Chancellor, ensure the Senate, the senior executives and the relevant Committees work fairly, with integrity respecting confidentiality within transparent process and in an atmosphere of mutual trust and respect in an informed fashion; in particular ensuring that the Senate functions as it should, as a cohesive, accessible, effective, enquiring and informed body with a paramount fiduciary duty of loyalty to the University to act in the best interests of the University owed by its members both individually and collectively. (See 2.2)

3.7 Provide Senate with the particular background knowledge to support Fellows in the discharge of their governance responsibilities. (See 7)

3.8 Act as the key representative of the University with the wider community; sharing that responsibility with nominated officers and Fellows as appropriate and, in particular, with the Chancellor. (See 2.5)

4. **Evaluation of Senate Performance**

The prime concern of Senate and, indeed, all executive and academic leaders, must be on outcomes which improve the University. There is an increasing emphasis on a range of performance measures, which apply to the Vice-Chancellor and senior executive officers. However, the Senate itself should undertake a process of self-evaluation and form a collective view of its own performance.

Early in each year, and perhaps at an annual retreat, there should be a facilitated assessment of the Senate’s performance. The Senate should consider disclosing the result to the University. Annually, there should also be an assessment of past performance of the University against its earlier goals, and a determination of goals for the ensuing year. The goals will be derived from the present Strategic Plan, as refined from time to time, and others identified by the Vice-Chancellor and his executive team.

Although this annual assessment will need to be coordinated with the budget process, the goals in question are likely to be not only budgetary, but of a qualitative nature related to the Strategic Plan.

5. **Executing the Senate’s Task**

The policy making role of Senate is not an isolated task, but requires informed views and the input of those who will, in due course, implement policy. So, meetings of Senate require a structured approach. Senate should:

5.1 Ensure that Fellows have ready access to all relevant information about the University through, inter alia:

5.1.1 well-developed induction processes for new Fellows (See 7); 5.1.2 direct access by Fellows via the Vice-Chancellor to any officer to develop a background understanding;

5.1.3 direct requests for information to the most senior officers, being the senior executive team;

5.1.4 channelled requests for more detailed information via the Secretariat; (See 5.3) and

5.1.5 focussed background issue papers for meetings and colloquia.

5.2 Recognise that, subject to 1.3 above, the provision of information for Fellows should not unduly burden the officers concerned. It should be relevant to key issues of interest to the Senate as a whole and focussed in terms of scope and detail. The Chancellor and Vice-Chancellor may be asked to intervene in cases where requests are too onerous. (See 2.2)

5.3 Provide and separately account for the Secretariat (which would include the Secretary to the Chancellor) responsible for the concise proceedings manual in conjunction with the Registrar, to enable Senate to consider relevant issues in a fully informed manner and with appropriate input. The Secretariat will prepare and issue draft agendas and minutes for Senate and Committees of Senate and support the Fellows in other official and ceremonial aspects of Senate duties.

5.4 Establish agendas for meetings of Senate through the Chancellor and Vice-Chancellor that reflect, in order:

5.4.1 priorities for important issues of policy and strategy;

5.4.2 urgent decisions for ratification;

5.4.3 matters of a legal or compliance nature;

5.4.4 progress reports on operating performance and strategic goals;

5.4.5 minutes of Committee or Taskforce work;

5.4.6 review of matters deferred from other meetings; and other important initiatives.

5.5 Establish, subject to the necessary rule changes, a reduced number of six routine Senate meetings per year in the Senate room. Routine Senate meetings will consist of whatever is not allocated to Senate colloquia within the ambit of Senate business. (See 5.6)

In addition, routine Senate meetings should have an identified opportunity, where practicable for the consideration of confidential matters, after which time the public may enter to listen to proceedings in public session.

5.6 Establish up to five Senate colloquia per year, at which matters of broad policy or subjects otherwise appropriate for colloquia will be dealt with and resolutions reached. The colloquia should be held from time to time at other University sites, particularly where a colloquium relates to activities at a certain site. Such colloquia should be identified as constituting formal Senate meetings. However, these formal meetings would not ordinarily deal with any other matter than the pre-set subject of the colloquium, save exceptional or urgent cases which can be dealt with in short compass. To deal with matters otherwise, a special separate Senate meeting should be convened.

