

The Sydney Summer School

2006

The University of Sydney

Winter School 2006

During the mid-semester break in July 2006 a small number of units are offered as a Winter School program.

Please see our website in March 2006 for further details

www.summer.usyd.edu.au

Welcome to The Sydney Summer School 2006

3 January to 17 February

In 1997, the University of Sydney under the Directorship of Professor John Mack, launched a two year, pilot Summer School program to run over January and February 1998 and 1999. Since then The Sydney Summer School has grown considerably. Demand for units of study has increased as have the number and diversity of the units offered. This year there will be 116 units offered to students from ten different faculties. Some units are offered online to suit people who cannot attend the University, other units are offered in Florence.

Students say there are many reasons why they want to study in the summer. Many students want to accelerate their progress towards their certificate, diploma or degree. This allows international students to return to their home country and families faster, thus saving on living costs. Other students undertake Summer School because they want to broaden their education and they take units that are outside their normal program. Others want to catch up on units of study in which they may have been unsuccessful, or to study only one subject intensely, without the distraction of other subjects. Many students tell us that studying one or two units over summer means they can manage the demands of their normal semester program much better.

Students who have completed the foundation year or high school often use Summer School as a way of entering a university program. (Recent high school graduates can study archaeology or anthropology, or get a head start on their commerce, economics, science or arts degree).

Because of the intensive nature of Summer School study, the class sizes are generally much smaller than during Semesters One and Two. This means classes often have limited places and it is strongly advised to enrol early to ensure your place. Enrolments open on 4 October 2005.

This handbook contains information on how our Summer School operates, detailed information on all units offered, accommodation available during the Summer School period, The Sydney Summer School Scholarships (for local undergraduate students only) and how to apply for enrolment. An application form is in the centre of this handbook.

On behalf of the University staff responsible for organising and presenting The Sydney Summer School program, I look forward to welcoming you next January. In the meantime, please contact us if you have any queries about our Summer School program or need further information or assistance.

Dr Jillian Stewart

General Information

Why take Summer School?

At The Sydney Summer School you can

- accelerate the completion of your degree
- take a unit that may not fit into your degree or timetable
- catch up on units of study in which you were not successful, or
- get a head start on your degree.

The Sydney Summer School's program of intensive study runs from 3 January to 17 February 2006 (including exam week)¹. Many faculties across the University offer undergraduate and postgraduate units of study.

Admission to Summer School

You may apply to enrol if you have completed the listed prerequisites for that unit of study at the University of Sydney or another acceptable tertiary institution² and either

- you are currently enrolled or have recently been enrolled in an Australian or overseas university and are seeking a unit of study to count towards a tertiary award, or
- your educational qualifications would gain you admission into the degree program with which your chosen unit of study is normally associated.

Important Note: Successful completion of a Summer School unit of study is not an offer of admission to the University. Students should consult the Director of The Sydney Summer School if they wish their Summer School result to contribute to an application for admission.

HSC graduates completing in 2005

You can enrol at Summer School to sample university life and get a head start on your degree.

- You need to have a UAI that would normally qualify you for entrance to the degree program with which your chosen unit of study is normally associated³.
- You can only enrol in ONE unit of study, from those shown as 'Open to HSC graduates'. You can count a successfully completed unit of study towards a degree course at this University, so long as it is normally available in that course. You will need to check this with the appropriate faculty or ask a Summer School staff member for advice.
- If you intend to enrol at another university, you must ensure that they will credit your Summer School study (do this before you enrol at Summer School).

1 Some units will run for fewer than seven weeks and are very intensive in nature. The University reserves the right to withdraw units of study from The Sydney Summer School before the start of the program.

2 Each student is responsible for ensuring that their enrolment is correct and their progress in the award course is in accordance with the Senate Resolutions for that award. While the Summer School makes every effort to provide advice and information, the onus is always on the student to ensure that award course requirements are met.

3 If you enrol before receiving your UAI, and then you don't achieve a sufficient score, we can refund tuition fees. The deadline for notifying us is 30 December 2005.

Applications for Summer School 2006

Apply early to secure your place in your chosen unit of study and to ensure it goes ahead. Some units have limited places and fill very quickly. All places are filled strictly on a first in first served basis.

How to apply

Applications will only be accepted from 4 October at 9.30am. An application form is available in the centre of this handbook. The quickest and easiest method of application is via the web although you may also apply in person or by fax.

Applications will be processed over two rounds; a late application period will also be available.

First round:

4-28 October 2005

Invoices for offers in this round must be paid in full no later than 3 November to secure your place.

Second round:

7-25 November

Invoices for offers in this round must be paid in full no later than 1 December to secure your place.

Late applications:

5-9 December

Late fee of \$100 applies. Invoices for offers in this round must be paid in full no later than 15 December to secure your place.

Applications will not be accepted during the following weeks:

31 October- 5 November

28 November - 2 December

New applications will not be accepted after 4pm on 9 December 2005, although variations will continue to be processed.

Acknowledgement and approval of applications

A successful web application will be acknowledged by email. Applications received in person or by fax will be receipted by date and time of lodgement.

After you have lodged an application you will:

- receive an offer and invoice if you are eligible to enrol and places are available; or
- receive a request for permission documents (refer to page 9) if you do not meet prerequisites or your chosen unit of study is not associated with your degree; or
- receive a notification that you are on a waiting list if the class is full. An offer for a place may be made in the subsequent application round.

Applications will be subject to approval by The Sydney Summer School, depending on the availability of places and your having satisfied the prerequisites for your chosen unit/s of study. Please read the 'Admission to Summer School' section (page 3) before applying to enrol.

Students should expect to receive an invoice for their unit of study within 7-10 days of lodgement.

Confirmation of enrolment

Confirmation of enrolment is subject to receipt of all supporting documentation (if required) and full payment of fees by the date specified for the round in which you applied. Payments and supporting documents not received by the due date will result in cancellation of the application.

Important: If you have other outstanding fees at the University of Sydney your Summer School payment may be fully or partially allocated to that debt. You must pay for your Summer School unit of study in full in order to be fully enrolled.

Visa and English language requirements

Overseas students enrolling in The Sydney Summer School may do so on a Tourist Visa provided that the combined length of any studies they undertake in Australia is not more than three months and the conditions of their visas do not prohibit them from engaging in any studies or training. If you are not a native English speaker, then you must show proof of English language proficiency. For details, goto: www.usyd.edu.au/fstudent/undergrad/index.shtml. It is advisable to have good English skills when studying in an intensive mode.

Not-for-credit study

Some units are available on a not-for-credit basis. As a not-for-credit student, you:

- pay 75 per cent of the tuition fee
- do not undertake summative assessment (i.e. assessment that counts towards a result), although you may undertake some formative assessment (e.g. in-class quizzes), and may not credit the unit to an award course at the University of Sydney, but you may apply for advanced standing in some cases.

Units available as not-for-credit are indicated in the unit of study listings. Please note that students enrolled for credit may be given preference if places are limited.

Study load, attendance requirements and timetable clashes

The intensive mode in which Summer School units are presented and studied requires a substantial commitment of time and effort, both inside and outside the classroom. For this reason, you may not undertake more than TWO units of study in the Summer School. In general students must attend 80 per cent of all classroom hours. Timetable clashes of more than one hour per week are not permitted.

Mathematics and Statistics study load

The School of Mathematics and Statistics has determined that if you have demonstrated

academic ability you may undertake more than two units of study in Mathematics with written permission from Dr Adrian Nelson, Coordinator of Summer School Mathematics units in the School of Mathematics and Statistics, Faculty of Science.

Austudy/Youth Allowance

Please note that if, by taking a Summer School unit of study your study load at university during Semesters One and Two is reduced, this may affect your eligibility for Austudy/Youth Allowance.

Fees

Tuition fees are determined by residency status (international or local) and graduate level and are revised annually. There are four fee groups: Local undergraduate, International undergraduate, Local postgraduate, International postgraduate. Fees may differ within these groups according to the faculty.

Fees charged for Summer School 2006 are the same rate as charged for Semester One and Two in 2006. Indicative fees are displayed in this handbook. Some units may involve additional costs such as textbooks, course notes, fieldwork, travel or other expenses. Further details on additional costs for each unit of study is available on The Sydney Summer School website.

FEE-HELP

FEE-HELP is available to eligible students for their Summer School study. Undergraduate and postgraduate students may apply for FEE-HELP provided eligibility requirements are met. Please see the Commonwealth Government's Going to Uni website (www.goingtouni.gov.au/) for further information.

Census date

The Sydney Summer School census date for all units of study will fall on Friday 13 January 2006.

Withdrawal and refund policy

Cancellation of Units of Study

If a Summer School unit of study is cancelled, students will receive a 100 per cent refund of tuition fees paid. The relevant faculty will make a decision about cancellation of a particular unit as early as possible.

Transferring between Summer School units

There will be no penalty if a student changes between units of study in the Summer School before Friday 13 January 2006. If classes have commenced, written permission from both lecturers is required. No transfers will be allowed after 13 January 2006.

Withdrawing from Summer School

Students may withdraw from their Summer School unit(s) of study right up until 4.00pm on the last day of the Teaching Period for that particular unit of study. The Teaching Period for purposes of this policy is defined in hours of published classes from the first day through to the last day of classes, excluding any final examination or assessment. No withdrawals or transfers will be accepted during the three payment rounds:

31 October - 3 November 2005

28 November - 1 December 2005

12 December- 15 December 2005

Students withdrawing from a Summer School unit of study between:

- 16 December 2005 to 4.00pm 31 December 2005, will be liable for a \$100 late withdrawal fee
- 1 January 2006 to the commencement of the first class, will be liable for a \$150 late withdrawal fee
- from the commencement of the first class to 4.00pm 13 January 2006 will be liable for a \$200 late withdrawal fee, or
- after 4pm 13 January 2006 will receive NO refund of their tuition fee.

If there are exceptional circumstances, a request for a refund outside this policy may be made to the Director of the Summer School. Such a request must be in writing and must be received by 28 February 2006.

Withdrawing after the class has commenced

Students withdrawing from a Summer School unit of study

- before 4pm 13 January 2006, will not have that unit of study recorded on their academic transcript
- after 4pm 13 January 2006, but before half of the Teaching Period has passed for that unit of study, will receive a grade of Discontinue-Not-Fail against their unit of study, or
- after half of the Teaching Period for that unit of study has passed to the last day of the Teaching Period for that unit of study, will receive a grade of Discontinue Fail against their unit of study.

If The Sydney Summer School withdraws a student based on an incomplete application, the relevant financial and academic penalties will apply.

Summer School Scholarships

DEADLINE FOR APPLICATIONS IS 28 OCTOBER 2005

Summer School Scholarships will be available to local undergraduate students for the Summer School who have a good academic record. Eligibility is similar to the University's Broadway Admission Scheme (www.usyd.edu.au/fstudent/careers/apply/scm/broadway.shtml).

Dates for your diary 2005-2006

First round applications close	28 Oct 2005
Deadline for Summer School Scholarships	28 Oct 2005
Payment deadline for first round applications	3 Nov 2005
Second round applications commence	7 Nov 2005
Second round applications close	25 Nov 2005
Payment deadline for second round applications	1 Dec 2005
Semester Two results available	5 Dec 2005
Late applications period commences	5 Dec 2005
Late applications period closes	9 Dec 2005
Payment deadline for late applications	15 Dec 2005
Deadline for on-time withdrawals	9 Dec 2005
Period for late withdrawals	16-31 Dec 2005
Period for very late withdrawals	1-13 Jan 2006
Period for no refund for withdrawal	After 13 Jan 2006
Summer School period begins	3 Jan 2006
Census date	13 Jan 2006
Last day for Discontinue-Not-Fail	<50 per cent of Teaching Period ¹
Last day for Discontinue Fail	Last day of Teaching Period ¹
Public Holiday: Australia Day	26 Jan 2006
Exam period (for most classes)	13-17 Feb 2006
Results available on MyUni	From 27 Feb 2006
Semester One begins	6 Mar 2006

- 1 Teaching Period is defined in hours of published classes from the first day through to the last day of classes, excluding any final examination.

Prerequisites, assumed knowledge and academic credit

Prerequisites in Summer School

Students will only receive an offer for their chosen unit(s) of study if prerequisites have been met or approval has been given. If you do not have a prerequisite for a Unit of Study, you must apply in writing to the Head of Discipline for permission to enrol. If you wish to attribute a unit of study to your program that is not a part of your normal award program, you must apply in writing to your faculty. Written permission must be attached to your application form.

Faculty course progression rules may require successful completion of specific units of study to fulfil degree requirements. It is the student's responsibility to check with the relevant faculty that you will satisfy your course completion rules, if a prerequisite has been waived for your Summer School unit of study. This may include having to complete the prerequisite unit at a later time in order to qualify for your degree.

Approval to undertake a unit of study from a faculty or Head of Discipline does not guarantee a place in that unit of study.

Assumed knowledge

'Assumed Knowledge' refers to the level of knowledge known to facilitate understanding of the study material. It may be difficult to succeed without that knowledge. You may enrol without having the assumed knowledge, but it is recommended that you contact the nominated person for your chosen unit to discuss your knowledge level.

Crediting Summer School units to your degree

University of Sydney students

Your Summer School unit will appear on your student record and will show on your academic transcript as long it is allowed in your current degree course and you have satisfied the prerequisites. If you are not currently enrolled, or if your Summer School unit cannot be added to your current record because of course rules, you will be enrolled as a Summer School non-award student.

The awards listed in this handbook to which units of study may be credited are a guide only: a particular unit may not be permitted for credit to all of the award courses listed in ALL cases and taking a unit does not guarantee admission to a particular award. These lists are not exhaustive, and credit to other awards may be possible.

If you have any doubt whether a particular unit of study is eligible for credit to your degree program, consult your faculty office for advice.

Postgraduate units may not be attributed to undergraduate degrees.

Crediting Summer School units to degrees at other institutions

If you wish to credit a Summer School unit towards an award course at another institution, it is your responsibility to obtain advice from your home institution, in writing, that they will credit the unit (and at what credit point value). It is recommended that you obtain this information prior to enrolling in the unit. You will need to submit your academic transcript and the Student Data Collection Form (available from the Summer School website) with your application.

Graduation

If passing your Summer School unit(s) means that you will complete all requirements for your degree or diploma, then you should be able to graduate in 2006. However, it will not always be possible for you to graduate with peers who completed the same award at the end of 2005 - this will depend upon timing of ceremonies and numbers of graduands. Please make sure that you have notified us in writing that you are expecting to graduate. The Graduations Office will then contact you with details of your graduation ceremony, so please do not make arrangements regarding your graduation until your results are known and the date for your ceremony has been confirmed.

Study Abroad and Student Exchange

The Study Abroad Program is a non-award program offering both undergraduate and/or postgraduate courses/research opportunities. The program is open to all international students that meet our entry requirements. International students participate in regular classes offered at the University of Sydney for one semester or one year. Study Abroad students pay tuition fees to the University of Sydney. For further information email: studyabroad@io.usyd.edu.au or visit our web site www.usyd.edu.au/fstudent/studyabroad/.

The University of Sydney also offers both inbound and outbound Student Exchange Programs in both undergraduate and postgraduate courses/research. These programs are offered to all candidates whose home university has a special arrangement with the University of Sydney. These programs are also non award and offered for one semester or one year. For further information email: exchange@io.usyd.edu.au or visit our website for inbound exchange students at www.usyd.edu.au/fstudent/studyabroad/ or outbound exchange students at www.usyd.edu.au/stuserv/international/.

On-campus facilities and services

Services for students

The following university agencies help students achieve their educational and personal goals through the provision of academic, counselling and welfare services.

Casual Employment Service	Education Building	Ph 9351 8714
Counselling Service	Education Building	Ph 9351 2228
Dentist	Wentworth Building	Ph 9692 8900
Disability Services	Education Building	Ph 9351 4554
Doctor	Wentworth Building	Ph 9351 3484
	Holme Building	Ph 9351 4095
International Student Services	Services Building	Ph 9351 4749
Pharmacy	Wentworth Building	Ph 9660 3338
	Holme Building	Ph 9660 0327

Visit the Learning Centre

The Learning Centre assists you to develop the academic skills you require for successful study. During the summer you can participate in free workshops. Topics include Basics of Grammar, Clearer Writing, Writing in an Academic Style, Planning an Assignment, Analysing the Assignment Question and Analytical Writing. **Web www.usyd.edu.au/lc/ or phone 9351 3853**

Parking

Parking on campus is extremely limited. Students are advised to take public transport if possible. The University-owned Shepherd Street carpark (behind the Seymour Centre in Chippendale) offers parking for \$2/hr or \$6/day, 5am-midnight. The flat rate for Camperdown Campus is \$15/day: Monday to Friday; evening and overnight parking (entry after 3pm and exit by 6am the following day) \$2/hr or \$6 maximum and on weekends \$2/hr or \$6 maximum*. Other campuses, such as Nursing and Law School, have extremely limited on-street parking.

*Prices quoted are subject to change.

Other services

Fisher Library, childcare and other services are also available. The University of Sydney Union provides a range of catering and retail services, primarily in the Wentworth and Manning Buildings, along with other facilities including copying services.

Sporting facilities

The Arena Sports Centre, Western Avenue is open to students, staff and the public. Facilities include the Fitness Arena Gym, The Ledge Climbing Centre, the Sports Clinic and court hire. **Phone 9351 8111, web www.susport.com.**

University Sports and Aquatic Centre, corner of Codrington Street and Darlington Road has a 50m pool, gymnasium and cardio facilities, squash and tennis courts, spinning and yoga classes. **Phone 9351 4960, web www.susport.com.**

Around Sydney University

Sydney University is located in the inner city surrounded by four diverse cultural communities: Newtown, Glebe, Haymarket and Surry Hills. Newtown is full of cafes, Thai restaurants, pubs, music stores and entertainment venues including the Dendy Cinema. Glebe offers cafes and bookstores with an alternative new age community. Haymarket is the centre of Sydney's Chinese community with shopping, food and entertainment venues. Surry Hills is the centre of Sydney's hip community with pubs and bars, cafes and discount clothing outlets for some of Sydney's exclusive fashion labels.

