Jerusalem's Language school

Student: Lulu Liao
SID: 308138481
Block name: F2

The main idea came from the language school itself, which there are three languages in Jerusalem-ENGLISH, HEBREW, ARABIC. These shape the building. Then comes to the materials, the traditional stones and stainless steels, glass, and other modern materials work together, create a conflict between the past and the future, however in the same time, those elements holding an unseparated relationship.