5.7 Through the Secretariat (See 8), prepare minutes of all Senate meetings, colloquia and Senate committees, which:

5.7.1 provide concise background on the issue;

5.7.2 reflect decisions reached and action agreed; and

5.7.3 incorporate key points of dissent from recommendations or where policy might need to be reviewed. Such minutes should be issued to Fellows as quickly as practicable after Senate meetings. On confidentiality, the general approach should be for all minutes – save those on matters dealt with in confidential session and justifying continuing confidential treatment – to be made publicly available.

5.8 Review via a Task Force to be established (also for the purpose of 6.4), the legislative and regulatory implications of limiting consecutive terms of membership of Senate, to ensure that Senate retains sufficient history and yet refreshes its objectivity and resources.

5.9 Establish a formal procedure of personal commitment to the values and collective unity of the Senate by new Fellows (and at this time initially by all Fellows); and, ways of enhancing collegiality. (See 7.1)

5.10 Review with the Vice-Chancellor ways of co-opting both internal and external expertise to assist with specific tasks or strategic goals.
6. Establishing Committees and Task Forces

Initially, the Senate should establish a Convening Committee, comprising the Chancellor, the Deputy Chancellor, the Vice-Chancellor, the Chair of the Finance Committee and the Chair of the Academic Board. This Committee should be responsible for recommending to the Senate the charter, composition, chair and mode of communication of all Committees and Task Forces of the Senate. Like all other Committees, this Convening Committee would not be a decision-making body except where expressly delegated so by the Senate. The Senate should restructure its Senate Committees so that they include the following Committees (and Task Force) with the following responsibilities and composition (whilst leaving in place those other Committees such as the Advisory Committee for the Selection of Candidates for Honorary Awards (Honorary Awards Committee) now in existence as have separate responsibilities not inconsistent with the restructure):

6.1 An Audit Committee, reporting directly to Senate, comprising only non-executive and non-staff Fellows but with the capacity to add outside persons of appropriate expertise, and charged with reviewing:
   6.1.1 compliance with policy;
   6.1.2 the effectiveness of policy; and
   6.1.3 the integrity of reporting.

6.2 A Finance Committee, to include oversight of investments, controlled or affiliated commercial entities and capital works, as well as oversight of financial, administration and policy implementation matters generally but so that the formation and continuous operation of commercial arrangements, joint ventures and corporate entities shall be reviewed and monitored in such a way that the Senate is kept fully informed by a set of protocols and accountabilities that are prudent and effective, consisting of quantitative and qualitative outcomes measured against pre-set objectives and benchmarks, such to be developed and reviewed by that Committee on a continuous basis.

6.3 A Remuneration Committee or Committees, as follows, to deal with sensitive personal aspects relating to:
   6.3.1 the remuneration and performance evaluation of the Vice-Chancellor – to be evaluated by a Committee comprising the Chancellor, the Deputy Chancellor, the Chair of the Finance Committee) and one person appointed from outside the University, and
   6.3.2 the performance criteria and assessment against the criteria for senior executives, on the recommendation of the Vice-Chancellor – to be evaluated by such Committee that does not include staff or student Fellows, with the understanding that once those Committees have established outcomes, they will report back to the Senate.

6.4 A Task Force referred to in 5.8 to take submissions on, and then consider, the preferred balance and composition of the Senate. Where duties are to be performed, and frame any recommendations with regard to Fellows to be appointed to the Senate.

6.5 Maintain the Honorary Awards Committee as recommends honorary degrees and Honorary Fellows – in line with the conclusions of the recent review presented to the Senate.

6.6 Consider whether to establish a Human Resources Task Force, with a sunset clause, to assist Senate, after a presentation, through the Vice-Chancellor, on the following:
   6.6.1 identifying and ordering in priority the numerous human resources policies embedded in the Rules and Resolutions of Senate;
   6.6.2 establishing where those policies do not meet best practice and which might be considered redundant;
   6.6.3 framing overriding policies which emphasise Senate’s commitment to the effective oversight of the University’s human resources;
   6.6.4 issues concerning harassment or the Ombudsman;
   6.6.5 recruitment, career paths and age distribution actual and projected at different levels within the academic and administration staff; and
   6.6.6 identifying human resource policy matters and issues that should be reported to Senate on a regular basis. While human resources play the major part within the University, and related issues cover matters as diverse as student needs and academic resources, it is felt that strong policy-making by the Senate would give the right emphasis to this critical function. However, establishing a Committee, rather than a Task Force, might be seen to unduly interfere in management.

6.7 Allow any Senate Fellow to attend any Committee meeting except the Remuneration Committees. In relation to the Finance Committee, it is expected that the Chair will invite Senate Fellows not serving on this Committee to attend it on a rotating basis.

