

The University of Sydney

Faculty of Nursing and Midwifery Handbook 2005

University dates

University semester and vacation dates 2005

Summer School

Lectures begin	Tuesday 4 January
Lectures end	Friday 4 March

Semester 1

Lectures begin	Monday 7 March
AVCC Common Week/non-teaching Easter Period	Friday 25 March to Friday 1 April
Study vacation	Monday 13 June to Friday 17 June
Examination period	Monday 20 June to Saturday 2 July
Semester ends	Saturday 2 July
AVCC Common week/non-teaching period	Monday 4 July to Friday 8 July

Semester 2

Lectures begin	Monday 25 July
AVCC Common Week/non-teaching period	Monday 26 September to Friday 30 September
Study vacation	Monday 31 October to Friday 4 November
Examination period	Monday 7 November to Saturday 19 November
Semester ends	Saturday 19 November

Last dates for withdrawal or discontinuation 2005

Semester 1 units of study.

Last day to add a unit	Friday 18 March
Last day for withdrawal	Thursday 31 March
Last day to discontinue without failure (DNF)	Friday 29 April

Last day to discontinue (Discontinued – Fail)	Friday 10 June
---	----------------

Semester 2 units of study.

Last day to add a unit	Friday 5 August
Last day for withdrawal	Wednesday 31 August
Last day to discontinue without failure (DNF)	Friday 9 September

Last day to discontinue (Discontinued – Fail)	Friday 28 October
---	-------------------

Last day to withdraw from a non-standard unit of study.	Details in the session calendar on the Timetable Unit website. http://web.timetable.auth.usyd.edu.au/
---	---

Faculty of Nursing and Midwifery Handbook

The following information is a printed version of the information available through Handbooks Online, on the University of Sydney web site. Please visit "<http://www.usyd.edu.au/handbooks/>" for the most current handbooks information.

University Dates

Please see the University Dates (<http://www.usyd.edu.au/fstudent/undergrad/apply/scm/dates.shtml>) page for a listing of all current semester, holiday and examination dates within the University of Sydney.

Please see the Nursing Calendar (http://www.usyd.edu.au/handbooks/nursing/nur2005_calendar.pdf) for a listing of current semester, holiday and examination dates within the Nursing Faculty.

Dean's Message

Welcome to the Faculty of Nursing and Midwifery.

During 2004 a number of major decisions were made about the future profile of the Faculty at The University of Sydney. Among these was a change of name to the Faculty of Nursing and Midwifery. This took effect in February of this year. The Faculty will also begin to phase out its undergraduate courses becoming, over time, a specialised postgraduate, post-registration and research focused academic group. These changes will create opportunities for greater focus on specialised and advanced clinical practice and research.

In 2005 the Faculty will begin to progressively revise its pattern of courses and its overall academic programs. The last undergraduate pre-registration nursing students at Sydney will commence their studies in the Bachelor of Nursing (Indigenous Australian Health) and we will have continuing students in the Bachelor of Nursing and this degree taken in combination with the Bachelor of Arts or Bachelor of Science.

Over the next four years (2005-2008) the Faculty will replace its current undergraduate courses that lead to registration as a nurse in NSW with a new set of courses.

Whilst there have been, and will continue to be, significant changes within the Faculty I would like to assure all new and continuing students of our commitment to their education during this period.

Jocalyn Lawler, Dean.

History of the Faculty

The following information is a printed version of the information available through Handbooks Online, on the University of Sydney web site. Please visit "<http://www.usyd.edu.au/handbooks/>" for the most current handbooks information.

Prior to 1983 the majority of nurse education within Australia was conducted by hospital-based, or hospital-affiliated, schools of nursing and was of an apprenticeship nature. This education was the responsibility of the Minister(s) for Health and, within each state, a statutory authority was established with specific powers and responsibilities for nurse education. In New South Wales this authority is the Nurses Registration Board of New South Wales which was, and still is, responsible for setting educational standards for nursing programs and maintaining a register of qualified nurses. Until 1983, at the individual hospital level, responsibility for nurse education was shared by the hospital administration including the then Matron (Director of Nursing).

Throughout the late 1960s until 1983 the nursing profession, both in New South Wales and across Australia, was subjected to investigation by a plethora of expert committees which examined numerous aspects of nursing, including educational preparation. The reports of these committees were widely circulated and discussed both inside and outside of the nursing profession. These reports provided an important stimulus for change to nursing and to the educational preparation of nurses.

There were, however, a number of other factors that helped to accelerate the rate of change. Important among these were the growing militancy of nurses to obtain improved wages and conditions and the problems created by attempting to improve nurse education within the existing framework. The changing role of the nurse as well as the developments taking place in nursing and nurse education internationally also contributed to this change. General social factors, including the role of women and the increased general education of the population, as well as increasing cohesiveness between the various nursing organisations across Australia were also important contributing factors.

On 7 November, 1983, the then State Minister for Health in New South Wales, Mr Laurie Brereton, announced that from January 1985, all basic nurse education would be conducted by the higher education sector. Then, on 24 August 1984, the Federal Government made an historic announcement when it gave its in-principle support for the full transfer of nurse education into the higher education sector. This education would then be the responsibility of the Federal Minister for Education. The full transfer of nurse education into this sector was to be completed by 1993.

The Faculty of Nursing

The transfer of basic nurse education into the higher education sector ultimately led to the formation of the Faculty of Nursing within The University of Sydney in 1991. This Faculty developed from two previous nursing groups within the college of advanced education sector – the School of Nursing, Cumberland College of Health Sciences, and the Institute of Nursing Studies, Sydney College of Advanced Education.

The University of Sydney

In 1992 a further milestone in the education of nurses was reached when the initial pre-registration course became a degree, the Bachelor of Nursing, across Australia.

In 1993 the decision was taken to integrate the two nursing groups within The University of Sydney (the Faculty of Nursing and the School of Nursing, Faculty of Health Sciences) into the one Faculty of Nursing from January 1994.

The Faculty of Nursing now offers a full range of courses at the undergraduate and graduate levels. Undergraduate courses include the Bachelor of Nursing (Pre-Registration), a conversion Bachelor of Nursing (for registered nurses), a Bachelor of Nursing (Honours), and starting in 2000, the Faculty introduced the first of a series of combined undergraduate degrees. This began with the Bachelor of Nursing/Bachelor of Arts offered in conjunction with the Faculty of

Arts, followed in 2001 by the Bachelor of Nursing/Bachelor of Science offered in conjunction with the Faculty of Science. A range of graduate specialty clinical coursework awards in the major study areas of midwifery, critical care, rural and remote, infection control and perioperative nursing. The research degrees available in the Faculty include the Master of Philosophy (Nursing) and a Doctor of Philosophy.

The Faculty of Nursing has close affiliations with the health care sector, in particular, Central Sydney Area Health Service, the Northern Sydney Area Health Service, the South Eastern Sydney Area Health Service, and Western Sydney Area Health Service. The Faculty continues to develop close links with the health care service sector for the continuing education and professional preparation of nurses, the clinical practice of nursing and research.

In 1997 a new research centre was established, The Nursing Research Centre for Adaptation in Health and Illness. This centre is another example of the collaboration between the health care sector, in this instance Central Sydney Area Health Service and the Faculty of Nursing and is designed to foster partnerships between the health care sector, the University and the community.

The Faculty made a further step in its continuing development and growing strength when it began to consolidate onto the Mallett Street campus in 2000. From 2000 no new students enrolled at the Cumberland campus. This process was completed at the end of 2001. This change has enabled the Faculty of Nursing to strengthen and develop further its range of courses and its research profile.

Composition of the Faculty

Constitution of the Faculty of Nursing and Midwifery

The Faculty of Nursing shall comprise the following persons:

1. (a) the professors, readers, associate professors, senior lecturers, lecturers, associate lecturers and postgraduate fellows who are full-time or at least half time-members of the academic staff in the Departments of Clinical Nursing and Family and Community Nursing and, the Research Centre for Adaptation in Health and Illness;
- (b) the professors, readers, associate professors, senior lecturers, lecturers, associate lecturers and postgraduate fellows being members of the academic staff who are on continuing or fixed term appointments (of at least two years) in the departments and research centres included in sub-section (a);
- (c) the Dean, or a nominee of the Dean, of each of the Faculties of, Arts, Health Sciences, Medicine, Pharmacy and Science;
- (d) The Executive Officer who will act as Faculty Secretary;
- (e) the Librarian of the Mallett Street library;
- (f) full-time members of research staff of the departments and research centres included in sub-section (a) who hold appointments of research fellow and above;
- (g) not more than five students ie, three students enrolled in an undergraduate degree or diploma and one student enrolled in a post-

graduate coursework degree or diploma offered by the Faculty, and one from among the postgraduate research students elected in the manner prescribed by resolutions of Senate;

(h) persons upon whom the title of adjunct professor, adjunct associate professor, clinical professor, clinical associate professor, clinical senior lecturer, clinical lecturer, clinical associate lecturer, and has been awarded in accordance with the resolutions of the Academic Board;

(i) four of the directors of nursing of health care agencies associated with the Faculty and up to five other members of the nursing profession, one of whom shall be a representative of the Nurses Registration Board, appointed by the Faculty on the nomination of the Dean;

(j) not more than five persons, who have teaching, research or other appropriate associations with the work of the Faculty, appointed by the Faculty on the nomination of the Dean;

2. A person appointed in accordance with sections 1(j) or 1(k) shall hold office for a period of two years unless otherwise specified at the time of appointment and shall be eligible for reappointment.

Committees of the Faculty

The committees of the Faculty of Nursing are responsible for the development and implementation of faculty policies. The Dean is a member of every committee of the faculty and may preside at meetings of those committees.

The following is a list of University committees:

- Faculty of Nursing and Midwifery
- Board of Studies (BOS)
- Professional Standards Sub-Committee (a sub-committee of BOS)
- Research Degree Sub-Committee (a sub-committee of BOS)
- Student/Staff Liaison Sub-Committee (a sub-committee of BOS)
- Faculty Promotions Committee
- Honorary Titles Assessment Committee
- Indigenous Nursing Advisory Committee
- Research Committee
- Teaching and Learning Committee

The following is a list of the Committees of the Dean:

- Dean's Advisory Committee (DAC)
- Faculty Executive Committee (FEC)
- Academic and Faculty Office Committee (AFOC).

Academic staff areas of interest

The following is a brief summary of the main research and teaching interests of the academic staff of the Faculty of Nursing. A fuller account of research undertaken within the Faculty is given in the University's Annual Research Report.

Dean and Professor

Jocalyn Lawler - Experience of and meaning making associated with illness and (di)stress; methodologies for researching nursing and nursing knowledge; the body and embodiment; taboo topics

Emeritus Professor

R Lynette Russell - History of nursing and nursing education; comparative aspects of nursing and nursing education

Professors

Sue Armitage - Nursing at the hospital/community interface; discharge planning; complementary therapies in nursing; community health nursing

Doug Elliott - Critical care nursing practice; health status and quality of life measurement in cardiac and critical care cohorts; impact of

technology on nursing practice; psychometrics; research utilization skills for clinicians; speciality critical care education
 M Colleen Stainton - Women's health; early parent/child relationships; attachment; science practice links in nursing
 Kate White - Psychosocial research related to cancer and palliative care, rural health, sexuality, breast cancer and quality of life of cancer patients and their families

Associate Professor

Sandra West - Shiftwork, ageing and menopause; nursing physiology; clinical nursing practice in acute and critical care settings; the construction of nursing work

Senior Lecturers

Jennifer Blundell - Neuroscience nursing, especially care of patients with cerebrovascular dysfunction or acquired brain injury; positioning of patients with altered muscle tone; nurse-patient interaction; professional and nursing discipline related issues

Maureen Boughton - Midwifery practice and education; women's health; menopause (in particular premature menopause); phenomenological methodology; embodiment and experience

Judith Godden - History of nursing

Rhonda Hawley - Clinical skills: asthma education; end of life care

Kay Plymat - Health promotion; primary health care; community nursing; urinary incontinence

Jo Redenbach - Eating disorders; obesity, body image, body products, life history research

Lecturers

Loel Adams - Acute care nursing and relating biological sciences to nursing

Maureen Ahern - Professional issues; pain management; and nursing issues

Edwin Bouvet - Renal transplantation; transplantation; donor response; mental health; and public health

Lynne Brown - Gerontology; implication of nursing home placement for the carer; clinical education

Alastair Burn - Cardiopulmonary and paediatric nursing; academic issues; clinical reasoning and decision making; rural and remote nursing issues

Liesa Clague - Indigenous health; research; sexual health; audiology; health promotion; drug and alcohol; and cultural awareness in Indigenous perspective. Midwifery matters such as Indigenous birthing; remote health; and women's health

Murray Fisher - Masculinities, men's health and nursing; clinical competency assessment; readiness for self-directed learning; medication administration errors; quantitative methods and multivariate analysis

Sue Forsyth - History of nursing; historical methodology; professionalisation of nursing; sociology of health and health care

Lesa Freeman - Midwifery practice and education including midwives' decision making; the partnership relationship between the midwife and the woman; midwifery models of care; and pain management

Hilary Gatward - Midwifery care; women's health issues; and pet therapy

William Goodin - Psychoactive substance use, especially early intervention; measurement of attitudes; clinical skills and nursing competencies

Wendy Gray - Health promotion; primary health care; the use of literature, art and film to understand human experience

Jennifer Green - Nursing critically ill patients in both critical care and acute care settings; how people experience living with illness; iatrogenically induced chronic illness, particularly lymphoedema

Lillian Hayes - Primary health care; small area health research;

community health nursing; socio-economic differentials in health
 Colum Hearne - Sociology of health; mental health; critical incident stress; ethical practice in palliative care; positive ageing theory and practice

Kath Howey - Indigenous health; Indigenous health education, work and health; injury prevention

Susan Jones - Paediatrics, especially neuroscience nursing and professional-family relations; qualitative research especially Grounded Theory and NUDIST

Margot Kearns - Mechanisms of eukaryotic gene expression in particular gene silencing

Michelle Maw - Critical care nursing; clinical supervision and nurse education

Heather McKenzie - Sociology of health, illness and suffering; sociology of emotions; sociology of risk; qualitative methods; social

theory; the interface between institutions of health care and consumers; politics of nursing
Troy McNeill - Midwifery and neonatal nursing education
Stuart Newman - Health services; men's health; health care management
Deborah Neyle - Scientific basis of nursing practice; quantitative methodologies in nursing research
Marilyn Orrock - Health services management; public health management and nursing administration; quality and safety in health care
Sue Ronaldson - Gerontic nursing; aged care; spiritual health; care of confused older adults; physiology of ageing; palliative care in residential aged care settings
Tracey Thornley - Neurological nursing; skill development; and expertise in nursing
Alexander Wright - Infusion failure; phlebitis/extravasation; heparin stability; maternal and neonatal health; pharmacology; clinical trials; physiological research; quantitative methods; evidence based practice

Centres and Units

International and Professional Relations

The International and Professional Relations unit is responsible for the development and coordination of international links for the Faculty of Nursing and Midwifery. These links enhance the Faculty's opportunities in relation to the development of international collaborative research agreements, the recruitment of postgraduate and study abroad students as well as enhancing opportunities for the development of off-shore programs and long-term partnerships between the faculty and our international colleagues.

The International and Professional Relations unit also incorporates the Nursing Alumni Association, which is open to all graduates of nursing degrees and diplomas and staff (past and present) of The Faculty of Nursing and Midwifery and the predecessor organisations of the Faculty - the Faculty of Nursing, the School of Nursing at Cumberland College of Health Sciences (previously the New South Wales

College of Paramedical Studies) and the Institute of Nursing Studies (previously the Division of Nursing) of the former Sydney College of Advanced Education. One of the major activities of the Nursing Alumni Association is to provide a network through which graduates can keep up to date with what is happening in the Faculty and with colleagues as well as an opportunity for graduates to contribute to and participate in the work of the Faculty. The Nursing Alumni Association also liaises with other professional nursing bodies and fosters interaction between members of the profession in public, private and community sectors locally, nationally and internationally.

Nursing History Research Unit

This unit promotes and fosters research training and high quality research of national and international importance in the area of the history of nursing and the health care sector. It will also collect and protect valuable historical records that are crucial for this research.

Research Centre for Adaptation in Health and Illness

The Research Centre for Adaptation in Health and Illness was established in 1996 by the Faculty of Nursing with the Central Sydney Area Health Service as a foundation collaborating partner. The Centre involves partnerships between three sectors: university, health care and community. Its mission is to foster active research involvement and information exchange between these sectors.

The aim of the Centre is to provide research training and to conduct high-quality research of national and international importance which will inform policies and practice in regard to the health, community care and the quality of life of people with disabilities, people who live through chronic illness, their carers and families. Research projects conducted by the Community Disability and Ageing Program (CDAP) have now been integrated into the Centre.

Research Development and Support Unit

The Research Development and Support Unit is a new Faculty initiative designed to strengthen and grow research within the Faculty by supporting and assisting existing researchers and fostering a

supportive environment for early career researchers. The overall aim is to create a research environment that is viewed as a benchmark in Nursing research and a destination of preference for outstanding research postgraduate students both nationally and internationally.

Sydney Nursing Research Centre

The Sydney Nursing Research Centre was founded in 1988 to promote research into clinical nursing. The Centre is a joint project of the Faculty of Nursing and Midwifery and interested clinical agencies. The clinical agencies at present participating in the work of the Centre are the Sydney Home Nursing Service, the Developmental Disability Service of NSW, the Southern Metropolitan Mental Health Service and the following hospitals: Balmain, Garrawarra, Gladesville, Prince Henry, Prince of Wales, Prince of Wales Children's, Rachel Forster, Royal Hospital for Women, Royal North Shore, Royal Prince Alfred, Royal South Sydney, Rozelle, St George, Sydney Eye and Sydney.

The Centre provides financial support for staff from any of the participating institutions to undertake research into clinical nursing. The research may be undertaken on either a part- or full-time basis. The Centre holds regular workshops for prospective researchers and promotes the formation of research teams comprising individuals from both the Faculty and one of the participating clinical agencies.

Helpful information

The following information is a printed version of the information available through Handbooks Online, on the University of Sydney web site. Please visit "<http://www.usyd.edu.au/handbooks/>" for the most current handbooks information.

Who is responsible for what?

Lecturers deliver lectures, lead tutorial groups and provide advice, at advertised times, about your class work and assessment.

A **Unit of Study Coordinator** is responsible for the overall running of a unit of study and usually participates in the group teaching of that unit of study. Applications for special consideration or extensions should be submitted to the relevant unit of study coordinator.

The **Clinical Education Administration Officer** is responsible for the overall coordination of the clinical placements.

Students are responsible for ensuring that they:

- are enrolled correctly
- undertake all the required learning activities in units of study
- are responsible for their own learning
- behave in a manner that shows respect for staff and fellow students
- do not impede the learning of any other student.

The **Sydney University Nursing Society (SUNS)** is your branch of The University of Sydney Student Union. Information is available from the Ground Floor Office.

English language requirements

Students are strongly advised that all courses are presented on the assumption that you possess a high level of competency in English. This is particularly the case in respect of clinical education units of study where students require language skills that will not be challenged in a critical situation. Nurses require a high level of verbal and written English language skills, particularly technical language, for safe practice. Good English language skills are also necessary to fulfill the University's generic skills and the New South Wales Nurses' Registration Board competency requirements.

The Faculty is sufficiently concerned about this area of skill development that if you are facing difficulties with English language, either in the classroom or in the clinical environment, academic staff will recommend that you attend University support programs. You will be expected to use this assistance, so that you can perform well and communicate effectively with peers, teachers and patients/clients.

Office hours

The Faculty Office, Level 5, Building C is open during the following hours:

General enquiry hours

Monday - Thursday: 10 am - 4 pm
Friday: 10 am - 12 noon

Clinical enquiry hours

Monday - Thursday: 10 am - 4 pm
Friday: 10 am - 12 noon

EDSU enquiry hours

Monday - Thursday: 10.30 am - 12.30 pm & 2 pm - 4 pm
Friday: 10.30 am - 12 noon

Frequently asked questions

The Faculty has answers to frequently asked questions on its Web site for prospective, enrolled and honours students at the FAQ page (<http://www.usyd.edu.au/nursing/courses/courses.html>).

Scholarships and prizes

University Scholarships - Undergraduate and Postgraduate

Clinical nursing laboratory

Clinical Laboratory Behaviour

Students are to wait in the corridor until their facilitator arrives. Bags are to be left inside the main door of the laboratories. They are not to be taken into the work area. Valuables should not be left in student's bags.

Students **MUST NOT** eat, drink, smoke or use mobile phones in the laboratory.

Students are not permitted to take equipment for practice home without authorization from laboratory staff.

Students must leave the laboratory area clean and tidy, especially during independent practice times. Measures to enforce this will be implemented as required.

Children will not be allowed to attend classes in the laboratory area.

Occupational health and safety deem that students must observe the following dress requirements during laboratory practice:

- Wearing closed in shoes (no sandals)
- Sleeves above elbow
- No jewellery (except for plain rings)
- Hair tied back

Independent Practice

Students are encouraged to utilize the availability to practice in their free time. Lists of times when the laboratories are available for independent practice sessions will be posted outside the laboratories.

Student facilities

Student Liaison Sub-Committees

There are three Student Liaison Sub-Committees – for undergraduate students, postgraduate coursework students and research students, respectively. These Committees meet at least twice per semester to advise the Dean and Faculty, through the Board of Studies, on academic issues or any other matters referred to it by the Board of Studies or the Dean. Do consider being a representative for your year. Names of representatives are posted on the Noticeboard, Ground Floor, 88 Mallett Street Campus. Keep in touch with your

Helpful information

representatives and inform them of any problems. The Dean and Pro-Dean are kept informed of problems which are put before the Student Liaison Sub-Committees.

Computer laboratory

The computer laboratory is located in Room C.106, Level 1, Building C, Mallett Street. The laboratory computers are available to both undergraduate and postgraduate students. Students need to go to the Faculty Office to obtain their computer access card after enrolment to enable them to use the laboratory.

Computer lab hours during semester (subject to change)

Monday to Friday: 8 am–8 pm

Library

The Nursing Library, a branch of The University of Sydney Library, is located in Building F, Level 1, Mallett Street. It houses books, periodicals and audiovisual material to support the Faculty's courses at both undergraduate and postgraduate level.

Library hours during semester (subject to change)

Monday: 9 am–7 pm
Tuesday: 9 am–7 pm
Wednesday: 9 am–7 pm
Thursday: 9 am–7 pm
Friday: 9 am–5 pm

Vacation hours

Monday to Thursday: 9 am–6 pm
Friday: 9 am–5 pm
Long vacations: 9 am–5 pm

Information about the arrangements of materials in the library, borrowing procedures, and the closed reserve system for books in heavy demand is available from the library staff. See also the entry on the Library in The University of Sydney Diary, and the Library's Web site (<http://www.library.usyd.edu.au>).

Summer School

Most faculties at the University offer units of study from degree programs during January/February. As the University uses all of its HECS quota in first and second semester, these units are full fee-paying and entirely voluntary. However, Summer School units enable students to accelerate their degree progress, make up for a failed unit or fit in a unit which otherwise would not suit their timetables. New students may also gain a head start by completing requisite subjects before they commence their degrees. Units start on 2nd January and run for up to six weeks (followed by an examination week). Notice of the units available is usually circulated to students with their results notices and may be found at The Summer School website (<http://www.summer.usyd.edu.au>).

Appeals

[Extract from The University of Sydney Calendar 2003, pp 165-169]
Resolutions of the Senate

Information about appeals against exclusion can be found in Section 18 of The University of Sydney (Coursework) Rule 2000 (as amended) in this Calendar and at the following Web address: db.usyd.edu.au/policy/policy-all.stm

Student appeals against academic decisions

Any student may appeal to the Senate against an academic decision. Normally such an appeal will not be heard unless the student has exhausted all other avenues. For undergraduates and for postgraduate students undertaking coursework award programs, this means appeal to the department and/or faculty/college board/board of studies concerned, and for postgraduate students undertaking research degrees, also to the Committee for Graduate Studies. Appeals solely against questions of academic judgement that have, in the view of the Chair of the Academic Board, been thoroughly investigated by

the faculty/college board/board of studies in accordance with the procedures adopted by the Academic Board, will not be heard unless there are grounds for believing due academic process has not been observed. Appeals against exclusion from re-enrolment in undergraduate award programs and against termination of candidature for postgraduate awards are heard by the Student Appeals Committee (Exclusions and Readmissions), and appeals against disciplinary action are heard by the Student Disciplinary Appeals Committee. Note: It has been expedient throughout this document to refer to faculties and deans of faculties; it should be understood that the procedures are to be read as applying, mutatis mutandis, to colleges and the graduate school and the college principals and directors.

Hearing of appeals

The Senate has resolved as follows with respect to the hearing of appeals against academic decisions:

1. Appeals against academic decisions may be referred by the Senate to the Student Academic Appeals Committee, a standing committee of the Senate.

2. The membership of the Student Academic Appeals Committee shall be:

(i) the Chancellor, the Deputy Chancellor, and the Vice-Chancellor and Principal (ex officio);

(ii) the Chair of the Academic Board;

(iii) a deputy chair of the Academic Board, nominated by the Chair;

(iv) two student Fellows of the Senate; and

(v) two Fellows of the Senate who are not members of the academic staff.

3. The Student Academic Appeals Committee acts on behalf of the Senate in hearing an appeal and in determining its outcome.

4. On receipt of an appeal the Chancellor or the Chancellor's nominee shall appoint one person from each category of membership listed in section 2 above.

5. Four members of the sub-committee shall form a quorum.

6. A unanimous decision of the sub-committee shall be final and reported to the Senate for noting.

7. An appellant will be advised as soon as practicable of the decision and the reasons for it.

8. In the event that the sub-committee is unable to reach a unanimous decision, majority and/or minority reports together with supporting papers will be referred to the Senate for final decision. The Senate should give a written statement for its decision to the parties concerned.

9. The sub-committee shall observe the following procedures in hearing an appeal:

(a) The dean of the faculty or chairperson of the board of studies concerned shall be provided with a copy of the student's letter of appeal and be asked to provide, within ten working days, written comment from whatever source is appropriate on this matter, including the recommendations of the staff member, professor and head of department concerned, so far as is practicable.

(b) The appellant shall be given a copy of the response elicited from the dean or chairperson of the board of studies seven working days in advance of appearing before the sub-committee.

(c) The sub-committee will interview both the respondent and the appellant together and may call on other witnesses if it determines they are relevant, provided that the appellant has the opportunity to respond to later adverse material, if presented. The respondent shall be the dean or chairperson of the board of studies, except in a case where the dean or chairperson does not support the particular decision, in which case the Senate shall nominate the respondent.

(d) The appellant shall respond to requests for further information, normally within fifteen working days; otherwise the Vice-Chancellor may determine that the appeal has lapsed.

(e) The appellant will have the right to be accompanied at the interview(s) by a friend.

Resolutions of the Academic Board

Principles for student appeals against academic decisions

Preliminary

1. Any student may complain about an academic decision that affects him or her. This document describes the principles and procedures to be followed by students, academic units and decision-makers when a student complains about an academic decision:

(1) First, at a local level, to enable a student's concerns to be addressed in an informal way; and

(2) Secondly, by means of a formal, central procedure.

2. These procedures apply to all academic decisions made in relation to undergraduate and postgraduate course awards. A separate set of procedures applies with respect to postgraduate research awards.

3. In these procedures, an 'academic decision' means a decision of a member of the academic staff that affects the academic assessment or progress of a student.

4. Each stage below represents an opportunity to resolve the complaint. Members of academic staff are expected to attempt to resolve all students' complaints at a local, informal level, wherever possible. Principles that underpin these procedures

5. The following principles apply with respect to any dispute about an academic decision, whether dealt with formally or informally:

(1) Timelines. All disputes should, wherever possible, be resolved as quickly as possible. A procedure that creates a number of opportunities to resolve a problem should not be treated as a series of hurdles which prolong the dispute. Unresolved disputes have a detrimental effect on the performance of both students and staff involved. Deadlines prescribed in these procedures should always be followed, unless there are exceptional circumstances. If the deadline is to be exceeded by staff, the student must always be informed of the length of, and the reason for, the delay. Time limits allowed to students are generally longer than those allowed to staff. As a general rule, it may be more appropriate to relax time limits for students within reason. Students may find pursuing a complaint or an appeal a difficult and stressful undertaking. They may need further time to marshal the confidence, support and evidence they need to pursue a complaint. Students should also be able to express their complaint in their own terms.

(2) Confidentiality. All student appeals must be treated confidentially at all stages of the process. Any information about a complaint must be strictly limited to those staff who need to know about it in order to deal with the complaint. For example, where a complaint is dealt with at departmental or faculty level, any sensitive personal information about the student should only be available to the head of the department, dean (or college principal) or the staff member assigned to the appeal. If information needs to be distributed at a broader level, then the student's written consent must first be obtained.

(3) Without disadvantage. The fact that a student has made a complaint under these procedures should not disadvantage the student in any way, especially by way of victimisation. That said, the fact that a student has had to complain often does, of itself, cause disadvantage, for example, delay in finalising the mark for a unit of study. However, students should be able to complain under these procedures and feel confident that they will not be disadvantaged in any other way.

(4) Procedural fairness. All staff involved in a complaint or an appeal have a duty to observe the principles of procedural fairness (sometimes called natural justice), which include the following.

(a) Staff and students involved in a complaint are entitled to raise all issues which are important to them, and to put their points of view in their own terms. In most cases, any formal complaint will be dealt with by means of written submissions. In some cases, however, it may be appropriate to deal with the matter by interviewing the relevant parties. This will be determined by the relevant decisionmaker.

(b) Staff and students are entitled to have matters dealt with in an unbiased manner, and lack of bias should always be apparent. It is impossible to list all types of potential bias. One example is where a staff member involved in conciliating a complaint has a close personal relationship with the student. The question for any decision-maker is whether he or she has a pre-conceived view that is so strong, and so related to the matter being decided by the staff member, that it is reasonable to suspect that he or she is unable to listen to the complaint in a fair manner, and to deal with that complaint on its merits alone. Any person concerned about bias is expected to raise it with the appropriate person promptly.

(c) Parties are entitled to know the basis on which decisions about them have been made, and accordingly reasons should be given for a decision, in sufficient detail that it is reasonable to expect a student to be able to understand the decision.

(5) Support. Any person involved in this process who is disadvantaged in any way in their ability to present their case should be allowed the support and advice they need to participate effectively. While a conciliatory approach is preferred and encouraged under these rules, it may be appropriate, in some circumstances that the student or staff member has another person speak on his or her behalf.

(6) Record-keeping. In order to facilitate resolution of student complaints, it is important that staff establish and maintain proper records (through the Central Records filing system) once a complaint becomes formal. Staff are also advised to keep brief notes of any informal discussions with students. Copies of documentation given to students in relation to a unit of study should be kept, as well as a record of the date on which that information was supplied to students and the means by which it was disseminated. This may be important to the speedy resolution of a complaint.

(7) Access. Students should normally have a right of free access to all documents concerning their appeal. This right does not apply to

any documents for which the University claims legal professional privilege.

Procedures for student appeals against academic decisions for undergraduate and postgraduate coursework awards

6. Informal resolution with teacher

(1) If a student is concerned about any academic decision, he or she should first discuss the issue informally with the relevant teacher or unit of study coordinator. This should be done within three months of the particular academic decision being made.

(2) The teacher or unit of study coordinator should then deal with the issue promptly, giving a full explanation to the student of the reasons for the academic decision. Many complaints should be resolved at this stage.

(a) If the student's concerns are not resolved by this means, then the teacher should:

(i) Explain the next step and the procedure, which is set out in paragraph 7 below; and

(ii) Give to the student a copy of these principles and procedures.

(3) If the teacher or unit of study coordinator is the head of the department or school, then the student should approach the dean or college principal or director (see 8 below).

7. Approach head of department or school

Informal complaints

(1) If the student's concerns cannot be resolved under paragraph 6, or because of a failure to follow procedures, the student may then approach the head of department or school. The student may, at this point, choose to approach the head of department on an informal basis, or else put his or her complaint in writing. The student should do either of these things within 15 working days of the outcome of discussions under paragraph 6.

(2) If a student chooses to approach the head of department informally under paragraph 7(1), this does not later preclude the student from proceeding formally under this paragraph 7 by putting his or her complaint in writing to the head of department.

(3) The head of department should deal with informal complaints promptly, giving a full explanation to the student of the reasons for the academic decision. Many complaints should be resolved at this stage.

Formal complaints

(4) The head of department must acknowledge receipt of a formal complaint in writing within 3 working days of receipt.

(5) The head of department must try to resolve the complaint within 10 working days of receiving the complaint, and then advise the student in writing of his or her decision:

(a) setting out the reasons;

(b) advising that if the student does not agree with the decision, then the student has a right of appeal under these procedures; and

(c) giving to the student a copy of these principles and procedures, if the student does not already have a copy.

8. Approach the dean or college principal or director or their nominee

Informal complaints

(1) If the student's concerns cannot be resolved under paragraph 7, or because of a failure to follow procedures, the student may then approach the dean or college principal or director. The student may, at this point, choose to approach the dean or college principal or director on an informal basis, or else put his or her complaint in writing. The student should do either of these things within 15 working days of the outcome of discussions under paragraph 7. In some cases the dean, college principal or director may nominate another faculty officer, for example a pro-dean or associate dean to deal with the matter.

(2) If the dean or college principal or director is the decision-maker under paragraphs 6 or 7, then the provice-chancellor of the relevant academic college shall act as decision-maker under this paragraph 8.

(3) If a student chooses to approach the dean or college principal informally under paragraph 8(1), this does not later preclude the student from proceeding formally under this paragraph 8 by putting his or her complaint in writing to the dean or college principal or director.

(4) The dean or college principal or director should then deal with informal complaints promptly, giving a full explanation to the student of the reasons for the academic decision. Many complaints should be resolved at this stage.

Formal complaints

(5) The dean or college principal or director must acknowledge receipt of a formal complaint in writing within 3 working days of receipt.

(6) The dean or college principal or director must try to resolve the complaint within 10 working days of receiving the complaint, and then advise the student in writing of his or her decision:

Helpful information

- (i) setting out the reasons;
- (ii) advising that if the student does not agree with the decision, then the student has a right of appeal under these procedures; and
- (iii) giving to the student a copy of these principles and procedures, if the student does not already have a copy.

9. Written appeal to the Senate

- (1) If the student is not satisfied that his or her concerns have been addressed satisfactorily under paragraph 8, then the student may make a written appeal to Senate.
 - (2) Note that an appeal to Senate is covered by the Senate resolution 'Student Appeals against Academic Decisions' above in this University of Sydney Calendar. This resolution provides that an appeal to Senate will not normally be heard unless the student has exhausted all other avenues. In other words before the student makes an appeal to Senate he or she should have followed the procedures set out in this document by attempting to find a resolution with his or her teacher, head of department and dean or college principal or director.
 - (3) Note that the Senate resolution provides for a hearing before the Senate Appeals Committee, but a complaint does not go straight to that Committee. It is first referred to the Chair of the Academic Board who attempts to resolve the matter. The procedures are outlined below. In some cases the Chair of the Academic Board may nominate the Alternative Chair or a deputy chair of the Academic Board to deal with the matter.
 - (4) A written appeal to Senate should outline the matter clearly, concisely and fully, and include any relevant documentation or evidence. The written appeal should be submitted to the Registrar, Main Quadrangle, A14.
 - (5) The Registrar will refer the appeal to the Student Centre. The Student Centre will check that the student exhausted all avenues. If the student has not exhausted all other avenues the Student Centre will advise the student what steps can be taken. If the student has exhausted all other avenues, the Student Centre will collect together the complaint, the student's file and documentation from the faculty and forward it to the Chair of the Academic Board normally within five working days.
 - (6) The Chair of the Academic Board will seek to resolve the matter as informally and quickly as possible in accordance with the principles set out in this document. Normally within ten working days of receiving the file from the Student Centre, the Chair of Academic Board will communicate his or her decision on the complaint to the student.
 - (7) Note that the Senate resolution provides that where the appeal is solely against a question of academic judgement, the Chair of the Academic Board will not refer the appeal to the Student Appeals Committee if:
 - (a) the complaint has been thoroughly investigated by the faculty; and
 - (b) these procedures, especially the principles of procedural fairness, have been followed.
 - (8) If the matter has not been resolved by the Chair of the Academic Board, the Chair will refer it to the Senate Appeals Committee.
 - (9) The procedure which the Senate Appeals Committee will follow is set out in the resolution of Senate, Student Appeals Against Academic Decisions, referred to in paragraph 9(2) above.
- Procedures for student appeals against academic decisions for post-graduate research awards
- #### Informal resolution
- 1. Students are expected to seek to resolve any problems or difficulties through, in order, the supervisor, departmental postgraduate coordinator, the head of department or school, chair of the faculty board of postgraduate studies or equivalent.
- Approach the dean or college director or principal or chair of the board of studies
- 2. (1) A student who has not resolved a problem in respect of an academic decision made by the faculty, college or board of studies (hereafter referred to as 'the faculty') in respect of the award of a degree or other matter which affects the student's candidature may approach the relevant dean or college principal or director or chairperson of the board of studies.
 - (2) The student may, at this point, choose to approach the dean or college principal or director or chairperson of the board of studies (hereafter referred to as 'the dean') on an informal basis, or else put his or her complaint in writing. A student intending to approach the dean informally or formally must:
 - (a) give notice of this intent to the dean within one calendar month of the date of notification of the decision; and
 - (b) lodge the formal appeal with the dean within two calendar months from the date of the notification of the decision.
- #### Informal complaints

- (3) In some cases the dean may nominate another faculty officer, for example a pro-dean or associate dean, to deal with the matter, except that the dean may not nominate any faculty officer to deal with the matter under this paragraph 2, who was the decision-maker in respect of the matter concerned.
 - (4) If the dean was the decision-maker in respect of the matter concerned, then the pro-vice-chancellor of the relevant academic college shall act as decision-maker under this paragraph 2.
 - (5) If a student chooses to approach the dean informally under paragraph 2(2), this does not later preclude the student from proceeding formally under paragraph 2(2) by putting his or her complaint in writing to the dean.
 - (6) The dean should then deal with informal complaints promptly, giving a full explanation to the student of the reasons for the academic decision. Many complaints should be resolved at this stage.
- #### Formal complaints
- (7) The dean must acknowledge receipt of a formal complaint in writing within three working days of receipt.
 - (8) The dean must try to resolve the complaint within ten working days of receiving the complaint, and then advise the student in writing of his or her decision:
 - (i) setting out the reasons;
 - (ii) advising that, if the student does not agree with the decision, then the student has a right of appeal under these procedures; and
 - (iii) giving to the student a copy of these principles and procedures, if the student does not already have a copy.
- #### Approach the Chair of the Graduate Studies Committee
- 3. (1) A student who has not resolved a problem relating to an academic decision made by the faculty in respect of the award of a degree or which affects the student's candidature under paragraph 2, may approach the Chair of the Graduate Studies Committee.
 - 2) The student may, at this point, choose to approach the Chair of the Graduate Studies Committee on an informal basis, or else put his or her complaint in writing. A student intending to approach the Chair of Graduate Studies informally or formally must:
 - (a) give notice of this intent to the Chair within one calendar month of the date of notification of the decision by the dean under paragraph 2; and
 - (b) lodge the formal appeal with the Chair within two calendar months from the date of the notification of the decision under paragraph 2.
- #### Consideration of appeal by the Chair of the Graduate Studies Committee
- 4. (1) The Chair must acknowledge receipt of a formal complaint in writing within three working days of receipt.
 - (2) The Chair must seek a report from the dean of the faculty and may consult with other persons as appropriate.
 - (3) If, after considering that report, the Chair concludes:
 - (a) that the appeal is based solely on a question of academic judgement;
 - (b) that the proper academic procedures (including any procedures specifically established by the faculty or department) have been followed; and
 - (c) that the appeal raises no issue of general principle requiring consideration by the Graduate Studies Committee; the Chair should disallow the appeal.
 - (4) If the Chair does not disallow the appeal he or she must:
 - (a) refer the matter back to the dean for action and report; or
 - (b) refer the matter to the Graduate Studies Committee.
- Having received a report after referring the matter to the dean the Chair may refer the matter to the Graduate Studies Committee.
- (5) The Chair shall inform the student in writing of his or her decision. If the decision is to disallow the appeal, the student will be informed of any further avenues of appeal. If the decision is to allow the appeal to proceed, the student will be informed that the appeal has been referred to the Appeal committee of the Graduate Studies Committee.
- #### Appeal Committee of the Graduate Studies Committee
- 5. There is to be an Appeal Committee of the Graduate Studies Committee consisting of:
 - (a) the Chair of the Graduate Studies Committee, or nominee, who shall be chairperson;
 - (b) the Dean of Graduate Studies;
 - (c) three academic staff members appointed by and from the Graduate Studies Committee (not involved in the candidature); and
 - (d) one postgraduate research student member of the Graduate Studies Committee appointed by the Chair of the Graduate Studies Committee. Any four members constitute a quorum.
 - 6. If the appeal raises an issue of general principle, the Appeal Committee may consider that issue and may direct the Chair of

Graduate Studies Committee or the dean of the faculty concerned to deal with the appeal in accordance with its decision on that issue.

7. The Appeal Committee may:

- (a) refer the matter back to a faculty with a recommendation for action,
- (b) dismiss the appeal, or
- (c) if the faculty declines to accept the recommendation for action, amend or alter the decision (including amending the result on behalf of the Board of Postgraduate Studies or Board of Examiners).

Procedure

8. An Appeal Committee under these resolutions must allow the student to make written observations on the appeal and may, if it thinks the issue raised is sufficiently serious, allow the student to appear in person. The student may be accompanied by a friend.

9. An Appeal Committee must reach a determination under these resolutions within a reasonable period of time. The dean or Chair must keep a record of the process of the appeal.

10. The decision of an Appeal Committee under these resolutions shall be communicated in writing to the parties with a brief statement of the reasons for the decision. If the appeal is dismissed the appellant shall be advised of any further avenues of appeal and of sources of advice.

Appeal to Senate

11. The student may, at this point, choose to make a formal approach in writing to the Senate. A student intending to approach the Senate must:

- (a) give formal notice in writing of this intent to the Student Centre within one calendar month of the date of notification of the Appeal Committee's decision; and
- (b) lodge the formal written appeal with the Student Centre within two calendar months from the date of the notification of the Appeal Committee's decision.

Undergraduate courses and regulations

The following information is a printed version of the information available through Handbooks Online, on the University of Sydney web site. Please visit "<http://www.usyd.edu.au/handbooks/>" for the most current handbooks information.

The Faculty of Nursing and Midwifery at The University of Sydney, offers the following undergraduate courses:

- Bachelor of Nursing (Indigenous Australian Health)
- Bachelor of Nursing (Post-Registration)
- Bachelor of Nursing (Honours)

The Faculty of Nursing and Midwifery in conjunction with the Faculty of Health Sciences, assisted by the Singapore Institute of Management offers the following undergraduate course:

- Bachelor of Health Science (Nursing)

Bachelor of Nursing (Indigenous Australian Health)

Course code: GH012

Course overview

The Bachelor of Nursing (Indigenous Australian Health) aims to produce a graduate who will function as a first level practitioner with a strong awareness and understanding of Indigenous history, cultural values, community protocols and diversity of Indigenous people. It comprises four years full time of academic and clinical education.

At the conclusion of the course, students, subject to the requirements of the Nurses Act of NSW, will be eligible to apply for registration with the NSW Nurses Registration Board.

Admission requirements

Candidates applying to enter the Bachelor of Nursing (Indigenous Australian Health) are required to fulfil one or more of the following:

- an appropriate current University Admissions Index (UAI); or
- if applying as an interstate school leaver, final school examination results; or
- if an applicant with overseas qualifications, the equivalence of their qualifications to the Australian tertiary entry standards. Unless the final year of schooling was conducted in English, applicants will be required to sit an English proficiency test (see English language requirements); or
- if a mature-age or other applicant, meet the criteria determined by the Faculty of Nursing for admission to undergraduate courses;
- a current licence to practise within Australia as an Enrolled Nurse;
- Candidates who wish to undertake the Bachelor of Nursing (Indigenous Australian Health) Block Release Mode are required to apply directly to the Faculty or through the Cadigal program.

Applications are welcome from both Indigenous and non-Indigenous applicants. However, the Bachelor of Nursing (Indigenous Australian Health) has been developed as a special measure to improve access and participation by Aboriginal and Torres Strait Islander people in the academic programs of The University of Sydney. Accordingly, in the case of limited places, preference will be given to Aboriginal and Torres Strait Islander applicants.

All candidates will be required to attend an interview prior to the Faculty making an offer of a place within the Bachelor of Nursing (Indigenous Australian Health).

Assumed knowledge

No particular subjects have to be completed at school for admission to the Bachelor of Nursing (Indigenous Australian Health). However, once enrolled, the level of teaching assumes that students have successfully completed one of the following at Year 12 level: 2-unit Biology, 2-unit Chemistry or 2-unit Personal Development Health and Physical Education. Students who do not have the assumed knowledge or its equivalent should contact the Associate Dean (Prospective Students) for further information prior to the commencement of the February semester.

Prospective students should note in particular Division 5, 29A of the Nurses Act 1991 No 9 which states:

1. Despite any entitlement that a person may have to registration or enrolment, the board may refuse an application for registration or enrolment in either of the following cases:
 1. * The Board is of the opinion that the applicant does not have sufficient physical or mental capacity to practise nursing.
 2. * The applicant has been convicted of an offence (either in or outside New South Wales) and the Board is of the opinion that the circumstances of the offence render the applicant unfit in the public interest to practise nursing.
3. If the Board is satisfied that an applicant for registration or enrolment suffers from an impairment which does not justify refusal of the application, the Board may impose such conditions on the applicant's registration or enrolment as the Board thinks appropriate.

BN (Indigenous Australian Health) course structure

Units of study	Credit points
Year 1 Semester 1	
Concepts in Biology OR Biology - Ecosystems to Genes OR Biology - Ecosystems to Genes (Advanced)	6

Bachelor of Nursing (Post-Registration)

Course code: GH009

Course overview

This course of study is designed specifically for registered nurses. The course recognises the prior learning and experience of registered nurses. It is intended that the outcome of this course will provide graduates with a strong foundation in the discipline of nursing and be equipped to progress to the Bachelor of Nursing (Honours) or graduate coursework study.

Admission Requirements

- Students will be assessed individually in terms of the amount of credit/advanced standing for previous studies.
- For further information, please contact the Associate Dean (Post-Registration) and refer to the resolutions relating to undergraduate courses in this handbook.