Accommodation

The University of Sydney provides a range of quality on-campus accommodation for visiting Summer School students:

The Women's College
International House
Sydney University Village
Wesley College
Mandelbaum House
St Andrew's College
St John's College
St Paul's College
Sancta Sophia College

Please contact these colleges directly for information on availability and pricing, (see Campus Facilities link at www.summer.usyd.edu.au.)

For general information about accommodation or a list of nearby hotels and hostels, contact the Student Accommodation Service:

Email accomm@stuserv.usyd.edu.au

Phone 9351 3312

Fax 9351 8262

Web www.usyd.edu.au/accomm/

Sydney in January and February

Sydney explodes into January and the New Year with one of the most spectacular fireworks displays to be seen around the world. Encompassing the Harbour, the Sydney Opera House and culminating in an exhilarating curtain of fireworks on the Bridge this is an event any visitor to Sydney should not miss (31 December). January and February is Sydney at its best with festivals, sport, art, music and cultural events throughout summer.

The Festival of Sydney (7-26 January) hosts arts and cultural events of some of the best local and international theatre, dance and music groups. It's an event where you can see a diverse range of artistic acts from the world, where French theatre can meet African drumming and New York Cabaret. January also sees an influx of local and overseas bands and musical acts at the Sydney Big Day Out (26 January). In 2005 acts included the Beastie Boys, the Chemical Brothers, The Donnas, The Streets, Powderfinger and Spiderbait and in previous years the likes of Nirvana, Bjork and Coldplay have played at Sydney's premier music event.

Satellite festivals like the Festival de Cuba showcases Sydney's Latin community with Salsa and Rumba on stage and in the audience. Sydney also hosts two outdoor cinema events, one at the beautiful and peaceful Centennial Park and another at Mrs Macquarie's Point with the Sydney Opera House as a backdrop. Australia's National Holiday (26 January) has a host of community events including the unique fun and frenetic ferry race across the harbour. This day also features events with an indigenous perspective with the amazing Survival Day concert showcasing music from Australia's vast and various indigenous communities.

February continues the festival spirit with our long established Chinese community celebrating the Chinese New Year (29 January) with a week long festival of dragon dances, fireworks and food where Chinese cuisine meets Sydney's freshest produce and seafood. February is also Mardi Gras time and whilst you may have seen Bondi Beach in postcards, you probably haven't seen the Drag Racing across the famous golden beach. Mardi Gras (10 February - 4 March) celebrates the cultural and party life of gay and lesbian Sydney culminating with the famous parade on 4 March.

Additional units of study

Units of study listed in this handbook were gathered in July 2005 and the listing is correct at time of publishing. This will not represent a complete list of units of study that will be offered in the 2006 Summer School. New units of study or changes to units of study listed in this handbook will be updated on The Sydney Summer School website www.summer.usyd.edu.au.

Studies on Australia

ASLT 2609 Australian Literature 1988 to the Present

6 credit points. Available Not For Credit. **Lecturer(s):** Ms Nicolette Slasko. **Run Dates:** 3 Jan (Tue) to 9 Feb (Thu) 2006. **Timetable:** Lec: Tue, Thu 11am-12pm; Tut: Tue, Thu 1-3pm. **Exam:** 9/02/2006. **Indicative Fee:** \$1986 (Local) \$1538-\$2142 (International). **Prerequisites:** 18 junior credit points. **Assessment:** 1x1500 word seminar paper, 1x3000 word take-home essay.

This unit will examine some major Australian texts and writers of the last two decades. While its main focus will be on fiction, poetry and non-fiction, issues include texts which aim to subvert or question such generic boundaries; re-writing of Australian history from postcolonial and Indigenous perspectives; representation of gender and sexuality. Contemporary writers include Beverley Farmer, Helen Garner, Gerald Murnane, Tim Winton and the poetry of indigenous writers Lionel Fogarty and Samuel Wagan Watson.

Textbooks: Porter, D. *The Monkey's Mask*; Bail, M. *Eucalyptus*; Astley, T. *Drylands*; Resource Book

Award courses to which these units may be counted: BA, Dip.Arts. May include specialist and combined degrees.

ASTR 2601 Australia: Land and Nation

6 credit points. Available Not For Credit. **Run Dates:** 3 Jan (Tue) to 9 Feb (Thu) 2006. **Timetable:** Lec: Tue, Thu 12-1pm; Tut: Tue, Thu 2-4pm. **Exam:** 16/02/2006. **Indicative Fee:** \$1986 (Local) \$1538-\$2142 (International). **Prerequisites:** 18 junior credit points. **Assessment:** 1x1000 word essay (25%), oral presentation (25%), 1x1.5hr exam-2000 words (40%), class participation (10%).

A study between the two major meanings of the term 'Australia' - the name now given to a large island in the South Pacific and a nation which came into being on 1 January 1901. Themes include - naming and representing the land and the nation: including Indigenous perspectives, European explorers and white settlers; Changing European perceptions of the Australian environment and landscape; Concepts of the nation in the move to federation at the end of the 19th century, to debates about republic at the end of the 20th century.

Textbooks: Resource book

Award courses to which these units may be counted: BA, Dip.Arts. May include specialist and combined degrees.

HSTY2014 Australian Social History 1919-2004

6 credit points. **Lecturer(s):** Dr Thalia Anthony. **Run Dates:** 3 Jan (Tue) to 9 Feb (Thu) 2006. **Timetable:** Tue, Thu 11am-2pm. **Exam:** 16/02/2006. **Indicative Fee:** \$1986 (Local) \$1538-\$2142 (International). **Prerequisites:** 12 junior credit points of History, Ancient History, Economic History or Asian History and Culture. **Assessment:** Class participation (10%), tutorial presentation (20%), 1x3000 word research paper (40%), 1x2hr exam (30%).

This course looks at the social forces that have shaped Australian identity since Federation (involvement in the Iraq War, Voluntary Student Unionism, Reconciliation, Mandatory Detention of refugees). Beginning with an analysis of White Australia and the Great War, turning to major social events and movements, including the Great Depression, involvement in WWII and post-War affluence, radicalism of the Vietnam Moratorium movement and the Whitlam years, and Australia's response to the emergence of the New Right in the 1980s.

Textbooks: Compiled course readings (purchased from copy centre). White, Richard, Russell & Penny (eds.) (1997). *Memories and Dreams: Reflections on twentieth-century Australia* Sydney. Macintyre, S. (1999) *A Concise History of Australia* CUR Cambridge; Connell R.W & Irving, T.H. *Class Structure in Australian History*. Longman Cheshire, Melbourne

Award courses to which these units may be counted: BA, DipArts, BCom, BEc, BEc(SocSc). May include specialist and combined degrees.

KOCR 2100 Indigenous Australia

8 credit points. **Lecturer(s):** Michelle Blanchard. **Run Dates:** 9 Jan (Mon) to 27 Jan (Fri) 2006. **Timetable:** Lec: Mon to Thu 9-10am; Tut: Mon to Thu 10am-12pm. **Indicative Fee:** \$2648 (Local) \$2050-\$2856 (International). **Prerequisites:** 32 Junior credit points. **Assessment:** Participation (10%), journal (40%), presentation (10%), 1x2000 word essay (40%).

This unit will explore the survival and growth of Indigenous Australian culture and philosophy, and its present day social and theoretical contexts. Self-determining Indigenous cultures have existed in this country for at least sixty thousand years, yet have been interpreted and represented to the world from predominantly non-Indigenous points of view. This unit of study responds to the lack of inclusion of Indigenous histories and knowledge in mainstream pedagogic practice since invasion.

Study Tours

HSTY 2047 Renaissance Italy: The Renaissance in Florence

4 credit points. **Lecturer(s):** Dr Kathleen Olive. **Run Dates:** 2 Jan (Mon) to 23 Jan (Mon) 2006. **Timetable:** Residential school in Florence. **Indicative Fee:** \$1324 (Local) \$1025-\$1428 (International). **Prerequisites:** 12 junior credit points of history. **Assessment:** Research journal and research essay.

Contact The Centre for Continuing Education to book a place on the tour (Ph: 9036 4789). This unit investigates the social, political and economic life and urban development of Italy between the early fourteenth and mid-sixteenth centuries to analyse and explain the extraordinary flowering of social, artistic and intellectual and cultural life of the Renaissance. Students will, through daily site visits, use the city of Florence as a visual primary document in conjunction with formal lectures and comparison trips to cities such as Siena, San Gimignano, Volterra and Pistoria.

Award courses to which these units may be counted: BA, DipArts. May include specialist and combined degrees.

Architecture

School of Architecture, Planning and Design Science

Undergraduate

DAAE 2005 Designing with Colour 1

6 credit points. **Lecturer(s):** A/Prof Terry Purcell. **Run Dates:** Online. **Timetable:** Online. **Indicative Fee:** \$2142 (Local) \$1776-\$2394 (International). **Assessment:** Three assignments.

This unit introduces participants to basic information about colour perception and research about our emotional response to colour. The way in which this information can be used to understand our experience of the everyday and designed environment is illustrated through the detailed analysis of example environments.

Textbooks: All the material required to complete the course is presented in the course content

Award courses to which these units may be counted: BSc(Arch), BArch, BDes, BDesComp. May include specialist and combined degrees.

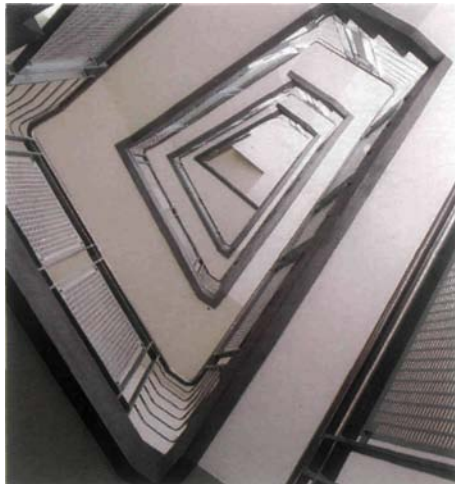

DAAE 2006 Designing with Colour 2

6 credit points. **Lecturer(s):** A/Prof Terry Purcell. **Run Dates:** Online. **Timetable:** Online. **Indicative Fee:** \$2142 (Local) \$1776-\$2394 (International). **Assessment:** Design exercises developed during the course based on the research information presented in the course.

This unit presents the results of research into the association between the attributes of a colour and a number of more complex aspects of our response to colour such as whether colours are experienced as exciting, calming, warm or cool. These exercises build on the knowledge and skills developed in Colour Design 1 and participants are taught new skills in the use of Photoshop through specially designed tutorials. This is a fully online unit.

Textbooks: All the material required to complete the course is presented in the course content

Award courses to which these units may be counted: BSc(Arch), BArch, BDes, BDesComp. May include specialist and combined degrees.

DESA 1004 Designing with Surfaces and Light

6 credit points. **Lecturer(s):** A/Prof Terry Purcell. **Run Dates:** Online. **Timetable:** Online. **Indicative Fee:** \$2142 (Local) \$1776-\$2394 (International). **Assessment:** Two assignments.

This unit introduces participants to basic concepts about the physical properties of light and the surface properties of texture, pattern and reflection. The way that each of the concepts is related to our experience of the environment is illustrated through detailed analysis of numerous examples of both everyday and designed environments. This is a fully online unit.

Textbooks: All the material required to complete the course is presented in the course content

Award courses to which these units may be counted: BDes. May include specialist and combined degrees.

DESA 2610 Designing with Colour 1

4 credit points. **Lecturer(s):** A/Prof Terry Purcell. **Run Dates:** Online. **Timetable:** Online. **Indicative Fee:** \$1428 (Local) \$1184-\$1596 (International). **Assessment:** Two assignments.

This unit introduces participants to basic information about colour perception and research about our emotional response to colour. The way in which this information can be used to understand our experience of the everyday and designed environment is illustrated through the detailed analysis of example environments.

Textbooks: All the material required to complete the course is presented in the course content

Award courses to which these units may be counted: BSc(Arch), BArch, BDes, BDesComp. May include specialist and combined degrees.

DESA 2611 Designing with Colour 2

4 credit points. **Lecturer(s):** A/Prof Terry Purcell. **Run Dates:** Online. **Timetable:** Online. **Indicative Fee:** \$1428 (Local) \$1184-\$1596 (International). **Assessment:** Design exercises developed during the course based on the research information presented in the course.

This unit presents the results of research into the association between the attributes of a colour and a number of more complex aspects of our response to colour such as whether colours are experienced as exciting, calming, warm or cool. Anthropology

Undergraduate

ANTH 1001 Anthropology and Cultural Difference

6 credit points. Available Not For Credit. Open to HSC Graduates. **Lecturer(s):** Assoc Prof Daryl K Feil. **Run Dates:** 3 Jan (Tue) to 9 Feb (Thu) 2006. **Timetable:** Tue, Thu 10am-12pm. **Indicative Fee:** \$1986 (Local) \$1538-\$2142 (International). **Assessment:** 2x2000 word essays, 2x1hr exam.

Anthropology explores and explains cultural difference while affirming the unity of humankind. It therefore provides accounts of cultural specificity that illuminate many forms of conflict in the world today. Lectures will address some examples of cultural difference from the present and the past. These examples will introduce modern Anthropology, the method of ethnography, and its related forms of social and cultural analysis.

Textbooks: Course Reader

Award courses to which these units may be counted: BA, DipArts, BCom, BEc, BEc(SocSc). May include specialist and combined degrees.

ANTH 2622 Ethnographic Film

6 credit points. Available Not For Credit. Open to HSC Graduates. **Lecturer(s):** Assoc Prof Daryl K Feil. **Run Dates:** 3 Jan (Tue) to 9 Feb (Thu) 2006. **Timetable:** Tue, Thu 1-3pm. **Indicative Fee:** \$1986 (Local) \$1538-\$2142 (International). **Prerequisites:** Written permission from lecturer. **Assessment:** 2x2000 word essays, 2x1hr exam.

This course examines the ethnographic value of film in contrast with conventional textual forms of representation. The course focuses on theories of ethnographic filming and on the significance of film within the ethnography of Papua New Guinea. Themes include family narratives or ethnographic soap opera: problems with representations of violence and values of 'shock': filming and contextualising intimacy: primitivism as an ethnographic subject: irony and humour. **THIS COURSE IS A CRITICAL, NOT A PRACTICAL ONE.**

Textbooks: Course Reader

Award courses to which these units may be counted: BA, DipArts, BCom, BEc, BEc(SocSc). May include specialist and combined degrees.

Arts Informatics

Undergraduate

ARIN 2610 Web Production

6 credit points. Available Not For Credit. **Lecturer(s):** John Tonkin. **Run Dates:** 3 Jan (Tue) to 10 Feb (Fri) 2006. **Timetable:** Lec: Tue, Wed 2-3pm; Tut: Tue, Wed 3:30-5:30pm. **Indicative Fee:** \$2648 (Local) \$2050-\$2856 (International). **Prerequisites:** 18 junior credit points. **Assessment:** 1x1500 word essay (20%), 1x1000 word Web site review + 5 min presentation (20%), Web site project equiv to 1x2000 word (40%), 1x1000 word Web site project report (20%).

This unit of study introduces students to the key concepts and tools of multimedia production for the World Wide Web. Students will be introduced to contemporary research and design methodologies for content creation for the WWW and will be introduced to the basic Internet programming languages and content creation tools.

Textbooks: Online resources

Award courses to which these units may be counted: Open to BAI, BA and other degrees with permission. May include specialist and combined degrees.

Australian Literature

Undergraduate

ASLT 2609 Australian Literature 1988 to the Present

6 credit points. Available Not For Credit. **Lecturer(s):** Ms Nicolette Stasko. **Run Dates:** 3 Jan (Tue) to 9 Feb (Thu) 2006. **Timetable:** Lec: Tue, Thu 11am-12pm; Tut: Tue, Thu 1-3pm. Exam: 9/02/2006. **Indicative Fee:** \$1986 (Local) \$1538-\$2142 (International). **Prerequisites:** 18 junior credit points. **Assessment:** 1x1500 word seminar paper, 1x3000 word take-home essay.

This unit will examine some major Australian texts and writers of the last two decades. While its main focus will be on fiction, poetry and non-fiction, issues include texts which aim to subvert or question such generic boundaries; re-writing of Australian history from postcolonial and Indigenous perspectives; representation of gender and sexuality. Contemporary writers include Beverley Farmer, Helen Garner, Gerald Murnane, Tim Winton and the poetry of indigenous writers Lionel Foggerly and Samuel Wagan Watson.

Textbooks: Porter, D. *The Monkey's Mask*; Bail, M. *Eucalyptus*; Astley, T *Drylands*; Resource Book

Award courses to which these units may be counted: BA, Dip.Arts. May include specialist and combined degrees.

Australian Studies

Undergraduate

ASTR 2601 Australia: Land and Nation

6 credit points. Available Not For Credit. **Run Dates:** 3 Jan (Tue) to 9 Feb (Thu) 2006. **Timetable:** Lec: Tue, Thu 12-1pm; Tut: Tue, Thu 2-4pm. Exam: 16/02/2006. **Indicative Fee:** \$1986 (Local) \$1538-\$2142 (International). **Prerequisites:** 18 junior credit points. **Assessment:** 1x1000 word essay (25%), oral presentation (25%), 1x1.5hr exam-2000 words (40%), class participation (10%).