7. Induction and Development of Fellows

Given the widely different nature of appointments and the very diverse backgrounds from which Senate Fellows are drawn, it is critical to the effective working of Senate that Fellows be properly prepared for their role. Senate should:

7.1 Design an induction program which brings new Fellows up to speed with the work of Senate, including:
   7.1.1 governance discussion with the Chancellor and the Vice-Chancellor
   7.1.2 express formal commitment to the work of the Senate; (See 5.9)
   7.1.3 comprehensive information package;
   7.1.4 briefing from two (or more) faculties of the University;
   7.1.5 mentoring provided by particular experienced Fellows;
   7.1.6 immediate assignment to a Committee or Taskforce; (See 6)
   7.1.7 training program on governance (perhaps from the AGSM),
   7.1.8 continuing education.

7.2 Ensure on-going maintenance of governance skills through a program which includes:
   7.2.1 further faculty briefings and review of specific administration functions;
   7.2.2 mentorship role with new Fellows;
   7.2.3 transfers between Committees to broaden understanding; (See 6) and
   7.2.4 feedback from the Chancellor on his/her perception of each Fellow's contribution. (See 4)

7.3 Ensure that all Fellows are fully supported in their representative roles within the wider community, by:
   7.3.1 pre-briefing on particular issues by senior executives; and
   7.3.2 assistance with logistics and communications. (See 8)

8. Support for the Office of Chancellor and the Senate

Fellows give freely of their time and many have onerous commitments outside the University. Most do not have personal resources to facilitate their work as Fellows, yet for the effective working of Senate adequate support for all Fellows is essential. The Senate should:

8.1 Ensure the Secretariat has an appropriate line budget and is enabled to support the Senate and the Chancellor in their respective roles. The monitoring of that budget and the approval of expenditure should be the responsibility of the Audit Committee and the amounts should be fully disclosed in the University’s annual financial statements.

8.2 Maintain an ongoing program of Faculty briefings. (See 7) in particular:

   8.2.1.1 a line item showing the costs of servicing the Senate; and
   8.2.1.2 a sub-item of the costs of the Chancellor.

8.2.2 It was also agreed that the Chancellor should immediately appoint a suitable person to:
   8.2.2.1 act as personal assistant to the Chancellor;
   8.2.2.2 be available, through the Chancellor, to Senate;
   8.2.2.3 appropriately assist the Chancellor in carrying out the Chancellor’s tasks,
   8.2.2.4 assist as appropriate in maintaining active communications with Fellows; and
   8.2.2.5 facilitate the reasonable requirements of Senate Fellows in relation to their tasks.

3. Consideration will also be given to a system by which individual Fellows can be reimbursed for reasonable out of pocket expenses in the Senate duties.

10.3.2 fold the slips so as to prevent identification; and

10.3.3 mix the slips and draw the slips at random, and for the purposes only of ranking among those candidates, a candidate whose name is drawn before the name of another candidate shall be deemed to have received one less vote than the candidate whose name is drawn next.

10.3.4 The Secretary to Senate shall declare elected the candidate who has received the highest number of votes and such further candidates in descending order of the rank as may be required to fill the remaining vacancies, if any.

1.2 any course in which he or she has failed or discontinued more than once, whether that course was failed or discontinued when he or she was enrolled for a degree supervised by that faculty, college board or board of studies, or by another faculty, college board or board of studies.

2. The Senate authorises the several faculties, colleges or boards of studies to require a student who, because of failure or discontinuation has been excluded from a faculty, college or course, either in the University of Sydney or in another tertiary institution, but who has subsequently been admitted or readmitted to the University of Sydney, to show good cause why he or she should be allowed to repeat either

2.1 the first year of attendance in which after such admission or readmission he or she fails or discontinues, or

2.2 any course in which in the first year after admission or readmission he or she fails or discontinues.

3.1 The Senate authorises any faculty, college board or board of studies to require a candidate for a coursework higher degree or for a graduate diploma or graduate certificate, to show good cause why that candidature should not be terminated by reason of unsatisfactory progress towards the completion of the award and where, in the opinion of the faculty, college board, or board of studies, the candidate does not show good cause, terminate the candidature.

3.2 A student whose candidature for a coursework higher degree or for a graduate diploma or graduate certificate has been terminated by a faculty, college board or board of studies and who wishes to re-enrol in that award program, may apply for readmission to candidature after at least two academic years, and the faculty, college board or board of studies may readmit the student to candidature.