NB: International students not seeking registration in NSW may enrol in the BN (Post-Reg).

Sample course structure: full-time certificate level

Unit of study	Credit points
Year 1 Semester 1	
Human Biology	6

*Students must complete Research in Nursing, two electives and at least ONE unit of study chosen from:

- Nursing Knowledge and Practice;
- Nursing, Individuals and Societies; or
- Professional Practice and People.

Electives

- Aboriginal Health
- Community Health Nursing
- Health Assessment
- Medical/Surgical Nursing 1
- Nursing and the Aged
- Psychiatric and Mental Health Nursing
- OR any other unit of study approved by the Dean.

Bachelor of Nursing (Honours)

Course code: GH041

Course overview

In addition to meeting the requirements for the award of a Bachelor of Nursing, students can undertake a further year of study or equivalent for the Bachelor of Nursing (Honours) degree. A total of 192 credit points are required for the completion of this degree.

Graduates of universities other than The University of Sydney are also eligible to apply for the honours course. Selection into the honours course will be made by the Dean of the Faculty on the basis of the availability of places, the availability of appropriate supervisors and the academic performance of the applicant.

The course includes two units of study related to research methods and the preparation of a thesis. The thesis is designed to focus on research into an aspect of nursing practice. Students undertake this work independently, under the guidance of a supervisor.

From 2005, students may commence the Bachelor of Nursing (Honours) after the completion of Year 2 of the course, subject to the requirements of the Faculty as set out in the Resolutions.

Admission requirements

- Students who have qualified for the Bachelor of Nursing degree from the Pre-Registration, Post-Registration or combined degree courses and are considered by the Faculty and the Head of Department concerned to have the requisite knowledge and aptitude may be eligible to apply for the Honours course.
- Students who have graduated with a Bachelor of Nursing from universities other than The University of Sydney are also eligible to apply for the honours course.

BN (Honours) course structure

Unit of study	Credit points
1 year full time or 2 years part time	
Clinical Practice Development (Honours) 1	24
Clinical Practice Development (Honours) 2	24
Plus credit points for Years 1, 2 and 3	144
Total credit points for honours program	192

Bachelor of Health Science (Nursing)

Off-shore (Singapore based)

Course overview

This off-shore course is conducted in Singapore by The University of Sydney in conjunction with the Singapore Institute of Management. The course is implemented through the collaboration of the Faculty of Nursing and Midwifery with the Faculty of Health Sciences. Graduates of this course receive an award from The University of Sydney.

The course is offered in Singapore over two years part-time with teaching conducted in a modular format. Ongoing responsibility for the administration of the program lies with the Faculty of Health Sciences, assisted by the Singapore Institute of Management.

Admission requirements

- Students must have a Diploma in Nursing from Nanyang Polytechnic, Singapore; OR
- an approved Diploma in Nursing from an approved institution; OR
- a Certificate in Nursing from the Singapore School of Nursing, or its equivalent; AND
- a minimum of twelve months clinical nursing practice; AND
- must be employed as a registered nurse in an appropriate professional working environment that is acceptable to the University.

Administration of this course is conducted through the Faculty of Health Sciences, Cumberland Campus. Please contact the course coordinator on (02) 9351 9349 for further information.

Resolutions

Bachelor of Nursing

Resolutions of the Senate

1. These Resolutions must be read in conjunction with The University of Sydney (Coursework) Rule 2000, which sets out the requirements for all coursework courses, and the relevant Faculty Resolutions.

2. Requirements for the Pass degree (Pre-Registration)

To qualify for the award of the pass degree a student must:

(1) Complete units of study giving credit for a minimum of 144 credit points by successfully undertaking all the units of study set out in Table 1 of the Faculty Resolutions in the prescribed order.

(2) satisfy the requirements of all other relevant By-Laws, Rules and Resolutions of the University.

3. Requirements for the Pass degree (Post-Registration)

To qualify for the award of the pass degree, candidates must complete the requirements published in the Faculty Resolutions relating to the course.

4. Requirements for the Honours degree

To qualify for the award of the honours degree a student must complete the honours requirements published in the Faculty Resolutions relating to the course.

Resolutions of the Faculty

1. These Resolutions must be read in conjunction with The University of Sydney (Coursework) Rule 2000, which sets out the requirements for all coursework courses, and the relevant Resolutions of the Senate and Faculty of Nursing Resolutions.

Section 1

Bachelor of Nursing (Pre-Registration)

2. Admission

(1) An appropriate current University Admissions Index (UAI). As a guide, in 2002 a UAI of 72.5 was required for entry.

(2) Interstate school leavers apply on the basis of final school examination results.

(3) Applicants with overseas qualifications will be assessed on the equivalence of their qualifications to the Australian tertiary entry standards. Unless the final year of schooling was conducted in English, applicants will be required to sit an English proficiency test (see English language requirements).

(4) Mature-age and other applicants need to meet the criteria determined by the Faculty of Nursing for admission to undergraduate courses.

(5) A current licence to practise within Australia as an Enrolled Nurse.

3. Units of study

(1) The units of study for the degree are set out in Table 1.

(2) It is expected that students will have an assumed knowledge of either Biology, Chemistry or Personal Development, Health and Physical Education prior to the commencement of the course.

4. Requirements for the Pass degree

(1) To qualify for the award of the degree a candidate shall complete satisfactorily:

(a) units of study having a total minimum value of 144 credit points as listed in Table 1 including the prescribed clinical experiences;

(b) complete the requirements of the award within a maximum of six calendar years for all full-time students and eight calendar years for all part-time students;

(c) attendance and performance at laboratory classes as prescribed by the Faculty; and

(d) satisfy the requirements of all other relevant By-Laws, Rules and Resolutions of the University.

(2) A candidate who is deemed to be unsatisfactory at any time during a clinical field experience unit of study may have the clinical field experience terminated, will be failed in that unit of study, and will have to show good cause as to why they should be allowed to continue in the degree.

(3) A candidate shall not progress to Year 2 clinical units of study without have successfully completed Year 1 clinical units of study including a mandatory test for numeracy.

(4) A candidate shall not progress to the third year of the course without first having completed satisfactorily all first and second year units of study.

Bachelor of Nursing (Post-Registration)

5. Admission

(1) Applicants for admission as candidates for the Bachelor of Nursing (Post-Registration) shall:

(a) be registered to practise nursing in New South Wales or another state/territory of Australia and:

(i) hold a qualification at the level of certificate which leads to registration as a nurse; or

(ii) hold a qualification at the level of diploma which leads to registration as a nurse; or

(b) be eligible to practise as a registered nurse in a country other than Australia and:

(i) hold a qualification leading to registration as a nurse at the level of certificate (or Australian equivalent); or

(ii) hold a qualification leading to registration as a nurse at the level of diploma (or Australian equivalent).

(2) International candidates who hold qualifications not recognised by the Nurses Registration Board of NSW (or any other state in Australia) for registration as a nurse, are required to enrol in the Bachelor of Nursing (Pre-Registration).

6. Requirements for the Pass degree

(1) To qualify for the award of the degree:

- (a) Candidates who are admitted under clause 5(1)(a)(i) or 5(1)(b)(i) shall qualify for the pass degree by completing satisfactorily units of study, to a minimum of 48 credit points, as prescribed in the table of units for the course.
- (b) Candidates who are admitted under clause 5(1)(a)(ii) shall qualify for the pass degree by completing units of study, to a minimum of 24 credit points, as prescribed in the table of units for the course.
- (c) An outstanding candidate in the Pass degree may be admitted to the degree with merit.

Combined degrees

Nursing/Arts Faculty Resolutions

7. Resolutions governing the award of the degree Bachelor of Nursing/Bachelor of Arts

- (1) Candidature for the combined degree course is a minimum of 10 semesters of full time study.
- (2) Candidature for the degree shall be by full-time study.
- (3) Candidates qualify for the award of the two degrees of the combined course by completing 240 credit points including:
 - (a) 132 credit points as listed in Table 2 for the Bachelor of Nursing component of the combined BN/BA; and
 - (b) 108 credit points from the Table of units listed for the Bachelor of Arts of which at least 72 must be from Part A including a major.
- (4) Candidates may not enrol in any unit of study that is substantially the same as one they have already passed.
- (5) Candidates will be under the general supervision of the Faculty of Nursing. General supervision covers all areas of policy and procedures affecting candidates such as combined course rules and enrolment procedures.
- (6) A separate testamur is awarded for both the Bachelor of Nursing and Bachelor of Arts.
- (7) Candidates who complete the combined degree course may elect to complete the Bachelor of Nursing or the Bachelor of Arts degree in accordance with appropriate rules governing those degrees.
- (8) Candidates who abandon the combined course may elect to complete the Bachelor of Nursing or the Bachelor of Arts degree in accordance with appropriate rules governing those degrees.
- (9) The Deans of the Faculties of Nursing and Arts shall jointly exercise authority in any matter concerning this combined degree course not otherwise dealt with in these resolutions.

Nursing/Science Faculty Resolutions

8. Resolutions governing the award of the degree Bachelor of Nursing/Bachelor of Science

- (1) The term Bachelor of Nursing in these joint resolutions means either the Bachelor of Nursing (Pre-registration) or Bachelor of Nursing (Honours).
- (2) A student may proceed concurrently to the degrees of Bachelor of Nursing and Bachelor of Science, Bachelor of Science (Advanced) or Bachelor of Science (Advanced Mathematics).
- (3) To qualify for the award of the pass degrees a student shall complete over ten semesters units of study having a total value of at least 240 credit points including:
 - (a) at least 96 credit points from Science subject areas of which there is:
 - (i) at least 12 credit points from the Science subject areas of Mathematics and Statistics;
 - (ii) at least 24 credit points of Junior units of study from at least two Science subject areas other than Mathematics or Statistics;
 - (iii) a major in a Science subject area; and
 - (iv) no more than 60 credit points from Junior Science units of study;
 - (b) at least 132 credit points of units of study as listed in Table 3, for the Bachelor of Nursing; and
 - (c) at least 12 credit points of electives taken from either the Faculty of Nursing or the Faculty of Science.
- (4) To qualify for the award of the pass degree in an Advanced stream of the Bachelor of Science degree a student shall complete the requirements for the Bachelor of Nursing/Bachelor of Science in Section (3) above and in addition, except with the permission of the Dean:
 - (a) include at least 16 credit points of Science Intermediate units of study at either the Advanced level or as TSP units;
 - (b) include at least 24 credit points of Senior units of study at the Advanced level or as TSP units in a single Science subject area; and
 - (c) maintain in Intermediate and Senior units of study in Science subject areas an average mark of 65 or greater in each year of enrolment.
- (5) To qualify for the award of the pass degree in a Bachelor of Science (Advanced Mathematics) degree a student shall complete the requirements for the Bachelor of Nursing/Bachelor of Science in Section (3) above and in addition, except with the permission of the Dean:
 - (a) include at least 16 credit points of Intermediate units of study in the subject areas of Mathematics and Statistics at either the Advanced level or as TSP units;
 - (b) include at least 24 credit points of Senior units of study in the subject areas of Mathematics and Statistics at the Advanced level or as TSP units; and
 - (c) maintain in Intermediate and Senior units of study in Science subject areas an average mark of 65 or greater in each year of enrolment.
- (6) Students who are qualified to do so may undertake honours courses in either or both degrees or a joint honours course on completion of the combined degree.
- (7) Students may abandon the combined degree course and elect to complete either a Bachelor of Nursing or a Bachelor of Science in accordance with the resolutions governing those degrees.
- (8) Students will be under the general supervision of the Faculty of Nursing.
- (9) The Deans of the Faculties of Nursing and Science shall jointly exercise authority in any matter concerning the combined degree program not otherwise dealt with in these resolutions.

Bachelor of Nursing (Honours)

9. Admission

- (1) An applicant for admission to candidature for the honours course shall:
 - (a) be a registered nurse and hold the pass degree of Bachelor of Nursing or equivalent and achieved a minimum Weighted Average Mean (WAM) set from time to time by the Faculty in units undertaken for the pass degree; or
 - (b) be a registered nurse and hold qualifications deemed by the Dean to be the equivalent; or
 - (c) have completed the first two years of the Bachelor of Nursing (Pre-Registration) degree with a minimum WAM set by time to time by the Faculty; and
 - (d) be considered by the Faculty and the head of department concerned to have the requisite knowledge and aptitude for an honours course.
- (2) The WAM is calculated by summing the products of the weighted marks achieved for each year and then dividing by the sum of the product of the weighted number of units of study attempted in each year. Units undertaken in each year are weighted according to their designations as first second or third year units in the following manner: 1 = first year; 2 = second year and 3 = third year. All attempts at units of study are included in the calculation, except where units of study are discontinued with permission.

10. Requirements for Honours

- (1) To qualify for the award of the degree of Bachelor of Nursing (Honours) a candidate shall:
 - (a) if admitted under clauses 9 (1) (a) or 9 (1) (b), complete successfully a minimum of 48 credit points specified as Honours units of study; or
 - (b) if admitted under clauses 9 (1) (c) and 9 (1) (d), complete successfully a minimum of 96 credit points of which 48 credit points must be third year units of study and 48 credit points specified as Honours units of study.
- (2) A candidate admitted under clause 9 (1) (c) and (9) (1) (d) who withdraws from the course, provided they have completed the specified units of study required for the Pass degree, will be awarded a Bachelor of Nursing Pass degree which forms part of the eligibility for registration as a nurse with the NSW Nurses Registration Board.

11. Time limits

- (1) A candidate for the degree may proceed on either a full-time or part-time basis.

Undergraduate courses and regulations

- (a) A full-time candidate if admitted under clauses 9 (1) (a) or 9 (1) (b) shall complete the requirements for the degree no later than at the end of the second semester of candidature; or
- (b) A full-time candidate admitted under clauses 9 (1) (c) shall complete the requirements for the degree no later than at the end of the fourth semester of candidature.
- (c) A part-time candidate admitted under clauses 9 (1) (a) or 9 (1) (b) shall complete the requirements for the degree over a period of four consecutive semesters; or
- (d) A part-time candidate admitted under clauses 9 (1) (c) shall complete the requirements for the degree over a period of eight consecutive semesters.
- (2) A candidate who withdraws from the course shall not be permitted to re-enrol without permission of the Dean.
12. Award of the degree
- (1) There shall be three classes of Honours, namely Class I, Class II, and Class III and within Class II there shall be two divisions, namely Division 1 and Division 2.
- (2) The class of Honours shall be determined by the weighted marks achieved in the coursework and thesis components of 30% for the WAM for Years 1 to 3 inclusive and 70% for Year 4.
- (3) The Honours grade will be reported in percentages and the grades for the award shall be:

First Class	80 – 100
Second Class: Division 1	75 – 79
Second Class: Division 2	70 – 74
Third Class	65 – 69
Honours not awarded	< 65

Section 2

13. Re-enrolment after an absence

- (1) Students seeking permission to re-enrol after an absence are required to:
- (a) lodge an application by October 30 in the year prior to that in which re-enrolment is sought;
- (b) attach a current academic transcript (progress status is contingent upon an absence of not more than two years from the course); and
- (c) ensure that outstanding debts with the University and/or show cause requirements are attended to before submission of the application (applications cannot be considered until financial obligations and show cause requirements are completed).

14. Satisfactory progress

(1) Candidates who fail:

- (a) up to one quarter of the units of study in which they are enrolled in any semester (this is one unit of study for a candidate enrolled in 4 units of study) may progress to a normal full time load in the subsequent year. In addition, they are permitted to enrol in the failed unit of study;
- (b) one half of the units of study in which they are enrolled in any semester may only progress to a normal full time load in the subsequent year. This must include the units of study in which they failed previously; or
- (c) more than half of the credit point load undertaken during a semester or a year, or who fail to meet the requirements of a practicum unit, or who discontinue enrolment in one unit of study twice shall be deemed not to have made satisfactory progress. They shall be required to show good cause as to why they should be permitted to re-enrol in the course.
- (2) The Board of Undergraduate Studies shall have the power to resolve on satisfactory progress and progression in individual cases.

15. Assessment policy

- (1) Candidates may be assessed by written and oral examinations, exercises, essays or practical work or any combination of these, and the results of such tests may be taken into account by the Faculty in determining the final results for a unit of study.
- (2) In all units of study work of a standard higher than that required for an ordinary pass may be recognised by the award of High Distinction, Distinction or Credit.
- (3) Candidates who have been prevented by duly certified illness or misadventure from sitting for the whole or part of a unit of study assessment may be tested at such times and in such a way as the Faculty shall determine.
- (4) There will be no re-examination for honours. If the student does not reach the expected level of achievement for the award of at least Third Class Honours no award is made.
- (5) If a candidate qualifies for the award of Honours Class I and the Faculty is of the opinion that the candidate's work is of outstanding merit, that candidate shall receive a university medal.
- (6) The class of honours will be achieved by the weighted marks achieved in the coursework and thesis components of 30% and 70% respectively.

16. Transition Rules

- (1) Students who enrolled in but did not complete the first year of the Bachelor of Nursing before or in the calendar year 2002 will be enrolled in the revised degree from 2003, with the appropriate accrued credit points, unless they elect to complete the degree pattern in which they had enrolled originally.
- (2) From the year 2003, students returning after an absence of one calendar year or more will be enrolled in the revised degree pattern with credit equivalent to the total credit point value that has already been completed, provided that they have not completed more than 30% of the credit points for the degree.
- (3) Students who have not progressed satisfactorily will be required to complete appropriate units of study in the revised degree to the total of 144 credit points.
- (4) At the discretion or with the permission of the Dean, students who fail to complete the degree under the pre-2003 resolutions may complete equivalent units in the revised degree to satisfy the minimum credit point value and accreditation requirements for registration.
- (5) A student who has completed all requirements for the first two years of the pre-2003 degree resolutions and who qualifies for admission to the Bachelor of Nursing (Honours) under resolution 9 (1) (c) of the 2003 resolutions, may elect to transfer their candidature and complete requirements for the Honours degree under the newer resolutions.
- (6) The Dean may approve the transfer of candidature of any student who wishes to complete the degree under the 2003 resolutions, subject to the availability of units of study, clinical or any other factor that may limit the student's ability to complete the degree in a reasonable time.
- (7) A students who progresses satisfactorily under the pre-2003 resolutions will be able to complete their degree under those same resolutions.
- (8) Any student who wishes to have a transition issue considered that is not addressed in these resolutions may request that the Dean consider their individual case.
- (9) Any other transition matter that is not addressed in these resolutions may be referred to the Faculty's Board of Undergraduate Studies for consideration.

Bachelor of Nursing (Indigenous Australian Health)

Resolutions of the Senate

1. These Resolutions must be read in conjunction with The University of Sydney (Coursework) Rule 2000, which sets out the requirements for all coursework courses, and the relevant Faculty Resolutions.

2. Requirements for the Pass degree

To qualify for the award of the pass degree a student must:

(1) complete units of study giving credit for a total of 192 credit points; and

(2) satisfy the requirements of all other relevant By-Laws, Rules and Resolutions of the University.

3. Requirements for the Honours degree

To qualify for the award of the honours degree a student must complete the honours requirements published in the Faculty Resolutions relating to the course.

Resolutions of the Faculty

1. These Resolutions must be read in conjunction with The University of Sydney (Coursework) Rule 2000, which sets out the requirements for all coursework courses, the relevant Resolutions of the Senate and general Faculty of Nursing Resolutions.

Section 1

2. Admission

- (1) An appropriate current NSW Higher School Certificate, University Admissions Index (UAI).
- (2) Interstate school leavers apply on the basis of final school examination results.
- (3) Applicants with overseas qualifications will be assessed on the equivalence of their qualifications to the Australian tertiary entry standards. Unless the final year of schooling was conducted in English, applicants will be required to sit an English proficiency test (see English language requirements).
- (4) Mature-age and other applicants need to meet the criteria determined by the Faculty of Nursing for admission to undergraduate courses.
- (5) A current licence to practise within Australia as an Enrolled Nurse.
- (6) Applications are welcome from both Indigenous non-Indigenous applicants. However, the Bachelor of Nursing (Indigenous Australian Health) has been developed as a special measure to improve access and participation by Aboriginal and Torres Strait Islander people in the academic programs of The University of Sydney. Accordingly, in the case of limited places, preference will be given to Aboriginal and Torres Strait Islander applicants.

3. Units of study

- (1) The units of study for the degree are set out in Table 1.
- (2) It is expected that candidates will have an assumed knowledge of either Biology, Chemistry or Personal Development, Health and Physical Education prior to the commencement of the course.

4. Requirements for the Pass degree

- (1) To qualify for the award of the degree a candidate shall complete satisfactorily:
 - (a) units of study having a total minimum value of 192 credit points as listed in Table 1 including the prescribed clinical experiences;
 - (b) complete the requirements of the award within a maximum of eight calendar years for all full-time candidates and ten calendar years for all part-time candidates;
 - (c) attendance and performance at laboratory classes as prescribed by the Faculty; and
 - (d) satisfy the requirements of all other relevant By-Laws, Rules and Resolutions of the University.
- (2) A candidate who is deemed to be unsatisfactory at any time during a clinical field experience unit of study may have the clinical field experience terminated, will be failed in that unit of study, and will have to show good cause as to why they should be allowed to continue in the degree.
- (3) A candidate shall not progress to the third year of the course without first having completed satisfactorily all first and second year units of study.

5. Requirements for Honours degrees

- (1) Honours will be awarded on the basis of merit over all units of study in degree.
- (2) Candidates with a minimum Weighted Average Mean as determined from time to time by the Faculty will be awarded Honours upon completion of 192 credit points.
- (3) The WAM is calculated by summing the products of the weighted marks achieved for each year and then dividing by the sum of the product of the weighted number of units of study attempted in each year. Units undertaken in each year are weighted according to their designations as first second or third year units in the following manner: 1 = first year; 2 = second year, 3 = third year and 4 = fourth year. All attempts at units of study are included in the calculation, except where units of study are discontinued with permission.

6. Award of degree

- (1) There shall be three classes of Honours, namely Class I, Class II, and Class III and within Class II there shall be two divisions, namely Division 1 and Division 2.
- (2) The class of Honours shall be determined by the weighted marks achieved in the coursework and thesis components of 30% and 70% respectively.
- (3) The Honours grade will be reported in percentages and the grades for the award shall be:

First Class	80 – 100
Second Class: Division 1	75 – 79
Second Class: Division 2	70 – 74
Third Class	65 – 69
Honours not awarded	< 65

Section 2

7. Re-enrolment after an absence

- (1) Candidates seeking permission to re-enrol after an absence are required to:
 - (a) lodge an application by October 30 in the year prior to that in which re-enrolment is sought;
 - (b) attach a current academic transcript (progress status is contingent upon an absence of not more than two years from the course); and
 - (c) ensure that outstanding debts with the University and/or show cause requirements are attended to before submission of the application (applications cannot be considered until financial obligations and show cause requirements are completed).

8. Satisfactory progress

- (1) Candidates who fail:
 - (a) up to one quarter of the units of study in which they are enrolled in any semester (this is one unit of study for a candidate enrolled in 4 units of study) may progress to a normal full time load in the subsequent year. In addition, they are permitted to enrol in the failed unit of study; or
 - (b) more than half of the credit point load undertaken during a semester or a year, or who fail to meet the requirements of a practicum unit, or who discontinue enrolment in one unit of study twice shall be deemed not to have made satisfactory progress. They shall be required to show good cause as to why they should be permitted to re-enrol in the course.
- (2) The Board of Undergraduate Studies shall have the power to resolve on satisfactory progress and progression in individual cases.

9. Assessment policy

- (1) Candidates may be assessed by written and oral examinations, exercises, essays or practical work or any combination of these, and the results of such tests may be taken into account by the Faculty in determining the final results for a unit of study.
- (2) In all units of study work of a standard higher than that required for an ordinary pass may be recognised by the award of High Distinction, Distinction or Credit.
- (3) Candidates who have been prevented by duly certified illness or misadventure from sitting for the whole or part of a unit of study assessment may be tested at such times and in such a way as the Faculty shall determine.
- (4) There will be no re-examination for honours. If the student does not reach the expected level of achievement for the award of at least Third Class Honours no award is made.
- (5) If a candidate qualifies for the award of Honours Class I and the Faculty is of the opinion that the candidate's work is of outstanding merit, that candidate shall receive a university medal.

10. Transition Rules

- (1) The Dean may approve the transfer of candidature of any student who wishes to transfer from the Bachelor of Nursing to this degree, subject to the availability of units of study, clinical or any other factor that may limit the student's ability to complete the degree in a reasonable time.
- (2) Any other transition matter that is not addressed in these resolutions may be referred to the Faculty's Board of Studies for consideration.

Undergraduate Units of Study Bachelor of Nursing (Indigenous Australian Health)

Year 1

BIOL 1001 Concepts in Biology

6 credit points. B.A., B.Agr.Ec., B.An.Vet.Bio.Sc., B.An.Im.Sc., B.E., B.Hort.Sc., B.L.W.Sc., B.Med.Sc., B.N., B.N.(I.A.H.), B.N., B.A., B.N., B.Sc., B.Pharm., B.Pharm.(Rural), B.Res.Ec., B.Sc., B.Sc.(Bioinformatics), B.Sc.(Environmental), B.Sc.(Marine Science), B.Sc.(Molecular Biology & Gene. **Session:** Summer, Semester 1. **Classes:** 3 lec & usually 3 hrs prac/wk. **Assumed Knowledge:** No previous knowledge required. Students who have not taken HSC Biology are recommended to take the Biology Bridging Course. **Assessment:** One 2.5hr exam, assignments, classwork.

NB: It is recommended that BIOL (1001 or 1101 or 1901) be taken before all Semester 2 Junior units of study in Biology.

Concepts in Biology is an introduction to the major themes of modern biology. We start with introductory cell biology, which particularly emphasises how cells obtain and use energy. We then discuss the structure and function of microorganisms. The significance of molecular biology is covered working from the role of DNA in protein synthesis and development through to modern techniques and their uses. The genetics of organisms is then discussed, leading to consideration of theories of evolution and the origins of the diversity of modern organisms. We bring all the abovementioned concepts together to develop an understanding of interactions between organisms in biological communities or ecosystems. Finally we discuss the significance of human impact on other living organisms, with particular reference to finding solutions to problems in areas such as global warming, introduced pests, and extinctions. The unit is designed so that lab classes and the field trip integrate with the lectures. Lab activities are carried out in groups so that team work skills are developed. This unit also incorporates a number of key generic skills such as written communication skills, discussion and data interpretation, and experimental design and hypothesis testing skills.

Textbooks

Knox R B et al. Biology. McGraw-Hill, 3rd ed, 2005.

A Study Guide for the unit will be available for purchase from the Copy Centre during the first week of semester.

BIOL 1101 Biology - Ecosystems to Genes

6 credit points.

B.A., B.Agr.Ec., B.An.Vet.Bio.Sc., B.Hort.Sc., B.L.W.Sc., B.Med.Sc., B.N., B.N.(I.A.H.), B.N., B.A., B.N., B.Sc., B.Sc.(Bioinformatics), B.Sc.(Environmental), B.Sc.(Marine Science), B.Sc.(Molecular Biology & Genetics), B.Sc.(Nutrition), B.Sc. **Session:** Semester 1. **Classes:** 3 lec & 3 hrs. prac/wk. **Prerequisites:** HSC 2-unit Biology or equivalent. **Assessment:** One 2.5hr exam, assignments, classwork.

NB: It is recommended that BIOL (1001 or 1101 or 1901) be taken before all Semester 2 Junior units of study in Biology.

Biology - Ecosystems to Genes builds on a satisfactory prior knowledge of the HSC 2-unit Biology course. A brief revision of the basic concepts of the high school course is given. Biology - Ecosystems to Genes builds on the main themes introduced in HSC Biology to provide a background to the breadth of biology, including genetics of organisms, theories of evolution/origins of diversity of modern organisms, diversity of microorganisms, cell biology with emphasis on how cells obtain and use energy, modern molecular biology and interactions between organisms in biological communities. It is recommended that BIOL (1001 or 1101 or 1901) be taken before all other Junior units of study in Biology.

Textbooks

Knox R B et al. Biology. McGraw-Hill, 2nd ed, 2001

BIOL 1901 Biology - Ecosystems to Genes (Advanced)

6 credit points.

B.A., B.Agr.Ec., B.An.Vet.Bio.Sc., B.Hort.Sc., B.L.W.Sc., B.Med.Sc., B.N., B.N.(I.A.H.), B.N., B.A., B.N., B.Sc., B.Sc.(Bioinformatics), B.Sc.(Environmental), B.Sc.(Marine Science), B.Sc.(Molecular Biology & Genetics), B.Sc.(Nutrition), B.Sc. **Session:** Semester 1. **Classes:** 3 lec & 3 hrs prac/wk. **Prerequisites:** UAI of at least 93 and HSC Biology result in the 90th percentile or better, or Distinction or better in a University level Biology unit, or by invitation. **Assessment:** One 2.5hr exam, assignments, classwork.

NB: Department permission required for enrolment. It is recommended that BIOL (1001 or 1101 or 1901) be taken before all Semester 2 Junior units of study in Biology.

This unit of study is a more demanding alternative component of Biology - Ecosystems to Genes.

BIOL 1003 Human Biology

6 credit points.

B.A., B.Agr.Ec., B.E., B.Med.Sc., B.N., B.N.(I.A.H.), B.N., B.A., B.N., B.Sc., B.Pharm., B.Pharm.(Rural), B.Res.Ec., B.Sc., B.Sc.(Bioinformatics), B.Sc.(Environmental), B.Sc.(Marine Science), B.Sc.(Nutrition), UG Study Abroad Program, UG Summer/Winter School. **Session:**

Summer, Semester 2. **Classes:** (2 lec, 1 session independent study & 3 prac)/wk. **Assumed Knowledge:** HSC 2-unit Biology. **Assessment:** One 2.5hr exam, assignment, classwork.

This unit of study provides an introduction to human evolution and ecology, cell biology, physiology and anatomy, through both lectures and practical work. It begins with human evolution, human population dynamics and the impact of people on the environment. The unit of study includes human nutrition, distribution of essential requirements to and from the cells, control of body functions and defence mechanisms. After discussion of reproduction and development, it concludes with some modern studies and research in biotechnology and human genetics. It is recommended that BIOL (1001 or 1101 or 1901) be taken before this unit of study. Enrolment may be restricted by the availability of places. This unit of study, together with BIOL (1001 or 1101 or 1901), provides entry to Intermediate units of study in Biology, but the content of BIOL (1002 or 1902) is assumed knowledge for BIOL (2001 or 2002 or 2003 and 2004) and students entering from BIOL (1003 or 1903) will need to do some preparatory reading.

Textbooks

Seeley, R., Stephens, T.D. & Tate, P. (2005) Essentials of Human Anatomy and Physiology, McGraw Hill Book Company, (Australia), Pty Ltd.

Plus - Chapters 19, 20 and 21 from Benjamin C.L., Garman G.R. and Funston J.H. (1997) Human Biology, McGraw-Hill, which will be produced and shrink-wrapped with Seeley, et al.

A Study Guide for the unit will be available for purchase from the Copy Centre during the first week of Semester.

BIOL 1903 Human Biology (Advanced)

6 credit points.

B.A., B.Agr.Ec., B.Med.Sc., B.N., B.N.(I.A.H.), B.N., B.A., B.N., B.Sc., B.Sc.(Bioinformatics), B.Sc.(Environmental), B.Sc.(Marine Science), B.Sc.(Molecular Biology & Genetics), B.Sc.(Nutrition), UG Study Abroad Program. **Session:** Semester 2. **Classes:** 2 lec, 1 session independent study & 3 hrs prac/wk. **Prerequisites:** UAI of at least 93 and HSC Biology result in the 90th percentile or better, or Distinction or better in a University level Biology unit, or by invitation. **Assessment:** One 2.5hr exam, assignment, classwork.

NB: Department permission required for enrolment.

This unit of study is a more demanding alternative component of Human Biology.

Textbooks

Seeley, R., Stephens, T.D. & Tate, P. (2005) Essentials of Human Anatomy and Physiology, McGraw Hill Book Company, (Australia), Pty Ltd.

Plus - Chapters 19, 20 and 21 from Benjamin C.L., Garman G.R. and Funston J.H. (1997) Human Biology, McGraw-Hill, which will be produced and shrink-wrapped with Seeley, et al.

A Study Guide for the unit will be available for purchase from the Copy Centre during the first week of Semester

CLIN 1001 Nursing Concepts: An Introduction

12 credit points. B.N., B.N.(I.A.H.), B.N., B.A., B.N., B.Sc., UG Study Abroad Program. **Session:** Semester 1. **Classes:** Lectures, tutorials, clinical laboratory sessions, Research Roundtable, clinical visits, clinical placements.

Nurses are in the unique position of assisting people to live with and understand the experience of change as it occurs within their bodies during illness and recovery. This unit will use the perspective of embodiment to examine nursing and nurses' work exploring both the physical body and the lived body as experienced by the patient. The application of this perspective to the clinical context will frame the introduction of the skills and practices concerned with the care of the physical body and body products. Regular clinical visits and a period of clinical placement in association with an experiential and reflective approach to learning will provide opportunities for students to gain insight into the provision and receipt of physical care and the development of skills and attitudes central to effective nurse-patient relationships. A number of major ethical theories will also be introduced to guide practise.

CLIN 1002 Nursing Practices and Illness

12 credit points. B.N., B.N.(I.A.H.), B.N., B.A., B.N., B.Sc., UG Study Abroad Program. **Session:** Semester 2. **Classes:** Lectures, tutorials, clinical laboratory sessions, clinical visits, clinical placements.

This unit of study builds on the knowledge and skills gained in Nursing Concepts: An Introduction and will further develop the principles of caring, communication and critical thinking within nursing practice. Nursing practices which are designed to assist

those undergoing the experience of hospitalisation will be addressed, and will include skills associated with the maintenance of fluid status, skin integrity, and effective levels of pain relief and oxygenation. To facilitate these practices the concepts of asepsis, standard and additional precautions and issues related to infection control will also be addressed. This knowledge will be extended to incorporate the experience of both patients and nurses when the body fails to function as is normally expected. In addition this unit of study will incorporate an introduction to the accountabilities of nurses as these are incorporated in: Australian Legal System, Parliament, criminal and civil law, duty of care, issues of negligence, consent, confidentiality, report writing and the Nurses Registration Acts.

FCNU 1003 Politics of Health Care and Nursing

6 credit points. B.N.,B.N.(I.A.H.),B.N.,B.A.,B.N.,B.Sc.,UG Study Abroad Program,UG Summer/Winter School. **Session:** Semester 2. **Classes:** Lectures, tutorials and independent learning.

This unit of study critically analyses the Australian health care system, situating it within the context of other formal systems of health care, and examining the ways in which it is influenced by contemporary ideologies and economic/political factors. The relationship between health policy and the politics of health care, and power relationships within health care, are of central concern. The dominant model of care that underpins the contemporary health care system is critically examined, particularly in relation to competing and complementary models of care. One of the main themes of the unit is the influence of health politics, health policy and the organisation of health care in Australia on the professional development of nursing and nursing practice. Many of the themes in this unit are explored through a critical examination of contemporary issues in health care.

Year 2

CLIN 2002 Acute Care Nursing

6 credit points. B.N.,B.N.(I.A.H.),B.N.,B.A.,B.N.,B.Sc.,UG Study Abroad Program,. **Session:** Semester 1. **Classes:** lectures, tutorials and clinical laboratory sessions, clinical placements and formal assessment of clinical performance. **Prerequisites:** CLIN1001 and CLIN1002.

For many people, an acute disruption to health is their initial contact with the health care system. Within the health sector, the nurse provides physical care for these acutely ill people and also assists the person and family to understand their illness, interventions and the health care system. This role of the nurse as a care provider and also an interpreter of health needs requires the integration of theoretical and clinical components of nursing knowledge. This unit will continue to build on the theme of embodiment developed in earlier nursing practice units by exploring physical and psychological responses of an individual and others to an episode of acute illness. Those illnesses most often found in our community will be used in order to explore the experience of acute illness as it affects patients, families and communities

CLIN 2003 Biological Basis of Nursing Observation

6 credit points. B.N.,B.N.(I.A.H.),B.N.,B.A.,B.N.,B.Sc.,UG Study Abroad Program,. **Session:** Semester 2. **Classes:** Lectures, tutorials and laboratory sessions throughout the semester.

This unit allows students to develop an understanding of the scientific foundation of nursing observations by establishing links to the biological concepts underpinning approaches to observation and monitoring in nursing practice. Intelligent observation and monitoring of patients' progress is a fundamental characteristic of good nursing. In more recent decades, a greater reliance on technology has enhanced, complemented and increased the complexity of nurses' practices in observing and monitoring. Manipulation of equipment can become the focus of practice unless due regard is paid to the development of embodied clinical expertise. "Technological determinism" within clinical environments has tended to draw attention away from the importance of nursing skills in making observational judgements that affect patient progress. This unit addresses a need for the development of skills in the articulation of the knowledge underpinning observation and monitoring nursing practice for the benefit of the nurse, the patient and the generation of nursing knowledge.

FCNU 2003 Chronicity and Palliation in Nursing

6 credit points. B.N.,B.N.(I.A.H.),B.N.,B.A.,B.N.,B.Sc.,UG Study Abroad Program,. **Session:** Semester 2. **Classes:** Lectures, tutorials and clinical laboratory sessions, clinical placements and formal assessment of clinical performance. **Prerequisites:** CLIN1001 and CLIN1002.

This unit of study addresses nursing practices that are designed to meet the needs of individuals and families who are either living with long term health problems or disabilities, or terminal illness. An holistic approach to culturally appropriate nursing care and continuity of care is emphasised. The concepts of illness trajectory, health promotion, and primary, secondary and tertiary prevention and pal-

liation are introduced. Complex symptom control, the use of complementary therapies, preparation for death, care after death and bereavement support will be covered in this unit. Communication skills that facilitate high levels of interaction with clients and families are emphasised. Ethical and legal issues around dying are addressed. Clinical placements will focus on comprehensive patient assessments, identifying individual needs, planning appropriate nursing and other interventions, administration treatments for the management of symptoms and suffering and the use effective communication skills.

FCNU 2002 Family Health Nursing

6 credit points. B.N.,B.N.(I.A.H.),B.N.,B.A.,B.N.,B.Sc.,UG Study Abroad Program,. **Session:** Semester 1. **Classes:** Lectures, tutorials and clinical laboratory sessions, clinical placements and formal assessment of clinicap performance. **Prerequisites:** CLIN1001 and CLIN1002.

This unit of study focuses on the role of the family in promoting and safeguarding the health and well being of its members at all stages of human development. The unit will assist students to develop tolerance and understanding of the great diversity of family life in modern Australia. The unit will follow the development of the individual family member from conception and birth, through childhood, adolescence, adulthood and old age focussing on the health individual at each stage of development. The nurses' role in assisting families during life transitions to adapt to changes in family functioning and health status will be the central theme of the unit. The impact of illness or disability, particularly a when involving a developmental delay in a family member will be examined.

FCNU 2004 Mental Health Nursing

6 credit points. B.N.,B.N.(I.A.H.),B.N.,B.A.,B.N.,B.Sc.,UG Study Abroad Program,. **Session:** Semester 2. **Classes:** Lectures, tutorials and clinical laboratory sessions, clinical placements and formal assessment of clinical performance. **Prerequisites:** CLIN1001 and CLIN1002.

This unit of Study introduces students to mental health nursing. It examines a variety of mental health disorders and explores mental health environments as therapeutic milieu. The role of psychopharmacology in psychiatry is explored, as are other modalities of treatment. Students will develop competency in micro counseling skills and develop nursing care for patients experiencing mental illness. This unit of Study examines the Australian ethico-legal context of mental health nursing, and compares historical developments in nursing to emerging trends in contemporary mental health nursing. This unit of Study explores the relationship between mental health and economic, socio-political, cultural and environmental factors. Students will analyze mental health issues experienced by Aboriginal communities in rural and urban settings. This unit of Study will also critique research as it relates to development of mental health nursing.

CLIN 2001 Nursing and Biomedical Interventions

6 credit points. B.N.,B.N.(I.A.H.),B.N.,B.A.,B.N.,B.Sc.,UG Study Abroad Program,. **Session:** Semester 1. **Classes:** Lectures, tutorials and laboratory activities throughout the semester.

The unit will use a cell-tissue-body-environment approach to pathogenesis as a framework to facilitate the exploration of a variety of biomedical and pharmacological interventional processes and their relationship to nursing practices. This approach, which will build on previous knowledge of cellular and systemic organisation of the human body, fosters the development of conceptual schemas which will allow the generalisation of understanding of various biomedical interventions to groups of pathological processes with similar pathogenic derivations. The approach will enable students to begin the development of personal patterns of understanding and evaluation of interventions and their outcomes, which will underpin study within the clinical laboratory and future practice.

FCNU 2001 Subjectivity and Health Care

6 credit points. B.N.,B.N.(I.A.H.),B.N.,B.A.,B.N.,B.Sc.,UG Study Abroad Program,. **Session:** Semester 1. **Classes:** Lectures and tutorials.

This unit of study takes an ecological approach and focuses on the culturally and environmentally embedded individual. It emphasises both patient/client and nurse subjectivity, and the relationship between the two. Drawing on interdisciplinary theoretical knowledge, this unit examines how and why individuals experience and make sense of health, illness and care, and how nurses and their practice interact with patient/client subjectivity. This is done by examining interpersonal relationships in health care (particularly the nurse/patient relationship), and studying patient/client issues related to embodiment, emotionality, life-span responses to illness, perceptions of risk, stigmatisation and issues of identity. Individual patient/client rights and choices are also examined in this unit. This unit expands student awareness of the need for tolerance, compassion and a deep understanding of the problems and constraints faced by differently situated individuals in need of health care services.

Year 3**CLIN 3015 Aboriginal Health Assessment**

8 credit points. B.N.(I.A.H.),UG Study Abroad Program., **Session:** Semester 2. **Classes:** Flexible, including lectures, tutorials, clinical laboratory sessions, clinical placements and a formal assessment of clinical performance. **Prerequisites:** All Year 1 and Year 2 units of study and CLIN 3014.

This unit of study builds on prior studies of health assessment nursing practice with specific reference here to Aboriginal and Torres Strait Islander peoples, communities, families and individuals. The unit will address the epidemiological evidence with respect to the health-illness patterns of the Australian Indigenous peoples and how to assess individuals and groups who are at particular risk for some diseases and health conditions. The unit will involve clinical education for assessing individuals as well as developing the abilities to make assessment at the broader community level and to assess the risks and circumstances contributing to illness and health risk. This unit involves a period of clinical education.

FCNU 3002 Community Health Nursing

8 credit points. B.N.,B.N.(I.A.H.),B.N.,B.A.,B.N.,B.Sc.,UG Study Abroad Program., **Session:** Semester 2b, Semester 2a. **Classes:** Flexible including lectures, tutorials, clinical laboratory sessions, clinical placements and a formal assessment of clinical performance. **Prerequisites:** All Year 1 and Year 2 units of study, CLIN3001, FCNU3001 (additional prerequisites to be advised).

This unit of study examines community health nursing from a primary health care perspective. An emphasis is placed on health promotion and disease prevention across the health illness continuum for defined populations in community based settings. The nurses role in the provision of comprehensive care in the community is identified. Current health promotion theories and models will be explored and competencies in health promotion developed. Epidemiological concepts and methodologies integral to community health nursing are explored. Students are introduced to community assessment and the use of a 'community profile' as a tool to assess community needs. Particular attention is given to the health needs of subgroups within the Australian community including Aboriginal and Torres Strait Islanders, people living with disability, minority cultural groups and the homeless. Community clinical placements afford the opportunity to consolidate and integrate knowledge of community resources and community nursing practice.

CLIN 3001 High Acuity Nursing

8 credit points. B.N.,B.N.(I.A.H.),B.N.,B.A.,B.N.,B.Sc.,UG Study Abroad Program., **Session:** Semester 1b, Semester 2, Semester 1a. **Classes:** Flexible including lectures, tutorials, clinical laboratory sessions, clinical placements and a formal assessment of clinical performance. **Prerequisites:** Prerequisite: All Year 1 and Year 2 units of study (additional prerequisites to be advised).

The unit will use a thematic approach based on the physiological disruption being faced by the individual and the effect on physical, psychological and social functioning by the individual. Physiological impact on multiple body systems is complicated by the rapid onset and uncertain outcomes of critical illness. This unit revisits the integration of digestive, distributive, eliminative and control mechanisms in the body previously developed and considers these within the breadth of the patient's experience in a high acuity area of a hospital. The pathophysiological derivation of disease, natural compensatory responses and specific biomedical interventions will be explored. The technological possibilities of high acuity environments will be explored, as will psychological responses to the high acuity environment. This unit will provide the opportunity for students to explore the management of patients who require advanced nursing care and interventions for their serious or critical illness.

FCNU 3010 Indigenous Health Policies & Practices

8 credit points. B.N.(I.A.H.),UG Study Abroad Program., **Session:** Semester 1. **Classes:** Lectures, tutorials. **Prerequisites:** All Year 1 and Year 2 units of study.

This unit of study will examine, critique and discuss how the status of Indigenous health is extremely poor in comparison to that of non-Indigenous Australia. To further develop students' understanding of this situation, students must explore, examine and understand the historical, social, economic, cultural, spiritual and political forces that have impacted, and continue to impact on, Aboriginal and Torres Strait Islander Australians. This unit of study will also address issues of agency, power and government control. Do policies come before practice or does practice and reality determine the policy? It is imperative that students understand the impact of these government health policies and practices on the Aboriginal and Torres Strait Islander lived experience.

CLIN 3014 Indigenous Protocols and Nursing

8 credit points. B.N.(I.A.H.),UG Study Abroad Program., **Session:** Semester 1. **Classes:** Flexible, including lectures, tutorials, clinical laboratory sessions, clinical placements and a formal assessment of clinical performance. **Prerequisites:** All Year 1 and Year 2 units of study.

This unit of study is concerned with the particular socio-cultural protocols that are appropriate when providing nursing and health

care to Aboriginal and Torres Strait Islander peoples, individually and at the community level. As a clinical unit the material emphasises nursing practices and approaches that are appropriate with Aboriginal and Torres Strait Islander beliefs, lore's, protocols and other cultural practices in different context and health care situations. The unit will also discuss the main components of communicating across cultures, and how they vary from Aboriginal and Torres Strait Islander peoples and community to community. Issues of respect, language, body language, elders, requests, disagreements and criticism, information seeking, politeness and business negotiations will be discussed from an Aboriginal and Torres Strait Islander and non-Aboriginal and Torres Strait Islander perspectives. The students will gain a better understanding and practical experience of delivering health care to Aboriginal and Torres Strait Islander peoples.