A study between the two major meanings of the term 'Australia' - the name now given to a large island in the South Pacific and a nation which came into being on 1 January 1901. Themes include - naming and representing the land and the nation: including Indigenous perspectives, European explorers and white settlers; Changing European perceptions of the Australian environment and landscape; Concepts of the nation in the move to federation at the end of the 19th century, to debates about republic at the end of the 20th century.

Textbooks: Resource book

Award courses to which these units may be counted: BA, Dip.Arts. May include specialist and combined degrees.

Centre for Peace and Conflict Studies

Postgraduate

PACS 6914 Conflict-Resolving Media

6 credit points. Available Not For Credit. **Lecturer(s):** Mr Jake Lynch. **Run Dates:** 12 Jan (Thu) to 18 Jan (Wed) 2006. **Timetable:** Mon to Fri 10am-4pm. **Indicative Fee:** \$1260-\$1440 (Local) \$1500-1920 (International). **Prerequisites:** Completed undergraduate degree and Departmental permission. **Assessment:** Class participation (15%), 1x1000 word reflective journal (20%), 1x4000 word written assignment (65%).

This unit examines media representations of conflict and the influence of the media on the behaviour of those involved. It introduces creative ways for journalists, media development workers and media activists to apply principles of conflict resolution. Students diagnose 'war journalism' and 'peace

journalism', and analyse conflict in a journalism context. Theories of news and concepts of objectivity and responsibility are critically explored.

Textbooks: Course Reader

Award courses to which these units may be counted: MLitt, MA, GradDipArts, GradCertArts. May include specialist and combined degrees.

PACS 6915 Human Rights, Peace and Justice

6 credit points. Available Not For Credit. **Lecturer(s):** Dr Genevieve Souillac. **Run Dates:** To be advised.

Timetable: Fri, Sat 10am-5pm. **Indicative Fee:** \$1260-\$1440 (Local) \$1500-\$1920 (International).

Prerequisites: Completed undergraduate degree. **Assessment:** Class participation (20%), 1x2500 word written report (25%), 1x3000 word essay (55%).

This unit explores both the idea of human rights and the international human rights regime as a means of promoting peace with justice. Moral and political theories of human rights, legal instruments and mechanisms, and political strategies will be discussed to identify the best means of implementing human rights both locally and internationally. Debates considered will include the universality of human rights, the ethics of humanitarian intervention, and specific rights such as those of women and refugees.

Textbooks: Course Reader

Award courses to which these units may be counted: MLitt, MA, GradDipArts, GradCertArts. May include specialist and combined degrees.

Chinese and Southeast Asian Studies

Undergraduate

ASNS 2618 Remaking Chinese Society, 1949-Present

6 credit points. Available Not For Credit. **Lecturer(s):** Prof Jocelyn Chey. **Run Dates:** 3 Jan (Tue) to 16 Feb (Thu)

2006. **Timetable:** Tue, Wed, Thu 9-11am. Exam: 16/02/2006. **Indicative Fee:** \$1986 (Local) \$1538-\$2142 (International). **Assumed knowledge:** While prior knowledge of the subject matter is not required, it is advisable

that students have experience of writing essays, in English, on topics in the humanities or social sciences. Students who lack knowledge of developments in China since 1949 should read at least one of the books mentioned below

under 'Advanced Readings' before January. **Prerequisites:** 12 junior credit points in Asian Studies or an Asian language or Government, History, Economic History, Economics, Sociology or Anthropology, or any combination of the above. Prerequisite waivers may be granted for senior students who are confident of their ability to write essays

in English. **Assessment:** Class attendance and participation (10%), 1x2000 word essay (30%), oral presentation based on work for essay (20%), other writing assignments, and/or in-class tests (total of 2500 words or equivalent; 40%).

The history of the People's Republic of China comprises two periods. In the Maoist era (1949-1978), the Communist-led government attempted to build a centrally planned, socialist society in which politics dominated people's daily lives. In the post-Mao era (since 1978), by contrast, the socialist institutions have largely been dismantled in pursuit of a market-based alternative. This unit of study explores key social, political, cultural and economic features of both periods and analyses the problems and paradoxes of transition.

Textbooks: Meisner, M. (1999) *Mao's China and After: A History of the People's Republic*. (3rd edn.) New York: Free Press;

Link, R., Madsen, R.P. and Pickowicz, P.G. (eds.) (2001). *Popular China: Unofficial Culture in a Globalizing Society*. Lanham, Md: Rowman and Littlefield. Course Reader

Award courses to which these units may be counted: BA, Dip.Arts. May include specialist and combined degrees.

CHNS 3634 Gender in Modern Chinese Literature

6 credit points. Available Not For Credit. **Lecturer(s):** Dr Shuyu Kong. **Run Dates:** 3 Jan (Tue) to 15 Feb (Wed) 2006. **Timetable:** Mon, Tue, Wed 11am-1pm. **Indicative Fee:** \$1986 (Local) \$1538-\$2142 (International). **Assumed knowledge:** Advanced reading ability in Chinese. Some prior knowledge of modern Chinese culture is desirable. It is also advisable that students have experience of writing essays, in English and/or Chinese, on humanistic topics. **Prerequisites:** HSC Chinese for Background Speakers (or equivalent level of proficiency in Chinese) plus 12 junior non-language credit points from Table A of the Table of units of study in the Faculty of Arts; or CHNS 1314 or CHNS 2204 or CHNS 3104; plus permission from lecturer. **Assessment:** Classwork (20%), 1x2500 word essay (35%), other written assignment(s) totalling 1,500 words (30%); oral assignment(s) equivalent to 500 words of essay (15%). Either the essay or one other piece of written work may be in Chinese (consult instructor for required number of characters).

Recent research on gender and related issues in Chinese cultural context has transformed conventional ideas about the roles of women in the Chinese world. This unit of study will illustrate the value of gender-sensitive scholarship by focusing on literary studies. Students will learn fresh approaches to the study of Chinese society and culture by examining the representation of gender and sexuality in (mainly) modern Chinese literature.

Award courses to which these units may be counted: BA, BA(Lang), DipLangStuds, BCom, BEc, BEc(SocSc). May include specialist and combined degrees.

English

Undergraduate

ENGL 1000 University English

6 credit points. Available Not For Credit. **Lecturer(s):** Dr Simone Marshall. **Run Dates:** 3 Jan (Tue) to 10 Feb (Fri) 2006. **Timetable:** Lec: Tue, Fri 10-11am; Tut: Tue, Fri 11am-1pm. **Indicative Fee:** \$1986 (Local) \$1538-\$2142 (International). **Assumed knowledge:** Native or near-native English language competency. **Prerequisites:** MECO and Liberal Studies students are encouraged to enrol in this unit in Semesters 1 or 2 when there are classes streamed for their specific academic needs. **Assessment:** 1x500 word essay (15%), 2x500 word editing tasks (20% ea), 1x1000 word essay (25%), class presentation (10%), online quizzes (10%).

University English is a practical unit designed to improve student writing at all undergraduate levels in a variety of formats across a range of disciplines. It is taught by means of lecture and workshops organized around exercises in rhetoric, style and grammar. Many writing and editing assignments are drawn from actual university documents, including examples of 'real' student writing.

Textbooks: Soles, D. *The Essentials of Academic Writing*

Award courses to which these units may be counted: BA, BCom, BEc, BEc(SocSc). May include specialist and combined degrees.

ENGL 2640 Shakespeare

6 credit points. **Lecturer(s):** Dr Ursula Potter. **Run Dates:** 3 Jan (Tue) to 10 Feb (Fri) 2006. **Timetable:** Lec: Tue, Fri 12-1pm; Tut: Tue, Fri 2-4pm. Exam: 14/02/2006. **Indicative Fee:** \$1986 (Local) \$1538-\$2142 (International). **Prerequisites:** 12 junior credit points of English. **Assessment:** 1x2000 word essay, 1x2hr exam, class presentation.

An intensive study of plays by Shakespeare in a variety of genres, with an emphasis on performance. Particular attention is given to the impact of Renaissance and modern performance conditions, such as

playhouses, companies, and audiences. Where possible film or video versions are discussed. Attention is also given to the language of the plays, their relationship to dramatic genres, and varieties of contemporary interpretation.

Textbooks: Greenblatt, S (ed.) The Norton Shakespeare

Award courses to which these units may be counted: BA, Dip.Arts. May include specialist and combined degrees.

Postgraduate

ENGL 6901 Creative Writing: Fiction Workshop

6 credit points. **Lecturer(s)**: Mr James Bradley. **Run Dates**: 5 Jan (Thu) to 9 Feb (Thu) 2006. **Timetable**: Lec: Thu 10am-12pm; Tut: Thu 12:30-2:30pm. **Indicative Fee**: \$1260-\$1440 (Local) \$1500-\$1920 (International). **Prerequisites**: BA with major in English/Australian Literature, or equivalent. **Assessment**: Original written work due during and at end of session (6000 words).

No skill is more important to a writer than learning to trust their own work. This course will help students do so by fostering a better understanding of the inner rhythms that underlie fiction and the way these rhythms can be used as guides in the creative process. Areas covered will include ways of finding and beginning stories, approaches to voice, character and language, shape and structure and ways of incorporating research into fiction.

Award courses to which these units may be counted: MLitt, MA, GradDipArts, GradCertArts. May include specialist and combined degrees.

ENGL 6912 Issues in Mass Communication

6 credit points. **Lecturer(s)**: Dr Jan Shaw. **Run Dates**: 5 Jan (Thu) to 9 Feb (Thu) 2006. **Timetable**: Thu 2-6pm. **Indicative Fee**: \$1260-\$1440 (Local) \$1500-\$1920 (International). **Prerequisites**: BA at a standard acceptable to the Faculty of Arts. **Assessment**: 2x1500 word essays, class participation.

Introduces students to the main issues in contemporary mass communication studies. These include theories of communication and mass audiences, the role of media institutions in determining genres and content, and the study of media discourses. No previous knowledge of mass communication theory is assumed, and the unit is suitable both for those currently working in the media and those who would like to learn more about their own practices of reading media texts.

Award courses to which these units may be counted: MLitt, MA, GradDipArts, GradCertArts. May include specialist and combined degrees.

ENGL 6957 New Directions HSC Extension 1B: Texts and Ways of Thinking: Postmodernism

6 credit points. **Lecturer(s)**: A/Prof Jennifer Gribble and Mr Axel Kruse. **Run Dates**: 3 Jan (Tue) to 27 Jan (Fri) 2006. **Timetable**: Lec: Mon, Wed, Fri 10-11am; Tut: Mon, Wed, Fri 11am-12pm. **Indicative Fee**: \$1260-\$1440 (Local) \$1500-\$1920 (International). **Prerequisites**: Undergraduate degrees with a major or part major in English, or other relevant tertiary qualifications and professional experience. **Assessment**: 2x2000 word essays.

Postmodernism is a period of culture from the Second World War to the present. 'What, then, is postmodernism?' This and related questions will be explored in the light of HSC Syllabus rubrics and requirements, using the prescribed texts as a basis for discussion. A variety of related texts will be

drawn from a range of contexts and media in this enquiry into the postmodern condition.

Textbooks: Byatt, A.S. *Possession*; Calvino, I. *If on a Winter's Night a Traveller*; Fowles, J. *The French Lieutenant's Woman*; Williamson, D. *Dead White Males*; Potter, S. *Orlando*; Pope, R. *The English Studies Book* (2nd edn)
Award courses to which these units may be counted: MA, GradDipArts, GradCertArts, GradCertHSCEnglish. May include specialist and combined degrees.

French Studies

Undergraduate

FRNC 1101 Introductory French 1

6 credit points. Available Not For Credit. Open to HSC Graduates. **Lecturer(s)**: Dr Christiane Marillet. **Run Dates**: 3 Jan (Tue) to 27 Jan (Fri) 2006. **Timetable**: Mon, Tue, Thu, Fri 9am-3:15pm. Exam: 27/01/2006. **Indicative Fee**: \$1986 (Local) \$1538-\$2142 (International). **Assessment**: Continuous assessment, 2 short tests, 1x1.5h exam.

'Introductory French' is based both on communicative methodology and a functional approach to language. Through using the French language in a range of contexts, students will develop written communication (reading, writing) and spoken communication (speaking, listening) skills in order to exchange basic information and services, opinions and tastes, and express feelings and emotions.

Textbooks: Christian Lavenne, et al, *Studio 100, Cahier d'exercices avec CD Audio, Niveau 1*, Didier, Paris, 2001; *Grammar Booklet FRNC 1101*, Summer School 2006

Award courses to which these units may be counted: BA, Dip.Lang.Studs. May include specialist and combined degrees.

Gender Studies

Undergraduate

GCST 2604 Sex, Violence and Transgression

6 credit points. Available Not For Credit. **Lecturer(s)**: Ms Katherine Albury. **Run Dates**: 3 Jan (Tue) to 9 Feb (Thu) 2006. **Timetable**: Lect Tue, Thu 2-4pm; Tut: Tue, Thu 5-7pm. **Indicative Fee**: \$1986 (Local) \$1538-\$2142 (International). **Assessment**: Class presentation, final essay.

Violence is one of the most prevalent themes in popular culture and public discourse today.

Incorporating methodologies and readings from gender and cultural studies, this course will examine historical and contemporary representations and constructions of sex and violence. The unit will also

explore the role of negative affect (fear and disgust) in narratives and discourses of sex and violence as well as our fascination with, and widespread consumption of, violent images and narratives - in film, TV, Internet and in news media.

Textbooks: Course Reader

Award courses to which these units may be counted: BA, DipArts. May include specialist and combined degrees.

GCST 2607 Bodies, Sexualities and Identities

6 credit points. Available Not For Credit. **Lecturer(s):** Cliff Evers. **Run Dates:** 3 Jan (Tue) to 9 Feb (Thu) 2006.

Timetable: Tue, Thu 11am-1pm. **Indicative Fee:** \$1986 (Local) \$1538-\$2142 (International). **Prerequisites:** 18 junior credit points. **Assessment:** Class presentation, final essay.

This unit will explore how constructions of the body and sexuality have been crucial to thinking about contemporary formations of identity. From perspectives in feminist theory and cultural studies, some of the ways the body has been theorised will be examined. There is also focus on ways bodies are constructed and represented in a variety of cultural sites such as sport, fashion, food and the questions that arise from these constructions and representations.

Textbooks: Course Reader

Award courses to which these units may be counted: BA, DipArts. May include specialist and combined degrees.

GCST 2609 Cultures of Masculinity

6 credit points. Available Not For Credit. **Lecturer(s):** Dr Jay Johnston. **Run Dates:** 3 Jan (Tue) to 9 Feb (Thu) 2006. **Timetable:** Mon, Wed 2-4pm. **Indicative Fee:** \$1986 (Local) \$1538-\$2142 (International).

Assessment: Class presentation, case study.

From a traditional focus on femininity in gender studies, it is increasingly clear that masculinity has undergone tremendous change in the last several decades. From a perspective of gender and cultural studies, this unit examines the economic, social and cultural contexts in which masculinity is experienced. Case studies focusing on the changing representations of masculinity in contemporary culture will be considered, including aspects of style and consumption, roles within the workplace and domestic practices.

Textbooks: Course Reader

Award courses to which these units may be counted: BA, DipArts. May include specialist and combined degrees.

Postgraduate

WMST 6903 Gender, Media and Consumer Societies

6 credit points. Available Not For Credit. **Lecturer(s):** Dr Jay Johnston. **Run Dates:** 3 Jan (Tue) to 9 Feb (Thu) 2006. **Timetable:** Tue, Thu 5-7pm. **Indicative Fee:** \$1260-\$1440 (Local) \$1500-\$1920 (International).

Prerequisites: Completed undergraduate degree. **Assessment:** Class presentation, case study.

This unit examines theories of consumption in regards to cultural and media products and practices.

From the basis of sociology, cultural studies and gender theories we will critically analyse different forms of belonging and identity that are created through these practices. We will also pay close attention to the critiques of globalisation and consumption, theories of the 'citizen consumer', and the realities of geo-political and economic inequalities that underpin many forms of consumption.

HSTY 2047 Renaissance Italy: The Renaissance in Florence

4 credit points. **Lecturer(s):** Dr Kathleen Olive. **Run Dates:** 2 Jan (Mon) to 23 Jan (Mon) 2006. **Timetable:** Residential school in Florence. **Indicative Fee:** \$1324 (Local) \$1025-\$1428 (International). **Prerequisites:** 12 junior credit points of history. **Assessment:** Research journal and research essay.

Contact The Centre for Continuing Education to book place on tour (Ph: 9036 4789). This unit investigates the social, political and economic life and urban development of Italy between the early fourteenth and mid-sixteenth centuries to analyse and explain the extraordinary flowering of social, artistic and intellectual and cultural life of the Renaissance. Students will, through daily site visits, use the city of Florence as a visual primary document in conjunction with formal lectures and comparison trips to cities such as Siena, San Gimignano, Volterra and Pistoria.

Award courses to which these units may be counted: BA, DipArts. May include specialist and combined degrees.

JCTC 2606 The Holocaust

6 credit points. **Lecturer(s):** Sandra Kostner. **Run Dates:** 4 Jan (Wed) to 8 Feb (Wed) 2006. **Timetable:** Lec: Mon, Wed 11am-1pm, Tut: 2-3pm. Exam: 8/02/2006. **Indicative Fee:** \$1986 (Local) \$1538-\$2142 (International). **Prerequisites:** 12 junior credit points in History (preferably HSTY 1045 & 1043). **Assessment:** 1x1000 word tutorial paper, 1x3000 word essay, 1x1hr exam, class participation.

This unit of study will focus on key aspects of the persecution and murder of the European Jewry by Nazi Germany. Topics examined will include: the evolution and implementation of the persecution and extermination policies; the reaction of 'ordinary' Germans to these policies; the transformation of 'ordinary' men into mass murderers and postwar Germany's coming to terms with its past.

Award courses to which these units may be counted: BA, DipArts. May include specialist and combined degrees.