Student appeals against academic decisions

Resolutions of the Academic Board

Glossary

1.1 Academic decision means a decision of a member of the academic staff that affects the academic assessment or progress of a student.
1.2 Academic unit means a school, department or other unit within a Faculty.
1.3 Dean means the dean, college principal or director, or chairperson of the board of studies.
1.4 Decision-maker means the person or academic unit responsible for the decision which is the subject of any given appeal.

Introduction

1. The University operates on the basis that academic decisions (e.g. in relation to assessment, examining, etc.) are entrusted to members of the academic staff acting in accordance with proper procedures established by the faculty in question. A student whose satisfaction with a decision should be able to have the decision reconsidered and in appropriate cases reviewed. As set out below, a student would first approach their relevant teacher to discuss the issue and attempt to resolve it in person. If this were unsuccessful the student would have the opportunity to write formally to the Faculty. Where the issue under discussion involves an academic decision made by a dean, the student has the opportunity to write formally to the Deputy Vice-Chancellor (Education). Any student who was not satisfied with the Faculty’s decision would be able to appeal to the Student Appeals Body against the academic decision if he or she believed that due academic process had not been observed by the relevant Faculty in relation to the academic decision. A student wishing to appeal must lodge his or her written appeal with the Registrar (on behalf of the Registrar) within 15 working days of the date of the written decision of the Dean of the relevant Faculty regarding the academic decision, or within such extended time as the Registrar, in his or her absolute discretion, authorises.

2. An appeal will not be heard by the Student Appeals Body unless:
2.1 the basis for the Student’s appeal has previously been considered by the relevant Faculty, as set out below;
2.2 the Student has set out in the written appeal his or her reasons, including any written evidence and written submissions, for believing that due academic process has not been observed by the Faculty in relation to the academic decision, including matters pertaining to Special Consideration; and
2.3 the Registrar has confirmed that the requirements under clauses 2.1 and 2.2 above have been satisfied.

Principles that underpin these procedures

4. The following principles apply with respect to any dispute about an academic decision, whether dealt with formally or informally:

4.1 Timeliness. All disputes should, wherever feasible, be resolved as quickly as possible. Timelines prescribed in these procedures should always be followed, unless there are exceptional circumstances. If the timeline is to be exceeded by the student, the student must always be informed of the length of, and the reason for, the delay. A student may request an extension to these timelines where they can provide good grounds for the granting of such an extension. Such requests are to be made in writing, where possible, before the timeline expires. In assessing whether or not a student has submitted an appeal in a timely fashion, or whether an extension should be granted, faculties should give due regard to all surrounding the appeal and the personal circumstances of the student. Faculties will not unreasonably deny a request for an extension of the period in which a student may submit an appeal.

4.2 Confidentiality. All student appeals must be treated confidentially at all stages of the process. Any information about an appeal must be strictly limited to those staff who need to know about it in order to deal with the appeal.

4.3 Procedural fairness. All staff involved in an appeal have a duty to observe the principles of procedural fairness (sometimes called natural justice), which include the following:

4.3.1 Staff and students involved in an appeal are entitled to raise all issues which are important to them, and to put their points of view in their own terms.
4.3.2 Staff and students are entitled to have matters dealt with in an unbiased manner, and lack of bias or conflict of interest should always be apparent. Any person concerned about bias or conflict of interest is expected to raise it with the appropriate person promptly (Refer to the University’s Code of Conduct for staff members).
4.3.3 Parties are entitled to know the basis on which decisions about them have been made, and accordingly reasons should be given for a decision, in sufficient detail that it is reasonable to expect both the staff and student involved to be able to understand the decision.
4.3.4 Any person involved in this process who is disadvantaged in any way in their ability to present their case should be allowed the support and advice they need to participate effectively. While a conciliatory approach is preferred and encouraged under these rules it may be appropriate, in some circumstances, that the student or staff member has another person speak on his or her behalf.

4.4 Record-keeping. It is important that staff establish and maintain proper records (through the Records Management Services filing system) once an appeal becomes formal. Staff are also advised to keep notes of any discussions with students. Copies of documentation given to students in relation to a unit of study should be kept, as well as a record of the date on which that information was supplied to students and the means by which it was disseminated.

4.5 Access. Students should normally have a right of free access to all documents concerning their appeal. This right does not apply to any documents for which the University claims legal professional privilege.