FCNU 3012 Nursing & Indigenous Creative Expression

8 credit points. B.N.(I.A.H.),UG Study Abroad Program., **Session:** Semester 2. **Classes:** Lectures and tutorials. **Prerequisites:** FCNU 3010, CLIN 3014 and all Year 1 and Year 2 units of study.

This unit of study will discuss, critique and examine the diversity and use of creative expressions from a theoretical, political, Aboriginal and Torres Strait Islander and non-Aboriginal and Torres Strait Islander worldview. It will examine representations of Aboriginal and Torres Strait Islander and non-Aboriginal and Torres Strait Islander from a cultural and political positioning. Students will discuss, question, and critique the diversity of Aboriginal and Torres Strait Islander dance, theatre, media, art, literature, and drama. The major focus of the unit will examine the importance of Aboriginal and Torres Strait Islander creative expression and its production in terms of voice, content, reading, place and time. Students will explore the manner in which creative expression can be seen as a commodity, identity marker and tool of resistance. In particular Aboriginal and Torres Strait Islander creative expression is utilised successfully in the health arena through healing and rehabilitation programs.

Year 4**FCNU 3001 Complex Mental Health Nursing**

8 credit points. B.N.,B.N.(I.A.H.),B.N.,B.A.,B.N.,B.Sc.,UG Study Abroad Program., **Session:** Semester 1a, Semester 1b. **Classes:** Flexible including lectures, tutorials, clinical laboratory sessions, clinical placements and a formal assessment of clinical performance. **Prerequisites:** All Year 1 and Year 2 units of study (additional prerequisites to be advised).

This unit extends knowledge and skills introduced in the unit of study, Mental Health Nursing. As well as integrating the principles of primary health care in developing nursing care for people experiencing identified psychopathologies in acute mental settings, this unit of study develops nursing care for individuals experiencing enduring, chronic mental illness. The students will assess the principles of occupational health and safety and apply the principles of de-escalation, and extend skills in micro-counselling. In addition to also analysing research related to development of mental health nursing, the students will identify research possibilities that have the potential to develop mental health nursing practice.

LAWS 3005 Indigenous People and the Law

8 credit points. LL.B.,UG Study Abroad Program., Associate Professor Chris Cunneen. **Session:** Semester 2. **Classes:** Two 2 hr seminars per week. **Assessment:** One take home exam (50%) and one 5000w essay (50%).

This unit of study analyses the relationship between the Indigenous people of Australia and the Anglo-Australian legal system. It considers the historical development of that relationship as well as its contemporary forms. The unit will consider a number of recent government inquiries, including the Australian Law Reform Commission's 'Report on the Recognition of Aboriginal Customary Laws', the Human Rights and Equal Opportunity Commission's 'Inquiry into Racist Violence', the Royal Commission into Aboriginal Deaths in Custody, and the National Inquiry into the Separation of Aboriginal and Torres Strait Islander Children from their Families.

This unit will conclude by discussing the impact of the High Court decisions in Mabo and Wik, the introduction of native title legislation, and new political structures such as the Torres Strait Regional Authority and other regional agreements. A theme running through the program will be the importance of self-determination and the implication self-determination has for Australian law.

CLIN 3002 Inquiry and Research in Nursing

8 credit points. B.N.,B.N.(I.A.H.),B.N.,B.A.,B.N.,B.Sc.,UG Study Abroad Program., **Session:** Semester 2a, Semester 2b. **Classes:** Flexible, including lectures, tutorials. **Prerequisites:** All Year 1 and Year 2 units of study, CLIN3001, FCNU3001 (additional prerequisites to be advised).

This unit of study builds on the tenet throughout the course that research is integral to all aspects of nursing theory, education, application and practice. Students will be encouraged to broaden their understanding of research application to nursing and to examine various

ways of knowing that encompass not only qualitative and quantitative methodology but also the esoteric. A critical analysis of various modes of inquiry will be used to investigate aspects of nursing practice and issues pertinent to nursing. A variety of perspectives, methodologies and methods that constitute modes of inquiry will be included. This unit will assist students to develop research knowledge in preparation for future research activities.

Electives

CLIN 3005 Care of a Person in Pain

8 credit points. B.N.,B.N.,B.A.,B.N.,B.Sc.,UG Study Abroad Program., **Session:** Semester 1. **Classes:** Flexible, including lectures, tutorials and seminar activities. **Prerequisites:** All Year One and Year Two units of study.

This unit will draw together information in relation to the care of a person in pain that has been developed in other units, particularly 'Chronicity and Palliation in Nursing', and develop these concepts into a coherent strategy for the care of a patient in pain. Appropriate care of a person in pain is a complex process involving physical, psychological, cultural and politico-economic dimensions. A thorough understanding of the dynamics of pain will allow nurses to deliver excellence in care to people in pain. This unit explores the multi-dimensional nature of pain, encouraging an integrated approach to patient care.

CLIN 3003 Current Issues in Nursing

8 credit points. B.N.,B.N.,B.A.,B.N.,B.Sc.,UG Study Abroad Program., **Session:** Semester 1. **Classes:** Flexible, including lectures, tutorials and seminar activities. **Prerequisites:** All Year One and Year Two units of study.

This unit of study will extend knowledge of professional nursing by focusing on particular issues that currently confront nurses. Drawing on nursing and sociological literature and current affairs, issues that gain coverage in the media, those that do not and the relationships that determine this will be the major focus. For example: several matters have recently reached the news media in Australia, including cases involving errors in blood administration; stealing and trading in drugs; indications that substance abuse is increasing amongst nurses, and coverage of the national nursing shortage. However, there are also issues that have not been reported in the media but may be no less important. Nurses are experiencing unprecedented violence in the workplace, their practice is constrained by staff shortages and by an ideology favouring economic rationalism. These impact on today's nurses, their practice and their professionalisation, and the health of the nation.

FCNU 3003 Ethical Issues in Nursing Practice

8 credit points. B.N.,B.N.,B.A.,B.N.,B.Sc.,UG Study Abroad Program., **Session:** Semester 1. **Classes:** Flexible including lectures, tutorials, clinical laboratory sessions, clinical placements and a formal assessment of clinical performance. **Prerequisites:** All Year 1 and Year 2 units of study.

This unit of study will build on students' understanding of ethics and ethical issues. Ethics is not only a component of nursing practice it is central to the focus on patient health and well being. Moreover the context in which nurses work and the ways in which health care and nursing practice is organized raise ethical issues to and for nursing. Nursing's attempt to articulate integrative care, which includes the patient's own understanding of illness, health and well being has ethical implications specifically for such practices as patient education, communication, consent, and request. Power and expertise, including the power to intervene, to name and label patients has ethical implications and these will be critically examined.

CLIN 3004 Masculinities and Men's Health Nursing

8 credit points. B.N.,B.N.,B.A.,B.N.,B.Sc.,UG Study Abroad Program., **Session:** Semester 1. **Classes:** Flexible, including lectures, tutorials and seminar activities. **Prerequisites:** All Year One and Year Two units of study.

This unit focuses on men, masculinities and gender politics. By examining men's bodies and bodily practices and social structures such as gender, class, race, religion and sexuality, patterns of men's health problems can be identified. Issues such as sport, work, violence, and sexual practices will be examined in light of multiple competing masculinities, power relations and men's bodies. The unit will draw on and extend the knowledge gained in previous units addressing the social context, politics and subjectivity of health care and illness. Contemporary films and literature will be used to examine male identity and the contradictory nature of the construction and contestation of masculinities and the implications it has for men's bodies, as agents and objects, and men's health and illness. This unit uses a gendered approach to link the biomedical with the social, in identifying Australian men's health and illness as a product of the diverse practices of masculinity.

CLIN 3010 Nursing Children and Adolescents

8 credit points. B.N.,B.N.,B.A.,B.N.,B.Sc.,UG Study Abroad Program., **Session:** Semester 2. **Classes:** Flexible, including lectures, tutorials, clinical laboratory sessions, clinical placements and a formal assessment of clinical performance. **Prerequisites:**

All Year 1 and Year 2 units of study, CLIN3001, FCNU3001 (additional prerequisites to be advised).

This unit of study will extend knowledge previously gained from the Family Health Nursing unit to include the nursing care required for illnesses necessitating the admission to hospital of a child or adolescent. The unit will address the impact that hospitalisation has on sick children/adolescents and their families. The following concepts will be considered: cultural and indigenous health practices, family and nurse relationships, patient and family vulnerability, the acute and chronic illness experience and the effect on the hospitalisation experience of the concurrent level of physical and psychosocial development. The assessment and nursing care of the young person admitted to hospital with a range of illnesses such as infectious, respiratory, cardiac, neurological, nutritional and/or metabolic, haematological or immunological, and traumatic injury will be addressed. Clinical placement in a specialised setting responsible for the management of children and adolescents who are ill or have been injured will also be undertaken.

CLIN 3006 Nursing Critically Ill Patients

8 credit points. B.N.,B.N.,B.A.,B.N.,B.Sc., **Session:** Semester 2. **Classes:** Flexible, including lectures, tutorials and seminar activities. **Prerequisites:** All Year 1 and Year 2 units of study, CLIN3001, FCNU3001 (additional prerequisites to be advised).

This unit of study will build from the work of the High Acuity Nursing unit to specifically focus on nursing practices for patients with an increased dependence on nursing support in a critical care environment. The severity and acuity of the needs of these patients requires development of specific knowledge, attitudes and skills that will be developed within this unit. The legal and ethical constraints and frameworks in which critical care nursing practice is conducted will be explored. A period of clinical education within an appropriate critical care setting will also be included.

FCNU 3009 Older Adults: Acute Care

8 credit points. B.N.,B.N.,B.A.,B.N.,B.Sc.,UG Study Abroad Program., **Session:** Semester 2. **Classes:** Flexible, including lectures, tutorials, clinical laboratory sessions, clinical placements and a formal assessment of clinical performance. **Prerequisites:** All Year 1 and Year 2 units of study, CLIN3001, FCNU3001 (additional prerequisites to be advised).

Australia, as well as many other countries, is experiencing an explosion in the number of people entering old age and in particular old-old age. Increasingly, nurses are called upon to provide care for older adults in hospital, community and long-term facilities. To provide optimal and relevant care, nurses require knowledge of normal ageing changes as well as the different ways in which disease presents in older adults (both Indigenous and non-Indigenous) compared to younger adults. In addition, there are some diseases that are more common to older adults, eg. Alzheimer's disease and others, that have significant implications for them (eg. complications related to being bed- or chairbound). This unit will exam myths, attitudes and perceptions about the elderly as well as developing students' understanding of acute health problems experienced by older adults in modern societies. It includes a period of clinical education in a specialised setting responsible for the management of older adults.

Bachelor of Nursing (Post-Registration)

Distance education

CLIN 3022 Health Assessment

6 credit points. B.N., **Session:** Semester 1.

NB: Offered by distance education only.

This unit of study is designed to assist registered nurses to develop an understanding of the principles of health assessment and to further develop skills in history taking and physical examination of clients. The unit of study uses a framework of 'Activities of Daily Living' as they apply to assessment or otherwise of an individual.

CLIN 3020 Human Biology

6 credit points. B.N., **Session:** Semester 1.

NB: Offered by distance education only.

This unit of study is designed for registered nurses and therefore assumes a familiarity with basic concepts of anatomy and physiology. All major body systems are reviewed, stressing their integration via neuro-hormonal control in the following sequence: physiology of oxygenation, physiology of metabolism and physiology of elimination.

CLIN 3021 Nursing, Knowledge and Practice

6 credit points. B.N., **Session:** Semester 2.

NB: Offered by distance education only.

This unit of study examines the historical background to, and current debates surrounding, the means by which nurses have established their knowledge and practice. In addition to examining the historical record in relation to nursing as a discrete area of knowledge and practice in health care, the unit of study will examine and critique current trends and discourses in nursing and how they impact on

understandings of the nature of nursing knowledge and contemporary practice(s).

FCNU 3021 **Nursing, Individuals and Society**

6 credit points. B.N.,UG Study Abroad Program., **Session:** Semester 1.
NB: Offered by distance education only.

This unit of study explores the relationship between nursing and health care practice, individuals and societies with particular reference to human lifestyles, culture, health care policy and economic and social (under)development. The unit of study draws particularly on anthropological, ethnographic, geographic, environmental and planetary issues as they impact on human health and ways in which nursing has responded.

FCNU 3022 **Professional Practice and People**

6 credit points. B.N.,UG Study Abroad Program., **Session:** Semester 2.
NB: Offered by distance education only.

This unit of study is based on a theoretical model which acknowledges the person as central to the practice of nursing. Fundamental to the practice of caring in nursing is an understanding of humanism, existentialism and embodiment. Issues related to these theoretical concepts as well as spiritual and cultural influences are taken into account when examining how individuals make meaning of health and illness. Learning experiences allow for reflection upon these ideas and influences, and how they intertwine with and affect nursing and professional relationships. In this context notions of power, aggression, dignity and interpersonal closeness are explored.

FCNU 3020 **Research in Nursing**

6 credit points. B.N.,UG Study Abroad Program., **Session:** Semester 2.
NB: Offered by distance education only.

This unit of study aims to foster the notion that nursing research is integral to all aspects of nursing theory, education, applications and practice. Students will explore a range of quantitative and qualitative research techniques. This unit will help prepare students for future research activities.

Flexible mode

NUPR 3015 **Health Assessment**

6 credit points. B.N.,UG Study Abroad Program., **Session:** Semester 1.
NB: Offered in the flexible mode.

This unit of study is designed to assist registered nurses to develop an understanding of the principles of health assessment and to further develop skills in history taking and physical examination of clients. The unit of study uses a framework of 'Activities of Daily Living' as they apply to assessment or otherwise of an individual.

LSNU 3005 **Human Biology**

6 credit points. B.N.,UG Study Abroad Program., **Session:** Semester 1.
NB: Offered in the flexible mode.

This unit of study is designed for registered nurses and therefore assumes a familiarity with basic concepts of anatomy and physiology. All major body systems are reviewed, stressing their integration via neuro-hormonal control in the following sequence: physiology of oxygenation, physiology of metabolism and physiology of elimination.

FCHN 3006 **Community Health Nursing**

6 credit points. B.N.,UG Study Abroad Program., **Session:** Semester 1.
NB: Offered in the flexible mode.

This unit examines community health and community health nursing from a primary health care perspective. Topics covered include: community dynamics; determinants of wellness, health breakdown and illness; inequalities in health; nurses role in the provision of comprehensive care in the community; primary, secondary and tertiary prevention and palliation; the 'community profile' as a systematic study of a community; demography and epidemiology in nursing; and specialised areas of community health nursing practice.

CLNU 3015 **Medical/Surgical Nursing 1**

6 credit points. B.N.,UG Study Abroad Program., **Session:** Semester 1.
NB: Offered in the flexible mode.

This unit of study is designed for registered nurses with little or no recent experience in medical-surgical nursing. The four concepts of oxygenation, alimentation and elimination, consciousness and regulation, and protection will be addressed by examining basic problems, nursing principles and skills that may be required by the person experiencing dysfunction in these areas.

FCHN 3005 **Nursing and the Aged**

6 credit points. B.N.,B.N.,B.A.,B.N.,B.Sc.,UG Study Abroad Program., **Session:** Semester 2.
NB: Offered in the flexible mode.

This unit of study deals with the following content areas: patterns of ageing; theories of ageing; societal myths and attitudes related to

ageing; health assessment; multicultural and Aboriginal issues; chronological and/or functional changes of the individual, family and community; role of the nurse in temporary and permanent confusion; reminiscence; validation and reality therapies; sleep disturbance; incontinence and falls in the elderly; influence of government policies on the provision of health care services for the aged; and planning and implementation of nursing interventions for health problems associated with ageing.

CLNU 3013 **Nursing, Knowledge and Practice**

6 credit points. B.N.,UG Study Abroad Program., **Session:** Semester 2.
NB: Offered in the flexible mode.

This unit of study examines the historical background to, and current debates surrounding, the means by which nurses have established their knowledge and practice. In addition to examining the historical record in relation to nursing as a discrete area of knowledge and practice in health care, the unit of study will examine and critique current trends and discourses in nursing and how they impact on understandings of the nature of nursing knowledge and contemporary practice(s).

FCHN 3003 **Nursing, Individuals and Societies**

6 credit points. B.N.,UG Study Abroad Program., **Session:** Semester 1.
NB: Offered in the flexible mode.

This unit of study explores the relationship between nursing and health care practice, individuals and societies with particular reference to human lifestyles, culture, health care policy and economic and social (under)development. The unit of study draws particularly on anthropological, ethnographic, geographic, environmental and planetary issues as they impact on human health and ways in which nursing has responded.

FCHN 3012 **Professional Practice and People**

6 credit points. B.N.,UG Study Abroad Program., **Session:** Semester 2.
NB: Offered in the flexible mode.

This unit of study is based on a theoretical model which acknowledges the person as central to the practice of nursing. Fundamental to the practice of caring in nursing is an understanding of humanism, existentialism and embodiment. Issues related to these theoretical concepts as well as spiritual and cultural influences are taken into account when examining how individuals make meaning of health and illness. Learning experiences allow for reflection upon these ideas and influences, and how they intertwine with and affect nursing and professional relationships. In this context notions of power, aggression, dignity and interpersonal closeness are explored.

BSSN 3012 **Psychiatric and Mental Health Nursing**

6 credit points. B.N.,B.N.,B.A.,UG Study Abroad Program., **Session:** Semester 2.
NB: Offered in the flexible mode.

This unit of study is intended to provide students with a basic introduction to understanding and working in an empathic and effective way with clients experiencing a variety of mental health problems. Although this unit of study recognises that extreme emotional distress is experienced by people in many avenues of life, particular emphasis will be given to those individuals who are likely to be encountered in community and/or inpatient settings. The unit of study will also look at ways to deal with the particular stress and anxiety generated by this work.

FCHN 3013 **Research in Nursing**

6 credit points. B.N.,UG Study Abroad Program., **Session:** Semester 2.
NB: Offered in the flexible mode.

This unit of study aims to foster the notion that nursing research is integral to all aspects of nursing theory, education, applications and practice. Students will explore a range of quantitative and qualitative research techniques. This unit will help prepare students for future research activities.

Weekly attendance

KOCR 3001 **Aboriginal Health**

6 credit points. B.N.,UG Study Abroad Program.,Ms Blanchard and others. **Session:** Semester 1. **Classes:** 3 hours/week. **Assessment:** Tutorial presentation, cultural icon exercise, exhibition.

This unit of study is run by lecturers from the Koori Centre and focuses on the historical and contemporary influences on Aboriginal and Torres Strait Islander health status. The unit of study will provide an understanding of history and policy, Indigenous cultures, health promotion and a general overview of Aboriginal health issues in contemporary society. Aboriginal people will provide contrasting perspectives on the development and delivery of Indigenous health problems which are within dominant culture institutions.

Textbooks

Handbook of readings to be purchased at the beginning of the unit of study.

Bachelor of Nursing (Honours)

CLIN 4010 Clinical Practice Development Honours 1A

12 credit points. B.N.(Hons). **Session:** Semester 1.

NB: Department permission required for enrolment.

This unit of study provides academic and clinical support for students enrolled in the Bachelor of Nursing (Honours). The unit focuses on the clinical practice of nursing as a locus for scholarly inquiry, research and critique. The unit examines responsibilities and practice issues of the clinical environment as these are experienced and conceptualised as a researchable field. The unit also involves a period of supported clinical practice for pre-registration students. Students who are enrolling in this unit as the fourth year of their pre-registration degree, will have a period of supervised clinical experience of 30 days (minimum), in a variety of health care settings. Students who are practising as registered nurses are not required to complete clinical performance requirements.

CLIN 4011 Clinical Practice Development Honours 1B

12 credit points. B.N.(Hons). **Session:** Semester 2. **Prerequisites:** CLIN4010.

NB: Department permission required for enrolment.

This unit of study provides academic and clinical support for students enrolled in the Bachelor of Nursing (Honours). The unit focuses on the clinical practice of nursing as a locus for scholarly inquiry, research and critique. The unit examines responsibilities and practice issues of the clinical environment as these are experienced and conceptualised as a researchable field. The unit also involves a period of supported clinical practice for pre-registration students. Students who are enrolling in this unit as the fourth year of their pre-registration degree, will have a period of supervised clinical experience of 30 days (minimum), in a variety of health care settings. Students who are practising as registered nurses are not required to complete clinical performance requirements.

CLIN 4012 Clinical Practice Development Honours 2A

12 credit points. B.N.(Hons). **Session:** Semester 1. **Prerequisites:** CLIN4011.

NB: Department permission required for enrolment.

This unit of study provides academic and clinical support for students enrolled in the Bachelor of Nursing (Honours). The unit focuses on scholarly inquiry in nursing and the political nature of knowledge generation and review. The unit examines the relationships among knowledge/power and practice - both social and clinical. The unit also involves a period of supported clinical practice for pre-registration students. Students who are enrolling in this unit as the fourth year of their pre-registration degree, will have a period of supervised clinical experience of 30 days (minimum), in a variety of health care settings.

CLIN 4013 Clinical Practice Development Honours 2B

12 credit points. B.N.(Hons). **Session:** Semester 2. **Prerequisites:** CLIN4012.

NB: Department permission required for enrolment.

This unit of study provides academic and clinical support for students enrolled in the Bachelor of Nursing (Honours). The unit focuses on scholarly inquiry in nursing and the political nature of knowledge generation and review. The unit examines the relationships among knowledge/power and practice - both social and clinical. The unit also involves a period of supported clinical practice for pre-registration students. Students who are enrolling in this unit as the fourth year of their pre-registration degree, will have a period of supervised clinical experience of 30 days (minimum), in a variety of health care settings.

Non award units of study

PRDU 1000 Clinical Nursing Experience in Australia

3 credit points. B.N.,Nursing Ndg., **Session:** Semester 1a, Semester 2a, Semester 2b,

Semester 1b.

NB: Full fee paying unit of study

This unit of study will allow students to undertake a supernumerary clinical placement within a chosen area of nursing practice. Students will attend on-campus seminars and workshops for 3 days followed by 4 weeks of clinical experience in hospitals, community health centres or other clinical facilities as required. After completing this unit, students will have enhanced their knowledge of clinical nursing, had an opportunity to apply theory to nursing practice in a selected setting, and experienced nursing in a different professional environment and culture utilising the English language.

PRDU 1001 Nursing Fieldwork in Australia

6 credit points. Nursing Ndg., **Session:** Semester 1a, Semester 1b, Semester 2a, Semester 2b.

This unit will provide students with clinical learning opportunities supported by the development of a negotiated project. Students will attend on campus seminars and workshops followed by a supernumerary placement in a chosen clinical environment. The unit is designed to provide opportunities for students to integrate theoretical

studies with practice experience and to create a depth of understanding in their chosen practice area. Opportunities will be provided for students to experience nursing in a different professional environment and culture utilising the English language.

PRDU 1002 Extended Nursing Fieldwork in Australia

8 credit points. Nursing Ndg., **Session:** Semester 1a, Semester 1b, Semester 2a, Semester 2b.

This unit will provide students with extended clinical learning opportunities supported by the development of a negotiated project. Students will attend on campus seminars and workshops followed by an extended supernumerary experience in an appropriate clinical environment. The unit is designed to provide opportunities for students to integrate theoretical studies with practice experience and to create a depth of understanding in their chosen practice area. Opportunities will be provided for students to experience nursing in a different professional environment and culture utilising the English language.

Bachelor of Health Science (Singapore based)

SING4049/SING4073 Advanced Clinical Studies 1

6 credit points. Semester 1 & Semester 2

NB: Taught by the Faculty of Nursing in Singapore

This unit will examine aspects of nursing practice, with special emphasis on patient/client assessment and the planning of nursing care. The unit utilises a problem-based learning approach through the use of clinical case studies that focus on the nursing management of patients with varying degrees of management and social complexity. Students are expected to apply knowledge and skills encountered in previous units of study in the analysis of the case studies.

SING4050/SING4074 Advanced Clinical Studies 2

6 credit points. Semester 1 & Semester 2

NB: Taught by the Faculty of Nursing in Singapore

This unit will examine aspects of nursing practice, with special emphasis on the pharmacological aspects of patient/client management. The unit utilizes a problem-based learning approach through the use of clinical case studies that focus on the nursing management of patients with varying degrees of management and social complexity. Students may apply knowledge and skills encountered in previous units of study in the analysis of the case studies.

SING4038/SING4062 Health Care Ethics

3 credit points. Semester 1 & Semester 2

NB: Taught by the Faculty of Health Sciences in Singapore

In this module students will be introduced to some major ethical theories and consider ethical issues which are central to the delivery of good health care. Students will be expected to contribute to the case study discussions, and to reflect on the ethical nature of health care practice in general, and their own practice in particular.

SING4063 Legal Perspectives and Health Care

3 credit points. Semester: 1

NB: Taught by the Faculty of Health Sciences in Singapore

The aim of this module is to provide an overview of basic principles of law relating to health care. It involves an examination of the structure and process of law and the legal system, together with a discussion of case law and legislation relevant to health care. It is becoming increasingly important for health professionals to know and understand the legal context within which they live and work, the rights of health consumers and the obligations of health care providers.

SING4041/SING4065 Managing Resource Demands in Health Services

3 credit points. Semester 1 & Semester 2

NB: Taught by the Faculty of Health Sciences in Singapore

This unit has been designed to provide students with an appreciation of their ability, as health professionals, to influence the costs of healthcare. Topics include health economics, accounting, budgeting, goal setting, time management and decision making. The implications

of casemix and other funding systems for patients and health professionals will also be studied.

SING4048/SING4072 Nursing Knowledge and Health Care in Singapore

6 credit points. Semester 1 & Semester 2

NB: Taught by the Faculty of Nursing in Singapore

This unit will provide the student with an overview of the way in which society provides health care for its members. It will explore definitions of health and factors contributing to health and illness. The unit will examine the development and operation of the Singapore health care system, focusing particularly on the role of nursing. The unit will examine the development of nursing knowledge and the way research provides evidence for practice in health care and nursing.

SING4042/SING4066 Pathophysiology A

3 credit points. Semester 1 & Semester 2

NB: Taught by the Faculty of Health Sciences in Singapore

Pathophysiology A examines the pathophysiological processes underlying certain disease conditions. A body systems approach is used, and the major systems covered in this module are the immune system, the cardiovascular system, the renal system and the pulmonary system. A case study approach is used to illustrate the features of disease, the signs and symptoms, risk factors and causative factors. The pathophysiological processes underlying the breakdown of the functional integrity of the system and anomalies that contribute to the disease condition are emphasised. Relevant clinical tests for the diagnosis and monitoring of disease and the treatment rationales are also presented. The relationship between clinical pathways and basic pathophysiological processes will be considered. Where appropriate, the normal structure and functions of the relevant body system are covered.

SING4043/SING4067 Pathophysiology B

3 credit points. Semester 1 & Semester 2

NB: Taught by the Faculty of Health Sciences in Singapore

Pathophysiology B complements Pathophysiology A by further examining the pathophysiological processes underlying disease conditions. In this module the major systems covered are the immune system, the endocrine system, the digestive system and the nervous system. Neoplasia is also a major concept covered within this module. Case studies are used to illustrate the features of disease, the signs and symptoms, risk factors and causative factors. The underlying pathophysiological processes are emphasised. Relevant clinical tests for the diagnosis and monitoring of disease and the treatment rationales are also presented. The relationship between clinical pathways and basic pathophysiological processes will be considered. Where appropriate, the normal structure and functions of the relevant body system are covered.

SING4040/SING4064 Patient/Client Education

3 credit points. Semester 1 & Semester 2

NB: Taught by the Faculty of Health Sciences in Singapore

The primary focus of this unit is to nurture the confidence and skills that will motivate health professionals to undertake teaching in their work environment. Thus the emphasis of the unit is on the teacher as planner and teacher as facilitator of learning. Embedded throughout are the three themes of thinking like a teacher, the learner as active participant and learning as change. Participants are prompted to explore some of the micro skills of teaching and in so doing also come to recognise teaching what is "personally distinctive" about their own style of teaching.

SING4044/SING4068 Research Methods I

3 credit points. Semester 1 & Semester 2

NB: Taught by the Faculty of Health Sciences in Singapore

This subject introduces students to the concept of scientific research by defining the key approaches, methods and designs used in carrying out research, particularly within the health professions and health care settings. It incorporates an outline of the research process which

will guide students through the completion of a simple descriptive study. Students will develop basic skills related to instrument design, data collection and data analysis. SPSS software will be used to facilitate achievement of the objectives.

SING4045/SING4069 Research Methods 2

3 credit points. Semester 1 & Semester 2

NB: Taught by the Faculty of Health Sciences in Singapore

The unit of study (rather than a course = Bachelor of Health Science) examines issues related to research design and how best to analyse and interpret data collected using a variety of experimental and non-experimental designs. Students are given the opportunity to apply the various skills in the conduct of a clinical-focussed group research project.

Graduate research courses and regulations

The following information is a printed version of the information available through Handbooks Online, on the University of Sydney web site. Please visit "<http://www.usyd.edu.au/handbooks/>" for the most current handbooks information.

The Faculty of Nursing and Midwifery offers the following graduate research degrees in nursing.

- Doctor of Philosophy (PhD)
- Master of Philosophy (Nursing) [MPhil (Nurs)]
- Master of Nursing (Honours) [MN (Hons)]

Faculty Resolutions in addition to those listed in this chapter can be found in chapter 9 in Faculty Resolutions Governing Approved Courses.

Doctor of Philosophy

Course code: GB000

Course overview

The degree of Doctor of Philosophy is a research degree awarded for a thesis considered to be a substantially original contribution to knowledge within the discipline. Some coursework may be required as part of the degree but in no case is it a major component.

The course may be undertaken on either a full-time or part-time basis. In the case of full-time candidates, the minimum period of candidature is four semesters for candidates holding a master's degree by research or equivalent, or six semesters in the case of candidates holding a bachelor's degree with first or upper second class honours; the maximum period of candidature for students enrolling in 2003 will normally be eight semesters. For full time students enrolled prior to 2001, the maximum length of candidature will normally be ten semesters.

Part-time candidature may be approved for applicants who can demonstrate they are engaged in an occupation or other activity which leaves them substantially free to pursue their candidature for the course. Normally the minimum period for part-time candidature is six semesters; the maximum period of part-time candidature is normally sixteen semesters.

Candidates for this research degree work individually on advanced study and research under the direction of a supervisor who must be consulted regularly concerning the general planning of the thesis and the work in progress. Candidates are enrolled on a probationary basis for the first full time year, or three semesters for part-time candidates, during which time they are expected to complete a detailed research proposal and literature review. Participation in the Faculty's research student seminar program, including the annual presentation of a seminar is expected.

Admission requirements

- A bachelor's degree with first or second class honours or a master's degree from The University of Sydney; or
- Equivalent qualifications from another university or institution.

Intending applicants should write well in advance for advice from the Associate Dean (Postgraduate) concerning their proposed study and research. Applications are generally made directly to the Faculty and should be accompanied by an outline of the proposed research. Admission also depends upon the capability of the Faculty to provide adequate supervision in the applicant's stated area of research interest. For further information regarding supervision requirements, please consult chapter 2 of this handbook which contains detailed information concerning the research interests of academic staff.

Master of Philosophy (Nursing)

Course code: GC005

Course overview

The Master of Philosophy (Nursing) degree is a research degree awarded for a thesis focusing on research into aspects of nursing practice. Some coursework in research techniques will be required but in no case is this a major component of the degree.

The course may be undertaken on either a full-time or part-time basis. In the case of full-time candidature, the minimum period of candidature is four semesters and the maximum period of candidature is normally six semesters.

Part time candidature may be approved for applicants who can demonstrate they are engaged in an occupation or other activity which leaves them substantially free to pursue their candidature for the course. Normally the minimum period of part-time candidature is six semesters; the maximum period of part-time candidature is normally ten semesters.

Candidates work individually on a research project under the direction of a supervisor who must be consulted regularly concerning the work proposed and the general planning of the thesis. Candidates are enrolled on a probationary basis for the first full time year or equivalent during which time they are expected to complete the coursework component and to develop a detailed research proposal. Participation in the Faculty's research student seminar program including the annual presentation of a seminar is expected.

Admission requirements

- A bachelor's degree in nursing with first or second class honours from The University of Sydney; or
- Equivalent qualifications from another university or institution.
- Current registration with the NSW Nurses Registration Board (local students) or home country (international students); and
- Post-registration clinical experience as specified by the Faculty.

Intending applicants should write well in advance for advice from the Associate Dean (Postgraduate) or relevant Head of Department concerning their proposed study and research.

Admission also depends upon the capability of the Faculty to provide adequate supervision in the applicant's stated area of research interest. Please consult chapter 2 of this handbook which contains detailed information concerning the research interests of Faculty members. Applications are generally made directly to the Faculty and should be accompanied by an outline of the proposed research.

Master of Nursing (Honours)

Course code: GC080

Course overview

The Master of Nursing (Honours) is an additional option for students completing the Master of Nursing. It is envisaged that this option will be used by clinicians with an interest in research work to develop formal and detailed proposals for higher degree study or to conduct in-depth exploration of topics of professional relevance.

Admission requirements

- Students must have qualified for the award of an appropriate graduate course with a Weighted Average Mean (WAM) of 65 or above; or
- Hold qualifications deemed by the Dean to be the equivalents; and
- Current registration with the NSW Nurses Registration Board (local students) or home country (international students); and
- Post-registration clinical experience as specified by the Faculty.

Intending applicants should write well in advance for advice from the Associate Dean (Postgraduate) concerning their proposed study and research.

Admission also depends upon the capability of the Faculty to provide adequate supervision in the applicant's stated area of research interest. Please consult chapter 2 of this handbook that contains detailed information concerning the research interests of Faculty members. Applications are generally made directly to the Faculty and should be accompanied by an outline of the proposed research.

Regulations

Doctor of Philosophy

Resolutions of the Senate

The Senate resolutions governing the award of this degree are available on the Web at www.usyd.edu.au/study/pg-studieshb/indexresearch.html.

Resolutions of the Faculty

The Faculty resolutions governing the award of this degree can be found in Part VI, Division VI, chapter 8 of this handbook.

Master of Philosophy

Resolutions of the Senate

This excerpt of the resolutions governing the award of this degree is from the University's Calendar 2002, Vol. I: Statutes and Regulations.

1. An applicant for admission as a candidate for the degree of Master of Philosophy (Nursing) shall, except as provided in chapter 10 of the by-laws:

- be a graduate of The University of Sydney;
- have, in the opinion of the Faculty, reached a first or second class Honours standard:
 - in the final year of an Honours course for the degree of Bachelor of Nursing; or
 - in a course considered by the Faculty to be equivalent to a course referred to in subparagraph (i); or hold the degree of Bachelor of Nursing of the University without first or second class honours and have completed equivalent work or passed a preliminary examination or examinations as prescribed by the Faculty; or have, in some other manner, acquired a standard of knowledge considered by the Faculty to be equivalent to a first or second class Honours standard in a course referred to in subparagraph (i);
- be registered with the NSW Nurses Registration Board or for international applicants be registered in their own country;
- have such post-registration clinical experience as may be specified by the Faculty.

2. An applicant may be required to undertake preliminary or qualifying studies, and complete such preliminary examinations as the Faculty may prescribe, before admission to candidature.

3. (1) Admission to the degree may be limited by quota.

(2) In determining the quota the University will take into account: (a) availability of resources including space, library, equipment and computing facilities; and

(b) availability of adequate and appropriate supervision.

(3) In considering an application for admission to candidature the Faculty shall take account of the quota and will select in preference applicants who are most meritorious in terms of section 1 above.

4. A candidate may be admitted to proceed on either a full-time basis or a part-time basis.

5. A candidate for the degree shall proceed by research and thesis.

6. The degree shall be awarded in a Pass grade only.

7. Except with the permission of the Faculty and under such special conditions as it may prescribe:

- a full-time candidate shall complete all the requirements for the degree not earlier than the end of the fourth semester of candidature or later than the end of the sixth semester of candidature;
- a part-time candidate shall complete all the requirements for the degree not earlier than the end of the sixth semester of candidature or later than the end of the tenth semester of candidature;

(c) a qualifying student shall not be eligible to be enrolled as a research degree candidate until a period of at least one semester has elapsed from initial enrolment. A qualifying student shall complete the prescribed qualifying program within two years.

8. A candidate who, before admission to candidature, has completed advanced study in a university which includes work considered by the Faculty to be equivalent to courses prescribed for the degree may receive credit towards satisfying the requirements for the degree, provided no more than one-third of the requirements are so met.

9. A candidate shall complete:

(a) the courses prescribed by the Faculty; and

(b) a thesis of a maximum length of 60,000 words in the form prescribed by the Faculty.

10. On the recommendation of the head of department concerned the Faculty shall appoint a supervisor, being a member of the academic staff of the University, and may appoint an appropriately qualified associate supervisor for each candidate, in respect of the thesis component.

11. A candidate is required to complete an annual report on their work to the Faculty each year, and must maintain satisfactory progress.

12. The candidate shall give three months' notice in writing of their intention to submit the thesis to their supervisor who shall so advise the head of the department concerned.

13. On the recommendation of the Head of department concerned the Faculty shall appoint two examiners of the thesis, at least one of whom shall be external to the Faculty.

14. On receipt of the examiners' reports, the Head of department shall report the results of the examination together with a recommendation concerning the award of the degree to the Faculty which shall determine the result.

15. In special cases the Faculty may, on the recommendation of the Head of the department concerned, require the candidate to take a further examination in the area of the thesis.

16. The Faculty may permit an unsuccessful candidate to revise and resubmit the thesis for re-examination if, in the opinion of the head of the department concerned, the candidate's work is of sufficient merit and may prescribe special conditions to be fulfilled by the candidate.

17. The Faculty may call upon any candidate to show cause why that candidature should not be terminated by reason of unsatisfactory progress towards completion of the degree and where, in the opinion of the Faculty, the candidate does not show good cause, terminate the candidature.

Resolutions of the Faculty

The Faculty resolutions governing the award of this degree can be found in Part VI, Division V of the General Faculty Resolutions governing approved courses, found in chapter 8 of this handbook.

Master of Nursing (Honours)

Resolutions of the Senate

1. Admission Requirements

(1) 1 An applicant for admission to candidature for the degree of Master of Nursing (Honours) shall have qualified for the award of an appropriate graduate course with a Weighted Average Mean (WAM) of 65 or above or hold qualifications deemed by the Dean to be the equivalent.

2. Requirements for the Course

(1) 1 To qualify for the award of the degree of Master of Nursing (Honours) a candidate must:

(a) complete successfully units of study totalling 24 credit points, and

(b) satisfy the requirements of all other relevant By-Laws, Rules and Resolutions of the University.

3. Time limits

(1) 1 A candidate for the degree may proceed on either a full-time or part-time basis.

(a) A full-time candidate shall complete the requirements for the degree no later than at the end of the first semester of candidature.

(b) A part-time candidate shall complete the requirements for the degree no later than at the end of the second semester of candidature.

4. Award of the degree

(1) 1 There shall be three classes of Honours awarded, namely Class I, Class II, and Class III and within Class II there shall be two divisions, namely Division I and Division 2.

(2) 2 The class of Honours shall be determined by the weighted marks achieved.

(3) 3 The Honours grade will be reported in percentages and the grades for the award shall be:

Result	Percentage
First Class	80–100
Second Class Division 1	75–79
Second Class Division 2	70–74
Third Class	65–69
Honours not awarded	< 65

Resolutions of the Faculty

Additional Faculty resolutions governing the award of this degree can be found in Part VI, Division III, chapter 8 of this handbook.

1. Admission

(1) 1 Applicants for admission as candidates for the Master of Nursing (Honours) shall:

(a) (i) have qualified for the award of the pass degree of this University with a Weighted Average Mean (WAM) of 65 or above; or (ii) be graduates from other universities who hold qualifications equivalent to those specified in sub section (i); and

(b) be considered by the Dean and Head of Department concerned to have the requisite knowledge and aptitude to enrol in the Honours course; and

(c) (i) be registered or eligible to be registered to practise nursing by the Nurses Registration Board of New South Wales; or (ii) be authorised to practise as a registered nurse in a country other than Australia as approved by the Faculty; and

(d) demonstrate a minimum of one year's post-registration relevant experience as a registered nurse.

Result	Percentage
First Class	80–100
Second Class Division 1	75–79
Second Class Division 2	70–74
Third Class	65–69
Honours not awarded	< 65

(2) 2 Candidates who do not meet the above criteria, may be admitted by the Dean on the advice of the relevant Head of Department and/or Associate Dean (Postgraduate).

2. Requirements for the degree

(1) 1 To qualify for the award of the degree of Master of Nursing (Honours) a candidate must complete successfully an independent study of 24 credit points on a selected topic conducted with the supervision of a member of academic staff appointed by the Head of Department.

3. Award of degree

(1) 1 There shall be three classes of Honours awarded, namely Class I, Class II, and Class III and within Class II there shall be two divisions, namely Division I and Division 2.

(2) 2 The class of Honours shall be determined by the grade achieved in the independent study described in clause 2.1.

(3) 3 The Honours grade will be reported in percentages and the grades for the award shall be:

4. Cross Institutional study

(1) 1 Credit in respect of this degree will not be granted on the basis of work completed at another university or institution as part of a program of cross-institutional study.

5. Restrictions on enrolment

(1) 1 In considering an application for admission to candidature the Faculty will select in preference applicants who are most meritorious in terms of the admission criteria.

(2) 2 The enrolment of candidates in units of study shall be limited by the exigencies of the timetable.

6. Suspension of enrolment

(1) 1 A student who has discontinued candidature or whose candidature is deemed to have lapsed must apply for re-admission in accordance with the current procedures for new applicants to the degree.

7. Re-enrolment after an absence

(1) 1 A student returning after an approved period of suspension may re-enrol in accordance with the current procedures for continuing students.

8. Satisfactory Progress

(1) 1 A student shall be deemed not to have made satisfactory progress, and shall be required to show good cause as to why they should be permitted to re-enrol in the course if they have:

(a) failed more than half of the credit point load undertaken during a semester; or

(b) failed, or discontinued enrolment without permission, in one unit of study twice.

9. Credit Transfer Policy

(1) Credit in respect of this degree will not be granted on the basis of work completed at another university or institution.

Graduate coursework courses and regulations

The following information is a printed version of the information available through Handbooks Online, on the University of Sydney web site. Please visit "<http://www.usyd.edu.au/handbooks/>" for the most current handbooks information.

The Faculty of Nursing and Midwifery offers the following graduate coursework degrees and diplomas:

- Master of Nursing (MN) – HECS and fee paying students. Major areas of study include:
 - Aged Care
 - Clinical Studies
 - Critical Care
 - Health Services – HECS and fee paying students
 - Mental Health
- Master of Midwifery (MMid)
- Graduate Diploma in Midwifery (GradDipMid)
- Graduate Diploma in Nursing (GradDipN) – HECS and fee paying students
- Graduate Certificate in Nursing (GradCertN) – HECS and fee paying students
- Clinical Studies
- Health Services
- Mental Health

Continuing students should refer to the Faculty handbook of their first year of enrolment for information regarding their course.

Regulations

The Senate resolutions governing the award of these degrees are found in the University's Calendar 2002, Vol. I: Statutes and Regulations. The Faculty resolutions governing the award of these degrees are found in this chapter. Faculty Resolutions in addition to those listed in this chapter can be found in chapter 8 in the general Faculty Resolutions governing approved courses.

Master of Nursing

Course code: GC030

This course has been designed to provide an opportunity to study in a recognised clinical specialty. Within the framework of the degree units of study may be selected relevant to practice and professional development needs.

Duration

1year full time, 2 years part time. International students may only study full time.

Course structure

To be awarded the degree of Master of Nursing, you will need to complete:

- Three (3) core units of study
- Three (3) units of study from your chosen major area of study; and
- Two (2) elective units of study selected from the broad range of units on offer within this degree.

Core units of study

The three core units of study are:

- Contemporary Nursing Issues
- History of Ideas in Nursing
- Inquiry in Nursing

The three core units aim to develop your skills in critical analysis, the informed use of research, a deep appreciation of contemporary issues and the history of ideas in nursing. These units will also provide a forum for discussion and development of detailed knowledge of the current debates and trends in nursing.

Major areas of study

A major area of your degree will be comprised of three units of study that together will form a coherent study of an area of specialisation. Recognition of your completion of a major area of study will be given in the naming of your degree on your testamur. Major areas of study available in 2003 will include: Aged Care, Clinical Studies, Critical Care, Mental Health and Health Services. The requirements for each of these are as follows.

Aged Care

The Master of Nursing (Aged Care) degree is designed to provide an opportunity to undertake postgraduate studies with a focus on preparing registered nurses to work in the aged care sector. Within the framework of the degree students will be able to select units of study that are relevant to practice and professional development needs relevant to aged care. Units of study on offer for the specialty Aged Care may be found in the following table:

Unit of study	Credit points
<i>Students must undertake the three (3) following units of study:</i>	
Growing Older in Modern Societies	6
Older Adults with Acute Health Problems	6
Older Adults with Chronic Illness	6

Clinical Studies

Within this major area of study students may select units of study related to their area of clinical interest. Units of study addressing a wide range of clinical issues and areas of specialty practice will be offered.

Students who have undertaken Post-Registration courses from the Sydney Hospital or the Sydney Eye Hospital's Post-Registration courses will be granted up to 12 credit points towards the Master of Nursing (Clinical Studies). Units eligible for credit include Ophthalmology, Infection Control, Alcohol and Other Drugs, Sexual Health and Venereology and HIV Infection and Disease.

Units of study on offer for the specialty Clinical Studies may be found in the following table:

Unit of study	Credit points
<i>Students must undertake three (3) of the following units of study:</i>	
Complex Mental Health Issues and Modernity	6
Emergency Nursing	6
Epidemiology in Nursing	6
Illness Experience and Embodiment	6
Intensive Care: Core Concepts	6
Intensive Care: Integrated Concepts	6
Interpersonal Relations in Clinical Environments	6
Issues in Aboriginal Health and Well-Being	6
Mental Health Assessment and Interventions	6
Nursing Neuroscience Patients	6
Relationship Dynamics in Mental Health	6
Trauma and Resuscitation Nursing	6

Critical Care

Study in this major area prepares beginning critical care nurses for specialty practice. Units of study on offer for the specialty Critical Care may be found in the following table:

Unit of study	Credit points
<i>Students must undertake the three (3) following units of study:</i>	
Critical Care Clinical Experience A	nil
Critical Care Clinical Experience B	nil
Critical Care Nursing	6
<i>Plus one (1) of the following paired groups of units of study:</i>	
Emergency Nursing; AND	6
Trauma and Resuscitation Nursing	6
Intensive Care: Core Concepts; AND	6
Intensive Care: Integrated Concepts	6

During the course students will normally be employed in an approved critical care unit.