Italian

Undergraduate

ITLN 1611 Introductory Italian 1

6 credit points. Available Not For Credit. Open to HSC Graduates. **Run Dates:** 9 Jan (Mon) to 10 Feb (Fri) 2006. **Timetable:** Mon, Thu 9:30am-3.30pm. **Indicative Fee:** \$1986 (Local) \$1538-\$2142 (International). **Assumed knowledge:** A student who is qualified to enter a higher level course may not enroll in a lower level course. Students who have taken HSC Italian or any formal training should consult department. **Assessment:** Continuous during tutorials and end of unit tests.

'Introductory Italian 1' introduces the main structures of Italian language and provides an overview of contemporary Italian history and society. The language component develops all four language skills, with a particular focus on the development of grammatical accuracy. The cultural component, Introduction to Italian Studies, consists of a series of lectures which offer insight into some of the salient issues of Italian history.

Textbooks: Lazzarino, Prego (6th edn.) McGraw-Hill

Award courses to which these units may be counted: BA, Dip.Lang.Studs. May include specialist and combined degrees.

Japanese and Korean Studies

Undergraduate

JPNS 1611 Japanese 1

6 credit points. **Lecturer(s):** Ms Tomi Mayumi. **Run Dates:** 3 Jan (Tue) to 20 Jan (Fri) 2006. **Timetable:** Mon, Tue, Thu, Fri 9:30am-3pm. Exam: 20/01/2006. **Indicative Fee:** \$1986 (Local) \$1538-\$2142 (International). **Assumed knowledge:** No prior or a very limited knowledge of the Japanese language. **Assessment:** Short quizzes (20%), speaking test (20%), writing test (10%), listening test (10%), final test (30%), class performance/attendance (10%).

This is a comprehensive language unit for beginners. You will use Japanese in various interactive activities from the very first day to increased use of Japanese in the class communication. It is a very challenging course, but with your full commitment and hard work during the 3 weeks, you'll be surprised to see how much you can achieve in such a short period of time. You will be able to build a solid foundation for further Japanese study.

Textbooks: Banno, E et al., An Integrated Course in Elementary Japanese I; Intensive course workbook

Award courses to which these units may be counted: BA, Dip.Lang.Studs. May include specialist and combined degrees.

JPNS 1612 Japanese 2

6 credit points. **Lecturer(s):** Ms Tomi Mayumi. **Run Dates:** 23 Jan (Mon) to 10 Feb (Fri) 2006. **Timetable:** Mon, Tue, Thu, Fri 9:30am-3pm. Exam: 13/02/2006. **Indicative Fee:** \$1986 (Local) \$1538-\$2142 (International). **Assumed knowledge:** JPNS 1111 or JPNS 1611 or equivalent. **Assessment:** Short quizzes (20%), speaking tests (20%), writing test (10%), listening test (10%), final test (30%), class performance/attendance (10%). This is a language unit which is intended for students who have successfully completed JPNS 1611, Japanese Level 1. The teacher will use Japanese as much as possible in the classroom and various interactive activities will be provided for students to practice the target language (vocabulary/expressions/grammar) in each lesson. This is a very challenging course, but with hard work, students can enjoy actual experience of successful communication in Japanese in class. Textbooks: Banno, E et al., An Integrated Course in Elementary Japanese I; Intensive course workbook Award courses to which these units may be counted: BA, Dip.Lang.Studs. May include specialist and combined degrees.

Media and Communications

Undergraduate

MECO 3671 Internship

6 credit points. **Run Dates:** Internship. **Indicative Fee:** 1986 (Local) (International). **Prerequisites:** MECO 3002 and MECO 3003. Available only to University of Sydney BA and BSc (Media and Communications) students. **Assessment:** Students must satisfy the requirements of an internship contract with their workplace, including attendance and performance, as evaluated through a workplace supervisor report. The internship is assessed on a satisfactory/ unsatisfactory basis.

The Internship consists of a work placement comprising a minimum of 20 working days in a media organisation, assisted and supervised by both the workplace and the department. Placements may include print, broadcast and online media, public relations and advertising organisations.

Award courses to which these units may be counted: BA(Media.Com), BSc.Med.Commun. May include specialist and combined degrees.

MECO 3672 Internship Project

6 credit points. **Run Dates:** Internship. **Indicative Fee:** 1986 (Local) (International). **Prerequisites:** MECO 3002 and MECO 3003. Corequisite MECO 3671. Available only to University of Sydney BA and BSc (Media and Communications) students. **Assessment:** 2000-wd Professional Journal (30%), 4000-wd Research Essay (70%). Students will be required to present a critical journal reflecting on their experiences during the internship and, in consultation with an academic supervisor, formulate a topic for their 4000-word Research Essay.

Textbooks: Stokes, K (2002), How to do Media and Cultural Studies, London: Sage

Award courses to which these units may be counted: BA(Media.Com), BSc.Med.Commun. May include specialist and combined degrees.

Philosophy

Undergraduate

PHIL 2613 Plato and Aristotle

6 credit points. **Lecturer(s):** Dr Soon Ng. **Run Dates:** 3 Jan (Tue) to 10 Feb (Fri) 2006. **Timetable:** Lec: Tue, Fri 2:30-4:30pm; Tut: Tue, Fri 4:30-5:30pm. Exam: 17/02/2006. **Indicative Fee:** \$1986 (Local) \$1538-\$2142 (International). **Prerequisites:** 12 junior credit points of Philosophy. **Assessment:** TBA. 'Plato and Aristotle' examines the major philosophical themes to be found in the works of Plato and Aristotle, with close attention to a few central works. The unit emphasises understanding the ways

these philosophers think rather than learning a body of doctrine. The main readings for Plato are Euthyphro, Meno and Phaedo; for Aristotle, excerpts from Categories, Posterior Analytics, Physics, Metaphysics and Nicomachean Ethics.

Textbooks: Course Reader

Award courses to which these units may be counted: BA, Dip.Arts. May include specialist and combined degrees.

PHIL 2643 Philosophy of Mind

6 credit points. **Lecturer(s):** Mr Brad Weslake. **Run Dates:** 3 Jan (Tue) to 10 Feb (Fri) 2006. **Timetable:** Lec: Wed, Fri 1-3pm; Tut: Wed, Fri 3-4pm. **Indicative Fee:** \$1986 (Local) \$1538-\$2142 (International). **Assumed knowledge:** Prohibition: PHIL 3213 and PHIL 2005. **Prerequisites:** 12 junior credit points Philosophy.

Assessment: Tutorial presentation, tutorial participation, 1x2000 word essay, 1x2000 word take-home exam.

An introduction to modern theories of the nature of mind, and some important contemporary issues in the philosophy of mind. Topics will include the relationship to minds to brains, the problem of mental representation (how can minds think about the world?) and the problem of consciousness.

Textbooks: Readings will be supplied in class or available on online

Award courses to which these units may be counted: BA, Dip.Arts. May include specialist and combined degrees.

Spanish

Undergraduate

SPAN 1601 Introductory Spanish 1

6 credit points. Available Not For Credit. Open to HSC Graduates. **Lecturer(s):** Maria Del Carmen Montesdeoca.

Run Dates: 9 Jan (Mon) to 10 Feb (Fri) 2006. **Timetable:** Mon, Thu, 9.30am-3.30pm. Exam: 11/02/2006.

Indicative Fee: \$1986 (Local) \$1538-\$2142 (International). **Prerequisites:** Prohibition: SPAN 1001, SPAN 1002. **Assessment:** Formative assessment: classwork, laboratory and Internet activities which permit students to assess progress. Summative assessment: 1 written exam (mid-session) (15%); 2 oral tests (mid- and end-session) (ea 15%); 4 homework tasks (ea 10%); 1x2hr exam (15%).

Introductory Spanish 1 is for students who have little or no knowledge of Spanish and provides students with a sound basis of spoken and written Spanish. It also introduces them to the culture of Spain and Latin-America.

Textbooks: V.Borobio. Nuevo Ele, Inicial 1, libro del alumno

Award courses to which these units may be counted: BA, Dip.Lang.Studs. May include specialist and combined degrees.

The Sydney Summer School

Thank you for completing our questionnaire.

Studies in Religion

Undergraduate

RLST 1002 Introduction to History of Religions B

6 credit points. Available Not For Credit. Open to HSC Graduates. **Lecturer(s):** Dr Christopher Hartney. **Run Dates:** 3 Jan (Tue) to 9 Feb (Thu) 2006. **Timetable:** Lec: Tue, Thu 10am-12pm; Tut: Tue, Thu 12-1pm. Exam: 16/02/2006. **Indicative Fee:** \$1986 (Local) \$1538-\$2142 (International). **Assessment:** Exam (50 multiple choice questions), 1x2000 word essay, tutorial paper, participation.

Through sociological, anthropological and historical method, this course introduces you to the major religions of the western hemisphere. Egyptian, Mesopotamian and Judaic religions are introduced. These are followed by studies of Greek and Roman religion, Christianity, Gnosticism and Islam. We will look briefly at more recent developments of religion in the West. There will also be an emphasis on Scripture, literature, and ritual in so far as they reflect religious ideals developed by the faiths of our study.

Textbooks: Course Reader

Award courses to which these units may be counted: BA, DipArts, BCom, BEc, BEc(SocSc). May include specialist and combined degrees.

RLST 2614 Philosophy of Religion B

6 credit points. **Lecturer(s):** Paris Mawby. **Run Dates:** 4 Jan (Wed) to 9 Feb (Thu) 2006. **Timetable:** Wed, Thu 1-3pm. **Indicative Fee:** \$2648 (Local) \$2050-\$2856 (International). **Prerequisites:** 12 junior credit points from Religion or equivalent - assessed by department. **Assessment:** 2x3000 word essays.

Since the late 19th century, discussion within the philosophy of religion has shifted from the traditional arguments for God's existence to a broader set of themes concerning the relations of reason and faith. In this course, we will critically examine how philosophers such as Kierkegaard, Nietzsche and Wittgenstein have understood these two concepts and the relations between them. Reason and status is covered. Is it sovereign or is faith autonomous from reason?

Textbooks: Course Reader

Award courses to which these units may be counted: Refer to your Faculty. May include specialist and combined degrees.

PVC Teaching and Learning

Koori Centre

Undergraduate

KOCR 2100 Indigenous Australia

8 credit points. **Lecturer(s):** Michelle Blanchard. **Run Dates:** 9 Jan (Mon) to 27 Jan (Fri) 2006. **Timetable:** Lec: Mon to Thu 9-10am; Tut: Mon to Thu 10am-12pm. **Indicative Fee:** \$2648 (Local) \$2050-\$2856 (International). **Prerequisites:** 32 Junior credit points. **Assessment:** Participation (10%), journal (40%), presentation (10%), 1x2000 word essay (40%).

This unit will explore the survival and growth of Indigenous Australian culture and philosophy, and its present day social and theoretical contexts. Self-determining Indigenous cultures have existed in this country for at least sixty thousand years, yet have been interpreted and represented to the world from predominantly non-Indigenous points of view. This unit of study responds to the lack of inclusion of Indigenous histories and knowledge in mainstream pedagogic practice since invasion.

Economics and Business

Accounting

Undergraduate

ACCT 1002 Accounting 1B

6 credit points. **Lecturer(s):** Mr Gary Quinlan. **Run Dates:** 4 Jan (Wed) to 10 Feb (Fri) 2006. **Timetable:** Wed, Fri 9-11am, Sat 7 & 14 Jan 9am-4pm. **Indicative Fee:** \$2268 (Local) \$1700-\$2520 (International). **Prerequisites:** ACCT 1001.

This unit aims to (a) illustrate the problems in identifying and measuring economic information; (b) discuss solutions adopted by the accounting profession, and; (c) develop students' ability to use the information to make decisions. Although accounting requires familiarity with technical rules and procedures, these rules do not always provide clear guides. In these instances, it is necessary to use sound argument and judgment in devising a solution. Study materials and assessment are designed to help students develop analytical and communication skills.

Award courses to which these units may be counted: BCom, BEc, BEc(SocSc). May include specialist and combined degrees.

ACCT 2001 Financial Accounting A

8 credit points. **Lecturer(s):** Mr Robert Czernkowski. **Run Dates:** 3 Jan (Tue) to 9 Feb (Thu) 2006. **Timetable:** Tue, Thu 9am-12pm. **Indicative Fee:** \$3024 (Local) \$2267-\$3360 (International). **Prerequisites:** ACCT 1001, ACCT 1002, ECMT 1010.

This unit examines the accounting and reporting practices of reporting entities, particularly listed public companies. Emphasis is placed on developing an understanding of, and the ability to critically evaluate, the various regulatory requirements (professional and statutory) governing financial reporting. Emphasis throughout the unit is on both the application of specific accounting techniques/rules and the conceptual/theoretical issues associated with alternative accounting methods. Issues covered include accounting for intangible assets, leases, financial instruments, employee entitlements, extractive industries and superannuation funds.

Award courses to which these units may be counted: BCom, BEc, BEc(SocSc), BAgEc. May include specialist and combined degrees.

ACCT 3002 Management Accounting B

8 credit points. **Lecturer(s):** Mr Peter Edwards. **Run Dates:** 3 Jan (Tue) to 8 Feb (Wed) 2006. **Timetable:** Tue, Wed 2-5pm. **Indicative Fee:** \$3024 (Local) \$2267-\$3360 (International). **Prerequisites:** ACCT 2002.

This unit deals with the theory and practice of a selection of contemporary management accounting issues. The course begins by examining the influences that impact upon the design of an organisation and its management accounting system. Behavioural factors, rather than technical factors, are highlighted and a range of organisational settings and management levels are reviewed. The unit

then examines advanced issues relevant to operational management accounting focussing on the behavioural implications of accounting techniques for making decisions in organisations.

Award courses to which these units may be counted: BCom, BEc, BEc(SocSc), BAgEc. May include specialist and combined degrees.

ACCT 3004 Auditing

8 credit points. **Lecturer(s):** Ms Sandy Van Der Laan. **Run Dates:** A: 3 Jan (Tue) to 10 Feb (Fri) 2006; B: 5 Jan (Thu) to 10 Feb (Fri) 2006. **Timetable:** A: Tue, Thu 9am-12pm; B: Thu, Fri 10am-1pm. Voluntary computer lab session Sat 7 Jan 10am-12pm. **Indicative Fee:** \$3024 (Local) \$2267-\$3360 (International). **Prerequisites:** ACCT 3001.

The aim of this unit is to develop an understanding of the nature of financial statement audits undertaken in compliance with the Corporations Law and the professional auditing standards. It is both practical and theoretical. In tutorials, students are required to apply their knowledge in discussing case studies which have been developed based on actual experiences. The students are also exposed to current cases to assess the application of auditing procedures.

Award courses to which these units may be counted: BCom, BEc, BEc(SocSc), BAgEc. May include specialist and combined degrees.

Postgraduate

ACCT 6001 Intermediate Financial Reporting

6 credit points. **Lecturer(s):** Shirley Carlon. **Run Dates:** 7 Jan (Sat) to 11 Feb (Sat) 2006. **Timetable:** Sat 9am-12pm & 1-4pm. **Indicative Fee:** \$1350-\$2100 (Local) \$2000-\$2790 (International). **Prerequisites:** ACCT 5001.

This unit provides an understanding of the contemporary Australian financial reporting environment. Particular attention is paid to mandatory reporting practices and reporting policies that reflect either a choice from among several mandated alternatives, or those areas where regulation has not occurred. The unit is intended for those who will be involved in the preparation or use of company financial statements, and provides an understanding of accounting techniques, both in terms of technical method and their relative impact on corporations' financial statements.

Award courses to which these units may be counted: MCom. May include specialist and combined degrees.

ACCT 6007 Contemporary Issues in Auditing

6 credit points. **Run Dates:** 4 Jan (Wed) to 8 Feb (Wed) 2006. **Timetable:** Lec: Wed 6-9pm, Sat (21, 28 Jan & 4 Feb) 9am-4pm. Voluntary remedial class each Fri 10am-12pm. **Indicative Fee:** \$1350-\$2100 (Local) \$2000-\$2790 (International). **Prerequisites:** ACCT 5001, ACCT 6001. **Assessment:** TBA.

This unit aims to improve students' understanding of the function, nature and procedures of commercial auditing in the context of corporate financial reporting. This study of auditing has particular regard to its business, legal and economic foundations. Recurrent reference is made to several practical and policy matters of contemporary importance to auditing and auditors, especially as they relate to the function of auditing in assuring the quality of corporate financial statements and the role of auditors in the corporate governance process.

Textbooks: Gay & Simnett. Auditing and Assurance Services

Award courses to which these units may be counted: MCom. May include specialist and combined degrees.

ACCT 6010 Advanced Financial Reporting

6 credit points. **Lecturer(s):** Dr Neal Arthur. **Run Dates:** 3 Jan (Tue) to 10 Feb (Fri) 2006. **Timetable:** Tue, Fri 10am-1pm. **Indicative Fee:** \$1350-\$2100 (Local) \$2000-\$2790 (International). **Prerequisites:** ACCT 6001.

This unit is intended to provide student with a detailed understanding of more complex financial reporting issues. The unit builds on the knowledge base acquired from earlier accounting studies with strong emphasis on the application of technical skills. The unit has a substantial case component, using current examples to illustrate both appropriate technical solutions in accordance with accounting standards and guidelines, as well as the forces which determine the choice of solution from among otherwise acceptable alternatives.

Award courses to which these units may be counted: MCom. May include specialist and combined degrees.

Business Information Systems

Undergraduate

INFS 1000 Business Information Systems Foundations

6 credit points. **Lecturer(s):** Paul Scifleet. **Run Dates:** 4 Jan (Wed) to 10 Feb (Fri) 2006. **Timetable:** Lec: Wed, Fri 12-2pm; Tut: Wed, Fri 2-5pm. **Exam:** 15/02/2006. **Indicative Fee:** \$2520 (Local) \$2375-\$2772 (International). **Assumed knowledge:** None. **Assessment:** Quizzes, tutorial exercises, individual assignments, final exam.

