

Medina History Library

Site Ref F16

Juan YUAN
SID 310007763

The Medina history library focuses on the history and changes of the Medina. It offers a place for both travelers and people living there to know more about the Medina and the country Tunisia. For the purpose of making the building more convenient, a bookshop and a cafe was designed on the ground and first floor separately. As a result, people could enjoy the coffee while reading books. There is also an open-air area on the first floor offers fresh-air.