Participating hospitals include:

- Concord General Repatriation Hospital
- Liverpool Hospital
- Nepean Hospital
- Prince of Wales and Prince Henry Hospital
- Royal North Shore Hospital
- Royal Prince Alfred Hospital
- St George Private Hospital
- St Vincent's Public and Private Hospital
- Westmead Hospital

Health Services

Study in this major area will provide an opportunity to study in the field of health services delivery, including management, staffing and staff development and performance, clinical education and changes in clinical services. Units of study on offer for the specialty Health Services may be found in the following table:

Unit of study	Credit points
<i>Students must undertake the three (3) following units of study:</i>	
Financing Nursing and Health Services	6
Human Resources Management in Nursing	6
Nursing Services Management in Health	6

Mental Health

The addition of Mental Health as a major area within the existing Master of Nursing degree will provide an avenue for further academic progression for students currently enrolled in the Graduate Certificate in Nursing (Mental Health). It will also provide an option for students to commence their study in a Master of Nursing (Mental Health) rather than the Graduate Certificate level. The Graduate Certificate in Nursing (Mental Health) will articulate with the Master of Nursing as an embedded degree. Units of study on offer for the specialty Mental Health may be found in the following table:

Unit of study	Credit points
<i>Students must undertake three (3) of the following units of study:</i>	
Complex Mental Health Issues and Modernity	6
Interpersonal Relations in Clinical Environments	6
Mental Health Assessment and Interventions	6
Relationship Dynamics in Mental Health	6

Electives

A further two units of study will be selected from the range of electives available within the course. Students will be able to continue working within their major area of study by selecting electives developed in association with that major area or may prefer to broaden their knowledge base by widening their selection to include units associated with other major areas of study on offer within the course.

Unit of study	Credit points
<i>Elective units of study on offer in 2004:</i>	
Complex Mental Health Issues and Modernity	6
Critical Care Nursing	6
Emergency Nursing	6
Epidemiology in Nursing	6
Health Care Ethics	6
Illness Experience and Embodiment	6
Intensive Care: Core Concepts	6
Intensive Care: Integrated Concepts	6
Interpersonal Relations in Clinical Environments	6
Issues in Aboriginal Health and Well-Being	6
Mental Health Assessment and Interventions	6
Nursing Research 4	6
Reading Topic (Clinical Nursing)	6
Reading Topic (Family and Community Nursing)	6
Relationship Dynamics in Mental Health	6
The Well Woman	6
Trauma and Resuscitation Nursing	6

PLUS any units of study offered by The University of Sydney or another institution approved by the Dean for this purpose.

Graduate Certificate in Nursing

Course code: GG000

This course has been designed to provide students with an opportunity to commence their postgraduate studies by designing a course which relates to particular areas of clinical interest. Within the framework of this award students can select units of study relevant to their area of clinical practice or take the opportunity to extend their areas of clinical interest. Units of study completed within this award will be granted full credit should students make the decision to continue their studies and enrol in the Master of Nursing degree.

Duration

One semester full time, one year part time. International students may only study full time.

Graduate Certificate in Nursing (Clinical Studies)

To be awarded the Graduate Certificate in Nursing (Clinical Studies), you will need to complete a total of four (4) units of study. These include:

- One (1) core unit of study
- Two (2) units of study from the Clinical Studies major area of study (Refer to the Master of Nursing list of units of study for Clinical Studies); and
- One (1) elective unit of study selected from the broad range of units on offer within this award (refer to Master of Nursing list of units of study).

Unit of study	Credit points
<i>Students must undertake at least one (1) of the following core units:</i>	
Contemporary Nursing Issues	6
History of Ideas in Nursing	6
Inquiry in Nursing	6

The core units aim to develop your skills in critical analysis, information technology and the informed use of research, these units will also provide a forum for discussion and development of detailed knowledge of the current debates and trends in nursing.

Graduate Certificate in Nursing (Health Services)

To be awarded the Graduate Certificate in Nursing (Health Services) you will need to complete:

- Three (3) units of study from your major area of study; and
- One (1) elective unit of study selected from the broad range of units on offer within this award (refer to Master of Nursing list of units of study).

Unit of study	Credit points
<i>Students must undertake the three (3) following units of study:</i>	
Financing Nursing and Health Services	6
Human Resources Management in Nursing	6
Nursing Services Management in Health	6

Graduate Certificate in Nursing (Mental Health)

To be awarded the Graduate Certificate in Nursing (Mental Health), you will need to complete:

- Three (3) units of study from your major area of study; and
- One (1) elective unit of study selected from the broad range of units on offer within this award (refer to Master of Nursing list of units of study).

Unit of study	Credit points
<i>Students must undertake three (3) of the following units of study:</i>	
Complex Mental Health Issues and Modernity	6
Interpersonal Relations in Clinical Environments	6
Mental Health Assessment and Interventions	6
Relationship Dynamics in Mental Health	6

Master of Midwifery

Course code: GC031

The Master of Midwifery (MMid) is an embedded degree and will require completion of a further two (2) units of study equaling 12 credit points (chosen from the table of units available) if the applicant holds a Graduate Diploma of Midwifery from The University of Sydney. The total credit point value for the award Master of Midwifery will be 48 (Graduate Diploma in Midwifery = 36 + 12 credit points for the MMid.). Applicants who hold the equivalent of the Graduate Diploma in Midwifery from another tertiary institution will be required to complete four (4) units of study chosen from the table of units available. This equals 24 credit points (maximum advanced standing into the Master of Midwifery at The University of Sydney is 24 credit points therefore the total for the degree is 48).

Admission requirements

An applicant for admission to candidature for the degree of Master of Midwifery shall:

- hold a Graduate Diploma in Midwifery from The University of Sydney; or hold qualifications deemed by the Dean to be the equivalent; and
- have completed any additional requirements at a standard acceptable to the Faculty as set out in the Resolutions of the Faculty; and
- be registered as a midwife with the Nurses Registration Board of NSW.

Duration

One semester part time for applicants who hold a Graduate Diploma of Midwifery from The University of Sydney.

Two semesters part time for applicants who hold a Graduate Diploma in Midwifery from another tertiary institution.

Unit of study	Credit points
<i>Students who qualify under Master of Midwifery Faculty Resolution 2.1 (a) must undertake two (2) of the following units of study:</i>	
Contemporary Issues in Midwifery	6
History of Ideas in Midwifery	6
Inquiry in Midwifery	6
Midwifery Reading Topic	6
Any elective on offer	
<i>Students who qualify under Master of Midwifery Faculty Resolution 2.1 (b) must undertake four (4) of the following units of study:</i>	
Contemporary Issues in Midwifery	6
History of Ideas in Midwifery	6
Inquiry in Midwifery	6
Midwifery Reading Topic	6
Any elective on offer	

Graduate Diploma in Midwifery

Course code: GF010

This course provides specialty education for registered nurses in midwifery. Graduates of the course will be eligible to obtain an authorisation to practise Midwifery issued by the Nurses Registration Board of New South Wales.

The course is 1.5 years part time (3 semesters), with students employed full time in an approved midwifery unit in particular hospitals during the second and third semesters of the course. The hospitals involved in 2002 will be: King George V Memorial Hospital for Mothers and Babies; The Royal Hospital for Women; Auburn Hospital; Bankstown Hospital; Liverpool Hospital; Westmead Hospital; Royal North Shore; Ryde; Hornsby; Manly and Mona Vale.

During the clinical component of the course students will be employees of one of these hospitals and selection into the course is contingent upon meeting the hospitals' appointment criteria as well as the University's selection criteria for graduate study in this course.

Admission requirements

An applicant for admission to candidature for the Graduate Diploma in Midwifery shall:

- hold the degree of Bachelor of Nursing from The University of Sydney or hold qualifications deemed by the Dean to be the equivalent;
- be able to demonstrate to the Faculty that she or he has guaranteed employment in an approved midwifery institution for the second and third semesters of the course, that is, for a minimum of 47 weeks;
- be registered with the Nurses Registration Board of NSW; and
- have completed any additional requirements at a standard acceptable to the Faculty as set out in the Resolutions of the Faculty.

Duration

5years part time (3 semesters).

Course structure

Unit of study	Credit points
<i>Students must undertake the eight (8) following units of study:</i>	
Year 1 Semester 1	
Childbearing in Context	6
Foundations of Midwifery	6
Year 1 Semester 2	
Inquiry in Midwifery	6
Midwifery in Complex Situations A	6
Midwifery Experience A	0
Year 2 Semester 1	
Childbearing in Contemporary Society	6
Midwifery Experience B	0
Midwifery in Complex Situations B	6

Regulations

Master of Nursing
Resolutions of the Senate

These Resolutions must be read in conjunction with The University of Sydney (Coursework) Rule 2000 and the relevant Faculty Resolutions.

1. Admission requirements

An applicant for admission to candidature for the degree of Master of Nursing shall:

- hold the degree of Bachelor of Nursing, of The University of Sydney, or hold qualifications deemed by the Dean to be the equivalent; and
- have completed any additional requirements at a standard acceptable to the Faculty as set out in the Resolutions of the Faculty.

2. Requirements for the Course

To qualify for the award of the degree of Master of Nursing, a candidate must:

- complete successfully units of study totalling 48 credit points; and
- complete successfully such clinical and/or field experience requirements as designated by the Faculty; and
- satisfy the requirements of all other relevant By-Laws, Rules and Resolutions of the University.

3. Time limits

A candidate for the degree may proceed on either a full-time or part-time basis.

- A full-time candidate shall complete the requirements for the degree no later than at the end of the sixth semester of candidature.
- A part-time candidate shall complete the requirements for the degree no later than at the end of the tenth semester of candidature.
- All candidates must complete the requirements for the degree within five calendar years of first enrolment.

4. Award of the degree

- The degree shall be awarded in one grade only, namely the Pass degree
- An outstanding candidate in the Pass degree may be admitted to the degree with merit.

(3)Specialisation

The degree may be taken in the following major areas of study, which will be specified on the testamur:

- Aged Care
- Clinical Studies
- Critical Care
- Health Services
- Mental Health
- Nursing Humanities and Healing
- Rural and Remote
- Urban Health.

Resolutions of the Faculty

These resolutions must be read in conjunction with The University of Sydney (Coursework) Rule 2000 and the Resolutions of the Senate relating to the Course

1. Admission

(1) Applicants for admission as candidates for the Master of Nursing shall:

- (a) (i) be graduates of The University of Sydney holding the degree of Bachelor of Nursing or any other equivalent award of The University of Sydney; or
 - (ii) be candidates who have completed requirements for the Graduate Diploma in Nursing or equivalent; or
 - (iii) be candidates who have completed requirements for the Graduate Certificate in Nursing or equivalent; or
 - (iv) be graduates of this or other universities or other appropriate institutions who hold qualifications equivalent to those specified in subsection (i), (ii) or (iii); and
- (b) (i) be registered or eligible to be registered to practise nursing by the Nurses Registration Board of New South Wales; or
- (ii) be authorised to practise as a registered nurse in a country other than Australia as approved by the Faculty; and
- (c) demonstrate a minimum of one year's post-registration relevant experience as a registered nurse.
- (2) Candidates who do not meet the above criteria, may be admitted by the Dean on the advice of the relevant Head of Department and/or Associate Dean.

2. Requirements for the degree

(1) To qualify for the award of the degree of Master of Nursing, a candidate shall complete successfully:

(a) units of study having a total value of 48 credit points including:

- (i) 18 credit points of compulsory study;
 - (ii) 18 credit points in a major area of study as prescribed from time to time in the table of units;
 - (iii) 12 credit points selected from available units of study; and
- (b) such clinical and field experiences as the Faculty may prescribe.

(2) To qualify for the award of the degree leading to accreditation as a nurse practitioner, students shall complete satisfactorily such compulsory units of study as the Faculty may prescribe, in addition to completing the requirements of 2.1 (a)(i) and (ii) and (b) above at a level prescribed by the Faculty.

3. Units of study

Table of units for the Master of Nursing, Graduate Diploma in Nursing and Graduate Certificate in Nursing are as shown in individual course outlines.

4. Combined courses and specially designated streams

The degree may be taken in the following major areas of study, which will be specified on the testamur:

- (a) Aged Care
- (b) Clinical Studies
- (c) Critical Care
- (d) Health Services
- (e) Mental Health
- (f) Nursing Humanities and Healing
- (g) Rural and Remote
- (h) Urban Health.

5. Award of degree

(1) All students who qualify for the award of a Pass degree with a Weighted Average Mean (WAM) of 75 or above will be awarded their degree with merit.

(2) A bronze medal may be awarded to the one student in a graduating cohort who secures the most distinguished record of achievement throughout the course and also shows outstanding merit by achieving a grade of Distinction in all units of study undertaken during the course.

6. Transition (from Master of Nursing resolutions prior to 2001)

On completion of 48 credit points (8 units of study) in the existing Master of Nursing course students will be offered the option of (transferring to the Master of Nursing (2001 Resolutions) and completing a further 12 credit points (2 units of study, at least one of which will be a compulsory unit) of the new course.

Completion of these units of study will replace the 24 credit points previously gained from enrolment in either Clinical Project A and B or Dissertation as prescribed in the pre-2001 Master of Nursing. This offer will remain in place until 31 December 2003.

7. Details of units of study

Please see relevant pages in handbook.

8. Cross Institutional study

Credit granted on the basis of work completed at another university or institution as part of a program of cross-institutional study may not exceed 24 credit points.

9. Restrictions on enrolment

(1) In considering an application for admission to candidature the Faculty will select in preference applicants who are most meritorious in terms of the admission criteria.

(2) The enrolment of candidates in units of study shall be limited by the exigencies of the timetable.

The applicant must demonstrate, to the satisfaction of the Faculty, that during the candidature the student will be able to complete clinical and field experience required for the course.

10. Suspension of enrolment

A student who has discontinued candidature or whose candidature is deemed to have lapsed must apply for re-admission in accordance with the current procedures for new applicants to the degree.

11. Re-enrolment after an absence

A student returning after an approved period of suspension may re-enrol in accordance with the current procedures for continuing students.

12. Satisfactory progress

(1) A student shall be deemed not to have made satisfactory progress, and shall be required to show good cause as to why they should be permitted to re-enrol in the course, if they have:

- (a) failed more than half of the credit point load undertaken during a semester; or
- (b) failed, or discontinued enrolment without permission, in one unit of study twice.

(2) A student who is deemed to be unsatisfactory at any time during clinical experience may have their clinical experience terminated and shall be required to show good cause as to why they should be permitted to re-enrol in the course.

13. Credit Transfer Policy

(1) Credit granted on the basis of work completed or prior learning in another course at this University or at another university may not exceed 24 credit points.

(2) Credit granted on the basis of work completed in the Graduate Certificate in Nursing of this University which articulates with this degree may not exceed 24 credit points.

(3) Credit granted on the basis of work completed in the Graduate Diploma in Nursing of this University which articulates with this degree may not exceed 36 credit points.

(4) Credit granted on the basis of work completed at an institution other than a university may not exceed 18 credit points.

(5) Credit will not be granted for any units of study which were completed more than nine years before admission or re-admission to candidature.

Graduate Diploma in Nursing

Resolutions of the Senate

These Resolutions must be read in conjunction with The University of Sydney (Postgraduate Coursework Courses) Rule and the relevant Faculty Resolutions.

1. Admission Requirements

An applicant for admission to candidature for the Graduate Diploma in Nursing shall:

- (a) hold the degree of Bachelor of Nursing of The University of Sydney or hold qualifications deemed by the Dean to be the equivalent; and
- (b) have completed any additional requirements at a standard acceptable to the Faculty as set out in the Resolutions of the Faculty.

2. Requirements for the Graduate Diploma

To qualify for the award of the Graduate Diploma in Nursing, a candidate must:

- (a) complete successfully units of study totalling 36 credit points; and
- (b) complete successfully such clinical and/or field experience requirements as designated by the Faculty; and
- (c) satisfy the requirements of all other relevant By-Laws, Rules and Resolutions of the University.

3. Time limits

A candidate for the graduate diploma may proceed on either a full-time or part-time basis.

- (a) A full-time candidate shall complete the requirements for the graduate diploma no later than at the end of the fourth semester of candidature.
- (b) A part-time candidate shall complete the requirements for the graduate diploma no later than at the end of the sixth semester of candidature.
- (c) All candidates must complete the requirements for the graduate diploma within four calendar years of first enrolment.

4. Award of the Graduate Diploma

- (1) The graduate diploma shall be awarded in one grade only, namely pass.

(2) Specialisation

The graduate diploma may be taken in the following major areas of study which will be specified on the testamur:

- (a) Aged Care
- (b) Clinical Studies
- (c) Health Services
- (d) Mental Health
- (e) Nursing Humanities and Healing
- (f) Rural and Remote
- (g) Urban Health

Resolutions of the Faculty

These resolutions must be read in conjunction with The University of Sydney (Coursework) Rule 2000 and the Resolutions of the Senate relating to the course.

1. Admission

(1) Applicants for admission as candidates for the Graduate Diploma in Nursing shall:

- (i) be graduates of The University of Sydney holding the degree of Bachelor of Nursing or any other equivalent award of The University of Sydney; or
- (ii) be candidates who have completed requirements for the Graduate Certificate in Nursing or equivalent; or
- (iii) be graduates of this or other universities or institutions who hold qualifications equivalent to those specified in subsection (i) and (ii); and
- (b) (i) be registered or eligible to be registered to practise nursing by the NSW Nurses Registration Board; or
- (ii) be authorised to practise as a registered nurse in a country other than Australia as approved by the Faculty; and
- (c) demonstrate a minimum of one year's post-registration relevant experience as a registered nurse.

(2) Candidates who do not meet the above criteria, may be admitted by the Dean on the advice of the relevant Head of Department and/or Associate Dean.

2. Requirements for the degree

To qualify for the award of the Graduate Diploma in Nursing, a candidate shall complete successfully:

- (a) units of study having a total value of 36 credit points including:
 - (i) 12 credit points of compulsory study;
 - (ii) 18 credit points in a major area of study as prescribed from time to time in the table of units;
 - (iii) 6 credit points selected from available units of study; and
- (b) complete successfully such clinical experience requirements as the Faculty may prescribe.

3. Units of study

As for the Master of Nursing.

4. Combined courses and specially designated streams

The graduate diploma may be taken in the following areas of study, which will be specified on the testamur:

- (a) Aged Care
- (b) Clinical Studies
- (c) Health Services
- (d) Mental Health
- (e) Nursing Humanities and Healing
- (f) Rural and Remote
- (g) Urban Health.

5. Details of units of study

As for the Master of Nursing (see relevant pages in handbook).

6. Cross Institutional study

Credit granted on the basis of work completed at another university or institution as part of a program of cross-institutional study may not exceed 18 credit points.

7. Restrictions on enrolment

- (1) In considering an application for admission to candidature the Faculty will select in preference applicants who are most meritorious in terms of the admission criteria.
- (2) The enrolment of candidates in units of study shall be limited by the exigencies of the timetable.
- (3) The applicant must demonstrate, to the satisfaction of the Faculty, that during the candidature the student will be able to complete clinical and field experience required for the course.

8. Suspension of enrolment

A student who has discontinued candidature or whose candidature is deemed to have lapsed must apply for re-admission in accordance with the current procedures for new applicants to the degree.

9. Re-enrolment after an absence

A student returning after an approved period of suspension may re-enrol in accordance with the current procedures for continuing students.

10. Satisfactory progress

- (1) A student shall be deemed not to have made satisfactory progress, and shall be required to show good cause as to why they should be permitted to re-enrol in the course if they have:

- (a) failed more than half of the credit point load undertaken during a semester; or
- (b) failed, or discontinued enrolment without permission, in one unit of study twice.
- (2) A student who is deemed to be unsatisfactory at any time during clinical experience may have their clinical experience terminated and shall be required to show good cause as to why they should be permitted to re-enrol in the course.
- 11. Credit Transfer Policy
- (1) Credit granted on the basis of work completed or prior learning in another course at this University or at another university may not exceed 18 credit points.
- (2) Credit granted on the basis of work completed in the Graduate Certificate in Nursing of this University which articulates with this degree may not exceed 24 credit points.
- (3) Credit granted on the basis of work completed at an institution other than a university may not exceed 12 credit points.
- (4) Credit will not be granted for any units of study which were completed more than nine years before admission or re-admission to candidature.
- Graduate Certificate in Nursing
- Resolutions of the Senate
- These Resolutions must be read in conjunction with The University of Sydney (Coursework) Rule 2000 and the relevant Faculty Resolutions.
- 1. Admission requirements
- An applicant for admission to candidature for the Graduate Certificate in Nursing shall:
- (a) be a graduate of The University of Sydney or hold qualifications deemed by the Dean to be the equivalent or furnish evidence which satisfies the Dean that he or she is qualified to undertake and complete successfully the prescribed units of study; and
- (b) have completed any additional requirements at a standard acceptable to the Faculty as set out in the Resolutions of the Faculty.
- 2. Requirements for the Graduate Certificate
- (1) To qualify for the award of the Graduate Certificate in Nursing, a candidate must:
- (a) complete successfully units of study totalling 24 credit points; and
- (b) complete successfully such clinical and/or field experience requirements as designated by the Faculty; and
- (c) satisfy the requirements of all other relevant By-Laws, Rules and Resolutions of the University.
- (2) A candidate who holds a graduate qualification in Nursing may be permitted by the Dean to undertake study leading to the award of a Graduate Certificate in Nursing by completing a minimum of 12 credit points.
- 3. Time limits
- A candidate for the graduate certificate may proceed on either a full-time or part-time basis.
- (a) a full-time candidate shall complete the requirements for the graduate certificate no later than at the end of the third semester of candidature.
- (b) a part-time candidate shall complete the requirements for the graduate certificate no later than at the end of the sixth semester of candidature.
- (c) all candidates must complete the requirements for the graduate certificate within three calendar years of first enrolment.
- 4. Award of the Graduate Certificate
- (1) The graduate certificate shall be awarded in one grade only, namely pass.
- (2) Specialisation
- The Graduate Certificate may be taken in the following major areas of study, which will be specified on the testamur:
- (a) Clinical Studies
- (b) Health Services
- (c) Mental Health
- Students wishing to undertake a graduate certificate in another specialisation may only do so:
- (a) at the discretion of the Dean; and
- (b) providing they have a substantial and relevant background with appropriate prior qualifications.
- Resolutions of the Faculty
- (These resolutions must be read in conjunction with The University of Sydney Postgraduate Coursework Courses Rule and the Resolutions of the Senate relating to the Course).
- 1. Admission
- (1) Applicants for admission as candidates for the Graduate Certificate in Nursing shall:
- (a) be graduates of The University of Sydney holding the degree of Bachelor of Nursing or any other equivalent award of The University of Sydney; or
- (b) be graduates of this or other universities or institutions who hold qualifications equivalent to those specified in subsection (a).
- (2) Applicants for admission as candidates for the Graduate Certificate in Nursing shall:
- (a) be registered or eligible to be registered to practise nursing by the Nurses Registration Board of New South Wales, or
- (b) be authorised to practise as a registered nurse in a country other than Australia as approved by the Faculty; and
- (c) demonstrate a minimum of one year's post-registration relevant clinical experience as a registered nurse. This is NOT applicable for the Mental Health major area of study.
- (3) Candidates who do not meet the above criteria, may be admitted by the Dean on the advice of the relevant Head of Department and/or Associate Dean
- 2. Requirements for the degree
- (1) To qualify for the award of the Graduate Certificate in Nursing (Clinical Studies), a candidate shall complete successfully:
- (a) units of study having a total value of 24 credit points including at least:
 - (i) 6 credit points of compulsory study;
 - (ii) 12 credit points in a major area of study as prescribed from time to time in the table of units;
 - (iii) 6 credit points selected from available units of study; and
- (b) complete successfully such clinical experience requirements as determined by the Faculty.
- (2) To qualify for the award of the Graduate Certificate in Nursing (Health Services) OR the Graduate Certificate in Nursing (Mental Health) a candidate shall complete successfully:
- (a) units of study having a total value of 24 credit points including at least:
 - (i) 18 credit points in a major area of study as prescribed from time to time in the table of units
 - (ii) 6 credit points selected from available units of study; and
- (b) complete successfully such clinical experience requirements as determined by the Faculty.
- 3. Units of study
- Tables of units. Please see relevant pages in the handbook.
- 4. Details of units of study
- Please see relevant pages in the handbook.
- 5. Cross Institutional study
- Credit granted on the basis of work completed at another university or institution as part of a program of cross-institutional study may not exceed 12 credit points.
- 6. Restrictions on enrolment
- (1) In considering an application for admission to candidature the Faculty will select in preference applicants who are most meritorious in terms of the admission criteria.
- (2) The enrolment of candidates in units of study shall be limited by the exigencies of the timetable.

(3) The applicant must demonstrate, to the satisfaction of the Faculty, that during the candidature the student will be able to complete clinical and field experience required for the course.

7. Discontinuation of enrolment

As stated in University of Sydney (Coursework) Rule 2000.

8. Suspension of enrolment - faculty procedures for readmission

A student who has discontinued candidature or whose candidature is deemed to have lapsed must apply for re-admission in accordance with the current procedures for new applicants to the degree.

9. Re-enrolment after an absence

A student returning after an approved period of suspension may re-enrol in accordance with the current procedures for continuing students.

10. Satisfactory Progress - pursuant to Senate Rules

(1) A student shall be deemed not to have made satisfactory progress, and shall be required to show good cause as to why they should be permitted to re-enrol in the course if they have:

- (a) failed more than half of the credit point load undertaken during a semester; or
- (b) failed, or discontinued enrolment without permission, in one unit of study twice.

(2) A student who is deemed to be unsatisfactory at any time during clinical experience may have their clinical experience terminated and shall be required to show good cause as to why they should be permitted to re-enrol in the course.

11. Assessment Policy

As stated in University of Sydney (Coursework) Rule 2000.

12. Credit Transfer Policy - in accordance with Senate Rules

(1) Credit granted on the basis of work completed or prior learning in another course at this University or at another university may not exceed 12 credit points.

(2) Credit granted on the basis of work completed at an institution other than a university may not exceed 8 credit points.

(3) Credit will not be granted for any units of study which were completed more than nine years before admission or re-admission to candidature.

Master of Midwifery

Resolutions of the Senate

These Resolutions must be read in conjunction with The University of Sydney (Coursework) Rule 2000 and the Resolutions of the Faculty of Nursing.

1. Admission requirements

(1) An applicant for admission to candidature for the degree of Master of Midwifery shall:

(a) hold a Graduate Diploma in Midwifery from The University of Sydney; or hold qualifications deemed by the Dean to be the equivalent; and

(b) have completed any additional requirements at a standard acceptable to the Faculty as set out in the Resolutions of the Faculty; and

(c) be registered as a midwife with the Nurses Registration Board of NSW.

2. Requirements for the course

(1) To qualify for the award of the degree of Master of Midwifery, a candidate who holds a Graduate Diploma in Midwifery from the embedded degree at The University of Sydney must:

- (a) complete successfully units of study totaling 12 credit points; and
- (b) satisfy the requirements of all other relevant By-Laws, rules and Resolutions of the University

(2) A candidate who holds a Graduate Diploma in Midwifery from another tertiary institution must:

- (a) complete successfully units of study totaling 24 credit points; and
- (b) satisfy the requirements of all other relevant By-Laws, rules and Resolutions of the University.

3. Time limits

(1) A candidate who holds a Graduate Diploma in Midwifery from The University of Sydney embedded degree may proceed only on a part-time basis and shall complete the requirements for the degree no later than at the end of the second semester of candidature

(2) A candidate who holds a Graduate Diploma in Midwifery from another tertiary institution may proceed on either a part-time or full-time basis and shall complete the requirements for the degree no later than at the end of the fourth semester of candidature

4. Award of the degree

(1) The degree shall be awarded in one grade only, namely the Pass degree.

(2) An outstanding candidate in the Pass degree may be admitted to the degree with merit.

Resolutions of the Faculty

These Resolutions must be read in conjunction with The University of Sydney (Coursework) Rule 2000 and the Resolutions of the Faculty of Nursing.

1. Admission

Candidates who do not meet the admission criteria set out in the Resolutions of the Senate for the Master of Midwifery may be admitted by the Dean on the advice of the relevant Head of Department and/or Associate Dean.

2. Requirements for the degree

(1) A candidate for the degree shall proceed by coursework. To qualify for the award of the degree of Master of Midwifery:

(a) a candidate who holds a Graduate Diploma in Midwifery from the embedded degree at The University of Sydney shall complete successfully two (2) units of study (selected from the five (5) in the table of units of study) having a total value of 12 credit points; or

(b) a candidate who holds a Graduate Diploma in Midwifery from another tertiary institution shall complete successfully four (4) units of study (selected from the five (5) in the table of units of study) having a total value of 24 credit points.

3. Units of study

As described in the course outline.

4. Award of the degree

All students who qualify for the award of a Pass degree with a Weighted Average Mean (WAM) of 80 or above will be awarded the degree with merit.

5. Transition

(1) On completion of 48 credit points (8 units of study) in the existing Graduate Diploma in Midwifery course, students will be offered the option of admission to the Master of Midwifery with 36 credit points of advanced standing and under the (2002 Resolutions) a further 12 credit points (2 units of study). Upon completion of these units of study the student will have satisfied the requirements of the Master of Nursing degree award.

(2) Completion of these units of study will replace the 24 credit points previously gained from enrolment in Clinical Project/ Dissertation as prescribed in the pre-2002 Master of Midwifery. This offer will remain in place until 31 December 2003.

6. Details of units of study

Attached as Appendix: unit of study descriptions.

7. Cross-institutional study

No credit will be granted in the Master of Midwifery. Advanced standing for a Graduate Diploma in Midwifery completed at another university may not exceed 24 credit points.

8. Restrictions on enrolment

(1) In considering an application for admission to candidature the Faculty will select in preference applicants who are most meritorious in terms of the admission criteria.

(2) The enrolment of candidates in units of study shall be limited by the exigencies of the timetable.

9. Suspension of enrolment

A student who has discontinued candidature or whose candidature is deemed to have lapsed must apply for re-admission in accordance with the current procedures for new applicants to the degree.

10. Re-enrolment after an absence

A student returning after an approved period of suspension may re-enrol in accordance with the current procedures for continuing students.

11. Satisfactory Progress

A student shall be deemed not to have made satisfactory progress, and shall be required to show good cause as to why they should be permitted to re-enrol in the course, if they have:

- (a) failed more than half of the credit point load undertaken during a semester; or
- (b) failed, or discontinued enrolment without permission, in one unit of study twice.

12. Credit Transfer Policy

Credit will not be granted for any units of study within the Master of Midwifery degree.

Graduate Diploma in Midwifery

Resolutions of the Senate

These Resolutions must be read in conjunction with The University of Sydney (Coursework) Rule 2000 and the Resolutions of the Faculty of Nursing.

1. Admission requirements

An applicant for admission to candidature for the Graduate Diploma in Midwifery shall:

- (a) hold the degree of Bachelor of Nursing from The University of Sydney or hold qualifications deemed by the Dean to be the equivalent;
- (b) be able to demonstrate to the Faculty that she or he has guaranteed employment in an approved midwifery institution for the second and third semesters of the course, that is, for a minimum of 47 weeks;
- (c) be registered with the Nurses Registration Board of NSW; and
- (d) have completed any additional requirements at a standard acceptable to the Faculty as set out in the Resolutions of the Faculty.

2. Requirements for the Graduate Diploma

To qualify for the award of the Graduate Diploma in Midwifery, a candidate must:

- (a) complete successfully units of study totalling 36 credit points; and
- (b) complete successfully such clinical and/or field experience requirements as designated by the Faculty; and
- (c) satisfy the requirements of all other relevant By-Laws, Rules and Resolutions of the University.

3. Time limits

A candidate for the graduate diploma may proceed only on a part-time basis and must:

- (a) complete the requirements for the degree no earlier than at the end of the third semester of candidature;
- (b) complete the requirements for the degree no later than at the end of the sixth semester of candidature, except with the permission of the faculty where circumstances are deemed to be exceptional.

4. Award of the Graduate Diploma

- (1) The degree shall be awarded in one grade only, namely the Pass degree.
- (2) All students who qualify for the award of a Pass degree with a Weighted Average Mean (WAM) of 75 or above will be awarded the degree with merit.

Resolutions of the Faculty

These Resolutions must be read in conjunction with The University of Sydney (Coursework) Rule 2000 and the Resolutions of the Faculty of Nursing.

1. Admission

(1) Applicants for admission as candidates for the Graduate Diploma in Midwifery shall:

- (a) hold the degree of Bachelor of Nursing from The University of Sydney or an equivalent qualification
- (b) be registered or eligible to be registered to practise nursing by the Nurses Registration Board of NSW

(2) Candidates who do not meet the above criteria, may be admitted by the Dean on the advice of the relevant Head of Department and/or Associate Dean.

2. Requirements for the degree

To qualify for the award of the Graduate Diploma in Midwifery, a candidate shall complete successfully:

- (a) units of study having a total value of 36 credit points; and
- (b) complete successfully such clinical experience requirements as the Faculty may prescribe.

3. Units of study

As described in the course outline.

4. Details of units of study

As set out in the handbook.

5. Cross Institutional study

Credit granted on the basis of work completed at another university or institution as part of a program of cross-institutional study may not exceed 18 credit points.

6. Restrictions on enrolment

(1) In considering an application for admission to candidature the Faculty will select in preference applicants who are most meritorious in terms of the admission criteria.

(2) The enrolment of candidates in units of study shall be limited by the exigencies of the timetable.

(3) The applicant must demonstrate, to the satisfaction of the Faculty, that during the candidature the student will be able to complete clinical and field experience required for the course.

7. Suspension of enrolment

A student who has discontinued candidature or whose candidature is deemed to have lapsed must apply for re-admission in accordance with the current procedures for new applicants to the degree.

8. Re-enrolment after an absence

A student returning after an approved period of suspension may re-enrol in accordance with the current procedures for continuing students.

9. Satisfactory Progress

(1) A student shall be deemed not to have made satisfactory progress, and shall be required to show good cause as to why they should be permitted to re-enrol in the course if they have:

- (a) failed more than half of the credit point load undertaken during a semester; or
- (b) failed, or discontinued enrolment without permission, in one unit of study twice.

(2) A student who is deemed to be unsatisfactory at any time during clinical experience may have their clinical experience terminated and shall be required to show good cause as to why they should be permitted to re-enrol in the course.

10. Credit Transfer Policy

(1) Credit granted on the basis of work completed or prior learning in another course at this University or at another university may not exceed 18 credit points.

(2) Credit will not be granted for any units of study which were completed more than nine years before admission or re-admission to candidature.

University of Sydney (Coursework) Rule 2000

The University of Sydney (Coursework) Rule 2000 containing the rules relating to the coursework degrees of the University can be found in the University Coursework Rule section of this book.

Graduate units of study

The following information is a printed version of the information available through Handbooks Online, on the University of Sydney web site. Please visit "<http://www.usyd.edu.au/handbooks/>" for the most current handbooks information.

Distance education

FCNU 5057 **Complex Mental Health Issues & Modernity**

6 credit points. Grad.Cert.N.,M.N.,. **Session:** Semester 2.

NB: Offered by distance education only.

More people are manifesting what have broadly been called "disorders of the self" and their individual distress, in part, reflects the (dis)ease generated by complex social, economic and cultural factors. Particular attention will be focused on substance abuse across society, dual diagnosis, mental health care and the problems of juveniles and adults in corrective settings, personality disorders, the changing nature and function of sexuality, and perceptions of the body.

FCNU 5052 **Contemporary Nursing Issues**

6 credit points. M.N.,. **Session:** Semester 1.

NB: Offered by distance education only.

This unit of study encourages critical reflection on the context within which nursing operates, from a local, national and international perspective. Students will evaluate and analyse the influence on their nursing life of social, political, educational change, scientific and technological advances and legal, professional and ethical guidelines. The unit will have a dynamic focus so that issues affecting nursing in the present are assessed critically.

CLIN 5035 **Financing Nursing and Health Services**

6 credit points. Grad.Cert.N.,M.N.,.PG Coursework Exchange,. **Session:** Semester 2.

NB: Offered by distance education only.

This unit of study explores the resource issues impacting on the provision of nursing and health services. This unit requires a critical examination of the resource management tradition in nursing services and the impact of economic rationalism and managerialism on health politics and thinking and subsequently on nursing resource management. Issues such as the pressure for increased effectiveness and efficiency; increasing demand for health care services; growing consumer awareness and expectations and an increasing focus on quality improvement, better practice and clinical governance will be analysed and evaluated.

CLIN 5042 **History of Ideas in Nursing**

6 credit points. Grad.Cert.N.,M.N.,. **Session:** Semester 1, Semester 1b.

NB: Offered by distance education only.

The origins of nursing as an occupation and practice discipline will be explored with particular reference to the political, industrial, and scholarly debates and assumptions surrounding the nature of knowledge and knowledge making in nursing and health care. Trends and influences that have shaped, and continue to shape nursing knowledge and practice patterns will be explored and possible futures discussed. Of particular interest will be the impact of postmodernism, the increasing use of technology in health care and new forms of information gathering and usage.

CLIN 5034 **Human Resources Management in Nursing**

6 credit points. Grad.Cert.N.,M.N.,.PG Coursework Exchange,. **Session:** Semester 1.

NB: Offered by distance education only.

In this unit students will analyse the evolution of organisational theory and environment (climate and culture) in the context of structuring and managing workplace relations. This unit is designed to integrate broader management principles and resourcing issues to create the opportunity to critically examine the impact of contemporary industrial relations and human resource management frameworks on workplace relations and employee experiences. The concept of strategic human resources management, human resources planning, training and development and leadership will be analysed. Comparisons between human resource processes and workplace relations in health care and other industries will be made.

CLIN 5041 **Inquiry in Nursing**

6 credit points. Grad.Cert.N.,M.N.,. **Session:** Semester 2.

NB: Offered by distance education only.

Nursing knowledge is generated through a process of inquiry into the practice of the discipline and by examining personal experience, research texts and journal articles. Critical analysis of these various modes of inquiry will be used to investigate nursing practice and/or matters of interest to nurses. Areas of nursing that require further inquiry to provide an evidence base for practice will be identified

and explored. Opportunities will be provided to experience the inquiry process with reference to clinically related situations.

FCNU 5050 **Mental Health Assessment & Interventions**

6 credit points. Grad.Cert.N.,M.N.,. **Session:** Semester 1.

NB: Offered by distance education only.

This unit of study is designed to provide students with an opportunity to analyse the socio-political context of mental health nursing and to develop skills in mental health assessment and acute intervention for people with mental health problems.

FCNU 5039 **Midwifery Reading Topic**

6 credit points. M.Midwifery,. **Session:** Semester 1, Semester 2.

NB: Offered by distance education.

The reading topic provides students with the opportunity to examine the literature on a defined midwifery topic of their choice. The Head of Department will appoint an appropriate academic mentor for the midwifery topic. The student is expected to pursue their investigation as an independent scholar under the guidance of the mentor and to prepare a scholarly paper as a result of their investigation of the literature.

CLIN 5043 **Nursing Neuroscience Patients**

6 credit points. Grad.Cert.N.,M.N.,. **Session:** Semester 1.

NB: Offered by distance education only.

This unit of study addresses nursing of people with central nervous system dysfunction. Patients with alterations of varying complexity in consciousness, cognition, communication, motor and sensory function will be the central focus of discussion. Psychosocial dimensions of care and the role of the nurse as a therapeutic agent within this context will be explored. Nursing of people with brain injury, vascular and neuroendocrine disturbances, neoplastic, electrophysiological, neuromuscular, developmental and degenerative disorders are examples of the areas that will be discussed from a research-based perspective. Advanced specialty knowledge is not an essential requirement to enrol in this unit of study.

FCNU 5019 **Nursing Research 3**

6 credit points. Grad.Cert.N.,M.N.,.PG Coursework Exchange,. **Session:** Semester 1, Semester 2.

NB: Offered by distance education only.

This unit of study focuses on issues surrounding the design of quantitative research projects, data collection, data analysis and publication.

CLIN 5033 **Nursing Services Management in Health**

6 credit points. Grad.Cert.N.,M.N.,.PG Coursework Exchange,. **Session:** Semester 1.

NB: Offered by distance education only.

This unit is a critical analysis of the context and theoretical underpinnings of health services and models of delivery. Students will analyse and evaluate the influence of policy issues, contemporary models of health care and care delivery, socio-political changes, and scientific and technological advances on the delivery and management of nursing services.

CLIN 5021 **Reading Topic**

6 credit points. Grad.Cert.N.,M.N.,.PG Coursework Exchange,. **Session:** Semester 1, Semester 2.

NB: Offered by distance education.

The reading topic provides students with the opportunity to examine the literature on a defined topic of their choice. Enrolment in this unit requires the permission of the Head of Department, who will appoint an appropriate supervisor, in consultation with the student. The student is expected to pursue their investigation as an independent scholar under the guidance of their supervisor and to prepare a scholarly paper as a result of their investigation of the literature.

FCNU 5021 **Reading Topic**

6 credit points. Grad.Cert.N.,M.Midwifery,M.N.,.PG Coursework Exchange,. **Session:** Semester 1, Semester 2.

NB: Offered by distance education.

The reading topic provides students with the opportunity to examine the literature on a defined topic of their choice. Enrolment in this unit requires the permission of the Head of Department, who will appoint an appropriate supervisor, in consultation with the student.

The student is expected to pursue their investigation as an independent scholar under the guidance of their supervisor and to prepare a scholarly paper as a result of their investigation of the literature.

FCNU 5056 **Relationship Dynamics in Mental Health**

6 credit points. Grad.Cert.N.,M.N.,. **Session:** Semester 2.

NB: Offered by distance education only.

This unit will assist students to develop an understanding of the basic principles of psychodynamics that allow an individual to enter relationships in a therapeutic and effective manner. This unit of study will provide students with an opportunity to examine family interventions and psychosocial approaches to people with chronic mental health problems.

Flexible mode

FCNU 5031 **Childbearing in Contemporary Society**

6 credit points. Grad.Dip.Midwifery,M.Midwifery,. **Session:** Semester 2, Semester 1.

NB: Offered in the flexible mode.

This unit of study embraces a range of issues surrounding contemporary midwifery practice such as therapeutic communication skills and ethical issues, contemporary motherhood, parenting and family dynamics. The unit will enable students to develop competencies in the application of therapeutic communications in midwifery and to develop an ethical decision-making framework for the complex issues that may arise in their practice.

FCNU 5038 **Contemporary Midwifery Issues**

6 credit points. M.Midwifery,. **Session:** Semester 1.

NB: Offered in the flexible mode.

This unit of study encourages critical reflection on the context within which midwifery operates, from a local, national and international perspective. Students will evaluate and analyse the influence on their midwifery practice of social, political, and educational change, scientific and technological advances and legal, professional and ethical guidelines. The unit will have a dynamic focus so that issues affecting midwifery in the present are assessed critically.

FCNU 5001 **Contemporary Nursing Issues**

6 credit points. Grad.Cert.N.,Grad.Dip.Nursing,M.N.,PG Coursework Exchange,. **Session:** Semester 1.

NB: NB: Core Unit - offered in the flexible mode.

This unit of study encourages critical reflection on the context within which nursing operates, from a local, national and international perspective. Students will evaluate and analyse the influence on their nursing life of social, political, educational change, scientific and technological advances and legal, professional and ethical guidelines. The unit will have a dynamic focus so that issues affecting nursing in the present are assessed critically.

CLIN 5010 **Critical Care Clinical Experience A**

0 credit points. M.N.,. **Session:** Semester 1, Semester 2.

NB: Offered in the flexible mode.

This unit of study will provide a planned clinical experience in consultation with the relevant health care institution(s) and will focus on the specific area of critical care practice being explored by the student. The unit requires satisfactory completion of a clinical evaluation and related clinical performance derived from the competency standards of the Australian College of Critical Care Nurses. The specific competencies required will be negotiated on an individual basis. Learning and assessment will be undertaken in the relevant critical care areas.

CLIN 5011 **Critical Care Clinical Experience B**

0 credit points. M.N.,. **Session:** Semester 1, Semester 2.

NB: Offered in the flexible mode.

This unit of study will continue to provide a planned clinical experience in consultation with the relevant health care institution(s) and will focus on the specific area of critical care practice being explored by the student. The unit requires satisfactory completion of a clinical evaluation and related clinical competencies derived from the competency standards of the Australian College of Critical Care Nurses. Identification of the specific competencies which remain to be assessed will be conducted on an individual basis. Learning and assessment will be undertaken in the relevant critical care areas.

CLIN 5003 **Critical Care Nursing**

6 credit points. Grad.Cert.N.,M.N.,PG Coursework Exchange,. **Session:** Semester 1.

NB: Offered in the flexible mode.

This unit provides the opportunity for the student to examine the theoretical and professional aspects of critical care practice. The unit focuses on the nursing assessment of patients who are critically ill and examines principles of the associated technologies. It also introduces students to the non-physical, non-technical impact of

critical illness on patients and families, and professional issues related to this area as a field of specialty practice.

CLIN 5007 **Emergency Nursing**

6 credit points. Grad.Cert.N.,M.N.,PG Coursework Exchange,. **Session:** Semester 2a.

NB: Offered in the flexible mode.

This unit of study is concerned with nursing of people who experience a complex medical, surgical, toxic, drug-related, domestic or mental health emergency. The unit will concern people of all ages, people who are especially at risk and those who may be affected either directly or indirectly by their involvement in such an emergency. It will focus explicitly on the nursing practices associated with the field of emergency health care. The unit will examine current practices and their efficacy and will explore the origins and means by which this area of nursing may be researched.

FCNU 5012 **Epidemiology in Nursing**

6 credit points. Grad.Cert.N.,M.N.,PG Coursework Exchange,. **Session:** Semester 1.

NB: Offered in the flexible mode.

This unit of study focuses on the principles and methods of epidemiology from a nursing perspective. This focus includes the health/illness of population groups, for example the health of indigenous populations. Concepts of epidemiology including the natural history of disease, levels of prevention and causality are explored. Common epidemiological methods are examined and the relevance of epidemiological research findings to nursing practice is considered. The student's ability to critically appraise the literature will be enhanced by studying this unit. Information from this unit may form a part of a professional portfolio for students.