The information age has changed the way the role of Information Technology (IT) and Business Information Systems (BIS) are viewed in organisations. This unit focuses on how businesses operate and are managed, and how business information systems support business operations and management. The unit covers the technical foundations of information systems and how technology is critical to the success of business. Students are provided with an introduction to sound programming concepts, databases, network basics and web tools.

Textbooks: Haag, S., Cummings, M. and D.J. McCubbrey. (2005) Management Information Systems for the Information Age (5th edn.) McGraw Hill Irwin

Award courses to which these units may be counted: BCom, BEc, BEc(SocSc). May include specialist and combined degrees.

Business Law

Undergraduate

CLAW 2006 Legal Issues for E-Commerce

8 credit points. **Lecturer(s):** Pearl Rozenberg. **Run Dates:** 3 Jan (Tue) to 31 Jan (Tue) 2006. **Timetable:** Tue, Wed, Thu 8-11am. **Indicative Fee:** \$3024 (Local) \$2267-\$3360 (International). **Assumed knowledge:** None. Background in topics and skills are provided at the start of each section. Students will be pre-tested. If they know the background they will be excused from the background classes. **Prerequisites:** Successfully complete the required first year units from the student's home faculty. **Assessment:** Assessment is set by the students in the first class. Choices available for the students include literature reviews, essays, problem questions, reports, multichoice tests, exams and other forms of assessment such as class and / or online participation etc.

This unit focuses on the transactional and financial aspects of electronic commerce including electronic finance - Internet banking and digital cash and cards; electronic trading - contracts and digital signatures, taxation of electronic commerce and electronic property issues - copyright, patents and

trade marks for digital property. More specific issues including jurisdiction, privacy, marketing and SPAM and ethics will also be covered. This unit assumes no previous legal training or knowledge of the electronic media.

Textbooks: Rozenberg P, Australian Guide to Uniform Legal Citation (2nd ed) (Thompson/LBC). You will need this text to complete your assignments. It is the style guide you will need to use in all assignments.

Depending on how you study and what sort of text best suits you, one of either: Lim YF, Cyberspace Law (Oxford University Press). This is a more legal oriented text. It has the materials, case extracts etc in detail. While it has the source material, it is not a 'text' book as such, Quirk and Fodor, Electronic Commerce and the Law (Wiley)

This is a pure text book. Lots of explanation but few extracts of cases or legislation. If you purchase this text, you will need to use the Internet to get to the source materials.

Additional readings will be placed on unit Web site. Students will be expected to access these readings as well as the texts.

Award courses to which these units may be counted: BCom. May include specialist and combined degrees.

Postgraduate

CLAW 5001 Legal Environment of Business

6 credit points. **Run Dates:** 3 Jan (Tue) to 10 Feb (Fri) 2006. **Timetable:** TBA. **Indicative Fee:** \$1350-\$2100 (Local) \$2000-\$2790 (International). **Prerequisites:** Completed undergraduate degree. **Assessment:** Midterm test, class presentation, 1x3hr exam, class participation.

This unit studies the legal environment of commerce and the relevant business entities that operate in that environment, focusing on the law of contract including sale of goods and trade practices, business entities, equity, real property, personal property, restrictive covenants and torts. See the Web site for further details.

Textbooks: Latimer Australian Business Law

Award courses to which these units may be counted: MCom, MIntBus&Law. May include specialist and combined degrees.

CLAW 5002 Concepts of Australian Taxation

6 credit points. **Run Dates:** 3 Jan (Tue) to 10 Feb (Fri) 2006. **Timetable:** TBA. **Indicative Fee:** \$1350-\$2100 (Local) \$2000-\$2790 (International). **Prerequisites:** CLAW 5001. **Assessment:** Midterm test, participation, presentation, 1x3hr exam.

The purpose of this unit is to cover the main concepts of taxation such as income, deductions, tax accounting, residence and source capital gains tax, depreciation and trading stock, taxation of partnerships trusts and companies, international tax and tax avoidance. This unit has professional recognition and is the gateway course for Business Tax Planning CLAW 6001 and many Law School Masters taxation units which students may undertake as part of the Masters of Commerce.

Textbooks: Coleman & Hart. Australian Tax Analysis, Fundamental Tax Legislation

Award courses to which these units may be counted: MCom, refer to Faculty on other award courses. May include specialist and combined degrees.

CLAW 6002 Corporations Law

6 credit points. **Lecturer(s):** Ms Mary Wyburn. **Run Dates:** 3 Jan (Tue) to 9 Feb (Thu) 2006. **Timetable:** Tue, Thu 1-4pm. Exam: 14/02/2006. **Indicative Fee:** \$1350-\$2100 (Local) \$2000-\$2790 (International). **Assumed knowledge:** Basic knowledge of introductory business law from CLAW 5001 or equivalent. **Prerequisites:** CLAW 5001. **Assessment:** Quiz (30%), assignment (35%), exam (35%).

The unit examines the law relating to modern corporations. After examining the background to the present legislation and administrative framework, the topics discussed will include: the concept of corporate personality; business planning and company formation; how companies are managed; the role of members; the obligations of directors; company reporting and disclosure; company finance; contracting by companies and corporate liability; and an introduction to the external administration for companies in financial difficulty.

Textbooks: Lipton & Herzberg, A. Understanding Company Law (latest edn.); Corporations Legislation (latest edn.)

Award courses to which these units may be counted: MCom. May include specialist and combined degrees.

Economics

Undergraduate

ECON 1001 Introductory Microeconomics

6 credit points. Open to HSC Graduates. **Run Dates:** 3 Jan (Tue) to 9 Feb (Thu) 2006. **Timetable:** A; Tue, Thu 9-11am; B; Tue, Thu 2-4pm. Exam: 14/02/2006. **Indicative Fee:** \$2268 (Local) \$1700-\$2520 (International).

Assumed knowledge: 2 unit mathematics. **Assessment:** 2 in-class exams, tutorial work, final exam.

You will learn the language and analytical framework for examining social phenomena and public policy issues as well as how economic decisions of individual firms and households interact in markets. We begin with a model of the way individuals, firms and institutions determine competing requirements for allocation of scarce resources. This is followed by examination of a range of market structures, the concept of market power, factors determining competitive pressure and its influence on firms.

Award courses to which these units may be counted: BCom, BEc, BEc(SocSc), BAgEc, BResEc, BA. May include specialist and combined degrees.

ECON 1002 Introductory Macroeconomics

6 credit points. Open to HSC Graduates. **Run Dates:** 4 Jan (Wed) to 10 Feb (Fri) 2006. **Timetable:** Wed, Fri 9-11am. Exam: 15/02/2006. **Indicative Fee:** \$2268 (Local) \$1700-\$2520 (International). **Assumed knowledge:** 2 unit mathematics. **Assessment:** 2 in-class exams, tutorial work and final exam.

We will analyse the level of employment and economic activity in the economy as a whole, beginning with an examination of factors determining production and employment, including government policy and international trade. The analysis is then extended to money, interest rates, financial markets, inflation, unemployment and economic policy. Finally, we examine fundamental controversies in economic policy and theory, such as the respective roles of markets and governments, causes of and cures for inflation, the explanation of income distribution.

Award courses to which these units may be counted: BCom, BEc, BEc(SocSc), BAgEc, BResEc, BA. May include specialist and combined degrees.

ECON 2001 Intermediate Microeconomics

8 credit points. **Run Dates:** 3 Jan (Tue) to 9 Feb (Thu) 2006. **Timetable:** Tue, Thu 11am-1pm. Exam: 14/02/2006. **Indicative Fee:** \$3024 (Local) \$2267-\$3360 (International). **Prerequisites:** ECON 1001.

Assessment: 2 in-class exams, tutorial work and final exam.

Develops theoretical and applied skills in economics, covering applications and extensions of the theory of consumer choice, firm behaviour and market structure. Emphasis is given to the economics of information and choice under uncertainty; industry structures other than monopoly and perfect competition; markets for factors of production; general equilibrium and economic efficiency; market failure and the role of government. Microeconomic theory is applied to provide insights into economic behaviour and market phenomena.

Award courses to which these units may be counted: BCom, BEc, BEc(SocSc), BAgEc, BResEc, BA. May include specialist and combined degrees.

ECON 2002 Intermediate Macroeconomics

8 credit points. **Run Dates:** 4 Jan (Wed) to 10 Feb (Fri) 2006. **Timetable:** Wed, Fri 11am-1pm. Exam: 15/02/2006. **Indicative Fee:** \$3024 (Local) \$2267-\$3360 (International). **Prerequisites:** ECON 1002.

Assessment: 2 in-class exams, tutorial work and final exam.

Issues in macroeconomic policy are examined through models of the goods, money and labour markets. Topics covered include macroeconomic relationships (consumption, investment, money and employment), macro-dynamic relationships (especially inflation and unemployment) theory and policy (exchange rates and open economy macroeconomics), Australian economic policy (balance of payments performance and foreign debt), economic growth, productivity and technology, the business cycle, counter-cyclical policy and the relationship between micro and macro policy in the context of recent Australian experience.

Award courses to which these units may be counted: BCom, BEc, BEc(SocSc), BAgEc, BResEc, BA. May include specialist and combined degrees.

ECON 3006 International Trade

8 credit points. **Run Dates:** 3 Jan (Tue) to 9 Feb (Thu) 2006. **Timetable:** Tue, Thu 8:30am-12:30pm. Exam: 14/02/2006. **Indicative Fee:** \$3024 (Local) \$2267-\$3360 (International). **Prerequisites:** ECON 2001 or ECON 2901. **Assessment:** 2 in-class exams, tutorial work and final exam.

This unit of study provides a systematic analysis of the theory of international trade and trade policy. Initially differences between countries are emphasised as the source of trade and the gains from trade. Models that are examined include the Classical-Ricardian model, the Heckscher-Ohlin model and the Specific-Factors model. Next economics of scale and imperfect competition are introduced as sources of trade and gains from trade. The unit concludes with an examination of empirical studies aimed at testing trade theories. The analysis of trade policy begins with a discussion of the instruments of trade policy, in particular, tariffs and quotas and their effect on welfare. This discussion is then extended to the case of imperfect competition and strategic trade policy.

Award courses to which these units may be counted: BCom, BEc, BEc(SocSc), BAgEc, BResEc, BA. May include specialist and combined degrees.

Postgraduate

ECON 5001 Microeconomics

6 credit points. **Run Dates:** 3 Jan (Tue) to 9 Feb (Thu) 2006. **Timetable:** Tue, Thu 6-9pm. Exam: 14/02/2006. **Indicative Fee:** \$1350-\$2100 (Local) \$2000-\$2790 (International). **Prerequisites:** Completed undergraduate degree. **Assessment:** 2 in-class exams, tutorial work and final exam.

The course presumes no prior exposure to economics. Many principles developed in this course will be used in other courses in the program. Microeconomics studies how economic agents make choices in different environments. The course covers theory and applications of the principles of consumer choice, firm behaviour, and strategic interaction among economic agents. Questions addressed include: What market strategy should a firm adopt with its competitors? What are the implications of different kinds of taxes? What compensation scheme will provide the right incentives to work?

Award courses to which these units may be counted: MAg, MCom, MintBus&Law. May include specialist and combined degrees.

ECON 5002 Macroeconomics

6 credit points. **Run Dates:** 3 Jan (Tue) to 9 Feb (Thu) 2006. **Timetable:** Tue, Thu 2-5pm. Exam: 14/02/2006. **Indicative Fee:** \$1350-\$2100 (Local) \$2000-\$2790 (International). **Prerequisites:** Completed undergraduate degree. **Assessment:** 2 in-class exams, tutorial work and final exam.

This unit provides an accelerated introduction to Macroeconomics for postgraduate students with little or no prior background in the subject. Macroeconomics studies aggregate economic behaviour, covering theories of the engines of long-run economic growth, unemployment, money, inflation, the interest rate and the exchange rate, as well as consumption, saving and investment behaviour. The unit will also study a large number of applications of the theory and address contemporary macroeconomic problems and policy.

Award courses to which these units may be counted: MAg, MCom, MintBus&Law. May include specialist and combined degrees.

Finance

Undergraduate

FINC 2001 Corporate Finance 1

8 credit points. Available Not For Credit. **Lecturer(s):** Prof Alex Frino. **Run Dates:** 9 Jan (Mon) to 15 Feb (Wed) 2006. **Timetable:** Mon, Wed 9.30am-1.30pm. Exam: 15/02/2006. **Indicative Fee:** \$3024 (Local) \$2267-\$3360 (International). **Prerequisites:** ECON 1001 & ECON 1002 & ECMT 1010 & ACCT 1001 (or ACCT 1003). **Assessment:** 3x in-session exams worth 20% of assessment each, plus final 1x2hr exam worth 40% of assessment. This unit provides an introduction to basic concepts in corporate finance and their application to (1) valuation of risky assets including stocks, bonds and entire corporations; (2) pricing of equity securities and; (3) corporate financial policy decisions. An emphasis is placed on the application of ideas and current practices in these areas.

Textbooks: Frino et. al, An Introduction to Corporate Finance. (2nd edn.) (1st edition is not suitable)

Award courses to which these units may be counted: BCom, BEc, BEc(SocSc), BAgEc. May include specialist and combined degrees.

FINC 2002 Corporate Finance 2

8 credit points. **Lecturer(s):** Dr Tro Kortian. **Run Dates:** 4 Jan (Wed) to 15 Feb (Wed) 2006. **Timetable:** Wed, Fri 9.30am-12.30pm. Exam: 15/02/2006. **Indicative Fee:** \$3024 (Local) \$2267-\$3360 (International). **Prerequisites:** FINC 2001. **Assessment:** 2xtests, 1x3hr exam.

This unit builds on FINC 2001 by extending the key financial concepts of risk, value and corporate policy. The first half will cover various investment products and markets and how the financial manager can use them to create value and manage risk. The latter half will be devoted to a detailed discussion and analysis of Corporate Financing and Financial Policy. Completion of this unit will prepare the student for third year study in finance and develop critical appraisal and teamwork skills through tutorials and case studies.

Award courses to which these units may be counted: BCom, BEc, BEc(SocSc), BAgEc. May include specialist and combined degrees.

FINC 3003 Mergers and Acquisitions

8 credit points. **Lecturer(s):** Dr Juan Yao. **Run Dates:** 3 Jan (Tue) to 15 Feb (Wed) 2006. **Timetable:** Wed, Fri 9.30am-12.30pm. Exam: 16/02/2006. **Indicative Fee:** \$3024 (Local) \$2267-\$3360 (International). **Prerequisites:** FINC 2002. **Assessment:** Midterm exam, assignment, 1x3hr exam.

This unit explores the economic and financial motives for mergers and acquisitions. In the analysis of mergers and acquisitions most tools from modern financial economics are needed. A core aim of this course is to teach valuation techniques that support decision making in mergers and company restructurings.

Textbooks: Weston, J.F, Mitchell, M.L & Mulherin, J.H. (2004) Takeovers, Restructuring and Corporate Governance (4th edn). Prentice Hall

Award courses to which these units may be counted: BCom. May include specialist and combined degrees.

Postgraduate

FINC 6010 Derivative Securities

6 credit points. **Lecturer(s):** Dr Elvis Jamecic. **Run Dates:** 3 Jan (Tue) to 16 Feb (Thu) 2006. **Timetable:** Lec: Tue, Thu 9.30-11.30am; Tut: Tue, Thu 11.30am-12.30pm. Exam: 16/02/2006. **Indicative Fee:** \$1350-\$2100 (Local) \$2000-\$2790 (International). **Prerequisites:** FINC 5001. **Assessment:** 1x1.5hr midterm exam, assignment, 1x2hr final exam.

This unit provides an introduction to the rapidly-growing area of options, futures and swaps. These securities are all derived from fundamental securities such as equities and bonds. The course will examine the nature of each of these securities in turn before a thorough treatment of the pricing and use of these securities for investment management and risk management purposes.

Textbooks: Kolb, R. Futures, Options and Swaps. Blackwell Publishing

Award courses to which these units may be counted: MCom, refer to Faculty on other award courses. May include specialist and combined degrees.

Government and International Relations

Undergraduate

GOVT 2605 Ethics and Politics

6 credit points. **Lecturer(s):** Dr Henriikka Clarkeburn. **Run Dates:** 3 Jan (Tue) to 9 Feb (Thu) 2006. **Timetable:** Tue, Thu 11am-2pm. **Indicative Fee:** \$1986 (Local) \$1700-\$2142 (International). **Assessment:** Media Analysis Essay (25%), learning Log (25%), case study - group work with presentations (30%), class participation (20%). This unit is designed to analyse and understand how ethics belongs in politics, how we can evaluate and justify political choices, and to gain an understanding of the main ethical issues on a range of political questions. The unit is structured around formal ethical theory and analysis, which can be later used in different settings, from personal to professional ethical dilemmas.

Award courses to which these units may be counted: BCom, BEc, BEc(SocSc). May include specialist and combined degrees.

Postgraduate

GOVT 6146 International Risk Analysis

6 credit points. **Lecturer(s):** Dr Darryl Jarvis. **Run Dates:** 5 Dec (Mon) to 21 Dec (Wed) 2005. **Timetable:** Mon, Wed and Fri 1-4pm. Exam: 22/12/2005. **Indicative Fee:** \$1350-\$2100 (Local) \$2000-\$2790 (International). **Assumed knowledge:** Assumed knowledge of economics, international relations theory and basic knowledge of political-economy. **Prerequisites:** Departmental permission required. **Assessment:** Examination, essay, group work project, seminar reading, participation.