Principles for student appeals against academic decisions

Preliminary

1. Any student may contest an academic decision that affects him or her. This document describes the principles and procedures to be followed by students, academic units and decision-makers when a student contests an academic decision:

1.1 First, at a local level, to enable a student’s concerns to be addressed via personal communication; and
1.2 Secondly, by means of a formal procedure.

2. The procedures in clauses 5 to 7 apply to all academic decisions made in relation to undergraduate and postgraduate coursework awards. A separate set of procedures in clause 8 applies to postgraduate research awards.

3. Each stage below represents an opportunity to resolve the issue. Members of academic staff are expected to attempt to resolve all students’ concerns at a local level, wherever possible. If at any stage further information comes to light which causes a staff member or a faculty to reverse a decision taken previously, a note recording the reasons and the new recommendation should be sent by the staff member or faculty to the person or group currently dealing with the issue.

Procedures for student appeals against academic decisions for undergraduate and postgraduate coursework awards

5. Resolution with teacher

5.1 If a student is concerned about any academic decision, he or she should first discuss the issue with the relevant teacher or unit of study co-ordinator. Students are encouraged to take the earliest opportunity to discuss their concerns with relevant staff. This should normally be done within a) 15 working days of the student being advised of the particular academic decision or, b) in the case of academic decisions relating to a unit of study, within 15 working days of the unit of study result being posted by the University. During this time the student should attempt
to resolve the matter with the relevant teacher or unit of study co-ordinator.

5.2 The teacher or unit of study co-ordinator should then deal with the issue promptly, giving a full explanation to the student of the reasons for the academic decision. It should be possible to resolve many issues at this stage.

5.2.1 If the student's concerns are not resolved by these means, then the teacher should:

5.2.1.1 Explain the next step and the procedure, which is set out in clause 6 below; and

5.2.1.2 Give to the student a copy of these principles and procedures or advise the student how to access the document online.

6. **Approach the Faculty**

6.1 If the student's concerns cannot be resolved under clause 5, or because of an apparent failure to follow procedures, the student may then approach the Faculty. The student should put his or her concerns in writing within 15 working days of the outcome of discussions under clause 5. The student will submit their written concerns to the office or staff member nominated by the Faculty to receive student appeals (this information is to be provided to students at the start of each Semester).

6.2 If the Dean is the decision-maker under clause 5, then the Pro Vice-Chancellor (Learning and Teaching) shall act as decision-maker under this clause 6.

6.3 The Faculty must acknowledge receipt of a formal complaint in writing within 3 working days of receipt.

6.4 The Faculty will determine who is to undertake the initial review of the student’s appeal. This person will normally be the person to whom the decision-maker (of clause 5) reports, and may be the course co-ordinator, Head of Department or School or relevant Associate Dean. The report of the reviewer will be considered by the Dean or his or her nominee (where the Dean chooses to nominate another staff member to consider review reports, it will be on the understanding that the Dean retains final responsibility for any decision made regarding a student appeal to the Faculty).

6.5 The Faculty must try to resolve the complaint within 10 working days of receiving the complaint, and then advise the student in writing of the Faculty’s decision:

6.5.1 setting out the reasons;

6.5.2 advising that if the student does not agree with the decision, then the student has a right of appeal under these procedures; and

6.5.3 giving to the student a copy of these principles and procedures, if the student does not already have a copy or advising the student how to access the document online.

7. **Student Appeals Rule**

7.1 If the student is not satisfied that his or her concerns have been addressed satisfactorily under clause 6, the student may lodge a written appeal, in accordance with the University of Sydney (Student Appeals against Academic Decisions) Rule 2006.

7.2 The Education Services for Overseas Students (ESOS) Act 2000 (as amended), and the related National Code of Practice, states that the University “must have arrangements in place for a person or body independent of and external to the registered provider to hear complaints or appeals arising from the registered provider’s internal complaints and appeals process or refer students to an existing body where that body is appropriate for the complaint or appeal”. In the case of the University of Sydney, the independent and external person is the NSW Ombudsman.

**Procedures for Student Appeals Against Academic Decisions for Postgraduate Research Awards**

8. **If a student wishes to appeal an academic decision associated with:**

8.1 termination of their candidature, they should lodge a written appeal in accordance with the University of Sydney (Student Appeals against Academic Decisions) Rule 2006;

8.2 the examination of a thesis, they should lodge a written appeal in accordance with the University of Sydney (Student Appeals against Academic Decisions) Rule 2006; or

8.3 any other matter, they should follow the steps outlined for coursework matters in clauses 5 to 7 above.