FCNU 5040 **Growing Older in Modern Societies**

6 credit points. M.N.,PG Coursework Exchange,. **Session:** Semester 1.

NB: Offered in the flexible mode.

This unit will provide students with an opportunity to examine a variety of gerontic issues associated with an ageing population and the impact of this phenomena on society and in particular the health system. Students will explore the vulnerability of older adults in relation to common problems arising from altered physiology and the dangers of iatrogenesis. In addition, psychological and sociological aspects of ageing will be identified and analysed as well as demography, morbidity and mortality trends, and socio-political issues.

FCNU 5018 **Health Care Ethics**

6 credit points. Grad.Cert.N.,M.N.,PG Coursework Exchange,. **Session:** Semester 2.

NB: Offered in the flexible mode.

The unit of study is designed to extend the student's understanding of complex ethical issues evident in the delivery of health care and to provide an opportunity to examine the ethical context of nursing practice. Further, the unit of study aims to locate these ethical issues in the social and institutional context in which they occur, contexts which are themselves giving rise to the issues to be addressed.

FCNU 5037 **History of Ideas in Midwifery**

6 credit points. M.Midwifery,. **Session:** Semester 1.

NB: Offered in the flexible mode.

The origins of the midwife will be explored with particular reference to the political, industrial, scholarly debates and assumptions surrounding the nature of knowledge and knowledge making in midwifery and health care. Trends and influences that have shaped, and continue to shape midwifery knowledge and practice will be explored and possible futures discussed. Of particular interest will be the impact of postmodernism, the increasing use of technologies in midwifery and new forms of information gathering and usage.

CLIN 5002 **History of Ideas in Nursing**

6 credit points. Grad.Cert.N.,M.N.,PG Coursework Exchange,. **Session:** Semester 1, Semester 1b.

NB: Core Unit - offered in the flexible mode.

The origins of nursing as an occupation and practice discipline will be explored with particular reference to the political, industrial, scholarly debates and assumptions surrounding the nature of knowledge and knowledge making in nursing and health care. Trends and influences that have shaped, and continue to shape nursing knowledge and practice patterns will be explored and possible futures discussed. Of particular interest will be the impact of postmodernism, the increasing use of technology in health care and new forms of information gathering and usage.

CLIN 5013 **Illness, Experience and Embodiment**

6 credit points. Grad.Cert.N.,M.N.,PG Coursework Exchange,. **Session:** Semester 2.

NB: Offered in the flexible mode.

This unit of study is concerned with ways in which experiences of illness, (di)stress and recovery can be understood from the subjective perspective(s) of the patient/client and the people who are closely

associated with them. The major emphasis is on the meaning world of others and its influence on responses to illness and (di)stress. While this unit of study is not a methodology unit of study per se, it provides theoretical, methodological and clinical background for conducting interpersonally-oriented research projects in clinical practice.

CLIN 5001 Inquiry in Nursing

6 credit points. Grad.Cert.N.,M.N.,PG Coursework Exchange., **Session:** Semester 2.
NB: Core Unit - offered in the flexible mode.

Nursing knowledge is generated through a process of inquiry into the practice of the discipline and by examining personal experience, research texts and journal articles. Critical analysis of these various modes of inquiry will be used to investigate nursing practice and/or matters of interest to nurses. Areas of nursing that require further inquiry to provide an evidence base for practice will be identified and explored. Opportunities will be provided to experience the inquiry process with reference to clinically related situations.

CLIN 5006 Intensive Care: Core Concepts

6 credit points. Grad.Cert.N.,M.N.,PG Coursework Exchange., **Session:** Semester 2a.
NB: Offered in the flexible mode.

This unit focuses on nursing people with conditions that commonly require intensive care and will address the following aspects of such care in detail: complex airway management, ventilatory, circulatory, and neurological support. Concepts such as hypoxia, ischaemia, and oedema will be considered in relation to specific clinical states. The communicative and experiential dimensions of such health care crises will also be considered. The unit will also focus explicitly on nursing practices, origins and means by which this area of nursing may be researched and further developed.

CLIN 5008 Intensive Care: Integrated Concepts

6 credit points. Grad.Cert.N.,M.N.,PG Coursework Exchange., **Session:** Semester 2b.
NB: Offered in the flexible mode.

This unit focuses on the nursing people experiencing complex single organ and multi-organ dysfunction and requiring advanced intensive care including metabolic and endocrine support. The unit also addresses the care relationship between nurses, patients and families. The unit will also focus explicitly on the nursing practices and the origins and means by which this area of nursing may be researched and further developed.

FCNU 5013 Interpersonal Relations in Clinical Env

6 credit points. Grad.Cert.N.,M.N.,PG Coursework Exchange., **Session:** Semester 1.
NB: Offered in the flexible mode.

This unit of study focuses on professional and interpersonal relationships among professionals, patients, relatives and others. Particular attention is paid to relationships in areas of high stress, potential conflict, potential burnout, harassment and emotionality. Potential and actual effects on staff wellbeing and patient care are explored. Issues that are addressed include conflict and conflict resolution, stress and stressful relationships, managing stress and emotionality, harassment, burnout and discrimination.

FCNU 5032 Midwifery in Complex Situations B

6 credit points. Grad.Dip.Midwifery., **Session:** Semester 1. **Corequisites:** FCNU5033 Midwifery Experience B.
NB: Offered in the flexible mode.

This unit is studied concurrently with Childbearing in Contemporary Society. It is designed to prepare students to continue to provide appropriate midwifery care, at a beginning practitioner level, for the woman and her family throughout childbearing in complex midwifery situations.

FCNU 5033 Midwifery Experience B

0 credit points. Grad.Dip.Midwifery., **Session:** Semester 1. **Corequisites:** FCNU5032 Midwifery in Complex Situations.
NB: Offered in the flexible mode.

The aim of Midwifery Experience B is to provide students with experiences delivering appropriate care to women and their families throughout childbearing; the opportunity to continue the midwifery clinical experience required by the Nurses Registration Board of New South Wales; and opportunities to integrate the theoretical studies with midwifery clinical experience.

FCNU 5020 Nursing Research 4

6 credit points. Grad.Cert.N.,M.N.,PG Coursework Exchange., **Session:** Semester 2.
NB: Offered in the flexible mode.

This unit is concerned with the use of qualitative and interpretative research methodologies and methods of data collection in nursing. The unit will have both theoretical and experiential components and is designed to equip students to conduct research projects using qualitative and/or interpretive research designs. This unit assumes

prior participation in Inquiry in Nursing or equivalent experience or research study.

FCNU 5042 Older Adults with Acute Health Problems

6 credit points. M.N.,PG Coursework Exchange., **Session:** Semester 2.
NB: Offered in the flexible mode.

Many older adults experience acute illnesses. This unit will explore the common illnesses that occur in old age and how these effect the older person physically, emotionally, psychologically and socially. The wide range of health care provision for older adults in acute care, community and residential settings will be examined, analysed and their appropriateness evaluated. Students will also be expected to develop physical and mental status examination skills and demonstrate their application when assessing older adults with acute health problems.

FCNU 5043 Older Adults-Coping with Chronic Illness

6 credit points. M.N.,PG Coursework Exchange., **Session:** Semester 1.
NB: Offered in the flexible mode.

This unit of study is designed to provide students with the opportunity to identify and examine continuing health problems of older adults and their management in hospital, home and long-term health care settings. Continuing health problems are those which have not responded to acute care measures. In addition, this unit will explore older adult's palliative and hospice needs. Self-management strategies and support services for older adults and their families will be explored and evaluated.

CLIN 5009 Trauma and Resuscitation Nursing

6 credit points. Grad.Cert.N.,M.N.,PG Coursework Exchange., **Session:** Semester 2b.
NB: Offered in the flexible mode.

This unit of study is concerned with nursing of people who experience a severe and complex trauma, multisystem failure and other conditions requiring resuscitation. The unit will address situations concerning people of all ages. The unit will focus explicitly on the nursing practices associated with the field of trauma nursing and resuscitation and will examine current practices and their efficacy. The origins and means by which this area of nursing may be researched are debated.

Weekly attendance

KOCR 5002 Issues in Aboriginal Health & Well-Being

6 credit points. Grad.Cert.N.,Grad.Dip.Midwifery,Grad.Dip.Nursing,M.Midwifery,M.N.,M.Phil.(Nursing),PG Coursework Exchange., **Session:** Semester 1. **Assessment:** seminar presentations, unit of study journal, major report from participation in Talking Circles.

This unit of study focuses on the factors which impact upon Aboriginal health status. Indigenous history, culture, and cultural difference will be explored. The unit of study examines the construction of Aboriginal identity, legislative and institutional structures affecting Indigenous Australians, and working cross-culturally. The development of culturally appropriate workplace policies and practices will be addressed in the unit of study.

Non award units of study

PRDU 5001 Clinical Practice Development 1

6 credit points. M.N.,Nursing PG Ndg., **Session:** Semester 1a, Semester 2a, Semester 2b, Semester 1a.

NB: Full fee paying unit of study offered by distance education

This unit will provide academic support to new graduate nurses. It will address clinical issues including patient assessment, managing a case load and monitoring clinical progress. The unit is intended primarily for nurses who have graduated within the last three years and are practising in settings without appropriate structured support. It may also be of interest to registered nurses wishing to return to the workforce, after a period of no greater than ten years absence, and seeking to update their knowledge and skills.

PRDU 5002 Clinical Practice Development 2

6 credit points. M.N.,Nursing PG Ndg., **Session:** Semester 1a, Semester 1b, Semester 2a, Semester 2b.

NB: Full fee paying unit of study offered by distance education

This unit will provide academic support to new graduate nurses and builds on the unit Clinical Practice Development 1. It will address professional and contextual issues including understanding the organisation and the community, establishing and maintaining mechanisms to support self education and continuing professional development. The unit is intended primarily for nurses who have graduated within the last three years and are practising in settings without appropriate structured support. It may also be of interest to registered nurses wishing to return to the workforce, after a period of no greater than ten years absence, and seeking to update their knowledge and skills.

PRDU 5003 Graduate Nursing Fieldwork in Australia

6 credit points. Nursing PG Ndg.,. **Session:** Semester 1a, Semester 1b, Semester 2a, Semester 2b.

This unit will provide students undertaking graduate nursing studies with opportunities to experience a range of practice environments appropriate to their area of study. Students will attend on campus seminars and workshops followed by supernumerary placements in appropriate practice environments(s). The unit is designed to provide opportunities for students to study their chosen specialty in a different professional environment and to further develop an understanding of the cultural and political issues underpinning their practice.

PRDU 5004 Extended Graduate Nursing Fieldwork

8 credit points. Nursing PG Ndg.,. **Session:** Semester 1a, Semester 1b, Semester 2a, Semester 2b.

This unit will provide students undertaking graduate nursing studies with extended opportunities to experience a range of practice environments appropriate to their area of study. Students will attend on campus seminars and workshops followed by supernumerary placements in appropriate practice environment(s). The unit is designed to provide opportunities for students to study their chosen specialty in a different professional environment for an extended period of time and to further develop an understanding of the cultural and political issues underpinning their practice.

Faculty Resolutions

The following information is a printed version of the information available through Handbooks Online, on the University of Sydney web site. Please visit "<http://www.usyd.edu.au/handbooks/>" for the most current handbooks information.

Faculty Resolutions Governing Approved Courses

These resolutions should be read in conjunction with the latest University of Sydney Calendar Statutes and Regulations, relevant By-laws, Rules, Resolutions of the Senate and Academic Board contained therein and with Faculty Resolutions relating to the degrees, diplomas and certificates of the Faculty.

Definitions

Board of Studies means the Board of Studies within the Faculty of Nursing, unless otherwise specified.

Course means a program of units of study that leads to the award of a degree, diploma or certificate within the Faculty of Nursing, unless otherwise specified;

Dean means the Dean of the Faculty of Nursing or their nominee

Department means a department within the Faculty of Nursing, unless otherwise specified;

Faculty means the Faculty of Nursing, University of Sydney, unless otherwise specified;

Student means a person enrolled as a candidate for a course;

Unit of study means a stand-alone component of a course

Associate Dean means an Associate Dean of the Faculty of Nursing

Preamble

1. Registration

The NSW Nurses Registration Board recognises the successful completion of degrees and diplomas from the Faculty of Nursing. There are however some circumstances under the Nurses Act 1991 No 9, where registration may be denied, despite the applicant having been awarded the appropriate degree or diploma. The following extract from the Nurses Act 1991 No 9, identifies those grounds:

Extract - Nurses Act 1991, Part 4: Registration and Enrolment, *Division 5 - Supplementary*

Special grounds for refusing or imposing conditions on registration/enrolment

29A (1)

(1) Despite any entitlement that a person may have to registration or enrolment, the Board may refuse an application for registration or enrolment in either of the following cases:

The Board is of the opinion that the applicant does not have sufficient physical or mental capacity to practise nursing.

The applicant has been convicted of an offence (either in or outside New South Wales) and the Board is of the opinion that the circumstances of the offence render the applicant unfit in the public interest to practise nursing.

(2) If the Board is satisfied that an applicant for registration or enrolment suffers from an impairment which does not justify refusal of the application, the Board may impose such conditions on the applicant's registration or enrolment as the Board thinks appropriate.

(3) An accredited nurse who has had conditions imposed on his or her registration or enrolment under this section (including on a review under this section) may apply to the Board for a review of these conditions.

(4) The Board may decline to review the conditions if the application is made within twelve months after the conditions were last reviewed under this section. No appeal lies under section 32 in respect of such a decision by the Board to decline to review conditions.

(5) On a review of the conditions, the Board may alter or remove conditions or impose new conditions, as it thinks appropriate.

2. Privacy

The University is subject to the NSW Privacy and Personal Information Act 1998. It is unlawful to disclose personal information except in accordance with the Act. Personal information is defined very widely under the Act, and includes such matters as whether or not someone is enrolled as a student.

Information about students can only be released in circumstances where the disclosure is required by an Act of Parliament (eg, the Social Security Act) and a proper notice is issued by the government department seeking the information. Court orders (subpoenas etc) received by the University must be directed to the office of the University Solicitor in A14. Similarly, all requests for personal in-

formation by police services must be directed to the University Solicitor.

Personal information about students may be disclosed to third parties if the student concerned has agreed in writing to the disclosure.

Parents do not have any automatic right of access to information regarding their children. Where a parent is seeking to contact their daughter or son contact details cannot be revealed, however it may be appropriate to offer to relay a message.

The fact that someone is a graduate of the University is in the public domain. However, great care should be exercised in replying to requests regarding graduate status. Such requests should only be accepted, and replied to, in writing. Only the date of conferral and degree awarded may be disclosed. Copies of the correspondence should be retained on the appropriate file maintained by Records Management Services in A14.

Further information regarding privacy matters may be found in the University's Privacy Management Plan. The plan may be seen at www.usyd.edu.au/arms/privacy/.

Part I: Admission, Enrolment, Attendance and Progression

1. Admission

(1) Students should refer to the resolutions relating to specific degrees, diplomas and certificates of the Faculty for any particular admission requirements.

2. Attendance

2. 1 Attendance at units of study other than clinical placements

(1) The Dean may call upon any student in the Faculty who has been absent without leave from more than 10% of classes in any one semester in a particular unit of study to show cause why that student should not be deemed to have failed to complete that unit of study.

(2) The Dean shall decide whether the cause shown is sufficient.

(3) A student who fails to show sufficient cause for absence shall be deemed not to have completed that unit of study.

2. 2 Tutorial attendance

(1) Satisfactory performance must be achieved in tutorials within a unit of study prior to students being permitted to sit for examination in that unit of study. Within the first two weeks of semester students will be provided with unit of study outlines that clearly state the requirements for satisfactory performance.

2. 3 Attendance at residential Schools

(1) Students enrolled in the distance education mode with residential schools must either attend the residential schools or seek approval for exemption on the basis of special circumstances.

(2) Students who are absent from residential schools without approval or good cause will be awarded a fail grade.

2. 4 Attendance and part-time study

(1) All research candidates, who reside outside the Sydney Metropolitan area, prior to the commencement of their candidature, submit to the Research Degree Sub-Committee for approval a plan of their on-campus attendance.

3. Advisement

3. 1 If the matter relates to a single unit of study:

(1) Students should discuss the matter with the member of academic staff concerned and then if necessary the appropriate unit of study and/or course coordinator.

(2) If the issue is not resolved, students should discuss the matter with the appropriate head of department.

(3) If the issue has not been dealt with to the student's satisfaction by (1) and (2) above a meeting should be sought with the appropriate Associate Dean who will provide guidance for further action which may include discussion at the Staff -Student Liaison Committee.

3. 2 If the matter relates to more than one unit of study in the same department:

(1) Students should discuss the matter with the appropriate head of department.

(2) If the issue has not been dealt with to the student's satisfaction the appropriate Associate Dean should be contacted who will provide

guidance for further action which may include discussion at the Staff-Student Liaison Committee.

3. 3 If the matter relates to a number of units of study in more than one department or to the overall course or concerns the Faculty Office or the Library:

(1) Students should discuss the issue with the appropriate Associate Dean who will provide guidance for further action which may include discussion at the Staff -Student Liaison Committee.

4. Advanced standing, unit of study credit, exemption and waivers

4. 1 Advanced standing and unit of study credit

(1) Advanced standing provides for admission to a course at The University of Sydney based on previous attainment in another course at a recognised tertiary institution. Advanced standing is granted in the form of credit points, which count towards the requirements for the course.

(2) Credit may be granted for a unit of study on the basis of successful completion of another unit of study that is deemed to be comparable by the Faculty.

(3) Advanced standing and unit of study credit granted on the basis of previous study towards the requirements of the course can only be allocated once. Credit applications are processed at Faculty level.

(4) In general a student cannot be granted credit for work done in an award that establishes eligibility for admission to the award in which credit or exemption is sought, however, exemption may be appropriate in some cases.

(5) In the Bachelor of Nursing, credit points granted for enrolled nurses and registered nurses are determined on a case by case basis and will be advised prior to enrolment.

(6) Applications are processed at Faculty level and must be lodged with the Faculty Office.

(7) Advanced standing and unit of study credit cannot be granted retrospectively.

4. 2 Exemption

(1) Exemption applies to any decision made at a sub-unit of study level to allow a student to complete a unit of study without also completing all the prescribed components of coursework and/or assessment.

(2) The decision to allow an exemption rests with the head of department and will only be granted in exceptional circumstances.

(3) Any unit of study in which exemption is granted receives a result. Once all the components of the units of study are completed the full credit point value is included in the academic record of the student.

(4) Exemptions cannot be granted retrospectively.

4. 3 Waivers

(1) Waivers apply to the procedure whereby a student is enrolled in a unit of study without having either completed a prerequisite unit of study or enrolled contemporaneously in a corequisite unit of study.

(2) The decision to allow a waiver will be made by the head of department.

(3) No credit points will be given to units of study that are waived.

(4) Waivers will not be given retrospectively.

4. 4 Time frames for advanced standing, unit of study credit, exemptions and waivers

(1) Applications must be lodged with the Faculty Office no later than the second Friday after the commencement of the unit of study. Late enrolling students will have a deadline of two weeks after the date of enrolment. Students awaiting the outcome of a 'show cause' will have two weeks from the date they are advised of the final outcome of a 'show cause'. In the last two categories applications must be submitted to allow processing by 30 March for the Semester 1 and 30 August for the Semester 2.

4. 5 Transferring students

(1) Students transferring to the Bachelor of Nursing (Pre-Registration) after successful completion within the past two (2) years of one full year of the Bachelor of Nursing from another university may be granted advanced standing for the complete first year of the Bachelor of Nursing at The University of Sydney.

(2) Students who have successfully completed more than one full year but less than 2 full years at another university may be granted additional credit for units of study on a unit of study by unit of study basis. The total proportion of credits granted will not exceed the proportion of total course units completed at the initial university.

(3) Each application will be considered on its merits and in the context of any prevailing constraints related to undergraduate load, but preference will be given to applicants with no unit of study failures and a Credit average. Exceptions may be made: For example, students who have moved their place of residence from outside Sydney, or who can demonstrate other extenuating circumstances.

4. 6 Appeals against a decision on an advanced standing exemption, waiver, or credit application

(1) A student whose application is refused for advanced standing, exemption, unit of study credit or waiver, may appeal against the decision. A student who wishes to appeal the decision is required, within 7 days of the notification of the decision, to apply to the Head of the Department concerned for a review of the decision.

(2) Students must submit appeals in time for applications to be processed by the HECS census date of the unit(s) of study that is, two weeks after the commencement of the unit(s) of study.

4. 7 Progression from Year 2 to Year 3

Students who have an outstanding record or who have significant credit/advanced standing may be permitted by the Board to enroll in Year 3 units of study while also enrolled in a normal Year 2 pattern.

5. Enrolment

5. 1 Confirmation of enrolment

(1) Students are responsible for ensuring that the information on their course, academic year and units of study are correct at the beginning of the semester and amending them should a change occur in any of the details during the semester. Students should be aware that this information has potential financial implications within the Higher Education Contribution Scheme (HECS).

(2) Students will be sent a 'confirmation of enrolment' notice shortly after completion of enrolment. This should be checked carefully.

Should the notice be incorrect in any detail it is the student's responsibility to contact the Faculty Office immediately to have the record amended. A new confirmation notice will then be prepared. Students will also receive, approximately two months after the beginning of each semester, a statement showing their HECS assessment for that semester.

(3) To:

(a) change enrolment in a unit of study;

(b) discontinue a unit of study; or

(c) discontinue enrolment totally;

students should apply to the Faculty Office for the appropriate form or download it from the Faculty's Web site and then forward to the Faculty Office for approval and processing. Unless an enrolment change is approved formally at the Faculty level it will not be accepted by the Registrar and in some cases will incur a financial liability under HECS.

(4) Any changes to units enrolled in Semesters 1 or 2 or full year units of study must be made no later than 12 days after the commencement of the unit of study.

5. 2 Discontinuation of enrolment

(1) Fee-paying students undertaking units of study in the distance mode and who discontinue their enrolment will be refunded 60% of the total fees paid providing the application to withdraw is received prior to dispatch of the unit material. Once unit material has been dispatched there will be no refunds.

6. Criminal record checks

(1) The NSW Health Department requires all staff, volunteers and students undertaking any kind of work in a NSW owned facility to undergo a criminal records check prior to employment or placement in the NSW Health System.

(2) Responsibilities

(i) Responsibilities of the Faculty

The Faculty is responsible for ensuring that the student has a criminal record clearance prior to any attendance at a clinical placement.

(ii) Responsibilities of the student

The student is responsible for completing a Criminal Record Check form, having it signed by a Justice of the Peace and forwarding it to the appropriate office for processing. It is the student's responsibility to carry their criminal clearance at all times whilst on a clinical placement.

It is the responsibility of all students to inform the NSW Health Department of any criminal offences of which they are convicted subsequent to the initial criminal record check.

Students who fail to return the form to the NSW Health Department by the nominated date may be denied a clinical placement. Failing to obtain a criminal record clearance may result in a failure in any unit of study where clinical is a component.

7. Child Protection

(1) The NSW Health Department requires candidates for the Bachelor of Nursing to complete a declaration confirming a candidates compliance with the regulations relating to the Child Protection Act.

8. International Students

8. 1 Entry to Bachelor of Nursing (Pre-Registration)

(1) Applicants with overseas qualifications will be assessed on the equivalence of their qualification to the Australian tertiary entry standards. Unless the final year of schooling was conducted in English, applicants will be required to achieve a prescribed minimum

standard in an English proficiency test in accordance with University policy.

(2) The Faculty of Nursing requires a minimum standard of English proficiency equal to an IELTS score of 7.0 overall with a minimum of 7.0 in each band (or equivalent language qualification accepted by the University).

(3) International students authorised to practise as registered nurses in their home country, but who are not registered by the Nurses Registration Board of NSW, may be offered places in the Bachelor of Nursing (Pre-Registration) and may be eligible for advanced standing based on relevant qualifications and nursing experience.

8. 2 Entry to Bachelor of Nursing (Post-Registration)

(1) International students must be registered to practise nursing in a country other than Australia and must hold a qualification at certificate or diploma (or Australian equivalent) which leads to registration as a nurse in their country.

(2) International students who wish to establish eligibility to register as a nurse in NSW shall be advised to seek enrolment in the Bachelor of Nursing (Pre-Registration).

9. Suspension of candidature and discontinuation of enrolment

(1) Suspension of candidature is only applicable in cases of hardship or activities on the part of the student that are of national or state importance/are of a significant nature.

(2) Examples of hardship may be illness or financial difficulties, Activities of a significant nature may be the inclusion of the student on a national sporting team, orchestra, etc that requires him/her to travel extensively for a specific period of time.

(3) The granting of a suspension of candidature is at the discretion of the Dean.

(4) Suspension of candidature will be for a minimum of one semester and a maximum of two semesters and may be granted only once during the degree.

(5) In cases where a suspension of candidature is not granted, students may be required to discontinue their studies and follow the procedures for re-enrolment after an absence.

10. Re-enrolment after an absence

(1) There is no automatic right of re-entry. Students who wish to be considered for re-enrolment need to fulfil the following conditions:

(a) lodge an application by October 30 in the year prior to that in which re-enrolment is sought;

(b) attach a current academic transcript (progress status is contingent upon an absence of not more than two years from the course); and
(c) ensure that outstanding debts with the University and/or show cause requirements are attended to before submission of the application (applications cannot be considered until financial obligations and show cause requirements are completed).

(2) Applications will be considered in conjunction with all other applications by students applying under these conditions prior to the commencement of the academic year in which the student wishes to enrol.

11. Satisfactory progress

(1) The Board of Studies shall have the power to resolve on satisfactory progress and progression in individual cases.

(2) that a Concessional Pass (PCON) may be considered for no more than one unit of study in the final year of enrolment and will not apply to any nursing practice unit or to any previously failed unit.

(3) Candidates who fail:

(a) up to 12 credit points of the units of study in which they are enrolled in any year may progress to a normal full-time load in the subsequent year. In addition, they are permitted to enroll in the failed unit of study;

(a) Up to 1 week late:	15%
(b) More than 1 week but less than 2 weeks:	50%
(c) More than two weeks:	100%

2. 4 Extensions

(1) In the event of a student requiring an extension for a piece of work in a particular unit of study, the student should make their request directly to the unit of study coordinator.

(2) The unit of study coordinator, at his or her discretion, may grant the student an extension of up to but no more than one week beyond the due date of the work in question.

2. 5 Plagiarism

(1) Failure to acknowledge the words or ideas of another author (or fellow student) is intellectual theft. If you quote or paraphrase the words of another, you must indicate that this is what you are doing and that it is not your original words and/or thought. If you do not acknowledge the source of your words and/or ideas, it is called plagiarism.

(b) 24 credit points of the units of study in which they are enrolled in any year may only progress to a normal full-time load in the subsequent year. This must include the units of study in which they failed previously; or

(c) more than 24 credit points of the credit point load undertaken during a year, or who fail to meet the requirements of a practicum unit, or who discontinue fail enrolment in one unit of study twice shall be deemed not to have made satisfactory progress. They shall be required to show good cause as to why they should be permitted to re-enrol in the course.

12. Vaccinations

(1) Students are required to be immunised adequately against poliomyelitis, diphtheria, tetanus, tuberculosis, hepatitis A, hepatitis B, measles, and rubella.

(2) Students are reminded that as health professionals it is their responsibility to maintain their health.

(3) In the Faculty of Nursing HIV or Hepatitis B infection status of students is not relevant to their capacity to graduate. However, because infection with HIV or HBV may limit students' professional opportunities after graduation, students should be aware that people with HIV or HBV are currently prohibited from performing 'exposure-prone procedure' in NSW health establishments.

Further information on the University's policy on students with HIV or Hepatitis B may be found at http://www.usyd.edu.au/su/planning/policy/admin/138_hiv.html.

Part II: Assessment, Examinations, Appeals and Penalties

1. Appeals

1. 1 Appeals against academic decisions

(1) Student appeals are dealt with in the first instance by the Board of Studies and the appropriate University By-laws, Rules and Resolutions of the Senate and Academic Board.

2. Assignments

2. 1 Submission of assignments

(1) All assignments must be placed in the designated area advised by the relevant department. Students are advised to retain a photocopy of their assignments.

(2) Marked assignments can be collected from the relevant departmental administrative staff. Advice on collection dates and times will be provided to students at the beginning of each semester. Assignments must be collected within one month of the advised collection date, after which they will be destroyed.

2. 2 Responsibilities relating to assignments

(1) Students are responsible for:

(a) submitting assignments by the due date; and

(b) prior to submission, photocopying, or keeping a disc copy of all assignments.

2. 3 Penalties for late submission

(1) The Faculty of Nursing applies penalties to assignments submitted after the due date. The penalty will be deducted from the mark the assignment would have received had it not been late.

(2) Penalties are calculated as a percentage of the total mark available for the assignment as follows:

(2) Plagiarism may result in the student being charged with 'misconduct' and dealt with by the Registrar of the University under chapter 8 of The University of Sydney By-law. One of the penalties for such misconduct is permanent expulsion from the University.

(3) Students may wish to work together to research the information for an assignment and to use insights gained from each other. This is acceptable only if the other student's or students' contribution is acknowledged and only if the final submission is the individual's own work or if the lecturer has asked for, or agreed to accept, undifferentiated group work.

3. Special Consideration

(1) This resolution applies to assessment and examination for individual units of study, with the exception of the assessment of clinical performance undertaken within an off-campus clinical setting. There

will be no special consideration related to clinical performance undertaken within a clinical setting off-campus.

3. 1 Request for special consideration

(1) The Faculty must be notified of a request for special consideration:

- (a) in the case of written assessments, prior to the due date of that piece of assessment; and/or,
- (b) in the case the date of a written or clinical examination, prior to the day of the examination.

(2) This notification may be in writing, including email, or by phone to the Faculty Office.

(3) Should the need for special consideration become apparent on the day of an examination, students should notify the invigilator, if at the examination or, in any other circumstance, the Faculty Office.

(4) In cases where a student is not able, because of their circumstances, to request the special consideration in person, another person may lodge the application on their behalf. In this circumstance, the Faculty will require appropriate documentation to establish that this person is acting as an agent of the student.

3. 2 Documentation

(1) All original documentation relevant to the request for special consideration must be forwarded to the Faculty within seven working days of notification as specified in 3.1.

(2) Information on the required documentation may be obtained from the Faculty's Web site, the Faculty Office and the Faculty Handbook.

(3) On submission of their documentation students will be provided with a receipt.

(4) Students are advised to retain a copy of all submitted documentation.

(5) It is the responsibility of the student to ensure that the supporting documentation meets University criteria.

(6) Students will not be asked for additional documentation nor will they be permitted to submit additional documentation at a later date.

(7) Applications for special consideration that are rejected on the basis of insufficient or inadequate documentation will not be eligible for appeal.

3. 3 Approval

(1) The head of department will determine the outcome of requests for special consideration, and if approved will determine the form that this consideration will take.

(2) Notification of approval or rejection will be forwarded to students via their University email address within seven (7) working days of their documentation being received by Faculty Office.

(3) Students who have their application for special consideration approved will:

- (a) be offered additional or alternative assessment;
- (b) this additional or alternative assessment will replace any previous attempt; and
- (c) the original piece of assessment or examination will not be marked.

(4) Students registered with the Disabilities Office and who have a request for special consideration approved will have their original piece of assessment marked and if:

- (a) successful in passing that piece of assessment, will not be required to undertake additional assessment but will be allocated the mark from the original paper; or
- (b) unsuccessful in passing that piece of assessment or examination will be offered additional assessment.

4. Provision of medical certificates

(1) Students are required to supply medical certificates whenever they are unfit to undertake work related to their candidature, including the following circumstances:

- (a) cases of special consideration where illness is involved;
- (b) where a clinical laboratory session and/or a clinical placement day(s) has been missed due to illness;
- (c) teaching sessions; and
- (d) extensions for assignments.

(2) Depending upon the circumstance the certificate is to be handed to the following person(s):

- (a) special consideration - to the Faculty Office along with any other relevant documentation;
- (b) where a clinical laboratory session or clinical placement day(s) has been missed - to the unit of study coordinator who will forward the certificate to their head of department;
- (c) teaching sessions and extensions for assignments - to the unit of study coordinator.

(3) Certificates are required to follow the Australian Medical Association guidelines as set out in the AMA Position Statement Certificates Certifying Illness 1998 and include the following details:

(a) name and address of the medical practitioner issuing the certificate;

(b) name of the student;

(c) date on which the certificate was issued;

(d) date(s) on which the student is or was unfit to attend the classes or clinical placement; and

(e) any supplementary information of assistance to the student in obtaining the appropriate leave especially where there is a discrepancy in the period for which the certificate is issued and the date of the certificate.

(4) The Faculty reserves the right to reject any certificate that does not meet the requirements set out above. Students will be notified within five working days should their certificate be rejected.

(5) The date shown on the certificate must show the date of the day on which the certificate was written.

(6) Responsibilities of the student are to:

(a) consult their medical practitioner in a timely manner when requesting a medical certificate;

(b) ensure the requirements of the Faculty have been met; and

(c) ensure the certificate reaches the appropriate person.

(7) Responsibilities of the Faculty are:

(a) to ensure the student is informed in the event their certificate is rejected;

(b) to permit the student to keep details of the student's medical condition confidential; and

(c) where further clarification is required, to seek written permission from the student to obtain further details from their medical practitioner, whilst at the same time acknowledging the student's right to keep the details of their medical condition confidential.

5. Marking, double marking, and remarking

5. 1 Marking

(1) It is the policy of the Faculty of Nursing that student work undertaken for assessment purposes will be marked fairly, independently and on the merits of the submitted/performed work.

(2) Where written assignment work forms part of the assessment for a unit of study marks will be awarded with respect to how well a student has met the expectations set down for that work including, but not exclusively confined to:

- (a) presentation and layout;
- (b) compliance with academic conventions of acknowledging the work of others;
- (c) academic merit;
- (d) composition;
- (e) expression in written English and readability;
- (f) strength of argument;
- (g) weight of relevant evidence;
- (h) structure and coherence of the work;
- (i) imagination, creativity and original thought; and
- (j) the merits of the submitted work with respect to particular issues in a given topic.

(3) Where work undertaken as part of a designated group forms part of the assessment for a unit of study specific criteria by which the marks awarded to individuals will be determined within each unit of study.

(4) Where clinical performance assessed within the clinical nursing laboratories forms part of the assessment for a unit of study specific criteria for the award of marks to individuals will be determined within each unit of study.

5. 2 Double marking

(1) Double marking is defined as the practice by which (usually two) members of staff review a piece of assessment prior to awarding a formal mark to the work.

(2) It is the policy of this Faculty that there will be no double marking of written assignment work or examinations.

(3) Established measures for determining the validity and consistency among markers on the same unit of study within the same academic year will be used - eg, inter-rater reliability or any other proven method, as determined by the department or Faculty.

5. 3. Remarking

(1) Remarking is defined as an independent assessment of a piece of written work that has already been assessed.

(2) The head of department, or delegate of the head, shall determine whether to allow a remark for a particular piece of written work.

(3) Request for a remark will only be considered if the request is:

- (a) made by writing a letter addressed to the head of the appropriate department stating the grounds for the request;
- (b) received within five (5) working days of the original result for the particular piece of written work being made available to the student;
- (c) accompanied by a clean copy of the work, together with the original piece of work as it was marked; and

(d) received either:

- (i) personally to the Faculty Office; or
- (ii) where a student resides outside the Sydney metropolitan area or is unable to attend the Faculty Office in person the documentation is mailed and marked to the attention of the head of department, c/- the Faculty Office;

(4) Students who make a request by mail will be required to provide a signed declaration available from the Faculty Web site acknowledging their understanding of the Faculty's policy and procedures with respect to remarking.

(5) In considering an application for a remark, the Head of Department will consider the student's case with respect to:

- (a) the stated grounds for the request; and
- (b) any procedural issues that may be relevant.

(6) The outcome of the remark will be final.

(7) There will be no remarking of clinical performance as assessed within the clinical nursing laboratories or clinical settings.

(8) Remarking will not apply in circumstances where a student has applied for special consideration. An approved application for special consideration will take priority over an application for remarking.

6. Award of degree

6. 1 Bachelor degree

(1) Students from the Bachelor of Nursing (Pre-Registration) who achieve a distinction average (or better) on the basis of all units of study undertaken in the course will be awarded the degree with Merit.

6. 2 Dean's list of meritorious students

(1) The Faculty has an annual Dean's List of Meritorious Students to recognise academic excellence by students enrolled in the Bachelor of Nursing (including combined degree courses) and make their achievements known to both the wider University community and the public in general.

(2) The List is produced on the basis of each calendar year and will include the ten most meritorious students in the Faculty of Nursing.

(3) To be included in the annual Dean's List a student must have completed in any one calendar year after their first year of enrolment, at least 48 credit points.

(4) The sole criterion in determining the award of a place in the list shall be the marks achieved in first and second semester. Late or subsequently altered results will not be considered in any circumstances.

(5) Candidates for combined degrees are eligible, even if also eligible for inclusion in the Dean's List in another faculty.

(6) Cross-institutional and other non-award students, diploma and postgraduate students are not eligible for inclusion in the Dean's List.

(7) All students included in the annual Dean's List will receive a Faculty certificate.

(8) Student's on the Dean's List will have this recorded in their transcript.

7. Examinations

7. 1 Aegrotat results

(1) In accordance with the Resolutions of the Senate, a head of department may recommend to the relevant Board of Studies that a candidate, in an undergraduate or postgraduate program, be awarded an aegrotat result (including a posthumous degree or diploma) in cases where;

- (a) because of serious illness or misadventure, supported by appropriate evidence, the candidate has been unable to sit for the examination or complete the assessment schedule;
- (b) it is extremely unlikely for the same reasons that the candidate would be able to attempt a further assessment; and
- (c) the head of department is satisfied beyond doubt on the basis of the work performed throughout the year, that, had the candidate been able to sit for the examination or complete the assessment, he or she would have achieved at least the result recommended.

7. 2 Examination feedback

(1) Students may view their examination scripts in the presence of an appropriate lecturer up to 4 months following the posting of results. Feedback will be given at this time. Students wishing to view their examination script should make an appointment with the appropriate unit of study coordinator.

7. 3 International students

7. 3.1 Examination/assessment

(1) International students must undertake examination/assessment in the same specified period as other students.

7. 4 Missed examinations

(1) Students who miss examinations because of illness or extenuating circumstances should refer to the resolutions relating to special consideration in this document.

7. 5 Notification of examination results

7. 5.1 Mid-year examination results

(1) Mid-year examination results are posted on Mallett Street noticeboards during the first class week of the July semester.

7. 5.2 End-of-year results

(1) End of year results are posted on Mallett Street noticeboards prior to closure of the University for the Christmas break. Final results are also sent to students' home addresses via the mail service at this time. Students should ensure that the Faculty Office is notified of any change of address.

7. 6 Re-marking examination scripts

(1) The Faculty, in accordance with Senate Resolutions, has resolved that no provision be made for students to have their examination papers re-marked.

7. 7 Retention of academic records

(1) Raw scores (for individual components and the aggregate of course assessment) and final grades for each course will be held on hard copy at departmental level for a period of six (6) years.

(2) Examination papers will be held at a Faculty level and shredded after a period of 12 months from the date of the last examination in the examination period in question.

7. 8 Retrospective exemption

(1) Claims for retrospective exemptions from units of study will not be permitted.

7. 9 Room and seating allocation

(1) All students require a room and seat number for examinations. These should be checked well in advance of the examination period.

(2) Seat numbers and exam rooms will be displayed on the noticeboards in the Main Quadrangle, Main Campus one to two weeks prior to the examination. This information will also be available from the Faculty Office, Mallett Street a day or two later.

(3) Seat numbers will also be displayed outside the examination room prior to the exam. Any student who feels they should be sitting the exam but whose name is not displayed, should see the Supervisor-in-Charge of the room.

7. 9.1 Problems with seat numbers

(1) Students should report any problems with seat numbers to the Student Centre, Main Campus, Carslaw Building as soon as possible. These must be reported before the examination.

(2) Special examination arrangements can be made for students with illness or disability. Students with a disability should first apply to the Disabilities Services Office who will forward all relevant documentation to the Head of Department for consideration. Students who experience illness should follow the guidelines set out in the resolutions relating to special consideration in this document.

7. 10 Rules to be observed by candidates for examination

(1) Candidates are required to follow all instructions given by examination supervisors.

(2) No papers, books, manuscripts or notes of any kind are to be taken into an examination room (unless expressly permitted in advance by the examiner). No papers may be taken out of the examination room.

(3) No mobile phones, or other means of electronic communication, may be taken into the examination room.

(4) Students may take in bottles of ink, pens, pencils and drawing instruments, slide rules, small sweets etc., but not fruit, biscuits or food generally. Small handbags (which may be left underneath desks whilst working) may be taken in, but all other bags must be left outside the examination room. All students are warned against leaving money or valuables outside examination rooms. No responsibility for the loss of students' personal property can be accepted by the University. Anything taken into an examination room must be made available for inspection by the examination supervisors or other University staff.

(5) Battery operated, non-programmable calculators may be used unless specifically prohibited by an examiner. If students are in any doubt about the use of electronic calculators, they should contact the examiner well before the date of the examination.

(6) No candidate may be admitted to the examination room after the expiration of one hour from the commencement of writing, except under very exceptional circumstances, and then only by the express permission of the Examinations Section. Permission cannot be given if a candidate who may have seen a paper has already left an examination.

(7) No candidate may leave an examination room (even if entered in error) except under escort, until one hour has elapsed from the time of writing commenced. Students who attend an examination at the wrong time and have entered the examination room, will be required to stay in that room for one hour from the time writing has commenced. No candidate may leave during the last ten minutes of any examination.

(8) Ten minutes reading time is allowed for most papers. During this time students may only complete the attendance form and fill in the covers of their answer books. No other writing is permitted.
 (9) 'Confidential' Papers: Most papers of this type (usually multiple choice papers) are not to be copied, nor removed from the examination room by students or supervisors. The following rules will be observed:

(a) Any student wishing to leave the examination room early must attract the attention of the supervisor and wait until the supervisor has collected the paper.

(b) When 'cease writing' is called, students must remain in their seats until all books have been collected.

(10) Students are not permitted to loiter in the vicinity of examination rooms; during or at the conclusion of an examination. Nor are they permitted to talk or make noise near such rooms.

(11) The attention of all candidates is drawn to the instructions printed on the cover of each examination book.

7. 11 Supplementary examinations and further tests for the Bachelor of Nursing

(1) No supplementary examinations or further tests will be conducted in the Bachelor of Nursing course by the Faculty of Nursing, except where there are extenuating circumstances in particular cases. Students should refer to the resolutions in this document relating to special consideration.

7. 12 Timetables

(1) Examination timetables are available from the Faculty Office approximately two to three weeks prior to the examination period. Initially the timetable is published in draft form. Students are responsible to ensure that they check the final form of the timetable. Note that errors in reading timetables are not a valid excuse for missing examinations.

7. 12.1 Timetable problems

(1) Students who find they have two or more examinations scheduled in the same timeslot should apply for a change of timetable at Main Campus Student Services as soon as the draft timetable is published.

7. 13 Translation dictionaries

(1) Translation dictionaries may be used in examinations by ESL (English as a second language) students who are sitting for examinations in years 1 and 2 of all undergraduate courses in the Faculty of Nursing including those enrolled in the Bachelor of Nursing (Post-registration). Year 3 and 4 ESL students are not permitted to use translation dictionaries.

(2) Procedures for applying to use a translation dictionary are set by the Examinations Office and students should seek further information from the Student Centre (Camperdown Campus).

8. Exclusion

8. 1 Restriction upon re-enrolment

(1) There are certain circumstances in which students could be asked to show good cause why they should be permitted to repeat any previously attempted unit of study.

(2) Liability for exclusion from re-enrolment is determined by academic attainment during the immediate past one or two academic years (depending upon the faculty or board of studies concerned). Students who are in any doubt about their liability for exclusion following academic failure or discontinuation of degrees should ask advice of the Exclusions office in Student Services (Main Campus).
 (3) Students should refer to the Faculty resolutions relating to show cause in this document.

(4) Students whose attendance at and/or performance in clinical practicum sessions causes doubt in relation to their safety to practise may be asked to show cause why they should be permitted to re-enrol in the course.

9. Exemption

9. 1 Partial Exemptions

Upon re-enrolment in a failed unit of study, students will be required to complete the whole unit of study.

Part III: Clinical – Undergraduate

1. Application

(1) These resolutions apply to pre-registration students and international students who hold a qualification in another country and who are completing requirements to register in NSW.

2. Definitions

2. 1 Nursing Assessment by Simulation (NABS) (1996 Resolutions only)

NABS are examinations conducted on the practical clinical skills and are part of the assessment of the clinical component of a unit of study. A student who fails to achieve a passing grade in NABS will be deemed to have failed the unit of study.

2. 2 On-campus clinical assessments (2002 Resolutions)

On-campus clinical assessments are conducted as a component of particular units of study. A student who fails to achieve a passing grade in on-campus clinical assessments will be deemed to have failed the unit of study.

2. 3 Clinical failure

A student is deemed to have a clinical failure if they fail to satisfy requirements for the clinical component of a unit of study either on the basis of attendance and/or performance.

3. Attendance

3. 1 Clinical nursing laboratories sessions (on and off-campus)

(1) Clinical nursing laboratory sessions form an essential part of the clinical component of the Bachelor of Nursing curriculum approved by the NSW Nurses Registration Board. Students are required to attend and participate in each of the clinical sessions and are required to register their attendance at the commencement and completion of each session.

(2) Students who are absent for part or all of a clinical sessions are required to notify the unit of study coordinator within the week of the missed session to arrange suitable make-up. Attendance time is at the discretion of the laboratory facilitator.

(3) In the case of prolonged illness or misadventure, subject to the meeting the requirements of the resolutions relating to special consideration in this document, students may book independent practice sessions on return from their absence. These sessions must take place prior to the student's clinical placement and should be arranged with the unit coordinator.

(4) Failure to attend all clinical sessions or to make appropriate arrangements with the unit of study coordinator when absent will result in the student not being allowed to attend clinical placements in health service agencies and an Absent Fail grade being awarded.

(5) A maximum of two make-up clinical will be permitted each semester.

3. 2 Clinical placements

(1) Clinical settings may include community settings, people's homes, hospitals and nursing homes. Attendance at all clinical placements is compulsory. Unsubstantiated absences from clinical placements will result in a Fail grade. The student will then be required to repeat the unit of study.