This unit explores the increasing role that risk plays in the operation of the global political economy. Tracing the developments of the international monetary system since 1945, the unit explores the role of risk as a result of issues surrounding the problem of governance amid growing complexity in financial market systems and international business activities.

Award courses to which these units may be counted: MCom, refer to Faculty on other award courses. May include specialist and combined degrees.

GOVT 6327 Managing Public Expenditures

6 credit points. **Lecturer(s):** Dr Joanne Kelly. **Run Dates:** 6 Jan (Fri) to 10 Feb (Fri) 2006. **Timetable:** Fri 9am-4pm with additional classes on 19 Jan and 20 Jan. **Indicative Fee:** \$1350-\$2100 (Local) \$2000-\$2790 (International). **Prerequisites:** Completed undergraduate degree. **Assessment:** TBA.

The management of public money lies at the heart of our political system: it puts a monetary score on the game of politics. And yet, few people really understand how budgeting works: too often this highly charged field of activity is portrayed as bean-counting, technocratic and irrelevant. Who and what is involved in managing public expenditures? What are the implications of different processes and practices? How is conflict resolved or managed? What is the implication of current debates and reform?

Award courses to which these units may be counted: MCom, refer to Faculty on other award courses. May include specialist and combined degrees.

Institute of Transport and Logistics Studies

Postgraduate

TPTM 6155 Logistics Management

6 credit points. **Lecturer(s):** Dr Andrew Kerr. **Run Dates:** 5 Jan (Thu) to 27 Feb (Mon) 2006. **Timetable:** Wed 9am-5pm. Exam: 15/02/2006. **Indicative Fee:** \$1350-\$2100 (Local) \$2000-\$2790 (International). **Assumed knowledge:** Introduction to Marketing (undergraduate). **Assessment:** Group report and presentation (25%), group case analysis (20%), 1x2hr in-class exam (50%), class contribution (5%).

Today, enterprises exist in an ever-changing business context. Practitioners face complex challenges as logistics becomes crucial to the enterprise's strategic marketing plan. This unit provides grounding in the terms, concepts, techniques and principles of logistics and supply chain management. The focus is on understanding the major issues faced by logistics managers with useful methods for analysing these issues. As well, the impact of logistics management on current and future trends in business are discussed.

Textbooks: Murphy Jr, PR& Wood, D.F. (2004). Contemporary Logistics (8th edn.) Pearson Education

Award courses to which these units may be counted: MBIS, MBus, MCom, MLM, MTM. May include specialist and combined degrees.

TPTM 6170 Strategy and Supply Chain Management

6 credit points. **Lecturer(s):** Ms Elizabeth Barber. **Run Dates:** 11 Jan (Wed) to 8 Feb (Wed) 2006. **Timetable:** Mon, Tue 9am-5pm. Exam: 13/02/2006. **Indicative Fee:** \$1350-\$2100 (Local) \$2000-\$2790 (International). **Assessment:** 1x2000 word individual research paper (20%), team research report (30%), 1x3hr in-class exam (50%).

This unit examines the competitive strategies relating to the management of supply chains. Increased competitiveness of global and domestic markets has forced organisations to be strategic in their value delivery processes and this includes their supply networks. This unit will cover both national and international supply networks. Case studies are provided in a collaborative learning environment. The aim is to teach students about different strategic approaches to managing supply chains in order to achieve different long term objectives.

Textbooks: Christopher, M. (2005). Logistics and Supply Chain Management (3rd edn.) Prentice Hall

Award courses to which these units may be counted: MBIS, MBus, MCom, MLM, MTM. May include specialist and combined degrees.

International Business

Undergraduate

IBUS 2001 International Business Strategy

8 credit points. **Lecturer(s):** Dr Janet Chew. **Run Dates:** 3 Jan (Tue) to 9 Feb (Thu) 2006. **Timetable:** Lec: Tue, Thu 10am-12pm; Tut: Tue, Thu 1-2pm. **Indicative Fee:** \$3024 (Local) \$2267-\$3360 (International).

Prerequisites: Second year undergraduate standing. **Assessment:** Class participation, short written assignments, quiz, exam.

This unit is the first in the required sequence of four units of study for the International Business major. It examines the fundamental aspects of management in the international environment, introducing basic theories and case study material.

Textbooks: Phatak, A.V et al., (2005) International Management. McGraw Hill-Irwin; Bartlett, CA et al., (2004) Transnational Management. McGraw Hill-Irwin

Award courses to which these units may be counted: BCom. May include specialist and combined degrees.

Marketing

Postgraduate

MKTG 5001 Marketing Principles

6 credit points. **Lecturer(s):** Ms Jeaney Yip. **Run Dates:** 3 Jan (Tue) to 14 Feb (Tue) 2006. **Timetable:** Mon, Tue 10am-1pm. **Indicative Fee:** \$1350-\$2100 (Local) \$2000-\$2790 (International). **Assessment:** Mid-term exam, final exam, group presentation, group marketing plan, in-class participation.

This unit introduces students to the basic principles and language of marketing theory and practice. Marketing principles are examined in relation to a wide variety of products and services, in both commercial and non-commercial domains. A strong emphasis is placed on strategy planning and the marketing decision process. Students learn via the analysis of case studies drawn from the Asia-Pacific region and the USA, and gain practical experience in analysing marketing situations and developing a comprehensive marketing plan.

Textbooks: Kotler, R, Brown, L, Adam, S., & Armstrong, G. (2004). Marketing (6th edn.) Prentice Hall

Award courses to which these units may be counted: MCom, refer to Faculty on other award courses. May include specialist and combined degrees.

MKTG 6007 Consumer Behaviour

6 credit points. **Lecturer(s):** Mary Louise Caldwell. **Run Dates:** 10 Dec (Sat) to 31 Jan (Tue) 2006. **Timetable:** Mon to Fri 2-5pm. Exam: 17/02/2006. **Indicative Fee:** \$1350-\$2100 (Local) \$2000-\$2790 (International). **Prerequisites:** MKTG 5001. **Assessment:** TBA.

This unit studies how individuals, families, groups and business organisations acquire, consume and dispose of goods, services, ideas and experiences. The principles of consumer behaviour are useful to business managers, government regulators and non-profit organisations as well as everyday people. For commercial organisations, knowledge of consumer behaviours has important implications for environmental analysis, product positioning, segmentation of the marketplace, and design of the marketing mix. Understanding the material in this subject has many implications for future careers in marketing and business.

Textbooks: Neal, Quester and Hawkins (2004) Consumer Behaviour: Implications for Marketing Strategy

Award courses to which these units may be counted: MCom, refer to Faculty on other award courses. May include specialist and combined degrees.

MKTG 7010 Research Methods 1

This subject focuses on the modeling approach to understanding marketing phenomena and facilitating marketing decision making. It is an advanced view of marketing, stressing mathematical and analytical models of marketing problems and phenomena that have been developed to support analysis, measurement, and decision making. Students will develop skills related to problem identification, model development, measurement, model evaluation, and model implementation. Students will develop an appreciation for the uses and limitations of marketing models, and the role of computing technologies that have become available for model building and evaluation.

Political Economy

Undergraduate

ECOP 3008 Economic Policy

6 credit points. Available Not For Credit. **Lecturer(s):** Evan Jones. **Run Dates:** 3 Jan (Tue) to 15 Feb (Wed) 2006. **Timetable:** Tue, Wed 1-4pm. Exam: 15/02/2006. **Indicative Fee:** \$1986 (Local) \$1700-\$2142 (International). **Prerequisites:** ECOP 1001 & ECOP 1002 or ECON 1001 & ECON 1002, or special permission. **Assessment:** Collective essay, essay, exam.

Economic Policy examines the Australian economy since 1945. The emphasis is on the evolution of the policy structure in the context of shifting external parameters, balance of domestic forces and ideology. The first section of the unit provides historical background and conceptual orientation of Australia as a 'national economy'. The second section examines policy developments in some key sectors and in the macroeconomic and structural domains and concludes with a summation of the dominant philosophies influencing economic policy formation and their origins.

Textbooks: Reading Kit

Postgraduate

ECOP 6009 Global Sourcing Profits and Corporate Codes

6 credit points. Available Not For Credit. **Lecturer(s):** Pamela Cawthorne. **Run Dates:** 5 Jan (Thu) to 17 Feb (Fri) 2006. **Timetable:** Thu, Fri 1-4pm. Exam: 17/02/2006. **Indicative Fee:** \$1350-\$2100 (Local) \$2000-\$2790 (International). **Assessment:** 2 written assignments; exam.

This unit focuses on corporate social responsibility and the use of ethical business codes to manage supply chains. Trade-led industrialisation has become common in labour-intensive, consumer goods sectors, and has had a huge impact on the structure of national economies. The use of business codes has been one area of response to implementing, monitoring and evaluating what happens along such extended networks. International businesses need to be responsive to social as well as economic concerns if they are to operate effectively in poorer countries.

Textbooks: Reading kit

Award courses to which these units may be counted: MCom, refer to Faculty on other award courses. May include specialist and combined degrees.

Work and Organisational Studies

Postgraduate

ECOF 5807 Leadership

6 credit points. **Lecturer(s):** Dr Harry Knowles. **Run Dates:** 7 Jan (Sat) to 5 Feb (Sun) 2006. **Timetable:** Sat 9:30am-4pm; Sun 10am-4pm. Exam: 5/02/2006. **Indicative Fee:** \$1350-\$2100 (Local) \$2000-\$2790 (International). **Prerequisites:** Published 24cps prerequisite will not apply in this case. Available to MBus students only. **Assessment:** 1x3000 word essay (50%), 1x2hr exam (50%).

This is a capstone unit of study and is designed to encourage students to consider the role and significance of 'leadership' in the context of the various facets of business that they will have already studied on the MBus program.

Award courses to which these units may be counted: MBus. May include specialist and combined degrees.

WORK 6001 Organisational Analysis

6 credit points. Available Not For Credit. **Lecturer(s):** Dr Grant Michelson. **Run Dates:** 7 Jan (Sat) to 5 Feb (Sun) 2006. **Timetable:** Sat 7, 21 Jan, 4 Feb; Sun 8, 22 Jan 10am-3pm; except Sun 5 Feb 10am-4pm. Exam: 12/02/2006. **Indicative Fee:** \$1350-\$2100 (Local) \$2000-\$2790 (International). **Assessment:** 1x2500-word essay or case study, 1x2hr exam.

This unit introduces students to the behaviour of people when acting as members of an organisation. The aim of the unit is to provide an understanding of the actual processes and structures that influence organisational behaviour, by drawing on ideas from psychology, sociology, management and anthropology. Topics covered include: individual perceptions; values and attitudes; motivation and job design; communication and the role of rumour and gossip; group behaviour and dynamics; workplace bullying and violence; conflict and stress; leadership; organisational politics and culture.

Award courses to which these units may be counted: MCom, refer to Faculty on other award courses. May include specialist and combined degrees.

WORK 6002 Foundations of Strategic Management

6 credit points. **Lecturer(s):** Dr Nick Wailes. **Run Dates:** 7 Jan (Sat) to 5 Feb (Sun) 2006. **Timetable:** Sat, Sun 9am-3pm. Exam: 18/02/2006. **Indicative Fee:** \$1350-\$2100 (Local) \$2000-\$2790 (International). **Assessment:** 1x2hr exam and either 1x1500 word case study OR 1x2500 word essay.

This unit critically examines the concept of 'strategy' in the management of organisations. The first section will examine different approaches to strategy and strategic management and traces the development of strategic management as an academic discipline. The second section will review the classical strategic management process as it is presented in most textbooks and aims to give students the skills to be able to understand and complete a strategic plan. The final section will concentrate on a range of current issues in strategic management.

Textbooks: Dess, Lumpkin & Taylor (2005) Strategic Management (2nd edn.) McGraw Hill

Award courses to which these units may be counted: MCom, GradCertHRM(Coaching), GradCertBus, MLLR. May include specialist and combined degrees.

Education and Social Work

Development and Learning, School of

Postgraduate

EDPD 5001 Students with Special Needs

6 credit points. Available Not For Credit. **Run Dates:** TBA. **Timetable:** Mon to Thu 9am-4pm. **Indicative Fee:** \$1200 (Local) \$1575-\$2070 (International). **Assumed knowledge:** General knowledge of working with children in educational settings or equivalent; academic writing skills. If not studying in the area of education, please discuss enrolment with coordinator. **Assessment:** Tutorial presentation, 1x2500 word paper.

This unit of study will examine the general and specific learning requirements of children with intellectual, physical, language, sensory, learning, behavioural and/or emotional disabilities and an understanding of disability issues, legislation and policy, with a particular emphasis on NSW policies, documents and handbooks.

Textbooks: Foreman, R (2005). Inclusion in Action (3rd edn.) Harcourt Brace

Award courses to which these units may be counted: EdD, MEd, MPhil(Ed), GradDipEdStudies, GradCertEdStudies.

May include specialist and combined degrees.

EDPD 5017 Gifted and Talented: Psychological and Developmental Perspectives

6 credit points. Available Not For Credit. **Lecturer(s):** Dr Jill Forster. **Run Dates:** 9 Jan (Mon) to 12 Jan (Thu) 2006. **Timetable:** Mon to Thu 9am-4pm. **Indicative Fee:** \$1200 (Local) \$1575-\$2070 (International).

Assumed knowledge: General knowledge of working with children in educational settings or equivalent; academic writing skills. If not studying in the area of education, please discuss enrolment with coordinator. **Assessment:** Tutorial presentation, 1x2500 word paper.

There is a considerable body of theory and research pertaining to giftedness and talent and its development in individuals, and to psychological and developmental aspects of individuals identified as gifted and talented. The aims of this unit are to assist graduates in informed decision-making in the field, enhancing skills in facilitating the development of special abilities in others, and in working effectively with gifted and talented individuals in educational, home, and other environments.

Textbooks: Forster, J. (1998). Think bout...Creativity. Melbourne: Hawker Brownlow. Other references from the library include Clark, B. Growing Up Gifted, and books by June Maker and by Jane Piirto.

Award courses to which these units may be counted: EdD, MEd, MPhil(Ed), GradDipEdStudies, GradCertEdStudies.

May include specialist and combined degrees.

Engineering

Civil Engineering

Undergraduate

ENGG 2004 Engineering Studies B

4 credit points. **Run Dates:** 3 Jan (Tue) to 10 Feb (Fri) 2006. **Timetable:** TBA. **Indicative Fee:** \$1680 (Local) \$1584-\$ 1848 (International). **Assumed knowledge:** None. **Prerequisites:** Written departmental permission required prior to enrolment. **Assessment:** An individual assessment program will be developed to ensure that the student meets a standard consistent with those of the Faculty of Engineering.

Students who commence their studies in second semester may undertake additional units of study during the summer period to allow them to fit more easily into the BE degree program in the following year. These serve as generic units of study replacing units usually offered during first and/or second semester. These units involve a major project in an area of engineering. The project may be supplemented by directed learning and related assignments as required.

Award courses to which these units may be counted: BE. May include specialist and combined degrees.

ENGG 2005 Engineering Studies C

6 credit points. **Run Dates:** 3 Jan (Tue) to 10 Feb (Fri) 2006. **Timetable:** TBA. **Indicative Fee:** \$2520 (Local) \$2375-\$2772 (International). **Assumed knowledge:** None. **Prerequisites:** Written departmental permission required prior to enrolment. **Assessment:** An individual assessment program will be developed to ensure that the student meets a standard consistent with those of the Faculty of Engineering.

Students who commence their studies in second semester may undertake additional units of study during the summer period to allow them to fit more easily into the BE degree program in the following year. Award courses to which these units may be counted: BE. May include specialist and combined degrees.

ENGG 2008 Engineering Studies A

2 credit points. **Run Dates:** 3 Jan (Tue) to 10 Feb (Fri) 2006. **Timetable:** TBA. **Indicative Fee:** \$840 (Local) \$792-\$924 (International). **Assumed knowledge:** None. **Prerequisites:** Written departmental permission required prior to enrolment. **Assessment:** An individual assessment program will be developed to ensure that the student meets a standard consistent with those of the Faculty of Engineering.

Students who commence their studies in second semester may undertake additional units of study during the summer period to allow them to fit more easily into the BE degree program in the following year. These serve as generic units of study replacing units usually offered during first and/or second semester. These units involve a major project in an area of engineering. The project may be supplemented by directed learning and related assignments as required.

Award courses to which these units may be counted: BE. May include specialist and combined degrees.

Health Sciences

Communication Sciences and Disorders

Undergraduate

CSCD 1024 Linguistics

3 credit points. Available Not For Credit. Open to HSC Graduates. **Lecturer(s):** Dr Linda Hand. **Run Dates:** To be advised. **Timetable:** Mon to Wed 9am-12pm. **Indicative Fee:** \$1221 (Local) \$1050-\$1344 (International). **Assessment:** 2 exams and grammar test.

Designed for Speech Pathology students, this unit covers both formal and functional linguistics and includes a skill component in grammatical analysis. Students will gain understanding of how human language works, both as a structural system and as interactions between people in societies.

Textbooks: Course notes (provided), Fromkin et al (1999) Introduction to Language (4th Aus.ed); Paltridge, (2002)

Making Sense of Discourse Analysis

Award courses to which these units may be counted: See Health Sciences handbook for award course information.

May include specialist and combined degrees.

CSCD 2049 Introductory Clinical 2

3 credit points. **Lecturer(s):** Dr Patricia McCabe. **Run Dates:** 4 Jan (Wed) to 24 Feb (Fri) 2006. **Timetable:** Clinical placement. **Indicative Fee:** \$1221 (Local) \$1050-\$1344 (International). **Assumed knowledge:** None. **Prerequisites:** CSCD 2048, CSCD 2043. **Assessment:** No exam. Mid- and end-session Pass/Fail assessment in Competency Based Occupational Standards for Speech Pathologists.