(2) The opportunity for students to indicate a preference for particular clinical placement sites will be available. Preferences should be lodged with the Clinical Education Administration Office on the appropriate form by the date indicated at the commencement of the semester. Staff will endeavour to meet the requests of students who nominate preferences, however places at a specific site cannot be guaranteed. Students may obtain forms from the Clinical Education Administration Office for the purpose of nominating preferences for a clinical placement.

(3) For clinical placements or where no preference is recorded the Faculty, having given due attention to students' listed home address, will endeavour to place students within a reasonable distance of this address but cannot guarantee any particular placement.

(4) If a student is unable to attend a clinical placement for any reason they must:

(a) contact their ward/placement and notify their clinical supervisor;
 (b) contact the Faculty Office with the reason for non-attendance; and

(c) follow the guidelines set out in the resolutions relating to special consideration in this document.

(5) Any student who is called for jury duty at the time of a clinical placement should contact the Faculty Office as a matter of urgency.

(6) Hospitals and health care agencies may not accept students for clinical placement who are more than 33 weeks pregnant. Students in this situation are required to contact the Faculty Undergraduate Clinical Coordinator or Clinical Officers.

3. 2.1 Changing scheduled clinical placement

(1) Students are required to be available for clinical placements throughout the specified clinical period as designated by the semester and vacation dates published by the Faculty annually.

(2) In normal circumstances variation of scheduled clinical experience will not be possible

(3) In extenuating circumstances requests for specific dates for clinical placements may be made in writing to the Faculty Office by week 3 of the relevant semester (except in the event of unforeseen circumstances such as illness where students are advised to contact the appropriate Associate Dean for assistance). The reason for the request must be clearly stated, and applications submitted with supporting documentation.

(4) In extenuating circumstances variation to placement sites may be considered up to 1 week after the advisement of the site on the noticeboard in the clinical laboratory area.

3. 3 Infectious diseases

(1) All students are required to be aware of the NSW Health Department's definition of exposure-prone procedures and note that clinical practice may pose risks of infection. The Clinical Education Office is able to provide students with details of these requirements.

(2) The Faculty of Nursing expects that all nursing students will be aware of their own infectious diseases status and, if necessary, undergo appropriate immunisations. Students for whom immunisation is inadvisable on medical grounds should seek advice about alternative preventive measures in the event of exposure.

(3) In addition to the personal risks to students there are small risks to susceptible patients from actively infected students. Students who consider themselves at risk should seek advice individually and check their status as often as advised.

(4) Students need to be aware that the NSW Health Department has the right to refuse placements to students who are not fully immunised.

3. 4 Length of clinical day

First year	3 weeks equivalent
Second year	8 weeks equivalent
Third year	14 weeks equivalent

(2) Part-time students will undertake clinical placements during the same periods as full-time students.

(3) Students are strongly advised not to organise paid employment or any other extraneous activities until they are aware of their actual clinical experience hours. Students who fail to do so may not be able to have their requests to vary placement granted.

3. 6 Supplementary Clinical policy

(1) The Faculty aims to manage clinical placements in an efficient and academically fair manner. Clinical placements will be organised for particular weeks during the calendar year, some of which may be outside the semester periods. Students are advised to ensure they are substantially free from other commitments at those times.

(2) Only students who have a genuine illness or misadventure during their original clinical placement are eligible for supplementary clinical.

(3) Students who are absent from their assigned clinical placements, and who meet the requirements for special consideration as set out in this document, are required to complete an Application for a Supplementary Clinical form and forward to the Faculty Office within seven days of the completion of the affected clinical placement.

(4) Applications will not be considered unless they include the following supporting documentation:

(a) for Illness, the information supplied on the medical certificate should be sufficient to satisfy the Board of Studies that the condition is of a serious enough nature to merit consideration for a supplementary clinical and should include the likely effect on the student's performance during the clinical placement together with the estimated period of time over which the condition may result in prohibiting the student from completing a clinical placement.

(b) for Misadventure, the reason for the absence must be beyond the control of the student and outside of normal circumstances expected of student life.

Normal circumstances relate to matters that an average student could be expected to encounter in daily life such as:

- (i) difficulty applying oneself to university studies;
- (ii) demands of employment including the consequence of promotion, employment transfer or change;
- (iii) being temporarily absent from the usual place of residence;
- (iv) difficulties in personal relationships;
- (v) the need for financial support; and
- (vi) social activities.

(5) Completion of an Application for a Supplementary Clinical does not guarantee:

- (a) a place in a supplementary clinical; or
- (b) a place during the next appropriate clinical placement period.

(6) Generally there will be a limited number of places available to students requiring supplementary clinical in any given semester.

(7) Applications for supplementary clinical will be considered on merit.

(8) Applications will be reviewed by the Head of Department and students will be notified of the decision.

(9) Students who are not granted a supplementary clinical by the Head of Department will be deemed to have failed the relevant unit of study. These students will be required to re-enrol in the unit of study.

3. 7 Transport to clinical placements

(1) The clinical day can occur between the hours of 7 am and 11 pm, Monday to Friday, depending on the experience being undertaken, the clinical setting, and the commencement time of the morning and afternoon shifts. Greater variation in the clinical day may occur during Year 3.

(2) The length of the clinical day will also vary. Details will be provided to the students as necessary. Many clinical sites have a clear expectation that students on placement will attend for the length of a full shift - ie, eight hours.

(3) The number of days of attendance during the clinical week for each placement will vary between placements. Details will be provided by the Faculty Office but students are forewarned that attendance 4 or 5 days per week is usually required.

3. 5 Length of clinical placement

(1) The following periods of clinical placement off campus will be undertaken during a Bachelor of Nursing course:

(1) It is the student's responsibility to arrive at the designated clinical experience placement on time.

4. Performance

4. 1 Assessment of clinical performance

(1) To achieve a passing grade for their clinical placements students are required to:

- (a) meet all attendance requirements; and
- (b) pass both the core and required components of a unit of study.

(2) Specific assessment requirements will be communicated to students by the department responsible for a unit of study which includes a clinical placement.

(3) A student who does not meet the requirements of a clinical placement unit of study will be deemed to have failed that unit; such failures are defined as 'clinical failures'.

(4) A student who is deemed to be unsatisfactory or unsafe at any time during a clinical placement unit of study may have the clinical placement terminated and may be failed in that unit of study.

(5) A student who fails to meet the requirements of a clinical practicum unit of study shall be deemed not to have made satisfactory progress, and shall be required to show good cause why she or he should be permitted to re-enrol in the unit of study.

(6) Students who fail two clinical placements will not be permitted to proceed further with their course unless they can show good cause as to why they should be permitted to continue.

4. 2 Dress at clinical placements

(1) Unless stated otherwise all students are required to wear uniforms during clinical placement.

(2) Students are required to dress appropriately when participating in clinical education placement in health agencies. University staff have the discretion to ask a student to dress in an appropriate manner before proceeding on clinical placement.

4. 2.1 Females' standard of dress

(1) White short sleeved dress with collar, blue stitching on sleeves and collar, university logo to be attached to the right side of uniform opposite the breast pocket; black lace-up flat shoes; navy blue cardigan and/or vest; flesh or light coloured stockings; student identification card (to be worn on left side of uniform).

(2) As an alternative, students may wear a white short sleeved shirt with collar, blue stitching on sleeves and collar, university logo to be attached to the right side of uniform opposite the breast pocket; navy slacks or culottes; black lace-up flat shoes; navy blue cardigan and/or vest; flesh or light coloured stockings.

4. 2.2 Males' standard of dress

(1) White open necked jacket with collar, blue stitching on sleeves and collar, university logo to be attached to the right side of uniform opposite the breast pocket; navy trousers; black lace-up shoes; navy blue cardigan and/or vest; dark socks.

4. 2.3 Identification

(1) Student identification card is to be worn on left side of uniform.

4. 3 Clinical experience requirements students re-enrolling after an interruption to their studies

(1) Second and third year students returning from exclusion or leave will be required to undertake Clinical Practical placements during the academic year in which they re-commence their studies. Such students are required to achieve a satisfactory grading and undertake on and off campus clinical experience as deemed appropriate by the Board on advice from the relevant Head of Department.

(2) Any student currently enrolled who has not completed clinical experience within a period of two years prior to eligibility for registration will be required to undertake a clinical unit of study before completion of the course.

4. 4 Credit for clinical placements

(1) First year Bachelor of Nursing students who are enrolled nurses are required to enrol in all first year units of study. They may be granted exemption from one week's off-campus held at the end of Semester 1.

4. 5 Exclusion from clinical placements

(1) A meeting of the Clinical Performance Committee shall be convened in circumstances where a student, while undertaking a field experience or clinical nursing placement, is:

- (a) excluded by either University or agency staff from a clinical agency; and/or
- (b) the subject of an adverse report in writing related to specific incident(s) which, in the opinion of the reporting registered nurse, are sufficiently serious to cast doubt on the student's potential to perform safely as a beginning practitioner in clinical nursing.

Part IV: Clinical – Postgraduate

1. Attendance

(1) In order to successfully complete a postgraduate degree, diploma or certificate students undertaking specific majors or units of study may be required to undertake periods of clinical practice during which their performance and attendance are assessed. These requirements are set out in the resolutions for the Master of Nursing, Graduate Diploma of Nursing, Graduate Diploma in Midwifery and the Graduate Certificate of Nursing as well as within individual units of study.

2. Assessment of clinical performance

(1) To achieve a passing grade for their clinical placements students are required to:

- (a) meet all attendance requirements; and
- (b) be assessed as "satisfactory".

(2) Specific assessment requirements will be communicated to students by the department responsible for a unit of study, which includes a clinical component.

(3) A student who does not meet the requirements of the clinical component of a unit of study or course will be deemed to have failed that unit or course; such failures are defined as 'clinical failures'.

(4) A student who is assessed or deemed to be unsatisfactory or unsafe clinically may be asked to show cause why they should be permitted to re-enrol in the course.

(5) A student who fails to meet the requirements of the clinical component of a unit of study or course shall be deemed not to have made satisfactory progress, and shall be required to show good cause why she or he should be permitted to re-enrol in the unit of study.

(6) Students who have two clinical failures will not be permitted to proceed further with their course unless they can show good cause as to why they should be permitted to continue.

3. Exclusion

(1) A student who while undertaking a field experience in clinical nursing, or undertaking clinical practice pertaining to a unit of study or course in which they are enrolled is:

- (a) excluded by staff of either the University or from a clinical agency; and/or
- (b) the subject of an adverse report in writing in relation to specific incident(s) which, in the opinion of the reporting staff, are sufficiently serious to cast doubt on the student's clinical performance will be required to show cause before the Clinical Performance Committee.

Part V: Graduate Studies - Coursework

The resolutions relating to graduate studies must be read in conjunction with other Faculty Resolutions.

1. Candidature - suspension/extension

1. 1 Suspension of candidature in postgraduate coursework courses

(1) Students will normally only be eligible to apply for suspension of their candidature in coursework postgraduate courses following the successful completion of a minimum of two (2) units of study (equivalent to one (1) semester enrolment in the part-time mode).

(2) Students will be able to suspend candidature for a maximum of two semesters.

(3) During a course of study a student may only be permitted to suspend candidature once.

2. Satisfactory progress

(1) Candidates who fail:

(a) up to one quarter of the units of study in which they are enrolled in any semester may progress to a normal full-time load in the subsequent year. In addition, they are permitted to enroll in the failed unit of study;

(b) one half of the units of study in which they are enrolled in any semester may only progress to a normal full-time load in the subsequent year. This must include the units of study in which they failed previously; or

(c) more than half of the credit point load undertaken during a semester or a year, or who fail to meet the requirements of a practicum unit, or who discontinue enrolment in one unit of study twice shall be deemed not to have made satisfactory progress. They shall be required to show good cause as to why they should be permitted to re-enrol in the course.

3. Award with merit

The following resolutions apply only to students enrolled in degree codes in operation prior to 2001.

3. 1 Graduate Diploma

(1) All students who achieve a distinction average or better on the basis of all units of study will be awarded their diploma with merit.

3. 2 Master of Nursing

(1) All students who:

(i) achieve a distinction average or better on the basis of all units of study undertaken in the course; and

(ii) are awarded a Distinction or High Distinction in the Treatise or Clinical Project B; will be awarded their degree with merit.

4. Award of the Bronze Medal

The following resolutions apply only to students enrolled in degree codes in operation prior to 2001.

4. 1 Master of Nursing

(1) A bronze medal may be awarded to the one student who not only 'secures the most distinguished record of achievement throughout the course', but also 'shows outstanding merit'.

To be considered for the award of a Bronze Medal, a student must:

(i) achieve High Distinctions in all units of study undertaken during the course (where two or more students in one subject area fall within this category, the total of their actual marks will be taken into account); and

(ii) attract examiners' comments on their treatise denoting an exceptional piece of work overall; and

(iii) in the opinion of the Board of Postgraduate Studies, merit the award.

Part VI: Research Degrees

The resolutions relating to graduate studies must be read in conjunction with all other Faculty Resolutions.

Division I: General Information

1. Candidature - suspension/extension

1. 1 Extension of research candidature

(1) A recommendation from the appropriate Departmental Review Committee should where reasonably possible accompany all applications to the Board of Studies for extension of research candidatures.

(2) If a three month notice of submission of thesis has not been received in the Faculty Office by May 30 or November 30 as appropriate, for the final semester of a student's candidature, the head of department will be advised and a Departmental Review undertaken to provide a recommendation to the Board of Studies in time for a student to receive timely advice on their next semester's enrolment.

2. Theses

2. 1 Definition of Terms

(1) The term, thesis, applies to the independent work of a student enrolled in a designated research degree. A degree is designated as a research degree if it contains a research component of 66%. In the case of the Faculty of Nursing, this includes the following awards:

(a) Bachelor of Nursing (Honours)

(b) Master of Nursing (Honours)

(c) Master of Philosophy

(d) Doctor of Philosophy

Division II: Bachelor of Nursing (Honours)

1. Admission

(1) Students who have qualified for the Bachelor of Nursing and who are registered to practise nursing and are considered by the Faculty and the head of department concerned to have the requisite knowledge and aptitude may be eligible to apply for the Honours course.

(2) Students who have completed the first two years of the Bachelor of Nursing as a pre-registration degree and are considered by the Faculty and the head of department concerned to have achieved at a sufficiently meritorious level in their academic and off-campus clinical work may be admitted to the Bachelor of Nursing (Honours) course as a pre-registration pattern of study.

(3) Students who have graduated with a Bachelor of Nursing from universities other than The University of Sydney may also be eligible to apply for the Honours course.

2. Supervision

(1) Students admitted under clause 1 (1) and (3) will complete all required coursework and a thesis with the guidance of a supervisor appointed by the head of department.

(2) Students admitted under clause 1 (2) will complete:

- (a) all required coursework and a thesis with the guidance of a supervisor (or supervisor) appointed by the head of department; and
- (b) all required clinical requirements as specified from time to time by the Faculty.

3. Bachelor of Nursing (Honours) Thesis

(1) While a student is required to demonstrate originality when writing a thesis, it does not follow that the thesis must be a research report in the sense that the student has collected and analysed original data. A thesis is required to embody original work or new knowledge (facts), insights or understandings in the sense that the student argues for a particular position, methodical approach, and/or analysis and/or interpretation and is able to defend it. The thesis is original in the sense that it makes a distinct contribution to knowledge or to ways of investigating a particular topic. The student is also expected to demonstrate competence in conducting research.

(2) One of the central characteristics of an honours degree is that it requires the student to complete a substantial piece of work in a limited time frame. This requirement should be reflected in the topic and the scale of the project. As general principles:

(a) the size of the project and the topic to be investigated should be matched by the time and resources available to complete the award in the specified time;

(b) any ethical issues must be addressed before the final selection of the topic is made.

(3) Possible options for an honours thesis include but are not restricted to, the following:

(a) a report of research in which data have been collected, analysed and interpreted, including replication studies;

(b) a literature review and critique, with particular emphasis on the identification of lines of inquiry that can be followed;

(c) a discourse (and textual) analysis;

(d) a philosophical essay;

(e) an exposition of an ethical issue or area;

(f) a clinical or nursing practice project, that is, the identification, description and analysis of a particular clinical issue or nursing practice, the means by which it can be investigated and any particular methodological, theoretical, clinical and conceptual issues that need to be addressed;

(g) an historical project;

(h) an audit of case records;

(i) a needs analysis; or

(j) an epidemiological inquiry

(4) Suggested parameters for projects which involve the collection of data for an honours thesis are as follows:

(a) research designs should be uncomplicated;

(b) instrumentation should already be established;

(c) replication studies are permissible;

(d) descriptive hypothesis-generation studies are permissible;

(e) evidence must be produced in the early stages of the student's enrolment that ready access to respondents or to the relevant field(s) can be obtained;

(f) the sample size of the project should not be too ambitious and the sample should be readily accessible;

(g) the design characteristics of the study should be simple and straightforward; and

(h) descriptive and/or inferential statistics may be used.

(5) The length for the honours thesis is 10,000 to 15,000 (maximum) words.

(6) The thesis must be submitted in a form consistent with the Faculty style guide.

Division III: Master of Nursing (Honours)

1. Admission

(1) Students who have qualified for the Master of Nursing and are considered by the Faculty and the head of department concerned to have the requisite knowledge and aptitude may be eligible to apply for the Master of Nursing (Honours) course.

(2) Students who have graduated with a Master of Nursing or another appropriate degree from universities other than The University of Sydney may also be eligible to apply for the Honours course.

2. Supervision

Students will complete a thesis under the guidance of a supervisor appointed by the head of department. Supervision will normally involve, on average, a one hour per week meeting.

3. Master of Nursing (Honours) Thesis

(1) While a student is required to demonstrate originality when writing a thesis, it does not follow that the thesis must be a research report in the sense that the student has collected and analysed original data. A thesis is required to embody original work or new knowledge (facts), insights or understandings in the sense that the student argues for a particular position, methodical approach, and/or analysis and/or interpretation and is able to defend it. The thesis is original in the sense that it makes a distinct contribution to knowledge or to ways of investigating a particular topic. The student is also expected to demonstrate competence in conducting research.

(2) One of the central characteristics of an honours degree is that it requires the student to complete a substantial piece of advanced work in a limited time frame. This requirement should be reflected in the topic and the scale of the project. As general principles:

(a) the size of the project and the topic to be investigated should be matched by the time and resources available to complete the award in the specified time;

(b) any ethical issues must be addressed before the final selection of the topic is made.

(3) Possible options for an honours thesis include but are not restricted to, the following:

(a) a report of research in which data have been collected, analysed and interpreted, including replication studies;

(b) a literature review and critique, with particular emphasis on the identification of lines of inquiry that can be followed;

(c) a discourse (and textual) analysis;

(d) a philosophical essay;

(e) an exposition of an ethical issue or area;

(f) a clinical or nursing practice project, that is, the identification, description and analysis of a particular clinical issue or nursing practice, the means by which it can be investigated and any particular methodological, theoretical and conceptual issues that need to be addressed;

(g) an historical project;

(h) an audit of case records;

(i) a needs analysis;

(j) an epidemiological inquiry; or

(k) a highly developed proposal for a research project.

(4) Suggested parameters for projects which involve the collection of data for an honours thesis are as follows:

(a) designs should be simple;

(b) instrumentation should be established;

(c) descriptive hypothesis-generation studies are permissible;

(d) evidence must be produced in the early stages of the student's

(e) enrolment that ready access to respondents or to the relevant

field(s) can be obtained;

(f) the sample size of the project should not be too ambitious and the sample should be readily accessible;

(g) the design characteristics of the study should be achievable in the time available.

(5) The length for the honours thesis is 15,000 to 20,000 (maximum) words.

(6) The thesis must be submitted in a form consistent with the Faculty style guide.

Division IV: Final Year Honours

In degrees where honours grades are reported in percentages, the grades for the award of honours shall be:

Code	Description	Mark Range	Comments
H1M	Honours Class I and Medal	90-100	The student's performance is of first class Honours standard and justifies consideration of the award of the University medal.

H1	Honours Class I	80-89	The student's performance is of first class Honours standard but not of a standard that justifies consideration of the award of the University medal.
H21	Honours Class II (Division 1)	75-79	The student's performance is of second class Honours (Division 1) standard.
H22	Honours Class II (Division 2)	70-74	The student's performance is of second class Honours (Division 2) standard.
H3	Honours Class III	65-69	The student's performance is of third class Honours standard.
P	Pass	< 64	The student's performance is not such as to justify the award of Honours.

Division V: Master of Philosophy (Nursing)

1. Length of thesis

(1) The length of the Master of Philosophy thesis is determined by the topic area and the type of research conducted. Although the Faculty of Nursing does not stipulate a word limit the maximum for a Master of Philosophy thesis is 60,000 words.

2. Submission of thesis

(1) Three months prior to submission of the thesis students are required to inform the Faculty on the appropriate form that the thesis is approaching completion. At that time it is also necessary to supply three copies of a 300 word summary of the thesis for distribution to potential examiners.

(2) Three copies of the thesis must be presented for examination. These copies may be soft bound as stated in 1998 Thesis Guide (SUPRA). The recommendation for submission from your supervisor must be presented along with the thesis (a sample form is included in Appendix II).

(3) On successful completion of the examination process a minimum of two hard bound copies of the completed thesis printed on acid free paper will be required, by their head of department for lodging in the University and Faculty libraries. These requirements are further explained in the 1998 Thesis Guide (SUPRA).

3. Examination of thesis

3. 1 Appointment of Examiners

(1) Once the thesis has been lodged and the supervisor's certificate received, the Chair of the Board of Studies (acting on behalf of the Faculty - see section 3.30), having considered the certificate, shall approve the appointment of examiners on recommendation from the head of department concerned, unless the faculty board considers that examiners should not be appointed.

3. 2 Examiners not appointed

(1) If the Board of Studies, after consideration of the supervisor's certificate, has resolved not to proceed to the appointment of examiners, it shall refer the matter back, with the reasons for the decision, to the head of department for further consideration in consultation with the supervisor.

3. 3 Delays in appointment

(1) The head of department and the Board of Studies shall take all possible steps to ensure that examiners are appointed within four weeks of the submission of the thesis.

(2) The head of department should normally have taken the steps outlined below in sections 3.4 to 3.6, noting the provisions of section 3.8, before the thesis is submitted.

3. 4 Consultation and recommendation

(1) The head of department shall, if reasonably possible, before making his or her recommendation for the appointment of examiners, consult the supervisor and, if it is considered by the supervisor to be necessary, any appointed associate supervisor.

(2) The head of department shall recommend the appointment of two examiners of the thesis of whom one shall be external to the University - ie, not being a member of the staff of the University, or hold a clinical academic title.

(3) The head of department may also recommend the appointment of one or more qualified additional persons who may be called on to act in place of one or more of the two first appointed examiners.

3. 5 Qualifications of examiners

(1) Examiners recommended should be known to be familiar with the supervision and examination of research theses and should normally still be active in research and/or scholarship.

(2) An examiner appointed to act as an assessor under section 3.18(f) should possess very high standing in the subject in question.

(3) Subject to any policy to the contrary by the Board of Studies, a supervisor of a candidate may be appointed as an examiner for that candidate, except that a supervisor shall not normally be so appointed if he or she is also the head of the department or academic unit concerned. It is however, Faculty of Nursing policy that a supervisor would not normally be appointed as an examiner.

(4) A head of department, in making a recommendation, shall take all reasonable steps to ensure that the examiners proposed are free from bias either for or against the candidate or the supervisor.

3. 6 Involvement of candidate

(1) The head of department or the supervisor or the candidate may initiate a general discussion with the candidate by the supervisor and/or the head of department of a wide range of possible examiners.

(2) A candidate may advise the Head of Department or the Dean or the Chair of the Board of Studies of the names of any persons the candidate does not wish to see appointed as examiners, giving the reasons in writing.

3. 7 Faculty to appoint examiners

(1) The Board of Studies, on receipt of a recommendation for the appointment of examiners from a head of department, and having considered any advice from the candidate, may appoint the examiners as recommended or appoint different examiners after consultation with the head of department.

3. 8 Disclosure of names

(1) Except as may be necessary when an oral examination is required, the names of the examiners appointed shall not be disclosed to the candidate until a determination has been made about the award of the degree.

3. 9 Invitation to examiners

(1) After the appointment of examiners by the Board of Studies, the Dean shall write to the external examiner inviting him or her to act, specifying the conditions applicable to the examination process and enclosing the resolutions for the degree, an information statement and the examiner's report form.

(2) On receipt of an acceptance of the invitation to act, or on advice from the head of department concerned that the examiner is willing to act under those conditions, the Dean shall dispatch a copy of the thesis.

(3) The Dean shall similarly write to the internal examiner advising him or her of their appointment and the conditions, which apply and enclosing the resolutions for the degree and the examiner's report form, together with a copy of the thesis.

3. 10 Delegations of authority

(1) A head of department may delegate to a specified member of the academic staff his or her responsibilities under this section by countersigning a specific recommendation in respect of a particular candidature or by making and forwarding to the Dean, a written statement of delegation of those powers.

3. 11 Examiners' reports

(1) An examiner is required to complete the examination of the thesis and submit a report on the prescribed form within two months of receipt of the thesis.

(2) The examiner shall be advised by the Dean of the name of the other examiner who has agreed to act and may consult the co-examiner directly at any stage of the examining process, but shall submit an independent report and shall not have any right of access to the other examiner's reports.

(3) The report shall include the recommendation that:

- (a) the candidate be awarded the degree without further examination; or
- (b) the candidate be awarded the degree subject to correcting typographical errors before the degree is conferred. (Typographical errors include spelling, grammar, punctuation, capitalisation and reference dates); or
- (c) the candidate be awarded the degree subject to conditions listed in the examiner's report being addressed to the satisfaction of the Faculty (which may include a recommendation that, if reasonably possible, the candidate should be required to take an additional oral or other examination); or
- (d) the candidate be not awarded the degree, but be permitted to re-submit the thesis in a revised form for re-examination, following a further period of study, the examiner having formed the opinion that the errors or deficiencies substantially affect the argument or the thesis; or

(e) the candidate be not awarded the degree.

(4) The report shall also record whether in the opinion of the examiner:

(a) the thesis is a substantially original contribution to the knowledge of the subject concerned;

(b) the thesis affords evidence of originality by the discovery of new facts;

(c) the thesis affords evidence of originality by the exercising of independent critical ability;

(d) the thesis is satisfactory as regards literary presentation; and

(e) a substantial amount of material in the thesis is suitable for publication.

(5) The examiner shall state the grounds on which his or her recommendation is based, indicating the strengths and weaknesses of the thesis and the particular contributions made by the candidate and may list emendations that it is considered should be made and shall indicate the extent of any consultation with the other examiner.

3. 12 Release of examiners' names

(1) As part of the report form, the examiner shall be asked to indicate whether he or she is willing to have his or her name and/or his or her report in full or in part released to the candidate, either at the conclusion of the examination, or in the circumstances outlined in sections 3.22(2) to 3.22(4).

3. 13 Receipt of reports

(1) The Dean shall acknowledge receipt of reports as received and arrange for payment of the examiner's fee to external examiners.

(2) The Dean shall contact any examiner, who has not submitted his or her report within ten weeks of dispatch of the thesis, requesting advice as to when it will be submitted and reminding the examiner of the conditions of the examination.

3. 14 Replacement examiner if report not received

(1) The Dean shall further contact any examiner who has not submitted the report by the end of the fourteenth week after dispatch of the thesis, advising that it will be necessary to proceed to the appointment of a replacement examiner if the report is not received within a further two weeks and shall proceed to do so if the report is not received within that time.

(2) Notwithstanding the fact that replacement examiners may previously have been appointed, the Dean shall seek advice from the head of department as to who should act as a replacement examiner in the event of an examiner being replaced under the circumstances referred to in section 3.14(1) and, if necessary, the Board of Studies shall appoint a further qualified examiner on the recommendation of the head of department who shall, if necessary, have carried out the same consultative procedures as applied to the initial appointment of examiners.

(3) Should the process of appointing a replacement examiner under the circumstances referred to in section 3.14(1) have proceeded to the point where a copy of the thesis has been dispatched to the replacement examiner, any report subsequently received from the examiner who has been replaced shall not be considered in determining the result of the candidature.

(4) Notwithstanding the provisions of sections 3.14(1) to 3.14(3) the Board of Studies or its Chair may, in such circumstances as it shall determine are exceptional allow some specific variation to those requirements.

3. 15 Consideration of examiners' reports: Head of Department reports

(1) When both examiners' reports have been received:

(a) if both examiners' reports have recommended that:

(i) the degree be awarded without qualification; or

(ii) the degree be awarded subject to the correction of typographical errors; or

(iii) the degree be awarded subject to emendations;

the reports shall be forwarded by the Faculty Office to the Chair of the Board of Graduate Studies or the Chair's nominee for consideration; or

(b) if any other recommendations have been made, or if there is disagreement between the examiners, the Faculty Office shall forward the reports to the head of department for a recommendation and to the supervisor.

(2) Neither head of department nor supervisor shall have a right of access to the examiners' reports before they have both been received, except where the Dean of the Faculty considers that special circumstances exist.

(3) The head of department, if:

(a) there is disagreement between the examiners; or

(b) emendations have been recommended by an examiner; shall, before making a recommendation, if reasonably possible, consult the candidate's supervisor(s), the student, and (where appropriate) the candidate's annual progress reports.

(4) When making her/his recommendation, the head of department shall indicate the nature and extent of consultation that has been carried out and shall forward a copy of any written report she/he has received from the supervisor(s).

3. 16 Head of Department's recommendation.

(1) Having considered the reports of the examiners and carried out any required consultation, the head of department may make one of the following recommendations:

(a) that the degree be awarded without further conditions; or

(b) that the degree be awarded subject to the correction of typographical errors being made in all the copies of the thesis to be retained in the University before the degree is conferred; or

(c) that the degree be awarded subject to emendations being made in all copies of the thesis to be retained in the University; or

(d) that the candidate be required to take an additional oral or other examination or answer specific questions put by an examiner; or

(e) that an additional examiner be appointed; or

(f) that an additional examiner be appointed to examine the thesis and act as an assessor of the reports of the other examiners; or

(g) that the reports of the examiners, together with the comments from the supervisor be referred to both the examiners for their comment; or

(h) that the candidate not be awarded the degree, but be allowed to revise and resubmit the thesis within a prescribed maximum period of time; or

(i) that the degree not be awarded.

3. 17 Consideration of examiners' reports and Head of Department's recommendation

(1) The head of department, having made a recommendation in accordance with any of 3.16(a) to 3.16(i) above, shall forward the recommendation to the Faculty Office for the consideration of the Chair of the Board of Studies, who may convene a meeting of members of the Board of Studies.

(2) In the event of a recommendation in accordance with 3.16(d) to 3.16(i) above, the Chair of the Board of Studies shall refer the matter to the Board of Studies for its consideration.

3. 18 Board of Studies' action

(1) The Board of Studies, after consideration of the examiners' reports and the recommendation of the head of department may decide:

(a) that the degree be awarded without further examination; or

(b) that the degree be awarded subject to the correction of typographical errors being made in all the copies of the thesis to be retained in the University before the degree is conferred; or

(c) that the degree be awarded subject to emendations specified by the head of department being made in all copies of the thesis to remain available in the University; or

(d) that the candidate be required to take an additional oral or other examination or answer specific questions put by an examiner, this not being a substitute for requiring the candidate to make emendations to the thesis or to revise and resubmit the thesis; or

(e) that an additional examiner be appointed; or

(f) that an additional examiner be appointed to examine the thesis and act as an assessor of the reports of the other examiners; or

(g) that the reports of the examiners, together with comments from the supervisor, shall be referred to both the examiners for their comment; or

(h) that the candidate not be awarded the degree, but be allowed to revise and resubmit the thesis within a prescribed maximum period of time; or

(i) that the degree be not awarded.

(2) Where the Board of Studies has approved the award of the degree without further conditions, the Dean shall advise the candidate that the degree has been awarded subject to the lodgement of two permanently bound copies of the thesis printed on acid-free or permanent paper, with the University and Faculty Librarians, and shall advise the examiners, head of department and supervisor.

(3) Where the Board of Studies has approved the award of the degree subject to the correction of typographical errors, the Dean shall advise the candidate that the degree has been awarded subject to the lodgement of two permanently bound copies of the thesis printed on acid free or permanent paper in which the typographical corrections have been made to the satisfaction of the head of department, with the University and Faculty Librarians, and shall advise the examiners, head of department and supervisor.

(4) Where the Board of Studies resolves that the degree be awarded subject to emendations specified by the head of department being made in all copies of the thesis to remain available in the University, the Dean shall advise the candidate of the decision and of the nature of the emendations required and the latest date by which the emendations shall be made, being, unless otherwise determined

by the Board of Studies, within a further three months, and shall provide such detail in relation to the examiners' reports as the head of department recommends.

3. 19 Oral examinations

(1) Where the Board of Studies has resolved under section 3.18(d) that the candidate be required to take an additional oral or other examination, or answer specific questions put by an examiner, unless the Board of Studies has determined otherwise, the Board of Studies shall be responsible for the oversight of these further examining processes and, having sought a further recommendation from the head of department, may then resolve in accordance with section 3.18(1).

(2) Those present at an oral examination may include one or more of:

- (a) the examiners;
- (b) persons, other than the examiners, nominated by the Board of Studies;
- (c) shall include the supervisor if he or she wishes; and
- (d) may include, with the approval of the Dean, a member of the University nominated by the candidate.

(3) A candidate shall be given reasonable notice of any oral examination and of the nature of the examination and the names of the persons who will be present and may advise the dean of the faculty of reservations he or she may have about the presence of any particular person, giving reasons in writing.

3. 20 Additional examiner

(1) Where the Board of Studies resolves under section 3.18(e) that an additional examiner be appointed, the provisions of sections 3.1 to 3.16 shall apply as appropriate and the Dean shall write to the examiner as provided in section 3.9(1) or 3.9(3) and shall advise the previously appointed examiners of the name of the additional examiner.

(2) The Board of Studies, having received a further recommendation from the head of department, together with an additional examiner's report, may then resolve as provided in section 3.16(1).

(3) Where the Board of Studies resolves under section 3.18(f) that an additional examiner be appointed to examine the thesis and act as an assessor of the reports of the other examiners, the provisions of sections 3.1 to 3.16 of these resolutions shall apply as appropriate and the Dean shall write to the examiner as provided in section 3.9(1) or 3.9(3), inviting the examiner to act as an assessor of the examiners' reports, as well as an examiner of the thesis and shall provide copies of the unidentified examiners' reports and shall also advise the previously appointed examiners of the name of the additional examiner who is also to act as assessor.

(4) The Board of Studies, having received a further recommendation from the head of department, together with an additional examiner-as-assessor's report, may then resolve as provided in section 3.18(1), except that, where the Board does not substantially resolve in the terms recommended by the assessor, it shall inform the Dean of its decision together with the reasons for that decision prior to any further action being taken.

3. 21 Referral of reports to examiners

(1) Where the Board of Studies resolves under section 3.16(1)(g) that the reports of the examiners, together with comments from the supervisor, shall be referred to both the examiners for their comment, the Dean shall seek comments from the supervisor and then send copies of the examiners' reports and the supervisor's comments to each of the examiners, advising them that it is in order for them to confer and seeking a further report from each examiner within a period of four weeks.

(2) The Dean shall forward the responses received, following the circulation of reports, to the head of department for such consultation as is required under sections 3.15 and 3.16, and to make a recommendation. The Board of Studies on receipt of that recommendation may then resolve as provided in section 3.18(1).

3. 22 Consultation with candidate

(1) Where the Board of Studies forms the intention either to resolve under section 3.18(h) that the degree not be awarded but that the candidate be allowed to revise and resubmit the thesis within a prescribed maximum period of time, or to resolve under section 3.18(i) that the degree not be awarded, that resolution shall be deferred to allow a process of consultation with the candidate.

(2) The Dean shall advise the candidate in writing of the Board's intention; shall provide de-identified copies of such of the examiners' reports as the examiners have indicated may be released and shall advise the candidate that he or she may within a period of four weeks give notice of intention to provide comment on the foreshadowed decision, such comments to be submitted in writing by no later than a total of eight weeks from the date of the Dean's advice.

(3) The Board of Studies shall further consider the examiners' reports and the head of department's recommendation, together with any comments provided by the candidate and any further comments provided by the head of department or supervisor and may then resolve as provided in section 3.18(1). At its discretion, the Board may refer any or all of the comments received to the examiners or to an examiner appointed as an assessor.

(4) The Dean may extend either of the time limits set out in section 3.22(2).

3. 23 Revise and resubmit

(1) Where the Board of Studies, following the consultation process referred to in sections 3.22, resolves under section 3.18(h) that the degree not be awarded but the candidate be allowed to revise and resubmit the thesis within a prescribed maximum period of time, the Dean shall advise the candidate of the decision, of any provisions relating to appeals, the particular conditions applying and the general requirements in respect of revision and resubmission and shall provide such detail in relation to the examiners' reports as the head of department recommends and shall also advise the examiners, head of department and supervisor of the terms of the decision.

3. 24 Degree not awarded

(1) Where the Board of Studies, following the consultation process referred to in sections 3.22, resolves under section 3.18(i) that the degree not be awarded, this decision shall be reported to the Dean who may note the decision or refer it back to the Board for further consideration. The Dean shall advise the candidate of the decision, of any provisions relating to appeals, shall provide such detail in relation to the examiners' reports as the head of department recommends and shall also advise the examiners, head of department and supervisor of the decision.

3. 25 Emendations and lodging of corrected thesis

(1) A candidate, on receipt of advice from the Dean that the degree has been awarded subject to emendations being made, shall make these emendations in consultation with his or her supervisor or head of department on all the copies of the thesis which are to be available within the University, including the copies printed on permanent or acid-free paper which are to be lodged with the University and Faculty Librarians; shall comply with the requirements with respect to permanently binding a copy of the thesis; shall request the head of department to certify that the corrections have been made and shall submit the thesis copies to the Dean by no later than the latest date advised for completing such action.

(2) The Dean, on receipt of the two corrected, permanently bound copies of the thesis and a statement from the head of department that the corrections have been made to his or her satisfaction, shall cause all corrected copies submitted to be stamped to indicate that the thesis is in the form which has been accepted for the degree; shall advise the Chair of the Board of Studies that the corrections have been made and that the Board can therefore approve the award of the degree; shall write to the candidate advising that all the requirements for the award of the degree have been met; shall lodge the permanently printed copies with the University and Faculty Librarians and shall so advise the examiners, head of department and supervisor.

(3) If a candidate does not carry out the required emendations within the time limit set, or the head of department, after consultation with the supervisor, does not consider that the emendations made are satisfactory, the head of the department shall refer the matter to the Board of Studies, which may grant additional time or set different conditions or may initiate proceedings under the provisions for the termination of candidature.

3. 26 Participation of Supervisor and Head of Department

(1) The supervisor and head of department may be present at any discussion by the Board of Studies of a recommendation by the head of department in respect to examiners' reports on the thesis of a candidate.

3. 27 Delegation of authority

(1) A head of department may delegate to a specified member of the academic staff his or her responsibilities under this section by countersigning a specific recommendation in respect of a particular candidature or by making and forwarding to the Dean, a written statement of delegation of those powers.

(2) The Board of Studies may delegate to its Chair, or in the absence of the Chair to the Chair's nominee from the Board its powers to award the degree under sections 3.18(a), (b) or (c).

3. 28 Revision and re-examination

(1) If the Board of Studies has resolved that a candidate not be awarded the degree but be permitted to revise and resubmit the thesis for re-examination, it shall prescribe a maximum period of further candidature and may prescribe particular conditions to be met.

- (2) A candidate permitted to revise and resubmit shall re-enrol while remaining a candidate for the degree and shall proceed according to the provisions of these resolutions.
3. 29 Revise and resubmit - examination
- (1) A head of department shall recommend examiners for a revised and resubmitted thesis after the consultation processes provided for in section 3.1 to 3.10, but the Board of Studies shall normally re-appoint the original examiners of the thesis, provided that they are available, unless one or more of those examiners has required modifications of the thesis that the Board consider to be unnecessary or undesirable or, in the opinion of the Board, there are academic reasons for not re-appointing any or all of the original examiners.
- (2) Subject to section 5.05 all the provisions of sections 3.1 to 3.27 relating to the examination process apply to the examination of a revised and resubmitted thesis.
- (3) Except where the Board of Studies permits otherwise, the recommendation that a candidate be not awarded the degree but be permitted to resubmit the thesis in a revised form for re-examination shall not be available to examiners of a thesis that has itself been submitted for re-examination.
3. 30 Faculty Board of Studies delegations
- (1) Where in these resolutions reference is made to a faculty board or action to be taken by a faculty board, that reference pertains to the Board of Studies or equivalent and any Dean, Chair, Associate Dean or other officer of the faculty board acting with the authority of the faculty board.
4. Departmental review and probationary review for Master of Philosophy students
- (1) All Master of Philosophy students admitted to the degree are to be subjected to departmental review after their second year of candidature, whether enrolled full-time or part-time.
- (2) Those students admitted to the degree on a probationary basis are also required to be subjected to a review at the end of the specified probationary period.
- (3) The satisfactory completion of this probationary period requires:
- (a) successful completion of any specified coursework;
 - (b) presentation of a seminar on their project;
 - (c) a supportive letter from the student's supervisor related to the student's ability to complete a project of appropriate scope and nature; and
 - (d) a supportive recommendation from the Head of Department on the basis of the supervisor's advice, the student's performance and progress towards completion.
- (4) The Board also resolved that the requirements of this probationary review must be communicated in writing to the candidate in their offer of admission letter.
- Division VI: Doctor of Philosophy
1. Length of thesis
- (1) The length of a PhD thesis is determined by the topic area and the type of research conducted. The Faculty of Nursing does not stipulate a word limit but is in agreement with University guidelines which state that the maximum number of words is 100,000.
2. Submission of the thesis for examination
- (1) Three months prior to submission of the thesis students must inform the Faculty on the appropriate form that the thesis is approaching completion. At that time the student should also supply four copies of a 300 word summary of the thesis for distribution to potential examiners.
- (2) Four copies of a PhD thesis must be presented for examination. These copies may be soft bound. The recommendation from the student's supervisor that the thesis is ready for submission must be presented along with the thesis.
- (3) On successful completion of the examination process a minimum of two hard bound copies of the completed thesis printed on acid free paper will be required for lodging in the University and Faculty Libraries.
3. Part-time applicants
- (1) Part-time applicants for a PhD candidature are required to make a statement to the effect that they will be in a position to devote a minimum of 20 hours per week to their candidature and attend the University for purposes of their PhD studies at least one full day per week.
- (2) Where applicable, the statement must include a declaration from their employer confirming that the student will be released from work commitments for one full day per week to pursue their studies, with the understanding that the student will be required to allocate at least a further twelve hours of their own time to the PhD candidature.
4. Probationary period

- (1) The initial full time year or equivalent period of candidature for all commencing research students is viewed as a probationary period. Part-time students will have a probationary period of not more than the initial three semesters. Consequently, candidature is not confirmed until this period has been completed and a supportable assessment of the student's progress is available.
- (2) In order for the Faculty to be confident of a student's ability to successfully complete a research candidature within the existing time frame the student must, by the end of the probationary period, demonstrate they are able to achieve the following to a level commensurate with the degree they are undertaking:
- (a) evidence of developing intellectual autonomy within the context of their particular research project;
 - (b) the ability to conduct a confident discussion on the direction, structure and content of the research they are planning to undertake;
 - (c) a thorough engagement with the literature relating to both the topic area and methodological issues associated with their research project; and
 - (d) a realistic view of the potential outcomes, feasibility and scope for their research project in context of the timeframe as related to the degree that they are undertaking.
- (3) To allow the Departmental Review Committees the opportunity to make reasonable judgements on the student's ability to conduct the doctoral project successfully candidates are required to complete the following by the end of the probationary period:
- (a) submit a literature review as guided by, and to the satisfaction of the student's supervisor. The topic and length of this piece of work is to be negotiated with the supervisor in association with the relevant HoD/ Departmental Postgraduate Coordinator;
 - (b) submit a Thesis Proposal and draft Table of Contents for the thesis to the Departmental Postgraduate Coordinator for the information of the Departmental Review Committee prior to interview;
 - (c) present a seminar which focuses on the methodological aspects of their proposed project to the Departmental Review Committee and interested faculty prior to interview;
 - (d) attend a Departmental Review Committee interview which will be conducted in line with current university policy in this area; and
 - (e) complete satisfactorily any units of study prescribed in association with candidature.
- (4) Supervisors are also required to provide to the student and members of the Departmental Review Committee a written report on the student's progress during the probationary period.
5. Workshop:
- (1) A workshop of 3 days in length will be conducted for all new research students and scheduled for late March each year. Attendance at the workshop will be compulsory for students commencing their candidature in 2000 and beyond.

Part VII: Alumni and Professional Relations Office

- (1) The resolutions relating to the Alumni and Professional Relations Office must be read in conjunction with all other Faculty Resolutions.
- (2) The Alumni and Professional Relations Office conducts professional short courses on and off campus; units of study by distance and flexible learning modes, and international student exchanges. Professional short courses are offered in research, clinical specialties, education, management, computer skills and professional issues.
- (3) Students may undertake units in the Alumni and Professional Relations Office as formally enrolled students or as professional development participants. All units are fee paying.
- (4) Students who are formally enrolled must abide by all resolutions of the Faculty and University.
1. Continuing professional education courses
1. 1 Admission
- (1) Participants register by completing a registration form and paying the prescribed fee plus GST. A letter confirming registration and receipt of payment is sent to participants once course fees have been received.
- (2) If the employer is paying short course fees, participants are requested to send a completed registration form and a copy of the authorised approval for funding. A letter confirming registration is sent to participants where employer is paying and documentation of this arrangement has been received.
1. 2 Assessment
- (1) Professional short courses are not assessed.

(2) Participants are given a Certificate of Attendance by the Faculty and the Alumni and Professional Relations Office at the completion of the course.

2. Academic study in approved units of study

2. 1 Admission

(1) Students may enrol in a unit of study in 2 ways:

- (a) as a professional course participant; or
- (b) as a student formally enrolled in the Faculty.

2. 1.1 Students enrolled in units of study as a continuing professional education course participant

(1) Students who enrol in units of study as a professional course participant do not formally enrol through the Faculty, do not undertake assessment and may not apply for credit of the unit of study towards a formal award.

(2) Students are awarded a Certificate of Course Completion from the Faculty and the Alumni and Professional Relations Office.

2. 1.2 Students who undertake a unit of study through the Alumni and Professional Relations Office and are formally enrolled in the Faculty.

(1) Students are enrolled as non-award students for single units of study or may be formally enrolled in a course - eg, Master of Nursing.

(2) A non-award student who is subsequently admitted to an award course of the Faculty may, on application, be granted credit for those units of study successfully completed as a non-award student

(3) Successful completion of a unit of study will not guarantee admission to an award course.

(4) Non-award students are required to pay subject tuition fees and general service fees appropriate to the unit(s) or module(s) studied.

2. 2 Assessment

(1) Assignments may be submitted by mail/fax only. Students should refer to the resolutions in this document relating to assignments and to the relevant unit of study outline.

(2) Due dates will be provided for each assignment. Students should also refer to the relevant unit of study outline for any additional instructions.

(3) Assignments received after the due date specified will only be accepted and no penalty applied where the student provides documentary evidence that the assignment was posted by an appropriate date to ensure reaching the Faculty by the due date. Where this information is not provided students will be penalised in accordance with resolutions relating to assignments in this document.

3. Attendance at residential schools

(1) Students enrolled in the distance education mode with residential schools must either attend the residential schools or seek approval for exemption on the basis of special circumstances.

(2) Students who are absent from residential schools without approval or good cause will be awarded a fail grade.

4. Discontinuation of enrolment

(1) Students undertaking units of study in the distance mode and who discontinue their enrolment will be refunded 60% of the total fees paid providing the application to withdraw is received prior to dispatch of the unit material. Once unit material has been dispatched there will be no refunds.

5. Exclusion

(1) A student who is under exclusion from any award course in the Faculty may not formally enrol in any unit while under exclusion. However, a student who is under exclusion from any award course in the Faculty may register in a unit of the Alumni and Professional Relations Office as a professional course participant.

6. Withdrawal

(1) In the event of a participant needing to withdraw, full fee (less 20% administration charge) is refunded provided written advice is received at least ten (10) days prior to the commencement of the course. Refunds are not available after this date.

University of Sydney (Coursework) Rule 2000 (as amended)

The following information is a printed version of the information available through Handbooks Online, on the University of Sydney web site. Please visit "<http://www.usyd.edu.au/handbooks/>" for the most current handbooks information.

Approved by: Senate on 4 December 2000

Date of effect: 1 January 2001

Latest amendment approved by: Senate on 3 December 2001

Date of effect: 1 January 2002

Preliminary

Rules relating to Coursework Award Courses

Division 1 Award course requirements, credit points and assessment

Division 2 Enrolment

Division 3 Credit, cross-institutional study and their upper limits

Division 4 Progression

Division 5 Discontinuation of enrolment and suspension of candidature

Division 6 Unsatisfactory progress and exclusion

Division 7 Exceptional circumstances

Division 8 Award of degrees, diplomas and certificates

Division 9 Transitional provisions

PRELIMINARY

1. Commencement and purpose of Rule

1. This Rule is made by the Senate pursuant to section 37(1) of the University of Sydney Act 1989 for the purposes of the University of Sydney By-law 1999.
2. This Rule comes into force on 1 January 2001.
3. This Rule governs all coursework award courses in the University. It is to be read in conjunction with the University of Sydney (Amendment Act) Rule 1999 and the Resolutions of the Senate and the faculty resolutions relating to each award course in that faculty.

RULES RELATING TO COURSEWORK AWARD COURSES

1. Definitions

In this Rule:

award course means a formally approved program of study which can lead to an academic award granted by the University.

coursework means an award course not designated as a research award course. While the program of study in a coursework award course may include a component of original, supervised research, other forms of instruction and learning normally will be dominant. All undergraduate award courses are coursework award courses; **credit** means advanced standing based on previous attainment in another award course at the University or at another institution. The advanced standing is expressed as credit points granted towards the award course. Credit may be granted as specific credit or non-specific credit.

Specific credit means the recognition of previously completed studies as directly equivalent to units of study.

Non-specific credit means a 'block credit' for a specified number of credit points at a particular level. These credit points may be in a particular subject area but are not linked to a specific unit of study;

credit points mean a measure of value indicating the contribution each unit of study provides towards meeting award course completion requirements stated as a total credit point value;

dean means the dean of a faculty or the director or principal of an academic college or the chairperson of a board of studies;

degree means a degree at the level of bachelor or master for the purpose of this Rule;

embedded courses/programs means award courses in the graduate certificate / graduate diploma / master's degree by coursework sequence which allow unit of study credit points to count in more than one of the awards;

faculty means a faculty, college board, a board of studies or the Australian Graduate School of Management Limited as established in each case by its constitution and in these Rules refers to the faculty or faculties responsible for the award course concerned;

major means a defined program of study, generally comprising specified units of study from later stages of the award course;

minor means a defined program of study, generally comprising units of study from later stages of the award course and requiring a smaller number of credit points than a major;

postgraduate award course means an award course leading to the award of a graduate certificate, graduate diploma, degree of master or a doctorate. Normally, a postgraduate award course requires the prior completion of a relevant undergraduate degree or diploma.

research award course means an award course in which students undertake and report systematic, creative work in order to increase the stock of knowledge. The research award courses offered by the University are: higher doctorate, Doctor of Philosophy, doctorates by research and advanced coursework, and certain degrees of master designated as research degrees. The systematic, creative component of a research award course must comprise at least 66% of the overall award course requirements;

stream means a defined program of study within an award course, which requires the completion of a program of study specified by the award course rules for the particular stream, in addition to the core program specified by award course rules for the award course.

student means a person enrolled as a candidate for a course;

testamur means a certificate of award provided to a graduate, usually at a graduation ceremony;

transcript or **academic transcript** means a printed statement setting out a student's academic record at the University;

unit of study means the smallest stand-alone component of a student's award course that is recordable on a student's transcript. Units of study have an integer credit point value, normally in the range 3-24;

undergraduate award course means an award course leading to the award of an associate diploma, diploma, advanced diploma or degree of bachelor.

2. Authorities and responsibilities

1. Authorities and responsibilities for the functions set out in this Rule are also defined in the document Academic Delegations of Authority. The latter document sets out the mechanisms by which a person who has delegated authority may appoint an agent to perform a particular function.
2. The procedures for consideration of, and deadlines for submission of, proposals for new and amended award courses will be determined by the Academic Board.

Division 1: Award course requirements, credit points and assessment

3. Award course requirements

- (1) To qualify for the award of a degree, diploma or certificate, a student must:
 - (a) complete the award course requirements specified by the Senate for the award of the degree, diploma or certificate concerned;

- (b) complete any other award course requirements specified by the Academic Board on the recommendation of the faculty and published in the faculty resolutions relating to the award course;
- (c) complete any other award course requirements specified by the faculty in accordance with its delegated authority and published in the faculty resolutions relating to the award course; and
- (d) satisfy the requirements of all other relevant by-laws, rules and resolutions of the University.

4. Units of study and credit points

- (1) (a) A unit of study comprises the forms of teaching and learning approved by a faculty. Where the unit of study is being provided specifically for an award course which is the responsibility of another faculty, that faculty must also provide approval.
- (b) Any faculty considering the inclusion of a unit of study in the tables of units available for an award course for which it is responsible may review the forms of teaching and learning of that unit, may consult with the approving faculty about aspects of that unit and may specify additional conditions with respect to inclusion of that unit of study.
- (2) A student completes a unit of study if the student:
 - (a) participates in the learning experiences provided for the unit of study;
 - (b) meets the standards required by the University for academic honesty;
 - (c) meets all examination, assessment and attendance requirements for the unit of study; and
 - (d) passes the required assessments for the unit of study.
- (3) Each unit of study is assigned a specified number of credit points by the faculty responsible for the unit of study.
- (4) The total number of credit points required for completion of an award course will be as specified in the Senate resolutions relating to the award course.
- (5) The total number of credit points required for completion of award courses in an approved combined award course will be specified in the Senate or faculty resolutions relating to the award course.
- (6) A student may, under special circumstances, and in accordance with faculty resolutions, be permitted by the relevant dean to undertake a unit or units of study other than those specified in the faculty resolutions relating to the award course and have that unit or those units of study counted towards fulfilling the requirements of the award course in which the student is enrolled.

5. Unit of study assessment

1. A student who completes a unit of study will normally be awarded grades of high distinction, distinction, credit or pass, in accordance with policies established by the Academic Board. The grades high distinction, distinction and credit indicate work of a standard higher than that required for a pass.
2. A student who completes a unit of study for which only a pass/fail result is available will be recorded as having satisfied requirements.
3. In determining the results of a student in any unit of study, the whole of the student's work in the unit of study may be taken into account.
4. Examination and assessment in the University are conducted in accordance with the policies and directions of the Academic Board.

6. Attendance

1. A faculty has authority to specify the attendance requirements for courses or units of study in that faculty. A faculty must take into account any University policies concerning modes of attendance, equity and disabled access.
2. A faculty has authority to specify the circumstances under which a student who does not satisfy attendance requirements may be deemed not to have completed a unit of study or an award course.

Division 2: Enrolment

7. Enrolment restrictions

- (1) A student who has completed a unit of study towards the requirements of an award course may not re-enrol in that unit of study, except as permitted by faculty resolution or with the written permission of the dean. A student permitted to re-enrol

may receive a higher or lower grade, but not additional credit points.

- (2) Except as provided in sub-section (1), a student may not enrol in any unit of study which overlaps substantially in content with a unit that has already been completed or for which credit or exemption has been granted towards the award course requirements.
- (3) A student may not enrol in units of study additional to award course requirements without first obtaining permission from the relevant dean.
- (4) Except as prescribed in faculty resolutions or with the permission of the relevant dean:
 - (a) a student enrolled in an undergraduate course may not enrol in units of study with a total value of more than 32 credit points in any one semester, or 16 credit points in the summer session; and
 - (b) a student enrolled in a postgraduate award course may not enrol in units of study with a total value of more than 24 credit points in any one semester, or 12 credit points in the summer session.

Division 3: Credit, cross-institutional study and their upper limits

8. Credit for previous studies

- (1) Students may be granted credit on the basis of previous studies.
- (2) Notwithstanding any credit granted on the basis of work completed or prior learning in another award course at the University of Sydney or in another institution, in order to qualify for an award a student must:
 - (a) for undergraduate award courses, complete a minimum of the equivalent of two full-time semesters of the award course at the University; and
 - (b) for postgraduate award courses, complete at least fifty percent of the requirements prescribed for the award course at the University. These requirements may be varied where the work was completed as part of an embedded program at the University or as part of an award course approved by the University in an approved conjoint venture with another institution.
- (3) The credit granted on the basis of work completed at an institution other than a university normally should not exceed one third of the overall award course requirements.
- (4) A faculty has authority to establish embedded academic sequences in closely related graduate certificate, graduate diploma and master's degree award courses. In such embedded sequences, a student may be granted credit for all or some of the units of study completed in one award of the sequence towards any other award in the sequence, irrespective of whether or not the award has been conferred.
- (5) In an award course offered as part of an approved conjoint venture the provisions for the granting of credit are prescribed in the Resolutions of the Senate and the faculty resolutions relating to that award course.

9. Cross-institutional study

1. The relevant dean may permit a student to complete a unit or units of study at another university or institution and have that unit or those units of study credited to the student's award course.
2. The relevant dean has authority to determine any conditions applying to cross-institutional study.

Division 4: Progression

10. Repeating a unit of study

- (1) A student who repeats a unit of study shall, unless granted exemption by the relevant dean:
 - (a) participate in the learning experiences provided for the unit of study; and
 - (b) meet all examination, assessment and attendance requirements for the unit of study.
- (2) A student who presents for re-assessment in any unit of study is not eligible for any prize or scholarship awarded in connection with that unit of study without the permission of the relevant dean.

11. Time limits

A student must complete all the requirements for an award course within ten calendar years or any lesser period if specified by Resolution of the Senate or the faculty.

Division 5: Discontinuation of enrolment and suspension of candidature

12. Discontinuation of enrolment

- (1) A student who wishes to discontinue enrolment in an award course or a unit of study must apply to the relevant dean and will be presumed to have discontinued enrolment from the date of that application, unless evidence is produced showing:
 - (a) that the discontinuation occurred at an earlier date; and
 - (b) that there was good reason why the application could not be made at the earlier time.
- (2) A student who discontinues enrolment during the first year of enrolment in an award course may not re-enrol in that award course unless:
 - (a) the relevant dean has granted prior permission to re-enrol; or
 - (b) the student is reselected for admission to candidature for that course.
- (3) No student may discontinue enrolment in an award course or unit of study after the end of classes in that award course or unit of study, unless he or she produces evidence that:
 - (a) the discontinuation occurred at an earlier date; and
 - (b) there was good reason why the application could not be made at the earlier time.
- (4) A discontinuation of enrolment may be recorded as *Withdrawn (W)* or *Discontinued Not To Count As Failure (DNF)* where that discontinuation occurs within the time-frames specified by the University and published by the faculty, or where the student meets other conditions as specified by the relevant faculty.

13. Suspension of candidature

1. A student must be enrolled in each semester in which he or she is actively completing the requirements for the award course. A student who wishes to suspend candidature must first obtain approval from the relevant dean.
2. The candidature of a student who has not re-enrolled and who has not obtained approval from the dean for suspension will be deemed to have lapsed.
3. A student whose candidature has lapsed must apply for re-admission in accordance with procedures determined by the relevant faculty.
4. A student who enrolls after suspending candidature shall complete the requirements for the award course under such conditions as determined by the dean.

Division 6: Unsatisfactory progress and exclusion

14. Satisfactory progress

A faculty has authority to determine what constitutes satisfactory progress for all students enrolled in award courses in that faculty, in accordance with the policies and directions of the Academic Board.

15. Requirement to show good cause

1. For the purposes of this Rule, good cause means circumstances beyond the reasonable control of a student, which may include serious ill health or misadventure, but does not include demands of employers, pressure of employment or time devoted to non-University activities, unless these are relevant to serious ill health or misadventure. In all cases the onus is on the student to provide the University with satisfactory evidence to establish good cause. The University may take into account relevant aspects of a student's record in other courses or units of study within the University and relevant aspects of academic studies

- at other institutions provided that the student presents this information to the University.
2. The relevant dean may require a student who has not made satisfactory progress to show good cause why he or she should be allowed to re-enrol.
3. The dean will permit a student who has shown good cause to re-enrol.

16. Exclusion for failure to show good cause

The dean may, where good cause has not been established:

- (1) exclude the student from the relevant course; or
- (2) permit the student to re-enrol in the relevant award course subject to restrictions on units of study, which may include, but are not restricted to:
 - (a) completion of a unit or units of study within a specified time;
 - (b) exclusion from a unit or units of study, provided that the dean must first consult the head of the department responsible for the unit or units of study; and
 - (c) specification of the earliest date upon which a student may re-enrol in a unit or units of study.

17. Applying for re-admission after exclusion

1. A student who has been excluded from an award course or from a unit or units of study may apply to the relevant dean for readmission to the award course or re-enrolment in the unit or units of study concerned after at least 4 semesters, and that dean may readmit the student to the award course or permit the student to re-enrol in the unit or units of study concerned.
2. With the written approval of the relevant dean, a student who has been excluded may be given credit for any work completed elsewhere in the University or in another university during a period of exclusion.

18. Appeals against exclusion

- (1) In this Rule a reference to the Appeals Committee is a reference to the Senate Student Appeals Committee (Exclusions and Readmissions).
- (2) (a) (i) A student who has been excluded in accordance with this Rule may appeal to the Appeals Committee.
 - (ii) A student who has applied for readmission to an award course or re-enrolment in a unit of study after a period of exclusion, and who is refused readmission or re-enrolment may also apply to the Appeals Committee.
- (b) The Appeals Committee shall comprise:
 - (i) 3 *ex officio* members (the Chancellor, the Deputy Chancellor and the Vice-Chancellor and Principal);
 - (ii) the Chair and Deputy Chairs of the Academic Board;
 - (iii) 2 student Fellows; and
 - (iv) up to 4 other Fellows.
- (c) The Appeals Committee may meet as one or more sub-committees providing that each sub-committee shall include at least 1 member of each of the categories of:
 - (i) *ex officio* member;
 - (ii) Chair or Deputy Chair of the Academic Board;
 - (iii) student Fellow; and
 - (iv) other Fellows.
- (d) Three members shall constitute a quorum for a meeting of the Appeals Committee or a sub-committee.
- (e) The Appeals Committee and its sub-committees have authority to hear and determine all such appeals and must report its decision to the Senate annually.
- (f) The Appeals Committee or a sub-committee may uphold or disallow any appeal and, at its discretion, may determine the earliest date within a maximum of four semesters at which a student who has been excluded shall be permitted to apply to re-enrol.
- (g) No appeal shall be determined without granting the student the opportunity to appear in person before the Appeals Committee or sub-committee considering the appeal. A student so appearing may be accompanied by a friend or adviser.
- (h) The Appeals Committee or sub-committee may hear the relevant dean but that dean may only be present at those stages at which the student is permitted to be present. Similarly, the dean is entitled to be present when the Committee or sub-committee hears the student.
- (i) If, due notice having been given, a student fails to attend a meeting of the Appeals Committee or sub-committee scheduled to consider that student's appeal, the Appeals Committee or sub-committee, at its discretion, may defer consideration of the appeal or may proceed to determine the appeal.

(j) A student who has been excluded in accordance with these resolutions and has lodged a timely appeal against that exclusion may re-enrol pending determination of that appeal if it has not been determined by the commencement of classes in the next appropriate semester.

Division 7: Exceptional circumstances

19. Variation of award course requirements in exceptional circumstances

The relevant dean may vary any requirement for a particular student enrolled in an award course in that faculty where, in the opinion of the dean, exceptional circumstances exist.

Division 8: Award of degrees, diplomas and certificates

20. Classes of award

1. Undergraduate diplomas may be awarded in five grades – pass, pass with merit, pass with distinction, pass with high distinction or honours.
2. Degrees of bachelor may be awarded in two grades – pass or honours.
3. Graduate diplomas and graduate certificates may be awarded in one grade only – pass.
4. Degrees of master by coursework may be awarded three grades – pass, pass with merit or honours.

21. Award of the degree of bachelor with honours

(1) The award of honours is reserved to indicate special proficiency. The basis on which a student may qualify for the award of honours in a particular award course is specified in the faculty resolutions relating to the course.

(2) Each faculty shall publish the grading systems and criteria for the award of honours in that faculty.

(3) Classes which may be used for the award of honours are:

First Class

Second Class/Division 1

Second Class/Division 2

Third Class.

(4) With respect to award courses which include an additional honours year:

- (a) a student may not graduate with the pass degree while enrolled in the honours year;
- (b) on the recommendation of the head of the department concerned, a dean may permit a student who has been awarded the pass degree at a recognised tertiary institution to enrol in the honours year in that faculty;
- (c) faculties may prescribe the conditions under which a student may enrol part-time in the honours year;
- (d) a student who fails or discontinues the honours year may not re-enrol in it, except with the approval of the dean.

22. University Medal

An honours bachelor's degree student with an outstanding academic record throughout the award course may be eligible for the award of a University medal, in accordance with Academic Board policy and the requirements of the faculty resolutions relating to the award course concerned.

23. Award of the degree of master with honours or merit

The award of honours or pass with merit is reserved to indicate special proficiency or particular pathways to completion. The basis on which a student may qualify for the award of honours or the award with merit in a particular degree is specified in the faculty resolutions relating to that degree.

24. Transcripts and testamurs

1. A student who has completed an award course or a unit of study at the University will receive an academic transcript upon application and payment of any charges required.
2. Testamurs may indicate streams or majors or both as specified in the relevant faculty resolutions.

Division 9: Transitional provisions

25. Application of this Rule during transition

This Rule applies to all candidates for degrees, diplomas and certificates who commence candidature after 1 January 2001. Candidates who commenced candidature prior to this date may choose to proceed in accordance with the resolutions of the Senate in force at the time they enrolled, except that the faculty may determine specific conditions for any student who has re-enrolled in an award course after a period of suspension.

General University information

The following information is a printed version of the information available through Handbooks Online, on the University of Sydney web site. Please visit "<http://www.usyd.edu.au/handbooks/>" for the most current handbooks information.

See also the Glossary for administrative information relating to particular terms.

Accommodation Service

The Accommodation Service helps students find off-campus accommodation. The service maintains an extensive database of accommodation close to the Camperdown and Darlington Campus or within easy access via public transport. Currently enrolled students can access the database online through the MyUni student portal, or the accommodation website (<http://www.usyd.edu.au/accom>).

Web: www.usyd.edu.au/accom (<http://www.usyd.edu.au/accom>)

Admissions Office

The Admissions Office, located in the Student Centre, is responsible for overseeing the distribution of offers to undergraduate applicants through the Universities Admission Centre (UAC). They can advise prospective local undergraduate students on admission requirements. Postgraduate students should contact the appropriate faculty. If you are an Australian citizen or a permanent resident but have qualifications from a non-Australian institution phone (02) 9351 4118 for more information. For enquiries regarding special admissions (including mature-age entry) phone (02) 9351 3615. Applicants without Australian citizenship or permanent residency should contact the International Office (see International Student Centre entry).

Applying for a course

Local applicants for undergraduate courses and programs of study

For the purpose of admission and enrolment 'local applicant' refers to citizens and permanent residents of Australia and citizens of New Zealand. If you are in this group and wish to apply for admission into an undergraduate course, you would generally apply through the Universities Admissions Centre (UAC). The deadline for application is the last working day of September in the year before enrolment. Go to the UAC website for more information.

Note that some faculties, such as Pharmacy, the Sydney Conservatorium of Music and Sydney College of the Arts, have additional application procedures.

Local applicants for postgraduate courses and programs of study

For the purpose of admission and enrolment 'local applicant' refers to citizens and permanent residents of Australia and citizens of New Zealand. Application is direct to the faculty which offers the course that you are interested in. Application forms for postgraduate coursework, postgraduate research and the Master's qualifying or

preliminary program and for non-award postgraduate study can be found at the student centre website (<http://www.usyd.edu.au/su/studentcentre/applications/applications.html>).

Please note that some faculties use their own specially tailored application forms for admission into their courses. Please contact the relevant faculty.

International applicants for all course types (undergraduate and postgraduate)

'International applicants' refers to all applicants other than Australian citizens, Australian permanent residents and citizens of New Zealand. In the majority of cases international applicants apply for admission through the University's International Office (IO) (see International Student Centre entry). All the information international applicants need, including application forms, is available from the IO website (<http://www.usyd.edu.au/io>).

Assessment

For assessment matters refer to the relevant department or school.

Careers Centre

The Careers Centre provides careers information and advice, and help in finding course-related employment both while you're studying and when you commence your career.

Careers Centre
Ground Floor, Mackie Building, K01

Fax: (02) 9351 4869
Email: admissions@records.usyd.edu.au
Web: www.usyd.edu.au/su/studentcentre (<http://www.usyd.edu.au/su/studentcentre>)

Casual Employment Service

The Casual Employment Service helps students find casual and part-time work during their studies and during University vacations. The service maintains a database of casual employment vacancies. Currently enrolled students can access the database online through the MyUni student portal, or the casual employment website (http://www.usyd.edu.au/cas_emp).

Level 7, Education Building, A35
The University of Sydney
NSW 2006 Australia

Centre for Continuing Education

The Centre for Continuing Education offers a wide range of short courses for special interest, university preparation and professional development. Subject areas include: history and culture, creative arts, social sciences, languages, IT, business and overseas study tours. Courses are open to everyone.

The centre relocated at the end of 2004. Please refer to the centre's website for up-to-date contact details, or phone the existing general enquiry number (02) 9351 4789 for redirection.

The Co-op Bookshop

The Co-op Bookshop is a one-stop bookshop for:

- textbooks;
- general books;
- course notes;
- reference books; and
- software at academic prices.

Lifetime membership costs \$25.00 and gives a 10 per cent discount on purchases (conditions apply).

 Web: www.coop-bookshop.com.au

Counselling Service

The Counselling Service aims to help students fulfil their academic, individual and social goals through professional counselling. Counselling is free and confidential. The service provides short-term, problem-focused counselling to promote psychological wellbeing and to help students develop effective and realistic coping strategies. The service runs a program of workshops during each semester. For details of workshops, activities and online resources provided by the service see the website (<http://www.usyd.edu.au/counsel>).

Enrolment and pre-enrolment

Students entering first year

Details of enrolment procedures will be sent to you with your UAC offer of enrolment. Enrolment takes place at a specific time and date, usually during the last week of January, depending on your surname and the faculty in which you are enrolling. You must attend the University in person or else nominate somebody in writing to act on your behalf. On enrolment day you pay the compulsory fees for joining the Student Union, the Students' Representative Council and sporting bodies. You also nominate your preferred payment option, either 'up front' or deferred, for your Higher Contribution Scheme (HECS) liability. You will also choose your first-year units of study, so it's important to consult the appropriate faculty handbook before enrolling.

All other students

A pre-enrolment package is sent to all enrolled students in late September and contains instructions on the procedure for pre-enrolment.

Environmental Policy

The University of Sydney's Environmental Policy promotes sustainable resource and product use; and encourages the practice of environmental stewardship by staff and students. The policy is supported by the University wide Sustainable Campus Program.

Enquiries can be directed to the Manager, Environmental Strategies 93512063.janet.broadly@usyd.edu.au or go to www.usyd.edu.au/fmo (<http://www.usyd.edu.au/fmo>) and click on 'Sustainable Campus'.

Examinations

The Examinations and Exclusions Office looks after the majority of examination arrangements and student progression. Some faculties, such as the Sydney Conservatorium of Music, make all examination arrangements for the units of study that they offer.

Examinations and Exclusions Office
 Student Centre
 Level 1, Carlaw Building, F07
 The University of Sydney
 NSW 2006 Australia

Phone: (02) 9351 4005 or (02) 9351 4006
 Fax: (02) 9351 7330
 Email: exams.office@exams.usyd.edu.au

Fees

The Fees Office provides information on how to pay fees, where to pay fees and if payments have been received. The office also has information on obtaining a refund for fee payments.

Fees Office
 Margaret Telfer Building, K07
 The University of Sydney
 NSW 2006 Australia

Phone: (02) 9351 5222
 Fax: (02) 9351 4202

Financial Assistance Office

The University of Sydney has a number of loan and bursary funds to assist students experiencing financial difficulties. Loan assistance is available for undergraduate and postgraduate students enrolled in degree and diploma courses at the University. The assistance is not intended to provide the principle means of support but to help enrolled students in financial need with expenses such as housing bonds and rent; phone and electricity bills; medical expenses; buying textbooks and course equipment. Loans are interest free and are repayable usually within one year. Bursaries may be awarded depending on financial need and academic merit and are usually only available to local full-time undergraduate students. For details of types of assistance and online resources provided by the service see the website (http://www.usyd.edu.au/fin_assist).

Level 7, Education Building, A35
The University of Sydney
NSW 2006 Australia

Web: www.usyd.edu.au/fin_assist (http://www.usyd.edu.au/fin_assist)

Freedom of information

The University of Sydney falls within the jurisdiction of the *NSW Freedom of Information Act, 1989*. The act:

- requires information concerning documents held by the University to be made available to the public;
- enables a member of the public to obtain access to documents held by the University; and
- enables a member of the public to ensure that records held by the University concerning his or her personal affairs are not incomplete, incorrect, out of date or misleading.

(Note that a 'member of the public' includes staff and students of the University)

It is a requirement of the act that applications be processed and a determination made within a specified time period, generally 21 days. Determinations are made by the University's Registrar.

While application may be made to access University documents, some may not be released in accordance with particular exemptions provided by the act. There are review and appeal mechanisms which apply when access has been refused.

The University is required to report to the public on its freedom of information (FOI) activities on a regular basis. The two reports produced are the *Statement of Affairs* and the *Summary of Affairs*. The *Statement of Affairs* contains information about the University, its structure, function and the kinds of documents held. The *Summary of Affairs* identifies the University's policy documents and provides information on how to make an application for access to University documents.

Further information and copies of the current reports may be found at www.usyd.edu.au/arms/foi (<http://www.usyd.edu.au/arms/foi>).

Graduations Office

The Graduations Office is responsible for organising graduation ceremonies and informing students of their graduation arrangements.

Student Centre
Carslaw Building, F07
The University of Sydney
NSW 2006 Australia

Phone: (02) 9351 3199, (02) 9351 4009
Protocol: (02) 9351 4612
Fax: (02) 9351 5072

(Grievances) appeals

You may consider that a decision affecting your candidature for a degree or other activities at the University has not taken into account all relevant matters.

In some cases the by-laws or resolutions of the Senate (see the University Calendar) provide for a right of appeal against particular decisions; for example, there is provision for appeal against academic decisions, disciplinary decisions and exclusion after failure.

A document outlining the current procedures for appeals against academic decisions is available at the Student Centre, at the SRC, and on the University's policy online website (<http://www.usyd.edu.au/policy>) (click on 'Study at the University', then click on 'Appeals' – see the Academic Board and Senate resolutions).

For assistance or advice regarding an appeal contact:

Students' Representative Council
Level 1, Wentworth Building, G01
The University of Sydney
NSW 2006 Australia

Phone: (02) 9660 5222

Fax: (02) 9351 5081

Information Technology Services (ITS)

Information Technology Services oversees the University's computing infrastructure. Students can contact ITS either through the ITS Helpdesk or through the University Access Labs (<http://www.usyd.edu.au/su/is/labs>). The access labs on the Camperdown and Darlinghurst Campuses are located in:

- Fisher Library (Level 2);
- Carslaw Building (Room 201);
- Education Building (Room 232);
- Christopher Brennan Building (Room 232);
- Engineering Link Building (Room 222); and
- Pharmacy and Bank Building (Room 510).

Other labs are available at the Law, Orange, Westmead and Cumberland campuses.

The labs allow students free access to computers including: office and desktop publishing software and storage; at-cost Internet access; printing facilities and the opportunity to host their own website.

Each student is supplied with an account, called a 'Unikey' (extro) account, which allows access to a number of services including:

- free email (www-mail.usyd.edu.au (<http://www.usyd.edu.au/about/publication/pub/calendar.shtml>));
- access to the Internet from home or residential colleges (www.helpdesk.usyd.edu.au/services.html);
- online course material (www.groucho.ucc.usyd.edu.au:9000/webct/public/home.pl);
- student facilities via the MyUni student portal (<http://my-uni.usyd.edu.au>), including exam results, enrolment and variations and timetabling; and
- free courses in basic computing (such as MS Office; basic html and photoshop) that are run by Access Lab staff in the week following orientation week. To register contact the Access Lab Supervisor on 02 9351 6870.

International Student Centre

The International Student Centre consists of the International Office (IO), the International Student Services Unit (ISSU) and the Study Abroad and Exchange Office. The IO provides assistance with application, admission and enrolment procedures and administers scholarships for international students. The ISSU provides a wide range of international student support services including orientation and assistance with finding accommodation for new arrivals and psychological counselling and welfare advice for international students and their families. The Study Abroad and Exchange unit assists both domestic and international students who wish to enrol for study abroad or exchange programs.

Koori Centre and Yooroang Garang

The Koori Centre provides programs, services and facilities to encourage and support the involvement of Aboriginal and Torres Strait Islander people in all aspects of tertiary education at the University of Sydney. The centre provides tutorial assistance, access to computers, an Indigenous research library, study rooms, an orientation program at the beginning of the year and assistance in study and learning skills. In particular the Koori Centre aims to increase the successful participation of Aboriginal and Torres Strait Islander people in undergraduate and postgraduate degrees, develop the teaching of Aboriginal Studies, conduct research in the field of Aboriginal education, and establish working ties with schools and communities.

Close collaboration is also maintained with Yooroang Garang: School of Indigenous Health Studies in the Faculty of Health Sciences at the University's Cumberland Campus. Yooroang Garang provides advice, assistance and academic support for Indigenous students in the faculty, as well as preparatory undergraduate and postgraduate courses.

Language Centre

The Language Centre provides multimedia teaching rooms for Faculty of Arts courses. Technical support for teaching staff is available on site. Student self-access facilities for curriculum materials, access to multilingual satellite television broadcasts and a broadcast copying service are also provided by the centre. The centre maintains a resource collection of multimedia language materials in over 140 languages and has three language laboratories, four audiovisual classrooms, two access computer labs and one student audiovisual study room.

Learning Centre

The Learning Centre helps students develop the generic learning and communication skills that are necessary for university study and beyond. The centre is committed to helping students achieve their academic potential throughout their undergraduate and postgraduate studies. The centre's program includes a wide range of workshops on study skills, academic reading and writing, oral communication skills and postgraduate writing and research skills. Other services include an individual learning program, a special program for international students, faculty-based workshops, computer-based learning resources, publications of learning resources and library facilities. For details of programs, activities and online resources provided by the centre see the website (<http://www.usyd.edu.au/lc>).

Level 7, Education Building, A35

 Web: www.usyd.edu.au/lc (<http://www.usyd.edu.au/lc>)

Library

The University of Sydney Library, the largest academic library in the Southern Hemisphere, is a network of 20 libraries located on nine campuses. The Library website provides access to services and resources, anywhere at anytime. The locations, opening hours and subject specialities of the libraries are listed on the website.

Over five million items are available via the Library catalogue, including more than 40,000 electronic journals and 270,000 electronic books. Past exam papers are also available online. Enrolled students are entitled to borrow from any of the University Libraries. More information is available on the website.

Reading list items are available via the reserve service. Increasingly, reading list material is becoming available in electronic form. For details see the reserve service website.

Library staff are always available to support students in their studies. 'Ask a Librarian' in person, by email, or by using an online chat service.

A specialist librarian is available for all discipline areas and will provide training in finding high quality information. Courses cover a range of skills including research methodology, database searching, effective use of the Internet and the use of reference management software. See the subject contact page.

Library facilities include individual and group study spaces, computers, printers, multimedia equipment, photocopiers and adaptive technologies. Check the 'Libraries' link on the home page to find out about services and facilities in specific libraries.

The *Client Service Charter* describes the Library's commitment to supporting students' learning, including those with special needs. See the *Client Service Charter* online. Your comments and suggestions are always welcome. *University of Sydney Library, F03 University of Sydney NSW 2006 Australia* Phone: (02) 9351 2993 (general enquiries) Fax: (02) 9351 2890 (administration), (02) 9351 7278 (renewals) Email: [[loanenq@library.usyd.edu.au|loan-enq@library.usyd.edu.au (loan enquiries), [[reqill@library.usyd.edu.au|reqill@library.usyd.edu.au (inter-library loans) Web: www.library.usyd.edu.au

Mathematics Learning Centre

The Mathematics Learning Centre assists undergraduate students to develop the mathematical knowledge, skills and confidence that are needed for studying first level mathematics or statistics units at university. The centre runs bridging courses in mathematics at the beginning of the academic year (fees apply). The centre also provides ongoing support to eligible students during the year through individual assistance and small group tutorials. For details of activities and online resources provided by the centre see the website www.usyd.edu.au/mlc.

MyUni student portal

Launched in July 2004, the MyUni student portal is the starting point and 'one-stop' environment for students to access all their web-based University information and services. MyUni automatically tailors what a student sees based on their login-in and offers students the option of further personalising content. Most importantly, MyUni allows students to complete tasks online that would previously have required attendance in person. The following are examples of MyUni services and information:

- support services for students in health, counselling, child care, accommodation, employment and wellbeing;
- student administration systems for obtaining exam results, enrolment and variations, timetabling, email services and links to courses and units of study information;
- links to the University's e-learning systems;
- library services;
- notices and student alerts;
- information technology and support services;
- information for international students; and
- Campus maps, with descriptions of cultural, sporting and campus facilities.

Part-time, full-time

Undergraduate students

Undergraduate students are usually considered full-time if they have a HECS weighting of at least 0.375 each semester. Anything under this amount is considered a part-time study load. Note that some faculties have minimum study load requirements for satisfactory progress.

Postgraduate students (coursework)

For postgraduate coursework students part-time or full-time status is determined by credit-point load. Enrolment in units of study which total at least 18 credit points in a semester is classed as full-time. Anything under this amount is a part-time study load. Please note that classes for some coursework programs are held in the evenings (usually 6–9pm).

Postgraduate students (research)

Full-time candidates for research degrees do not keep to the normal semester schedule, instead they work continuously throughout the year with a period of four weeks' recreation leave. There is no strict definition of what constitutes full-time candidature but if you have employment or other commitments that would prevent you from devoting at least the equivalent of a 35-hour working week to your candidature (including attendance at the University for lectures, seminars, practical work and consultation with your supervisor) you should enrol as a part-time candidate. If in doubt you should consult your faculty or supervisor.

International students

Student visa regulations require international students to undertake full-time study. International students on visas other than student visas may be permitted to study part-time.

Privacy

The University is subject to the *NSW Privacy and Personal Information Protection Act 1998* and the *NSW Health Records and Information Privacy Act 2002*. Central to both acts are the sets of information protection principles (IPPs) and health privacy principles which regulate the collection, management, use and disclosure of personal and health information. In compliance with the *Privacy and Personal Information Protection Act* the University developed a *Privacy Management Plan* which includes the *University Privacy Policy*. The *Privacy Management Plan* sets out the IPPs and how they apply to functions and activities carried out by the University. Both the plan and the *University Privacy Policy* were endorsed by the Vice-Chancellor on 28 June 2000.

Further information and a copy of the plan may be found at www.usyd.edu.au/arms/privacy (<http://www.usyd.edu.au/arms/privacy>).

Any questions regarding the *Freedom of Information Act*, the *Privacy and Personal Information Protection Act*, the *Health Records and Information Privacy Act* or the *Privacy Management Plan* should be directed to:

Student identity cards

The student identity card functions as a library borrowing card, a transport concession card (when suitably endorsed) and a general identity card. The card must be carried at all times on the grounds of the University and must be shown on demand. Students are required to provide a passport-sized colour photograph of their head and shoulders for lamination on to this card. Free lamination is provided at a range of sites throughout the University during the January/February enrolment/pre-enrolment period. Cards that are not laminated, or do not include a photograph, will be rejected. New identity cards are required for each year of a student's enrolment.

University Health Service (Holme)

Science Rd entry, Holme Building, A09
The University of Sydney
NSW 2006 Australia

Phone: (02) 9351 4095

Student Services

The University provides personal, welfare, and academic support services to facilitate your success at University. Many factors can impact on your wellbeing while studying at university and student services can assist you in managing and handling these more effectively. For details of services and online resources provided see the Student Services website (<http://www.usyd.edu.au/stuserv>).

The Sydney Summer School

Most faculties at the University offer units of study from undergraduate degree programs during summer. There are also some units of study available for postgraduate coursework programs from some faculties. As the University uses its entire quota of Commonwealth supported places in first and second semester, these units are full fee-paying for both local and international students and enrolment is entirely voluntary. However, Summer School units enable students to accelerate their degree progress, make up for a failed unit or fit in a unit which otherwise would not suit their timetables. New students may also gain a head start by completing subjects before they commence their degrees. Units start at various times from late November and run for up to six weeks (followed by an examination week). Notice of the units available is on the Summer School website and is usually circulated to students with their results notices. A smaller Winter School is also run from the Summer School office. It commences on 4 July and runs for up to three weeks (followed by an examination week). It offers mainly postgraduate and a few undergraduate units of study. Information can be found on the Summer School website.

Timetabling unit

The Timetabling Unit in the Student Centre is responsible for producing students' class and tutorial timetables. Semester 1 timetables are available from the Wednesday of O Week on the Student Centre website (<http://www.usyd.edu.au/su/studentcentre>).

The Sydney Conservatorium of Music operates produces its own complete timetable for all teaching that it delivers. The timetable is available on enrolment at the Conservatorium.

University Health Service

The University Health Service provides full general practitioner services and emergency medical care to all members of the University community. Medical centres on the Camperdown and Darlington Campuses offer general practitioners, physiotherapy and some specialist services.

Abbreviations and glossary

The following information is a printed version of the information available through Handbooks Online, on the University of Sydney web site. Please visit "<http://www.usyd.edu.au/handbooks/>" for the most current handbooks information.

For a glossary of terms, describing the terminology in use at the University of Sydney, please see the glossary section.

Abbreviations

Listed below are the more commonly used acronyms that appear in University documents and publications.

A B C D E F G H I J K L M N O P Q R S T U V W X Y Z

A	
AARNet	Australian Academic Research Network
AAUT	Australian Awards for University Teaching
AAM	Annual Average Mark
ABC	Activity Based Costing
ABSTUDY	Aboriginal Study Assistance Scheme
ACER	Australian Council for Educational Research
AGSM	Australian Graduate School of Management
ANZAAS	Australian and New Zealand Association for the Advancement of Science
APA	Australian Postgraduate Awards
APAC	Australian Partnership for Advanced Computing
APAI	Australian Postgraduate Awards (Industry)
APA-IT	Australian Postgraduate Awards in Information Technology
APDI	Australian Postdoctoral Fellowships Industry
APEC	Asia-Pacific Economic Co-operation
APF	Australian Postdoctoral Fellowship
AQF	Australian Qualifications Framework
ARC	Australian Research Council
ARTS	Automated Results Transfer System
ASDOT	Assessment Fee Subsidy for Disadvantaged Overseas Students
ATN	Australian Technology Network
ATP	Australian Technology Park
ATPL	Australian Technology Park Limited
AUQA	Australian Universities Quality Agency
AusAID	Australian Agency for International Development
AUTC	Australian Universities Teaching Committee
AVCC	Australian Vice-Chancellors Committee

B	
BAA	Backing Australia's Ability
BAC	Budget Advisory Committee
BITLab	Business Intelligence Lab
BLO	Business Liaison Office
BOTPLS	Bridging for Overseas Trained Professionals Loans Scheme

C	
CAF	Cost Adjustment Factor
CAUT	Committee for Advancement of University Teaching
CDP	Capital Development Program
CEP	Country Education Profile
CEQ	Course Experience Questionnaire
CFO	Chief Financial Officer
CHASS	College of Humanities and Social Sciences
CHESSN	Commonwealth Higher Education System Student Number
CHS	College of Health Sciences
CIO	Chief Information Officer
COE	Confirmation of Enrolment
CPSU	Community and Public Sector Union
CRC	Cooperative Research Centre
CREO	Centre for Regional Education, Orange
CRICOS	Commonwealth Register of Institutions and Courses for Overseas Students
CRRI	Centre for Rural and Regional Innovation

Abbreviations and glossary

CSIRO	Commonwealth Scientific and Industrial Research Organisation
CST	College of Sciences and Technology
CULT	Combined Universities Language Test
CUTSD	Committee for University Teaching and Staff Development

D	
DAC	Data Audit Committee
DEST	Commonwealth Department of Education, Science and Training
DET	NSW Department of Education and Training
D-IRD	Discovery-Indigenous Researchers Development Program
DVC	Deputy Vice-Chancellor

E	
EB	Enterprise Bargaining
EFTSU	Equivalent Full-Time Student Unit
EFTSL	Equivalent Full-Time Student Load
EIP	Evaluations and Investigations Program
ELICOS	English Language Intensive Course of Study
EMU	Electron Microscope Unit
ESOS Act	Education Services for Overseas Student Act

F	
FFT	Fractional Full Time (Equivalent Staff)
FlexSIS	Flexible Student Information System
FHS	Faculty of Health Sciences
FMO	Facilities Management Office
FOS	Field of Study
FTE	Full Time Equivalent (Staff)
FRM	Faculty of Rural Management

G	
GATS	General Agreement on Trade in Services
GCCA	Graduate Careers Council of Australia
GDS	Graduate Destination Survey
GPOF	General Purpose Operating Funds
GSA	Graduate Skills Assessment
GSG	Graduate School of Government
GWSLN	Greater Western Sydney Learning Network

H	
HDR	Higher Degree Research
HECS	Higher Education Contribution Scheme
HEEP	Higher Education Equity Program
HEFA	Higher Education Funding Act 1988
HEIMS	Higher Education Information Management System
HELP	Higher Education Innovation Programme (DEST)
HELP	Higher Education Loan Programme
HEO	Higher Education Officer
HEP	Higher Education Provider
HERDC	Higher Education Research Data Collection
HESA	Higher Education Support Act
HOD	Head of Department

I	
IAF	Institutional Assessment Framework (This is a new name for what was previously the DEST Profile process.)
IAS	Institute of Advanced Studies
ICT	Information and Communication Technology
ICTR	Information and Communication Technology Resources
IELTS	International English Language Testing Scheme
IGS	Institutional Grants Scheme (DEST)
IO	International Office
IP	Intellectual Property
IPRS	International Postgraduate Research Scholarships

IREX	International Researcher Exchange Scheme
ISFP	Indigenous Support Funding Program
ISIG	Innovation Summit Implementation Group
ISSU	International Student Services Unit
ITC	Information Technology Committee
ITL	Institute for Teaching and Learning
ITS	Information Technology Services

J	
JASON	Joint Academic Scholarships On-line Network

L	
LBOTE	Language Background Other Than English

M	
MBA	Master of Business Administration
MISG	Management Information Steering Group
MNRF	Major National Research Facilities Scheme
MOU	Memorandum of Understanding
MPG	Major Projects Group
MRB	Medical Rural Bonded Scholarship Scheme

N	
NBCOTP	National Bridging Courses for Overseas Trained Program
NCG	National Competitive Grant
NESB	Non-English-Speaking Background
NHMRC	National Health and Medical Research Council
NOIE	National Office for the Information Economy
NOOSR	National Office for Overseas Skill Recognition
NRSL	Non-Recent School Leaver
NSW VCC	New South Wales Vice-Chancellors' Conference
NTEU	National Tertiary Education Industry Union

O	
OECD	Organisation for Economic Co-operation and Development
OLA	Open Learning Australia
OLDPS	Open Learning Deferred Payment Scheme
OPRS	Overseas Postgraduate Research Scholarships

P	
PELS	Postgraduate Education Loans Scheme
PSO	Planning Support Office
PVC	Pro-Vice-Chancellor

Q	
QA	Quality Assurance
QACG	Quality Advisory and Coordination Group

R	
R&D	Research and Development
R&R	Restructuring and Rationalisation Program
RC	Responsibility Centre
REG	Research and Earmarked Grants
REP	Research Education Program
RFM	Relative Funding Model
RIBG	Research Infrastructure Block Grant (DEST)
RIEF	Research Infrastructure Equipment and Facilities Scheme
RISF	Restructuring Initiatives Support Fund
RMO	Risk Management Office
ROA	Record of Achievement
RQ	Research Quantum

Abbreviations and glossary

RQU	Recognition Quality Unit (Higher Education Division - DEST)
RRTMR	Research and Research Training Management Reports
RSL	Recent School Leaver
RTS	Research Training Scheme (DEST)

S	
SCA	Sydney College of the Arts
SCEQ	Sydney Course Experience Questionnaire
SCM	Sydney Conservatorium of Music
SCR	Science Capability Review
SDF	Strategic Development Fund
SEG	Senior Executive Group
SES	Socioeconomic Status
SI	Scholarship Index
SLE	Student Learning Entitlement
SNA	Safety Net Adjustment
SPIRT	Strategic Partnerships with Industry - Research and Training Scheme
SPR	Student Progress Rate
SRC	Students' Representative Council
SSR	Student/Staff Ratio
STABEX	Study Abroad Exchange (database)
SUPRA	Sydney University Postgraduate Students' Representative Association
SUSport	Sydney University Sport

T	
TAFE	Technical and Further Education
TOEFL	Test of English as a foreign language
TPI	Teaching Performance Indicator

U	
UAC	Universities Admissions Centre
UMAP	University Mobility in Asia and the Pacific
UNESCO	United Nations Educational, Scientific and Cultural Organisation
UPA	University Postgraduate Awards

V	
VCAC	Vice-Chancellor's Advisory Committee
VET	Vocational Education and Training

W	
WAM	Weighted Average Mark
WRP	Workplace Reform Program
WTO	World Trade Organisation

Y	
YFE	Year of First Enrolment

Abbreviations and glossary

The following information is a printed version of the information available through Handbooks Online, on the University of Sydney web site. Please visit "<http://www.usyd.edu.au/handbooks/>" for the most current handbooks information.