Students continue in the on-campus clinic, working with two or more child clients generally with articulation/phonological disorders or stuttering or have less complex language disorders. The learning is with the support and supervision of their clinical educator. Students also attend supervisory meetings and group conferences with their clinical educators so that clients receive the best possible treatment and to enhance student learning.

Textbooks: Clinic Handbook and Web site www.fhs.usyd.edu.au/csd/clinic

Award courses to which these units may be counted: See Health Sciences handbook for award course information.

May include specialist and combined degrees.

CSCD 3056 Communication Fieldwork III

4 credit points. **Lecturer(s):** Dr Patricia McCabe. **Run Dates:** 3 Jan (Tue) to 10 Feb (Fri) 2006. **Timetable:** Clinical placement. **Indicative Fee:** \$1628 (Local) \$1400-\$1792 (International). **Assumed knowledge:** None. **Prerequisites:** CSCD 2040, CSCD 2054 or CSCD 2056, CSCD 2042. **Assessment:** Satisfactory completion of required project and a minimum of a satisfactory grade on a behaviour checklist.

Students will participate in a project based placement either within the on-campus clinic or an outside agency. This placement will provide an opportunity to begin to develop skills in professional communication, professional conduct, observation, data management and professional writing.
Textbooks: Communication Fieldwork Handbook 2005

Award courses to which these units may be counted: See Health Sciences handbook for award course information.
May include specialist and combined degrees.

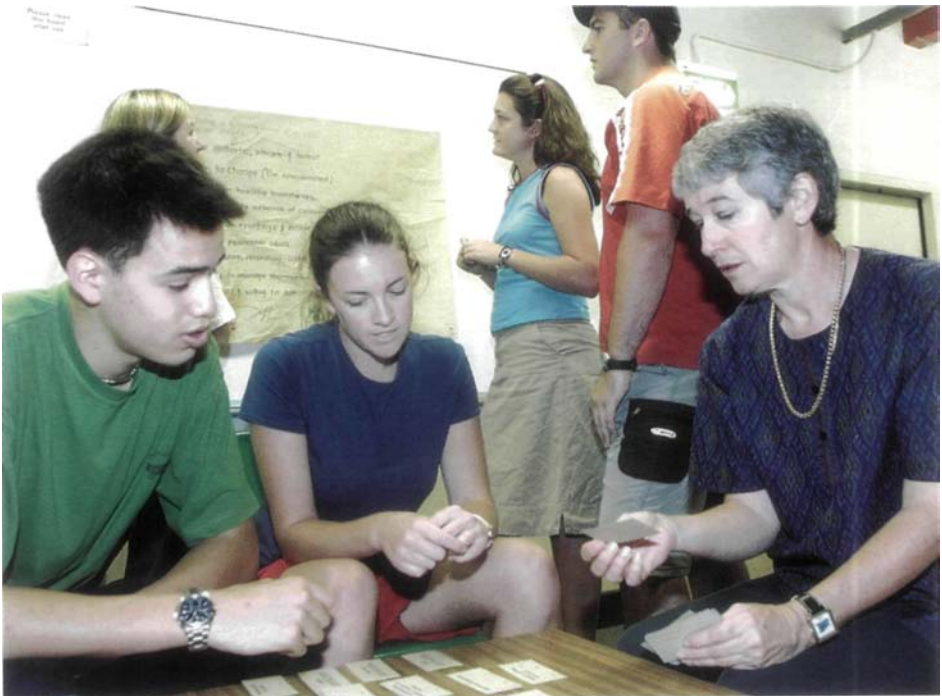

CSCD 3057 Communication Fieldwork IV

8 credit points. **Lecturer(s):** Ms Alison Purcell. **Run Dates:** 3 Jan (Tue) to 10 Feb (Fri) 2006. **Timetable:** Clinical placement. **Indicative Fee:** \$3256 (Local) \$2880-\$3584 (International). **Assumed knowledge:** None. **Prerequisites:** CSCD 3056 or CSCD 3064 or CSCD 3065, CSCD 2046. **Assessment:** Satisfactory completion of required project and a minimum of a satisfactory grade on a behaviour checklist.

Students assume increased responsibility in a project based placement either within the on-campus clinic or an outside agency. This unit of study will provide further opportunity to participate in project management and report writing. Students will also develop skills in the development of a professional portfolio.

Textbooks: Communication Fieldwork Handbook 2005

Award courses to which these units may be counted: See Health Sciences handbook for award course information.
May include specialist and combined degrees.

Law

Undergraduate

LAWS 1002 Contract Law

8 credit points. **Lecturer(s):** Mr Greg Tolhurst. **Run Dates:** 3 Jan (Tue) to 12 Jan (Thu) 2006. **Timetable:** Mon to Fri 9am-5pm. Exam: 6/02/2006. **Indicative Fee:** \$3320 (Local) \$2917-\$3640 (International). **Prerequisites:** Foundations of Law. **Assessment:** Assignment, class participation, exam.

Examines the legal frameworks that regulate various aspects of contractual relations. Contract law has evolved primarily through the courts. This unit is principally based on case materials. Case analysis and problem solving will be the main method of conveying the unit, with some secondary and critical readings. We will focus our class time on working through a series of issues with contracts to raise issues of interpretation, drafting and conflict avoidance and resolution.

Textbooks: Carter & Harland. (2002) Contract Law in Australia (4th edn.)

Award courses to which these units may be counted: LLB. May include specialist and combined degrees.

LAWS 2003 Corporate Law

8 credit points. **Lecturer(s):** Saul Fridman. **Run Dates:** To be advised. **Timetable:** Mon to Thu 9am-5pm. Exam: 30/01/2006. **Indicative Fee:** \$3320 (Local) \$2917-\$3640 (International). **Assessment:** Exam (100%). Compulsory unit in Corporate Law.

Textbooks: Ford's Principles of Corporations Law. Upton & Herzberg; Understanding Company Law/Cases and Materials on Corporations and Associations Law

LAWS 3059 Media Law

8 credit points. **Lecturer(s):** Mr David Rolph. **Run Dates:** 3 Jan (Tue) to 13 Jan (Fri) 2006. **Timetable:** Mon to Fri 9am-4pm. Exam: 10/02/2006. **Indicative Fee:** \$3320 (Local) \$2917-\$3640 (International). **Assumed knowledge:** None. **Prerequisites:** None. **Assessment:** Participation (20%), 1x2000 word problem-based assignment (20%), 1x2hr exam (60%).

In this unit of study, students will examine and analyse a number of important legal and policy issues affecting the freedom of the media and others to collect and publish factual and fictional material in all forms of media. This unit will concentrate on common law and statutory privileges and restrictions on the conduct of the media and other parties engaged in the arts, publication or performance.

Textbooks: Butler & Rodrick. (2004) Australian Media Law (2nd edn.) Law Book Co., Pymont

Award courses to which these units may be counted: LLB. May include specialist and combined degrees.

LAWS 3078 Amicus Litigation Clinic

8 credit points. **Lecturer(s):** Jenni Millbank. **Run Dates:** 3 Jan (Tue) to 19 Feb (Sun) 2006. **Timetable:** Mon, Tue, Wed 9am-2pm. Exam: 28/02/2006. **Indicative Fee:** \$3320 (Local) \$2917-\$3640 (International). **Assumed knowledge:** Open to 4th and 5th year law students only. **Prerequisites:** Must submit an application and be pre-approved by course convenor. **Assessment:** Research brief (50%), affidavit and submissions (40%), Presentation (10%).

Students will devise and run an Amicus Curiae intervention in a case that raises an important issue of principle in a matter of public interest. Students will read materials on, and be trained in, questions around test litigation such as matters of standing and strategy. Case studies on successful and unsuccessful test litigation in Australia and elsewhere will be analysed. Students will be given the task of finding a case that is suitable for an amicus application.

Textbooks: Course materials will be available for collection

LAWS 3101 Banking and Financial Instruments

8 credit points. **Lecturer(s):** A/Prof Roger S Magnussen. **Run Dates:** 3 Jan (Tue) to 2 Feb (Thu) 2006. **Timetable:** Mon, Tue Wed (18 & 25 Jan), Thu (5,12 Jan & 2 Feb) 9am-1pm. Exam: 20/02/2006. **Indicative Fee:** \$3320 (Local) \$2917-\$3640 (International). **Assumed knowledge:** The unit proceeds upon a basic knowledge of equitable and property concepts. Students unsure of whether they meet these requirements may contact A/Prof Roger Magnussen for further information. **Prerequisites:** Completion of units in Contracts, Equity and Property is recommended or contact Lecturer. **Assessment:** Flexible format: 1 optional non-redeemable research essay (40%) and/or 1 optional non-redeemable assignment (30%), 1 x exam (1 or 2 questions) for balance of assessment. Introduces legal regulation and supervision of banks and Authorised Deposit-taking Institutions (ADIs), the legal basis of the relationship between banks, ADIs and their customers, and an overview of the more common rights and duties of the banker/customer relationship. Also introduces negotiable instruments, including cheques and bills of exchange and some of the legal principles regulating debt finance, including fixed and floating charges, guarantees, and recent developments in secured debt. Textbooks: No required texts. Volumes of reading materials will be issued. Recommended review texts include: Everett & McCracken. (2004) Banking & Financial Institutions Law (6th edn.); Tyree (2005) Banking Law in Australia (5th edn.) Butterworths

Award courses to which these units may be counted: LLB. May include specialist and combined degrees.

Biological Sciences, School of

Undergraduate

BIOL 1001 Concepts in Biology

6 credit points. Available Not For Credit. Open to HSC Graduates. **Run Dates:** 3 Jan (Tue) to 21 Feb (Tue) 2006. **Timetable:** Lec: 10am-1pm; Labs: 2-5.30pm. Exam: 21/02/2006. **Indicative Fee:** \$2520 (Local) \$2375-\$2772 (International). **Assumed knowledge:** HSC 2 unit biology. **Assessment:** Summative quizzes, lab report, poster presentation, 1x2.5hr exam.

'Concepts in Biology' is an introduction to the major themes of modern biology. Starting with interactions between organisms in biological communities, we move on to the diversity of microorganisms, plants and animals. This is followed by introductory cell biology and leads into an introduction to molecular biology through the role of DNA in protein synthesis and development. The genetics of organisms is then discussed. It is recommended that this unit of study be taken before all other junior units of study in Biology.

Textbooks: Knox, Ladiges, Evans & Saint (2005) *Biology*. (3rd edn.) McGraw Hill

Award courses to which these units may be counted: BAgREc, BResEc, BLWSc BA, BN, BE, BSc, BMedSc, BPharm. May include specialist and combined degrees.

BIOL 1003 Human Biology

6 credit points. Available Not For Credit. Open to HSC Graduates. **Run Dates:** 4 Jan (Wed) to 20 Feb (Mon) 2006. **Timetable:** Lec 10am-1pm; Labs: 2-5.30pm. Exam: 20/02/2006. **Indicative Fee:** \$2520 (Local) \$2375-\$2772 (International). **Assumed knowledge:** HSC 2 unit biology. **Assessment:** Summative quizzes, laboratory report, poster presentation, 1x2.5hr exam.

'Human Biology' provides an introduction to human evolution and ecology, cell biology, physiology and anatomy. The unit of study includes human nutrition, distribution of essential requirements to and from the cells, control of body functions and defence mechanisms. After discussion of reproduction and development, it concludes with some controversial aspects of human genetics. It is recommended that Concepts in Biology be taken before this unit of study.

Textbooks: Seeley, Stephens & Tate (2005) *Essentials of Anatomy and Physiology*. (5th edn.) McGraw Hill; Benjamin, Garnab & Funston et al. (2000) *Human Biology*. McGraw Hill (Chapters 19-22)

Award courses to which these units may be counted: BAgREc, BResEc, BLWSc BA, BN, BE, BSc, BMedSc, BPharm. May include specialist and combined degrees.

History and Philosophy of Science, unit for

HPSC 2101 Introduction to the Philosophy of Science: What is this thing called Science?

6 credit points. **Lecturer(s):** Jane Johnson. **Run Dates:** 3 Jan (Tue) to 9 Feb (Thu) 2006. **Timetable:** Lec: Tue, Wed, Thu 10am-12pm; Tut: Tue 1-2pm, Wed 11am-12pm. Exam: 14/02/2006. **Indicative Fee:** \$1986 (Local) \$1538-\$2142 (International). **Prerequisites:** 24 credit points of Junior units of study. **Assessment:** Short essays, tutorial work, tests.

Philosophers of science aim to define what distinguishes creationism from evolutionary theory, or astrology from astronomy, if anything? They give reasons why we can believe that today's theories are improvements cover those that preceded them and how we know that what we see and do in scientific practice reflects the nature of reality. This course critically examines the most important attempts to define the scientific method, drawing a line dividing science from non-science.

Textbooks: Alan Chalmers, *What is the thing called Science?* 3rd edn. St Lucia, QLD: QUP

Award courses to which these units may be counted: BSc. May include specialist and combined degrees.

Chemistry, School of

Undergraduate

CHEM 1101 Chemistry 1A

6 credit points. Available Not For Credit. Open to HSC Graduates. **Lecturer(s):** Dr Adrian V George. **Run Dates:** 3 Jan (Tue) to 17 Feb (Fri) 2006. **Timetable:** Lec: Tue, Thu 9am-1pm; Tut: Tue, Thu 2-5pm. Exam: 16/02/2006. **Indicative Fee:** \$2520 (Local) \$2375-\$2772 (International). **Assumed knowledge:** HSC Chemistry. **Assessment:** Exam (75%), lab (10%), tut quizzes (15%).

This unit of study offers students an integrated approach to the composition of matter, the shapes of molecules, and the physical and chemical processes that occur in chemistry. The emphasis is on the molecular basis of materials and transformations relevant to everyday experience. The concepts covered in lectures will be illustrated by work conducted in the laboratories.

Textbooks: Silberberg, M. Chemistry. The Molecular Nature of Matter and Change (3rd edn.) McGraw Hill

Award courses to which these units may be counted: BResEc, BLWSc BA, BN, BE, BSc, BMedSc, BPharm. May include specialist and combined degrees.

CHEM 1102 Chemistry 1B

6 credit points. Available Not For Credit. Open to HSC Graduates. **Lecturer(s):** Dr Adrian V George. **Run Dates:** 4 Jan (Wed) to 17 Feb (Fri) 2006. **Timetable:** Lec: Mon, Wed 9am-1pm; Tut: Mon, Wed 2-5pm. Exam: 16/02/2006. **Indicative Fee:** \$2520 (Local) \$2375-\$2772 (International). **Assumed knowledge:** HSC Chemistry. **Prerequisites:** CHEM 1101 or equivalent. **Assessment:** Exam (75%), lab (10%), tut quizzes (15%).

This unit of study extends some of the concepts taught in CHEM 1101 with the emphasis on inorganic and organic chemistry. The concepts covered in lectures will be illustrated by work conducted in the laboratories.

Textbooks: Silberberg, M. Chemistry. The Molecular Nature of Matter and Change (3rd edn.) McGraw Hill; McMurry. Fundamentals of Organic Chemistry (5th edn.) Brooks Cole

Award courses to which these units may be counted: BResEc, BLWSc BA, BN, BE, BSc, BMedSc, BPharm. May include specialist and combined degrees.

Information Technologies, School of

Undergraduate

INFO 2110 Systems Analysis and Modelling

6 credit points. **Lecturer(s):** Mr Deder Mendez. **Run Dates:** 3 Jan (Tue) to 9 Feb (Thu) 2006. **Timetable:** Tue 2-5pm, Wed, Thu 10am-1pm. Exam: 15/02/2006. **Indicative Fee:** \$2520 (Local) \$2375-\$2772 (International). **Prerequisites:** ISYS 1003 or INFS 1000 or SOFT(1001 or 1901) or COMP(1001 or 1901) or INFO 1000 or INFO 1003 or 6 credit points of COSC; Prohibition: INFO(2000 or 2810 or 2900). **Assessment:** 1x2hr exam, 2 assignments, 2 tut papers.

A comprehensive introduction to the analysis of complex systems, and the representation of models of the system in widely-understood notations. Roles of systems analyst plays is addressed. Methodologies, models, tools and techniques is covered. Major topics include requirements elicitation and representation, data models, process models, and project planning. Traditional structured approach and conceptual data modelling is covered such as Entity-Relationship Diagram (ERDs), object-oriented approach, sequence diagrams, collaboration diagrams, and statechart diagrams expressed in UML. Award courses to which these units may be counted: Refer to your Faculty. May include specialist and combined degrees.

SOFT 1002 Software Development 2

6 credit points. **Lecturer(s):** Mr Boon Ooi. **Run Dates:** 3 Jan (Tue) to 10 Feb (Fri) 2006. **Timetable:** Lec: Tue, Thu 9am-12pm; Tut: Wed, Fri 2-5pm. Exam: 16/02/2006. **Indicative Fee:** \$2520 (Local) \$2375-\$2772 (International). **Prerequisites:** SOFT 1001 or 1901 or COMP 1001 or 1901. **Assessment:** Written and practical assignments, quizzes, 1x2hr exam.

This unit extends the students' software development skills, including advanced features of Java programming such as inheritance and recursion. It deals with important issues in using library classes to manage collections of similar objects. It also provides students with experience in design; that is, in choosing which classes to write to respond to a user's demands. Design in group work raises special issues of dealing with conflict and misunderstanding between group members.

Textbooks: Horstmann,C. (2002). Big Java. Wiley Press; SOFT 1002 Resource Book

Award courses to which these units may be counted: BDesComp, BA, BCom, BE, BSc, BMedSc, BPharm. May include specialist and combined degrees.