For a table of the more commonly used acronyms and abbreviations that appear in University documents and publications please see the abbreviations section.

Glossary

This glossary describes terminology in use at the University of Sydney.

A B C D E F G H I J K L M N O P Q R S T U V W X Y Z

A

AAM - Annual Average Mark

The average mark over all units of study attempted in a given academic year (equivalent to the calendar year).

The formula for this calculation is:

$$\text{AAM} = \frac{\sum (\text{marks} \times \text{creditPointValue})}{\sum (\text{creditPointValue})}$$

(sums over all UoS's completed in the selected period)

Where the mark is the actual mark obtained by the student for the unit of study, or in the case of a failing grade with no mark - 0. Pass/Fail assessed subjects and credit transfer subjects (from another institution) are excluded from these calculations; however, the marks from all attempts at a unit of study are included.

Academic Board

The senior academic body within the University. In conjunction with faculties, the Academic Board has responsibility for approving, or recommending to Senate for approval, new or amended courses and units of study and policy relating to the admission and candidature of students. (For further information, see the University Calendar.)

Academic cycle

The program of teaching sessions offered over a year. Currently the cycle runs from the enrolment period for Semester 1 through to the completion of the processing of results at the end of Semester 2. (See also Stage.)

Academic dishonesty

Academic dishonesty occurs when a student presents another person's ideas, findings or written work as his or her own by copying or reproducing them without due acknowledgement of the source and with intent to deceive the examiner. Academic dishonesty also covers recycling, fabrication of data, engaging another person to complete an assessment or cheating in exams. (See also Plagiarism.)

Academic record

The complete academic history of a student at the University. It includes, among other things: personal details; all units of study and courses taken; assessment results (marks and grades); awards and prizes obtained; infringements of progression rules; approvals for variation in course requirements and course leave; thesis and supervision details.

Access to a student's academic record is restricted to authorised University staff and is not released to a third party without the written authorisation of the student. (See also Academic transcript.)

Academic transcript

A printed statement setting out a student's academic record at the University. There are two forms of academic transcript: external and internal. (See also External transcript, Internal transcript.)

Academic year

The current calendar year in which a student is enrolled. (See also Academic cycle, Stage.)

Admission

Governed by the University's admission policy, this is the process for identifying applicants eligible to receive an initial offer of enrolment in a course at the University. Admission to most courses is based on performance in the HSC, with applicants ranked on the basis of their UAI. Other criteria such as a portfolio, interview, audition, or results in standard tests may also be taken into account for certain courses.

Admission basis

The main criteria used by a faculty in assessing an application for admission to a course. The criteria used include, among other things, previous secondary, TAFE or tertiary studies; work experience; special admission; and the Universities Admission Index (UAI).

Admission (deferment)

An applicant who receives an offer of admission to a course may apply to defer enrolment in that course for one semester or one academic cycle.

Admission mode

A classification based on how a student was admitted to a course, for example 'UAC' or 'direct'.

Admission period

The period during which applications for admission to courses are considered.

Admission year

The year the student expects to begin the course (see also Commencement date).

Advanced diplomas

See Award course

Advanced standing

See Credit.

Advisor

A member of academic staff appointed in an advisory role for some postgraduate coursework students. (See also Associate supervisor, Instrumental supervisor/teacher, Research supervisor, Supervision.)

Aegrotat

In exceptional circumstances involving serious illness or death of a student prior to completion of their course, the award of aegrotat and posthumous degrees and diplomas may be conferred.

Alumni Sidneienses

A searchable database of graduates of the University from 1857 to 30 years prior to the current year.

Annual Progress Report

A form which is used to monitor a research student's progress each year. The form provides for comments by the student, the supervisor, the head of the department and the dean (or their nominee). The completed form is attached to the student's official file.

Appeals

Students may lodge an appeal against academic or disciplinary decisions. An academic appeal (e.g. against exclusion) is managed by the Student Centre - Exclusions Office while it is under consideration and a record of the outcome of the appeal will be retained.

Assessment

The process of measuring the performance of students in units of study and courses. Performance may be assessed by examinations, essays, laboratory projects, assignments, theses, treatises or dissertations. (See also Result processing, Result processing schedule.)

Formative assessment

Formative assessment is used principally to provide students with feedback on their progress in learning. It reinforces successful learning, and is an opportunity for students to expose the limitations in their knowledge and understanding.

Summative assessment

Summative assessment is used to certify competence, or to arrange students in a rank order of merit. It certifies the attainment of a standard, and is used as the basis for progression to the next part of a program, or to graduation.

Associate supervisor

A person who is appointed in addition to the supervisor of a research student, who can provide the day-to-day contact with the candidate or provide particular expertise or additional experience in supervision. (See also Advisor, Instrumental supervisor/teacher, Research supervisor, Supervision.)

Assumed knowledge

For some units of study, a student is assumed to have passed a relevant subject at the HSC and this is called assumed knowledge. While students are generally advised against taking a unit of study for which they do not have the assumed knowledge, they are not prevented from enrolling in the unit of study. (See also Prerequisite.)

Attendance pattern

Attendance pattern is classified as full-time, part-time or external, this is dependant on the student's mode of attendance and the student load.

Attendance mode

A Department of Education, Science and Technology (DEST) classification defining the manner in which a student is undertaking a course, i.e. internal, external, mixed or offshore.

Australian Graduate School of Management (AGSM)

A joint venture with the University of New South Wales. The AGSM is derived from the Graduate School of Business at the University of Sydney and the then AGSM at the University of New South Wales.

Australian Qualifications Framework (AQF)

The framework for recognition and endorsement of qualifications established by the Ministerial Council on Education, Employment, Training and Youth Affairs (MCEETYA).

AUSTUDY

Austudy provides financial help to students who are aged 25 years or more who meet the required criteria, and is undertaking an approved full-time course at an approved institution. (See also Youth Allowance.)

Automated Results Transfer System (ARTS)

This system was developed by the Australasian Conference of Tertiary Admissions Centres (ACTAC) to allow the electronic academic record of a student to be accessed, via an admission centre, by tertiary institutions.

Award Course

(See Course)

B

Bachelor's degree

The highest undergraduate award offered at the University. A bachelor's degree course normally requires three or four years of full-time study or the part-time equivalent. (See also Award course)

Barrier

An instruction placed on a student's record that prevents the student from re-enrolling or graduating. (See also Deadlines (fees), Suppression of results).

Board of Studies

An academic body which supervises a course or courses, and which is similar to a faculty except that it is headed by a chair rather than a dean and does not supervise PhD candidates.

Bursaries

Financial award made to a student, based primarily on need. (See also Scholarships).

C

Cadigal Program

A program, named in recognition of the Aboriginal people of the land on which the University is located, designed to increase the successful participation of Aboriginal and Torres Strait Islander people in degree courses in all faculties at the University of Sydney.

Campus

The grounds on which the University is situated. There are eleven campuses of the University of Sydney:

- Burren Street (Institute for International Health, Institute of Transport Studies)
- Camperdown and Darlington (formerly known as Main Campus)
- Camden (Agriculture and Veterinary Science)
- Conservatorium (Sydney Conservatorium of Music)
- Cumberland (Health Sciences)
- Mallett Street (Nursing)
- Orange (Faculty of Rural Management and Centre for Regional Education)
- Rozelle (Sydney College of the Arts)
- St James (Law)
- Surry Hills (Dentistry).

Cancellation

Where enrolment is cancelled for non-payment of fees.

Candidature

Candidature commences when a student is admitted to a course of study leading to the award of a degree, diploma or certificate. There are maximum periods and in some cases minimum periods of candidature depending on the award course and whether the candidate is a full time or part time student.

Census date

The date at which a student's enrolment, load and HECS liability are finalised before this information is reported to DEST. (see also HECS)

Ceremony

See Graduation ceremony.

Chancellor

The non-executive head of the University. An honorary position, the Chancellor presides over meetings of the University's governing body, the Senate, and important ceremonial occasions such as graduations.

Clinical Experience

Students undertake clinical placements in a professional environment as part of their course requirements. Many require University approved supervision. In order to undertake clinical placements a student may be required to fulfil additional requirements.

College of Health Sciences

Consists of the Faculties of Dentistry; Health Sciences; Medicine; Nursing; and Pharmacy.

College of Humanities and Social Sciences (CHASS)

Consists of the Faculties of Arts; Economics and Business; Education; Law; the Sydney College of the Arts; and the Sydney Conservatorium of Music.

College of Sciences and Technology (CST)

Consists of the Faculties of Agriculture, Food and Natural Resources; Architecture; Engineering; Rural Management; Science; and Veterinary Science.

Combined course

A course which leads to two awards. For example the Arts/Law course leads to the separate awards of Bachelor of Arts and Bachelor of Laws.

Combined degree

A combined degree is a single program with a single set of course resolutions leading to the award of two degrees (unless otherwise specified in the resolutions). (See also Combined course.)

Commencement date

The date a student commences candidature.

Compulsory subscriptions

Each enrolled student is liable to pay annual (or semester) subscriptions, as determined by the Senate, to the student organisations at the University. There are different organisations for undergraduate and postgraduate students.

The student organisations are specific to different campuses. The organisations at campuses other than Camperdown and Darlington include: the Conservatorium Student Association, the Cumberland Student Guild, the Orange Agricultural College Student Association and the Student Association of Sydney College of the Arts. (See also Compulsory subscription exemption, Joining fee, Life membership.)

Compulsory subscription exemption

Students of a certain age or those with disabilities or medical conditions may be exempt from the subscription to the sports body.

Conscientious objectors to the payment of subscriptions to unions of any kind may apply to the Registrar for exemption. The Registrar may permit such a student to make the payment to the Jean Foley Bursary Fund instead. (See also Compulsory subscriptions.)

Confirmation of Enrolment form (COE)

This form is issued to each student after enrolment, showing the course and the units of study in which the student is enrolled, together with the credit point value of the units of study and the HECS weights. Until all fees are paid, it is issued provisionally.

A new confirmation of enrolment form is produced every time a student's enrolment is varied.

Conjoint ventures

Two or more institutions co-operate to provide a unit or course of study to postgraduate coursework students. Arrangements exist between individual departments at the University of Sydney and individual departments at the University of New South Wales (UNSW) and the University of Technology Sydney (UTS), whereby students enrolled for a degree at one institution complete one or more units of study at the other institution to count towards the award program at their 'home' institution.

Continuing professional education

A process which provides a number of programs of continuing education courses for professionals as they move through their career. These programs are presently administered by the Centre for Continuing Education and a number of departments and foundations across the University. This process supports the whole of life learning concept and involves the maintenance of a long term relationship between the student and the University.

Convocation

The body comprising all graduates of the University.

Core unit of study

A unit of study that is compulsory for a particular course or subject area. (See also Unit of study.)

Co-requisite

A unit of study which must be taken in the same semester or year as a given unit of study (unless it has already been completed). These are determined by the faculty or board of studies concerned, published in the faculty handbook and shown in FlexSIS. (See also Prerequisite, Waiver.)

Cotutelle scheme

Agreement between the University and any overseas university for joint supervision and examination of a PhD student as part of an ongoing co-operative research collaboration. If successful, the student receives a doctorate from both universities with each testamur acknowledging the circumstances under which the award was made.

Course

An undertaking of study at the University of Sydney

Award course

A formal course of study that will see attainment of a recognised award.

Award courses are approved by Senate, on the recommendation of the Academic Board. The University broadly classifies courses as undergraduate, postgraduate coursework or postgraduate research. (See also Bachelor's degree, Course rules, Diploma, Doctorate, Major, Master's degree, Minor, PhD, Stream.)

Non-award course

Studies undertaken by students who are not seeking an award from the University. (See also Cross-institutional enrolment.)

Coursework

An award course not designated as a research award course. While the program of study in a coursework award course may include a component of original, supervised, other forms of instruction and learning normally will be dominant.

Research

A course in which at least 66% of the overall course requirements involve students in undertaking supervised research, leading to the production of a thesis or other piece of written or creative work, over a prescribed period of time.

Course alias

A unique five character alpha-numeric code which identifies a University course.

Course code

See Course alias.

Course enrolment status

A student's enrolment status in a course is either 'enrolled' or 'not enrolled'. 'Not enrolled' reasons include: cancelled; suspended; under examination; or terminated. (See also Cancellation, Candidature, Course leave, Enrolment, Enrolment variation, Terminated, Under examination.)

Course leave

Students are permitted to apply for a period away from their course without losing their place. Course leave is formally approved by the supervising faculty for a minimum of one semester. Students on leave are regarded as having an active candidature, but they are not entitled to a student card. At undergraduate level, leave is not counted towards the total length of the course. Students who are absent from study without approved leave may be discontinued and may be required to formally reapply for admission. (See also Progression.)

Course rules

Rules which govern the allowable enrolment of a student in a course. Course rules may be expressed in terms of types of units of study taken, length of study, and credit points accumulated, e.g. a candidate may not enrol in units of study having a total value of more than 32 credit points per semester. Course rules also govern the requirements for the award of the course, e.g. a candidate must have completed a minimum of 144 credit points. (See also Award course, Co-requisite, Pre-requisite.)

Course suspension

See Course leave.

Course transfer

A transfer occurs when a student changes from one course in the University to another course in the University without the requirement for an application and selection process (e.g. from a PhD to a Master's program in the same faculty).

Credit

The recognition of previous studies successfully completed at this University, or another university or tertiary institution recognised by the University of Sydney, as contributing to the requirements of the course to which the applicant requesting such recognition has been admitted. Credit may be granted as specified credit or non-specified credit.

Specified credit

The recognition of previously completed studies as directly equivalent to units of study.

Non-specified credit

A 'block credit' for a specified number of credit points at a particular level. These credit points may be in a particular subject area but are not linked to a specific unit of study. (See also AAM - Annual Average Mark, Waiver, Weighted Average Mark (WAM).)

Credit points

The value of the contribution each unit of study provides towards meeting course completion requirements. Each unit of study will have a credit point value assigned to it. The total number of credit points required for completion of award courses will be specified in the Senate Resolutions relevant to the award course.

Cross-institutional enrolment

An enrolment in units of study at one university to count towards an award course at another university. Cross-institutional enrolments incur a HECS liability or tuition fee charge at the institution at which the unit of study is being undertaken. Students pay compulsory subscriptions to one university only (usually their home university,

i.e. the university which will award their degree). (See also Non-award course).

D

The Data Audit Committee's role is to oversee the integrity and accuracy of the course and unit of study data as strategic University data. It also advises the Academic Board on suggested policy changes related to course and unit of study data. A sub-committee of the VCAC Enrolment Working Party, it is chaired by the Registrar, with membership including the deans, the Student Centre, FlexSIS and the Planning Support Office.

Deadlines (enrolment variations)

See Enrolment variation.

Deadlines (fees)

The University has deadlines for the payment of fees (e.g. HECS, compulsory subscriptions, course fees). Students who do not pay fees by these deadlines may have their enrolment cancelled or they may have a barrier placed on the release of their record. (See also Barrier, Cancellation.)

Dean

The head of a faculty, or the principal or director of a college (such as the Sydney Conservatorium of Music or the Sydney College of Arts).

Dean's certificate

A statement from the Dean certifying that all requirements, including fieldwork and practical work, have been met and that the student is eligible to graduate. Not all faculties use Dean's Certificates. In faculties that do, qualified students have 'Dean's Certificate' noted on their academic record.

Deferment (Deferral)

See Admission (deferment), Course leave.

Degree

See also Award course, Bachelor's degree.

Delivery mode

Indicates how students receive the instruction for a unit of study. The delivery mode must be recorded for each unit as distinct from the attendance mode of the student, i.e. an internal student may take one or more units by distance mode and an external student may attend campus for one or more units.

Distance Education

Where subject matter is delivered in a more flexible manner, such as correspondence notes, and student may only attend campus if required. (See also Extended Semester, Distance Education, International - Off shore)

Intensive on campus

Core content is delivered with support learning in an intensive (one or more days) format on campus. Participation is usually compulsory. Previously this may have been called residential, block mode, or weekend workshop.

On Campus (Normal)

Attendance of scheduled lectures, tutorials etc at a campus of the University.

Department

See School.

Department of Education, Science and Training (DEST)

The Commonwealth Government department responsible for higher education.

Differential HECS

See Higher Education Contribution Scheme (HECS).

Diploma

The award granted following successful completion of diploma course requirements. A diploma course usually requires less study than a degree course. (See also Award course.)

Direct admissions

For some courses, applications may be made directly to the University. Applications are received by faculties or the International Office, and considered by the relevant department or faculty body. Decisions are recorded and letters are forwarded to applicants advising them of the outcome. (See also Admission, UAC.)

Disability information

Students may inform the University of any temporary or permanent disability which affects their life as a student. Disability information is recorded but it is only available to particular authorised users because of its sensitive nature.

Disciplinary action

Undertaken as the result of academic or other misconduct, e.g. plagiarism, cheating, security infringement, criminal activity.

Discipline

A defined area of study, for example, chemistry, physics, economics.

Discipline group

A DEST code used to classify units of study in terms of the subject matter being taught or being researched.

Discontinuation (course)

See Enrolment variation.

Discontinuation (unit of study)

See Enrolment variation.

Dissertation

A written exposition of a topic which may include original argument substantiated by reference to acknowledged authorities. It is a required unit of study for some postgraduate award courses in the faculties of Architecture and Law.

Distance Education

Where a student does not attend campus on a daily basis for a given course or Unit of Study. (See also Delivery mode, Extended Semester.)

Doctorate

A high-level postgraduate award. A doctorate course normally involves research and coursework; the candidate submits a thesis that is an original contribution to the field of study. Entry to a doctorate course often requires completion of a master's degree course. Note that the doctorate course is not available in all departments at the University. (See also Award course, PhD.)

Domestic Student

A student who is not an international student (see also Local Student)

Double degree

A double degree is a program where students are permitted by participating faculties (and/or by specific resolutions within a single award) to transfer between courses in order to complete two awards.

Downgrade

Where a student enrolled in a PhD reverts to a Master's by Research, either on the recommendation of the University on the basis that the research they are undertaking is not at an appropriate level for a PhD; or at the student's own request, for personal or academic reasons.

E**Equivalent Full-Time Student Unit (EFTSU)**

The equivalent full-time student unit (EFTSU) is a measure of student load based on the workload for a student undertaking a full year of study in a particular course. A student is then recorded as having generated 1 EFTSU. (See also Load, Stage)

Equivalent Full-Time Student Load (EFTSL)

The equivalent full-time student load (EFTSL) for a year. It is a measure, in respect of a course of study, of the study load for a year of a student undertaking that course of study on a full-time basis. (effective 1 January, 2005)

Embedded courses

Award courses in the Graduate Certificate, Graduate Diploma and Master's degree by coursework sequence which allow unit of study credit points to count in more than one of the awards, e.g. the Graduate Certificate in Information Technology, Graduate Diploma in Information Technology and Master of Information Technology.

Enrolment

A student enrolls in a course by registering with the supervising faculty in the units of study to be taken in the coming year, semester or session.

Commencing

An enrolment is classified as commencing if a student has enrolled in a particular degree or diploma for the first time.

Continuing

Students already in a course at the University re-enrol each year or semester. Most continuing students are required to pre-enrol. (See also Pre-enrolment.)

Enrolment list

A list of all currently enrolled students in a particular unit of study. (See also Unit of study.)

Enrolment status

See Course enrolment status.

Enrolment variation

Students may vary their enrolment at the beginning of each semester. Each faculty determines its deadlines for variations, but HECS liability depends on the HECS census date. (See also HECS.)

Examination

A set of questions or exercises evaluating on a given subject given by a department or faculty. (See Examination period, Assessment.)

Examination period

The time set each semester for the conduct of formal examinations.

Examiner (coursework)

The person assessing either the written/oral examination, coursework assignments, presentations, etc of a student or group of students.

Exchange student

Either a student of the University of Sydney who is participating in a formally agreed program involving study at an overseas university or an overseas student who is studying here on the same basis. The International Office provides administrative support for some exchanges.

Exclusion

A faculty may ask a student whose academic progress is considered to be unsatisfactory to 'show good cause' why the student should be allowed to re-enrol. If the faculty deems the student's explanation unsatisfactory, or if the student does not provide an explanation, the student may be excluded either from a unit of study or from a course or faculty. An excluded student may apply to the faculty for permission to re-enrol. Normally, at least two years must have elapsed before such an application would be considered.

University policy relating to exclusion is set out in the University Calendar. (See also Progression, Senate appeals.)

Exemption

A decision made at a sub-unit of study level to allow a student to complete a unit of study without also completing all the prescribed components of coursework and/or assessment. (See also Credit, Waiver.)

Expulsion

The ultimate penalty of disciplinary action is to expel the student from the University. The effect of expulsion is:

- the student is not allowed to be admitted or to re-enrol in any course at the University;
- the student does not receive their results;
- the student is not allowed to graduate; and
- the student does not receive a transcript or testamur.

Extended semester

A distance-learning student may be allowed more time to complete a module or program if circumstances beyond the student's control, e.g. drought, flood or illness, affect the student's ability to complete the module or program in the specified time. (See also Distance Education.)

External

See Attendance mode, Distance Education.

External transcript

A certified statement of a student's academic record printed on official University security paper. It includes the student's name, any credit granted, all courses the student was enrolled in and the final course result and all units of study attempted within each course to-

gether with the result. It also acknowledges prizes the student has received. Marks can be included or omitted, as required. (See also Academic transcript, Internal transcript.)

F**Faculty**

A formal part of the University's academic governance structure, consisting mainly of academic staff members and headed by a dean, which is responsible for all matters concerning the award courses that it supervises. Usually, a faculty office administers the faculty and student or staff inquiries related to its courses. The University Calendar sets out the constitution of each of the University's faculties. (See also Board of studies, Supervising faculty.)

Fee-paying students

Students who pay tuition fees to the University and are not liable for HECS.

Flexible learning

See Delivery mode, Distance Education.

Flexible Start Date

Full fee-paying distance students are not restricted to the same enrolment time frames as campus-based or HECS students.

Flexible Student Information System (FlexSIS)

The computer-based Flexible Student Information System at the University of Sydney. FlexSIS holds details of courses and units of study being offered by the University and the complete academic records of all students enrolled at the University.

Formative assessment

See Assessment.

Full-time student

See also Attendance Pattern, EFTSU.

G**Grade**

The outcome for a unit of study linked with a mark range. For example, a mark in the range 85-100 attracts the grade 'high distinction' ('HD'). (See also Mark.)

Grade	Description	Comment
HD	High distinction	a mark of 85-100
D	Distinction	a mark of 75-84
CR	Credit	a mark of 65-74
P	Pass	a mark of 50-64
R	Satisfied requirements	This is used in pass/fail only outcomes.
UCN	Unit of study continuing	Used at the end of semester for units of study that have been approved to extend into a following semester. This will automatically flag that no final result is required until the end of the last semester of the unit of study.
PCON	Pass (concessional)	A mark of 46-49. Use of this grade is restricted to those courses that allow for a concessional pass of some kind to be awarded. A student may re-enrol in a unit of study for which the result was PCON. Each faculty will determine and state in its course regulations what proportion, if any, may count - e.g., 'no more than one sixth of the total credit points for a course can be made up from PCON results'.
F	Fail	A mark of 0-49. This grade may be used for students with marks of 46-49 in those faculties which do not use PCON.
AF	Absent fail	Includes non-submission of compulsory work (or non-attendance at compulsory labs, etc) as well as failure to attend an examination.
W	Withdrawn	Not recorded on an external transcript. This is the result that obtains where a student applies to discontinue a unit of study by the HECS census date (i.e. within the first four weeks of enrolment).

DNF	Discontinued - not to count as failure	Recorded on external transcript. This result applies automatically where a student discontinues after the HECS Census Date but before the end of the seventh week of the semester (or before half of the unit of study has run, in the case of units of study which are not semester-length). A faculty may determine that the result of DNF is warranted after this date if the student has made out a special case based on illness or misadventure.
INC	Incomplete	This result is used when examiners have grounds (such as illness or misadventure) for seeking further information or for considering additional work from the student before confirming the final result. Except in special cases approved by the Academic Board, this result will be converted to a normal permanent passing or failing grade either: by the dean at the review of examination results conducted pursuant to section 2 (4) of the Academic Board policy 'Examinations and Assessment Procedures'; or automatically to an AF grade by the third week of the immediately subsequent academic session. Deans are authorised to approve the extension of a MINC grade for individual students having a valid reason for their incomplete status.
UCN	Incomplete	A MINC or INC grade is converted, on the advice of the dean, to UCN when all or many students in a unit of study have not completed the requirements of the unit. The students may be engaged in practicum or clinical placements, or in programs extending beyond the end of semester (e.g. Honours).

Graduand

A student who has completed all the requirements for an award course but has not yet graduated. (See also Graduation, Potential graduand.)

Graduate

A person who holds an award from a recognised tertiary institution. (See also Graduand, Graduation.)

Graduate Certificate

See Award course.

Graduate Diploma

See Award course.

Graduation

The formal conferring of awards either at a ceremony or in absentia. (See also In absentia, Potential graduand.)

Graduation Ceremony

A ceremony where the Chancellor confers awards upon graduands.

Group work

Means a formally established project to be conducted by a number of students in common, resulting in a single piece of assessment or a number of associated pieces of assessment. (See also Legitimate cooperation)

H**Head of Department (HOD)**

The head of the academic unit which has responsibility for the relevant unit of study, or equivalent program leader.

Higher Doctorates

See Award course.

HECS (Higher Education Contribution Scheme)

All students, unless they qualify for an exemption, are obliged to contribute towards the cost of their education under the Higher Education Contribution Scheme. These contributions are determined annually by the Commonwealth Government. This scheme will cease in its current form from 1 January, 2005

Honorary degrees

A degree *honoris causa* (translated from the Latin as 'for the purpose of honouring') is conferred on a person whom the University wishes

to honour. Long-standing full-time members of the University's academic staff who are not graduates of the University may be considered by Senate, upon their retirement, for admission *ad eundem gradum*, to an appropriate degree of the University.

Honours

Some degrees may be completed 'with Honours'. This may involve either the completion of a separate Honours year or additional work in the later years of the course or meritorious achievement over all years of the course. Honours are awarded in a class (Class I, Class II – which may have two divisions or, Class III).

NSW Higher School Certificate (HSC)

The NSW Higher School Certificate (HSC), which is normally completed at the end of year 12 of secondary school. The UAI (Universities Admission Index) is a rank out of 100 that is computed from a student's performance in the HSC.

I**In absentia**

Latin for 'in the absence of'. Awards are conferred in absentia when graduands do not, or cannot, attend the graduation ceremony scheduled for them. Those who have graduated in absentia may later request that they be presented to the Chancellor at a graduation ceremony. (See also Graduation.)

Instrumental supervisor / teacher

All students at the Sydney Conservatorium of Music and BMus students on the Camperdown Campus have an instrumental teacher appointed. (See also Advisor, Associate supervisor, Research supervisor, Supervision.)

Internal Mode

See Attendance mode.

Internal transcript

A record of a student's academic record for the University's own internal use. It includes the student's name, student identifier (SID), address, all courses in which the student was enrolled and the final course result, and all units of study attempted within each course together with the unit of study result. (See also Academic transcript, External transcript.)

International student

Any student who is not an Australian or New Zealand citizen or a permanent resident of Australia is an international student. An international student is required to hold a visa that allows study in Australia and may be liable for international tuition fees

Fee paying

A private International Student who is liable to pay tuition fees for their studies with the University.

Fee Paying - Outgoing Exchange

An international fee-paying student undertaking short term study at a recognised overseas institution with which the University has a student exchange agreement. Exchange study counts towards the student's University of Sydney award and students remain enrolled in their University of Sydney course during the period of exchange.

International - Cross Institutional

An international fee paying student undertaking non-award study at the University on a cross-institutional basis. They are liable to pay fees for the study they undertake at the University, but there is no compliance reporting requirement, which rest with their 'home' institution.

International - Sponsored

A private International Student who are fully sponsored for their tuition; their sponsorship may also cover Overseas Health Cover and Compulsory Subscriptions.

Offshore Studies

International offshore students undertake their program of study at one of the University's offshore campuses and hence do not enter Australia; therefore they do not require a visa. They are distinct from international students who are on outbound exchange programs as they never enter Australia during their program of study.

Short Course

An international fee-paying student undertaking a short course with the University of Sydney comprising such programs as international development programs, executive training or study visits. The study undertaken by these students is non award and generally a student visa is not required.

Sponsored Award

An international student sponsored by the Australian government, undertaking a program of study at the University. Currently Australian Development Scholarships holders, funded by AusAID, are the only students in this category. These students are fully sponsored for their tuition and other costs such as travel and health cover, and are paid a stipend.

Study Abroad

An international student who is undertaking short-term study at the University under the Study Abroad scheme. Study Abroad students must have completed at least one year of study towards a degree at a recognised institution in their home country and are continuing towards the degree of their home institution.

(See also Local student, Student type.)

J

Joining fee

Students enrolling for the first time pay a joining fee in addition to the standard subscription for the University of Sydney Union or equivalent student organisation. (See also Compulsory subscription.)

L

Leave

See Course leave.

Legitimate co-operation

Any constructive educational and intellectual practice that aims to facilitate optimal learning outcomes through interaction between students. (See also Group work.)

Life membership

Under some circumstances (e.g. after five full-time years of enrolments and contributions) students may be granted life membership of various organisations. This means they are exempt from paying yearly fees. (See also Compulsory subscriptions.)

Load

The sum of the weights of all the units of study in which a student is enrolled. The weight is determined by the proportion of a full year's work represented by the unit of study in the degree or diploma for which the student is a candidate. Student load is measured in terms of Equivalent Full-Time Student Units (EFTSU). (See also Equivalent Full-Time Student Units (EFTSU).)

Local student

Either an Australian or New Zealand citizen or Australian permanent resident. New Zealand citizens are required to pay their Higher Education Contribution Scheme (HECS) fees upfront. (See also Domestic student, HECS, International student.)

M

Major

A field of study, chosen by a student, to represent their principal interest this would consist of specified units of study from later stages of the award course. Students select and transfer between majors by virtue of their selection of units of study. One or more majors may be awarded upon the graduands assessment of study. (See also Award course, Minor, Stream.)

Major Timetable Clash

The term used when a student attempts to enrol in units of study which have so much overlap in the teaching times that it has been decided that students must not enrol in the units simultaneously.

Mark

An integer (rounded if necessary) from 0 to 100 indicating a student's performance in a unit of study. (See also Grade.)

Master's degree

A postgraduate award. Master's degree courses may be offered by coursework, research only or a combination of coursework and research. Entry to the course often requires completion of an Honours year at an undergraduate level. (See also Award course.)

Method of candidature

A course is either a research course or a coursework course and so the methods of candidature are 'research' and 'coursework'. (See also Course - Coursework, Course - Research.)

Minor

Studies undertaken to support a Major. Requiring a smaller number of credit points than a major students select and transfer between minors (and majors) by virtue of their selection of units of study. One or more minors may be awarded upon the graduand's assessment of study. (See also Award course, Major, Stream.)

Mixed Mode

See Attendance mode.

Mutually exclusive units of study

See Prohibited combinations of units of study.

N

Non-award course (see Course)

Non-standard session

A teaching session other than the standard February and August sessions - e.g. Summer School, in which units of study are delivered and assessed in an intensive mode during January. (See also Semester, Session.)

O

Orientation Week

Orientation or 'O Week', takes place in the week before lectures begin in Semester 1. During O Week, students can join various

clubs, societies and organisations, register for courses with departments and take part in activities provided by the University of Sydney Union.

P

Part-time student

See Attendance Mode, Attendance Pattern, Equivalent Full-Time Student Units (EFTSU).

Permanent home address

The address used for all official University correspondence with a student, both inside and outside of semester time (e.g. during semester breaks), unless the student provides a different overridden by semester address for use during the semester. (See also Semester address.)

PhD

The Doctor of Philosophy (PhD) and other doctorate awards are the highest awards available at the University. A PhD course is normally purely research-based; the candidate submits a thesis that is an original contribution to the field of study. (See also Award course, Doctorate.)

Plagiarism

Presenting another person's ideas, findings or work as one's own by copying or reproducing them without the acknowledgement of the source. (See also Academic dishonesty.)

Postgraduate

A term used to describe a course leading to an award such as graduate diploma, a master's degree or PhD which usually requires prior completion of a relevant undergraduate degree (or diploma) course. A 'postgraduate' is a student enrolled in such a course. (See also Course – Coursework, Course - Research)

Postgraduate Education Loans Scheme (PELS)

An interest-free loans facility for eligible students who are enrolled in fee-paying, postgraduate non-research courses. It is similar to the deferred payment arrangements available under the Higher Education Contribution Scheme (HECS). This scheme will cease in this manner from 1 January, 2005, and will be replaced by the FEE-HELP scheme.

Potential graduand

A student who has been identified as being eligible to graduate on the satisfactory completion of their current studies. (See also Graduand, Graduation.)

Pre-enrolment

Pre-enrolment - also known as provisional re-enrolment - takes place in October, when students indicate their choice of unit of study enrolment for the following year. After results are approved, pre-enrolment students are regarded as enrolled in those units of study for which they are qualified. Their status is 'enrolled' and remains so provided they pay any money owing and comply with other requirements by the due date. Students who do not successfully pre-enrol in their units of study for the next regular session are required to attend the University on set dates during the January/February enrolment period. (See also Enrolment.)

Prerequisite

A unit of study that is required to be successfully completed before another unit of study can be attempted. Pre-requisites can be mandatory (compulsory) or advisory. (See also Assumed knowledge, Co-requisite, Waiver, Qualifier.)

Prizes

Awarded in recognition of outstanding performance, academic achievement or service to the community or University.

Probationary candidature

A student who is enrolled in a postgraduate course on probation for a period of time up to one year. The head of department is required to consider the candidate's progress during the period of probation and make a recommendation for normal candidature or otherwise to the faculty.

Professional Practice

Students undertake placement in a professional practice as a part of their course requirements. May require University approved supervision. Professional placements are located in a wide range of professional practices environments, and may not require additional criteria to be fulfilled.

Progression

Satisfactory progression is satisfying all course and faculty rules (normally assessed on an annual basis) to enable the completion of the chosen award within the (maximum) completion time allowed. (See also Exclusion.)

Prohibited Combinations of units of study

When two or more units of study contain a sufficient overlap of content, enrolment in any one such unit prohibits enrolment in any other identified unit. (See also Unit of Study.)

Provisional re-enrolment

See Pre-enrolment.

Q

Qualification

An academic attainment recognised by the University.

Qualifier

A mandatory (compulsory) pre-requisite unit of study which must have a grade of Pass or better. (See also Assumed knowledge, Co-requisite, Pre-requisite, Waiver.)

R

Recycling

The submission for assessment of one's own work, or of work which substantially the same, which has previously been counted towards the satisfactory completion of another unit of study, and credited towards a university degree, and where the examiner has not been informed that the student has already received credit for that work.

Registration

In addition to enrolling with the faculty in units of study, students must register with the department responsible for teaching each unit. This is normally done during Orientation Week. Note that unlike enrolment, registration is not a formal record of units attempted by the student.

Research course

See Course - research.

Research supervisor

A supervisor is appointed to each student undertaking a research postgraduate degree. The supervisor will be a full-time member of the academic staff or a person external to the University recognised for their association with the clinical teaching or the research work of the University. A research supervisor is commonly referred to as a supervisor. (See also Advisor, Associate supervisor, Instrumental supervisor/teacher, Supervision.)

Result processing

Refers to the processing of assessment results for units of study. For each unit of study, departments tabulate results for all assessment activities and assign preliminary results. (See also Assessment, Formative assessment, Examination period, Summative assessment)

Result processing schedule

The result processing schedule will be determined for each academic cycle. All departments and faculties are expected to comply with this schedule. (See also Assessment, Examination period, Result processing.)

Result

The official statement of a student's performance in each unit of study attempted as recorded on the academic transcript, usually expressed as a mark and grade. (See also Grade, Mark.)

Research Training Scheme (RTS)

The RTS provides Commonwealth-funded higher degree by research (HDR) students with an 'entitlement' to a HECS exemption for the duration of an accredited HDR course, up to a maximum period of four years' full-time equivalent study for a Doctorate by research and two years' full-time equivalent study for a Masters by research.

S

Scholarships

Financial or other form of support made available to enable students to further their studies. (See also Bursaries)

School

A school or academic unit shall encourage and facilitate teaching, scholarship and research and coordinate the teaching and examining duties of members of staff in the subjects or courses of study with which it is concerned.

Semester

A half-yearly teaching session whose dates are determined by the Academic Board. Normally all undergraduate sessions will conform to the semesters approved by the Academic Board. Any offering of an undergraduate unit not conforming to the semester dates (non-standard session) must be given special permission by the Academic Board. (See also Session, Non-standard session.)

Semester address

The address to which all official University correspondence is sent during semester time, if it is different to the permanent address.

Senate

The governing body of the University. (See the University Calendar for more details of its charter and powers.)

Senate appeals

Senate appeals are held for those students who, after being excluded by a faculty from a course, appeal to the Senate for readmission. While any student may appeal to the Senate against an academic decision, such an appeal will normally be heard only after the student has exhausted all other avenues, i.e. the department, faculty, board of study and - in the case of postgraduates -, the Committee for Graduate Studies. (See also Exclusion.)

Session

Any period of time during which a unit of study is taught. A session differs from a semester in that it need not be a six-month teaching period, but it cannot be longer than six months. Each session maps to either Semester 1 or 2 for DEST reporting purposes. Session offerings are approved by the relevant dean, taking into account all the necessary resources, including teaching space and staffing. The Academic Board must approve variation to the normal session pattern. (See also Semester, Non-standard session.)

Session address

See Semester address.

Short Course

A fee paying student undertaking a short course with the University of Sydney comprising professional development, executive training etc. The study undertaken by these students is a non-award course.

Show Cause

See Progression, Exclusion

Special consideration

Candidates who suffer serious illness or misadventure which may affect performance in any assessment, may request that they be given special consideration in relation to the determination of their results.

Sponsorship

Financial support of a student by a company or government body.

Stage

A normal full time course of study taken in a year. (See also Course Rules, EFTSU, Progression)

Stream

A defined award course, which requires the completion of set units of study as specified by the course rules for the particular stream, in addition to the core program specified by the course rules. A stream will appear with the award course name on testamurs, e.g. Bachelor of Engineering in Civil Engineering (Construction Management). (See also Award course, Major, Minor.)

Student

Student means a person enrolled as a candidate for an award course or unit of study.

Student Identifier (SID)

A 9-digit number which uniquely identifies a student at the University.

Student ID Card

All students who enrol are issued with an identification card. The card includes the student's name, SID, the course code, a library borrower's bar code and a passport-style photo. The card identifies the student as eligible to attend classes and must be displayed at formal examinations. It must be presented to secure student concessions and to borrow books from all sections of the University Library.

Student Progress Rate (SPR)

A calculation which measures the rate at which load undertaken is passed annually in each award program.

Student type

Student type identifies whether a student is local or international and the type of study the student is undertaking. (See also International student, Domestic student, Exchange Student.)

Study Abroad Program

A scheme administered by the International Office which allows international students who are not part of an exchange program to take units of study at the University of Sydney, but not towards an award program. In most cases the units of study taken here are credited towards an award at their home institution. (See also Exchange student.)

Subject Area

A unit of study may be associated with one or more subject areas. The subject area can be used to define prerequisite and course rules, e.g. the unit of study 'History of Momoyama and Edo Art' may

count towards the requirements for the subject areas 'Art History and Theory' and 'Asian Studies'.

Summative assessment

See Assessment.

Summer School

See Sydney Summer School.

Supervising Faculty

The faculty which has the responsibility for managing the academic administration of a particular course, i.e. the interpretation and administration of course rules, approving students' enrolments and variations to enrolments. Normally the supervising faculty is the faculty offering the course. However, in the case of combined courses, one of the two faculties involved will usually be designated the supervising faculty. Further, in the case where one course is jointly offered by two or more faculties (e.g. the Liberal Studies course), a joint committee may make academic decisions about candidature and the student may be assigned a supervising faculty for administration.

Supervision

Refers to a one-to-one relationship between a student and a nominated member of the academic staff or a person specifically appointed to the role. (See also Advisor, Associate supervisor, Instrumental supervisor/teacher, Research supervisor.)

Suppression of results

Results for a particular student can be suppressed by the University when the student has an outstanding debt to the University; or the student is facing disciplinary action. A student may also request a suppression for personal reasons.

Suspension

See Course leave.

Sydney Summer School

A program of accelerated, intensive study running for approximately 6 weeks during January and February each year. Both undergraduate and postgraduate units are offered. Summer School provides an opportunity for students at Sydney and other universities to catch up on needed units of study, to accelerate completion of a course or to undertake a unit that is outside their award course. All units attract full fees and enrolled students are also liable for compulsory subscriptions. Some fee-waiver scholarships are available.

T

Teaching department

See School.

Teaching End Date

Official finish date of formal timetabled classes.

Teaching Start Date

Official commencement date of formal timetabled classes

Terminated

Term used when a student's candidature has been officially closed because they are not able to complete the Course requirements. (See also Candidature.)

Testamur

A certificate of award provided to a graduand, usually at a graduation ceremony. The Award conferred will be displayed along with other appropriate detail.

Thesis

A major work that is the product of an extended period of supervised independent research. (See also Course - Research.)

Timetable

The schedule of lectures, tutorials, laboratories and other academic activities that a student must attend.

Transcript

See Academic transcript.

Transfer

See Course transfer.

Tuition fees

Tuition fees may be charged to students in designated tuition fee-paying courses. Students who pay fees are not liable for HECS.

U

Universities Admissions Centre (UAC)

The UAC receives and processes applications for admission to undergraduate courses at recognised universities in NSW and the ACT. Most commencing, local undergraduate students at the University apply through the UAC.

Universities Admission Index (UAI)

A measure of overall academic achievement in the HSC that assists universities in ranking applicants for university selection. The UAI is based on the aggregate of scaled marks in ten units of the HSC, and is a number between 0.00 and 100.00 with increments of 0.05.

Under Examination

Indicates that a research student has submitted their written work (thesis) for assessment, and is awaiting the finalisation of the examiners' outcome and recommendation.

Undergraduate

A term used to describe both a course leading to a diploma or bachelor's degree and a student enrolled in such a course.

Unit of study

Unit of study or unit means a stand-alone component of an award course. Each unit of study is the responsibility of a department. (See also Prohibited Combinations of Unit of Study.)

Unit of study enrolment status

The enrolment status indicates whether the student is still actively attending the unit of study (i.e. currently enrolled) or is no longer enrolled. (See also Discontinuation or Cancellation.)

Unit of study level

Units of study are divided into Junior, Intermediate, Senior, Honours, Year 5, and Year 6. Most majors consist of 32 Senior credit points in a subject area (either 3000 level units of study or a mix of 2000 and 3000 level units of study).

University

Unless otherwise indicated, University in this document refers to the University of Sydney.

University Medal

A faculty may recommend the award of a University Medal to a student qualified for the award of an undergraduate Honours degree (or some master's degrees), whose academic performance is judged to be outstanding.

Upgrade

Where a student enrolled in a Master's by research course is undertaking research at such a standard that either the University recommends that the student upgrade their degree to a PhD, or the student seeks to upgrade to a PhD and this is supported by the University.

USYDnet

The University of Sydney's intranet system. It provides access to other services such as directories (maps, staff and student, organisations), a calendar of events (to which staff and students can submit entries), and a software download area.

V

Variation of enrolment

See Enrolment variation.

Vice-Chancellor and Principal

The chief executive officer of the University, responsible for its leadership and management. The Vice-Chancellor and Principal is head of both academic and administrative divisions.

W

Waiver

In a prescribed course, a faculty may waive the pre-requisite or co-requisite requirement for a unit of study or the course rules for a particular student. Unlike credit, waivers do not involve a reduction in the number of credit points required for a course. (See also Credit, Exemption.)

Winter School

An intensive session offered by the University during the mid-year break

Weighted Average Mark (WAM)

This mark uses the unit of study credit point value in conjunction with an agreed "weight". The formula for this calculation is:

$$(\text{mark} * \text{credit_pt_value} * \text{level weight}) / (\text{credit_pt_value} * \text{level weight})$$

(sums over all UoS completed in the selected period)

The mark is the actual mark obtained by the student for the unit of study, or in the case of a failing grade with no mark – 0. Pass/Fail assessed subjects and credit transfer subjects (from another institution) are excluded from these calculations; however, the marks from all attempts at a unit of study are included. (Effective from 1 January 2004.)

In addition, faculties may adopt other average mark formulae for specific progression or entry requirements. If such a formula is not specified in the faculty resolutions, the formula outlined above is used. (See also WAM Weight)

WAM Weight

A weight assigned to each unit of study to assist in the calculation of WAMs.

Y

Year of First Enrolment (YFE)

The year in which a student first enrolls at the University. (See also Commencement date.)

Youth Allowance

Youth Allowance is payable to a full-time student or trainee aged 16–24 years of age who is enrolled at an approved institution such as a school, college, TAFE or university, and undertaking at least 15 hours a week face-to-face contact.