SOFT 2130 Software Construction I

6 credit points. **Lecturer(s):** Mr Colin Jones. **Run Dates:** 3 Jan (Tue) to 9 Feb (Thu) 2006. **Timetable:** Lec: Tue, Thu 9-11am; Tut: Tue, Thu 11am-1pm. Exam: 15/02/2006. **Indicative Fee:** \$2520 (Local) \$2375-\$2772 (International). **Prerequisites:** SOFT(1002 or 1902) OR COMP(1002 or 1902); Prohibition: COMP(2004 or 2904) or SOFT(2001 or 2004 or 2830). **Assessment:** Programming assignments, in-lab quizzes, 1x2hr written exam. Elementary methods for developing robust, efficient, and re-usable software is covered, taught in C, in a Unix environment. Topics include memory management, the pragmatic aspects of implementing data structures and managing concurrent threads. Debugging tools and techniques are discussed. Taught from a practical engineering viewpoint, a considerable amount of programming practice, using existing tools such as building blocks is included. Professionalism, intellectual property and employment issues relevant to careers in software development is discussed.

Award courses to which these units may be counted: Refer to your Faculty. May include specialist and combined degrees.

Postgraduate

COMP 5028 Object Oriented Analysis and Design

6 credit points. **Run Dates:** 3 Jan (Tue) to 8 Feb (Wed) 2006. **Timetable:** Lec: Tue, Wed 2-4pm; Tut: Tue, Wed 4-5pm. Exam: 15/02/2006. **Indicative Fee:** \$2190 (Local) \$2375-\$2790 (International). **Assumed knowledge:** Undergraduate computing subjects including programming. **Prerequisites:** Completed undergraduate degree. **Assessment:** Assignments, written exam.

Principles of modeling of Rational Unified Process and agile processes using Unified Modeling Language (UML), is covered. Students will experience the process of object-oriented analysis, architectural design, object-oriented design, implementation and testing by building a real-world

application. In this unit students will develop the ability to identify how the system interacts with its environment; write the interfaces of each object and exception handling; implement and test the objects; read and write various UML diagrams.

Award courses to which these units may be counted: Refer to Faculty. May include specialist and combined degrees.

COMP 5116 Internet Protocols

6 credit points. **Run Dates:** 3 Jan (Tue) to 8 Feb (Wed) 2006. **Timetable:** Lec: Tue, Wed 2-4pm; Tut: Tue, Wed 2-4pm. Exam: 14/02/2006. **Indicative Fee:** \$2190 (Local) \$2375-\$2790 (International). **Assumed knowledge:** Undergraduate computing subjects including programming. **Prerequisites:** Completed undergraduate degree. **Assessment:** Assignments, written exam.

This unit covers the structure and algorithms used in the TCP/IP networking protocols that make up the foundation of the Internet. Architectural insight into design and analyse protocols in the perspective of their intended use is covered. On completion of this unit students will develop an understanding of the layered model, the core protocols, the routing protocols, the link layer and the various tools for traffic and protocol analysis.

Award courses to which these units may be counted: Grad.Dip.Comp., Grad.Cert. I.T, Grad.Cert.Appl.I.T. May include specialist and combined degrees.

COMP 5138 Relational Database Management Systems

6 credit points. **Lecturer(s):** Dr Jonathan Gray. **Run Dates:** 5 Jan (Thu) to 10 Feb (Fri) 2006. **Timetable:** Lec: Thu, Fri 2-4pm; Tut: Thu, Fri 4-5pm. Exam: 16/02/2006. **Indicative Fee:** \$2190 (Local) \$2375-\$2790 (International). **Assumed knowledge:** Undergraduate computing subjects including programming. **Prerequisites:** Completed undergraduate degree. **Assessment:** Assignments, written exam.

This is a comprehensive conceptual and practical introduction to managing large relational databases. Relational and normalization theory will be emphasized, with a focus on relational query language (SQL) using Oracle RDBMS. Objectives of this unit include an understanding of the foundations, theory and applications of database management, relational query processing and optimization. Theory of database systems is covered, students will create robust relational database designs. Critical issues and key emerging in database management is examined.

Award courses to which these units may be counted: Grad.Cert. I.T, Grad.Cert.Appl.I.T. May include specialist and combined degrees.

Mathematics and Statistics

Undergraduate

MATH 1001 Differential Calculus

3 credit points. Open to HSC Graduates. **Run Dates:** 3 Jan (Tue) to 8 Feb (Wed) 2006. **Timetable:** Lec: Tue, Wed 11am-1pm; Tut: Tue, Wed 10-11am. Exam: 14/02/2006. **Indicative Fee:** \$1260 (Local) \$1188-\$1386 (International). **Assumed knowledge:** HSC Mathematics Extension 1. **Prerequisites:** Prohibition: MATH 1901 or MATH 1011 or MATH 1906. **Assessment:** 1x1.5hr exam, assigned work.

Provides a thorough preparation for further study in mathematics and statistics. This unit looks at complex numbers, functions of a single variable, limits and continuity, Taylor's theorem, vector functions and functions of two variables. Differential calculus is extended to functions of two variables. Textbooks: S Britton, S., Mathas, A & M Myerscough. Lecture Notes for MATH 1001. School of Mathematics and Statistics, University of Sydney, 2003

Award courses to which these units may be counted: BResEc, BA, BCom, BE, BSc, BMedSc. May include specialist and combined degrees.

MATH 1002 Linear Algebra

3 credit points. Open to HSC Graduates. **Run Dates:** 4 Jan (Wed) to 9 Feb (Thu) 2006. **Timetable:** Lec: Wed, Thu 3-5pm, 27 Jan 3-5pm; Tut: Wed, Thu 2-3pm, 27 Jan 2-3pm. Exam: 16/02/2006. **Indicative Fee:** \$1260 (Local) \$1188-\$1386 (International). **Assumed knowledge:** HSC Mathematics Extension 1. **Prerequisites:** Prohibition: MATH 1902 or MATH 1012. **Assessment:** 1x1.5hr exam, assigned work.

Provides a thorough preparation for further study in mathematics and statistics. It is a core unit of study providing three of the twelve credit points required by the Faculty of Science as well as a Junior level requirement in the Faculty of Engineering. This unit of study introduces vectors and vector algebra, linear algebra including matrices, determinants, eigenvalues and eigenvectors.

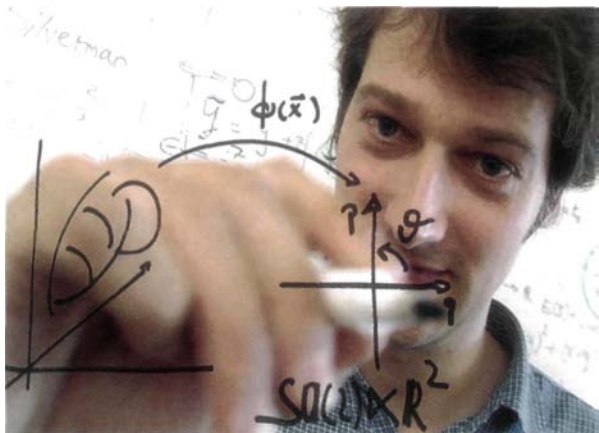

Textbooks: C J Durrant, C.J. (2000) Lecture Notes for MATH 1002/1902: Vectors. School of Mathematics and Statistics, University of Sydney; Henderson, J., Howlett, R et al. (2000) Lecture Notes for MATH 1002/1902: Linear Algebra. School of Mathematics and Statistics, University of Sydney

Award courses to which these units may be counted: BResEc, BA, BCom, BE, BSc, BMedSc. May include specialist and combined degrees.

MATH 1003 Integral Calculus and Modelling

3 credit points. Open to HSC Graduates. **Run Dates:** 3 Jan (Tue) to 7 Feb (Tue) 2006. **Timetable:** Lec: Mon, Tue 3-5pm, Fri 6 Jan 3-5pm; Tut: Mon, Tue 2-3pm, Fri 6 Jan 2-3pm. Exam: 14/02/2006. **Indicative Fee:** \$1260 (Local) \$1188-\$1386 (International). **Assumed knowledge:** HSC Mathematics Extension 2 OR MATH 1001 or MATH 1901. **Prerequisites:** Prohibition: MATH 1903 or MATH 1013 or MATH 1907. **Assessment:** 1x1.5hr exam, assigned work.

Provides a thorough preparation for further study in mathematics and statistics. This unit first develops the idea of the definite integral from Riemann sums, leading to the Fundamental Theorem of Calculus.

Various forms of integration are considered, such as integration by parts. The unit continues with an introduction to the use of first and second order differential equations to model a variety of scientific phenomena.

Textbooks: O'Brian, N.R., Durrant, C.J & Galloway D.J. Integral Calculus and Modelling. School of Mathematics and Statistics, University of Sydney

Award courses to which these units may be counted: BResEc, BA, BCom, BE, BSc, BMedSc. May include specialist and combined degrees.

MATH 1004 Discrete Mathematics

3 credit points. Open to HSC Graduates. **Run Dates:** 5 Jan (Thu) to 10 Feb (Fri) 2006. **Timetable:** Lec: Thu, Fri 11am-1pm, Mon 9 Jan 3-5pm; Tut: Thu, Fri 10-11am, Mon 9 Jan 2-3pm. Exam: 16/02/2006. **Indicative Fee:** \$1260 (Local) \$1188-\$1386 (International). **Assumed knowledge:** HSC Mathematics Extension 1.

Prerequisites: Prohibition: MATH 1904 or MATH 2011. **Assessment:** 1x1.5hr exam, assigned work.

Provides a thorough preparation for further study in mathematics and statistics. This unit provides an introduction to fundamental aspects of discrete mathematics, which deals with 'things that come in chunks that can be counted'. Topics include sets and functions, counting principles, Boolean expressions, elementary logic, mathematical induction, generating functions, linear recurrence relations and graphs and trees.

Textbooks: Choo, KG & Taylor, D.E. (1995) Introduction to Discrete Mathematics. Longman Cheshire, Australia

Award courses to which these units may be counted: BResEc, BA, BCom, BE, BSc, BMedSc. May include specialist and combined degrees.

MATH 1005 Statistics

3 credit points. Open to HSC Graduates. **Run Dates:** 5 Jan (Thu) to 10 Feb (Fri) 2006. **Timetable:** Lec: Thu, Fri 11am-1pm, Mon 9 Jan 11am-1pm; Tut: Thu, Fri 10-11am, Mon 9 Jan 10-11am. Exam: 16/02/2006. **Indicative Fee:** \$1260 (Local) \$1188-\$1386 (International). **Assumed knowledge:** HSC Mathematics. **Prerequisites:**

Prohibition: MATH 1905 or MATH 1015. **Assessment:** 1x1.5hr exam, assigned work.

Provides a thorough preparation for further study in mathematics and statistics. This unit offers a comprehensive introduction to data analysis, probability, sampling, and inference, including t-tests, confidence intervals and chi-squared goodness of fit tests.

Textbooks: Phipps, M.C & Quine MR (2001) A Primer of Statistics (4th edn.) Prentice Hall, Australia

Award courses to which these units may be counted: BResEc, BA, BCom, BE, BSc, BMedSc. May include specialist and combined degrees.

MATH 1011 Life Sciences Calculus

3 credit points. Open to HSC Graduates. **Run Dates:** 3 Jan (Tue) to 8 Feb (Wed) 2006. **Timetable:** Lec: Mon, Tue 3-5pm; Tut: Mon, Tue 2-3pm. Exam: 14/02/2006. **Indicative Fee:** \$1260 (Local) \$1188-\$1386 (International). **Assumed knowledge:** HSC Mathematics. **Prerequisites:** Prohibition: MATH 1901 or MATH 1001 or MATH 1906. **Assessment:** 1x1.5hr exam, assigned work.

This unit is designed to provide calculus for students of the life sciences who do not intend to take higher year mathematics and statistics. It covers the fitting of data to polynomials; exponential and periodic functions; change of scale; finite differences; calculus and optimisation problems; ordinary and partial derivatives; summation; definite integrals; multiple integrals.

Textbooks: Course Notes for Life Sciences Calculus. School of Mathematics and Statistics, University of Sydney

Award courses to which these units may be counted: BResEc, BA, BCom, BE, BSc, BMedSc. May include specialist and combined degrees.

MATH 2061 Linear Mathematics and Vector Calculus

6 credit points. Open to HSC Graduates. **Run Dates:** 3 Jan (Tue) to 9 Feb (Thu) 2006. **Timetable:** Lec: Tue 11am-1pm, Wed 10-11am & 3-5pm, Thu 10-11am, Fri 27 Jan 3-4pm; Tut: Tue 10am-11am, Wed 2-3pm, Fri 27 Jan 4-5pm. Practice class: Wed 11am-12pm, Thu 11am-12pm. Exam: 15/02/2006. **Indicative Fee:** \$2520 (Local) \$2375-\$2772 (International). **Assumed knowledge:** MATH 1001 or MATH 1901 or MATH 1906 and MATH 1002 or MATH 1902 and MATH 1003 or MATH 1903 or MATH 1907. **Prerequisites:** Prohibition: MATH 2001 or MATH 2901 or MATH 2002 or MATH 2902 or MATH 2961. **Assessment:** 2x1.5hr exams, assigned work.

The two components of this unit will be run in parallel. The Linear Mathematics component extends and develops the linear algebra begun at Junior level. The vector calculus component applies and extends the differential and integral calculus to vector valued functions of one, two and three variables.

Textbooks: Henderson, J. Lecture Notes for MATH 2061 Linear Mathematics. School of Mathematics and Statistics, University of Sydney; Choo, KG & Britton, S. Lecture Notes for MATH 2061 and MATH 2067 Vector Calculus.

School of Mathematics and Statistics, University of Sydney

Award courses to which these units may be counted: BE. May include specialist and combined degrees.

MATH 2067 Differential Equations and Vector Calculus for Engineers

6 credit points. **Run Dates:** 3 Jan (Tue) to 9 Feb (Thu) 2006. **Timetable:** Lec: Tue 11am-1pm, Wed 10-11am & 3-5pm, Thu 10-11am, Fri 27 Jan 3-4pm; Tut: Tue 10am-11am, Wed 2-3pm, Fri 27 Jan 4-5pm. Practice class: Wed 11am-12pm, Thu 11am-12pm. Exam: 15/02/2006. **Indicative Fee:** \$2520 (Local) \$2375-\$2772 (International). **Assumed knowledge:** (MATH 1001 or MATH 1901 or MATH 1906) and (MATH 1002 or MATH 1902) and (MATH 1003 or MATH 1903 or MATH 1907). **Prerequisites:** Prohibition: MATH 2001 or MATH 2901 or MATH 2005 or MATH 2905 or MATH 2061 or MATH 2961. **Assessment:** 2x1.5hr exams, assigned work. The two components of this unit for Engineering students will be run in parallel. The differential equations component introduces basic techniques for the solution of ordinary and partial differential equations. The vector calculus component applies and extends the differential and integral calculus to vector valued functions of one, two and three variables. Textbooks: James, R.W. Lecture Notes for MATH 2067 Differential Equations. School of Mathematics and Statistics, University of Sydney. Choo, K.G & Britton, S. Lecture Notes for MATH 2061 and MATH 2067 Vector Calculus. School of Mathematics and Statistics, University of Sydney Award courses to which these units may be counted: BE. May include specialist and combined degrees.

Psychology

Undergraduate

PSYC 1001 Psychology 1001

6 credit points. Available Not For Credit. **Lecturer(s):** Ms Sadhana Raju. **Run Dates:** 3 Jan (Tue) to 17 Feb (Fri) 2006. **Timetable:** Lec: Mon, Wed, Fri 10am-12pm; Tut: Mon, Wed, 1-2pm. **Indicative Fee:** \$2364 (Local) \$2375-\$2772 (International). **Prerequisites:** Approval from Head of School is required if students wish to enrol in both PSYC 1001 and PSYC 1002. **Assessment:** Tutorial quizzes, essay, exam, optional research participation. Psychology 1001 is an introduction to some of the main topics and methods of psychology, and is the basis for advanced work as well as being of interest to those not proceeding with the subject. Psychology 1001 covers the following areas: behavioural neuroscience, social psychology, personality theory, sensory processes, basic statistics and measurement, subject matter and methods of psychology. A tutorial program involving group activities, discussions, videos and interactive computer demonstrations complements the lecture series. Textbooks: Gray, R (2002) Psychology. (5th edn.). NY, Worth Publishers; Burton, L (2002). An Interactive Approach to Writing Essays and Research Reports in Psychology. Milton QLD, John Wiley & Sons Award courses to which these units may be counted: BA, BE, BEc(SocSc), BSc, BMedSc, BPsych. May include specialist and combined degrees.

PSYC 1002 Psychology 1002

6 credit points. Available Not For Credit. **Lecturer(s):** Ms Sadhana Raju. **Run Dates:** 3 Jan (Tue) to 17 Feb (Fri) 2006. **Timetable:** Lec: Tue, Thu 10am-12pm; Fri 1-3pm; Tut: Tue, Thu 1-2pm. **Indicative Fee:** \$2364 (Local) \$2375-\$2772 (International). **Prerequisites:** Approval from Head of School is required if students wish to enrol in both PSYC 1001 and PSYC 1002. **Assessment:** Tutorial quizzes, experimental report, exam, optional research participation. Psychology 1002 is an introduction to some of the main topics and methods of psychology, and is the basis for advanced work as well as being of interest to those not proceeding with the subject. Psychology 1002 covers the following areas: human development, human mental abilities, learning, motivation and abnormal psychology, visual perception, cognitive processes. A tutorial program involving group activities, discussions, videos and interactive computer demonstrations complements the lecture series. Textbooks: Gray, R (2002) Psychology. (5th edn.) NY, Worth Publishers; Burton, L, (2002) An Interactive Approach to Writing Essays and Research Reports in Psychology. Milton QLD, John Wiley & Sons Award courses to which these units may be counted: BA, BE, BEc(SocSc), BSc, BMedSc, BPsych. May include specialist and combined degrees.
